My dear Friend and Student:

Thanks for your remittance, and the books have been sent, and for your helpful, hopeful, happy report. The manifestations you describe are perfectly natural. They may come again or they may not. In either case, both Dr. Robinson and I are absolutely depending on you to confidently and continually recognize the Omnipotent Presence which is in you, created you and still sustains you. Talk with it. Follow its lead. Depend upon it and realize what the indwelling Spirit, which is God, can mean to you and do for you.

Work with those who know you best, and believe in you most. Let us help spiritually. Plan now to expect and report complete victory.

Never give up, and let us know as the new hope and better days continue to come your way.

Sincerely your friend and teacher,

G. W. TENNEY

Yes I am feeling vibration, they bring
sort of tiny lights around me, which
makes me partly unconscious. I have
feeling that I am being lifted up by
some unseen power. The vibrations
last but few minutes. While
they on I see beautiful vision.

Also the color of the bright spot
is changing: some times electric blue,
orange red, light green, purple, and
some times rainbow colors in circle.

The living God is showing his power
everywhere, happiness, health and success,
is visible in my home. When I seen your
advertisement in the Daily Mirror I didn't
have the money to send for the lessons,
but the longing for truth got the

best of me. I took my little savings
which was to be for my winter coat
and send it for the lessons. That
was the best investment I ever made.
Now I have the lessons, boat and
whole outfit of clothes, and I am
sending \$4 for Gleams over the horizon
and, shall we know each other beyond the
tomb. If that dont prove the power of
the living God to me, I dont know
what will. I wish the whole world
wold see it as you do Mrs Robinson.
Excuse me for boreing you.

Sincerely your Student

Dear Dr Robinson:

Enclosed is my check for \$25. You may send me Psychiana Weekly for a year. The balance of the check is a 'love gift' to help bring the LIGHT to others.

I am eternally grateful to you for the simplicity, beauty and truth of your message. I am sure if more people could know and practise your teachings, we would halt the mad pace the world is going today.

I frequently send you thanks and blessing in my prayers for your message and your courage.

Dear Mr. Robinson-

I rec. Lesson 7. I am sending
 for Leno's weekly. That's the most
 I can spare this time. After
 a while, I would like a couple
 of your Books..

I am studying hard, so I will
 be well - last night, I never
 slept. from Pains - well I
 am asking God - who created
 me - to create a new body - so
 I can walk, that I could go and
 see my friends - & tell them
 of this teachings - Oh how I
 want to show people. God - does
 heal our broken bodies - if we
 Believe in Him. - I am waiting.

God - surely will bless you -
 think what you do - & only wish

a Postage Stamp. - I wish I had
known of your Teachings 3 yrs. ago
I bought books - & gave to an
Evangelist, \$75.00 - but I gave it
up. all they wanted was money.
& I expected, through her, that I
would have my Healing. I was
not stiffened up then, as I am now.
I was Anointed 7-8 times, & not
once - did she put her hand on
me, as she did on others, so I
just thought, she was afraid to
try - when she read the card -
with 40 yrs. deafness. - Divine
Healing. I had seen them, deaf,
blind - & cripples - made well - at
least, that what they said -
I am only going to study your
lessons, & I will come out all
O.K. And may God Bless you
so you can keep up the good
work.

Dear Dr. Robinson,

I received your
Psychiana weekly +
enjoyed reading it I
would like to send in
for this Psychiana weekly
but my children work
at the American Hard-
ware Co. + they are all out
on a strike. + I am do-
ing every thing in my
power to help them
win but it seems terrible
hard at the present time.
The law here doesn't give
the working people the
rights for nothing it

is awful the way the working people is treated. The American Hardware Co. can do any thing, & let one of the strikers just do any little thing & the law will come along & pick him up & carry him down & find him. Mr Bernard Seward is one of the head men in this Co. The union met with ^{the} American Hardware Co. last week & while they were in conference Mr Bernard Seward got up & walked out & taken out another injunction against the striking

people to keep them a
way from the plant he
even tries to keep the
peckets from walking up
& down the street.

My daughter ask me when I
wrote to you to ask you if
you would helps the union
to win so she could go
back to work soon. & when
she drewed her first check
she would send you some
money. I am doing all I can
for them but I feel like I
need some one that has got
more power than I have to
help me. I will close from

Here is my answer to Dr. Robinson's question
whether there is a wonderful change
economically, socially and religiously
it will be only a case of history
repeating itself!

I think nations or races as you
call them will try again to exterminate
each other and those who escape
will band together and start over
again. But I think in the conflict
their God will be lost, so they cannot
claim that their God has done these
horrible cruel things to justify their mission.

Let us hope there will be a new
conception of God established on
the basis of reason in accord with
love and human kindness

Dear Sir:

Weekly

I have sent in for a 6 months subscription for the *Psychiana Weekly*, Mar. 11-40. hoping that you have received same by now.

I have some questions to ask concerning the lessons, would it be fair if I would lend the lessons to those who cannot afford to pay for same. I know that the lessons are mine, - as I ~~pay~~ paid for them, but I want to be fair to your teaching, and the credit you deserve. I would not part from these lessons for anything, - as all the so called

Great mystery of the past have been solved by none other than the teaching of Psychiana! and I'll tell it to the world - and no mistake about that I know full well that finally your teachings have opened my eyes, - after so many years, are there 12 lessons or 24 to this course? I have forgotten, just how many, as I want to be sure,

The lessons will be gone over hereafter - and I will depend on it as my means of future success in life.

For Psychiana is Magnificent
Every now and then I meet on the street in front of some small church workers, - and they hand me a plugger, well here is what I intend to do, the next time they hand me one of theirs, I will reach

31-33

16

In Lesson 17 there is mention of sending my thought to you at 9 P.M. Pacific S. Time: then it must be at least 10. or 10³⁰ P.M. here in Chicago. as you know the time is different. we are 88° west and Moscow is 117° west. the difference is I think between Chicago and Moscow 1 or 1½ hours.

My thoughts to you are peace health success and happiness. and may God keep you and protect you always.

P.S. I am careful what I send in the spirit ~~at~~ ⁱⁿ the real realm to you, so it will be helpful.

Into my pocket - and hand them
one of your weekly papers, - do you
approve of that Idea? I carry the
weekly in my pocket 3- or 4- at a time,
- during sundays, I'd like to have these
questions - answered please whenever you
can do so, I just ~~would~~ want to
cooperate. Not only Wonderful but
Magnificent would be more correct.
for Psychiana. How long has this been
going on?

My dear Mr. Byers:

Thank you very much for your good letter and I was happy indeed to hear from you and glad to know about the miraculous healing you had a year ago. Let me say to you that the Power of the Great Spirit of God exists now, just as it did one year ago and if there are any limitations to that Power I have not been able to find them.

The problem you mention in your letter may seem large to you, and they may seem unusual, but let me say it is common to many people. The one thing for you to do is to grasp the fact that there exists in you now, more of the Power of the Spirit which is God than you will be able to use. Your job is to know this, and to use that Great Power which is in you, against the things which are contrary to what should be. This Indwelling God-Power is in you for you use. It is God, therefore, it cannot fail.

May the Spirit of Infinite Power be with you always and if we can be of any further assistance to you with the Lessons, please let me know.

Gentlemen:-

After receiving help and such a marvellous
healing a year ago now, for my daughter, who her
doctors on the Coast diagnosed her case as Tubercul-
osis. But her doctor here could never find any trace
of it, and she recovered so rapidly and is now
strong and well.

So I'm asking for help again. This time
for my married son who has a lovely wife
and two lovely children, 7 and 2 years of age,
living in Seattle Wash., He is 28 himself,
a boy that is well liked has hosts of friends
(some not so desirable)

The trouble is an old old story "drink"
He quit last Aug. didn't touch a drop until
March and started drinking and is keeping it up. I
don't mean steady but goes on spurs regular.
Please do something for him and make him quit for
all time. If he doesn't he will lose his dear wife &
babies, "she can't live like this forever," so is going to
divorce him if he doesn't quit. He keeps saying he will
quit, but I wonder if he will & when. So please help. His home

would be so happy but for this one thing.
and I feel it is almost more than I can bear.
I have had 35 Physicians lessons and I know I
should not feel this way, but do as if I were up
against a stone wall. So I'm starting with my
first lesson and going through them again.

Please stop my boy from this cure. He is
very dear to all of us. Thanking you again for all
blessings received through you and Psychinia

I Am Yours sincerely

Mrs. A. J. Byre.

My dear Mr. Coleman:

Thank you for your good letter. I was happy to hear from you as I always am from all of my Students. The Hitler and Mussolini circulars have been sent you.

It is our policy to send all prisoners our Lessons gratis but we cannot do this with regard to "PSYCHIANA" Weekly. Our policy allows us to send out the Weekly only upon receipt of the subscription price. I am very sorry about this, of course, but we cannot do otherwise.

Thank you very much indeed for the nice words you have spoken about me and about the Movement. I am glad that you envision the truths of God and I anticipate many future blessings upon you through the operation of the mighty God-Law.

May the Spirit of Infinite Power be with you always. If we can be of any further assistance to you with the Lessons please let me know.

Dear Dr. Robinson,

Three issues of The Psychiana
Weekly have now been received
but not the fourth. I am
deeply interested in every
thing pertaining to Psychiana
but can not of myself to
my own realization operate
the "Law" I thank you any
way for the satisfaction of
knowing certain things
otherwise bound up in
mystery.

I am enclosing a letter from my daughter Ruth in the hope that you can come to her rescue.

Her exams are next week and copying exercise Feb. 25.

There is no finer girl and they all admit that there is no better performer on duty than she. But she lost two weeks or more once before through illness due to cold. Then continuing on the floor with a temperature of 100+ just as she is doing now. They labelled her "not interested in her books" and worked her low, sending her word. She seemed not interested at times, and would love to prove herself during Feb. They say she is better in practice than in theory, and ethics. The management is Catholic and the "Sisterism" does get her goat, making her all the more homesick.

The place was of her own choosing, but she is fed up with it, so she says, "I don't care much". But failing after six months of hard work would just about finish her. It is like a prison to her but she wants to succeed most awfully bad. So please help her get that cap.

She says she is better, that is so that I

won't be worried. But her
writing shows that she is
worse and she is not
fooling me.

Thanking you and with
love and good wishes for
all "Psychiana" Yours
Rose J. Calderwood.

Dear Mom, Wheeling, W. Va.

Thanks a lot for the money. I don't know when I'll get a chance to get my permament though because I don't feel very good.

I'm afraid I won't get my cap. We have exams next week & I don't feel able to study for them. Then I come off duty I'm too tired to study for them. I don't want to tell sister because she'll just pour medicine down me. I'll get well quicker if they just leave me alone. My cat is a little better any how. I sleep all the time

Don't you tell sister
because she'll just bawl me out
for not telling her.

I'm afraid I won't get
my cap. I don't care much anyhow.

If I take time off from the
floor I'm afraid I won't get my
overnight.

I got changed to Womens
Surgical.

Well I guess that's all I
have to say ~~and~~

Ruth

P.S. I feel better tonight

My dear Mrs. Carley:

Thank you very much for your good letter and I certainly was happy to hear from you and to hear you relate these wonderful experiences. If you could sit at this desk of mine with me, for about one day, and see the letters that come over it, you would know that this is really a remarkable work for God and for the human race. I am looking for the time to come shortly in which I can step out into the middle of the picture and bring this great message which can save humanity, to the whole world. I feel that this day is coming and appreciate the fine sentiments expressed in the letters of all my good Students.

I thought I knew every place in the state of Washington, but I don't know where Prescott is. So you write and tell me.

Dear Dr. Robinson,

I know your fourteenth lesson held a big thrill for the rest of your students, but for me, "it was something special." Because I know the lady student you speak of and it was an honor, indeed.

It also revealed to me, something, I must tell you, I have known this for quite some time.

I have experienced many things, these last few months, but this was revealed to me, the night of my revelation. If only, every living person could experience the revelation that was given me, I know ours would be a changed world.

Just last evening, I experienced one of God's great wonders.

I love to go about the house in my bare feet, and while pouring hot water on some cups, some of the water splashed out all over the top of my

foot, but it felt like ice water -
not even leaving a mark, but before
it touched my foot, God told me, "It's cold."

I assure you, this is the most
wonderful teaching I know. There is
a surprise awaiting at every turn.

At times, I have breathed so
slowly, it has frightened me a little.
but I know, I shall get over that.

Mr. Carley, has recovered from
his illness, and is working again.

We will send you some money
on our account as soon as we
can.

Thanks to your teaching, people
are finding their selves at last.

Would you please send
literature to this lady, she really
needs your teaching.

I am writing her, urging her
to accept it. - for her own good.
her address is, Gertrude Cook Page,
High Point, North Carolina.

A friend ^{and} Student

Mrs George Carley, jr.

Student No 29-200.

When we, the human race
venture into the realm of God to the
very full, or so far, God tells us how
to live, Truly ours will be
Life Everlasting.

But until we have all faith in God
and trust God to the very full, we
shall have this last enemy "death"
to cope with.

Did Christ have to give up
his "life" ?- No, he did not.

He gave it up of his own accord.
He loved his fellow beings so intensely,
he gave his life for them.

They beat him, spit in
his face, mocked him, but still
he loved them. He knew, they know
not what they do.

I know this great love
he had, and when we know everlasting
life, we shall know this intense love
of life, Christ had.

Before we can have
everlasting life, we will have to

7,
We so indade with the power of God,
We will live as God.

We shall have complete control
over our bodies, even to the stopping
of our heart.

The breath of life, shall come into
and leave our body ^{so slowly} we will hardly
know we are breathing, not occasionally
but forever. The heart beats are
stronger, the whole body takes on a
different appearance.

When we have learned to trust
God completely, there is nothing that can
or will harm us.

We shall be so protected by God, it
will be as tho' a solid wall were
built around us.

When we live as God
intended, it will do away with a
lot of our "modern fads" and
"concessions". We kill our body
by our mode of living.

Truly we shall eat to live, Not
live to eat.

These "heartly eaters" would
be amazed at the small amount of
food the physical body needs.

We not only gather food of the earth, but of the spiritual, as well.

I'll wager, if the truth were known Christ did not have an ounce of fat in his body, but his strength was unbounded.

The mental poisoning of fear, grief, worry, etc., will not exist to tear down the structure of our bodies.

By doing as God usually tells us to do, we shall truly have "Life Everlasting."

In complete faith and trust God unfolds secrets that no physical being, ever dreamed of.

Dear Dr. Tenney:

I have just received and read 'Psychiana' Weekly of February 3rd and on page seven I note Dr. Robinson says, "We have no Soul" I do not take issue with that statement but in the next column he says, "The peace which the World cannot give ever wells up in the human soul and ever brings the consciousness of God to the human souls". I think I know what the good Doctor means and I do not write as a critic but, when I read this it struck me as being a base on which some preacher or priest who thinks his religion is better than what you are teaching may try to make a point against him.

It is my opinion the Weekly will be well received as it and the weekly lessons do not give us time to forget.

The Doctor's Eulogy of the late Senator Borah is a masterpiece and the same might be said of his answer to "What is the Difference between your teaching and the teaching of my Church.

Dear Dr.

I thought I was going to be able to report something wonderful, for I recd. the "Flash from the Spirit Realm" and was made so extremely happy for about ten minutes, but since then there has been no indication that I am in harmony with it, I listen for the "still small voice"

but there is no response, I
am almost beside myself
for fear I will miss it.

(I told you before that I am
paralyzed on the right side)

In the 15th lesson he says
that it may take some
time for our desires to manifest
It has been two weeks now
since I had the "flash"

Please tell me how to literally
"use the power of the spiritual
realm" and advise me what
to do

Could it be possible I was
fooled when I felt so extremely
happy? How ~~can~~ could that be?

I know that I believe in
the God how heart and soul
and there is no "doubt" in
my mind, but I am so
fearful that I will miss it,
and Oh! I can't do that. I
must not so please give
me minute instructions
as to how to proceed.

So if you will give
me your instructions
as to how to proceed that
will insure my
victory. I will be ever
in your debt.

Dear Mr Robinson

Last week I received the 6th Lesson
that I enjoy as the others study and
read them over and over

also I enjoy your weekly and special
this week (Lincoln's choice), but there is
something that troubles me and I ask for
your help

For long months I was working nights
and sleep during the day and now I am
being dismisst. So I have to look for
a other job and nowadays it is not so
easy.

The reason I call for your help is
that it is so hard to find the ego or white
cloud before I go to sleep

I do all your instructions and go through
me head with all the sentences that is in
each lesson a thousand times a day or night
but before I am so far to see the ego I am al-
ways asleep to tired from working and now
from looking for a other job. that I need bad.

could you talk to the spirit God for
me and help me find a job or could you give
me a special instruction to find it

I have seen the ego only 3 of 4 times
so please let me know what to do.

Respectfully yours

WHERE SAVAGE TORNADO DEALT OUT DEATH AND DESTRUCTION

This happened Feb. 9th may have been in it but not hurt, 88 miles from Americus

This scene shows the path of destruction left by a pre-dawn tornado at Albany, Ga. The ravaging twister ripped buildings to pieces and reduced them to splinters. At least 17 persons were known dead and about 500 others injured. Note how the railroad freight cars were upset. Damages to the South Georgia resort city were estimated at between \$5,000,000 and \$8,000,000.

This lonely chicken, who came through the death-dealing tornado unscathed at Albany, Ga., surveys the wreckage left by the blow. The twister clipped trees and shattered buildings, causing such shambles as are shown here. Early reports listed 23 dead, about 500 injured and property damage at between 5,000,000 and \$9,000,000.

Given to
Dr. Robinson

My Dear Dr. Tenney;

This is Sunday after-
noon and I feel very sad and
depressed. It seems I must lift
this load so I guess that is why
I am telling you.

I'm church this morn. (I still
do go to church once in a while for
the sake of my husband and child-
ren) our pastor the Rev. J. Ray
Houser (of St. Mark's Lutheran
church) gave a very inspiring
talk of the Finnish people and
how God is being challenged to
do something to stop the awful
war against them.

He stated that quite a num-
ber of people have asked him

the question, "Why can't and won't God do something?" Then he went on to tell that right now there is a crisis in the Lutheran church and that is that people are expecting the church to do something about it.

But - he also went on to say that in the next few Sundays he will give the answer to that question, "Why can't God do something?"

He went on to say that surely we couldn't expect God to open the windows of Heaven and let fire down on Russia & Germany and destroy all those people also, he said, "Our thoughts are not God's thoughts." (or vice versa God's thoughts are not our thoughts)

I thought I couldn't sit still in church and right then and there I thought Oh! if Dr.

Robinson would only answer that question, "Why can't God do anything," or rather, "Why doesn't God do something," right to Rev. Houser and ask him to give that answer to his congregation.

I just feel now is the time for Dr. Robinson to step in to the picture. Now is the time without any delay to travel from coast to coast in all large cities with his (Dr. Robinson's) message.

I knew the answer to that question, reading your lessons how could I know other wise for I do believe in "Psychiana". but poor little insignificant me, who is not suppose to know anything or who is not of much importance, why?

wouldn't dare approach our pastor with my ideas. (I love Rev. Houser, he is all a pastor should be, sympathetic and sincere) but me of all people. It takes one a lot bigger than I am.

Why just at the dinner table I was ridiculed for reading your "Psychiana". My mother, husband and even a very dear friend and neighbor did the ridiculing.

I guess that is why I feel so sad. I just can't take it some how and mother especially has told me not to tell any one I was reading "Psychiana". Of course those remarks are too much for me for I just have to argue a little. For if I don't tell other people how will they know the truth

and as I told my people if they would only read "Physicians" as far as I have gone, then pass their ~~opinion~~ opinion. If only some one that had money would give it to Dr. Robinson.

I have often wished if he could get in touch with our ministers' association, because we do have one and they meet usually once a month.

By the way, Dr. Tenney I rec'd the little booklet of Emilie Cady "All Sufficiency in All Things". It is a marvelous little book. but I tried to get my best friend to read it and she says she didn't have time. She is quite busy with church work. I told her God never intended her to make a slave of her self by doing it.

Frankly I get disgusted with her church work. So many people are so busy doing it that they are too busy to find God and when they do go to church they have so much on their mind and so tired they can't even hear the gospel.

I love the "weeklys"; or as Dr. Robinson says, "it isn't the weeklys but God we love."

Dr. Tenney my neighbors sister living some one hundred miles from here, and has been quite ill. I love my neighbor and have met her sister a couple of times. Thought perhaps you could help her. I know you can if you will.

It is Mrs. James Simon
of Deland in her fifties.

They have had 5 physicians
and they don't seem to know
what is wrong. She has been
sick for about 3 months. Her
brother is a Methodist
minister. I just don't know
why they give up so. I tell
my neighbor to always think
of her as getting well and to
say the "affirmation".

Now again about that little
booklet of Emilie Cady's her views

Dear Dr. Tenney,

In the brown envelope enclosed in this letter I have put \$1.50. Now that is for the weeklys.

You will recall I paid you \$1.00 when they were first sent to me, I had asked that 10 copies be sent me, but I think I have 11. However the last one was Mar. 23rd.

So the \$1.50 I have enclosed will make \$2.50 paid in all (for 6 months).

I just cannot do without them. To me they are

like being without my
daily food, for if one doesn't
eat they can't work and I
can't work nor do anything
else, ^{without them} so that's how much I
look forward to getting them.

I hadn't sent the money
sooner as my husband had
been on short time as well as
a 10% cut & then the laborers
had a strike (Mr. Crider though
being a foreman) he hadn't
any work & doesn't happen
to be on a salary, but it meant
that no one could work until
the strike was settled.

I will send another \$2.00
towards lessons just as soon
as I can, but it may be 2
or more weeks

Sincerely yours,
Mrs. Crider

Dr. Robinson asks me to thank you for your good letter, which both of us appreciate more than you know, and more than I shall try to say. Somewhere in my belongings I have a post card which says, "Our best friends are those who know all about us, and like us just the same".

Dr. Robinson would probably have a better Methodist than I am taking care of his Student Correspondence if he could find one.

At any rate I am going to absolutely depend on you to faithfully follow both study and instruction as you keep in touch, in tune, and in harmony with the Spiritual Truth of God. As you do this confidently and continually recognize His omnipotent, helpful, healing, loving Presence, and let that be the controlling impulse of your very life.

Do your best--with yourself, with your folks, with your friends, with your associates, and with all others who know you, believe in you, who will say a good word for you, or cooperate with you.

Dear Dr. Robinson:

Just received Lesson No. 13 and one copy of "Psychiana" Weekly for which I thank you.

Sundays I listen, via radio, to Ministers preaching the good old baloney of salvation, fear and sin. Fear and sin everywhere I turn the dial as if we did not have enough worries and misery so close to us.

As you state in your magazine, your Dr. Tenney is 100% Methodist and the only point you and Methodism differ on, is Jesus Christ.

You have taught me that ALL existing religions are founded on superstitions and dark age tradition and that Psychiana and orthodoxy do not mix. Then, how can Dr. Tenney teach what he does not follow? Do Methodists follow your Teaching or is not Methodism considered "orthodoxy" ?

You state that the way to hell is paved with Bibles and hymn books. Do not the Methodists teach the Bible and cannot get along without hymn books?

Glad to say that I have studied your Lessons thoroughly but I am unable to reconcile how Dr. Tenney can be my teacher so far as Psychiana is concerned if he does not follow what he teaches.

Being of an inquisitive nature I would be very much pleased to receive a reply from you, bearing in mind that in no way am I setting rules for conducting your affairs but in the future I will refrain from requesting advice knowing it will not come directly from you.

There is a certain doubt in my mind hindering my concentration exercises and hope your reply will help to rid myself of it.

song of praise in my heart continuously.
Now dear Dr Robinson I only learned today
of a friend in trouble. Her son had infantile
paralysis last year and is now at Warm
Springs Georgia. I have no details yet as we
met at a political meeting of which she
was one of the directors. In the few moments
at our disposal she expressed surprise at
seeing me not paralysed after cerebral
hemorrhage and I immediately mentioned
the teaching I follow. Just then we were
interrupted - but she uttered three words -
"I am interested." I could not get in touch
with her afterwards or today so I am
airmailing this to you for instructions
I have asked Dr Tenney to send an issue
of the "Weekly" to her with the article on
health. I know you will do all you
can if we take our part & I will get
in touch with her as soon as possible
but I want your advice as she has had
no teaching. I know your willingness to help.
I read of the Snite case in the Quarterly.
I must again express gratitude and good
wishes.

Dear Dr Tenney.

I have twice started to write to you but have hesitated. I wanted to be absolutely sure before reporting.

Now I report "Victory" in the fullest sense. God "walks" with me, and guides my actions, the very thought of which fills me with Ecstasy.

I look forward each week to receiving the "Weekly". It fills a long felt need and I read as much of it as possible as soon as it comes.

I am enclosing a short letter I would like Dr Robinson to read himself, as I started studying with him nearly six years ago, and it has taken all that time to come to the full realization of my oneness with Infinite Spirit.

I also realize what held me back but now the joy I experience cannot be described.

May your work expand every moment of every day. I have enclosed \$2.50 to

renew my subscription for six months.

Dear Dr. Hemeny
I have twice attempted to write to you but have hesitated. I wanted to do so before reporting the absolutely correct facts in the report "Victoria in the Far West" which you have published. I have not words with me and I am sure that the very thought of which fills me with regret. I look forward each week to receiving the "Weekly". It fills a gap in my life and I read as much of it as possible as soon as it comes. I am enclosing a short letter which I like Dr. Hemeny to read himself, as I started thinking with him nearly six years ago, and it has taken all that time to come to the full realization of my views. I have not had time to do so but now the joy I experience cannot be described. May you most cordially and ever remain of every day. I have enclosed \$2.00

renew my subscription⁽²⁾ for six months.
Included in the order is enough - thirty
cents - for three single copies I want
mailed to people here. I will list names
and addresses below. I was much interested
in the article on healing last week and
would like copies of that issue sent
unless Dr Robinson is continuing the
subject in which case please send the
current issue. I am not personally acquaint-
ed with the editor of the News-Chronicle
but I am hoping he will reprint from
it and thus interest others. Mr Emerson
is suffering from Bright's disease in an
advanced stage at 40 years of age and is
an ardent churchman, but of course does
not get better. It seems such a pity
altho I have little hope of interesting
him. In these two cases I do not wish
my name mentioned. I only learned today
that Mrs Dobie's son is ill with infantile
paralysis, has been for months, so I
hope to interest her. I believe he is now
at Warm Springs. I would like to be able
to start a class here, for study and am
"guiding God" along those lines.
My warmest wishes for greater success

and expansion.

Dear Friend:-

Words cannot express my appreciations for your many kind spiritual acts you are exerting unto me in time of need. The truth of the great God's laws, which I am sure you affords in teaching me the truth will not be a miss for I can very readily see the importance of bringing God to a spiritually dead world. And I am using His great law daily, penetrating into that great realm whereas, some day through me you shall be re-embussed both spiritually and materially for teaching me the spiritual and the material laws of God, which I have so long seek to find.

I have just received my eighteenth (18th) lesson but I have miss ten (10) of the eighteen, I have only received the following numbers: 6, 8, 9, 12, 13, 16, 17 and 18 and I would be so thankful to get those other lessons that are missing as I have failed to received, just send them all at once if you care to for I have plenty sparetime for leading and studying for the higher ideals of life, so some day I may serve my fellow man in a much greater capacity.

I also received one of the "psychiana Weekly" which, I sure did enjoy reading it and I think it is wonderful, in fact, I love all of your writings and all of your kindness toward me. Mr Robinson is more than welcome for I am honestly and sincerely trying to prepare now so I may in the future manifest this great God's law for nothing but the truth will set us free and through good men like you the truth shall be reveal and I am sure, like bread you are casting upon the waters shall return with many blessings unto thee.

I will remain, and thanking you again for anything you may do that will bring me to the higher intelligence and understanding of the truth and the laws of God.

I am,

Sincerely yours truly,

In regards to my
"Psychiana weekly" I find it a very interesting

Enclosed find Post Office money order for Four
Dollars and seventy five cents. Two Dollars and
fifty cents for six months for Psychiana weekly.
balance applied on my lessons. If possible please
continue my Psychiana weekly from vol. 1. no. 5.
was unable to renew my subscription account
financial circumstances at that time.

I have received my eleventh lesson they are
certainly interesting to read I have learned
things I never knew before.

I am doing the exercises you prescribe in
my lessons and the "Psychiana" spiritual awakening
I have some difficulty in finding the white
aeria at times I feel vibrations across my eyes
and a light flickering like the northern lights

some times do.

My affirmation for lesson no. 5. was "I am becoming more and more a spiritual healer." That was my intentions to be when I enrolled as a student of "Psychiana" course of instruction. After reading lesson no. 10. About the man who lost his hotel on account of a mortgage about Six thousand Dollars and would get it back within a year. And the garage mechanic wanting a new house and a good car. I can not understand how this can be done through the God-Law.

I have two boys one is taking lessons on a electric Hawaiian guitar. And the other boy on a piano accordion I have these two instruments on installment basis.

I would like to know how I could do it and what would my exercises be in my case.

My hobby is raising gladiolus flowers what I want to know is by using the God-Law and raise larger and better flowers also to keep the thrip off which is a very small insect which gets under the out side leaf and destroys

the flower before opening up.

I am somewhat slow in learning and also a little hard to grasp things is there anything you can help me in this particular case. School has always been my biggest trouble. I am perfectly normal otherwise. I am also giving my Birthday which is Feb. 3rd, perhaps this will help you some in my case.

Over what radio station do you give your programs and time. I have never heard you over the air.

My dear Mr. Ewings:

Thank you very much for your good letter and fine photograph which you enclosed. I am glad to know that you are learning more and more about the Power of the Great God-Realm every day.

The Power of God in you is something like the power in a storage battery. To look at the battery you wouldn't know that there is any power in it, for you cannot see it. But if you push the starter, making the connection, the hidden power in that battery instantly springs into action, and it can start the largest car. When you recognize the fact that this Power does exist in you, it will not take you long to draw upon that Power, and when you do, your troubles will be over. For this Power is far greater than any Power you have ever known.

May the Spirit of Infinite Power be with you always and if we can be of any further assistance to you with the lessons, please let me know.

Dear, Sir.

Will write you a few lines to let you no how I am geting a long with my lessons, I am doing fine I hope. Dr. F. B. Robinson this is the way I have ben thinking a bout God for the last thirty years or moore Now I am fifty one years old. The only thing I diden Know how to handle it so I am learning more a bout it from you I can see longer ways down the road than ev er. I have all ways wanted to help the sick, and I have help a many a one but they did not know it and I never said any thing a bout it just let it go. A few days a go some parties brought a truck driv er up to my place of buissness witch had aten a hambugger and go pouisen on it. The Doctor told hem he would have to stay in bead to or three days he was very bad he could not stratin out. So I go him in bead and told him to be quite for a few minets and he would be all wright, and I went back to my office and in site of thirty minets he go up and talk over the Telephone to his boss in FT. Worth Texas, and in three hours he go up and drove his truck out of the City. So you see things can happen. I HAVE HELP SO MANY THIS WAY BY THE POWER OF THE LIVINGGOD LAW. I have studed my lessons well and well pleased with them, And I allways do my exercise I have settledmy mind definitely on what I need most of all. My dear Mr. Fortenberry:

Thank you very much for your good letter and the \$2.25, enclosed, has been placed to your credit. I was happy indeed to hear from you, and glad to know that you are busy on a new enterprise and I trust that it will be very, very successful.

These Lessons really are Truth because they are disclosing the Power of the Spirit of God, which Power exists in you as it does in me; to tens of thousands of people.

The Power of God in you is something like the power in a storage battery. To look at the battery you would not know that there is any power in it, for you cannot see it. But if you push the starter, making the connection, the hidden power in that battery instantly springs into action, and it can start the largest car. When you recognize the fact that this Power does exist in you, it will not take you long to draw upon that Power, and when you do, your troubles will be over. For this Power is far greater than any Power you have ever known.

May the Spirit of Infinite Power be with you always and if we can be of any further assistance to you with the Lessons, please let me know.

Cordially yours,

Dear Dr.:

Yours

Dr. Frank B. Robinson

I am very glad to have written or sent a payment sooner but have been very busy on a new enterprise which I am confident will be a success due entirely to the acceptance and use of the God-fear as you see it and teach. Truly it is a revelation to me and I know you must have put in many years of deep study to understand so well the workings of the Living God which is ample when one understands.

I have studied your lessons earnestly and have accepted them fully as truth. Even though I am only twenty eight

years old I have searched and longed for an understanding which I did not get from the Bible or Methodist church which I belonged to for about ten years. I was a Steward of the church at twenty.

I know you must like to hear of the marvelous things these revelations are doing for your students. I have had a faulty kidney since I was about five years old and it has always hurt me. From the age of sixteen to twenty five I was a professional boxer and during this time I had it injured five times to the extent of bleeding for as much as ten days each time. A few months ago I considered an operation for the kidney to be removed on account of so much pain. I am happy to say the God-Law

which you reveal has, as far as I can tell, entirely cured this ailment. I think it is a wonderful faith that can cure an ailment over twenty years old.

I might say also I am happier than ever before and success is coming to me. I could write many pages like this but you are busy so I'll just say I'm grateful for the day I answered your advertisement.

My dear Mrs. Goins:

Thank you very much for your post card and I was happy indeed to hear from you and to learn of Miss Choate's recovery.

If you knew how many thousands of people write us as you did, you would know that at long last, the actual Truths of God are being made known to men and women on this earth. For too long have the churches told us that we were born in sin and shapen in iniquity, and doomed to hell-fire unless we believe what they teach. What man needs to understand is that he is the very highest production of God, with all the Power of God living in him. When that conception of God is grasped, the earth will be a paradise I assure you.

May the Spirit of Infinite Power be with you always and if we can be of any further assistance to you with the lessons, please let me know.

what our leader through the spirit

for the living humanity
by bringing to light the

just understand they will
if they will think for them-

my duty to Psychiana I
have not been able to send
my donation for this
reason we are farmers and
there was so much raised
on the farm this year we
could hardly get a sale for
anything for what it was
worth but on account
of the hard winter we have
had, the farm stuff has
made a rise as there was a
lot used this winter so don't
think I am trying to get
around my duty I am
doing the very best I can
I am also doing what

I can't spread the teaching
Psychiana is my daily talk
and I have achieved lots
of good in healing besides
other things such as uncovering
whiskey people that have
been causing trouble in the
community where Officers
could not get because we had
crooked Officers that would
protect them when there was going
to be a raid by Officer that
was trying to break them up so
some one told me these old
dirty men that run these
distillers would take their
little girls as well as boys
with them to these distillers

So I was talking to a lady in
the Community one day and
she told me if I could do
anything ^{that} she thought it was my
duty to do what I could for
I was in the Community
so I told her I would take
care of it & in a few days
these whiskey men was teaming
up one another distillers &
teaming one another up to the
Officers I do everything I can
to prove the power that is
behind Psychiana and
it founds by demonstrating
against these bad things
as well as talking to them
& I have been successful

I am not sending any
names this time I am
trying to get in shape to get
around among my church
member over in Mt Pleasant
there is where my membership is
altho I have not visit there
since I begin studying Psychology
I was a member of one of the
leading Baptist churches in

to tell them something if they
will let me that's my next step
I am gone to make an effort
I have not had the money to do

My dear Mrs. Groves:

Thanks for your good letter. I was happy to hear from you. The sum of \$2.25 has been placed to your credit.

The recognition that there does exist in you the Power of the great Realm of God is all you need to know. When you do recognize that fact, of course, then you apply this Power in every moment of your life and naturally the Power which is God provides the things which you need. I think you will see how simple it is. So then your whole effort should be directed to reasoning out and understanding that fact that God does live in you with all this Power.

May the Spirit of infinite Power be with you always, and if we can be of any further assistance to you with the Lessons, please let me know.

Dr. Frank B. Robinson,
Moscow, Idaho.

Dear Friend and Teacher,

Thank you for your marvelous lessons. They have awakened hope within our hearts and brought us vision of an entirely new world.

May I take up your time long enough to give you, as best I can, some of our experiences since beginning our study of your lessons?

We have longed for a home for several years, but somehow never seemed to be able to have one. After reading the first lesson we were convinced you had something that would work, so decided at least to try them. We endeavored to carry out your instructions to the best of our ability. One day while I was in my room saying the affirmation "I believe in the power of the living God" my mother came and told me of a house that she believed we could secure by paying \$260 to the people who owned the house and assuming the mortgage. Well, Dr. Robinson, that day we had about \$5.00 in cash and an electric refrigerator. We were able to borrow the sum needed and now have a nice four room house, and our payments are less than we could rent a similar house for.

About a month ago I had a most unusual experience, one which I do not quite understand and would appreciate your explanation. I seemingly was having trouble with my back and one morning could scarcely get up out of bed. When I finally managed to get up was so nauseated I could hardly stand up. However, all the time tried to say the affirmation "I believe in the power of the living God," but felt so ill all I could manage to say was, "God." Now it is going to be difficult to put into words what happened and hope I can make you understand. Suddenly I could see a light all around me. Then it felt like sparks of electricity was striking my whole body and I felt real warm and was no longer nauseated.

Although the pain was not entirely gone, was able to walk about alright.

Now I do not want to impose on you but there are several problems I should like to consult you about, if you will bear with me.

We are both in earnest about these lessons for we believe you really know the God Law and more than anything else we are desirous of learning about it and how to contact and use this law. Only once have I been able to relax sufficiently to see the light. When I try to relax I get nervous and sometimes even have to get up. My husband has been more successful and has been able to contact the light a number of times.

We feel sure we are falling down on the job somewhere along the line, for if we were not the two things I am going to mention would not be as they are, viz: First, neither of us are seemingly up to par physically. Second, my husband isn't making the grade in demonstrating employment, having been out of work for about four weeks.

Dr. Robinson, we are convinced the God Law can and does work, and has worked for us, but we want to go all the way and work the law in every department of our lives. We will sincerely appreciate any suggestions you may offer.

Thank you again and may God's richest blessings be upon you, your loved ones, your assistants, and your wonderful service to mankind.

Your grateful student,

Irene Groves

Dear Sir: - I know that you are a very busy man so will not write a letter, but I think it is of interest to you to know how some of the religious advocates are worrying themselves about your teaching "Psychiana". I am enclosing three small pamphlets, or leaflets that was mailed to me last week by some one in my own town, but evidently their religious have not given them enough courage to come out in the light, as they did not sign their ^{name} or say by whom sent, well they can rest assured that it did not frighten me in the least, for that is one thing that just about leaves me after studying Psychiana for a number of years.

Respectfully yours,

The

CULT

called

PSYCHIANA

Exposed by The

SUNDAY SCHOOL TIMES

(Copyright 1939 by the Sunday School Times Co. and reprinted by permission by the American Prophetic League, Inc., 4747-4751 Townsend Ave., Los Angeles, Calif. Price 15c dozen.)

THE CULT CALLED PSYCHIANA

The following letters were received by the Sunday School Times, and the answer given by the Editor of the Times is most illuminating.

Kindly find enclosed a page torn from a magazine. You will find your publication referred to. I had no interest whatsoever in this "New Teaching" until I saw your publication mentioned; even now I think it smacks of bunk. However, I am not so sure that The Sunday School Times did what this advertisement claims—supports its claims. As a subscriber and staunch believer in The Sunday School Times I am interested to know just what your opinion is of this "Strange Phenomena and New Teaching." I want your reply before I send you any money for renewal of subscription.—A Michigan reader.

I am enclosing an advertisement about Psychiana in which they use the name of The Sunday School Times in such a way that one not knowing your paper would take it for granted that you favored their doctrine. They worded it carefully but it creates a wrong impression. I remember the article in the Times about Psychiana and know you condemned it in no uncertain terms. I have a near relative who is led away with it. She wanted me to read the lessons. I read the first two and started on the third, but when I got where it denied the divinity of our Lord I stopped. . . . It is just like rat poison mixed with good food. It is terrible that people are being led astray and will lose their souls with this false religion.—A Vermont reader.

Isn't this advertisement about the lowest piece of rot perpetrated against the public in recent years? It is the back of the magazine section of Grit, October 30, 1938. True enough, The Sunday School Times did print an article

on it—but the way this advertisement is worded, the ordinary man would assume that these articles in the magazines were all favorable to its Satanic teachings, when the opposite is true.—A Colorado reader.

Picking up a copy of the Grit magazine the other day, I was very much surprised to read in an advertisement (full page) of Robinson's Psychiana the following statement: "Large national magazines like Time, The American Mercury, The Sunday School Times, The Presbyterian Banner, The Gospel Advocate, The Lutheran Companion, and scores of other magazines and papers wrote articles about this new Teaching and its Founder. Its fame spread round the world."

The deduction is that all the magazines mentioned have boosted this new religion.—A Florida reader.

A religious teaching is hard pressed for publicity when it resorts to advertising that can mislead the public. These letters from troubled readers, and many other similar letters not published here, show that readers of the advertisement of Psychiana are led to suppose that its teachings have been reported favorably in The Sunday School Times, Time, and the other magazines mentioned. Time (Jan. 17, 1938) had this to say—and IS it favorable?

Reared in the Baptist Church, Frank Robinson had recanted his Christian beliefs, had acquired certain ideas on religious psychology which he wished to teach. . . . Where Frank Bruce Robinson was born he does not know. . . . He became a licensed pharmacist in Belleville, Ontario, beat the bass drum in the local Salvation Army. The President of McMaster University in Hamilton, Ontario, helped him through that institution and its Bible Training School. Ordained a Baptist minister in Toronto, Robinson received a D.D. and doctorate

in psychology from the College of Divine Metaphysics in Indianapolis. Beyond teaching Sunday school and helping at evangelistic meetings while earning his living as a druggist, "Doc" Robinson (as his friends now call him) never preached, soon came to disbelieve Christian doctrine. Said he: "My parents pumped hellfire and damnation into me until I was sick. I just vomited it up." . . . A Beginner's Psychiana course of 20 lessons costs \$20. . . . Advance courses of ten and 40 lessons cost respectively \$10 and \$50.

Psychiana, like other false religious cults of today, reaches many people by widespread advertising. There is nothing new in this anti-Christian and Satanic religion. Intelligent Christian people realized this at once as they read the headline in the advertisement mentioned in the above letters from readers. That headline, all in capitals and the full width of the page, announces the astounding discovery: "Man Can Now Talk with God." And the founder of this "new" religion calls that new! From the time of God's creation of man down to the Revelation given by God to John on Patmos, the whole Bible is a record of the fact, always known, that man can talk with God.

As The Sunday School Times pointed out more than a year ago, in its issue of December 25, 1937, Psychiana "contains nothing whatsoever that is new but is merely another of the old, old echoes of the ancient lie with which Satan deceived Eve in the Garden of Eden: 'Ye shall be as gods' (Gen. 3:5). The same false philosophy has been popular through the ages and finds expression today in many false cults, such as Christian Science, New Thought, Unity, and the like."

When readers of the Times began asking, something over a year ago, what Psychiana really teaches, the Editor wrote directly to its founder, Dr. Robinson, as follows:

Do you believe and teach that "all have sinned, and come short of the glory of God," and

that "the wages of sin is death," both the first or bodily death, and the second death or lake of fire? Also that lost sinners—which means all mankind—can be saved only because Christ took the sinners' place and paid the death-penalty of their sins and was then raised bodily from the dead on the third day; and that sinners are saved only by believing in his sacrifice in their behalf and the redeeming and cleansing power of his shed blood?

This, as you know, is the plain teaching of the New Testament and of evangelical Christianity.

I should appreciate a word from you letting me know your position as to these foundations of the faith.

Dr. Robinson's reply shows plainly his Christ-rejecting, Bible-denying teachings. He wrote:

In response to your letter dated May 7, asking whether I believe that "all have sinned and come short of the glory of God" and the rest of that letter, let me say that I trust that I have enough thinking intelligence and reasoning ability not to believe any such pagan philosophy as that.

There was a time in childhood when such soul-damning and life-blighting doctrines were taught to me, but thank heaven, I was fortunate enough to discover their falsity some years ago, and I assure you that they were utterly discarded at that time. I am also glad to notice that these fanatical and pagan teachings are being discarded by tens and hundreds of thousands, many of whom hold membership in so-called Christian churches.

Such superstitions as these may have been all right in a pagan and superstitious age which originated them, but they have no place in the hearts and lives of thinking Americans today, and I am happy to inform you, in reply to your letter, that they have no place in my life nor in the lives of my hundreds of thousands of followers.

I trust that this gives you my standing very clearly and I shall be happy to have you pass this information to those of your readers who have written you about my teaching.

Thus Psychiana with its founder, according to God's own Word, "hath trodden under foot the Son of God, and hath counted the blood of the covenant . . . an unholy thing, and hath done despite unto the Spirit of grace" (Heb. 10:29).

A circular issued by Psychiana advertises a book by Robinson entitled "Crucified Gods Galore," and says: "This book shows that every fundamental of Christianity existed in heathen religions long before Christ was ever heard of. The book very ably and capably takes all 'divinity' away from the Bible and proves beyond a shadow of a doubt its human and heathen origin."

Psychiana is one of the damnable heresies that God has plainly told us would characterize the end of the age in which we are living today. Those strong words, "damnable heresies," are not the Editor's, but God's. The apostle Peter, who knew and loved the Lord and who said, "We have not followed cunningly devised fables" like Psychiana, "when we made known unto you the power and coming of our Lord Jesus Christ, but were eye-witnesses of his majesty" (II Pet. 1:16), described by infallible divine inspiration Psychiana and the other popular false religions of today as he wrote: "There shall be false teachers among you, who privily shall bring in damnable heresies, even denying the Lord that bought them, and bring upon themselves swift destruction. And many shall follow their pernicious ways; by reason of whom the way of truth shall be evil spoken of. And through covetousness shall they with vain words make merchandise of you: whose judgment now of a long time lingereth not, and their damnation slumbereth not" (II Pet. 2:1-3).

My Dear Dr. Robinson,

I am sending a dime in this for the
 "weekly" I see I do not have with the others
 are missing these all in your nice blue
 book. and the one between March 9th and
 March 23rd (I guess it should be 15th March)
 did not come. Please send it, I like the weekly
 very much. You say though in one that you
 may have Dr. Tenney write all that is in the
 weekly, well if you quit your good writings
 in it. I won't want it. I like Dr. Tenney's writings
 ok. and he is a good looking Methodist Preacher,
 and all that and you know I think the Methodists
^{you should hear our 1st Methodist Preacher sing, he has a nice voice}
 Preachers are good fellows, if they have a piece of
 pie they always give the other fellow half of
 it. But Dr. Robinson don't you dare stop writing your
 pieces in the weekly. I wish you would have
 that piece, about you, that was in that Dec.
 Pathfinder, in your weekly some time. Your

Picture in it is grand - you look sad -
but I just love that picture, and the
picture of your boy is grand he looks
like you - he sure is a fine looking boy.
Have your little girl's picture in the weekly
some times and I must tell you, I think
the lady's picture in one of them is very
nice. and yours in March 23 is grand.
I will send for that new Book soon
I don't forget to repeat ^{very often} "I Believe in

Editor Psychiana Weekly

Dear Sir:-

If I am not out of order I would like a few words in the Weekly; I have been studying with Dr Robinson sence some time in 1935, and will say that it has been the most wonderful knowledge I have ever received in all my 61 years of life. Having been reared in the church, a protestant, and one of the leading churches of the day, which now is to me as a kindergarten is to an advance student, I am looking to God for every thing, Spiritual, Physical and Financial, and it is so simple I cant see why any one cant know God for what he realy is and abide with him continually. Peoria and suburbs contains 110.000 Souls and if among ~~xxx~~ all this mass of folks if there is one Psychiana student I do not know of it, but I hope if by chance there is some here who is reading the weekly and sees this, will call or drop me a card, I would be very glad to meet them.

Dear Dr Robinson: 76

Your weekly
Psychionia, and lessons are
so wonderful. your are a
marvelous man. God sure
does exists. I believe in you
and the existence of the God-Love.
Dr Robinson I read a message
I'm April 13th. psychionia weekly.
of a person asking you if you
object her going to church. as
she missed the sermons. your
answer sure sets in beautiful.
Yes I believe if I had courage
enough with out being criticized
I would organize a Psychionia
Club. especially in our Church
as I am a catholic. and I do

Believe that some of the church
members should have the
Real truth about God. But
Our priest is a wonderful person
He loves poetry and loves literature
etc. and loves to read of
Cardinal Newman. or Newman
so as I say if the Truth of
God could be revealed to all
the members of St Mary's. why
What a wonderful realm they
would be in. not only that but
they would all sit up straight
and with ears and eyes wide
open. and begin to have the
right understanding. but you
said, I would have to dodge
some of the high brows!

Because they would call me nuts, excuse me Doc for saying that word. I should say mentally unbalanced. yes that's what they would say about me. she is or her mind is mentally unbalanced. I do wish some one that has more courage than me. to form or organize a meeting. but I don't know if our priest would approve of it. as he is so pious and always say. God will judge us after death and God will condemn us to hell if we go on living the way we do. or stay away from mass. or stay away from confession and communion

and its a sin to do this or that. so Dr what should I do? I want to help you spread the movement, well I have an idea. and its this. If I can get in contact with some one who has money to spare. I would like a loan or be gifted with \$1,000.00. I have a lot of studying to do on College massage + Hydro Therapy, also review lessons of my course of Trained nursing I want to get ahead. and open up a small business on enrolling students for massage work. and to do nursing work

5

also this takes money to open
a business. I have my little
income. with 4 children and
a home with debts, but still
I know the Spirit of God will
supply me soon! so now
what I promise to do is to
get started as soon as possible
as soon as get the money
I will then come in contact
with different ones as I enroll
them for massage or to render
service to massage patients.
at the same time I will speak
to them on your wonderful
sessions and have them ~~enroll~~
enroll to you to know God
that's fair rent it. and is the

Right thing to do. also
Dr. I promise to help as
much as I can to spread
the movement as soon as
I get my desires fulfilled.
But as I say it is money I need
to get started. so I hope I get
in contact with some wealthy
person who can help me out
with \$1000.00 one thousand Dollars.
Then I know I can make progress
and as soon as I do. I can
help you pass the good words
of truth to others. Tell them
I await for the Spirit of God
to come to my assistance soon
may God Bless you and yours
and continue the great work of yours
your student. Mrs. A. Hot side.

ms agnes hatfield. 30-453.

Dear Doc. ⁷⁶

I believe you can
cure my little child Margaret
age 6 of attacks of convulsions.
Its so sad to see my innocent
child under such a strain
of these spells which occur
every six months. it seems to
be in the stomach region.

I believe you can heal her through
the power of the Spirit of God.
also Doc. cure me of heart
palpitations. and a few strange
marks like warts on my left
under lid and top lid of my
eye. and one yellowish wart or mole
what ever it may be on my
Right upper lid. its shows

up so much. I don't like
these moles or yellowish
discoloration on my face.
Please do what you can for
me and my child Margaret,
I believe in you. I know that
through you and the power
of the Spirit of God. we
shall be made perfect.
and may the fulness of the
Power of the Spirit of God
be forever with you and
your blessed work.

Remittance for your lessons

glad you sent your photo.
but regret I havnt one
of my own to send in

try to give you a mental
picture. am an old that is
57 yrs man or human
derelict "ship without a rudder"
having made almost a complete
failure so far. as you did so
have I to a little extent

made investigations in some 'religious' movements. Have found them decidedly impotent and incompetent along with organized society in general. While that doesn't make an anarchist of me it does leave me decidedly pessimistic.

For instance in answer to your 5th question in lesson No. 1. I call to memory a passage of scripture.

a "generation seeketh after a sign
 --- the sign of the prophet
 Jonas who was 3 days and 3 nights
 in a whales belly so shall son of
 man be in heart of earth.
 another "he rose again the
 3rd day".

according to the written records it seems they were so anxious to have him resurrected they didn't allow near enough time in the sepulchre. You have doubtless realize I didn't get very far in my school studies.

as to the creation, life and existence have been unable to formulate an answer to the Riddle in the 'same boat' as Omar Kayum all except his proposed avenue of escape ie wine which only makes bad matters worse, am doing the exercise as best I can earnestly repeating the sentence but must admit

I fail to bring myself to fully believe what I am reporting. One question in regard to your teaching. Of the common what I have always designated as instinct of animals is a result of our God law. Why do the birds and Beasts of prey have an instinct or desire to kill the little subject of creation upon which they are preying when at the same time the same little subject has an equally developed desire or instinct to avoid being killed. Well I will not take up no more of your time. The only reason (over

I took up this study
 was be cause somehow
 I was convinced you
 were sincere and honest
 and therefore there might
 be some truth in your
 claims. Havnt had cause
 yet to change my
 mind and will try
 'sincerely and honestly

your studies and
 exercises. If any
 evidence at all is manifest
 in my life I will consider
 time and money well spent.

Dr R

(28) Dear Teacher,

Just having finished reading Psychiana weekly for March 16-1940. and think it sure is a swell paper. and should have been published long ago. as it gives the student more spiritual power.

I wish to refer to our Students Column, as this is the reason for this letter. The postscript to Mrs. Caruth's ^{letter} of Georgia regarding the word Psychiana, you said the word was never used before. Well, no it wasn't used, but it was known by this student, as far back, as 1916,

now I guess I better explain. In May 1916 while lying on the lawn of our home in Pennsylvania. gazing into the sky, my thoughts being of God. it seemed as though someone asked me this question Do you want to start a new Religion? Being somewhat startled, not knowing of the God Law. I said No, people would laugh at me, The next question came Do you know of any one who would. I said yes Dr. Robinson. Why I mentioned that name I do not know as I did not know of a Dr. Robinson then. in fact never heard the name before, next came the name, Psychiana. Psychiana, Psychiana, Dr. Robinson, Moscow, Dr. Robinson, Moscow

² all this was in thought
after every thing passed, I jumped up, ran in the
house, asked my mother, Who is Dr. Robinson?
What is Psychiana? Well, the answer I got is,
Why, what is the matter with you, you are as
white as a sheet, I never heard of either.

Well, all I said, I just wondered, not wishing
to discuss, what I just went through. A few
weeks later, I started to travel, always seeking
something, going every where, except Moscow.

In 1919, I met a Mr. Robinson in Olympia, Wash
a very religious man. Now I am wondering, was
this you? if so, you should remember me saying
the word, Psychiana. In 1931 - or 32, I read your
advertisement, answered, took the lessons I could
afford, and have not traveled since, my life's
ambitions always was since a child, To do the thing
Christ done, that is, go out into the world and
heal the sick, blind, etc. and someday I will,
yes, I know the power, at least how to find it,
but still I am having trouble finding it, for some
reason, here of late, I just can't relax properly,
Why, I don't know. I should have wrote and told
you this story before, started too, a few times, but
never did. I am not writing this for to get glory
on my part, as I hate publicity for some reason,
but thought it best to let you know. Someday
after I sell my mining claims, I'll do my part
in Psychiana, as I am supposed too. Hoping
you will excuse this long letter, as I know

you are a very busy man.

Always,

Doctor Robinson,
Moscow (Idaho),

Dear Sir,

Sometime ago, I took one of your courses for which I paid you money, but got no benefit from it, although I carried out your instructions.

Now Sir, I am not accusing you of dishonesty, nor asking you to refund me my money, as I believe you are an honest man, but I want you to kindly help me out of my financial troubles by getting ~~with a newspaper in~~ ~~you~~ me a job with a newspaper in your city, as I have found out some notable information for newspapers. Round here, newspaper men will not listen to me. Here is what I have found out. The Pittsburgh Post Gazette is using a new newsprint paper, which costs much less, than the present article, & is every bit as good. You can save about \$10⁰⁰ a ton by using it. It should interest you, as you are now running a paper. Here is some more know-

ledge. If there are other newspapers in your city, I suggest that you call their owners together, & suggest that you & them club together to send in one big order for this new newsprint paper for all the newspapers of your city. By so doing, more than \$10⁰⁰ a ton might be saved. I do not know, where it is manufactured, but no doubt the owner of the Pittsburgh Post Gazette could tell you. Concerning Hitler, I doubt very much, if he is responsible for the cruelties now going on in Germany. My reason for such doubt is as follows. If you had been living in the days of Napoleon, when he was conquering one nation after another, you would have probably written such an article about him as the one you wrote about Hitler on pages 1, 7, & 8 of Ky-Chiana Weekly of February 17-1940. Such an article about Napoleon, would have been very unjust, because he was in no sense responsible for such wars. Here is why. In the 16th century, that great French Jewish prophet Nostradamus predicted his coming, as well as his nephew Napoleon III & their

war. Also, the grand duke of Tuscany in Italy did so in 1757. These are proved facts. The very fact that these 2 prophets predicted the coming of these 2 Bonapartist emperors & their wars, proves beyond any doubt, that they were bound to come, & wage the wars they did. In other words, they were compelled to wage such wars by an unknown power, so they could not help themselves. I believe it is the same with Hitler, & the other dictators. I believe Nostradamus predicted their coming & their acts, as he wrote predictions from the 16th century to the year 7000, so most of his predictions concern the future. All his predictions of the last 300 years are absolutely true, so that is a strong proof that all his predictions concerning the future will be correct also. Among his predictions of the past are Oliver Cromwell's revolution in England, the rise to worldwide size of the British empire, & its destiny, which he says will last for more than 300 years, & that proves a franco British victory in the

present war, because it is nowhere near 300 years old yet. ~~Hitler~~ Nostradamus said the British empire, would be in an all powerful state for more than 300 years, so it has at least 40 or more years to go yet. It would be impossible for Hitler to keep the war going that long to smash it, so that proves a franco british victory. Then Nostradamus predicted the American war of independence, the great French revolution in considerable detail, even mentioning the capture of the king at Varennes in his attempted flight from Paris; the reigns of Napoleon I & Napoleon III; the last great world war, & many other events that have happened. All these events happened after his death, as he died in the year 1566. Among his predictions of the future is a terrible revolution in Italy, when the king of Italy & the pope will be overthrown, & Italy will become a republic. That event is close at hand. Please help me out of my financial troubles.

yours very truly,
A. J. Jackson.

Dear Dr. Frank B. Robinson: - - -

Again I write you. My last letter was warped much, this may be some also for I have not yet been completely removed from the mess I stepped into. In my searches I confidently studied many branches of occult & religious teachings. Not that I doubted the Presence of God power but the thrust to learn.

In the first I rebelled with an upset stomach at their rules, yet I followed to know. Now I know that no teaching in existence is needed by any one, only recognition of the ever present spirit of life.

Here is what happened. Through your efforts and my desire to grow or unfold I reached the place where the operation of Positive force through me was such that when I slept everyone about me slept. My absorption of master's faces affected all about me as I sent my love to them. Their wills seemed to obey many times. (My desire was and has been to be destroyed if I ever hurt a single human being (knowing it) while I sank into the depth of the life Ray.) Realize what would happen to your friends and students if you were partly hypnotized by some of our (masters?) That was my condition. The God power ran wild for as long as I was affected by their suggestion. I have learned a lot and will remember the things so many could not understand was that when (I thought) that everyone near me knew what I thought. Most of the things that happened are forgotten by

my friends. They seemed to be in a hypnotic state all the time I was. The place was reached where I shouted at my loved ones. Hate began to fill me and my master laughed as I walked among them. Many plans they had. One was to send me into Mexico to be crucified. They my excellent doctors tried to give me dope and when they could not send me to the insane asylum. Only friends saved my fate there. Later through foods they planted dopes & medicines while in a Sanitarium. There they sent fumes up through the floor. Peeped through the walls and listened through amplifiers at my every actions. Not until I began the part of a Magician did they cease. I would have given up for self but I realized that thousands of friends would suffer more if I lost the struggle so as I desired answers were received. I was puzzled when my nerve specialist (a Mystic Member) could not do the things I could. Many nights I stayed awake to keep from the influences conquering me. My life hung by a thread as I only weighed 85 lbs. then (5 ft 7). I laughed at my girl friend and sent her sparks of life hope far out into nothingness and many other things to her that hurt. When I began to see that they knew no love I was slowly released from the spell. All during the time I was fully conscious which set the Physicians on fire, I had Hallucinations yet knew it & remember it. I discussed my trouble with the Psychologists to their amazement

and the cure needed. When their claimed masters did not appear I began to reason as I am forever doing. All along I have said show me the truth & I will believe but you know the rest. It is such a long story that only a few incidences will be related. One very interesting thing was the strange natural phenomena of the rays of my pen light turning into the design of the "Psychic" Torch with an invisible handle, yet a hand holding it. My (The touch of life.) I can under needed conditions think about any person on earth and they know my thoughts, so my desire my prayer every day is. Protect my loved ones guide me in the way of love. Disc me as thou can oh! Silence. Guide, keep, save, me for their sake.

Thoughts became so dynamic that all about me were touched charmed and said the correct things for my progress without their knowing it. Through them natural & children I was taught.

About the pen light. One of my Catholic friends picked it up and turned it on. In a few minutes he was gone and ran from me for several days. Then a group of Catholics came to my bed & prayed for they had defiled (one of them) show they don't remember anything that happened then but I do. They are thick as hops here, those powers.

The torch was replaced by something more amazing. My Good Christian doctors let me alone when I made them see me in a dozen places at once & wavy my eyes. Then began my recovery.

When I told one I was surrounded in a vision by the

pink ray that Christ must have had. He was very troubled. He wanted to know if I had it again. I told him: "When you cut your finger you don't need to cut it again to leave a scar." He left. Again after that I received some similar vision. They come so often that they seem but ordinary things.

I don't know what I will do the next minute neither do I care. I do know that as I am inspired I will act. Meanwhile I stay as close to the love substance as possible. For a time I knew neither time nor space.

The place was reached where my fellow men could be moved like men on a checker board. My decree then was to make no miss step and if anyone was but let it be by their own seeds.

It seems that there are those who will never change without a war. During my illness I was filled with destruction yet continually unceasingly worked for the good the best I could. I even ~~do~~ condemned you for awhile. Practically everyone. Once a few days ago I was quietly listening to Pres. Roosevelt. He began to stutter so I had to take my thoughts off him. The cross roads of all thoughts, all love, all life, all things are to be found a little ahead of our students. That is where the forces of Nature operate from.

Dear Dr. If you have a prayer for me let it be for the best guidance. I have the power but as yet have not operated not until the correct moment.

If destruction is necessary I will wait and see what

happens. The masters can have their magic for awhile. 5.
The funny thing is that when I sink far into the living
God they think I have lost all power. They are unable to reach
those places so think I am no more. I stay there most of
the time. I must keep my thoughts at you for awhile and
about unseen, unheard. Later we shall see what we shall see.
My thoughts of you Doctor are that you be guided to the
highest heights.

Never do I desire to project (by real prayer) my thoughts into
the men of reason except temporarily.

The other day I visited our library to look over a few books.
When I began to look into the Psychology and mystical books
one of the most terrific electrical storms covered our city.
Lightening streaked and the clouds turned a muddy gray
green. Rain poured and there came to me the thoughts:
Seek not here for you have gone further than they. Learn
direct no one is needed to teach from the past. Since then
I am unable to think of the past without Nature Speaking.

Your Weekly magazine has aided me so much by
saying exactly what I needed most at the time. Continue
to write as you are inspired beloved, I will do my best
even though you don't believe it. I believe this letter
will give you a little more strength. I hope so for the good of all.
May love forever extend from your ever presence.

Yours truly
Joe Elgin Johnson Jr
