The Rev. Chas. Sidney Burke
Lock Box 59
Franklin, Va.

My dear Mr. Burke:

Thanks very much for your wonderful letter, and I was happy indeed to hear from you and glad to know that this Teaching appeals to you so much.

Regarding your wife, you will recall in the Bible, although I very seldom read it, you will recall the man having the wither hand. He walked up the Master, and Christ looked at him and said "What do you want," or in other words, "What wilt thou have me to do." The man told him that he wanted his withered arm restored, and then note the remarkableness of the statement of Christ. He just simply asked that man to stretch forth his hand. In other words, he asked him to do something which he had never been able to do before, or he thought he had never been able to do before, and with the attempt to obey came the cure. The same thing is abundantly possible with your wife, my friend. I sit here at my desk all day, week in and week out, month in and month out and have thousands and tens of thousands of cases who write to me and tell me what the Power of the great God-Realm has done in every conceivable type of disease from cancer on down. It isn't a case of whether the Realm of God can do it, it is a case of whether we will believe that it can or not.

Somewhere in the Bible is a statement that reads something like this, "When the son of man cometh, shall he find faith on the earth?" I question very much whether he will. Certainly he wouldn't have found it until this Movement started, and it so happens that this Movement, believe it or not, is the one religious Movement on the face of the

earth which actually believes God and which is actually able to manifest the Power of God on this earth.

If you can grasp what I am saying to you now, you can place your hand on the head of that good wife and through the Power of the Living God can order whatever disease there is there to leave, and the Power of the Living God will see that it does, simply because the disease cannot exist where the life-giving Power of God is thrown against it.

No, I shall not pray. I never pray. Instead of praying, I keep absolutely quiet and let the Power of the Realm of the Spirit of God manifest itself to me. I am too little a man to ever attempt to insult God by asking him for any single thing. That isn't prayer. That isn't the way God operates. He knows what is necessary better than we do and already has provided the answer. Now, it is up to us poor unbelieving creatures down here to manifest faith even as a grain of mustard seed. Although I don't know you, I just trust that you are man enough to do that.

When the little boat was storm tossed on the lake, they woke the great Christ of Nazareth and told him that the ship was going to sink and that they were all going to perish, and then note his reply, "Where is YOUR faith?" In other words, he told them that their faith could still the tempest just as well as his could.

The only thing I am sorry is that it will be three or four days before the stenographers get around to transcribing this letter. You will understand that I get in my study early in the morning and work all day and sometimes half the night answering hundreds and hundreds of letters, and at the present time the machines are absolutely loaded and have several thousand letters ahead of them. But I think the girls will get to it inside of three or four days, and then you will get the answer, and I will instruct them to send the answer off airmail.

I will not publish your name in the magazine.

May the Spirit of Infinite Peace and Power abide with you forever.

Sincerely your friend and teacher,

FRANK B. ROBINSON

my dear Dr. Robinson:

First of all I want to say "my God bless you."
I have read your teachings in 1-2 & 3 lessons
and I am now to start on my fourth one
that I received today. May I say I
have done my best thus far. I am a Baptist
minister pastoring here in the city, a small
church of course. but I am frank to say
to you your teachings have confirmed more
solidly my former beliefs, with a field of
new matter and reality of thing I never dreamed
of. You are wonderful and God shall continue
to bless you, that He may bless thousands

through you and your teachings.

Please believe me when I say to you
that I do regret I was so long contacting you.

2
Now Doctor on the 13th Inst. when I get
my salary I shall send you at least \$300,
please hear with me. I have had it so
hard; my wife was operated on. her left
breast was taken off. They treated her
before the operation also since, on yesterday
the 3 of this month I took her back to Norfolk
the doctor that gave the radium treatments
also the one that performed the operation, told
me she would hardly live another year! I don't
know what to do I am almost crazy. seemingly.

This afternoon she came into my room,
I told her, as I finished reading 12 pages of
my 4th lesson, that I had a new feeling
altogether, and that I believed in the Power
of the Living God and you. And that I would
write you about her condition. etc. she smiled
and said she believed too. Doctor she is worthy
being saved. she is the person I prayed
for God gave her to me. So please by
the Power of the God Law Help her
she is a saintly loyal wife and very

3
faithful to me. Although she is able to
do light work for me, and looks like the
Picture of health, but the doctors are keeping
her doped that she may not suffer, waiting
for the end. But as I can almost feel
the very presence of some power now
I do believe that you are going to pray
and the God flow is and shall cure
her as it has others do pray for her.

Doctor as truly as I am writing to you
this night at 12 ⁴³ A.M I only believe that
the God Law is the only thing to save my
wife, since the operation other small cancers
or tumors 4 or 5 on the left shoulder near her
neck and an area about the size of one's
hand on the left side about mid body, also the
place where the breast was taken of is worrying
her she failed to sleep until they gave her anti-
-pain capsules yesterday. Will you please let me
hear from you? I feel better now since I have
written her condition tonight. Now I find that
I have more ease of mind in my Church work than

4
since studying your lessons. then I have
for the past 4 or 5 years, during which time
I lost my fine city work and am now in
a small town with a population of less than
8,000 and only with only about a 3rd or 4th
class church, but by the God Law I mean to
overcome, after my dear wife recovers. I believe
she will by the Power of the God Law Doctor
I am trusting absolutely nothing but the God
Law and you Please don't fail me. I
shall never betray my trust. Even though
I am all in debt my creditors now are very
nice to me. On the 15th Inst I send you at
least \$3.00 to catch up. I might ask that
my name not be published just now.

I beg to remain your student

P.S.

I send you my photo as per request, in my next letter.

The longing within my soul has never been satisfied. I continued in the darkness alone until "Psychians." Though you came to me, I can even preach with a better understanding of what God is for I am abundantly satisfied my self. "You are God's Moses to me". For you brought me out of my Egypt. (smiles) by my or the old teachings.
