Dear Mr. Robinson,

I want you to know that my eyes were relieved the day I sent you the telegram asking for your help. It seemed that a lot of dope taken internally didn't agree with my system. I didn't know when I wrote you that I had a bad gall bladder. In fact, I do believe if it weren't for you and Psychiana I should never have lived through such an ordeal. I have lots I could tell you, but I wish to wait awhile longer and then really write you a long letter.

Thank you for your great help.

Sincerely,  
Laveta Cain

P.S.

I have a brand new baby boy. He raised up on his arms and looked around, and scooted all over the bed before he was ten days old. You may not think that unusual, but I had never seen one that spry before.

My dear Mrs. Camp:

Thank you for your good letter of recent date. It was good to hear from you, but we are sorry to know that your nephews are not well.

Remember that there exists in them more of the healing Power of the Spirit which is God than they will ever be able to use. Therefore, the only thing for you to do is to recognize this mighty but invisible Spirit of God, and realize that there is no disease or illness which can withstand this great God-Power.

May the Spirit of infinite Peace be with you always.

Dear friend and teacher:

I am happy to write to you this morning, even though I am in a big hurry, I am feeling so much better. I am doing the exercises and I am being made whole.

My leg feels better and the lump in my right breast is softening and not nearly so painful. And my husband is very much nicer to me - in fact my whole condition is improving.

Our farm is wonderful this year - every thing is just fine. I am so proud I learned of you.

I have two nephews who do not see so well, please help them.

The power of the living God is with me now.

Yours truly, R. A. Camp

P. S. I am keeping more quiet and  
things are really getting better.

Dear Mr. Robinson

I am writing you this letter to tell you how happy I am that I took your Course - & found the true God. I have only yesterday received my 12<sup>th</sup> lesson & am going to re-read it again to night. for as I told you in my last letter I am really putting the God-Law to the "acid" test -- a few months ago I was out of work - that is I did not have a steady job & it was really rough to dig down & send you that 1st \$1.00 -

I had been troubled with  
ulcers in my stomach &  
could only eat & drink  
certain things. my wife &  
I had ~~arg~~ had words &  
was well on the way to  
a divorce - - To-day - I  
have a steady job. not  
much money but there is  
great possibility there - I  
can't say why I stepped there  
& ask for a job. because  
a card in the employment  
window said "no applications  
today". but I felt an urge  
& without doubting it ask  
& found a fellow had

just quit. I have not  
had a pain now for approx.  
30 days I am sure I'll  
never have an other one.

As for our domestic trouble  
my wife has ask me to  
come home but only until  
we square of our "bills". before  
she would not hardly speak  
to me. now you know what  
I mean when I say the  
"acid test" cause if this God  
Law can make her change  
her mind + not file for  
divorce + put us back to  
gether happy as man &  
wife. after she has told

me + others - she "hates" me  
as much as she used to  
love me. - then surely it can  
even move mountains - I have  
the desire deep in my heart  
that we get back together &  
be happy - but I must  
battle against her desire  
not to do so. cause actually  
she is also using the God-Law  
with out knowing it - by have  
ing her desire so strong. I  
have wanted to tell her of  
this Great God Law but  
each time I start - there  
seems to be some thing that  
says no - don't - maybe it  
is the Law it self - maybe

its the law that seems to  
tell ~~my~~<sup>me</sup>. she'll think you  
are casting a "witch spell" on  
her.. So Mr Robinson I'll  
not tell her yet of my studies  
but one day when we are  
happy & together again. then  
I'll show her the way to  
meet the true & only God -

I have told many of  
my friends of your teaching  
I only hope they have followed  
through & sent there back - to  
start their life over -

"I thank thee father that thou  
hast heard me". your Student

Dear Dr. Robinson,

I've found that the God-Law really works! And will bring you the things you need if you trust it to the full!

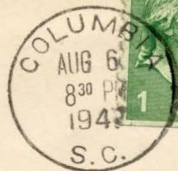

Dr. Robinson, I needed some clothes and the God-Law brought them to me thru my Aunt! I needed some shoes and I got them, but I let them get away by not being on the expectant side of life, the second time I mean. But that won't happen to me again! Since then I've stayed on the expectant side of life and everything I need actually falls in my lap! Right now I'm the happiest girl in the world!

Dr. Robinson, I've been having strange "vibrations," But I haven't seen any colors before my eyes.

Sincerely yours,

Dear Dr. Frank B. Robinson,

Just writing you these few words to tell you that I've recieved my 10 and 11 lessons. and I sure was glad that I recieved it.

You tell me that I am a little bit fool to not put the power to work on my own life. I might be like you say, but the way I figure myself I think the power has been working itself pretty well on my own life, before I even put it to work. and you remember I told you I've been sick, but since I study my second lesson I get by pretty well. I am not sick now and thank God for helping me and thank you too for helping me too. and I am going to tell you another thing here I try to drink a bottle of beer once and I try the second time and I couldn't drink it at all.

(over)

so now God prove to me that he doesn't want me to get in that kind of business. That's why it makes me believe on the power of the living God. I mean believe and think and I expect and wait for the good things coming to me sooner or later.

But I tell you the good things are coming now. I got a little bit of money and plenty to eat and plenty of clothes for me and my whole family. And I still say I thank God for these. Because I trust God and have faith in Him, as long as I live.

I make all my exercise like you tell me, I might not do it right but I try to do my best.

I tell you what I want and that is an outstanding success, full of peace, power and material abundance and good health and happiness in my life.

Dear Dr. Robinson

I am writing to let you know how much I have improved in my health and in my studies too. Sometime ago I wrote you about my self how sore I was and how much I was suffering I hardly feel any pains I can eat well and sleep well too.

Some two or three weeks ago I had a difference feeling came over me and I cannot explain how I felt. I do know this I have that unshakeable faith in God. When I look back over the road that I have travelled with you and the condition I was in I know only a God could have changed conditions I am gaining my health back which means all to me.

Sometime I feel like shouting.

Success have not come to me in full but I am expecting it.

You said that obstacle would come before me. I find that they do. Everything come to hinder you when you are trying to make a goal but I shall not stop trying until I have reached the goal. In one of my lessons you mention about thieves and moths I think that was very clear. You told me to not stop trying to have things. It makes me have a lots of enemies. Still I am going to try and have some things I want.

Some still come by night and pour out the wine stuff before my door and do other mean things. I know that God will stop them. On the change of the moon is when they put it down now I can walk over it and it doesn't make me sick and pain like it once have done. That is one thing this course is doing for me. I am over coming that stuff. But it still makes my little son James up set yet. my Father's health is still improving from his stroke.

I will have to say like other have said Thank God and you for Psychiana and what it has done for me. I am sending my dues for the month of Dec. Your Student

My dear Dr. Robinson:

I have received all of your mail, and I want to thank you from the bottom of my heart for the interest you have taken towards me.

Your lessons are wonderful. I have received lesson number 1 and two of lesson number 2 and lesson 4-5 & 6 and I can't find words as to tell you that really your lessons are worth a million dollars. You see Dr. Robinson I have no money to send you due to the

fact that my wife<sup>11</sup> had to go  
under an operation and  
being that I have a couple  
of beds it really makes it  
kind of hard to make both  
ends meet. However in the  
long run I am going to  
try and get some of my  
friends interested in  
your wonderful lessons.

You see Dr. Robinson  
I was kind of old when  
I got married and my  
children are going to  
school and you know  
how it is when one gets

a small pay like \$35.00 <sup>III</sup>  
dollar a week what can  
a man do with that.

The couple of lessons you  
sent me I go over them  
every day and I hope that  
in a very short time that  
I might be able to get a  
good hold on that great  
spirit you often talk about.  
However I hope that God  
will stay with you just  
as long as life will last  
as you are certainly doing  
some wonderful good for  
humanity. Hoping you  
will receive this letter

just as it leaves me & R.

stay with you

I am greatly appreciative for these wonderful lessons revealing to me the power of the God-Law.

Things certainly has been coming my way every since I receive the first lesson. Coming in a great big way too. I have done so many things that it seem impossible before reading these lessons.

My room is crowded with students for Music & Typing lessons. Many of the Old Students, who had stopped taking lessons return and I am having new students coming in daily.

Herewith, I am enclosing a snap shot of myself made on a cloudy day. Thank you very much for a Photo of yourself. *ok*

Am enclosing address of some I believe would enjoy these staggering new Truths in your lessons. I have enjoyed all the lessons immensely.

I know these teachings are an Absolute truth of the Intelligent life Spirit - of the Only God that Ever Existed. I have talked to some around here about this.

wonderful discovery of the truth of the mighty life Spirit of the Living God. But they will not listen or hear to it at all. they still hang on to the Old Original Bible Story which I have discarded since the second Lesson from you. Because I know I have found the actual truth of "Just who & what God really is & where he is," And I'm going to win before all of these lessons are finished. Sometimes I think I should go to some Church Meeting. where I could meet a lot of supposed to be Christians. & bare my testimony concerning

 Able to collect a few names

 would be Interested Enough

If you cannot physically relax, try the following exercise, and I think it will come very easily to you. Lie on the bed absolutely quiet. Raise one arm and let it drop limp to the bed. Do that several times, and let the arm lie just as it falls. Do the same thing with your other arm and with each leg. The first thing you know, you will be able to relax your entire body.

X File Letter

December 22, 1947

Dear Mr. Robinson:

If you will check your files, you will see that I have been one of your students for several months. I received lesson #9 a few days ago. Like the others it contains a dynamic spiritual message.

Although I have not faithfully and diligently followed these lessons, I firmly believe in the "God Law" and I want to thank you from the bottom of my heart for opening my eyes to great truths.

I have never written you before although my Mother did recently. My sister, a Mother of 2 small children was ill, and had many complications, for which the doctors could do very little.

My Mother wrote you for help and the amazing result of that letter to you was an almost instant cure. She has been feeling fine ever since. My Brother in Law can hardly believe such a change is possible. We are very grateful and astonished as well.

I have not <sup>contacted</sup> found the God Law but I assure you I will try diligently as of now. I do not know what

sent my name to you, but whenever it was  
did me a great favor, for just about  
the time I received the first lesson, I was  
~~at the point of a nervous breakdown~~ suffering  
from acute nervous exhaustion, and felt  
like an emotional wreck.

I shall not go into details of my  
miserable frustrated life of failure and  
loneliness and disappointment. I was  
even was a misfit in this world, I feel  
it is I. Sure I've had handicaps, but I  
believe ignorance has been my greatest  
one. I am 27 yrs old, single and haven't  
a friend in the world, besides my darling  
Mother who still has hopes for me and  
believes in me.

She has constantly urged me to write  
you, and has great faith in you and  
your teachings. I shall try my best  
to follow your lessons. Thanks to you.  
I now have hope and courage.

My dear Miss Cipullo:

Thank you for your very nice letter of September 27. It was good indeed to hear from you.

Miss Cipullo, you asked if we feel that you should remit the cost of the course. Since you have incurred no obligation, you owe us nothing. This was very kind of you.

As Dr. Robinson is not in Moscow, I am taking the liberty of answering your letter. We do not usually give advice in domestic problems, but I will say that it seems to me that you are doing the right thing.

We are sending your Lesson #19 to you.

May the Spirit of Infinite Peace be with you always.

Cordially yours,

Asst. to Dr. Robinson.

Dear Doctor Robinson:

I am associated in business with a Mr. Daniel Bermes of the same address as shown above, who subscribed to your lessons and last March I became interested in the study of these lessons with him- although he was further advanced - I started with lesson #1. I am now up to lesson #14 and I have received so many demonstrations of God's good that I just had to write to you to tell you about it.

In the beginning I thought that I should not study from someone else's lessons- but that I should subscribe myself- and this is one of the main reasons that I am writing to you. However, in one of the lessons you mention something to the effect that your student may study the lessons with someone else. How do you feel about that? I would like to have an expression of your opinion in this regard. For the benefits I have received I feel I should do something. If you feel that I should remit the cost of the course- I should be glad to do so.

Incidentally, there is one lesson missing in the course- Lesson #19- apparently was not received. From the above you will notice that while I would have had access to lessons more often than every two weeks- I did not do that- I studied each lesson for 2 weeks as per your instructions.

I feel I want to do something for your organization- in a monetary way- for there is no other way I know of- outside of praying for your continued success and happiness which I do every day.

I also have a problem now- in which I need help- and shall be glad to reimburse you for any help you can give me in this problem-

I have been and am very successful in business- but that success multiplied for me a thousandfold since I became interested in your work- however- my social life has been almost nil. Right now, because my business success has become a habit- for which I am daily grateful- and do express my gratitude for that success every time during the day when I get by myself- I have a void in my heart for companionship and love of a member of the opposite sex. God has also been exceedingly kind in blessing me with the physical attractiveness that most women yearn for- and it hasn't been for any such difficiency that I have not found that man for whom I long.

Recently I met a man who I shall refer to as "M" whom I liked very much in that first meeting. I have come in contact with him in a business way- sometimes several times a week- and have gotten to care for him very much- (our contact is mainly over the telephone). I think of him constantly and have asked God to let him care for me. I found out from another man who is associated with him in business - whether he had any social ties- say with other women- and this person who knows him very well said that he does not have. Incidentally, I mentioned to this associate of his that I liked him very much.

Dr. Robinson

Since all this took place "M" has shown tremendous interest in my affairs- but- in a business way- outside of saying things which sometimes lead me to think that he is also interested in me in the same way as I am interested in him but that he lacked courage so far to tell me.

I have been praying to God in this way :

- 1- That God give him the courage to ask me to go out with him of an evening
- 2- Because he has some trouble with a leg- I have been praying for him that God let perfect health manifest.

I have been holding mental pictures of him in perfect health- (I have recently learned of a doctor who specializes in the treatment of the condition which he has and who has achieved perfect results for his patients)

I hold mental mental pictures of him and me together- and happy.

I want to know whether this is the right way to pray for the happiness I am now seeking.

Everytime I think about him (and this never happened to me before in my entire life while thinking about someone) I get a feeling as though he is in harmony with my thoughts. In fact on two occasions when I was praying for him in the early morning - he called me on the telephone while I was uttering his name in my prayer.

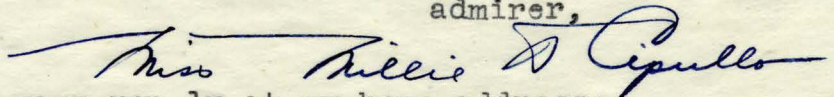

My thoughts of him go out and seem to come back to me with a feeling of assurance that he cares for me. Is it right for me to continue in this kind of praying- or is this like outlining to God- Should I pray for love and marriage in a more general way-like not picturing any particular man- or is it well for me to ask God specifically for him.

That is my question. Or- should I pray to God for love and marriage and keep thinking about "M" and picturing this particular man - also continue in my prayers for him.

YOUR HELP IS URGENTLY NEEDED AND WILL BE APPRECIATED. AS I MENTIONED BEFORE I SHALL BE VERY HAPPY TO PAY YOU FOR YOUR TIME FOR HELPING ME IN THIS PROBLEM.

I AM DEEPLY GRATEFUL TO YOU.

Sincerely- your friend and  
admirer,

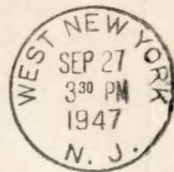

P.S. I should appreciate receiving your reply at my home address:

I am writing you in regards to my payment which is past due on my psychiana course. I do not have the money at the time to send but I promise I'll send it just as soon as I possibly can.

I believe in the power of the Living god enough to believe he will make a way for us to meet our obligations if we will only try.

I have found your course is revealing lots more to me than I ever realized before but it seems as ~~as~~ I am kindly slow finding the power

of god like I wish to. altho  
 The power of The Living god  
 has healed my body 2 Times  
 once a bad head ache and  
 my stomach and neither has  
 bothered me since Mostly when  
 a spell would strike my  
 stomach I would have to get  
 up and walk the floor and  
 take medicine but that night  
 I just ~~asked god~~ talked to  
 the Lord and his spirit with  
 in me and I haven't had  
 The Trouble again. I also ask  
 The Lord this week to send me  
 a message my father was up  
 out of bed and I recieved  
 that message. The next day  
 for he was in bed when I  
 left him and had been in

bed little over a week.

I thank god for all he has done for us.

I want you to do all you can for us for we need your help. Thank you.

Sincerely your Student.

Dear Friend & Teacher,

You asked us to tell you in regards to feeling strange vibrations or seeing colors while contacting the spiritual realm. I have felt no special vibrations as yet, but I often do see colors when I close my eyes at night and begin my contact with the spiritual realm. The colors are, for the most part, delicate and very beautiful, all shapes and flashes. Sometimes geometric shapes, and then again leaves and flowers, or flashes of colors or just a fusion of colors. They are usually very vivid.

The lessons get better and better.

I think I read between the lines. And I believe you really do believe in man's divinity, that is, that God and man are one, and, in that sense, Christ was divine, as are all men, one with Christ in God. Of course, you cannot come right out point blank and say to the unprepared thought "You are God". But you are trying to lead them to a gradual realization of that truth which will eventually lead them to a higher consciousness and to a realization at long last, of their own individual divinity. Am I not right?

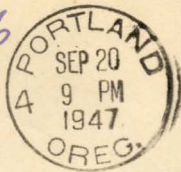

I would like to have all your books, but, first, I must demonstrate supply and then I will send for them all.

Sincerely your student,

My dear Friend and teacher,

I know you will rejoice with me when I tell you that I finally made my contact with the Great God Law, or Spirit. But it wasn't until the final lesson that I saw the Light. You promised me, Dr. Robinson, and, you kept your promise. Thank you.

All my adult life I have been seeking God, but, now, I no longer need seek Him, for, I have found Him. And, I am learning how to contact Him for the things I want and need. I know now, that I had

been in contact<sup>2</sup> for a long time, in fact, always, only I was not conscious of it before. I could write reams about my experience, only, I know you have not the time to read it.

I want to apply for the advanced lessons as soon as I can. I have asked the Great God Law to supply the money for them, and, I know He will not fail me.

And, so, for the present, I will say "good bye" and, also, in the words of a song to assure you: "It is well, it is well with my soul."

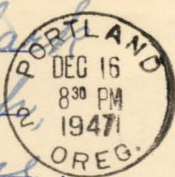

Faithfully your student

My Dear Mr. Robinson

When we started your lessons, nearly two years ago, we did not know where to turn or what to do. Mr. Clarke had been in the hospital for a year, operated on the spine, due to an accident where he worked and I could not get a license to operate a nursing home where we lived. Mr. Clarke had been given one of your lessons while in the hospital and when he came home sent the one dollar that opened a new outlook on life for both of us. I admit that I was doubtful and did not approve at first, but after seeing the change in Mr. Clarke, after the first few months, I decided to read the lessons too and find out what was in them. I soon found myself waiting for the next lesson as eagerly as Mr. Clarke was. I had looked at this business we now own

over a year previous but the price was too high and we had no money of our own so had given it up. Suddenly the way opened we was able to sell the property we lived in at a profit and buy this fine nursing home. We both work hard and it has been an up hill struggle but after another year we can see success ahead. We now have a nice business and a new car and can see success and a fine future ahead. We owe it all to your splendid lessons showing us the real way of life. May we have the second advanced Psychiana now. We are both looking forward to it. May you help many others as you have helped us. Sincerely

Dear Dr. Robinson.

I received your lessons and it is my fourth one.  
Each one is just like a present to me and I am  
anxious like all of your students, to understand and  
do whatever you tell us.

I like to send you names of some peoples as soon  
I have their right address, my own people are in  
Europe and as you know they still suffer and ~~last~~  
I would like you could send them the good news  
to relieve them as all look for happiness.

Also I got news that my mother is sick and  
I did not see her for the past 17 years, so I  
am visiting her this Fall and I would very much  
you could send me the other lessons before First  
of October, as I am leaving on the first to  
Switzerland. For better we are on the other side  
brought up with fear and that is why we have  
not much courage to start anything and are not  
healthy, so of course we are not happy either.

I will buy later on your books you offer, but  
just now I have very much expenses, so I just  
can afford what I need most. It took me a long  
time to decide if I could spend the money  
but as I am poor and had no education

so I thought, it is time that I do something  
for me, allways I think of others so I am glad  
I have something to read, which I can under-  
stand. I never read the bible or some religious  
books, so it will take longer I guess to understand

Maybe that will stop that restlessness. I  
run from one church to another, I and never  
could make up my mind with one to join.

I went to a Church last Sunday, there were only  
5 people and it was nice, as I know very  
little I have no right to criticize, but they  
cried in their prayer and testimony, and  
I cannot understand, I allways thought we  
should be happy, and of course that means  
I keep away again. I am so underweight that  
I want seeing people happy and as you say  
I try to be quiet to save my energy.

It was good they had no organ or music  
otherwise I would have broken down too.

Dr. Robinson excuse my writing and as  
I say, when ever I meet some one with really  
felt as I do, I send you their address.

one address I give you and think she will be  
interested.

Sincerely yours  
Student

Dear Dr. Robinson:

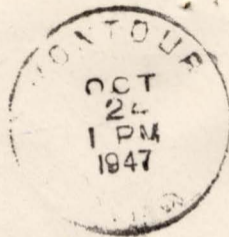

I have been receiving your interesting and instructive lessons for some time now. In fact I have just completed the 12th lesson. I want to say here and now that the conception of Gods Law or Power which you have been teaching about confirms the belief I have always had, that the so-called religionists were on the wrong track. I did not know what the answer was but I had the feeling that there was a power which was different than the churches were bringing to the public.

I want to cite a recent incident in my family life which I firmly believe had a happy ending due to my belief that the Power of God would come to my relief. My youngest boy, Bobby came home from school on Friday evening. He was lame and soon could not walk, his leg hurt badly. He was given a warm bath and put to bed. Next morning his right leg was useless. The Dr. pronounced it Polio and advised my wife to apply hot packs. She did this as instructed. The Dr. said to call him the next morning, that the lad would be considerably worse and would likely have to be taken to Boise.

In my thoughts I had the feeling that God's power would help and that Bobby would be O.K., I told my wife that he would come out of it. On Sunday morning the lad hopped out of bed and walked accross the floor without a limp or without pain. When my wife called the Dr. he was surprised and said to keep him in bed. We thought that since he wanted to be up he should go out and enjoy himself so he remained up and had a good play all day. The next morning he returned to school and has not missed a single day as the result of his illness. I do believe the God-Law was applied here.

## WHAT MR. HICKSON HAS DONE IN CHINA

*Remarkable Scenes Reported by Clergyman, Where Life  
Resembles That of Palestine*

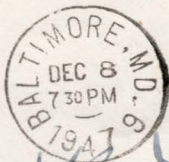

**San Antonio, Texas.**—The following letter from the Rev. Clarence Horner, who is at the American Church Mission in Changsha, Hunan, China, written to his mother in San Antonio, will be of general interest to the readers of The Churchman:

Do you remember the mission which Mr. Hickson held in San Antonio early last Spring? He is now in China. When he was in Hankow I went across the river three times and was present every time that he was in Wuchang. I bundled up my examination papers and brought them with me to Changsha, so that I would be here during his mission. It is altogether the most wonderful experience that I have ever had. The blind received their sight; the lame walked; the dumb spoke, and devils were cast out of people. A veritable return to New Testament times with New Testament methods! Of course the living conditions of the Chinese are not very much different from the Jews of two thousand years ago. Every day you will find them doing just the same things as were done two thousand years ago, and in the same way. The lepers walking the streets, the beggars in the temple gates, the women drawing water from the well, the professionally maimed, the fortune-teller, and the forecaster of events—all are here in the streets as they were in Jerusalem so many years ago. And Mr. Hickson went among them as our Lord must have done, using the same methods as He used and effecting the same cures as He accomplished, in the same Name and in the same way.

It isn't quite orthodox to believe in demons and devils and all that sort of thing, but lately I have been wondering. The Chinese thoroughly believe in this great host of undesirables and their lives are so shaped that they might live with them with the least possible interference from them. Mr. Hickson had quite a few of these cases of demon-possessed and he exercised them. The effect upon the possessed ones was the same as we read of in the New Testament times; some fell upon the ground as if dead, while others foamed at the mouth, but all went away sane and cured. The case of one of the lepers was the most interesting. The first day he was carried into the church, a thing loathsome and horrible. The second day we met him in the hospital. His body was covered with a new skin and he stretched out his arms and actually danced there in the ward, saying: "Look, this is the first time I have been able to do this for thirty years." The third day he went away as a witness of what had been done for him.

In the Yale Hospital, which is the famous Yale unit here in China, a girl, dumb from birth, spoke, and a man received his sight. It was strange to see him open his eyes and try to describe the things he saw. He, of course, knew nothing by name, and when he was pressed to tell what he saw, compromised by saying that he saw everything, but would not tell what he saw.

Our Church here, a very handsome granite building, will seat about five hundred. Every day about a thousand people were crowded into it. They were carried in, they came in on stretchers and in chairs, some on crutches, while others came dragging their withered limbs behind them—all pushing and jamming to get close to the healer. A wonderful sight! A number of Buddhist monks came to the service and a few sought help at the altar rail. The whole city is on fire with enthusiasm that was engendered and many are the stories of healings and blessings that were received at the foreign devils' church during those three days. I wish that you all might have been here with me and could have seen the things that I saw and felt—the things that I felt during these wonderful days.

My dear Mrs. Cohn:

Thank you for your good letter of recent date.  
It was good to hear from you.

If you knew how many thousands of people write me as you did, you would know that at long last the actual truths of The Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hell-fire unless we believe what they teach. What needs to be understood is that man is the highest creation of The Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

May The Spirit of Infinite Peace be with you always.

Dear Dr. Robinson  
Moscow  
Idaho.

Dear Friend: -

It gave me great happiness  
to receive the bulletin &  
the other literature you sent.  
I note what you say about  
the Church-groups. I  
have often wished I had  
some one here to whom I  
could go and talk over  
the perplexing religious  
as it is there is no one  
I can go to. So I wonder  
if you would send me  
the name of

some lady in Cincinnati  
and who is interested in  
the fact I have as I am  
It would be a great comfort  
to me  
I often wondered if you  
can find that he did and  
how much he went there  
directly the God-fearers  
with friend of him  
I would like to send  
for the new <sup>interesting</sup> letters &  
know they are very new  
fact can not just now  
The god have is still  
helping me in many  
things I am committing  
that I want to change the  
old days

Link my daughter is  
getting her eyes open to.  
She asked me how she  
could find a paid choir  
to sing in. So I thought  
would try a way to help  
her out and I went to  
the God-law about it  
for a few weeks.  
Then lo and behold  
a couple came to see her  
one evening about singing  
in their choir.  
She gets \$12.00 a month.  
She told me that she  
got the job out of a  
clear sky. I hear I told  
her what I had done.  
I hear she wanted me to  
ask the God-law for  
a thousand dollars. It  
made me laugh.

We humans are never  
satisfied. I wish she  
would read the lessons  
& learn all about the  
God-law.

She is so busy with  
her school work now,  
after she graduates I  
will try to get her  
interested in the God-law  
& then she can help <sup>herself</sup>.

I often wondered how  
the Methodist <sup>Advocate</sup>  
the Christian <sup>Advocate</sup>  
copies out, have they taken it  
I believe it is the same  
thing, I have heard  
of that paper ever since  
I was a wee tot.

I don't see how any one  
after reading about the  
God-law and trying it  
out can refuse to believe  
in it. Must close for now  
But wishes to you all

My dear Mrs. Conyers:

Thank you for your kind letter of recent date. It was good indeed to hear from you, and to know that you are so happy with these Lessons.

Dr. Robinson says he believes the reason we die is because we have not yet grasped the secret of eternal life. He says that he thinks that secret exists, and he thinks it is on this earth. The discovery of atomic energy seems to come closer to that than anything else which has happened to date. In the final analysis of the culmination of life, he says that it must be life and not death in any sense of the word. When death enters in and ends life, then something has gone wrong. You may destroy the form in which life operates, but not life. He says he likes to think of God as the author of life, and to think of that life as being Eternal. I believe you too, will agree with him.

May the Spirit of Infinite Peace be with you always.

Cordially yours,

Asst. to Dr. Robinson.

Dear Dr. Robinson,

Today I received your third lesson. It was amazing! I can't even begin to tell you how I feel, since I started studying with you a few weeks ago. I think you understand. I find myself with not a worry in the world. I'm just relying on the great God-Law to help me and it has already in so many ways.

I'm so glad I wrote to you. I feel my life and thoughts changing more every day.

My younger sister ran away from home and was gone for a month. Every day I asked God to bring her home safely, and just last week - he did

2  
that very thing! Then too,  
my husband and I with another  
couple were almost killed on  
Labor Day, but God saved us  
and I felt it, the minute he  
did so I thanked him. It  
was what everyone would call  
a miracle but I told my husband  
who did it. I've got him very  
much interested in these lessons  
too. There's quite a few questions  
I would like to ask you, but  
I'll wait until I've progressed  
further in my studies with you.  
Then maybe I'll know without  
bothering you - as I realize you  
must be a very busy man.

But I'm so much happier than  
I've ever been in my whole  
24 years. I've great hopes in  
your teaching and I want to

3.  
thank you from the bottom  
of my heart! I'm beginning to  
see the light you speak of - but  
as yet it's very faint, but I  
won't give up until I do find  
it.

I've forgotten how much my  
payments should be - but will  
appreciate it, if you will write  
and tell me.

My husband doesn't have  
a very good job and as yet  
I don't have one either, but  
I do want and need to continue  
my lessons, so I'll try my  
best to keep up my payments  
to you some way.

There's one thing I shouldn't  
ask, but feel as if I must.

If you don't wish to answer  
my question until I'm further  
along - I don't mind - but if you  
will - here it is "Why do we die?"

4. That's one thing I've always wondered about and I don't want you to think I'm wise, but I honestly would like to know your theory. I've many more to ask you, but will not do so now.

I have great faith in what you teach and I will comply faithfully with all you tell me to do.

I feel as if I know you very well already so try to answer my question if it's possible:

Gratefully yours,

To my teacher Dear Sir

I have of a truth realise that there are great truth in your teaching. Some that is not quite plain to me as yet but I hope to unravel them in the near future. as to your appeal for help am not in the financial standing to help I cannot even afford to send the balance for the remaining lesson in one payment if it could I would be very glad to do so for I would like others to know of this mighty God Law as I have discovered and not of that God in heaven as superstitious religion have been teaching. There is one offer I can make if you will promise to help if it lies in your power. here in panama every Sunday there is a prize of \$56000 fifty six thousand dollars to be won if you only know how for the small sum of \$50 cts you can win one thousand dollars. but the trouble is to spot the four winning numbers they are from four ~~to~~ Zeros to four nines if you can spot the four lucky ones fifty cents can give you one thousand and there is fifty six times the same four number so you see it you can send me the lucky number if I will buy it and we can work in halves by so doing you will help me and I help you and by so doing we can earn funds to spread the message far and wide. its a proposal if it suits send me the number and I will furnish money and what ever be the winning I send you right Half and as often as you can send me the numbers I will keep up the trade so help me and I will help you to send the glad tidings to the four wings of the globe

hoping my suggestion meet your approval hoping to hear from  
you at the earliest date I close in the bond of unity and Love

Dear Dr. Robinson:

There is really no adequate way in which to thank you for teaching me the God-Law; so I am asking the mighty God-Law to heap its blessings on you.

The situation I wanted was advertized in the paper. I answered the "ad" and got the situation, but at the moment of signing the contract, I realized that a moral obligation prevented me from taking it, as it involved traveling. The contracts were returned unsigned, with an explanation, and by return mail I received a letter telling me that the situation is mine whenever I find myself free to travel.

As my present situation was not satisfactory, I decided to ask for a transfer. When I reached the personnel office, the man in charge said that he was expecting me. He had absolutely no way

of knowing that I wanted to see him, and without my asking for it, he offered me the transfer I wanted. I was amazed for a moment, but realized immediately that the Mighty God-Law is at work in all my affairs.

May I thank you once again for showing me how to use the God-Law. It has made me a much better person, and I am therefore more happy, as I go along in my lessons.

Dear Doctor Robinson,

After receiving lesson #13, I want to tell you that I still see the intense blue which turns to a royal purple. I also see a silvery white. At several times, a streak of pure white flashed across my vision, and a few times, I see a little bit of vivid green.

When I retire, at night, and before I close my eyes, I see some geometrical designs. They are usually of a blue white, sometimes of the intense blue which I see after closing my eyes.

Your wonderful lessons make me very happy and I am looking forward to each new lesson. They never get here too soon.

My dear Mr. Draeges,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Concerning your question as to the reconciliation of the two statements you mentioned in your letter, I would like to say that as far as I can see no reconciliation is necessary. Because God is not a personality in the usual sense of the word is not reason whatsoever, to assume that the God-Law is unintelligent, which it is not.

If you are unable to see easily the "lighter area" in your field of vision when your eyes are closed, then do the exercise without seeing it. The bright area takes many different forms but has no regular form. Just continue to project your thoughts into The Cosmic Realm of the invisible God-Power, and remember that what you are doing in this exercise is actually attempting to throw the God-Power in you into play. So, be faithful in this exercise, please. It will mean much.

I'm afraid I can give you no information as to who enrolled you in the Psychiana Religion. I would be glad to pass it along if it were available.

Dear Friend,

First let me say I am Student Herbert W. Hraeger, 25-A7011. I am in receipt of lesson no 4. I must say your course of instruction so far has been, to say the least of it, a most fascinating - it grips me. I only regret each lesson is not much longer. Now Sir, I have been groping for Truth for years, and have read many books on Theology, & followed many denominations, including Seventh Day Adventists. And I have arrived just - nowhere. Have also read many books on Evolution, but they did not give me any message or comfort either. And though I have tried to delude myself in the belief of the "Virgin Birth" & the "Crucifixion", deep in me I found it hard to swallow. Also the supposed conversation in Eden between God & the serpent. Your teaching is the first to appear to me to have something. And I impatiently await further lessons. I am anticipating that I am going to get something at last. I surely need it, after 62 years of hard battling, disappointments, & indifferent health. Will you kindly let me know the price of your various books, & are there any of them you specially recommend. You see I want to know all you know about the falseness or otherwise of the scriptures. Is there another life after

this one, & is prayer of any use? I am an <sup>avid</sup> ~~and~~ reader at all  
 times, & keenly anxious to know all about-it. For instance,  
 you say God is not a personality at all. Now in the 5<sup>th</sup>  
 paragraph of "A Friendly Chat with Our Chambers," you end  
 the par. as follows:—"O God in His infinite Greatness  
make it possible for me to see the day when the whole earth  
may see & know the greatness of The Spirit of God in  
human lives." How do you reconcile these two statements?  
 Now in regard to my personal progress, so far I have not  
 had any results. I cannot seem to find that white, or  
 bright-spot you mention. As a matter of fact, I seem to fall  
 asleep without either the bright-area or reaching the affirm-  
 ation stage. Can you help me any way. Or am I too impatient  
 for results. I am a hard worker & Gardener by calling—  
 & of a rather hot & hasty temperment. Although 62 yrs,  
 do not feel it, & am very active. Underwent a very serious  
 operation 3 yrs ago for Duodenal Ulcer, & was six months in  
 hospital. Now my friend, some person in the States with a  
 big heart paid for & enrolled me as one of your students.  
 Do you know who it was? I have an idea, but not sure.  
 And I would like to repay as I scrape enough from time to  
 time. It was a wonderful gesture, & if you can enlighten  
 me, if not bound to do so, I will be glad. I could write many  
 pages, but realise you are a very busy man, & I do hope I have  
 not bored you with this lengthy communication. So I will close  
 with all kindest thoughts for yourself & staff, and remain  
 Yours very sincerely. Herbert W. Wraeger. 25-A7011.

Dear Mr. Robinson,

Here I am sending you this letter after enrolling in the "Psychiana" course four years ago. I regret now that I did not study these beautiful lessons thoroughly before. I had read them through and laid them aside at the time. I wish I had studied them as I am doing now. These lessons are truly wonderful, possibly because each statement is so very true and logical.

I have experienced strange vibrations and am seeing different colors before my vision when contacting this Realm, and only after my fourth lesson! I am looking forward to doing my next lesson, but am faithfully doing the little exercises

prescribed as I go along, for as I  
study my lesson each time I find  
something becomes more clear to me.

Dear Friend and Teacher  
I received the fifth and sixth lesson  
and I want to tell you. do I know  
the law. The Power I'll say I do  
and I want to tell you I received  
\$1.75 dollars last Sunday and  
we paid off one of our loans  
I sure was so surprised when I  
learned of this God Law how  
it provides for us and will bring  
these things we need.

I keep saying the affirmation  
that you gave me to say, and  
my whole thought every moment  
was that the God-Law is bringing  
to pass the money I need. I am  
asking for God-Law to bring me  
\$200 to pay off the other loan we  
owe. I hope I am doing the right  
thing. What I want is a nice home  
and a nice car money I am so  
tired of these old 34 models. I am

so tired of doing with out things  
 I am happy in finding the Law  
 that can bring the things we  
 need its wonderful to that I  
 can draw upon this Great  
 Spirit of God for the things  
 we need. I am working hard  
 on the lessons and it gave me  
 a different view of this world and  
 life of our. It make one feel  
 like going on living. It make  
 one feel like they came to life  
 just be getting to live

and they are wonderful lessons  
 to. and study of the moon, stars,  
 sun, and when one just stops  
 to think how this Great creator  
 this Law has created this earth  
 this world. and as one gets the view  
 of the planets the sun. as they go on and on  
 and we know that its a Great Spirit  
 I want to thank you from the  
 bottom of my heart and word cannot  
 express my gratitude for your help  
 in these lessons.

Dear Dr. Robinson,

I received your letter last week telling me of the new course that you have prepared. After all these years it is good to know that you have not forgotten me. I was particularly pleased with the other course that I took with you, it helped me immeasurably.

I studied it at a time when I was rather unsettled and not sure just what I should do. I was senior salesman in a large Carpet Warehouse at the time, but was not really

happy at the job, but after studying your course I decided that I could quite safely leave the job and begin farming knowing that I would make a success of it. I am pleased to say that this has been the case, in fact all that I have undertaken to learn and attain, I have been successful. Today my wife, two children and myself are looking forward to the day when we will own a farm of our own. It is my one aim now, and we are all waiting quietly and planning for that day.

Since taking up the last course the economic conditions have changed as you are no doubt aware, with the result that we in New Zealand are

unable to send any money out of the country. Dollars are especially prohibited so I am unfortunately unable to study this new course. I have tried several sources but have not found a way to overcome the restrictions. However, much as I would like to study this course with you, I am afraid I will have to postpone this until such times as the restrictions are lifted.

Well Dr. Robinson, I wish to thank you for all that you have done for me and regret extremely that I cannot travel further with you at present.

Yours sincerely

~~Dear Dr. Robinson,~~  
~~All my~~ Dear Dr. Robinson, —

What a wonderful change has taken place in my life since the study of 70.3 lesson, in fact I am still too dazed to write much at this time of my experience with your teaching of the power of God, but from my experiences I had in my life time I know far more than that meets the eye in spiritual things, I can tell you just how far away God's Heavenly Kingdom is from your heart and also just where the eternal home of the soul is for on three different times my spirit was required of my body and I saw into the eternal, in other words I died three deaths to be shown some of the things beyond the veil. This may seem like a strange tale but it's all too true, I can

tell you just what Death is and just how  
the life beyond the veil compares with this.  
in fact I could talk and never be able to  
tell half of it, but now I am too dared to  
try to put into words some of the wonders.  
I know your teachings work. In fact  
I am very thanks for my health which  
would put the M. D.'s Practice to shame  
but hold every thing till I write again.  
I am enclosing six dollars (\$6.00) - this will  
make (\$12.00) in all that I have paid

Dear Mr. Robinson,

There are certain times,  
as you, no doubt, realize,  
when words seem quite  
futile to express all we  
want to say.

I can only tell you, that  
never before in my life  
have I felt as I do, since  
I became your student.  
Everything seems so real and  
so near!

Physically, I have more  
"pep" and ambition, than ever,  
spiritually and mentally, I

3) I must close for now, Sister,

you.

2/ feel absolutely rejuvenated!  
My husband has been promis-  
ed a raise in salary, which  
will answer many of our  
material problems.

You are certainly accomp-  
lishing a wonderful thing, Dr.  
Robinson; To be <sup>able</sup> to give to the  
people, this entirely new 'way  
of life', which has brought so  
much happiness and success  
to them, must certainly make you  
very happy.

To me, these studies are  
the answer to every thing I have  
ever wondered about, or hoped  
to find; and to think it has  
always been so real and close,  
yet we have never realized  
it!

My dear Dr. Robinson,  
I wish to apologize  
for my delay in forwarding  
my payment for lesson  
no. #3, and hope it did  
not cause you too much  
inconvenience.

I had several import-  
ant bills to meet which  
were overdue, due to illness,  
but, I feel sure that from  
now on my payments will  
be prompt.

Dr. Robinson, I hope  
you will believe me when

2) Of course, much of this was due to the outbreak of the war a year after we were married. During the war I attempted to work to save money & try to complete my nursing, but was hampered by ill health the entire time. However I love my husband very much and even though we have had rather "rough sailing" we have been happy (the kind of happiness of having each other) through it all. I have never been able to carry children due to an intestinal obstruction, but when things improve (and I know now that they will)

2) I say, that after having read only two of your lessons, my outlook on "life in general" is altogether different! I feel that I am one of the very fortunate ones to have learned of this wonderful law while I am still young.

My life has never been what one would call a success. I went in training for nursing after leaving High School and due to lack of finances, was unable to finish after having completed two years. I married a month after leaving "training" and we have had barely enough to "get by" ever since.

4) we intend to adopt two.  
(maybe more!)

Yes, Dr Robinson, your teachings seem to me, to be what I've been looking for. I have felt many times, just as you said you felt, that there must be a way to be rightfully happy & content in this world, but due to the religious teaching I had, was more or less "afraid" to express my views.

Now, however I feel a "kind of" grand awakening, to the "wonderful living power at my disposal, and I intend with your help, to attain a happy & good life with this power.

I have never wanted anything bad, nor to hurt or cause anyone to be hurt, so I know that I will be able to reap the full benefits of your teachings.

Oh, yes, I am going to send you a picture, as you requested and would like very much to have one of you. I have told several of my friends about these lessons, doctor, and I hope they will be getting in touch with you soon.

Several applications blanks had been sent to me, so I distributed them!

2) I havant even seen you?)  
but you are the kind of person  
one may ~~say~~ speak <sup>to</sup> openly & honestly.  
I have always been the kind  
of a person to say exactly what  
I think, very out spoken, and I  
have found that many people  
do not understand. However I  
cannot seem to change, if I think  
a thing it just seems to "come out."  
Good bye, for now, and I am  
anxiously awaiting lesson # 3.

Your friend & student

P.S. I just went out for the

it, but may I please have

6) One of my girlfriends described me as literally "bubbling over" with enthusiasm during my explanation of your lessons! Well, that was exactly the way I felt. I wanted to relay to her the 'wonderful way' I felt inside and I guess everything tried to 'come out' at once!

Well, Dr. Robinson, I guess I had better close for now, but I would like to continue corresponding with you if that is alright with you. I know you must be very busy and if you are unable to answer my letters I will understand, I just hope that you will personally be able to read mine, for I feel that you are a real friend, (strange, isn't it, since

My dear Mrs. Darby,

Thank you for your good letter of recent date. It was good of you to write.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of infinite Peace be with you always.

Dear Dr. Robinson:

~~Don't mention~~ Please find enclosed five  
dollars (\$5.00) on my lesson's

I have begun to feel like a new  
person I seem to find happiness  
in almost everything I undertake.  
And before I started with your lesson's  
I was beginning to loose interest in  
everything. and it seemed that nothing  
went right. and now no task is too  
hard for me to undertake, for instance  
Thanksgiving<sup>day</sup>, I cooked dinner for  
seventeen had no help at all.

That morning when I awakened the  
first thing I did was to ask the  
Spirit of the living isrel to help  
me thro that day. and ~~the~~ surely

did just that or I could have never accomplished what I did.

I have had high blood pressure for quite a while. I haven't had a check up for three months or more. But I do hope it will soon ~~disappear~~ disappear.

and two when I sent for these lessons I had something wrong with one of my knees I could hardly bend it at all. and believe me that has all gone now.

Your lessons are truly wonderful and I know and feel your <sup>working</sup> power, with me as well as the spirit of the living is real for there are times I feel your presence so close to me I could almost touch your hand. (It's strange but it's true) and thanks to you for ever putting this wonderful work into my hands.

I certainly would like to read the book where your mother that had been dead forty years came to you.

I am going to send for that one book as soon as I have the means in which to buy it.

Dear benefactor,

Believe it or not the wife Mrs Cunningham has been receiving the lessons since the first one came and has filed them in order after reading and studying them.

I read the correspondence and your advertizing prior to receiving the lessons no one but so far have not had the privilege to study any more altho I am going to continue this study.

We are mailing you our check for the amount of your last statement ~~Seventeen~~ <sup>seventeen</sup> dollars - using the magic pin -

Mrs Cunningham, I really believe, has been benefitted and her wish that the lessons be withheld was expressed more to urge me to get in line.

Kind Friend

and Teacher I just  
recieved your ever welcome

for them my self I have been  
studying my Wicc. lessons from  
Bellaire, Ohio. and I think they are  
the most Wonderful reading I have  
ever read In my younger days  
I read the Bible a great deal but I  
never could learn any thing from  
it but thank God through your  
lessons I have recieved the light  
as I all ways thought there was  
some thing wrong that I couldnt  
under stand it the way the Bible  
told me so I have discarded all  
that and put all my thoughts to  
your wonderful lessons as I  
know they are the wright teaching

my only draw back Oh if I  
could only stop it for I know it

Dear Sir

Herewith money order of.

225 for my subsistence for month of October

I have received lesson no 10 but I have not received lesson no 8 and 9 please let me know if same have been forwarded

I am very well satisfied with the course it is so plain that every body can understand it because I am not very well acquainted with this language and I get along all right.

When I started the course I had a sore stomach I can hardly eat and that since ten years and now I eat pretty near all I want without having trouble, result started on lesson No 7 and every day I am getting better. I am

Seventy five per cent better than I was.  
This course done to me hundred times  
more goods than all the Doctors,  
specialists and medicine I took since  
ten years.

I thank you many times  
for what you have done to me and  
wish you many thousand new students

Hoping that you will not pay any  
attention to the composition of this letter  
because I cannot explain myself in this

Dr Frank B. Robinson

Moscow Idaho -

Dear Dr Robinson I am  
writing to tell you. I am up  
and well again I was awful  
sick for over 3 weeks. with  
Inflammation of the tubes  
I surely suffered Mr Craig got  
4 different Doctors, then we  
had to go to God for the Healing  
I was suffering at first so  
bad I could not seem to get  
any where with my work or my  
Affirmations till I got Better  
I repeated the words I believe  
in the Power of the living  
God a lot of times each  
day. also at night but I  
want to say. the Power of

The living <sup>God</sup> Can and Will Heal  
if one knows how. To Contact  
the God that is within him:  
Well now. I have tried to get stud-  
ents I loaned my books and  
let them see the lessons but  
I don't seem to be able to get  
them you see so many know.  
that Rev. W. W. DeBolt D.D.  
Pastor at one time of the  
Church of God. here in Billings  
is assisting you in this  
wonderful movement the  
Psychiana Movement. I  
almost told them that they  
could use this movement  
in their church right a-  
long. ~~that~~ the Christian  
Scientists told us. tho we  
never did join them we  
did attend church almost  
14 years - but now. far about

13 or 14 years ago I read  
an add in a magazine  
said do you want to actually  
~~want to~~ talk to God. Well,  
who wouldn't want to talk  
to God. so I answered and to  
date I have taken 3 different  
courses of course on the  
same movement. I love  
the thought of talking to  
God. I really am disappointed  
that I have met with no-  
success in securing students.  
The ones I loaned my books to  
brought them before they really  
had read them just read a  
few pages I said keep it and  
read it all through but they  
did not want to so what

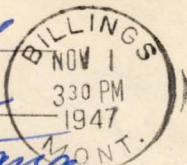

could I do I paid far. Will Sturde-  
vant a 20 dollar course in  
Psychiana movement. had  
it sent to Detroit but as they  
are Christian scientz they  
would not study the lessons  
but you got the twenty dollar  
and it helped some one I hope  
that is why I did that I was  
in hopes they would study it  
the thing I don't just know is  
why they ask their Pastors  
for advice about what to do  
to even speak about it to  
their Pastors for it seems they  
all advise against it when they  
should be using the movement  
in every church I love Psychiana  
and will try to help. I work long  
hours don't close till 9 P.M. then  
I am so tired at my age almost  
69 years old. I read all the

time I can I do hope the Churches put this movement into them we don't attend any Church now. if I think tho I will go to the Christian Science Church. then I can come in contact with the members some of them and tell them about this ~~God~~ Movement. loan them some of my books to read. I hope God will help me. I tried to get in touch with students here in Billings I answered. I called one. got hold of the wife she sure told me off. she said it was her husband and who started that, and she would not read the stuff so I did not get to talk to the Husband. I told

her I love it she said that's O.K.  
far you to but we don't even read  
it her Pastor I think advised them  
not to read the literature at all  
is the Impression she gave me  
but I do love Psychiana and  
read when I can get time  
I repeat the words I believe  
in the Power of the living God  
many times each day we have  
had some time with some of our  
customers. they quit don't pay  
their Bill I want to rack on  
that, some quit owing us. quite  
large Bills It happens when they  
get sick then we carry them then  
they forget the kindness we had  
shown them, don't care I guess  
but it makes it hard on us  
yours in the Psychiana  
Movement. Mrs Edith Craig

Dear Dr. Robinson

I've  
waited for this quiet time  
to be alone to write and tell  
you of the wonderful things  
the Spirit of God has done  
for me, Sometime in May  
I cannot recall the date  
I was in the Medical College  
Hospital in Richmond ill  
with four terrible diseases.  
I'll name them to let you  
judge for your self.  
Pneumonia, diabetes,

2

Kidney Collapse and gall bladder trouble. I lay for several days with tubes in both nostrils down my throat to wash the poison from my stomach, the main specialist gave me six days to live, each day while conscious I repeated the phrase "God lives in me therefore I shall never die," Those specialists the best in the South were coming and going, as many as five stood by ~~my~~ <sup>my</sup> head at one time, powerless to do anything, On this day after I had come out of this terrible coma, I turned to my nurse and said 'if only I could get a telegram to Dr Robinson the man whom I have so much faith in I know he can help me, she was desperate and said, I'll send it you word it, she hastened out in the hall and got my daughter to send it. My husband and children came in and kissed me good by, I said nothing as my faith had never weakened although, The great

doctors said my time  
was up, I fell asleep  
The next morning I opened  
my eyes, my nose with  
the tubes in them began  
to itch. I threw them out  
The doctors and nurses  
came to put them back  
I said no, I had a feeling  
God had spoken, from  
that time on my kidneys  
began to work, qts. of water  
passing out, Those specialists  
and nurses were amazed  
I could see the joy on  
their faces, one nurse  
said it is a miracle.

4

The nurse who sent the telegram says in a whisper, "he must have gotten it," meaning you, Dr Robinson I don't know what time you received my telegram but this I know God was there. I would like to know what time you received my telegram.

Dr Robinson this hospital, I am speaking of is a great Institution only specialists work there, I was on the 15<sup>th</sup> floor, some day I am going back and try and help some of those people with so called incurable diseases, I lay in my bed at night while there sending out my thoughts to God to heal the woman with the cancer, the man across the hall of Hobsons disease all those I had not seen I tell you Dr Robinson I never gained so many friends, when I entered the hospital I did not even know the specialist I had been sent to, from all over the hospital people

Came with <sup>5</sup> joy on their  
faces to express their happiness  
at my recovery, My Specialist said  
I am down on my knees thanking God  
at your recovery Dr Robinson your  
God will soon be everywhere, if only  
everyone can believe "God lives  
in me I shall live always,"  
I came home from the hospital  
each day reading your lessons,  
lesson ten seemed to fit in with  
my condition, One month later I  
went back for a physical check up  
all four diseases were gone.  
I was normal, I am a real  
talk wherever I am known I tell  
them "God lives in me I shall  
never die," and how I learned  
how to get to God.

My dear Mr Robinson: -

I recd your  
Psychic Bulletin and  
your God-Power with 20  
lessons in how to find it  
and will say I would  
love to have it but I  
cant see my way to  
send for it <sup>now</sup> I have the  
other lessons but I am  
wondering if this is  
too deep for me. Since  
my Sunday school  
days I have believed

we should <sup>#</sup> use the power  
of God to heal as Christ  
Jesus used it but it  
seemed so few were  
practicing it I lost all  
faith in it.

I was very ill one time  
with the flu and I thought  
I was dying and I promised  
God if he would just let  
me live to see the sun  
rise just one more time I  
would try and do better.  
I was alone in the house  
with my two little children  
and no phone and what  
a terrible thing it would  
be to have them find  
me dead in the morning.

With this prayer in my  
heart I fell asleep.

I was alive to see the  
sun rise and so I started  
to fulfill this promise.

These two children are  
married and I am the  
grandmother of two beautiful  
children and I am still

trying to fulfill <sup>III</sup> this  
promise and I find it  
very interesting.

I live alone and my  
income is small but  
I have everything ~~need-~~  
needful but to take  
\$25.00 out of my budget  
seems a lot. So I am  
hoping you will have  
this when I feel able  
to send for it.

Yours Very truly

My dear Mrs. Cook:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power. Remember that The Spirit of God is sustaining you and will not fail you.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

File Letter  
+ Help

Dr Frank Robinson.

Dear Friend and Teacher:-

I have read lesson no 7 many times and <sup>each</sup> time I read it I get a better understanding. The thing I am working hardest with is controlling my thoughts. In my line of business I have to meet so many people every day, and at times unpleasant things come up which makes it very hard to hold the right thoughts. My daughter and I are in business together. I am also trying to hold on to my dressmaking business until we get the Music school going. We are working and planning a very large school. I hope you will hold a very strong thought with us in our plan. We are very happy in our new plan. I know there is something very good coming to us in our plan for the school. We have both worked very hard since coming to Calif. from Kansas City Mo. and the God Law has guided us all the way.

we have been very successful in our business, I in the Dressmaking business - Daughter in her music studios, but we are planning the music school together and our hopes are very high - and Psychiana's teaching of the power of the God-law is helping us to climb to the top of the ladder, and I thank you so much for your help. God will bless and guide you. In close please find one dollar for lesson 8. Yes, I know I will owe you \$5.00 more at the end of my 20 lessons - This is the only way I could handle the lessons just now,

I am anxiously waiting for lesson 8.

Very Sincerely  
Your student  
Bessie Lee Cook

Dear Teacher - (Frank B. Robinson)

I cant find words to tell you the great joy I have had in reading your lessons, I have just finished lesson no 2 - I have studied Unity the last 8 or 9 years, but your lessons seem to open up things more clearly to me then any thing I have studied before. I have always known the power of God, and he has wondrously blessed me, and has answered my prayers in many things - I am a widow, Daughter and I live together. I am a dressmaker - daughter is a music teacher, sometimes the way has been pretty rough for us, but we never loose faith in God. We never blame God. Since I was a small child I have been searching for the ~~the~~ truth - The lessons from your have come nearer satisfying my hopes

in finding the true way God intended me  
to go there any thing I have studied &  
before. I have a very happy feeling since  
studying my lessons from you,  
I am hoping and working hard for a  
home of my own, furnished the way  
I want it - and a car and all the good  
things of life I am sure God wants  
me to have, I have created three new  
garments - The Pantie Blouse - The  
button on skirt blouse and The  
Pantie Bra - which I am hoping to  
get on the market soon - and when  
I do I will soon have the money  
to get the home and car and all the  
good things of life I have hoped for.  
I feel God has given me the ideas  
to create these garments he will give  
me a way to get them on the market.  
I am hoping to be able to write and tell  
you very soon that God has been with  
me in working out this plan, and  
that I have my heart desire.  
I am going to do my best in studying my  
lessons as you have ask me to, and I thank  
you very kindly for helping me.  
Very Truly Your Student. Bessie Lee Cook

P. S. I would like to be able to send you  
the \$2.40 for the lessons at this time but I am  
not financially able to do so, I believe I sent you  
a dollar for the first lesson, but I am not  
sure - but your books will show it if I have.  
I am sending you a dollar on the second  
lesson which is the best I can do at this  
time. I hope you will have patience with  
me. I will pay for my lessons as fast as I can.  
I won't want to be without them, I am anxiously  
waiting for lesson No 3.

God bless you in your wonderful work.

Your student  
Bessie Lee Cook.
