Dear Dr. Robinson: -

A few months back, I asked you to withhold my copies of "Psychiana" until I started back to work again as I had to quit my job and wouldn't have any money for the payments, yet I have continued to get them, and I am so glad for that I not received Lesson 10 all may have been dark for me, but things are just now beginning to take shape for me, and a man called me today and says he wants me to work for him and I truly believe it is the kind of job I have always wanted. I am to start about the middle of next month. My health has improved greatly for I am beginning to use the God power for my health, by that, we must not do anything that are contrary to the rules for good health, such as smoking & drinking.

I will start making my payments as soon as possible, and I am so glad I started your course, for I know it will work. Ethel Hally

Attention: Dr. W. W. DeBolt,

Dear Dr. DeBolt:

I have had help and good advice from you in time gone by, and since studying "Psychiana" and now studying "The New Psychiana", am grasping more and more and have been able to help myself considerably in the short time spent. The studies are wonderful and I am only too happy to tell everyone I can about them as well as sending names to "Psychiana".

One thing I would like you to help me with at this moment is concerning my daughter, Helen Jane, who has had some trouble in her Freshman year at Univ. of Maryland, in that she failed some of her minor subjects, and she desires with all her heart to be reinstated so that she can continue her education in September. Now she has been going to Geo. Washington Univ. here this summer to summer school in an attempt to make up some of her deficiencies, and it looks very good that she will come through with her political science, American Government, and she is also taking English, -expecting to pass them all with a fair record. However much I want to help those around me, I apparently lack what it takes to accomplish help to the fullest, perhaps because there is fear in the girl's heart that she might not be reinstated to go back in September 22nd. I am coming to you for this help. I know that you can do much in this matter, and if you have any suggestions I would be only too happy to receive them. Dr. Bamford who is at the head of this committee for reinstatements knows how much Helen Jane wants to return and knows she is putting forth an effort, and the last meeting for this matter comes up sometime between now and early or middle of September. Please keep this matter before you for help which will be greatly appreciate by me, and doubly so by the daughter I assure you.

With best wishes for your continued success, I am

Sincerely,

Mrs. Roger W. Harman - 51-190

Dear Sir:

My daughter, Myrtle,
who is a telephone operator
in Bogalusa, La. was
kidnapped August 2, 1947,
while on her way home
from the show. The man
who kidnapped her, choked
her until she passed out.
She came to from that
then he kicked her below

the law. He thought he had kept her neck but still kicked her in several other places leaving big bruised places. He left her then thinking she was dead. When she came to the second time she made her way through the woods to the sound of dogs barking. She called at the home of Bogolisa residents who called the police for her protection. She was taken to police headquarters where she told her story and identified several men

who were suspects of the police. None of which were the right man.

The next day a man who fit the description she gave committed suicide. And had scratches on his face where she had fought back. His conscience led him to shoot himself through the heart with a 30-30 rifle. He died believing that she was dead. But my faith kept him from being able to take her life. She is now able to work

again. I taught her to
Always have faith in
god and no one could
ever take her life.

Your teaching is worth
more than I can put
into words if people
would only grasp it.

Dr. Frank B. Robinson my dear friend and teacher. Recd. Lesson #10 which I am so pleased with it does contain a lot of spiritual inspiration. I can truthfully say right here the Law does exist I have found out for my self when I do just like you tell me things happens just like I want them to. I believe you when you speak of confidence and trust if anyone had told me a year ago, I could afford enough money to take up this course of study with you I would have told them it ~~was~~ would be impossible for me to do such a thing. I am sure your Bookkeeper can tell you I have not missed a single payment up to date. And I am not worrying one bit about how I am going to get my advanced course of study. I can see now the money will come to pay for it when the time come. Dr. I think I will be going along with you a long time. Please continue to pray with me for my health wealth and my Domestic Happiness. Things are shaping up in my behalf surely they are, just a little by little all along. The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible of The Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt. That is the foundation of all the world's major religions, yet, it is so hard to make people believe it.

I love to read and think of the great unknown, the marvels of the planets, the nature of God's creatures; your lessons are wonderful, but there seem to be something I don't quite get, I don't get the power, I know you are right, and I study every lesson carefully, please write me what to do. — u.s.a. — My Dear Dr. Robinson,

Now that I have finished the course of The New Psychiana the twenty six lessons. I feel very happy to have learned so much of the Realm of God. And I now choose to live in the Realm of the invisible God, in which the spiritual power of God is the all controlling factor. But as you say I must keep that light burning, I must not give up here, I find if I don't stay near God and keep the power renewed I loose faith. I must keep my faith in God so I will have to keep in tune with the God power. The great ever present spirit which lives in us.

2. So at this point, I plan to start at the beginning and read the whole course carefully again. Thank Dr. A. M. May for his recent very nice letter enclosed please find some names whom I hope will enroll for your literature. May the Great Life Spirit help you bring a speedy redemption to the human race.

Sincerely

My dear Mr. Hendricks:

Thank you very kindly for your letter of recent date.
It is a pleasure to hear from you.

Regarding the Student-Teacher Relationship which you mentioned in your letter, I would like to say that for years, my father answered all mail personally, until the point where it got so heavy that he could not answer all of it. It would be an impossibility for any man to answer the volume of personal mail he receives daily. I am sure you understand this. While Dr. Robinson might not answer every letter, he does answer many which require his personal attention.

I would say you are indeed fortunate, concerning your Spiritual Manifestations, as it is not every person which can manifest these experiences to the degree which you have. I don't think anyone can tell you just what these manifestations mean, other than to say that your consciousness of a higher intelligence is very acute and receptive.

I am happy to know that you are understanding and benefiting from the Psychiana Religion, as are many other people in the world today. Whenever you have a question or feel like writing to us, do not hesitate, please.

May the Spirit of infinite Peace be with you always.

Very truly yours,

Alf

C. McVey,
Assistant to Dr. Robinson:-

I am in receipt of your letter, under date of October the 8th, 1947, in answer to mine of a prior issue.

You see, I had a misunderstanding relative to how things worked. Inasmuch as the Lessons time and again mentioned writing, I was under the impression that, in addition to the Lessons, there was a Teacher-Student relationship, under which, when a Student came upon something that he didn't quite understand, the proper thing was to write for an explanation. In fact, I was under the impression that I wasn't writing often enough.

I have only written three letters. The first one was answered by you, and you gave me a little information. The second was answered by Dr. Robinson, who didn't touch upon the subject at issue at all; but just answered in the line of generalities. When I came upon the Lesson in which he instructed the Student to let him know about different kinds of lights, in color, that is; that they experienced when trying to contact the "White Spot". In his answer, he told me nothing, relative to my experiences.

Now, I have written my third letter, which you answered; and in almost the same words that Dr. Robinson used; but relative to an entirely different subject; and without touching the subject at issue at all.

For years I have been getting these unusual manifestations of which you speak; but never so thoroughly, nor so plainly as I get them now, after having started to take your Lessons. I could never be sure whether a given experience was just a pleasant dream, or a Spiritual Manifestation; AND NEVER BEFORE, HAVE I SEEN A VISION; NOR HEARD A VOICE SPEAK OR WHISPER, WHILE I WAS THOROUGHLY AWAKE.

I get many; but I made sure that the ones that I mentioned to you, were ones that could not be mistaken for a DREAM; because in each instance described, as having seen visions and having heard voices, or a voice, speak or whisper; I was either first awakened thoroughly, with a start, by an unseen POWER; or was awake, in the first place. Thus, what I heard and saw, I did so, when fully awake. This is why I wrote to you, hoping to have you help me determine what it was all about.

I understand now that you don't answer questions of this sort; but just answer the letter in the form of generalities; and in the future, when I feel like writing; I'll try to remember that I had better not. I suppose the Organization is by this time too Big for such Teacher-Student relationship.

(CONCLUDED ON NEXT SHEET.)

(SHEET TWO.)

Please don't misunderstand me:-I want to definitely state that this does not diminish in the slightest manner, MY VERY VERY DEEP APPRECIATION FOR THESE LESSONS. I THINK THEY ARE THE MOST WONDERFUL EXPERIENCES THAT I HAVE EVER HAD; AND I REGARD THE AMOUNT THAT I PAID FOR THEM, AS THE MOST PROFITABLE INVESTMENT THAT I EVER MADE; AND I REGARD MYSELF AS BEING INDEBTED TO DR. ROBINSON A THOUSAND FOLD, FOR HAVING INDUCED ME TO TAKE THEM!

I WANT TO FURTHER STATE THAT I FEEL CONFIDENT THAT EVEN NOW; AS I AM WRITING THIS, THE GREAT ALL-POWERFUL, IMMUTABLE SPIRITUAL GOD-LAW; IS EVEN NOW PREPARING TO LOOK OUT FOR MY WELFARE; PREPARING TO SUPPLY MY NEEDS; PREPARING TO FULFILL MY DESIRES; TO THE END THAT I SHALL BECOME STRONG, HEALTHY, WEALTHY, SUCCESSFUL AND HAPPY; SO THAT, IN DUE TIME; INSTEAD OF ANSWERING QUESTIONS ALL OF MY LIFE; I SHALL BE IN A POSITION TO ASK THEM; AND THAT IT WILL HELP ME TO BE BIG ENOUGH TO ASK THEM WITH KINDNESS, COURTESY, MANNERS, TACT; AND WITH DUE REGARD FOR THE FEELINGS OF THOSE WHOM I ASK THE QUESTIONS.

With kindest regards, and with the best wishes for your welfare and happiness and well-being, I am,

Very respectfully yours,

Irwin S. Hendricks.

Dear Mr. Robinson,

I believe God made
his presence known to me one
night not long ago during ~~that~~ ^{the}
period you asked everyone
to be quiet at 9 P.M. Well
I was quiet and was in
my closet as Jesus told us to
do and a warm feeling started
between my calves it seemed
like waves of heat but my
toes were cold I felt my
legs but they weren't warm
and then I started to feel
warmth in my arms and

2
a feeling in my arms and
legs as if they were asleep needles
but they weren't the second
night I felt the same feeling
but the warmth that started
in my legs seemed to crawl
up in my body but toward
the right side I felt like
pins stroking in my face I
felt very happy. Even in
the day time on the ~~tree~~ ^{first} ~~tree~~ ^{right} ~~tree~~ ^{top of my} ~~tree~~ ^{foot}
I feel a warmth and I feel
the tree with my bare hand
and it feels cool. I believe
that this feeling is the
Spirit of God telling me
that he truly lives in me

I believe God wants me
to work for him

(3)

Right near my home there is a fire House which has a room above the fire Engines they rent this room to anyone for a very reasonable rate.

I wanted to start a meeting telling anyone who wants to hear about God. I will advertise it in the local papers what the program will be and what night.

will you please send me instructions how I should hold the meetings and send me literature. I

know my husband will object but I love the

spirit of God and I know
His power is the only
true peace we will ever
have.

I will tell you why
I want so much to start
the meetings the people
I know that I have told
them about our God dont
want anything to do with
him. My sister Grace
was a nurse in the M.E. Hospital ^{Providence}
for fifteen years. She studied
to be a missionary and was
in Jose, Nigeria for four
years, she caught a
incurable disease which
is slowly paralyzing

(5)
her right side, she can hardly
write and her hand shakes, but
I am sure why she was
given this disease she believes
that Jesus is God and

believes in hell fire and
you must be cleaned with
the blood of Jesus. This
is why I want to work
for the Spirit of God,
so I will be able to
lead ~~maybe~~ ^{more} people to
the true God and I
(~~may~~ ^{will}) convince some of
the people that Grace
has convinced about what
she believes to what I

believe

Please excuse pencil writing
I can express myself so
much better.

When ever you are
on the east coast or
in New York I wish
you would please let
me know I would love
to meet you.

I know I have found
the true God, may
His blessing never cease
for you and your loved ones.

with us I will close

Dear Friend and Brother:

On December 1/47. While unloading
a 600# drum of asphalt for John Manville
at the Wyandotte, Chemical Co., my right
foot slipped, and I fell over, tearing
the ligament and broke the Tibula bone
1/2" above the ankle.

I was taken to the Wyandotte General
Hospital stayed there from Dec. 1/47 to Dec.
3/47. Have been home here in Detroit since.

My leg gave me considerable pain
I exercised all the faith I could

I was administered to twice by Elder
Jones and Elder Osborn. In compliance
with the scriptures. The 5th Chapter of James 14-15

My sick among you let them call for the
elders of the church, let them pray over him
anointing them with oil. The prayer of faith
shall save the sick and the Lord shall raise
them up. If they have committed any sins
they shall be forgiven them.

In 1906. I was afflicted with Typhoid
fever and I called for the Elders. S. H. Bacon & R. Osborn
and I was healed. Next morning my temperature
was normal.

I have faith in God. The Spirit of God
that is in my worketh miracles.

When I broke my leg, the first words that
came to me was, "I believe in the Power of the Living
God, that is in me".
I have trusted God all my life.

2 -

It is my life and my Salvation. God's Holy Spirit has come to me many times and has been a source of great strength to me in the hour of trial and tribulation. I trust God in all things. He has blessed me in many ways.

In 1903 I received my Patriarchal Blessing through Patriarch John W. Lake, a man that lived very close to God. I have heard him speak in the Gift of Tongues and heard him prophesy and many others Elders of our church (The Reorganized Church of Jesus Christ of Latter Day Saints Independence Mo.) The Spirit of God was there with much power and assurance of the truth of the Gospel as restored by the Hand of an Angel (Moroni) through Joseph Smith the Prophet, Seer and Revelator. Joseph Smith, ^{the} Prophet foretold of many things that should come upon the world and the people.

He translated the Book of Mormon from the Golden Plates hidden up in the Hill of Cumorah, Palmyra, New York by the last Nephite Prophet, Moroni, who was the son of Mormon.

The Book of Mormon is a record of the American Indians forefathers and the Mound Builders or the Jaredites.

The brother of Jared was a righteous man who came to the land of Joseph or America 2200 years before Christ. He and Jared came from the Tower of Babel and were the only persons who maintained the original language

of Adam. ³ The Jaredites became a large nation on the continent of America, and built high mounds and known as the Mound Builders in history.

Because of wars among them selves they were destroyed except one man named Corianton who lived to see another people the "Nephites" and Lemnites (Indians) inhabit the land or Joseph's land) 600 years before Christ.

The brother of Jared was a righteous man who walked and talked with God like unto Moses of the Old Testament. Jared's was the spokesman for him same as Aaron was the spokesman for Moses.

Enoch was a man of God and he walked and talked with God so his people were perfect and went to heaven.

Now Brother Roberson you make the statement in your lessons that there has been no messenger from God since Christ 2000 years ago. but brother Joseph Smith brought a true & powerfull message to the world in 1830. when he and 6 others organized the Church of Jesus Christ of Latter Day Saints. full filling the 29th Chapter of Isaiah to the very letter - 37 of Ezekiel and many other passages of Scriptures. It truly is a "marvellous work and a wonder."

God spoke to Joseph Smith as he prayed in the woods. God told him this is my beloved Son in whom I am well pleased. Hear ye him.

The Heavens were opened and he saw God & Christ. Peter James & John visited him and bestowed upon him and Oliver Cowdery the Aaronic Priesthood and later the Melchizedic Priesthood was bestowed upon them and so the power of God is manifested among men.

Now Dear Brother Robinson, I have felt very close to you and that you have a wonderful message to the world and man kind. The message of God and his power has been taught to me all my life since I was a very small boy old enough to understand and I have tried to maintain that Spirit and Power which is in me.

Joseph Smith attended revival services of the various churches as a boy of 14 years old as he discovered the confusion afterward he was at a loss to know what to do. So he retired to the woods to pray and God told him to join none of them as they were all wrong and their creeds were an abomination in the sight of God.

I imagine that has been pretty much your experience too. the way you analyse the churches of today.

I cannot help but think you have at some time or other in your life contested the Latter Day Saints or some of their people.

If you have not you have missed a great deal as we have the Gospel restored in its fullness in these the latter days.

Our church has 130,000 members. I said to apostle E. J. Gleason and Elder Blair McLean that if the church did not get out and declare the message that some other organization would. Elder McLean came back with the answer. When our Priesthood receive the Endowment of the Holy Spirit we can go out with Power and declare the Gospel in Power to the dying world. On the day of Pentecost every one heard the Gospel in his own language. That was the Endowment of the Holy Ghost.

The Saints enjoyed this Endowment at the opening of the Kirtland Ohio Temple 1834. I believe that there are great blessings due the People of God. Yours in Gospel Bonds S. J. Newell

Dear Dr. Robinson:-

I think it fitting that I should write at this phase of my study and give you something of my background.

All of my life I have seen God in all things. I have had an inherent desire to do the right thing.

But this I did not know --- that the Spirit of God actually lives within us.

If I had known that, then (over) long ago I would have felt

2

the peace and freedom which
I have always longed for. I
feel that inner peace now
though I have not actually
chosen the course I will
take in imparting it to
others. I am a rather
retiring person when it
comes to teaching, when
I am ready to do this
work in right take form
in "writing". I will do it
as God directs me.

I believe in your work
implicitly. It is ungolding

To me as you said it would
 like a beautiful flower. I
 am a better church worker,
 a more understanding wife,
 a more gentle mother, and
 certainly a more dotting grand-
 mother. You have ^{these things} made ~~them~~
 possible through your teachings.
 Other things will be added.

I no longer fear the future,
 come war or pestilence for
 God is with me. But I do
 want to help abolish war,
 to save humanity. You
 have paved the way and

and I know ~~God~~ will
 help me to do my bit.

My God bless, you
 and keep you Dr.

 continue this great work
 there is still hope for
 the World.

Dear Sir + Teacher

Just a few lines to let you know how Mr Pointer is getting along. I dont know whether he has written you or not said he would. I saw him Day before yesterday said he was feeling Good but quite weak yet.

He had a mighty close call. you know just a short time back he had an attack of the Heart + we had to call on you. He got over that in good shape seemingly. But was trying to close a Deal on his Houel worried enough to Kill Two mules finally closed the Deal then did some hard work in moving + Four or Five Days after that was when it got him I was afraid he had Backstidden
over

He was using lot of Prophanity + seemed to be indifferant I mentioned that in my telegram He had such a close call hope He sees differant now.

They took Him to the Hospital some time early in the morning. Two Drs told His Family they had done all they could only gave Him I think about Two Hours to live. + the Family had begun to make arrangements for His Furnal a Lady Friend who had Studed Psychania with Him got in touch with me that was around 10 oclock that was when I got the wire through to you. He told me by noon time He had began to feel better

Listen: Dr Robinson: Something I want you to tell me or help me out on. I have Studed this work with you for the past 10 years + have thought + Studied some more. Dont know what I would give if I thought I would be one tenth part of what you are. I know I have got some results. But to get down to the

Point when I left the Store to go to
the Telegraph office I went in the back
Room closed my eyes Dont remember
exact or the exact words but think I
said in a whisper + to this effect:

Spirit of the Living God Mr Pomter is
very bad sick. He doesnt want to Die. He
wants to Live and be a useful man. Pleas
Father make this man well at once. Thank
you Father that thou hast herd me Thank
you: I could feel a tingle + seemed
to me a nearness of some thing in my
Bosom. I was surely in hopes this would
help on the reason the way I felt about
Pomter. I felt that he had backslidden.
am anxious to know if I might
have had any effect.

If I am not Reading your Lessons I
am Thinking.

Thanking you kindly + wishing you
a prosper new year

Psychiana:
and this wonderful Dr Frank B Robinson, here
is where I can truthfully tell you what the priceless
treasures, these lessons, have done for me and mine
we have been so long in pain, now are healed
or very nearly so, I knew there must be a way,
but did not know how to use it, I prayed to Jesus,
received my sight back, when I was in my thirtieth
about 32 or 33 years old, Doctored of course, but firmly
believe it was prayer that made me see again;
again, after an operation had vericose vein tra-
ble - results ulcers on left leg three of them,
this same Christ whom you call Pal, I prayed
too healed my ulcers;
but just could not heal my sons ulcers or my
broken arches, I wrote you for lessons, he was
suffering so with Phlebitis, not long ago I wrote
you for help, the reply was we have enough
of the God power to heal him, so went to studying
some more, in my books come across a little
book written by Helen & Sherry, are you getting
all you want from life; it helped along with
your lessons, in deadly earnest we have
tried, also thinking of you sitting at your
organ at 9, his ulcers on right leg are
healed absolutely healed, Phlebitis gone, the
ulcer on his left inside ankle is almost dried
away; now do you think we are learning of
our Creator and his law, his power, it has
taken time but thanks be to God and you
for the teaching, have had some wonderful
demonstrations

this great Father, Creator, of us all is so mighty
to help when we know how to contact him
must tell you I removed the stiff rigid support
from my shoes yesterday have worn them
seven years am hoping I never have to
wear them again.

as Roy was leaving for school yesterday morning
he said Phlebitis is starting in my right
leg again, when he returned yesterday
evening I asked how is the leg he smiled
said better much better, may he never
have to wear rubber stockings again,
he must indeed love us to help as
we are helped now, also no lack, altho
Mr may perhaps never work again,
he is our supplier and ever present help,
thank God thank you again Dr Robinson
if we thinking of you at I perhaps it is
not just our own contact but you
who has healed you know so much
more of him than we do,

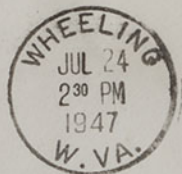

Respectfully

Dear Dr. Robinson:

I have wrote to you before, but never got an answer but I guess its because you are so busy. I always like to hear from my Teacher to see if its backe up the way I feel. I do know I have the Power of God because when I in the bed at night in the dark room it looks like little lights all over the ceiling and blue & red lights and truly that is some thing new to me. And I have vision of things and people and they come just like I see it. I couldn't describe the many things I experience doing my exercise, I think this is a wonderful power, and to think I had it all the time and didnt know how to use it. Dr. Robinson, so many folks say I'm beautiful, they want to

(2)

know what it is that makes me
look so good, and I says The Power
of the Living God, they says its
something. I am happy to know how
to put this law to work in my life
and to be still and mediate, truly
it is wonderful, because before I
started to study this law, I was
always upset, but its different now
the last thing at night and the first
thing in the morning, I recognize the
Power of the Living God and my days
turns out wonderful. Thanks for

Gentlemen:

Enclosed herewith is my check, in the amount of \$6.75, covering three instalment payments of \$2.25 each.

The study of Psychiana has meant and continues to mean very much good in my life. I am so happy and thankful that I took up the study. It disappoints me though, that I am not able to interest more people in Psychiana. It seems that quite a number of good people just will not go to the trouble, or put forth any effort, to study religion. I shall not stop trying to interest sincere people.

Will you please send information about Psychiana to Mr. James H. Nunally, 22 North Royal Street, Mobile 12, Ala.

Dr Frank B Robinson

Dear Sir,

Its been quite a few months since I received wonderful results from your power-packed lessons.

One afternoon I was communing with God when suddenly I heard the rush of water and my head and shoulders were very wet and the Great God was saying, "I have understang". I was spiritually Babbitized. Since then I have had

peace of mind, freedom of many former worries.

God healed me of a bad nervous condition, just as I was on the point of falling unconscious.

Later He healed a badly burned hand on which was accidentally spilt hot grease. I had a bad time of the 2nd degree burns at first but when healed the skin was soft like a baby's soft hand.

I had good results at first when I had desperate need but now I don't get results or hear God talk to answer me.

An elderly uncle stays with us and he swears terribly. He curses with nearly a very breath he takes. I know this is against the will of God.

Could this be the reason I no longer get immediate results from God? He waped worse since he knew about the lessons. He didn't want to believe them or the bible.

God said "Blessed are the eyes that see, for they shall see God". I see the Holy Spirit, pulsing and throbbing in my home and outside, I feel it keenly and feel vibrations.

Please tell me if others have this same experience!

I think a Pen Pal Club
 would be wonderful so
 students could correspond.
 Could you arrange it?

God saved me many
 dollars in doctor bills.

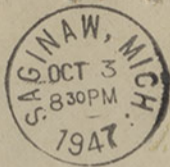

I want a perfect physical
 body and the only change
 is weight in the wrong
 places. I shall continue
 to ask my beloved God for
 a perfect body.

I would love to read the
 book on Dr. Robinson's life
 but I could never pay \$5.

God Bless your work and
 may he give you even more
 success and glory.

Dear Dr. Robinson

Well - Dr. Robinson I really never expected to be able to write you this kind of a letter, as I really thought there was not a chance for me. Now I tried with all my might felt I was not working hard enough, and every Lesson that came I felt how little I was to tackle such marvelous and such a universal problem. But there was still that desire to continue on. Now I really knew I would fail. was almost afraid to tackle the next Lesson. But still I kept trying for just a little bit of Faith in the God-Law which I knew was true there. But I feared was never meant for me. Now I have spent years trying to find just this. where there

no fear but just faith in God:
and there was just one interruption
came up after another. Have moved
nine times in the last 2 1/2 years.
Twice in the last month. But now
thou it is not very desirable know
I can stay permanently if I so
desire. so when things was the
very worse. I just gave up and
studied and worked with all my
might. then I got so that all I
could do was read lesson 11. read
it so much that I became so
confused so I knew that was no
good. I was only a weakling then
to my exercises finally I was all
finished then that it best to start
all over again then I kept very
silent and still and did not
try any thing then I really discovered
I had no asthma for some time
it went so gradually and naturally
I was not conscious of it then as
I started on lesson 12 things really
all coming to me in a big way
and I have given my self every
test and it is real. so now I

am just telling every body and they can see for themselves.

Say I could go on like this forever it seems I am so grateful that I was able to contact Psychiana and able to do what I am doing thru my Faith in the God-Land & the Spiritual Realm. And thru your great help as a teacher. You are a wonder. You have the real thing. so please except to my sincere thanks. and I continue my studies I may prove to be very worthy of your teaching.
Thanks to You

My dear Mrs. Hudson:

Thank you for your good letter of recent date; also, thank you for your remittance of \$5.00. I am sorry to hear that you are not well.

Don't forget that neither illness nor disease can withstand the Power of the great Life-Spirit which is God. This God-Power is within you and may be spoken into existence NOW. Maintain your confidence in the Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that the God-Power heals through diet, climate, doctors, etc., as well as by direct touch.

If you knew how many thousands of people write us as you did, you would know what at long last the actual truths of the Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and open in iniquity and doomed to hell-fire unless we believe in what they teach. My dear Mrs. Hull,

Thank you for your good letter of recent date. We were pleased to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Wehn it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within you and may be spoken into existence NOW. Maintain your confidence in The Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

May the Spirit of infinite Peace be with you always.

Dear Mr Robinson I am writing you -Because you requested to know how I felt at this time about the lessons ? Well I just can not just exactly tell you how I do feel But something is happening inside of me .

A very pleasant feeling. and happy for some reason. I hope that is the way I am supposed to feel..

In fact I have felt happy about this lessons ever since I first sent for them even before I got the first lesson I can tell you I have really enjoyed every word of them all three. But I have not kept the hour as I should as during these holidays and so many coming and going the time would slip by before I knew it But I do repeat the sentence very often any way But not always on the hour Some times several times during the hour..

I am alone most of the time only during the holidays . As I am a widow..

And Most of all I want to ask you to direct the Spirit of God to heal my eyes I have cataracts growing on them.. And since I have been trying to read these lessons seems like they are getting worse again.. I am being treated for them by a eye Specialist But seems the results are very slow and if I read much it makes the time longer for the healing of them..

So now if you can do any thing for me in that way will you please do it??

I certainly will be everlasting grateful to you and will Give God the praise for laying the Living Spirit work on me through you??

I dont know if that is the way to ask you to do that or not ? If it isent please tell me so..

I will send in my remittance after the 5th of the month.. I want the lessons even if I can not read them Perhaps some day I will be able to read them . They are what I have been looking for all these years. . and I am past 65 years old now.. and I just wouldnt take for the three lessons I have already.. They do some thing to me nothing else has ever done.. Thanks to you for writing to me the first time..

May the Spirit of the living God be with you now and for ever..

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible of The Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

If your remittance for the remainder of the Course came in by money order or check, you probably will not receive a receipt as these can be easily traced; however I am checking on it. Please keep in touch with us.

Dear Dr. Robinson;-

It is with reluctance that I take up some of your very precious time. But I see no alternative, as I have come to the point when everything seems at a standstill and needs a guiding hand of supernatural strength.

So far since studying with you things seemed to turn for the best, as I have seen transformations take place that we have worked for a long time. I was lifted from a forlorn and forsaken individual into one of happiness and ever looking for the God Power to manifest in my humble being.

In all our years of working at the grocery business these past 22 years to be exact, we never were able to get enuf ahead to buy property, now in the last few months we have gone ahead and bought two lots and a building which we could make into a money making proposition, but due to my illness that is out of the question. However, that has given me the courage to hope for bigger things thru the God law. It has no end of values for one that has the strength to work and study in a very conscientious and faithful way.

I was wondering just what manner of procedure you managed to maintain thru the Christmas season. If you do not belive into the Bible stories of Jesus Christ, just what does one attribute the feeling of joy, peace, love, contentment and extreme happiness at this time of year.??? For one to come from a midnite service on Christmas Eve, the beauty of the skies sanctity of the very air we breathe seems to invigorate thru your veins. It all seems to have a holiness that words does not do it justice.

However, the real reason I am writing is that I really need your help, since my serious operation in April, I have been enjoying fairly good health, in spite of a bad heart as the Dr. said needed rest etc., But for some reason there has always seemed so much to do that I forgot the warning of the heart, so now I am facing the problem of a Christmas for three boys with an almost invalid mother. The oldest one is in college his first year, altho he is only 18 years old. His coming home with the fear of death hanging over it does not look too bright. I am holding my faith in the God Law to make me whole, and wherever all the God Power thru the law comes from I shall breathe it very hopefully and gratefully every day.

Will you who is so abundantly strong in will and loving kindness towards all your fellow men, try to help me at this time . I perhaps am just a very small humble being amongst your vast number of students, but if you could try to do whatever you can I shall be ever grateful, I do not know how outside of spreading the wonders of the Psychiana I can repay you, but I shall ever be your humble servant.

Some several weeks ago I mailed in the balance for my lessons, and they are paid in full now, However, I have not received the official receipt for same or have I received the following lesson. No. 12. I am very anxious to finish the course and have faithfully followed and studied it, so am very much at a loss until the next lesson arrives. I know it was received, because I did get the book that I ordered at the same time. Your autobiography, which I think is one of the most interesting pieces of literature, it is a most strange and unusual lifestory of one man with unusual powers.

At the time I wrote that my lesson No. 9 had not been received, however the boys had misplaced it, but they managed to recover same when I began questioning about it. I am therefore returning the extra copy that you were so kind to send me, I appreciate the good work you are doing and can wish you nothing but the best in life and always.

I have inadvertently left the Christian church some time ago, because I could not fathom that a person with the God given privilege to guide and help souls in trouble and when seeking for some tangible strength to hang on to in time of sickness, should take it upon himself to tear the souls and bleed the hearts out of people just because they are supposed to be men of God. I was raised by Christian parents and have a strong following thru the family, with a cousin a Protestant Minister or agent of God, but I just cannot put myself into their hands to make me over, because I have seen and heard too many things that do not hold true to God, if one really and honestly believed in their way of teaching.

Now please Dr. Robinson, will you send the lessons to me , and if you find the time will you please try to help a sould in distress. I thank you from the bottom of my heart and wish you every joy and happiness, for being so kind as to read my letter, Thanking you very sincerely.

Dear Teacher received my fourth lesson and Ah! what a Revelation it has not upset me for I am finding The Power Of The Living God Law and I do these exercises to the minute and I just cant wait to find that Power of The Living God Law and apply it to my own life. I study The wonderful Lesson over every spare minute that I have and all day long repeat the Blessed words I am finding The Power Of The Living God Law. Since studying this course I have not taking one dose of medicine I have had a bad case of kidney trouble I dont feel any effects at all now thanks to this study but that is the only result so far but that is worth more than the price of the course, I get excited, when I read the lesson to think I am living in the midst of The mighty God Law and yet separated from it but I am doing exactly as you say I know I will find it. I never can thank and praise you enough so glad I found you I was living in prayer to the Almighty God I have worshipped all my life in the Baptist way for him to help me I had the greatest faith that he would and through you he has. I would like so much to see you and talk to you but your lessons are a Blessing to me. I will write the next one with best wishes to you and yours

Dr. Robinson,

Dear sir,

No doubt, its about time that you heard from me. Doctor the news is good for you to hear,

I started on the first lesson, and to my surprise, my nervous condition has subsided, and the hypertension is back to normal. I feel my natural self always telling jokes.

Doctor, this may sound foolish, but I am divorced for ten years. I desired for a good woman friend to keep company with, somebody who would be honest and sincere with me. While studying the first lesson, I was introduced to a nice little woman, and in a sleeping company, she is just as I desired to have

When I think over how we came together how quick and simple, I'm sure staggers me. Doctor, Who says the law don't work? They better not tell me, I am starting to know better. Another thing doctor, if my boss gets me peeved. All of a sudden a thought goes through me saying "Use the Law." I get calm again.

Now doctor, in the fourth lesson, where you tell me to think what is uppermost in my mind, before I start the exercise at night. All I can think of is success and all around success nothing particular. If I am doing wrong doctor, please enlighten me.

I'm not lazy and always willing to work. I have been through plenty of trouble, and as my teacher, only you can help and guide me.

I gave up the Catholic religion quite a while ago. Before I started to study with you, all I believed in was a Creator, but who He was I didn't know.

I could not see why I had to wait until I left this world to get the good things I needed. I couldn't see why I had to be stood up before the so called judgement bar and if I didn't measure up to standards or perfection I had to roast and fry in the so called hell, I refused that kind of a ~~god~~ god.

I made up my mind, that He, who created me was not that kind of a God. He loves me and could help me if I only knew how to contact him. Well I see now and thanks to you. I don't believe one single bit of that Catholic scriptures, and don't want to. I'm expecting more good things now, and please expect bigger ^{and} grand news from me.

The Law works, who says it doesn't

Lam - being a very busy man, will not want to be bothered by reading or receiving letters from such a one as I. but I feel impressed to write you just the same. May I first say that I am extremely happy. by nature & disposition I am stubborn, I have only just succeeded in seeing the "Light" & may I state, that what I saw - was very very - beautiful. believe me Mr. Robinson, I cannot put into writing, just how beautiful it was.

I would suggest that you only use one affirmation for

three thoughts, much of the Power will be lost.

Keep in mind that you may depend on the Spirit of God

FRATERNITY

Our chaos of civilization, ever since we can interpret, what a sight.

History, always the same with peace the goal of the masses, torpid with plight.

The spider, the fly and the web, the almost futile contest;

Lack of love for humanity, greedy desires and lust possessed;

The child, the potential, the hope, the future, with possibilities undoubted;

Education, divers ways distorted with ulterior motives, beclouded.

Within ourselves immeasurable mine of wealth, latent powers asleeping.

Salvation cannot be bought!; but only through self-efforts our keeping.

False is the idea that to misery on earth we are born;

Ignorance is the rock upon which our hearts are rent and torn.

Aim, and it is possible, to have and to keep a perfect health.

Regard **money** as **necessary medium**, never hoarding for love of wealth.

Control the thoughts and acts that clearly to the future point.

Develop spiritual growth within, our lives to sacred duty anoint.

Have **sympathy and love** for **humanity** and the eternal good,

Ever **happy** in the endeavour, reaching for blessed brotherhood.

My dear Mrs. Johnson:

Thank you for your good letter of recent date;
also, thank you for your remittance of \$5.00.
The balance of your account is \$6.00, as you
stated.

If you knew how many thousands of people write me
as you did, you would know that at long last the
actual truths of the Spirit of God are being made
known to men and women on this earth. For too
long, the churches have taught us that we were born
in sin and shapen in iniquity and doomed to hell-
fire unless we believe what they teach. What needs
to be understood is that man is the highest creation
of The Great Life-Spirit. When this conception is
grasped, the earth will be a paradise, I assure
you.

Dear Sir

Enclosed please find check will you also please let me know what the amount of balance I owe on the lessons?

At this time may I take a few moments to tell you how wonderful and how much your teachings mean to myself and my husband. We are so grateful at this time, before starting your lessons every thing just went backwards for us, no matter what we tried to do, and we felt pretty discouraged. As we have a mail order business and have worked very hard in it, it seemed we were hanging on only by a thread. Three days after receiving your first lesson

we began to notice a change, our first order for \$124.⁵⁰ came in since that time we have been taking in around \$400 per month a great advantage over our previous earnings, and we feel we owe it all to Physianna.

Another thing I always felt my husband was a little weak as far as religion, but Dr. Robinson if you could only see the good your teachings has done him.

He has always been a model husband, but he's always smiling and and light hearted now which means everything to me. We both feel there is one great person in our lives who has

RICHMOND, VIRGINIA

Dr. Frank B. Robinson
Moscow, Idaho

Dear Dr. Robinson:

Thank you for not having lost faith in me and for your offer to accept two thirds of my balance in full payment of my account. You are very kind, but for my life I could not accept that gift, for I expect to pay you in full every cent of my balance plus a generous gift I am going to make to help you to carry "PSYCHIANA", to the world.

Unavoidable circumstances, personal sickness, a very poor income, and my very poor ability to assimilate your most excellent teaching has been the reason my account has become so long overdue. I believe implicitly in "PSYCHIANA", but having become agnostic over thirty years ago after having done some research, it has been hard for me to relieve myself completely of skepticism. I have had so much to tear down so that I could build. Can't say that I have completely taken into my being all that I know the Spirit Of The Living God, has to give or that it is possible for me to believe, but I am working as hard as I can to do this. I need your help to rid me of the unhealthy asthmatic condition which seems to be continually with me. Please give me the benefit of your thought in this.

My work in art has not met with success in sales for the past year, and this is the place where my interest has been centered, for through this I intend to do much for mankind. I want to leave on this earth a Museum, and a business which will have continuity that will run almost on its own momentum once it is started. Your teaching, pointing me to God, has definitely worked out the whole thing. It is on the ~~point~~ point of manifestation materially.

Just the other day I received two assignments for mural paintings, the best I have ever had running up into the thousands of dollars, plus architectural renderings which will pay me a few hundred dollars for their execution. The paintings will be begun as soon as the architects have completed these plans. These things are a direct result of the guidance of the Spirit of The Living God.

Please turn to the other side.

A few days ago some persons here have decided to begin a corporation to place my historical paintings into greeting card form and souvenir boxes to be advertised extensively through magazines and newspapers. We have a prospective clientele of over ten million persons, my work and the work of other artists which is to be secured will be used from year to year. It will be begun with about fourteen pieces of mine, to be financed by them, and I am to own two thirds of the stock. So you see things are beginning to materialize or manifest in our favor. With the profits outside of living expenses that shall be mine, I intend to turn into things which will be of benefit to my fellow man. That is the way I want to and shall serve this Spirit of the Living God, you have taught me to know. Within a short time now I shall take up in full my account with you and shall make contributions to your work from time to time.

I knew that you couldnot possibly lose faith in me. The Living God, is looking after that. Just keep please that confidence in me and you will see.

When these things are definately running, particularly the paintings which have been assigned to me, I shall write you fully of my life, my work, my dissappointments, and of these successes . It may be of service to some one.

Thanking you again for the confidence you have placed in me, promising to do every thing I can to be worthy of it, and requesting your assistance in the health regard, - I must be fumbling that, please believe me to be,

sincerely,

 I have no "Doubt" of the

Maybe. "I'm so happy!"
My Dear Teacher you

Dear Teacher

Just to let you know that since taking my nightly relax exercises, I have been seeing bright stars appear and then disappear, but for the last week I see all kinds of color waves one follow the other in rotation, than a star may appear and vanish, then the colors will appear again, and some times I can see the prettiest jewels of all hues, almost like jeweled bouquets, I some times lay there and wonder at their prettiness. I used to have to get up at nights

to let my Kidneys act, but no
more now, than I had lots
of trouble with Piles, but
they are almost gone.
I have stiffness in both
