My dear Friend and Student:

Thanks for remittance, and brave report, for you already know just as well as we do that the same God who created you can take care of you, and will do just this thing if you recognize His omnipotent, helpful, healing, loving Presence and let that be the controlling impulse of your very life.

Do your best--with yourself, with your folks, with your friends, with your associates, and with all others who know you, believe in you, who will cooperate with you, or say a good word for you.

Count on us to help spiritually. Plan now to expect and report complete victory. Never give up, and let us know as the new hope and better days continue to come your way.

Sincerely your friend and teacher,
