Dear Dr. Robinson

Pardon me if I disturb you but I wish to tell you that I am completely cured after <sup>being ill</sup> such a long time and I am very glad of it.

And so I should like to tell you about my personal ambition as well as tell you, life has returned to me.

I received my bill for \$34.00. I have kept a careful record of everything and I thought the bill should be \$34.00. I am sure you will check this discrepancy but when you write I request you not to mention my debt as I do not want my sons to know that I owe so much money.

At the present time I have no photograph that does justice to me but will send one later on. I am not beautiful but feel I am attractive with my brown eyes, dark complexion and dimple - at least for a woman aged 51 years.

I should like to have a photograph of you. I beg your pardon for trying to take advantage of your kindness.

With best wishes

I remain

Dear Dr Robinson!

Since I  
don't seem to be able to get you  
and Spiritual Law off of my  
mind this morning I decided  
to write you. I am enjoying  
your lessons very much  
and they seem to help me  
so much I just can't explain  
But any way this is one of the  
things I want to tell you about  
As I wrote and told you of my  
trouble with Hemorrhoids &  
Prostata and that I would  
have to be operated on. I  
had this operation on the  
28<sup>th</sup> Day of August and I  
got along so well the Doctor

hardly knew I had a patient  
I only staid in the hospital  
Ten Days and I healed so  
Rapedly I was back working  
within Ten Days. The doctor  
and all of my friends &  
Trainers was amazed at the  
little pain I suffered from  
a serious operation. I am  
so happy I started my studies  
with you. The God Law is  
showing me each day how  
powerful it is. Now I am  
asking the Speretual Law  
or God for such an increase  
in my Business that we  
cant take care of it all.  
Also I am asking for a new  
Big Bank account and a  
new car. Will you please

Send out Thoughts for me  
along this line. I also  
wish you would send  
your message of the Truth  
of God to my Daughter  
She is ~~so~~ very religious  
in the old church way  
and I have tried to tell  
her of the new God we are  
finding and using today  
but I cant reason with  
her and maybe someone  
else could. Her name  
and Address is as follows  
Mrs Chas M. Jones.

14 Anderson St. McKinney Tex  
Hope this is not asking to  
much of you. There are  
lots of people I know who  
need to find God as He is

But won't listen to reason  
 They are waiting until  
 they are called home to  
 see God on His Throne.  
 Well Dr Robinson I could  
 sit here & write all day on  
 this subject but I know you  
 are a busy man so I won't  
 take up any more of your  
 time so please give me  
 your Best Spiritual  
 Thoughts for I need strength  
 may God Bless you all

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within your mother and may be spoken into existence NOW. Maintain your mother's confidence in The Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then your mother would be very foolish not to avail herself of that remedy.

Dear Dr. <sup>and</sup> Teacher: -

A few days, possibly a week after I wrote you, - explaining my daughter's mental condition, "caused by shock," asking you to work for her, - she went over the brink of sanity, for one night and a day, and all of her family despaired that she would ever regain her mind. I did not allow my self to fear, but kept the faith. - Knowing the "Power of the Living God" could banish all fear, heal, and restore. That night she came through, and has shown much improvement since. She has a long way to go, - as she still is obsessed with fear, and can not altogether control her imagination. To those who do not know the healing power of the spirit, to them her change seemed miraculous.

I repeat I have become strong enough to get the help for all my problems. I did and am doing all I can for my daughter, but I feel her help came through me who thru understanding and application was able to apply this healing Knowledge.

To you I am forever grateful, and "I thank The Father that thou doest hear"

I - after seventy one years - am at last traveling in the right road. I shall never turn back, but continue thru application, and with faith and understanding <sup>you</sup> be able to contract this power - not alone to take care of all my problems. but <sup>to</sup> be strong and close enough to "The Spirit" to help others.

May the "Spirit of The Living God" manifest <sup>in me</sup> the "Spiritual Truth" as Jesus understood it.

Sincerely,  
Mrs Emily M. Allen. 76-34

Help

My Dear Friend and Teacher:

After the most wonderful act  
of kindness you have shown me  
in sending to me the remainder  
of my lessons, I am asking your  
forgiveness in not being more  
prompt in expressing my deepest  
appreciation to you. It was very  
considerate and thoughtful of you,  
Mr. Robinson, and "Let there be a  
way in which you and your  
family and staff will be most  
greatly blessed by the great Creator  
"God". Mr. Robinson I am just  
so overcome with the wonderfulness  
of your teachings that I sit and  
wonder if I am surely one of  
the chosen ones whom God will  
meet in my living room and  
whisper in that still small voice,  
Flourence have courage, it is God.

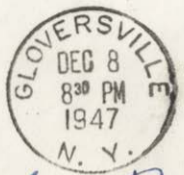

Mr. Robinson please believe me, when I say that is the reason I am just writing to you since receiving the lessons. I have studied all of my lessons very carefully, followed all instructions as you have asked me, performed all of the exercises very faithfully and even my good mother has entered into them with me. Each evening we have our half hour of silence with God, and look forward to it as the best part of our day. I have been waiting, Mr. Robinson for God to answer me or come to me in some way. Up to the present moment our circumstances have not changed but very little. My health is just the same and I am still unable to work. We are still on welfare, we still live in the same undesirable quarters, and my mother has very little work. I have talked to God about it all and told our Creator our need was great. What is it dear teacher

that is obstructing me from getting  
in contact with the God realm.  
Tomorrow I am starting with  
Lesson #1 and going all through  
my lessons again. While I  
am doing this Mr. Robinson could  
you help me out by talking to  
God about my situation. If  
you would I would more than  
appreciate it. I have tried so hard  
to contact God but up until  
now he does not seem to  
be ready to hear me. Mr. Robinson,  
I hope I am the only one of  
these hard cases you have in  
your files. I wish you would  
please answer this letter your  
own personal self. Tell me just  
what you honestly think is  
the matter, as I am anxiously  
and needfully waiting for God  
to help me.

Dear Dr. Robinson, —

To day I am in a  
<sup>great</sup> mood of gratitude for these great  
lessons which are a "life savior"  
to me. Thank you for trusting  
me in advance for the money  
to remunerate you for that  
great trusting favor you are  
bestowing upon me, that  
I may be able to see the light  
of The Living - God, so I may  
begin to unfold the "God Power"  
in my self in a true and  
perfect light, which will provide  
my remunerating sum of  
money, + all it is costing you  
at present time.

Now I will talk about  
my self as briefly as I can.

One of "your students" or teacher has  
no doubt given you my name  
as a subscriber for your  
literature perhaps "Mina Streckie"  
who once lived in Kent Ohio.  
Am I right? Thank her if so.

Dr Robinson I am a knowledge  
seeker and have studied "Guty"  
Christian Science all of which  
I have relished to the fullest  
extent; but I was hungry for  
a knowledge of the essence of life  
through my soul growth,  
which "Psychiana" has and  
is growing me now.

It is acquainting me  
with the God Power within my  
self and I am beginning to  
respond to its unadulterating  
truth very quickly and am  
experiencing (results) very fast  
at present time. All my life I  
have dreamed dreams and had  
experiences out of my body which  
has been a mystery to me, and also  
caused me fear lots of times and

3  
did not want to break a God Law  
also a slight fear that maybe  
I was doing just that.

A cold vibration wold pass through  
me often and a feeling as if  
an inviscable power was  
trying to take me or inter my  
consciousness. Very diffinate  
vibrations one after another, <sup>and</sup>  
a ovy sense of light feeling, &  
many vibrations and I would  
see every kind of a mental color  
white blending into lavender, <sup>and</sup>  
sort of a pale or pastel shade  
of red or I would say faint pink  
blending (all together.) Some  
times I would start to breathe  
deeply and have a sense of ~~being~~  
being (lifted up.) On account of  
breathing I would leave the  
body (for good) I would not  
give in to this vortex of power  
which gave me the belief  
I was leaving the body, and  
the possibility of not coming  
back. A definate light ascending  
feeling.

4

Now Dr Robinson all I am saying  
is true. I do not understand  
it all. The vibrations almost  
lift me up at times ~~that~~ for  
the lack of the belief, I would  
be safe in letting my self go  
where ever my mind would  
go I would break the vibration  
through fear of the results.  
Your time is limited no doubt,  
but I feel sure you will know  
what I am telling you is very  
true indeed.

I am having or  
experiencing sort of electric  
shocks from head to foot,  
at times lately, when I am  
in bed mostly in early  
mornings, and when I would  
be taking my breathing exercises  
nights and mornings. Have  
had trips with an unseen  
person twice, and once was  
beautiful. It will be rude of me  
to try to tell you of these experiences  
at present. Your vast knowledge  
of the Laws of Life will let you  
understand some of these

experiences.

Dr. Robinson my  
 circumstances of finances are just  
 at all good at present as I  
 have a sick husband who  
 is battling with fate. However  
 his outlook is better. When he  
 is employed he commands a  
 good salary. He is a "Food  
 Controller" and is widely known  
 but, his jobs are short lived  
 ones for quiet some time on  
 account of circumstances, such  
 as age 69 yrs. old and his health  
 is (cancer) in the gestation of  
 setting in. An operation of the  
 "Prostrate Glands" is the cause  
 of the result of Cancer setting in  
 and naturally (his work) calls  
 for plenty of prep.

He is again  
 resuming his work for The Strauch  
 Food Control Co. As quickly as he  
 can rehabilitate his financial end  
 of the matter I will be able to send  
 you money I am doing all I can't  
 know how to make

my demonstration in the money  
hope and my call to The Dynamics  
"God Power" has brought him  
this present position which  
started last week and I am  
walking and talking with The  
God Power hourly I am sure  
my demands will be heard  
and are being heard right now  
and then Dr. I will set about  
to send you all I can as  
quickly as I can.

I have waited for quite  
some time before writing you  
of my plight but at last I am  
doing just that very thing.  
Pardon this lengthy letter as  
I know your time is so limited  
for (all of this.) Trusting you will  
understand and pardon me for  
persecuting upon your valuable  
time. Words of Gratitude to you  
and your great help in my present  
need, privilege and I am sure I will  
be able soon to prove my gratitude  
for this privilege of learning the "God Law".  
Very Sincerely, I Remain, Please Attend  
(Thank You.)

Sir:

Today is Sunday although not a very nice day, I felt writing few lines to let you know about me.

In June, I received a raise on my job, then after few weeks the shop or the yard went on strike, but before of the coming strike I joined the union, then strike come, lasting a week, we win the strike and again I was raised on my salary.

Now I'm working for my seniority or the "letter" meaning another raise, after that I'll be working for my vacation.

On my lessons I always get good grades and the lessons seems more clear. I have received the third progress certificate of the third review, now I'm working to get a good grade on the fourth coming review to get my other and last certificate so I can get my Technical Study Certificate then comes the training and then I'll graduate then my diploma, which I'm working very hard to get or working hard for it.

I do not know how to tell my thanks  
for your help you has given to me.

In all this time I see a small light  
in front of me and when I ask for  
something I need I hear a thin noise,  
that is when I'm very, very quiet.

I'll ask you to write and answer  
me And thanks for everything not  
from now but from the first time  
I read your message.

I thank you again

THE ARROW  
THE MILWAUKEE ROAD

Dr Robinson

Dear Sir

I am writing you a letter to let you know how pleased I am with your lessons and how they are opening my eyes.

The trip with you to see the planets is wonderful now one can hardly believe the long distances between the earth and the sun and the other planets and the speed the travel.

I am glad that we can see God and his wonderful work.

I read your book and I talked with God I can see it know and what you went through with so that I and others who want to see can see the wonder of God right here.

We worry about wealth Happiness  
Health and you show us what God  
is doing right know for all who  
will find the way.

It is wonderful to think how we  
live here and do not see what God  
will do for us.

When we find the invisible Power  
and abundance of everything we need  
and no limitation to this Power  
because it is Gods it makes me feel  
new all over.

I am so thankful that I answered  
your inrollment for your lessons on  
Psychiana and the wonderful work you  
are doing and to think that it is for  
every body that makes it much better.

To think that we have lived for years  
and did not know anything about how  
God works with us and to learn now  
about the great staggering truths of  
the God Realm and bring to every  
one using this law and abundance of  
everything needed.

I am just writing you a few lines to  
let you know that I am getting  
along fine with the lesson and I  
love to read them.

I am a railroad man here in Sioux City,  
so I am writing this letter to you at

Dear Dr. Robinson:

This is going to be a long letter. One cannot write in a few words the important happenings since my wife and I became your students in June of 1944. To enable you to get a picture of the several events in proper sequence we will present them as a report to our teacher.

1. We both are deeply in love with your wonderful guidance and send forth the thought "Let there be good health for Dr. Robinson"

2. Wife and I were both brought up in very good Christian families and having been taught the usual church doctrines, soon drifted away from church influence after our marriage, which today has exceeded 31 happy years.

3. We are both healthy and having raised one daughter, now married, find ourselves more and more in need of each other. We are very happy.

4. Speaking for myself, I am a Creative Mechanical Design Engineer with a very definite photographic mind. I have been designing machinery for nearly 40 years, and until you showed me a few things I used to believe I was doing the creating myself. Now I don't believe it. You have proven to me that the God Law was doing the guiding for me. Splendid! The last job I was assigned to I actually invited the God Law to help me and said "This will be a lot of fun" and believe me while I was "pushing the pencil" I was thoroughly enjoying it; in seven days I made thirteen large drawings and completed the job - customer was satisfied. I never saw my work go so fast!

5. During the last six years, in a business venture, the accumulation of associates and various business dealings caused me to "pull out" and having supported ourselves for a long time, because of the above reasons, we actually got down to \$50.00 in the bank. We also got our heads together and agreed to put the God Law to a test (we had been faithfully studying all your lessons over and over again since June of 1944). What happened?

The phone rang and an old customer of mine requested me to design a machine for him. This was for \$100<sup>00</sup>. Now we had \$150<sup>00</sup>. Three days later another associate offered me a three weeks contract at \$75<sup>00</sup> per week plus expenses. Two weeks later he offered me another contract for three weeks at \$80<sup>00</sup> plus expenses and am now on the third contract at \$90<sup>00</sup> per week. Thus in less than ten weeks we have been guided to \$1000<sup>00</sup>. This detailed report is the thing we live by so it has a definite bearing here.

6. I have a patent about ready for issuance which has been set up for franchising and the U.S. Material Command at Wright Field are after 2000 of the units. Our future is good.

7. It has been to me a wonderful pleasure to be able to be in spiritual harmony with my wife. We are continually helpful to each other.

8. As much as twenty years ago I used to be really frightened by a condition of my eyes. To describe this condition I must explain that while my heart and body functions would remain perfectly normal, I experienced the sensation of slowly rising; my vision would see all room surroundings become extremely small and naturally I became alarmed; would do anything, such as washing in cold water etc. to stop this effect. This condition continued for about 10 years on and off, then it stopped (after my continued resistance). But, tonight while I was re-reading your Lesson #12, last page, a very wonderful thing happened.

"I repeated the affirmation "Let there be money for my needs" and while holding your lesson 12, last page in my hands (my wife was reading her lesson too) my vision became diminitable. This time I said "I am not afraid" and

believe me I went higher than I have ever dared to go before! To further describe this feeling, my sense of proportion was, that the actual size of your lesson sheet appeared to be about  $\frac{1}{4}$ " long and  $\frac{1}{16}$ " wide, but I could read every word on this sheet under this condition. Remarkable to me! For at least 15 minutes I allowed this condition to continue and until I no longer felt an upward surge. Then it was that my beloved father appeared before me, now passed on for 26 years and then my mother also. Then appeared, eyes closed, the most gorgeous royal blue I have ever seen and in the center of this blue a very large shiny gold nugget, finally disappearing in a blanket of more royal blue. I did not further stress my vision but slowly returned to normal vision

6.

without any ill effects at all.  
While I was in this condition I  
checked my heart action and it was  
normal. I will never be afraid ~~again~~  
again.

This letter perhaps is the longest in your  
record, but I feel that you should know  
some of our background.

Sincerely your faithful students.

If you are unable to see easily the "lighter area" in your field of vision when your eyes are closed, then do the exercise without seeing it. Just continue to project your thoughts into the Cosmic Realm of the invisible God-Power, and remember that what you are doing in this exercise is actually attempting to throw the God-Power in you into play. So, be faithful in this exercise, please. It will mean much.

Dear Mr. Robinson

For a long time I have searched or wished for the real truth about God and at last I am finding it. The kind of religion I was taught was hard for me to understand. When I taught Sunday School, I was not so sure of some things. I listened to sermons etc. and some didn't make sense.

When I was a little girl I would wonder about the truth about God, but was afraid to say anything to any one or ask questions. Some times I would talk to some of my classmates about some things concerning God, but they always said "lets drop the subject." However I am so thankful that at last I am finding out the truth. Bless you, & the person for sending in my name.

For quite a while I have been on the wrong track and I really need something like this to straighten me out.

What shall I do when this happens?  
One more question please, or rather  
its more of a request or favor, please  
enlighten me a little more on my Daily  
Procedure especially the second pro

I want to be happy, for I have been unhappy for quite a spell, not any too successful & not any too healthy. So you see I need the God-power very much.

I am trying hard to comply with the God-Law & I have an active desire & will to do ~~it~~. I try to do all of the things you ask me to do, but I have a little problem that upsets me a little. I can't seem to find that little white spot at night when I try to relax. Won't you please suggest or explain just exactly what I should do? Or the reason why I don't find it.

Again I must say I need the God-power very much especially to make me healthy & happy. So please help me a little on this.

Thank you Dr. Robinson

Dear Friend and teacher:

I have received my

them every day and enjoy doing  
it. I am getting a lot of satis-

These lessons however I am  
forced to keep hid from my husband,  
and the money I'm sending for  
the lessons. I dare not ask  
my husband for - I am

sending the few dollars I managed  
 to get to gether without my husband  
 knowlege. There may be times when  
 I may fall behind in payments, but  
 you will be sure of getting <sup>it</sup> sometime,

 if you wish to Cancel my lessons you may  
 do so. I am sending enough this  
 time to pay up to lesson (6)

Dr. Robinson, I know the "Spirit  
 of God dwelleth in us. and believe me  
 life seems a lot worth while living, since  
 I have read your lessons.

I have started to read the bible  
 through again (I've read it three times  
 before) and some how the words do  
 seem clearer to me this time, or  
 more understanding.

I am just a little bit puzzled about the power being the same as that sent on the apostles the day of Pentecost. Is there any one living today Capable of speaking in the <sup>same</sup> tongue that languages and nationalities of all kinds understand? I think they were able to do that the day of Pentecost, when the "Holy Ghost" ascended on them from heaven or from God.

My people parents and relatives are Church of Christ people, when I read the lessons to them, they were not agreeable with everything you write. but I have my own salvation to work out and

so far I have received a lot  
more satisfaction out of the  
Physicians religion then any other  
religious doctrine.

The Physicians religion is for unity  
and that is what we should have, and  
I know the only way to achieve that  
is to worship the "Spirit of God" forgetting  
all other Creeds and doctrines other then  
what is written in the "Holy Bibles"

I thank God for the privilege  
of living for him, and for the life  
he has given me. And I thank you  
for making me understand the  
scripture more fully.

Dear Sir:-

I am enclosing herewith six Dollars and twenty five cents which I believe is payment in full for the course in Psychiana.

I have received some material results and I will receive what I expect very soon, I know that as sure as I am sitting here writing this letter.

I received lesson twenty which is the last of this course, and I must say I am very sorry for I looked forward to them with the highest of anticipation, al-tho I am afraid I havent been a very good student for at first, the reaction from a lifetime of theology and the belief therein gave me quiet a jolt when the beams from the light of truth began to drive out the darkness of ignorance. My experience with Psychiana has been very interesting, but the story is to long to bother you with it as I know you have more mail than you can read.

I believe you should continue with the PSYCHIANA BULLETIN by all means in Magazine form about 7 1/2 X 10 1/4 and the type just a little larger. 25cents a copy. Published thice a month. \$6.00 a year. I am sure you coul find a letters that come in to you that could be published under "Frutation From the Light of Truth". I am sure you could find an Editor that would follow your policies to a letter. I am sure you could get National Advertising that would carry the burden of expense, I am sure you could do much better than your old friend Ernest Holms "Science of Mind". I believe Elseguenao Calif. would be a good location for such a venture along with Moscow Idaho.

I am going to take your next course after the first of the year for I want to go over this one again, and I can truly say--wonderful--. This is the first issue of the Bulletin I have received, therefore the comment.

Sincerely your friend in TRUTH,

Lionel J. Averitt.

If you have no obstacles to overcome in life, your life is very useless. But if you have obstacles, it is because there is also, with the obstacles, a means to overcome them. There can never be one single thing in your life, be it poverty, be it unhappiness, be it poor health, that the God-Law cannot overcome. It's here for that purpose. Don't fool yourself that it isn't for you. That's really laughable. And yet we have people who have said to us, "well -- I believe the God-Law exists all right, but it can't help me." If that's the way you really feel, then you'd better throw this teaching away for all the God-Laws in the universe can't help you if that's your attitude. But I don't believe it is your attitude. All it takes is a little thought and courage, and a little common sense.

Dear Dr. Robinson,

Have received my third lesson, and have no problems to take up valuable time, but as instructed on the "Lesson Direction Sheet" at this time "Write in as regards experiences up to now" will merely drop a line.

Have not reached any degree that may be considered startling up to now, except that my entire concept of life has changed. I can already see the very GOOD connected with your wonderful work, and of course am looking forward in great anticipation.

Have traveled over the world some, and have attended many lectures on metaphysics, Yogi, philosophy of life, psychology etc. And found a great deal in the work of AMORC the Rosicrucian Order at San Jose, having been a member for seven active years, and so long as I followed it, had made some progress, BUT will say this much, they teach of a Cosmic Conscience, which is similar to the awakening of the God Power Fact. BUT, though I went through all of their degrees, I never found it, and to me the wonderful thing is, the GREAT amount I have already found out in your THREE lessons.

I have nothing against their work, as I feel that it too, is good; but, your work advances a more clear understanding. At least I grasp it quicker. I believe, and I have a FAITH that I can FEEL growing daily, and I know that I will gain much from your work.

Thanking you very kindly in advance, I am yours  
Sincerely, and ONE with God,

Dear Dr. Robinson:

Some three weeks ago I received your entire course of lessons and have now completed the reading of them. In fact, I am now re-reading them and consider that soon I will have the necessary ground work laid to start putting their ideas and practice into the fullest possible use.

The information contained in these lessons comprises some of the greatest reading it has ever been my privilege to acquire and I only wish that everyone in the world could read them. As I am quite satisfied that nobody can read Psychiana without learning how to live as they should live.

I fully believe that in time I shall acquire all the wonderful results you claim can be obtained and sincerely wish to thank you for the marvellous teachings you have placed in my hands.

I am so anxious for the next lesson.

I work with children, and my work have become so heavy, and I have received more children it takes so much of my time, since I have started to study with you it seem there is hardly a day now there is some one asking for entrance for there children into my home, but I find I will have to dismiss some of those I have, for I dont have enough time for my studies. I want to say again your lessons are wonderful, my health is better all around is better, still I feel if I could give more time I would get more out of my lessons. Dear Dr. Robinson:

May I drop you a line of thanks for the lessons received thus far - I read the ninth lesson yesterday - I read and studied about an hour last night before retiring - then had the most wonderful experience I have had during my life time.

I have had a chronic condition in my left side from my waist down for the past 12 years. Have had several operations and some of the latest drug treatments all of which, gave me very little relief. Last night, as I looked into the bright spot - there was a feeling of being lifted out of this body into a beautiful field of snowy white - up and above all this suffering -

I awoke this morning feeling better than I have for such a long time - I feel quite positive, now, that I shall be healed entirely - and I am very thankful to you for your wonderful teaching -

I only hope that I may have the success I have worked so hard for and am expecting hourly - that I may be able to comply with your request for all the cash that is due you -

You will find enclosed in this letter - \$6.75 cash - and I shall send the balance at the earliest date possible - I want to thank you again and say God Bless you and yours in this wonderful work -

Yours truly,

Regarding your friend you speak about, it is completely up to you. You will understand as I do that the Power of The Spirit of God is limitless in its ability to heal. At this point, if your friend can grasp that fact, he can be healed. But, your friend will have to manifest faith enough in the Realm of the Spirit of God to accept the healing. If you have the faith, you can explain it to your friend, and if you will look at your Lesson on healing, the method of doing it is disclosed there.

My dear Dr. Robinson:

Thank you for making our bill smaller so that I can pay it off. I am sorry you had to do this but as I explained to you when I ordered your new book, my husband is a scoffer & wants no part of the God Power.

He says he wants to continue enjoying life, which includes drinking too much & all the other material pleasures that really accomplish nothing.

Personally, I am amazed at the things I have accomplished. I have more natural pep than I have ever had in my life. I carry a 15-20 lb. bag every day to earn my living, & his too, and before it just about killed me to carry that much just two blocks from the store. Until I went into this work and took up your lessons I was friendless in this strange town, but now I can't count my friends. And,

2) I find people are receptive to the God Power. They listen & seem to want to know more. I have a little girl six years old who runs to me every time I enter her home. She was hurt at birth & hasn't the proper use of her muscles. But each time I call I see the biggest difference in her. As surely as I sit here, I know God is working to make her whole.

May I take your precious time to tell you a little more. Last July I was supposed to have pneumonia and was put to bed for three days, when I refused to stay in any longer. My temperature was well over 100°. When I felt that I was becoming unconscious I got up before anyone else and got my breakfast & washed & dressed. In 24 hours my temperature was normal.

I do not regret those three days for while I was resting I had a wonderful opportunity to dwell on the Spirit of God. But, believe it or

3) not, I tho't I was "going nuts" like I am told that I am every day. It took your book to straighten me out, for I did sneak a look back through the middle of it before starting to really study. I saw pictures, moving pictures, that I can't explain, but they were wonderful and I thanked God for them at the time. I was never so happy, but I called a halt to them for I tho't I was nuts.

In one picture I was about  $\frac{2}{3}$  of the way up a dark hill, alone, and in the distance, just over the top of that hill was the brightest day I have ever seen. Now I understand that. I would like to tell you more about these pictures but I know you are busy & anyway this one was the most significant.

Thank you so much for sending the book. I am enclosing check for ~~10.50~~ \$10.50 in payment of the lessons we received & which have meant so much to me.

Dear Dr. Robinson  
It gives me great joy and pleasure to make a few comments to you on your wonderful teachings through these lessons on Psychiana. Never before hath the truth of the "God-Law" so lucidly and manifestly been elucidated or propounded to me.

These were the facts I was blindly trying to discover for years, but failed, until recently you've introduced yourself and your masterful teachings to me.

I must say indeed with truth that "lesson 12" has given me a clear path and more impetus than any.

This "lesson 12" has opened my thoughts to things blissful and a desire to ever rely upon the existence and Power of God.

Dr. Robinson believe me you are a real beacon to modern civilization. I have accepted your teachings because I've proven them

to be nothing less than real facts.

Although I have been very delinquent with my contract to you I know you will consider me and have patience with me. I am a poor man and recently I have been involved in good expenses in trying to get myself a home.

Since I've returned to work the weather has been very inclement for most of the time, hence, I was not able to even meet the promised requirements on my home or neither you.

I am exerting every energy by the help and power of the "God-Law" to bring to you at my earliest that which I have promised. Will you have patience with me?

Thank you.

Enclosed please find ~~Three~~ dollars (\$3). I really thought that I would have been able to forward you the balance due in full, but, owing to the recent storm I have failed to do so.

Have patience with me, I shall pay you all that's due.

Dear Dr. Robinson- I just wish I could find words to tell you how very happy to think I wrote you after I found your ad in the paper. I am so sure of every thing now, and it is because I have found "GOD". While the the selling of our oil leases hasn't come about as yet I know it will be for very long.

I follow the exrecises as you told me to and my work goes so well and I seem to be doing so much better in every thing I start. I am trying very hard to get my husband to study with me, but like so many he feels that all he will ever have is from hard work, but he is doing better to now ,he can see that. But I ask the Liveing Spirit of God to guide him and to take care of him at his work. He has had so much pain in one elbow for some years. It was a fractured elbow caused by over work when he was with the telephone company and they put him on a very small pension after so many years of service to them. But sense I have been studying with you I have ask that these pains leave his arm, and he told me not long ago he had had no pain in that arm for some time. I was very much thrilled to.

I try to make others see that I am much happier but they laugh at me about it. I am not letting it stop me in the least. The church where I went is rather peeved at me the preacher turns his back when he sees me comeing, he does not know of the lessons, but he is the only one that is right any way so it would just be a fuss if he did know. Any way I am happier than at any any time sense we have lived in this little town. It seemed at times like I just would just have get away from here. People here are so very religious and they wealy are not christians at all, but they think going to church is all that is needed.

I keep saying all the time in my thoughts or thought realm " We will sell our oil leases". And I repeat that over and over until it seems a part of my every thought. When I get to thinking of things that are not good for me I start that and the other thoughts leave,

I have written much more than I shoulf have but I am deeply gratefull and so thrilled at the new life I have found.

Very sincerely

Dear Dr. Robinson\*

I was very much pleased to get your letter of Nov. 29th. It has set my mind at ease.

On November 11th, my husband was taken <sup>ill</sup> suddenly, and it was 1:30 in the morning. I did not know what was the matter with him, but was so afraid it was his heart as he was having trouble breathing and had so much pain in the chest. I did all I could for him and in the morning a neighbor took him to a doctor. And after dinner we went to another doctor as Mr. Beckley was not happy with the first one and he was no better. But at supper time he was still in pain and I did not know what to do, and then I thought of my lesson where you told how to put the right hand on the forehead. I did this just as you told us how, and before my words died away I knew just what to do for him. I started using hot packs and in ten minutes he was better. And by bed time he felt so much better, and from then on he got better. He laughed at me as he said the tablets had started to work by then. But he will give the hot packs credit to. So I am sure he feels that it was all right.

When we came here four years ago, I was so happy to be in a small town as I felt that I could go to church and find many friends and really enjoy it all but how mistaken I was. They were nice at first and I was asked to make some fancy work for a bazar, and I did it gladly. They did even give me credit for the work and it brought them nearly \$10.00. And after while I just had to stop going to church. I could not stand the snobs, if they had, been for a good reason I wouldn't have minded. But it was simply because we have nothing but a small pension and what we work for. I was very much alone and some times it seemed that I could not go on. But since I have had your lessons I know I am not alone even tho I am the only one in the house. I can sit for hours and think about the lessons and what they teach and I can talk to the Living Spirit and feel that I have someone right by me all the time. The snobs don't bother me any more, I just feel sorry for these people that go to church every Sunday and think they are "Saved" and so much better than others.

I do want you to know that our home since the night Mr. Beckley took sick has been so much nicer. He seems to have found the Living-God also, and every thing is so peaceful and quite all the time. It is not the same place at all. I try and not get cross and when I do, I might soon stop it.

I am making this letter too long so will close and thanks to you for all the help you have given me. Or I should say my husband and I.

I am so happy the thing  
I've been wanting I believe  
is coming true. As I wrote  
to you before I would like  
to know people of the Psychiana  
faith I want to get together  
and unite, have meeting places  
spread truths as we have found  
and are gaining.

I received a telephone call  
last Friday the 12<sup>th</sup> was invited  
to some kind of spiritual meeting  
that it was in benefit of <sup>some</sup> minister  
starting of a new church of his own

Also she said they was another minister  
going to be there with some new idea.

Every thing went lovely and when this  
Rev Cross I believe was his name he said  
he was not quite ready yet to give  
out what he wanted to say, he didn't  
say what his realigion was but I  
could tell he was of the Psychiana -  
movement every time <sup>to</sup> spoke I stepped up to  
to the minister that gave me my lovely  
message and I asked her what his name  
& what realigion she told me he was  
her husband and that they were of the  
Psychiana faith believe me I was  
happy to meet some one of my own  
belife. How ever he is going to give out  
and talk of the "Psychiana, truths" <sup>in the</sup>  
<sup>weeks or</sup> <sup>so</sup> It was in the D. room of the Barlum  
hotel down town and if this is true  
I am going to see that each Sunday  
evening there are going to be more &  
more people go their & learn of the  
Psychiana faith. Sincerely Florence Belan

My dear Mrs. Belk:

Thank you for your lovely photograph and good letter of recent date; also, thank you for your remittance of \$5.00. I am sorry to hear that your husband is not well.

If he actually believes that The Power of The Almighty can instantly heal any disease he might have, it would not take him five seconds to claim that healing. So, in addition to holding the thought that he is going to be healed, he is going to have to act as if he had already received the answer to his sickness. It is the acting as if he had received it which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

May The Spirit of Infinite Peace be with you always.

I never got started the  
way I should in my search

Truth about god and just  
how to find him, and  
as the year goes by it

GOD LOVING ! GOD LIVING !,  
Frank B. Robinson!

You will please note the time of day that "I" am sitting at my typewriter, and as I type, am talking to you.

Allow me first to thank you for the wonderful "I'll call it a handout", because if I had not got it from you, I would not have realized how close GOD is. In continuing to write, excuse any errors of spelling, because I am writing this as if I were talking in to you, and will not stop to make corrections.

Today I recieved lesson TWENTY FIVE. It laid on my desk all day, in sight of anyone who cared to pick it up "I leaving it in sight purposely", and it worked, my associate reading it when I had left him alone for a while in my office.

I had spoken to him, as well as many others, about the "GOOD" I got from Dr Frank B. Robinson and Psychiana, and to my surprise I got rather a dissapointing criticism from my friend, who had been reading Lesson TWENTY FIVE. Particularly Page fourteen "14".

IF this was not my second course of study with you, and I picked up the pamphlet as he did, I perhaps would have made the same remark. Anyway, I will say in answer to his criticism: Where ignorance is bliss, it is folly to be wise. OR "GOD" forgive them because they know not what they say: Or better still "What they are missing.

THANKS TO YOU and to "GOD", that since studying your two courses I have been able to proclaim having something worth while, and better than any study which I have previously known, especially having been a student of Christian Science.

While reading your lesson Twenty Five today, I paid particular attention to paragraph three, and while all you say is true, I want to relate a story which is authentic, while not word for word as I state it:-

An Episcopal Ministers wife was very ill, and physians diagnosed her case as incurable: The minister asked the prayers of his congregation, while he himself prayed, without results. He was approached by a Christian Science practitioner, who offered his work and hesitatingly the Minister accepted, being thouroughly unfamiliar, and FORGETTING the teachings of JESUS, who had said THE THINGS THAT I DO, YOU CAN DO AND GREATER THINGS: The healing of his wife took place, without the minister being embarrassed, by the congregation being advised that a Christian Science practitioner had done his work, through the help of GOD ALMIGHTY: THE MINISTER, grateful, and having discovered the truth which he had forgotten or the teachings of Jesus, "HOW TO HEAL", started to preach the truth from his pulpit, so much that his congregation were amazed at such wonderful sermons. Being complimented on his preaching, he finally

admitted to his congregation that he was Preaching Christian Science, and felt obliged to hand his resignation to his congregation.

I understand that the Christian Science organization paid him his salary while he went to the Mother Church and took up further study and returned to his home town and took up work as a practitioner, and very successful.

**CHRISTIAN SCIENCE WAS MY STEPPING STONE TO YOUR WORK.**

I am grateful for it and to you, for your wonderful work:.

Referring to the third paragraph in lesson twenty five: I am inclined to think you are forgetting that YOU are the SPIRITUAL MAN when you seem to fear that you will not be known as the originator of the TRUTH which YOU (Spiritual Man) with the help of GOD is giving to the whole world. WHEN I GET READY to hand out THE TRUTH ABOUT GOD, I HOPE THAT EVERYBODY WILL HEAR IT AND PREACH IT, and DEVOUR THE TRUTH and BENEFIT THEREBY.

There is one Denomination which hurts itself, and still is successful, and yet the founder is deserving of the credit for bringing back to the attention of the CHURCHES as a whole what they had apparently forgotten, (THE HEALING TRUTHS as JESUS TAUGHT THEM.) The hurt I refer to is the repeating of the Founders name so formally and repeatedly. Yet the CHURCHES are full the door and Greenbacks are placed in the Collection without being asked for instead of Dimes and quarters. No sermon and only the LORDS PRAYER.

YOUR WORK WILL NOT BE FORGOTTEN. YOU ARE GODS SERVANT and YOU according to your own statement have been blessed with good fortune. YES Friend Robinson, when I have reached (Or part way) the goal you have, I would want to be doing what you are doing.

SPEAKING OF WHAT YOU HAVE SEEN, and THE BEAUTIFUL HEREAFTER I TOO HAVE BEEN BLESSED with the same VISION. BEAUTIFUL .YES: IT WAS REVEALED TO ME TWICE.

SPEAKING OF THE MINISTER who is preaching what they are learning from you. THERE ARE MANY MINISTERS WHO WOULD LEAVE THE PULPIT AND PREACH what you are teaching, or even take up Christian SCIENCE IF THEY WERE SURE OF THEIR BREAD AND BUTTER. YES: To remain Preaching the OLD TIME RELIGION make them more or less HYPOCRITICAL, especially if they are conscious of their wrong. GOD FORGIVE THEM!

In closing I am going to ask you to be with me: at this time when I am trying to work out my financial problem. I KNOW that GOD will not fail me.

A short time ago when I was about to start a new venture I had the idea that I needed financial assistance, and different one suggested that I take in a partner financially able to help me, when like a voice speaking to me in the night, I was told that I had the best partner in the World right with me all the time, and OH: have I not tried to feel GODS presence and talk with him.

IT HAS GIVEN ME AND DOES GIVE ME GREAT JOY TO BE ABLE TO SAY "I HAVE FOUND SOMETHING B E T T E R:". in the study of Psychiana:

GOD BLESS YOU :/

We are sorry indeed to hear of your recent bereavement. We suggest that The Spirit of God will bring to you whatever comfort may be needed in this time of sorrow. Bear in mind that the real son is not dead but lives in a world probably far brighter than this one. The Spirit of God which was the real one never dies. Only the physical body dies. That does not matter too much. It is The Life of God in that body which counts. Please remember this and if you feel that there is anything we can do for you spiritually, please let us know.

Upon request we will send you the book, "Gleams Over The Horizon".

Dear Sir:

I have just received lesson no. 13, which I am enjoying very much. I have been receiving many wonderful blessings since I started taking your instructions. I neglected to write before now, because I wanted to note the changes as they took place & make no mistake in recognizing this unseen power.

I am a dressmaker in my own home & have always been quite fortunate, but never before have I rec'd so much work without advertisement, nor have I ever rec'd such good prices, without one comment.

Yes, I am beginning to discern a faint glimmer of an orchid light (when in a lighted room) it resembles a rainbow in color. At times I see a faint glimmer of white light in the form of 3 semi circles interlocked. I also concentrate alone & I hear a strange sound similar to a light knock & it is always seems to come from the same direction in the room.

Does my being a seventh child mean anything? So many people tell me I'm mediumistic.

Respectfully yours  
Nova Bell

Thank you for your good letter of recent date; also, thank you for your remittance of \$2.25. It was good to hear from you.

If you knew how many thousands of people write me as you did, you would know that at long last the actual truths of The Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hell-fire unless we believe what they teach. What needs to be understood is that man is the highest creation of The Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

I am sending for my emblem, ~~also~~ my payment is being sent with it. Oh Dr. Robinson I am so pleased & happy with my studies. I have taken away pains, sick stomach & a lot of other discomforts.

I am understanding most of everything except, what is meant by the world trembling on the brink of a volcano. Is it meant by human hands or just a volcano of the

words nature, caused by  
the people believing  
the end of the world  
coming soon. I am not  
troubled by any of this,  
because I am steadfast  
holder onto God's Law.  
I have been looking for  
this thing since I was  
seven years old. I never  
had been able to find  
any one who seemed to be  
of my belief. I was almost  
sunk, when you show-

I am sending one of two tents lessons back. I received two tents lessons and no ninth lesson. So please exchange and send me a ninth lesson. I am very happy. My Husband and Children can see some of the beautiful changes that are taking place. My parents still don't believe I can do all that I am learning to do, I am making my parents health improve through the use of the wonderful God Law.

My family health is better, and  
my bad nerves I have in my

one I talk to seems to  
think they would do the

if they studied anything  
but the bible, poor things.  
I wish I could find some  
one who is studying your

I just have to talk to  
some one.

Your letter (accounting department)

your letter of Aug. 6, written by your assistant Mr. C. McVey, has done me a lot of good, and I thank Mr. McVey sincerely for his kind advice and his good wishes.

Although I tried several times to answer this letter I couldn't find the proper thoughts.

In the meantime I studied Lessons 2, 3 and 5, but I missed something, till Lessons 1 and 4 came.

Now I have to tell you something of my own life.

I never had any religious education. At the age of 20, I suddenly wanted to get acquainted with the Bible; the New Testament interested me. Later I showed often much interest in religious and psychic literature.

As a painter and ardent lover of nature and admirer of science my thoughts were occupied with what I observed around me and I pondered over what could be God.

I understood, that God could not be a personality. I understood also, that somewhere existed an immense Power.

Well, to cut a long story short, your Lesson 1 already

revealed to me what till now was hidden.  
How grateful am I to the Almighty and to you,  
Dr. Robinson for your in every regard splendid  
Lessons!

I can see now, that, last year I became ill, be-  
cause I didn't rely on the Power of the Living God.  
At this moment I face the most severe fi-  
nancial catastrophe of my life, but since I  
studied your Lessons and having read and re-  
read Mr. W. Vey's letter my faith has been stimu-  
lated and I realize, that my family and I are  
safe now.

I expect a financial improvement and also  
the realization of my plans and desires.

In the accompanying letter to your accounting  
department I asked not to send me any more  
of your lessons, till I shall have payed in ad-  
vance my whole debt.

Thanking you again for all the help you gave  
me already and sincerely hoping to follow  
your lessons entirely, I remain

Cordially yours

Dear Friend:

I have just completed my course of 10 lessons, which has really led me down the path to the Realm of God. The journey was wonderful beyond words. My most sincere thanks to you and Psychiana for teaching me the existence, Presence and Great Power of Living Life Spirit. I shall continue to study them over again. I also want you to know that your book "The Pathway to God" has and is a great help to me. I let others read it.

I am ever conscious of His Presence and I know now the wonderful Peace of the Life Spirit.

Part of my desire has started to manifest in physical Realm. I shall trust and depend in Power of Living God to show me the way.

I also wish to thank you and  
your son for my certificate of  
membership in Psychiana. I am  
very proud of it. It hangs in my

May I be a little personal to say

When a person is beginning to contact The Realm of The Infinite Spirit of God, many rather unusual Spiritual manifestations come to that person. This however, is only proof that he or she is beginning to get close to The Realm of The Almighty God.

Dear Dr. Robinson:

I find this study of much interest. Most of all, I am happy to report that it has helped me tremendously to look on the brighter side of life, to appreciate the worth of my fellow men, more, and it has helped me in the way of enjoying better health.

Truly, you must be a man who has given himself up to only one teacher, or master. Your generosity, or desire, to give the key with which to unlock the door to the way of a more spiritual life, to all mankind that may be ready to accept the simplicity of truth, tells me what a pleasure it is for those about you, to know you.

Dr. Robinson, I have been experiencing some unusual things, from time to time. I shall try to tell you about them, I have no idea what you will think about some of them. I don't know what to think about any of them, except that I have never seen, nor gone through anything of the kind before.

I believe the first things I've seen were colors, solid light, fiery red, gold, blue, mixed, or, blended colors of the rainbow, all very beautiful. I saw, like a target, an outer circle of light, blending into yellow, a pronounced line inside of that which was a solid center of red, another like it, except the center was more of a purplish blue. I saw a twisting of numerous golden, green and red serpents, with scales, they were tightly twisted about each other, moving in that twisting manner, and upright, tails down heads up, they were inside a golden red glow. I saw Jesus, inside a soft golden glow, cloud like. He was sitting in a profile position, very beautiful, like in deep thought. His hair was long and dark, there was a gold band around his head. He had beautiful hands, folded in his lap. His robes were sheer white material, with a gold belt about his waist. His eyes were dark brown, lovely features. I believe the color of his skin would be called an olive complexion. I saw a beautiful white dove, it lighted on the softness of a ~~cloudy~~ fluffy cloud. First, it fluttered about as if undecided, then lighted. When it disappeared in the same manner as it arrived. It was pure white except it's eyes, they were black. It's bill was shell pink, and so were it's feet. I saw a dome of black, black, in which was sprinkled throughout a great number of brilliant twinkling stars. I've seen a huge, but lovely

hand, wearing a gold ring on the ring finger. The hand was showing out of a large white comona sleeve. I saw my father's face, it appeared younger than when he passed away, happy. I saw that twice. Also the same procedure regarding an uncle of mine that passed away. My Uncle's face appeared almost immediately after my father's face disappeared. While seeing all of these things at different times, I was awake, but lying down in a relaxed state, with the exception of the appearing of my father and uncle. With them, I was sitting in a chair.

In addition to these above things, I have felt a glowing tingle throughout my body. At other times I've felt as if I were being drawn out of my body and upward, these experiences have been both lying down, standing and sitting I have distinctly noticed at some of these times, a coolness on the face, sometimes the entire body, as if either the cool breath of someone, or a light soft breeze.

Needless to say, I am somewhat puzzled about these unusual things. I know nothing about spiritualists, or, mediums, only what I've been told, or perhaps read. I have never been interested enough to visit one of them. I might add that I hesitate to tell anyone about these stragge things. They might think that I am losing my mind, or, lying. What do you think about all of it? I would like to know.

Inclosed is my check for the amount of \$4.50, to be applied on my account with you.

I hope to hear from you very soon. Had I realized that you wanted to hear about any of these things, I would have been anxious to tell you much before now, believe me.

I am,

Very truly your student,

*Cecile Rose Bliss*

Dear Dr. Robinson;

Your lessons

have already made a tremendous change in my life and I can see that there is going to be a much bigger change for the better. I have found peace, but I will have to prove to those people whom I have spoken to, about your religion that it works, before they will take any interest in it. It is for their benefit, but are very skeptical.

So dear friend, I must know  
more about it myself before  
I attempt to tell others.

I will keep on trying to spread

Thank you for your most welcome letter after reading it over and over again I finally got the meaning of it so all that day and night I kept all thought of illness from my mind and started to recognize the spirit of God in me. And it worked as this morning my Dr told me my fever was down almost to normal. He couldn't believe it. I'm so happy to think I'll get well again. I know it now because I believe it.

There's only one worry on my mind I haven't been able to make payments to you as with the Dr Bills & medicine all our money went every week, and you have been so good to keep sending the lessons. Thank you and may God Bless you and I'll try to send some money as soon as I can.

Dear Mr. Robinson:

After I had received the fifth individual lesson from you, I received all the rest in one package except for lesson number nine (9). I wish that either you or your associates would look into this matter for me and send that lesson to me which was missing.

I had been a Lutheran by faith all my life up until the time I began to receive your lessons. In your lessons, I have found that which I had been looking for all my life, the peace of mind which comes from understanding. I am in firm accord with your theory of spirit God-Power which gives me faith and courage to do things which I could never do before. With such enormous <sup>power</sup> available, a person that believes in that power cannot be a failure. It has done wonders for me already and I expect bigger things to happen in the future. My sincere wish is that more people should get acquainted with this power.

Your interest and cooperation in the above matter will be very deeply appreciated.

My dear Mr. Briesnick:

Thank you for your good letter of recent date. It was good to hear from you.

If you know how many thousands of people write me as you did, you would know that at long last the actual truths of The Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hell-fire unless we believe what they teach. What needs to be understood is that man is the highest creation of The Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

May the Spirit of Infinite Peace be with you always.

Doctor - I must say that I am  
happy because I am now enjoying  
what you may call a new life. I can  
see my mistake now for not  
taking these lessons 10 years ago.  
When I first wrote you they are  
so much strength to me. before I  
received my first lesson I would  
try very hard to read my <sup>way</sup> daily  
but some how it didnt hold my

do my work for suching the

My dear Mr. Brodie:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

It makes no difference whether you call this Power The "Power of God" or not, or whether you go to church or not. This Invisible Power of The Creator has always been behind you, nourishing you, and strengthening you and developing you, even through times of doubt and complete indifference. The Spirit of God is no psychic fantasy nor savage superstition. It is as real and regular as the law of gravitation...as universal as the mystery of creation...as near as the last drop of your blood.

He who set the stars in place and made the fields to bloom and men to love and labor is not indifferent to our human pain. We may not see this Power or understand it, but we can find the Truth of it in the smallest blade of grass.

If you attempt to contact this Power as directed, and if you pour out your head and heart, The Spirit of God will take over and bring you your desires. If you are really in earnest, there will come to you strength and courage which He planted in you from the very beginning.

May the Spirit of Infinite Peace be with you always.

My dear Mr Robinson it is  
of course drawing near Christmas  
times and our thoughts are  
perhaps more or less drawn  
about and around these we  
all love, mine all, but with  
consecrated thought of my life

of God and the very first  
lesson of yours that I received  
- I believe in the almighty God  
and I am inherently religious  
and my desires are of the highest  
I have been and am still on

I shift my burdens and put  
them in the hands of God.  
I am going to say something

use it because words do not

very fact of my writing will

Dear Dr. Robinson

I wish to express my deepest appreciation for the wonderful lessons you have been giving me. I can safely say that your lessons are not hard to learn, but they are of great importance to me. For I had bin in a very poor state of life for many years. I have maide lots of struggles to see if my life could be better but in vain. And my only success to witch I am very proud of, seven kids of mine. Do you see are could you emadgeon in a hand to mouth <sup>life</sup> what that is supposed to be. I am receiving up <sup>to</sup> the tent lesson, and I wish to express my heart felt desires to you, for the revolution that I have maide since I have started your course. I have received al lessons up <sup>to</sup> the tent and communications also and I hope that in the near future I will be able to comply.

Sincerely your friend and student

Dear Mr. Robinson *File*

yes, I am interested in your new lessons. And just as soon as I have \$25 in cash I most certainly will send for them.

I don't want to pay for them by the month. I just can't have bills to worry me. I am trying so hard to get ahead but just yet it seems I only manage to make "ends" meet. I know I am doing better than I was and your lessons have helped me very much.

I believe I enjoyed the first set of lessons more than I have the second. I gave all of the first set to a study group in Twin Falls, Ida. But I still have the second group to

study. I think I have lots of  
"food for thot", until I can get  
my next lessons <sup>(I also loaned these lessons  
a lady in Nampa who couldn't  
afford to send for them)</sup>  
I have attended church a few  
times since I last wrote you.  
and of course I can see (or hear)  
thro' so much more than I  
ever did before. I can see where  
this preacher is striving to put  
before the people something he  
doesn't seem to know how to do.  
As I sat there listening to him  
I thot, Dr. Robinson should  
write a book for these preachers  
and the first thing I would say  
is "if you are broad minded you  
will read this." and I'll bet they  
would.

I have noticed in peoples  
conversations how their beliefs

are changing and when I can  
I say what I think but not  
~~saying~~ anything about my lesson  
as yet. But they listen to me.

I understand how the God law  
works. I have found out if I  
express a desire and then completely  
dismiss it from my mind, it works.  
Every time this has happened to  
me I have afterward remembered  
how I did it, but it is no easy  
thing for me to do. But I will  
keep trying.

I know I am more successful  
with my work and certainly  
understand my music much  
better and so many things  
come my way to constantly be  
thankful for, so I know surely  
I will soon be more prosperous.

Dear Sir:

I finished reading my thirteenth lesson Sunday and Monday, in fact I started it Sun, and finished on Mon.

It was and is quite interesting so much so that about the time I was finishing it on Mon. the postman brought me my last check from the little old lady for whom I work, as she passed last week.

Today on my return from town home I was called to the phone, and it was Mr. Bradford whom I had you send the Book (The Wanderer) he said, he was very happy to receive it and believed he would be interested in the literature and I tried to explain your teaching of this Wonderful God Law the best I could. I enjoy each lesson more and more although I admit I am rather slow in understanding every thing, but am willing to be patient, knowing God with Jesus <sup>and</sup> your assistance will help me and all of us whom are desirous of finding the Truth and the TRUTH. Thank God for everything.

Yes, Mr. Robinson I have noticed a change in me that is some what strange in away and too. My family was noticed it, to this extent and I am so sorry because I am not conscious of it. They claim, "I act as if I feel I am on my feet now and have a chip on my shoulder to be knocked off." but it is not that way at all. Really I have had such an awful load on me for the last 26 or 27 years up until now that some times I am a little over taxed with out NERLINE my twin sister whom passed April - 11<sup>th</sup> 1944. My happiest moments are here alone reading your literature or helping some one whom is unable to help them selves - May God continue to

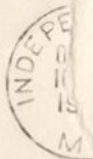

to Bless you and all across the world ever in  
bringing the TRUTH to each of we peoples ~~the~~ whom  
are seeking for the God Law that Jesus taught.

I have three more to read and by

My dear Miss Bruce:

Thank you for your good letter of September 8. It was good indeed to hear from you.

We are sorry if you are still receiving invitations, but there is nothing we can do, as we buy millions of names a month, and to each name we buy, we only send one letter of advertisement. But, if a name is on several lists, that means that person will receive many letters of advertisement.

I would not force myself to stay awake if I were you. Just continue to do them as long as you can, and then go to sleep.

May the Spirit of infinite Peace be with you always.

Dear Dr. Robinson:

Have received my third lesson and  
am very much pleased.

However, I still receive invitations,  
I suppose it is not known in your office  
that I am paid in full and am re-  
ceiving my lessons, but this doesn't  
bother me in the least, because I en-  
joy reading how your course has helped  
so many.

I know I shall be happy someday soon.  
Was so unhappy and I had an unhappy  
love affair which I hoped would mean  
a happy marriage for me, because I really  
loved and believed my love was reciprocated  
even until this day he says he loves

me, but I don't know what happened.

Now that I am receiving your lessons, I have all faith in the God Law, that if we are to be married and happy this God Law will deem it so. If not I will know that everything is working for my own good.

One thing I must say is that each night I start the little exercise I can only repeat it several times and I must fall off to sleep immediately. I did not have any trouble finding the "bright" spot, I always had it, but did not know what it was until now. Please let me know, am I falling to sleep too soon after I start the exercise or should I force myself to stay awake?-

Please, another question I would like to ask. Who referred me to you or how did you come by my name and address? Because I could thank them and you over, and over again.

I think you have what I have been searching for all these years, and have finally found it.

Thank you again for helping me find the way. I know that I shall have all the good things in life. That is all I desire and all I wish for everyone else, only good always. Thank you very truly yours  
Roberta Bruce

Dear Dr. Robinson,

70

I don't know just how to express my thanks to you for your belief in my honesty and integrity. There surely is something worthwhile in store for me and God being my helper I am going to send my payments as soon as I get my money.

This<sup>is</sup> my story Dr. From the time I wrote you from the V.A.C. Hosp. in Dayton to now, I have had no income. I was a patient there from July 7<sup>th</sup> to Nov. 10<sup>th</sup> and I have thanked my God for your being kind hearted enough to allow me the privilege of getting the benefit of something so worthwhile. You see Dr. although I am<sup>a</sup> W.W.II vet. and have a throat condition that was aggravated during the time I served in the U.S. Army, I am<sup>not</sup> drawing any benefits yet. And my personal insurance benefit was not been paid yet. The little savings I had has been used up. But despite all that I am not discouraged. I feel confident that I will receive my insurance money.

And I feel the same about benefit from the Gov. And if I get nothing from the Gov. I believe that I will be fortunate enough to find satisfactory employment.

I know you are acquainted with our segregation situation. Well Dr. Robinson I believe that when a person knows facts and does not face them he is doing himself a great wrong. This is my point. I was born and reared here and never to my knowledge have ~~any~~ or many of the race women here been employed any way that is a great advantage. When I have been some place where they are recognized because of their ability and efficiency I feel that I should be helping myself to go there and get myself established. Another thing I believe is that God holds us responsible when we have not tried to help ourselves.

Although I will be 41 yrs. of age Dec 17<sup>th</sup> of this year, I fully believe that there <sup>are</sup> a lot of good things in life for me yet, but I know that I must go after them. So with power coming from God and with more and more knowledge of the God-law I will be successful.

I am planning to return to Dayton, Ohio just as soon as I can. I have to wait a little while for the insurance benefits. Since I have been made to see so clearly some advantages I will have there, that I do not have here I am returning to that city. I shall inform you of my change immediately after I am sure of it.

Please remember me in your prayers and pray for two dear friends who are still patients at the hosp. where I was. May God give you more power and knowledge Dr. Robinson. I am giving my lessons serious study now and I understand what I read just fine.

Thank you. from,

Dear Sirs,

Enclosed is another payment on my account with you.

May "The Eternal God" bless Dr Robinson and all of you whom are associated with "Psychiana". Yours is a great work and no matter what I could do to repay in kind for what "Psychiana" has done for me I'd still be in debt to you for showing me the "Pathway to God".

I shall always be eternally grateful for having wrote to Dr Robinson some years ago little dreaming what would be the result when I first enrolled for my "Psychiana" lessons. Words will not describe the true feelings in my heart that I have for having been shown "The Truths of the Living God".

I shall always be aware in my consciousness of the actuality and the reality of "The Spirit of the Living God" within me, having unlimited "Power" to draw from for all of my needs, yet realizing my need for more fullness of "Spirit" with my "Father" than for anything which

is of this material world. You will read between these lines and understand the richness and fullness which has come into my life by knowing "God".

And it is in my thoughts now that all of you, whom with Dr. Robinson are bringing these "Truths of God" to all people, I say that you are eternally blessed by the "Spirit of the Living God" for doing so. May the peace of "The Infinite Life Spirit" be with you always. I know it will.

Gratefully yours.

Paducah, Kentucky

My dear Mrs. Burney:

Thank you for your good letter of recent date. It was good to hear from you.

If you know how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God were being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

If there manifests in you any lack, financial or otherwise, there also exists in you The Power to overcome that lack. Surely The Creative Intelligence which is God and which exists in you is abundantly able to bring to you the things you need to make your life happy and free from financial worry, is it not? Then, recognize this Great Spirit of God in you and use that Power to overcome financial as well as other lack.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

my Dear Teacher:

Mr. Robinson, I am now  
studying Lesson No. 4.

These four lessons have  
helped me wonderfully and  
I am now beginning to find  
work to do. When I signed  
the enrollment, I was com-  
pletely without employment  
but now, I work from two to  
three days out of a week. I am  
truly thankful for that, it could  
be much better or much worse.

It won't be long before I'll be able to remit my back payments because God is blessing me now and here. The Power of the Living God is within me and I demonstrate the Spirit of the Living God's presence in me, by living a clean life <sup>and</sup> obey your instruction ~~that~~ the Course of Psychiana.

If you want to stop the lessons, until I catch up back payments, you may do so, with my regrets.

Hope to be able to make you smile by remittance as happy as I've been in studying and Practicing Psychiana.

Hope to remain your  
Outstanding Student.

Yours Truly—

My dear Reverend Burton:

Thank you for your good letter of recent date;  
also, thank you for your remittance of \$2.25.  
It was good to hear from you.

If you knew how many thousands of people write  
me as you did, you would know that at long  
last the actual truths of The Spirit of God  
are being made known to men and women on this  
earth. For too long, the churches have taught  
us that we were born in sin and shapen in  
iniquity and doomed to hell-fire unless we  
believe what they teach. What needs to be  
understood is that man is the highest crea-  
tion of the Great Life-Spirit. When this  
conception is grasped, the earth will be a  
paradise, I assure you.

May The Spirit of Infinite Peace be with  
you always.

As far as manifestations go, we never bother much about them. What we do is to keep very close to the consciousness of God in us, and, whenever anything is necessary for the good of This Movement or us, it automatically comes because The Spirit of God knows very well, and much better than we, the things for which we have need.

May the Spirit of infinite Peace be with you always.

Dear Dr. Robinson:

I am very thankful that your lesson 13 has made me see things much indifent. In fact they are all good to me. For I have some very queer feelings. At times it seems like electricity running through me. Again I feel numb and seemingly shaky. I have very strange visions that I cant understand.

Oh I cant tell you just how I feel.

I want you to help me. Can you tell me what it is all about?

With the experience I already have, you may believe me, from now on my life shall be one lived in the "God Law".

I believe just as strongly in the present existence of the "Living God" as I believe I am living. You may expect two payments in one is just a few days.

I say ever at my Affirmation:

Wishing for you a very happy new year, I am your student
