Maude Henry,
Harriman, Tenn.

My dear friend and Student:

Thank you for your good letter and we were happy to hear from you.

We surely appreciate your remittance and cooperation more than we can say. After Dr. Robinson completes his work in California he will visit other cities and I hope you will get to see him sooner than you expect.

We rejoice to know of the good things that are coming your way since you began your study of this Teaching. Remember there is no limit to what the Power of the Living God can do when its existence is recognized and the proper faith manifested in it. So apply the Spiritual Truths you have absorbed from your Lessons in your daily life and affairs and write me again about Thanksgiving and tell of the better days that are then coming your way.

May the Spirit of Eternal Peace abide with you forever.

Sincerely your friend and Teacher,

AN EMERGENCY EXISTS

(TO MY STUDENTS WHOSE ACCOUNTS ARE NOT PAID)

As most of my students know, I have been subjected to, during the past few months, one of the most vicious attacks it has ever been my fortune to experience. It seems that every conceivable effort has been made to upset both "PSYCHIANA" and myself. Needless to say this cannot be done, as the Power of God behind me is greater than all the powers against me. But these attacks have not been nice--I assure you. First there was an income tax investigation. Then there came a Post Office investigation. Then, most dastardly of all there came a Federal Grand Jury indictment with its consequent jury trial. Of course, I was found innocent of all counts. Now they are trying to deport me notwithstanding the fact that a Federal Judge and jury acquitted me on a charge of making false statements as to where I was born. That's vicious persecution, and will be carried to the U. S. Supreme Court if necessary.

In the meantime the expense has been terrific. My attorneys' bill alone was \$5000.00 not counting the other expenses. As you probably know, I give away more than the average man makes. I have just recently donated "Robinson Park" to the people of this county. I have recently equipped a radio and loud-speaker equipment in the Moscow City Park. Every Christmas I have fed every hungry family in the county. I have paid the taxes of them who were about to lose their homes. My name has always been found at the head of the list of donors of every charitable effort put forth. These things I have done, not knowing of course that I was to be subjected to attacks which would cost me perhaps tens of thousands of dollars of money which has to be paid and paid in cash.

I don't know what the future litigation will cost. I do know that I have given so much away to charity that I cannot meet it unless my students co-operate with me. Now here is what I would like to have you do. If your account is not yet paid in full, and if you will pay it in full now, I will send you the complete advanced "PSYCHIANA" Teaching Number 2--and I will send it at no cost to you. In other words if you will just pay the balance on your account in full now--I will give this second Advanced Course to you, all at once, and absolutely free.

Will you help me in this? It won't be much of an effort for you to put forth and certainly it will help me find the money with which to finance pending litigation. I fully expect that before my enemies lay off me it will cost me at least \$10,000 in Attorneys' fees alone. My students owe me hundreds of thousands of dollars. So will you please co-operate with me, by paying your account in full and receiving this Advanced Teaching, full and complete, ten full Lessons for absolutely nothing. The money may not be due yet--but pay it if you can and help me in this crucial time of persecution. Don't worry about the outcome--my feet are firmly grounded in the Truths of God, and nothing can or will ever upset me. I need a little co-operation from you now, and I know I shall receive it.

Thank you a lot.

Sincerely your Friend and Teacher,

Frank B. Robinson

Just a word to thank you for your heartening and helpful message.

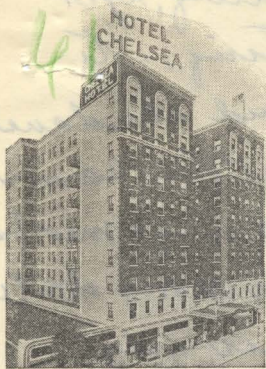

Confidently and trustingly continue to realize the Power of the Living God is able to bring material relief just as well as it is to bring Spiritual peace and power. Please manifest all the faith necessary, for the Power of the Living God never failed when the proper faith was manifested.

Dr. Charles W. Tenney,
"Psychiana"
Moscow, Idaho.

My dear Dr Tenney,

Am writing this letter, expressly
to tell you how much I enjoyed reading
the December number of Psychiana. - all
of your editorials. Their quality, and
style of comment seemed to me quite
unusual for finances and depth, and
so beautifully worded. The poems too,
in their selection, were some of my own
favorites. I have sent it to my mother to read.

And Dr Robinson's first article,
was delightful. One so feels his honesty
and openness of character, and not afraid
to call a spade a spade, according to his
opinion. It is refreshing to me, who dislikes

What seems hypocrisy of wording, yet
meaning exactly the same thing, - the
plain material will bring, and abundance,
as some puriticals aiming at the same
thing, at times impress me as doing what,
mechanically, although I may be wrong about it.

So it seems proper to express my
appreciation, in this friendly and informal
letter that I feel like writing to you tonight.

There are so many factors to be
considered in our individual make ups.

I do believe some are more happily
amenable to the law of suggestion
than others, than my grandfathers,
as they must be the ones more easily
reaping quickly the good results than
those of more analytical turn of mind.

I have enjoyed these lessons so far
immensely, and have tried to follow out
their instructions fully as possible. I
cannot say that materially, but I noticed
any change in my circumstances, nor
sudden profound hunches to follow, to
throw light upon my path, as would be
desirable to happen. But it may be just
my individual reaction, of caring more
to attain certain ideals of formality,
instead of intensely desiring upon obtaining

Some certain material matters,
Not that I think I am right about it, but
just instinctively seems to be so with me.

And it may be too, that always having
had much, until recent deaths and great
deprivation of investments, that mentally I
still live in that atmosphere, and expect it
to come again to me in some way, in its own
good time.

But I can say, there seems to have
helped me very much spiritually, in
constantly keeping before me, the ideal of
kindness, smiles and pleasant words
to cheer and comfort, whom, I can, even to
a greater extent than before. And the
result has been, that I perceive, that neither
any selfish motive, people I have met, sharing
closer to me, and friendly expressions and
smiling eyes in return. And one thing,
a young woman, a bit down in spirits, whom I
came in contact with of late, to my great
surprise, wrote me a letter for Christmas, as a
gift, that "I was the sweetest woman she
had ever known in all her life, and that
just talking with me of her trial, she
had felt such courage and sympathy.

cheer emanating from me, that I had been a
my high spot, in dreary days of waiting
on people, to tide her over it all with a
happier spirit." And that made me so happy.

So I feel so sure the wonderful spiritual
influence of these lessons, are working out in
me this way. And that all unbeknownst to
myself, God must be working in and for me
to some very good ends of betterment - This morn.

As I last wrote you, there are lots of things
I would have so different for myself. But when I
begin to dwell on them, I become very confused
in specific thought strongly concentrated, not
feeling quite sure, if some things I want are really
good for me or not. Then comes hesitation, lack
of positiveness, although not of negative passivity.

And if I may say so, when I saw the
photograph of your fine kindly face and
shrewd gaze, of wisdom acquired, I felt you
too are me, we can really express their
real thoughts too, and you will understand
my well, all these unknown friendly minded
students who are waiting in to "Psycheana".

This is a crisis for me, in my life - from
living in a gentle, high grade atmosphere all
my life - now in quite another one, for which I am
not quite so well adapted from past environment, in
seeking a position. But when I do turn the
corner, into, so I hope, bright aspects, I do want to
buy all the books you have on hypnocalism, and do
other nice things to help, if I may.

And now, I do wish you and yours, and
all the lovely "Psycheana" family there, just
the very Happiest of New Years. My sincerely,

(Mrs. G. F. Hadley - 3-346)

Maude Louise Hadley.

My dear Mr. Aitchison:

Dr. Robinson is still in California and I am still hoping you will have an opportunity to meet him and talk with him face to face sooner than you expect.

We rejoice to learn of the good things that have come your way since you began your study of this Teaching. This demonstrates the fact that the Power of the Living God exists here and now and has no limit when ample faith is manifested.

We would like more than you know to send you the names of some other Seattle students, but so many students have asked that their names be withheld for reasons that you can plainly see, and we send out no names whatsoever unless the student himself requests it. However as soon as these study groups are organized all that will be different, so please write again.

Thanks for your good letter, and we were happy to hear from you. In your answer to my letter, you overlooked the one point I tried to make clear, and that is--may we count on you not to copy and distribute these copyrighted lessons until and unless the trustees of "PSYCHIANA" give you written permission to do so--even if your actions were not illegal--would you, as a faithful and loyal student want your own statement "He has frequent vibrations and sees various colors. Now he is healing others." go out to thousands and thousands of students, as an example of what "PSYCHIANA" teaches.

However, I raise only the point of "illegality." So we would appreciate it if you will have your answer to this reach me before Dr. Robinson returns November 5th.

Dear Dr. Robinson:-

I have just received a letter from Dr. C. W. Having absolute confidence in your sincerity and your desire to spread this teaching to all the world, I am hereby explaining my motives and actions in this respect and I assure you that if I am in any way infringing, word from you to that effect will stop it. There are among my friends and acquaintances many poor people who need this teaching, but are absolutely unable to pay the subscription price. These poor people need this teaching more than anyone else, and I am simply trying as best I can to help those who desire to be helped. When some one has been healed and asks me to tell them about this wonderful Power in which you and I trust, how am I going to teach them unless I let them read your lessons? You cannot tell it to them--they must study it---they must have it before them where they can study and concentrate.

I have inquiries from people who I know are plenty able to subscribe. I tell them what I can and give them your address and advise them to write to you. I NEVER GIVE YOUR LESSONS TO THEM.

ing I have inquiries from people who I know are plenty able

address and advise them to write to you. I NEVER GIVE
YOUR LESSONS TO THEM.

When some worthy man I know to be in poor circumstances
comes to me and states his desire to learn about the
Living God, I hate to turn him down. As I said in my

last letter, it seems too bad that a man must (as the preachers say, "go to hell") because he ain't got the money---and I don't believe that God intended it to be that way.

I would give one person Lesson 1, tell him to keep it two weeks and return it. When he returned it I gave him Lesson 2. I copied the Lessons that in case one should get I would have a duplicate. Each duplicate has the entire headings that are on the original together with a note that they are copied.

I never received one penny for this. I have money offered me for healing but I would not accept it. I make about \$25.00 per week, so you see I'm not lousy with money---just getting by very nicely. But I do want to tell people about the Mighty God-Law and that was the best way I knew. Now, Dr. Robinson, if I am not doing right please let me know and advise me what to do.

Some just read the Lessons, some read them over two or three times, some actually meditate upon them and get results. One man who suffered an attack of sick-headache once a month was healed. He read the Lessons and saw the light. He has frequent vibrations and sees various colors. Now he is healing others. He says that when he gets money enough he is going to subscribe for the Course that he may have it for reference and study.

Now, Dr. Robinson, if there is anything wrong in that, I'M guilty.

I am out in the by-ways and the hedges and am reaching people who otherwise would not be reached. Out in these by-ways and hedges you will find lots of friendship, lots of sympathy, lots of mutual assistance, lots of love; you'll find God there but you will NOT find money. These folks are charitable and free-hearted, they give what they can but they DO NOT HAVE MONEY.

I would like to have the details of your ministerial proposition, although I don't know how I would click as a preacher. I can teach, but I am no orator, have no money, but I have GOD.

Hoping this will clear things up and awaiting your advise, I remain,

Yours for "PSYCHIANA".

and would really like to become

as if I could devote my whole life
to "Psychiana" as it has done
everything for me.

I have delved into Yoga,
Spiritualism, Theosophy,
Psychology, Unity, Christian
Science, and I know when
I found "Psychiana" that I had
found the truth at last and
I am saving my money and
I hope to become an agent
and spread the truth that
"Psychiana" teaches.

I want to progress in
this truth as fast as it is

humanly possible and I desire
to listen to God to guide me, I
am faithfully doing my lessons
or exercises and I love them very much.

I hope I have not made
this letter too long but I just
felt like telling you of my

My mother & I would surely
be delighted and thrilled to meet
Dr. Robinson in fact that has
always been a desire of mine to meet
Dr. Robinson, I should consider it a
great privilege to meet him. I
pray God it come true.

Well I close again thanking
you for the lovely letter and help you

Dear Mr. Robinson:

I have been studying lesson No 7. in which you speak of seeing Spiritual faces. I have seen such faces even before I heard of your lessons, but I did not see them often. Now I do see them often also houses and cities and scenes of various kinds always peaceful scenes. I often see flashes of light and have experienced feelings of great happiness.

I have been visiting friends in B.C. and while there I was with a young woman who was ill, she had a lump in her side, I distinctly felt that lump move and

for several days there was
a great feeling of soreness.

which gradually left, and she
is feeling quite well again.

Since I began your course
my son has obtained work
which I believe will be permanent
and he is quite happy in his
work. My son-in-law has
also obtained some work but
it has thrown him among
evil companions. I am trying
to help him.

I have for years worked to
have good health both for
myself and others. I have also
hoped to find some solution
to the spiritual questions, as
I simply couldn't take what
the Ministers were telling us.

I find great interest and
comfort in your lessons

and needless to say great benefit and I know now that help is at hand and I am sure that I will have sufficient for my needs as I learn to receive it.

I enjoy the lessons and exercises and I know I will continue to do so.

I am very thankful that I saw your advertisement and had the courage to send for your lessons. It was a struggle to do so as money was very scarce.

Dear Dr, Tenney

Now that you have got your request in early enough, I am going to try and fulfill it, and if you get a long letter remember you asked for it, I have always tried not to burden Dr, Robinson with too much writing knowing what it means to have to much to do.

I realize Dr, Robinson does not know anything about us, I feel as though I knew him quite well, for I feel right at home with him in his studies and books, but as for us well you just don't know us at all.

First of all Mr, Clay is younger than I am yet our lives are very harmonious which goes to make up a very happy home life, we have no children but try to make up for it by mothering as many needy ones as is possible, all children just love to come to visit us and usually want to stay.

At one time we had a business of thirty thousand or more a year, but is now about five or six thousand a year, we served most wholesale trade such as clubs and market stands, many of the clubs went under and what are running are doing small business, the market trade is pretty well swallowed up with foreigners who work for almost nothing and do a cut throat business at all times so you see we are sort of left in the lurch in the dress chicken business, of course at holiday time we have a plenty to do and are kept real busy for a short spell.

We also had gone in the silver fox business just before the letdown and could not increase in that end and hated to give up, as we had good stock but we have come to the conclusion we did not have the money to build larger and buy in new stock so we just got done pelting all of them which hurt pretty bad but was for the best, we just had thirteen in all, they were my care so i learned the business quite well and liked it but was very confining and took a lot of money too, our efforts were to much divided with an acre and a half of asparagras in the summer time if you ask me I would say it is all work and no play, but it is going to be all changed one of these days, I do not know just how but the Spirit says so, so it must be.

Now as for the real us we are what you would call a conservative, Mr Clay was raised United Presbyterian by a very good mother has no bad habits always interested in new projects a reader and a thinker, when he first read Dr, Robinsons first lesson he said well that is just what I have been looking for for years,

As for me I spent thirty eight years in the United Lutheran Church of Canton Ohio, which has a membership of about a thousand, they had the best of everything, or thought they had, but it is strange what a different significance those things take on when the full light of day is thrown on them.

Mr, Clay came over to the Lutheran Church with me shortly after we were married which is soon twenty two years five years later we moved out in the country just eight miles from the city of Canton ohio. have always kept in touch with the city in business and church, our church being our only real recreation and that finally ceased to be the help

it should ,and we were in a pretty dejected state when we found Dr, Robinsons teaching,we did not have the money to put into it but strange to say before the second lesson was due the money came to us right out of a clear sky, Mr, Clay did not quite realize it that way so we just went on paying by th the month but should have taken the other course but it worked out all right as I got the second advanced course out of it, we are just on the third lesson and like them real welland get much help out of them, I can see where one really needs them to help finish off his faith and understanding,

I myself have been greatly helped have had bad stomach trouble and was very nervous, my nervousness is completely changed and very little show of stomache trouble

I have been using the healing power in a silent way to build up faith in that line and found that it works wonder ful, my young nephew was operated on for a strange ailment which handicapped him and I asked for his release from pain and suffering of course he did not know it but he said to me Aunt Marie I have not had a pain at all,and another young girl one of my Sunday School Scholars was in an auto mobile accident and had her ancle broke , so I asked for her release from pain and when I got there one of the first things she said to me was last night the pain left all of a sudden and she had no more pain since,she stated in class she knew God had healed her,I had always tried to instill in them faith in the power of God,I hated very much to give them up but led them as far as I dared in the place in which I was in, some of the older ones got to know of my leanings and started to gossip so I just quit, I knew I could not go on there much longer,I always taught young people boys and girls and liked it very much.

they could not see why I was quitting but I have written them each a nice letter that they can keep and ponder over by themselves for a long time.

I will not say I do not miss them for I do, onething I do miss is some real songs to singas I dolllike to sing and have a time improvising some for myself so please let me know when Dr, Robinson has his song book ready as I sure want one.

No one can tell me the power does not work for I have had to many proofs that it does and I now must work for a greater fsith which I know will come bay by day.

Now I guess I have said enough for this time and will close wishing you all much joy and happiness now and for a whole new year.

Sincerely your friend and student.

Dear Friends and Teachers.

Enclosed are two snakes of myself at the spinning wheel. The gentleman stand is now in British Columbia. The one dollar tip. is all I can manage to send you. Until. The manifestation of the success of my Patent. unless some other pleasant surprise appears.

I do not hear anything when I "listen". But the thing comes to me as it were, all of a sudden. There is no doubt as to the presence of the spiritual-law.

This absolute Dependency on the realm of Spiritual Power came to me about six weeks ago. It came so suddenly. I was walking about my work when it came. Then I am not yet a complete success. For this will come. I know you are Happy. So am I.

My dear Mr. Fraser:

Thanks for your good letter and we were
happy to hear from you.

After Dr. Robinson returns from California
he will visit other cities so you may have an oppor-
tunity to see him sooner than you expect.

After carefully noting your background of
preparation and experience and hopes for the future,
I want you to remember that there is no limit to what
the Power of the Living God can do for you if you
apply the Spiritual Truths you absorb from these Les-
sons in your personal affairs.

Remember the election is over and times
are improving, so meet them halfway instead of wait-
ing for them to come to you. Remember, first, last
and all the time you are master of your destiny and
not the victim of chance.

Please write again just before Christmas
and tell of the better days that have already come
your way, and may the Spirit of Eternal Peace abide
with you forever.

Dr. Frank E. Robinson
Moscow, Idaho

Dear Dr. Robinson:

It has been over a year since I first enrolled with you, but I'm sorry to say that it has been but the last three months that I began again to read your Lessons, realizing at last the potent power they contain and their mighty truths. "I am now as far along as Lesson Six and I am obtaining a spiritual satisfaction that is beyond words to explain. I have entirely given up drinking, which with this help has not been hard and already I feel like a different man. I do not mean, however, that I have been a habitual drinker, but the social trend these days seem to begin always with a bottle, and now to me it seems very unnecessary and belittling."

You asked me to write you when I need help and this is why I am writing you today. I realize that you have a far deeper understanding of the Spiritual Law than I have since you have learned to understand it and accept it longer than I have. I also realize that to be helped financially I must bring success to pass myself, with my own thoughts. However, in one of your Lessons you state that you have thrown the Mighty Power of the God-Law against difficulties for others and have helped them too because you have a deeper understanding of this Mighty Power than a beginner in the study such as I am at this time.

I am in the oil business and my work has always been a gamble more or less, drilling wild-cat wells, hoping for the discovery of oil. In the spring, when weather permits, I mean to try again and with the knowledge you have given me, I feel certain things are going to be different. However, winter faces me and I am head over heels in debt. I know of a way to overcome them all however, so that I can be free in the spring to do my own work more successfully, and that is by winning one of the Canadian Sweepstakes the 28th of this month. There are no limitations to the Power of the Living God, and I deeply need this help financially. I am reading and studying and concentrating and relaxing every minute I have, but I have only gone through Lesson Six, as I said before, and wondered if you could help me.

I may not have made my point clear to you, but if you have the time, could you write me if you think I need help in my thoughts.

Gratefully yours,

Hugh Fraser

Dr. Frank B. Robinson

Moscow, Idaho.

File 17

Dear Friend and Teacher;

I am grateful for the privilege of having traveled the Psychiana road with you during the past ten months, and while my own steps may have seemed slow, yet I am conscious that I touched one milestone on the way, for I have been conscious of that contact with the Master Spirit, perhaps for an infinitesimal second of time, yet it was enough to prove to me that a dynamic power was at work in my life. One which I gained strength to bear what I have gone thro. I tried you on the night of the 8th of Dec. for help for my son. He passed away the following afternoon. However his going was easy and I still have much for which to be thankful, tho I cannot understand why a young man, 32, whose wife is a cripple, father of a baby 2 1/2 years of age, kind and inductive should have to go and leave them.

Dr. Robinson, now I have completed the Course #1 would it be advisable to go back and begin over again, before I begin the study of Course #2.

I have had a remarkable demonstration recently. Our daughter, 21, had taken a civil service exam more than two years ago and had supposed there was no hope of securing a position. On Dec. 2nd she received a telegram asking her to

Clearwater, Florida

go to Baltimore, Md., to work on the Social Security Staff. He had no visible means it seemed to clothe her or send her, but ~~very~~ everything worked out so that on the 5th 3 days later, she was put aboard the train with plenty of clothes and money to see her thro until she could receive her pay. She had been ill for four weeks and still was when the telegram came, but thro the application of Truitt, she was able to make the trip and took up her duties on the 7th.

Many of her friends had taken the expense at the same time, and are all wondering at her good fortune. Now my husband must have work that he can do, at 65. He is capable and willing, but his retail bread route which nets him such ^a small income is too hard for him now. But I feel sure that in the order of things there is a place for him, too.

Again Dr Robinson may I express my sincere gratitude that you were strong and courageous enough to go thro with what I know you must have done to give this teaching to the World, and its grief-stricken poverty tossed occupants. Do you still spend the hour at your Pipe organ at 9 o'clock. That, I am informed makes it 12 o'clock noon for me to concentrate with you. I am sincerely and gratefully

MY BELOVED TEACHER:

IT IS WITH PROFOUND REGRET, I FIND THE WORD FINIS WRITTEN AT THE CONCLUSION OF YOUR FIRST COURSE OF PSYCHIANA. I AM ALSO MINDFUL OF MY UNWANTED STATE & CONDITION OF MY ACCOUNT WITH YOU. MAY YOU BE REWARDED ABUNDANTLY, FOR THE CONFIDENCE YOU HAVE IN STUDENTS WHO ARE UNABLE TO KEEP UP THEIR PAYMENTS. I UNFORTUNATELY, BEING ONE OF THEM. IT IS SIMPLY ANOTHER BEAUTIFUL GESTURE. I WILL SAY I AM HUMBLY APPRECIATIVE.

I LOOK AROUND ME HERE; AND FIND EVERY UNDESIRABLE MATERIAL CONDITION, A SHABBY HOME, A VERY MEDIOCRE INCOME, POOR CLOTHING, A HOUSE, THE LAST OF OUR WORLDLY POSSESSIONS IN THE HANDS OF THE SHERIFF, A SHABBY CAR; JUST GENTEEL POVERTY. CIRCUMSTANCES BAD ENOUGH TO MAKE ONE WAIL AND GNASH THEIR TEETH. CONDITIONS THAT HAVE BEEN ENDURED FOR MONTHS, AND DURING THOSE MONTHS, THESE CONDITIONS MADE MY LIFE VERY MISERABLE. BUT I HAVE GONE THROUGH A TRANSITIONAL STAGE DURING THESE MONTHS OF STUDY WITH YOU; AND LISTEN TO THIS, DR. ROBINSON, I HAVE ARRIVED AT THE POINT, THANKS TO YOUR WONDERFUL TEACHING, WHERE I CAN LOOK AROUND ME, AND NOT ONLY FEEL, BUT KNOW, THAT THESE VERY CONDITIONS HAVE NO POWER TO MAKE ME UNHAPPY; UNDERSTAND THEY HAVE NO POWER TO MAKE ME UNHAPPY. THE GREATEST MANIFESTATION I HAVE RECEIVED TO DATE IS THAT WHICH I HAVE RECEIVED FROM THE SPIRITUAL REALM OF THE LIVING LIFE SPIRIT, IS THAT OF PEACE. PEACE WITH GOD, PEACE WITH MYSELF, AND PEACE WITH THE WHOLE WORLD; AND THE WAY AHEAD APPEARS VERY CLEAR TO ME NOW: I CANT EXPLAIN IT; I JUST HAVE THIS FEELING. I AM NOT A CHILD; I AM IN MY LATE 40'S. NEITHER AM I A CHURCH-GOER; AND HAVE NOT BEEN SINCE I BECAME OLD ENOUGH TO THINK FOR MYSELF. FOR TWENTY-FIVE YEARS I HAVE SEARCHED EVERY MOVEMENT ALONG THE LINE YOU TEACH:- OCCULTISM, NEW THOUGHT, MENTAL SCIENCE, CHRISTIAN SCIENCE, AND WHAT HAVE YOU, AND THEY ALL BACKED ME UP AGAINST A STONE WALL, AND MY CRY WAS, EVER AS OF OLD; "THEY DONT GO FAR ENOUGH". THEN CAME PSYCHIANA, AND MAN CAN NOW TALK WITH GOD, THIS I NOW BELEIVE TO BE THE TRUTH, LITERALLY. DR. ROBINSON, I EXPECT TO GO PLACES, WITH PSYCHIANA; IN OTHER WORDS FROM NOW ON PSYCHIANA AND I ARE GOING TO TOWN WITH GOD. AT LAST I BELEIVE I AM ON THE RIGHT ROAD. NOW I AM GOING TO BEGIN TO LIVE. MOMENT BY MOMENT I AM GOING TO LIVE IT WITH EVERY BREATH I TAKE, WITH EVERY STEP I TAKE, WITH EVERY THOUGHT I THINK AND WITH EVERY

DEED I DO. AND FROM NOW ON I AM GOING TO LINK UP THE REST OF MY LIFE WITH PSYCHIANA. FROM NOW ON I AM GOING TO RECEIVE EVERY BIT OF LITERATURE, AND EVERY BOOK YOU HAVE WRITTEN AND YET TO BE WRITTEN. BOY, AM I VIBRATING NOW; I SEE BEAUTIFUL GREENISH-YELLOW AND A DEEP HEAVENLY BLUE; AND IT'S WONDERFUL. I DONT KNOW HOW THESE THINGS ARE GOING TO HAPPEN, BUT HAPPEN, THEY WILL; YOU SEE. I REALIZE YOU ARE A VERY GRAND & BUSY PERSON, AND I COULD RAVE ON FOR HOURS, BUT I WONT; I'M JUST GOING TO CONTINUE TO BE QUIET AND LISTEN; AND WATCH THINGS HAPPEN. I TELL YOU, DOCTOR, I'M ON THE RECEIVING END FROM NOW ON.

THE ENCLOSED WORDS & MUSIC I WROTE FOR THE RECENT CAMPAIGN; MY HUSBAND COLLABORATED WITH ME ON EXTRA VERSES. IT MADE A HIT HERE IN OUR COUNTY. I HAVE BEEN CONSIDERING GIVING IT TO A PUBLISHER; BUT I HAVENT HAD THAT PURE LEAD YET, BUT WHEN I DO GET IT; SHOOT, AWAY IT WILL GO.

TRY IT OVER SOME TIME ON YOUR PIPE-ORGAN. SOME DAY, DR. ROBINSON, I'M GOING TO MEET YOU: I KNOW IT.

WITH VERY, VERY BEST WISHES FROM A VERY GRATEFUL STUDENT. PLEASE SEND ME SOME LITERATURE TO ME NOW & AGAIN, JUST SO I KNOW THE LINK HAS NOT BEEN BROKEN.

AFFECTIONATELY
YOUR STUDENT.

Dear Dr. Robinson

I feel it my duty to write
to you at this time.

I have received my last
lesson. and must say that
your course of instructions
is wonderful.
you have helped me greatly.
I thank God that I had the
sense to take your course,
and I only wish every man

Here is a little prayer I took from a
magazine some years ago, it fits
in with your teaching so well I
thought I would send it along

Father thou art love.

Thou art the love of the universe.
Thou dost express thy love in true life
true health and happiness and energy.
Life in its perfection and fullness
is a manifestation of thy true love.
Thou art in the deathless and
indestructible spirit of man and
any life that is filled with thy love
need not fear the deadly pestilence.
Father I thank thee that there can
be nothing between thy life perfecting
presence and we thy little ones

and women ²/_{in} the world
had the same understanding
of God that I now have.
and I know they will in time
I am in good health now,
and can do as hard a days
work as any man again,
my worries have left me.
and I am ever conscious
of the creative life spirit.
and am not afraid to tell
others of this great truth.
I hope to be able to take course
Number two very soon, 
I will close wishing you all
power and success in your
teachings of truth

Dear Doctor & Friend

8/11/36

I have never written to you before about what effect Psychiana is having on me. Well in the first place I used to suffer untold pain from varicose veins, and now although I still have the veins, the pain has absolutely gone. And I used to suffer terribly from indigestion for at least ten years, and in that time I could not eat a single meal without taking dope of some kind, either before or after each meal, and now for this last six-weeks I hardly know that I have a stomach! Now just a short time ago, I was making my affirmations one night, when a scene of such beautiful colors came before my closed vision, it was so beautiful that I cannot attempt to describe them. And sometimes when I am alone and going through my affirmations, there goes through me such a feeling of exaltation

exaltation that I feel as if I want
to burst with joy, it is only about
an hour ago, that I had just the
same vibration. One thing I know
that you will be glad to hear, is,
before I had the sincere pleasure of
being able to call you Friend Friend
I used to use an awful lot of pro-
fane language, and now I can
honestly say, I don't do it. Believe me to
remain your humble student

Dear Dr. Robinson;

You are you feeling that beautiful November day just fine and happy I hope. I can say the same for myself, now that I have come from a living death unto life.

Here I am enjoying life better today than I did 40 years ago. I do believe in the power of the living God. Yes I do. Not only do I believe but I know there does exist a power of the living God. I am ready willing and wanting to step in and help us the very minute we will accept it.

Why did I know? Because it has so wonderfully blessed me, it pick me up and gave me a new life after everything else had failed. God bless the day this blessed teaching came to me and God bless the one that found it and sent it to me.

I hope and pray in the name of God that this good work will go on forever and ever and that Phry-chians will continue to grow by leaps.

Even as I sit here and write this letter to you the power is on me so strong I can hardly lay my pencil down. Just a few nights ago the power came upon me so strong it jerked my breath out of my body for a ~~minuten~~ ^{minuten}

Sometimes through the day the power will come on me so strong I can not direct my foot steps, I can't hardly stand on my feet. One night the power seem to pick me up from my bed and hold me tight for at least 5 minutes or more and then ease me down to a relap.

Another night while taking my exercise I saw a beautiful vilage and between me and that vilage I saw a great highway and that highway was the color of a rainbow and I could see people traveling all of them going the same direction.

What do you think was the meaning of that vision not a dream because I was just as much awake as I am right now.

3.

I do so much enjoy my exercise
that I love to see night come and
before I began these studies with
you I dreaded to see night come
because I could not sleep now
I can rest and sleep like a baby

I went to church a few weeks
ago and to my sorrow I felt ^{seen}
condemned and I love not ^{sense}

Will you please tell me what
time you broadcast over the radio
I have tried very hard to hear
you on the air but all in vain

Will you please explain the 12th
chapter of revelations to me. What
I want to know is Who that
child was and who was its
father and another thing I want
to know and that is do we
offer this teaching to the colored
people.

Now don't laugh at this be-
cause you are the teacher most
of the old women in this country
all snuff including myself

but I find myself wanting that
snuff do you think it is a sin
to use tobacco in any way if
you do I want take it up if that
I will. I want to eat meat
if all the time when I don't
use snuff so I feel like there
is six of one and $\frac{1}{2}$ doz. of the
other just as well use snuff
as to eat too much.

Dear Sirs,

Please find enclosed Money Order for \$2⁵⁰ subscription for Psychiana Quarterly for three years. Thanking you for sending me a copy. I think that it is the best magazine that I have ever read, as for the lessons well I have never experienced any thing like them. I have read many books containing the word of God. but nothing to equal the truths of what these lessons have taught me. I have spoke to

many of my friends about
them and one or two have
read three or four of them
they tell me that they
are the most amazing truths
they have ever known. And
why didn't I take up with
it and tell others about it.
every one as I have spoken
to seem to think that it
is the right idea of god.
and they are willing to take
up with it. every thing that
I have undertaken to do as
turned out better than I
ever expected it to do, so
if that is enough proof of
the faith in the living God
I would like to know what
is.

Dear Dr. Robinsons-

your welcome letter was received,
and wish to thank you sincerely
for your kindness in answering
me personally.

No. I have not heard, any
of the persecution which you
speak about in your letter, only
what I have gathered from
one or two circulars, which I received
before leaving Montreal.

One, who is ⁱⁿ the right, need
not fear - he never come
into possession of any thing
that is worth while in this life
without a great deal of trouble.
There is no Royal Road to success.

not even in the spiritual Realm.
 We are so reluctant to part with
 the old!

Some Christians carry their
 religion on their backs. It is a
 pack of beliefs and practices
 which they must bear. At times
 it grows heavy and they would
 willingly lay it down, but that
 would mean a break with old
 traditions, so they shoulder it again.
 But ^{real} Christians do not carry
 their religion, their religion carries
 them. It is not weight, it is wing.
 It lifts them up, it sees them over
 hard places, it makes the universe
 seem friendly, life purposeful,
 hope real, sacrifice worth while.
 Our religion should set us free
 from fear, futility, dis-couragement
 and sin - we know a real
 Christian & when we see him
 by his ~~help~~ buoyancy.

3.

Still, you know all this, but don't
be too hard on those, who have
not been able to let go of the old
way. Jesus said Father forgive
them, they know not what they
do. Truth will triumph!

I am very much interested in
what you say about Toronto
and especially thank you, for
telling me about your early
associations here. The part
about about your being a
member of the Corps, interests
me greatly -

You understand that our
correspondence, is strictly confid-
ential. You understand, that I
have my personal ideas and
I believe all the Army and Church
believe and more, but for my
husband sake - I hope you
will never mention my name

I could write volumes here, but
 that would not be wise. Some day
 I may have the pleasure of meeting
 you. I feel this will be mutual.
 Yes. Thank you, you kindly sent
 me your 'Autographed Photo' which
 I appreciate ^{it} very much.

Bless you Brother, here in Toronto
 believing, the way you do, regarding
 this God Realm? Doubt by any chance
 mention my name when you
 write him. I may meet him
 some time. Where ever you go -
 there are people who would stir
 up trouble. So I don't wish any
 thing of that for my husband
 Bob.

I am sending you just
 such a small offering. You
 will understand how little
 it is, but please accept it
 with my blessing and love

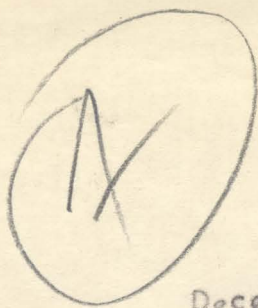

Trusting you will pardon
this hurried note

As you do accept B. Casting
in which you are in the
West, I would like to know
I had ~~one~~ ^{one} or two Broad coats
while in Montreal. It seemed
to bless a number, as I have
received many encouraging
messages regarding the Jews.
If the light of the eternal is
in the life, it will surely shine
forth.

Thanking you again
if you have time, I would
be helped to have a personal
note from some one.

Yours very sincerely,
Jane Peacock

I am sorry that I was too busy on Saturday to mail my November payment on lessons to you, but it is only two days late and I feel that you will overlook it.

Today I rented my first rooms and have an applicant for another tomorrow, after which I will have only one room vacant. That I feel, will not be vacant long for it is said that there are more people in Orlando at this time than has ever been before so early in season.

// I am happy to say that the God Law is working at last and Audrey and I thank you ten thousand times for what your wonderful lessons have done for us. I have a position with a new organization just opening in Orlando, which will develop into something profitable for me. I feel sure that many things will come our way and I want that second course of lessons just as soon as I can possibly get to it. I enjoyed every word of the copy of "Psychiana" you so kindly sent me because I learned many things I never should have known. We are just as anxious as any of your students to know just how the deportation charges against terminated if that matter has been settled.

Do not say good bye to us for we intend to be with you "until the sands of the desert grow cold". Our very best wishes are for and your organization always.

"I had used 8 different doctors here in Overton but only got temporary relief. So I ask my Doctor did he think that I will get well he said No Laura the only thing for you to do is to go back home and lie down and rest. I didn't say a word to the Doctor but I thought with in my self. Now I know I believe in the Power of the living God and this Power that is Sustaining my body will not let me die "When it is my desire to live"

So the ambulance brought me home and I went to bed but would take no

More medicine But Commence
seriously with The affirmation
"The Living God is Making me whole."
I Commence improving right away
and can say that I am able to work
now as good as I ever did and walk for
miles and before then I could hardly
walk across the house without affecting
me. "

I could tell of many other experiences
but I will not just here. Thanks to you
Dear Teacher may this power ever keep
you to carry on this great work.

Mrs. O. O. Stover,
Freeport, Maine

My dear Mrs. Stover:

Dr. Robinson is still in California organizing "PSYCHIANA" units and I am still hoping that you see him sooner than you expect.

We surely appreciate your good letter and your remittance more than we can say. We rejoice to learn of the good things that have come your way since you began your study of this Teaching. Again, this is a demonstration that the Power of the Living God exists here and now and has no limit when ample faith is manifested.

Of course, we want you to continue to write any time and every time there is anything that we can do that will help you realize the Spiritual Truths of the Power of the Living God. And now that you are well, both you and Jessie remember that the great God-R Realm is abundantly able to bring physical relief as well as to bring spiritual peace and power. So manifest all the faith necessary to do this for the Realm of God never fails when the proper faith is manifested.

Count on us to help in a spiritual way, expect complete recovery and write again before Christmas for we expect Dr. Robinson home for a few days about that time.

May the Spirit of Eternal Peace abide with you forever.

Sincerely your friend and Teacher,

Dear friend and teacher:

Thank you for your kind letter, through Dr
Tenney and the hope you have given me, surely
you understand what it means to me for words fail
to express my gratitude to you.

My fate is set to the ^{course} task you have given
me because of the experiences that have come to me.
I believe you are right.

I am on my thirteenth lesson and am de-
pending on its promises.

I have received the twentieth lesson but may I
come to you for help if I need it?

I will try and not take up your time with
my personal troubles but find the way to master
them. but some times I feel beyond my depths and need
a little assurance that I am on the right track.

My colors are very brilliant and I get them
any time I try, night or day and today they were
brighter than sun light on the snow.

My neuritis pains left me two days ago and now
my daughter Jessie has infected sinuses, which she is
suffering greatly from and my greatest desire is health
or healing for her.

Thank you for the autographed photograph which
I prize highly.

Small gift enclosed

May I wish for you what you already have, God's
Love, and Dr. Tenney. Sincerely your friend & student

You asked me to write you before I thank giving so hence this letter. Quite a few things have happend since I received you letter last week and for the better. First of all my Dad. Shows a big improvement in the ~~clo~~ conditions I spoke of, also my brother is fixing things more about the house that has needed doing a long time and has neglected to do them, also I have stopp ed drinking Tea & Coffee which I have

been doing for the last twenty
years or so and I don't have the
appetite I used to have which
I know is all for the betterment
of my health, and there seems
to be a more harmonious
atmosphere all around here
which I am thankful for and
to the Living God Presence and
to you for opening my eyes
again. Oh, how quickly we
slide away from it if we don't
watch our step.

Sorry I am not able to send
or contribute some thing to the
carrying on of the good work but
hope to in the near future and
God bless you and help you
to carry on.

Dear Sir:-

I have just received the group of four lessons of the third course and I am deeply interested and will meet the payments as promised.

" I knew I was undertaking the biggest job of my life, but I did not know the half of it until I had started this course. But I will work now harder than I ever have before so that I will be ready to go out and do my part when this course has been completed. At any rate I hope to and am sure I can. For I have for some years wanted ~~to~~ something of this kind but did not arrive at the right place until I had found "Psychiana".

[I have intended to write to Dr. Robinson for some time and thank him for the results I have obtained from this course of study. So will you, Dr. C.W. Tenney, do this for me, since he has stated you are to take over part of his work.]

I have increased my wages by one third since starting this work, and have not had a doctor for some months for the family, and prior to taking this course either I or the children were sick a great deal of the time. And you ask me does it work, (The God-Law) in the questioner you sent me, I'll say it does and in so many ways that I can not keep up with them."

I remain your Student and Friend,

Mr. James Town,

P.S. I mean the question; "Have you contacted God?"

Dear Mr. Lumsy:

File

I rec'd your nice letter of 11/16 P.M. for which I thank you kindly. I intended answering sooner. But when you are living in a tent and very few conveniences one gets so they don't care whether they ever write. Rents are very scarce and what is available is beyond my means. Well things have broke a little more favorable. I went on a job. on 3rd of Nov. A fair sized job. And I was the (old man). I expected to be laid off that date. But thank God. There was one man. who appreciated having someone on the job. who could go ahead and do things without being shown or watched. Well any way I am in charge of the job. now. And I didn't bump anyone to get it. It's the 1st break I have had in a long time. I have either worked for myself or had charge of work. most of my life. But it seems they

don't want a man that shows gray
 hairs, no matter what his qualifications
 are. Well I am trying to get away from the
 Bldg. game, as a means of a living. But will
 try & stick it out here as long as the work
 lasts. It seemed to me, a new feeling came
 over me, about the time I rec'd your nice
 letter, a sort of new courage & hope. And of
 your message brot it. I will always bless you
 for you don't know the bumps I have had
 the past nearly 5 years. I am enclosing
 one dollar. I need so many things, and I
 am only recently out of debt. Wish I could
 make it more. It is in my heart but not
 in the pocket book. I am tired. With every good
 wish I am as ever. Most sincerely

F. E. Whitmore.
