ANNOUNCER: 1 You.....are about to begin a journey....a wonderful
2 adventure. But all must be quiet and peaceful -
3 your thoughts at rest. Just for a moment, let
4 this transcribed program call to your mind --- a
5 picture. Think of those simple, beautiful birds
6 which at signs of spring, fly to the golden grain fields
7 way up North....the wild geese. What governs that
8 flight....what mighty power keeps those graceful
9 creatures from going astray? Down deep inside,
10 YOU KNOW. It is an immutable, unchanging LAW that
11 CANNOT misdirect. It is a GOD LAW. Soon you will
12 hear the actual voice of the noted psychologist and
13 great leader, Dr. Frank B. Robinson, who has
14 applied the truths of this GOD LAW to his own life
15 for the accumulation of everything in the world he
16 wanted. Dr. Robinson has already shared these
17 truths with an anxious waiting world, so that today,
18 thousands in every civilized country on the globe
19 know that the powerful force pervading this Universe
20 HERE AND NOW, actually works in definite tangible
21 results. Now, Dr. Robinson stands waiting at the
22 portals of radio, to welcome you, as an honest
23 searcher of the truth. *Dr. Frank B. Robinson.*

DOCTOR:

PLEASURE,
~~IT IS A DISTINCT PLEASURE, I ASSURE YOU, TO SHARE MY DISCOVERY WITH YOU, AS I HAVE ALREADY SHARED IT WITH~~

~~assistance to countless thousands throughout the entire world, is an honor which makes me very happy. Yet I feel humble, too.~~

I FEEL THAT ~~It is~~ *MY* obligation, ~~as well as my wholehearted~~ desire, to ~~REVEAL TO YOU THIS~~ *REVEAL TO YOU THIS* MIGHTY OPERATING LAW -- ~~which proves beyond a doubt that~~ *IN ITSELF IS -* a vast boundless ocean of supply! ~~The dynamic truth of this~~ *TEACHING* has swept around the world, into 67 different countries! ~~Now~~ Here I have a letter from South Devon England.

A questioning letter which begins - Dear Dr. Robinson: I have always been a student, - serious minded, eager and willing to learn about everything I could get my hands on. Electricity and radio particularly interests me. But it occurs to me that although electricity and radio have only just been discovered, they were always there, for millions of years, only we didn't have the power to know or understand this. Well Dr., I guess that's the way I am. There's something lacking in my life, but I don't have the power to know what it is. I know that near at hand is a solution if I could just grasp the significance. Can you help me in finding the Truth that I must know? (PAUSE)

PSYCHIANA - TRANSCRIPTION

In answer to this letter, I can say that the first step on the highway to success is for a person to realize ^{that} there is something lacking in his life, and I am very glad that you have come to that place. When ^{MEN} a man or ^{WOMEN} woman feel self-sufficient, when they feel that their life and everything about them is perfect, then, of course, there is nothing I nor anyone else can do for ~~them~~. ~~man or woman~~. But, when ^{YOU} ~~man or woman~~ realize that there is a serious lack existing in ^{YOUR} ~~their~~ lives then immediately I can begin to point out the way ~~to fill that lack~~, and more than that, I can show ^{YOU} ~~them~~ why the lack exists! It may be a lack in education, it may be financially, it may be mentally, it may be in any one of a hundred different ways. But if it exists and you recognize this, that is all that is necessary. From that point on, you may begin to replace this lack of things ~~which~~ with an abundance of things. Yes, the electrical waves which carry the radio have always existed but man knew nothing of them. It took Mr. Marconi to come along and demonstrate the fact that these laws and waves did exist, just as it took Mr. Edison to come along and ~~actually~~ actually manifest and demonstrate that electricity existed. As a matter of fact - I am given to understand that in the first city in which Edison's electric light was served, some of the natives thought that Mr. Edison was possessed of the "demon" or he could not have made such a thing as electricity. Yet we know now, that electricity has existed from time immemorial. ^{WHAT WE DID} ~~It has simply been~~ NOT KNOW WAS HOW TO USE IT! ~~a case of applying that electricity!~~ ~~If you can imagine this world before there was any radio or any electricity, I think that you will admit with me that certainly there was something lacking,~~

~~just as there is in your life! Yet all through those dark years~~
~~when we had no radio and no electricity, what a pity that they were~~
~~there, right at hand all the time.~~ The world was not ready for
 it. But when the world did need it, when the world needs anything
 -- then that need is supplied. The old savages, two or three thousand
 years ago ~~in the woods~~, wouldn't have had any use for electric
 lights, and the radio would have scared them out of their skins.
 But not so today: when the world was ready for the demonstration of
 both radio and electricity, men arose to give both of these to the
 world. And the same thing applies with spiritual power: if ever
 this world needed and was ready for spiritual power or some mani-
 festations of the ~~spiritual~~ ^{UNSEEN} realm, that time is now. And unless
 someone does arise with a new vision of spiritual power, then this
 world has not a very rosy future. But there are those of ^{us} who have
 caught a glimpse of the amazing possibilities and opportunities
 which lie close to the hand of every man and woman, if that man
 and woman can but recognize them, for just as surely as radio and
 electricity existed for the past millions of years, then let me say
 to you, that a dynamic, spiritual invisible power also exists and
 has existed all through those same years, just as long as the
 human race has been on the face of the earth. For some reason or
 other, we've missed it, and yet, I see all over the world today,
 signs of men and women recognizing for the first time what this
 power is, and what it can do for them.

Does this great Living God-Law operate for all, in the same
 manner? I say, - unhesitatingly, yes. Being a law, it cannot fail;
 it works alike for all. If you take two atoms of hydrogen and one
 of oxygen, you invariably get water. It doesn't make any difference

whether you chemically combine these atoms at the North Pole or the South Pole; wherever they are combined, then always there is water. It is the same thing in the human life. Whenever a human life recognizes and uses this unseen spiritual power, peace, success and happiness invariably follow.

14 Listen - here's what one of Dr. Robinson's friends
15 in far off Australia writes -
16 Dear Friend & Teacher: Yes - the God Law Works!
17 It's the most stupendous Truth I've ever known.

22 But wait -- friends, do you think that these truths
23 were meant to be discovered and bring success to
24 others - not to you. No they were meant for you
25 too --- they stand by waiting for YOU to master
26 the secret of drawing upon them for what you need.
27 Dr. Robinson himself has mastered the secret and

ANNOUNCER: 1 has gained spiritual and material blessings. How?
 2 By discovering the source of supply and using it
 3 -- a mighty operating law which is like a spring
 4 whose waters cannot fail. Right now, nestled
 5 among the hills surrounding the little town of
 6 Moscow Idaho, Dr. Robinson lives in peace, content-
 7 ment and material abundance. This home, yes and
 8 his own pipe organ are actual evidence of the
 9 application of the dynamic law of life. You can
 10 see him, seated at the console of his luxurious
 11 organ yourself, because Dr. Robinson will send
 12 you a large photograph taken in his home --- but
 13 more than that, this noted psychologist welcomes
 14 you to the study of the great God ^{LAW} ~~Realm~~. Write
 15 him your problems. Write to him now, and in
 16 return he'll send you a 6000 word free treatise -
 17 an enthralling story of amazing, staggering import
 18 pages filled with vivid realities. He will enclose
 19 a photograph of himself, seated at his pipe organ.
 20 Dr. Robinson asks you simply to send him the name
 21 of the station to which you are listening. A
 22 postcard will do....and return mail will bring you
 23 news of a richer life and of the power of Psychiana
 24 to help you, as it has helped so many thousands
 25 of others, as it helped Dr. Robinson, himself.
