MUSIC SWELLS

MUSIC COMES TO AN END.

GUIDE: We are now in Moscow, Idaho. What a glorious spot this is. High on that hill where the tall pines sway is our destination. For there is the home we are to visit. It's a peaceful sight isn't it? Calm and unruffled...wise and benign... standing like a tower of strength in a troubled world. All who seek tranquility and surcease from care are welcome here. We feel the ^{solemnity} ~~power~~ of this ^{home} ~~surrounding~~ as we approach. It is as though a balm were pressed to our fevered brow - making the cares of the day seem infinitesimal, ~~in their scope~~. There just ahead is Dr. Robinson's study. We may enter here. (ORGAN MUSIC IN SOFTLY) Listen - the soft tones of organ music tell us that he is seated in his favorite place -- at the console of his organ --- peacefully playing the melodies he loves best. (MUSIC SWELLS) Somehow you feel as if you really are in the presence of a man who has talked with god -- you can't help but believe it is really possible.

*Dr. Robinson - is it really true
that man can talk with god*

DR. ROBINSON: It IS ^{TRUE} ~~is~~ my friend. Man ^{NOW} CAN TALK WITH GOD.

GUIDE: Dr. Robinson -- you've said that many times. Has it something to do with those "little known mental powers" we hear so much about nowadays?

DR. ROBINSON: "Little Known mental Powers"? ^{well} -- I think I'd ^{RATHER} call them little known God-Powers.

GUIDE: Do you believe this world is on the verge of making some new discoveries concerning these powers Doctor?

DR. ROBINSON: I believe these discoveries ^{already} have been made, and are ^{still} being made right here and now. For the first time in the history of the human race, men and women are beginning to grasp the staggering fact that a God Law exists -- is HERE NOW. For instance, - I'll show you a letter which came to me just the other day. The letter is from Philadelphia, a woman who lives on North 22nd St. I'll just read you an excerpt. She says: "I have at last got in touch with the God Law." Later in this letter she tells of a very unusual happening which came to her through the power of this God Law. So you see, just as surely as day follows night, men and women are beginning to suspect the staggering truth taught ^{by} ~~in~~ Psychiana - that MAN CAN NOW TALK WITH GOD.

GUIDE: And it is your mission in life to spread this truth?

DR. ROBINSON: To spread this truth and thereby help people to understand that the infinite Creator of this universe exists ~~by~~

Sent

~~and~~ w and is abundantly able and willing, to bring to men and women here and now, an abundance of supply, ^{both} material and spiritual. ¹⁷⁰² For instance, when letters come to me asking for ~~guidance~~ Well, ~~to be specific~~ let me read you ~~one of these~~ ^{which came in from} a letter. ~~This one is from~~ Vancouver, British Columbia - *His AM*
~~dated May 24, 1938.~~ "Dear Dr. Robinson: My problems may sound small to you, but I hope you will bear with me - I have four children and we live in a small rented apartment. I would love to get into a house where the children can have a yard to play in. Then I could get a piano and start teaching music once more. I have a lot of determination and I am very ambitious, so I can't see any reason why I shouldn't be able to make a home for the children and myself, if I might have some helpful advice from a man like you. Thanking you for your help in my troubles - ", and she signs herself, "Your friend and student." *Mrs G. H.*

GUIDE: And you wrote to her Doctor?

DOCTOR: Yes, to tell her that there certainly ^{IS NO} ~~wasn't any~~ reason at all why she shouldn't be able to have such a home for her children. A few weeks ago I was in Coeur D'Alene Idaho, ^{*Gentry!*} ~~and dropped in to~~ ^{of the Coeur d'Alene gallery} visit with ~~a friend~~ who has been a student of mine for many years. She and her husband joyously informed me that they had JUST built a beautiful new home. I congratulated them and during

They took me up to see it.

A few weeks ago I was in Coeur D'Alene Idaho -

BOB

Why I was born in Coeur D'Alene Dr.

DR.

Is that so! Well perhaps you know this couple I visited -- Mr. and Mrs. Bentley, students of mine for many years. Mr. Bentley is the proprietor of the Coeur D'Alene Bakery.

BOB

Yes I've heard of them.

DR.

On this visit Mr. Bentley and his wife joyously informed me that they had built a beautiful new home. I congratulated them & we went to see the home.

In the course of the conversation they said: "Dr. Robinson - this is a Psychiana home. If it hadn't been for your teachings we wouldn't have ^{had} ~~had~~ it."

GUIDE: That's amazing isn't it?

DOCTOR: Amazing in this respect - that if the God Law can do this for one, I see no reason why it cannot do the same for every one, including this woman who has written to me!

GUIDE: You mean - if she learns to understand what you have called the "little known God Powers?" To contact the God Realm? How is this possible? *Dr. Robinson*

DOCTOR: First of all, one must be quiet and calm.

GUIDE: Why is that necessary in the understanding of the God Law?

DOCTOR: Law never makes any noise in its operation. You can't hear gravitation. You can't hear magnetism. You can't hear electricity. Yet they are all there. You can't hear nature ~~grow~~ -- nor human life. ^{grow.} The law of God operates very quietly. Naturally if you are filling your head with other things you cannot find the God Law consciousness in yourself. You cannot use the invisible Power of God.

GUIDE: How does this Law Operate?

DOCTOR: With remarkable precision for all. You can understand what I mean when I tell you that IF the realm of God DID NOT OPERATE as LAW, then this entire universe would hang on chance, and that I cannot admit. Nor can you. Just remember

this. Whenever and wherever there is a ~~single~~ human soul who wants to find the God Law, there, at that point, is the LAW waiting to be found.

GUIDE: And the letters that you receive from all over the world tell you that people are actually finding the God Law here and now?

DOCTOR: There is no better proof of that, than to read you a typical example. Here's one which comes from East Chicago, written on the fourth of February 1938. The street is Raleigh Road. Now listen to what the letter says: Dear Dr. Robinson. I realize you are a very busy man, but I just have to write you this letter. I do not have the words to express my gratitude for your wonderful discovery. You have helped me more than I have ever dreamed I could possibly be helped. ~~Before~~

I ~~had received the~~ ^{had received the} third lesson I began to realize that something was happening to me. I don't know if I can explain it to you or not, but I am more happy and contented now than I have ever been in my life when I am alone with this something.

GUIDE: This something? That's it - Dr. Robinson. What is that something?

DOCTOR: Ah, now you are getting down to the root of this entire teaching. That something is just simply the present existence of the most dynamic, invisible spiritual law this world has

ever known. That is the very thing I am teaching. ~~the~~ ^{the} God Law created ~~this~~ ^{the} entire universe in the first place. It sustains all life moment by moment. And for the first time in the history of the world, men and women are beginning to realize what this means --

GUIDE: It means -

DOCTOR: That man can now talk with God!

GUIDE: And -- being able to talk with God -

DOCTOR: Means that they are able to bring to themselves everything they need for their complete happiness - HERE and NOW.

GUIDE: And any obstacles can be overcome. You yourself have proved that.

DOCTOR: Yes -- and sometimes the obstacles have seemed almost unsurmountable. And when this happens -- I like to sit at my organ -- and play over the old melodies. That's when the peace of the God Realm steals over me (MUSIC IN) When I'm like this - the trials of the day are forgotten. In their place comes a hallowed peace.

GUIDE: A hallowed peace.

DOCTOR: Sometimes the tears fall as I recognize the stupendous magnitude of the task set before me. I'm often misunderstood. Often maligned, and blasphemed. But -- I must, to the very best of my ability, carry the message that was given to me on to others. Yes - this is my obligation. Sooner or later, I shall have the infinite satisfaction and peace of knowing

fought a good fight Page 8

that I have finished my course, I have kept the faith. Then, it seems to me, a smile will light up my face -- and the peace that passeth all understanding will reign supreme.

GUIDE: (MUSIC SWELLS) How swiftly worries are wafted away under your guidance Dr. Robinson. Troubles vanish on the notes of a joyous song.
