My dear Mrs. Spafford:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

My dear Mrs. Spafford,

Thank you for your good letter of recent date. It was good to hear from you.

I suggest that if you have an affliction, you consult the best physician you can find and follow his advice. The Power of Almighty God works through the illumate mind of a medical man, just as it works without it. If the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power. Remember that The Spirit of God is sustaining you and will not fail you.

Rest assured we will do all we can spiritually.

Cordially yours,

Alfred B. Robinson

Dear Mr. Robinson, please excuse my writing on the reverse of your letter but I do so that you will know to what I am referring.

The reason I am writing and sending you the enclosed leaf from a magazine is to enlighten you on a healing science that is so much more advanced and in keeping with the Living God Law and nature. Of course you may be acquainted with it, but you used the word "Medical Man" and I took it for granted you didn't know how much closer the chiropractor is to God and nature but this clipping will give you an inkling.

In the October Chiropractic Home Magazine there is an article by Dr. R. C. Robinson, and quite a coincidence, and I quote; we have attended Church and prayed for peace; but, like the prayer before the crucifixion of Christ, the powers that be did not choose to let the cup pass; so, we had another war. This indicates there is something with our scheme of conduction - the business of living peacefully together. Unquote. These are ^{just} excerpts taken at random from the article; again I quote. The average book on philosophy plays around with the subject of God in man's relation to Him, and leaves the reader in the dark still hungry for some ~~the~~ truth that he can take comfort in, and to which he can cling for spiritual strength. Every religion has

its prophet, but neither ~~of~~ can give any evidence that the God of his faith is in existence, except in his faith, or in accord with some record that he regards as true & sacred. He says, quote, all men agree man is born of woman, that he grows to manhood & if nothing hinders, lives a span of life and dies. He also says "Life is God" (also) man's greatest opportunity for development and also his greatest responsibility to his maker is to give conscientious thought to making his body a fit dwelling place for the spirit of Life-God. Now let us view Life in the body as God - the spirit that connects the Human being with his Creator, and view the brain as the receiver of Life and the dispenser of its power to the cells composing the body.

So you see Alfred why I am so faithfull to the "Chiropractic Science" and a booster of same at every opportunity, may "The Spirit of God" make whatever changes are necessary that this drugless healing may be given the "unhindered privilege" the Medical Professors and Druggists have and may the money that is being squandered for medical research be reconverted to this use instead.

You may subscribe to this wonderful Magazine, The Chiropractic Home, P.O. Box 1144, Harrisburg, Pa. 1yr \$2. Thanks for taking up your time. And please give a spiritual thought to this cause, also for Dr. Phillips, Elion, N. Y. Dr. Ray Allen, and Dr. L. H. Hamlin of this city.

They are our Doctors and you may be
more help to us thru them than you
will be aware of.

Sincerely,
Mildred Spafford,
