DOCTOR

~~I am glad if you feel strength in this room. It is a tower of~~  
~~learning.~~ *THAT I WILL!*  
My <sup>(HOME)</sup> ~~study~~ is yours, a place where you may pour out your soul. Here you ~~can~~ find an end to your worries.

GUIDE  
*been here*

We know of those who have ~~gone on~~ before us. Their lot is enviable.

How can we who are uncertain, find the way to success?

DOCTOR  
*know of no better way than to look at*

~~Let's look at~~ those who have found success. A letter right here on

my desk is a very fine example. A student has written, "Dear Dr.

## DOCTOR (cont)

Robinson. Not so long ago I thought sure we were headed for the poorhouse. Now, ~~gradually~~ things are beginning to come to us at last. Everything is brighter -- and life seems good once again."

## GUIDE

What more tangible evidence could one ask than that!

## DOCTOR

This letter states far simpler than I could ever state, one of the most important facts connected with the power of the great God Law. This woman says that she would have been in the poorhouse, had she not recognized the existence of the power of the Great God Realm. Of course she would, and perhaps have been in a worse situation than that. But in the very moment that she recognized the power that was near to her all the time, here and now, that consciousness alone was able to steer her course of life away from poverty. It is not possible to know the existing power of the Great God Realm, and get inside of any poorhouse.

## GUIDE

I noticed that this woman also said things became brighter --

## DOCTOR

That was her entire physical and mental being, becoming brighter, being illuminated by the present existence of a power so far superior to anything she had ever known before, that it just simply fascinated her, and, like a magnet drawing to itself iron filings, her life began to draw to itself the things she needed.

## GUIDE

Like a magnet?-- that's an interesting illustration.

DOCTOR

Let's carry it farther still. Here is a magnet lying on ~~the~~ <sup>my</sup> table. You say it has no power in it. You cannot see any power. You can touch both poles of that magnet and you cannot FEEL any power. Yet it exists there just the same. And if you think it doesn't just drop a few iron filings on a paper and push the magnet easily toward ~~it~~ <sup>them</sup>. First the smallest particles will begin to slide to the poles of the magnet, then the larger particles. Have you ever watched that experiment? <sup>before?</sup>

GUIDE

I have - and if you put the magnet in the middle of the pile of iron filings, it will become absolutely covered with the filings.

DOCTOR

The same is true <sup>of</sup> ~~with~~ the power of the great God-Law.

GUIDE

That makes it very clear -- in other words you can't see it, you can't feel it -

DOCTOR

But just begin putting your life close to it and see how it will cover you with its benefits and blessings! Blessings both materially and spiritually.

GUIDE

It does seem as though every great law of Nature is an invisible Law.

DOCTOR

And every power of nature is an invisible power. True it manifests in a material way, but the power itself is absolutely unseen. This is doubly a fact when dealing with spiritual power.

## GUIDE

And - I suppose electricity would apply too. You can't see electricity, but you can see its effects.

## DOCTOR

Exactly -- and the effects of electricity are nothing more nor less than the manifestation of the great God Law.

## GUIDE

And when this law is manifest in a human life --

## DOCTOR

Here is what happens. Read this letter.

## GUIDE

Dear Dr. Robinson -- I am writing to tell you that we are allowed to keep our farm at least another year. I can truly say that the God Law works. Our future looks brighter and I can never thank you enough for bringing your teaching to our notice."

## DOCTOR

That student's name is Mrs. Smart -

## GUIDE

I see that she lives in New Brunswick Eastern Canada. You must get letters from all over the world Doctor., --

## DOCTOR

From all over the world and from the far corners of the world. This letter will interest you. Postmarked January 31st, 1938 -- and look where it came from -

## GUIDE

Candle Alaska -- why that's in the Arctic Circle isn't it.

## DOCTOR

Almost. And here's an excerpt from the letter: The student writes:

## DOCTOR (cont.)

"Dear Dr. Robinson - The God Law Works and how it is working for me. I am so happy to know this great law, that I don't know which way to turn. The things I could not do before, now seem so simple - just like play. Everything is opening up to me and I will soon be sitting on top of the world with all I ever need." -- thanks to Psychiana.

## GUIDE

The story seems to be the same -- always, -- over and over again -- thanks to Psychiana. I'd like to ask you a question -- just to hear your answer, Doctor. -- the question is this: "Why does everyone need Psychiana?"

## DOCTOR

That's an excellent question and the answer -- is simply that Psychiana is the most dynamic religious teaching this world has ever ~~seen~~ <sup>known</sup>, and the only teaching as far as I know which proves that the power of the God Realm can not only be contacted, but can be used here and now for the attainment of every right desire.

## GUIDE

And you naturally - feel an obligation to spread these truths --

## DOCTOR

I feel <sup>in</sup> duty bound, in view of the fact that my own life was revolutionized to such a marvelous extent to continue this fight for the truths of the God Realm just as long as I have the ability to continue it. I am very happy to notice too, that more ministers are teaching the present existence of the realm of the spirit of God. I have no word of criticism for any religious organization. I would do anything in my power to help them see the light --. Of course the world will go around just the same whether one does - or doesn't discover these

## DOCTOR (cont.)

truths. You can either avail yourself of them or not. But in the fullness of time which is not very far away, this picture of the God Realm which Psychiana paints will have to be recognized by civilization.

## GUIDE

I suppose - as is true in all great teachings - many attempts have been made to upset these truths.

## DOCTOR.

Many attempts indeed. But it has been marvelously protected, as I predicted it would be, through the very power which we believe in and teach. Truth crushed to earth is never crushed for very long. It always rises -- for truth is God and there can be nothing higher.

## GUIDE

I noticed that there was a recent article in Time Magazine concerning this teaching of yours, Doctor.

## DOCTOR

Comments from newspapers and magazines throughout the world are pouring into our international headquarters here in Moscow, Idaho.

## GUIDE

Well, Dr. Robinson, what do you do in a case where the student of Psychiana is absolutely dissatisfied? Suppose for instance that he or she starts to study and then finds he doesn't like it - or doesn't want it.

## DOCTOR

Every student who enrolls with me is given an absolute ironclad guarantee that all he or she has to do is return the lessons and a check for whatever has been paid is gladly and cheerfully refunded.

Understand that this teaching is not operated for profit. It has

*according to the terms of the guarantee*

## DOCTOR (cont)

never been operated for profit. If the making of money were the object, if Psychiana were a commercial money making scheme it would have died a natural death a long time ago.

## GUIDE

But with evidence all over the world of the true power of Psychiana Dr. Robinson, we are eager to set forth with new courage, eager to hasten our journey toward realization. But before we go, would you be kind enough to play just one more song at your organ -- that we may depart with our hearts truly full of joy.

## DOCTOR

It will be a pleasure to play for you again.

*Bob, and for all my friends.*
