My dear Mrs. Miner,

Thank you for your good letter of recent date. It was good to hear from you.

If you know how many people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

April 20-48.

Dear Mr. Robinson - I want to thank you for probably saving the life of my son-in-law William C. Jedy, of Englewood, 2194 S. South Franklin street, Colorado. He had been very ill for some time. They had some of the best doctors in Denver. But he seemed to get worse, from day to day. My daughter was in despair. I wrote her about you and your teaching and she your book, 'Keys of Spiritual Truth' and the twenty third lesson of 'The New Psychinia.' They began to read and study on same night away. She was so interested and decided you really could help her husband. She wrote you to help. And she said in a few days, her husband was able to be up and around. Even talked of trying to run the lawn mower. And he is continuing to improve. She says, 'Mamma's religion has done Bill more good than all of those doctors.' I told her in my letter today to give the credit to you and to God. I have a brother who had been in very poor health for many years. I sent him your little book, 'Pathway to God' about two years ago. He was to see me about three weeks ago. over

He is now in quite good health. Has completed a house with full baument. For one of his sons. And is now building a home for himself and his wife. He looks fine. And says he feels good. And he gives all credit to the little book I sent him. Some one sent me one of your lessons in war time. I was so busy. So just put it aside, until I had more time. One day I started to read it. It was so different. It was hard to believe, at first. Then in about two weeks. I dicided here was something really worth while. So I sent for all of your books and your first course of lessons. I have, three sets of lessons. I gave the 'Pathway to God' to my bother. I have sent you a lot of names of people at different times. But they seem to be afraid of your teaching or something. Guess most of their preachers are against it. Or something. I used to think preachers were a good influence. But I am afraid I have changed my mind. I rate you along with Jesus. Your lessons have done me more good, than all the other religion I know any thing about. And I thank you with all my heart. I am sixty nine years old and feel fine. God and I make a real team on this big farm. We are gardeners in every thing from morning to night. I owe it all to you. Yours truly Rosa J. Miner.
