Dear Mr. Robinson,

I am going to write a few lines to you, I received your 10 the lesson I read it through a few times. It changed my thoughts altogether, altogether different, I am believing now in the God law more than I did before. I am believing that I am getting rid of my Rheumatism and Kidney trouble, I don't know how soon, and I don't care, I just believe it that's all, I am thankful you keep after me the way you did, I think you are a real friend to every body. That is a student of yours, I had been better with my Rheumatism than a week ago, I got that Grip that is here in the neighborhood, I had to go to bed for a

week had fever 103 for six days
it was mostly in my stomach
It did not affect my length
much, I am out of bed again
but I am weak yet cannot do
hardly any work or go out, I
hope I will soon get better that
I can send you some money
again, you are certainly kind to
me, sending me all these lessons
what a wonderful friend you are
you are taking an interest in
us unfortunate folks, Thanking
you very much until I can do better.

My dear Mr. Elliott:

Thank you for your good letter of recent date, and for your remittance of \$2.25. It was good to hear from you.

If you knew how many thousands of people write us as you did, you would know that at long last the actual truths of the Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hellfire, unless we believe what they teach. What needs to be understood is that man is the highest creation of The Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

It is proper to use the God-Law for every good and right desire which you may have. From the sound of your letter, I would judge that you are very sincere in wanting to win the affections of the lady you love.

May the Spirit of Infinite Peace be with you always.

I have recd my ninth lesson and it so plan to understand, and I enjoy it, and I want you to know due on the up turn for better things god is with me. We were in the market for a new car. I visited most or many sales room all said it would be a year or more before I would be able to get a car. I did not give up. We needed one badly.

I kept looking & advertised
 for a better used car
 a party answered my add
 having a new car to sell
 but sky high. with gods
 help & his law. I got this
 car at the right price &
 we are happy. I have
 been in many churches
 & I couldnt believe their
 way and from now on
 I believe only in god
 our creator. and any one
 with god sense will only
 believe in him & his
 law. there are so many
 denominations and each
 think they ^{are} the only religion

When I was a child I
did not believe in the bible
It was written in such
a way no one understood it
people would say it was not
meant for us poor creatures
to understand than how
could they expect us to be
to do as we should. please

I couldn't keep from

Dear Dr. Robinson :-

I am enjoying your lessons very much indeed. I read them evening & morning so I read them over & over.

I am a member of the Methodist church but for past five years, do not attend very regular as I have ear trouble I do not hear very well so have a ear aid which helps some.

But I agree with you Dr. Robinson I believe in God And I believe in the Power of the living God in me. And I thank thee Father that Thou has heard me. I enjoyed your first lessons which I read & studied six years ago. And I am looking good

closer to God. before these lessons close
I hope to have some of my friends meet with
me once a week. It seems a little hard
for me to get them started as I haven't
asked them yet, just tell me the best
way. Also tell me the best way

in me. The Father who dwelleth ^{within} me, He doeth

Would like to have you tell us more of
the healing in the no. 10 Lesson.
You told us you would tell us more
about the healing, which is a small

I believe it should be the small part

Dear Dr. Robinson:-

Just a few lines to say that I am enjoying your last lessons up to lesson 16.

This morning I have read lesson 5 and the more often I read them the more I get out of them.

This morning I had a patient, Mr Frank Shantz - He is a member of one of the churches here, He & I think very much the same.

And I have given him no 1-lesson to read, and I know he will be benefited. And I have told him

Dear Teacher:

I have some good news to report and some not so good!

My health has improved since starting your course of instruction and I have gained six pounds in weight,.

The night that I received lesson # 3, I found the bright spot quite clearly, but as we are right in the route of the mail planes the planes are flying right over the house, and some nights I do not see the bright spot at all, I fall asleep while I am waiting for it to appear, I think what is keeping me back, is that I have difficulty relaxing some nights,

On November 11th 1945, I met with a very severe automobile accident and had the bone in my left arm broken completely and I had seven fractures in my ribs, and a badly busted hip and a badly twisted ankle, while I have got over all those things, I am not just as husky as I was before the accident, and some times I feel the effects of it, which I think has something to do with relaxing as I should, I was off duty for nine months.

With regards to my deep breathing, I can breathe only about 50 % of normal and I think that is due to too much fat inside, I measure 40 inches around my waist and my normal measurements is 36 inches, perhaps you can tell me some way to get better results.

Lessons three and four are just wonderful, I have no trouble with the lessons at all it is just that I am a little behind with my exercises but I think I will overcome them before a great while.

I am attending to the affirmations continuously and like to repeat them whenever I get a few minutes. I believe the course is just to beautiful for words to express,

Your obedient student,
William Henry Farrell.

My dear Mr. Farrell:

Thank you for your good letter of recent date. It was good indeed to hear from you, and to know that you have found in Psychiana what you were looking for.

If you are unable to see easily the "lighter area" in your field of vision when your eyes are closed, then do the exercise without seeing it. Just continue to project your thoughts into the Cosmic Realm of the invisible God-Power. and remember that what you are doing in this exercise is actually attempting to throw the God-Power in you into play. So, be faithful in this exercise, please. It will mean much.

May the Spirit of Infinite Peace be with you always.

Cordially yours,

Asst. to Dr. Robinson.

Dear Teacher:

I am coming along with my lessons and am always ready for the next lesson when they arrive, I say right here that they are the most marvelous truths ever told to the people, lesson # 4 leaves me without words to adequately express the glorious joy to me in reading the wonderful truths it revealed to me, and it is one of the most marvelous revelations I shall ever experience, your lessons are revealing to me the truths I have searched for all my life, and never expected to find through the teachings of the churches.

I was born of God loving parents, but my father passed on when I was under eight years of age, and my mother, God love her soul, brought me up to the presbyterian church belief, I was a good obedient son to her and always looked after her interests, but she has passed on also about 25 years ago, and my wife passed on, on Thanksgiving day 1946. and I am left alone and when my wife passed on, I tried to find the truth, and just chanced to get some of your literature, and I decided that, that was what I was looking for.

I feel since from the ^{my} very first lesson that my health is improving and I find a change way of thinking, and I have not had to ask God to forgive my sins as I have not sinned since starting your lessons.

I have started to day to review my lessons as I feel I have missed something and I want to find out what it is, if a ny thing.

I only hope that your lessons will change my life, but as I have always lived a good life I have only to be shown how to change my life to make a success of it, I am finding the power of the Living God Law, now.

Yours truly,

W H Farrell

Dear Teacher:

I have found out the GOD-LAW works, for my one desire was to have perfect health, and when I get perfect health then every thing else will come as a result. I repeated that every time that I expressed my desires, and when I received lesson 6, that lesson gave me the affirmation, "THE LIVING GOD IS MAKING ME WHOLE", at that time I had a very sore leg that had been ailing for several months, and now the soreness has left my leg, and I find I am affirming that ~~that~~ affirmation unconsciously, every time that I have a few minutes to spare that I have nothing else on my mind (as it were) I automatically begin the affirmation again, regardless of where I am or at what time it occurs.

When I started to study the lessons I weighed only 171 pounds and was just on the point of giving up my job, but I felt the change coming, and as a result I am still working and weigh 180 pounds nearly my normal weight.

I find no difficulty in grasping the facts in my lessons for you explain them so thoroughly that a child can grasp the most of them, and the reason that I grasp them so quickly was because I was looking for something that I could not find, but many thanks to you Dr. Robinson I have found what I was looking for.

There is only one thing that I have not been able to master to date and that is the "BRIGHT SPOT" sometimes I cannot see it at all, but other times I get it very dimly, the first night that I received lesson 3, I seen it that night just like a big ball of fire, I would be pleased if you could give me any suggestions that would help me out of my difficulty.

If I could master the "Bright Spot" I would be satisfied with my progress but I would be pleased to hear from you regarding same.

I would be pleased to purchase some of your books but I have not time to read them as I want to devote all my sparetime to my studies, as I am a busy man, I hold down a job that pays better than \$2.000. a year, and beside I am running a mailorder business on the side.

Your obedient student.

My dear Mrs. Ferro:

Thank you for your good letter of recent date, and for your remittance of \$4.50. We also thank you for the names which you enclosed.

If you knew how many thousands of people write us as you did, you would know that at long last the actual truths of The Spirit of God are being made known to men and women on this earth. For too long the churches have taught us that we were born in sin and shapen in iniquity and doomed to hell-fire unless we believe what they teach. What needs to be understood is that man is the highest creation of The Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

When a person is beginning to contact The Realm of The Infinite Spirit of God, many rather unusual Spiritual Manifestations come to that person. This, however, is only proof that he or she is beginning to get close to The Realm of Almighty God.

May the Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson,

Dear Sir:

This is to say to you that I appreciate what you have done for me. I have really been helped. I have got more out of your lessons than I have ever gotten out of any study I have ever studied. I don't think I have ever felt better in all my life. I have enjoyed every lesson. I was always anxious to receive the next one. I do wish I had 20 more. I could just keep on reading them. I received my certificate today, and I do love it. I do want to keep in touch with you. I hope to see you in person some day (in person).
 Very truly yours, Student,

My dear Mrs. Fisher:

Thank you very much for your good letter of recent date. It was good to hear from you, but we are sorry to know that you are not well.

Remember that there exists in you more of the healing Power of the Spirit which is God than you will ever be able to use. Therefore, the only thing for you to do is to recognize this mighty but invisible Spirit of God and realize that there is no disease or illness which can withstand this great God-Power.

May the Spirit of infinite Peace be with you always.

Cordially yours,

Asst. to Dr. Robinson.

Dear Sir:

I have received my first lesson in "Psychiana" and wish to tell you it's the most beautiful piece of literature I've ever read. It really thrills me through, and I understand it better each time I read it. I know I'm far from the real meaning of it yet, but am going to continue reading it. Am awaiting my second lesson in about a week.

You described me perfectly in some of your letters to me. I've always felt blue, despair, nervous and unhappy. Seems like I get nothing out of living. It's the same thing day after day and year after year. There are so many things I've longed for but never seem

to achieve any of them. I am married,
have a wonderful husband and two
lovely boys. My children are age
4 years and 5 months. Since our
marriage, we've been living with my
mother-in-law and three of her other
sons. She & they have all been good
to me, but it seems I can't make
myself contented with them. The older
boys tease my eldest son until he's
almost out of control. Whenever I
punish him, the other boys laugh
at him. His grandmother has spoiled
him in every way possible, and she
gets fretted whenever his father or I whip
him. I want her to leave him, but
it makes it hard for us to control a
spoiled, teased child. I long to get in
a cozy home of our home, where we
can rear our children as we see fit.
When a family is to themselves, they can
take time to do certain things they like.
Like it is here, I've my special duties,
and they require most all day. Little
time do I have for pleasure or reading.
I try to do what I can at night, but

Try to get the children in bed first.

My eldest son has a bronchial cough every winter, and the doctors can't seem to do him any good. He's very thin, weighing only thirty (30) pounds. In 24 years of age and weigh only 99 lbs. I wish we could both gain weight and be healthy persons again.

I suffer with asthma every winter. I have the worst complexion a person can have most, and she tried everything she ever heard of. It would make me a shade happier, if I could clear it up.

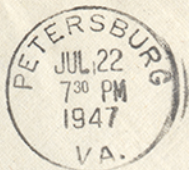

I have a brother-in-law here, who has been in bed two years with T.B. I wish he could get well and none of the rest of the family have it. Both sides of the family have it.

My mother & father complain all the time. They work so hard on a farm and never seem to get anywhere. I wish they could enjoy good health & prosperity again. I am going to let my parents read my lessons, for I'm sure they'll appreciate your message. It is such an inspiring piece of literature.

If you can, I'd appreciate hearing
from you personally.

Yours Truly,
Mrs. A. S. Fisher
