Psychiana, Moscow Idaho.

Dear Sir:

I want Dr. Robinson to know that my thoughts are in perfect accord with the teachings of Psychiana.

Many years ago, I was freed of much traditional superstition connected with the Methodist Church, but I consider the greatest spiritual ^{strength} that I have experienced has come through Psychiana, and I am thoroughly convinced that within the last few months God ~~has~~ manifested his power in and through my life many times - the greatest heritage one can possess.

It is my pleasure to add another small contribution to the cause - wish it could be much larger and wish for the work, continued and added success.

My check for \$5⁰⁰ is herewith enclosed.

Most sincerely

P.S. I have just finished the first reading of lesson 18, and consider it a masterful work of literature. D.B.
