Dear Teacher,

Thanks for the much and many things you have taught me through Prychiana, been a student for the past two years, and only God, does know, what good I have received through your wonderful teachings; I often have wanted to write, but get so little time for same, as I run a small rented store here at Kottoway, sell groceries, & soft drinks, am old 61 yrs. will be 62 Jan. 29<sup>th</sup> 1948, am lame, and the one thing in the world after God, is to have the use of my legs, been going lame about 13 yrs, but am still going all day, from 12 to 14 hrs per day, but what really gives me this strength is God, The Living God, who gives me the Power to carry through. I lost my husband Nov. 25<sup>th</sup> 1945. His his very much,

and I foolishly remarried Oct 12<sup>th</sup> 1946 to J. J. Reese  
he is not what he said, he was, as he drinks  
quite some; But belonging to Prychiana, I shall  
not worry to much, as it will carry me through,  
God has been with me the greater part of my  
life, but like yourself, came up a long hard way,  
from a good family on both sides, but my  
mother disliked children, never should of had  
any, she only had two, my brother died before  
I was 2 1/2, my father died when I was three  
yrs. and mother didn't love me, she died Dec.  
25<sup>th</sup> 1926 with cancer of the intestines, she sure  
suffer here, she was an actress, and put me with  
anyone who would take me, my home was where  
I hung my hat, was in three charitable Homes &  
the last one was Catholic; I was baptized in the  
in the Episcopal church, only grand-ma had religion  
a good old soul, the goodness in me is from her & my  
dad, from my mother inherited a Terrible Temper, the  
love of music, books & pretty things, but of these had  
very little, & could not play the piano as my right  
hand has a crippled thumb; Haven't much education,  
never got much chance to learn, dragged here and there,  
had 2 1/2 yrs. in Public school, but tried to educate my-  
self by reading good books and culture by conversation.  
I am sending you some addresses to send your

material to, one is my own daughter who is married, living at East Orange St. J. 209 Prospect St. her husband has some nervous trouble, has a collage education and a fine looking young man, & wish he could be cured, he<sup>is</sup> a Jewish<sup>decent</sup>, my girl of course is christian, but follows no church. I don't know if any of the names I am sending, will be Psychiana students, they would if they only knew what peace and happiness it will bring them, I can't always do as I should, due to store, as it ties me down a lot. I have told quite some of Psychiana, but it's quite hard to convince people, and I was myself in the beginning. As for the lessons. I paid \$25.00, and one dollar for the Psychiana pin, which I have lost to my sorrow, then I send \$20.00 for next course, but effected 20 lessons more but now have received to-day the 27<sup>th</sup> one; I like to pay cash, not more than 20.00 at a time, don't like credits of any kind, as I have over nine hundred dollars on the book here, and if I could collect these would be better fixed. so please let me know how I stand, &

if you will send me another pin I will  
return the money by check for it, and  
the extra lessons. I am writing this late  
at night, its after mid-night so hope you  
can make it out, as my sight is not  
good, but good enough to read every  
thing sent to me from Dr Robinson,  
and I know God has blessed you,  
with the most wonderful Power there  
is; and I hope it brings you thousands  
of more students as our world sure  
is in need of God, more than ever  
before in need of The Power of The Living  
God, as you and I have found it.  
Thanks a million from.

My dear Mrs. Keller:

Thank you for your good letter of recent date; also, thank you for the lovely snapshot. It was good to hear from you.

If you knew how many thousands of people write me as you did, you would know that at long last the actual truths of the Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hell-fire unless we believe what they teach. What needs to be understood is that man is the highest creation of the Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible of The Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt. That is the foundation of all the world's major religions, yet, it is so hard to make people believe it.

May The Spirit of Infinite Peace be with you always.

Sincerely your friend and teacher,

Frank B. Robinson

Dear Mr. Robinson,

I am very happy to inform you I have been studying your lessons for over two years, through a dear friend of mine.

I took to the lessons right from the start, they came to me without any effort on my part, my income is small, I lost my husband in France, and mother passed away the same year. I live with my father in a small town. But God saw to it that I read the lessons. I have always, since I can remember loved my Creator above all things, but where was I to find him? after studying your lessons I am conscious of him every where.

I feel he is in the wind,  
I see him in every flower.  
I am very grateful to almighty  
God for creating this body  
of mine with the life which is God.

Thank you also for  
invitation number four letter.  
I pass it on to someone else.  
I have told others of your teaching,  
and know of three persons  
that have sent for the lessons  
through my humble efforts.

Enclosed is a list of names,

Dear Dr. Robinson,

I am on my eighth lesson now and I want to tell you how much I appreciate the lessons. I have tried to find the truth but nothing seemed to satisfy. Your teachings seem to be the thing that I have been looking for.

Since beginning the course my health is better and I am not so nervous. I am sixty-eight years of age and work in a cafeteria eight hours a day, five days a week. Last October, I burned my hand and developed a skin rash from it, which left me quite nervous. That is cured now.

Dr. Robinson, your teachings are quite clear, excepting making the affirmations. As I understand you, we should make only one affirmation at a time. It is hard for me to decide which I need more - health, success or happiness for my family. I need health but my two Grandchildren need health too. I do need money badly. Because of the sickness of my Granddaughter, I had to borrow money to help care for her and I do want to get my debts paid. (Her Mother is a widow and I help her with the children)

Dr. Robinson, I do expect good things to come and I am not discouraged but can I make affirmations for health, success and happiness for my family at the same time?

Nights and week ends are about the only time that I have that I can devote all of my thoughts on my lessons. I do thank you so much for the lessons and am sure that I will soon be able to overcome all difficulties through the wonderful power of the living God.

Very sincerely your student,

Dear Dr. Robinson,

In Lesson #13, you asked us to report to you if we should experience strange vibrations. The first time I was lying down mediating, when there appeared a lavender light which seemed to open up, showing green grass and flowers springing up - like spring time. It opened up like bright sunshine over everything.

Almost everytime that I mediate, I see a dark lavender light which gets brighter, then something that looks like small trees spring up with bright lights on them. They look like small Christmas trees but the branches come one at a time with a bright light on each one. I feel happy at the time,- in fact I do not feel like I want to leave it. These lights sparkle.

Dr. Robinson it is impossible for me to tell you how much your lessons have helped me. I am happy and content. One of my desires is that in the near future I may be able to meet you and talk to you.

Sincerely your student,

Enrolling in Psychiana is the wisest thing I have ever did.

Since studying your lessons I have come a long way up from where I was. Now I am making more money than I have ever made before and best of all I am in better health.

Yes, the Power of the Living God really works and I have you to thank for showing me how to apply it in my own life.

I am taking my time on each lesson for I don't want to go to the next lesson until I understand the previous one.

Thank you many times for your helpful instructions.

Thank you so much for your letters. Altho I do not know as yet what will happen I am confident it will be right.

Mr. Robinson I want you to know that never before have I felt satisfaction in my search for God. Never before have I wanted to tell anyone about God or "religion" as I was taught. But now - oh I do and I know now that I will have that home - that car - that job and have my children with me? At first I gave myself two years but now? It wouldn't surprise me to have my children in a home with me by next summer vacation!! It may not be all we want but once we are together again it will all be easier from then on. That I know!!

Please do not forget me - I need all the help

you can give me in finding and contacting  
the God realm, and especially now -  
and in the coming month.

Thank you for your kind letter and

Dear Dr. Robinson:

I have been wanting to write you for some time but just seem to never get around to it, first, let me say, Like I know many others has said, THANKS A MILLION FOR THE WONDERFUL LESSONS AND YOUR TEACHINGS IN THEM, I have recieved nineteen to date and am very anxious for the twentieth one, I feel that I have not progressed as I should, my home life and work is such that I can not give the lessons the study and exercises that I should however I feel that I have gotten much good from them and know for sure that you really have something worth while and I would not give it up for anything in the world that I know of.

I have not as yet been able to make the actual contact that you speak of but am continually trying and expecting it at anytime but would like to have further instructions along that line, so if you have one of your other books that covers this point a little more, I would like to have it.

I am 50 years of age today and have known for a number of years that ones thinking, heart long desires and with absolute confidence in the future, had a lot to do with the way he got along with anything he wanted to do, but had never thought of it in the way that you put it, so the more that I read your instructions the more I come convinced that you really have something on the ball that we all, should be more concerned about.

I am inclosing a check for payment in full of these lessons, as requested, and will thank you very much for any further instructions along the lines of making actual contact with the GOD LAW and to know that I am getting the answers to my problems.

Please see that I get lesson No. 20 right away and either send or recommend what you, yourself, believe to be the best Book you have written, for me at this time.

Thanking you again and again and wishing for you and yours, the very best of everything in this world, I am

What you are telling the world today  
you know it tells in the Bible that Jesus  
should come to give the world light but  
they have done away with him and you have

stepped in his place with the true light.

I am really a lot healthier since studying the lessons and am studying as hard as I can. There comes to me such happiness at times, it just tingles in my body. and I have lost all sin and fear. Mr. Hasfuer is quite old (82) and we discuss the ~~text~~ lessons to the full. I have left some of the neighbors see what God really is. and why they condemn you but I from the very first saw the light as it was coming to a head. I am sure you are right when you say (religees) is like taking playthings away from children. But I wasn't at all alarmed I was glad I had found something better and worth while. yes I was a great believer in God the way the church taught but I had my doubts about a lot of it. Thought I would let you know how I felt about the situation, your student

Dear Dr. Robinson,

I sent in an application blank for the first lesson in Psychiana. After some time had elapsed you sent me another blank and said you hadn't received one from me. I was quite sure I had sent one in but was not positive. I knew I had filled it out but that perhaps it had been misplaced here, or forgot to mail it or that it was lost in the mail. So I filled out & sent another in to be sure. Then a card came saying you received the blank & a short time later another card. I thought maybe it was just a duplicate but then I received the first lesson twice a few days apart under different

numbers and on the one my name was spelled with a B instead of a K.

I meant to write in before but have been so busy and time goes so fast.

To straighten out your files - my name is Erna Klingbile (the one I received was spelled Erna Blingbiler No - 30A3490. The other with the correct spelling K. had the no. 29A1100. The address was same on both. I only wish one lesson each time. If you'd like I can also send the extra lessons back (I also received two 2<sup>nd</sup> lessons yesterday and the day before.)

I am sorry I cannot take advantage of your splendid offer but it is easier for me at this time to stretch out the payments.

I am very much satisfied with the first two lessons and already

have felt that it has made me  
a more patient, understanding  
individual. There's a lot of <sup>good</sup> psychology  
in that "smile at people" attitude,  
too. Makes you feel good all  
over. If things seem a little  
hard or I feel myself getting  
touchy (I ~~to~~ meet the public every  
day) I remember the phrases  
"I believe —" and "I am feeling —"  
& that helps a lot there.

Everything just seems  
easier & I don't tire as  
easily. If the rest of the  
lessons help as much to  
bring me the kind of life  
I've tried to hard to gain  
as the first two have  
already helped my mental  
attitude I shall forever  
be grateful.

It's hard to wait till  
the next lessons arrive.  
Thank you for getting  
me started on them.

Respectfully,  
Erna Klingbile

My dear Mrs. Knowles:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The problem you mentioned in your letter may seem great to you and it may seem unusual, but they, are actually common to many people. The one thing for you to do is to grasp the fact that there exists in you now, more of The Power of The Spirit which is God than you will ever be able to use. Your job is to know this and to use that great Power which is in you against the things that are contrary to what should be.

May the Spirit of infinite Peace be with you always.

Dear Sir:

Dr. Robinson I'm coming to you  
for a little help. I'm venturing into  
a contest by Southern Farmer. First  
prize is a \$10,000 home. I desire you  
to remember me. I want it very much.  
I've always wanted something like that.  
I'm working hard praying constantly,  
but I feel I need someone else's  
prayers - I'm seeking your aid.

Lesson 16 was wonderful, in fact they  
all are. I shall be directing my thoughts  
your way. In fact I've been doing that

ever since I began getting the lessons. Please remember that more than any thing I want to rise to success in my Writing - and please remember my health & my children's health my entire family's health. I believe that God ~~can~~ <sup>can</sup> give all those things - To me health is the greatest of all blessings.

I have ~~had so~~ many prayers answered lately, I'm sure God is sufficient for all things.

after Dec. 20 the results of the Contest will be in the hands of the judges -

Another item I'd like to mention I failed to get Lesson no 5, I received two no 9 lessons. Would you exchange the 9 for a 5. Please let me know.

(over)

Dr. Robinson I must say  
again - your lessons has  
probably saved me from the insane  
asylum - Because it has so  
strengthened me, and given me  
a new insight into God I have  
been able to overthrow all the  
annoyance that was preying  
upon my mind.

I'm always - with everything  
the days bring finding something  
to thank God for. Sometimes  
I'm over come with joy - and just  
break down and cry, I'm so grateful.

Please pray for me and my very  
dear little girl - two sons - + husband.

Thinking you Sincerely

I am thankful out of the depths of my heart that you call my attention to ~~at~~ your teaching one night after I begin to study your lesson I was setting

You are perfectly right in affirming for Health,

I received your

I am so glad you wrote me  
concerning this matter. But by no  
means would I deduct one third  
of it; for I think it is the most  
wonderful and workable philosophy  
I have ever read.

Under separate cover I am sending  
you a dollar to enroll another student.  
Mrs. Glenna Synder who recently purchased  
the course from you was a friend  
of mine. I left her read mine first  
and then she purchased one of her own.  
I am also enclosing some other  
names whom I feel are prospective

students. Please send them some literature. If only mod people would open their minds to 'Psychiana', what a different world we would have to live in.

I am following you just as much as is possible. Of course I haven't perfected any big change in my life yet but I am on my way.

I have had some wonderful demonstrations, both personally and professionally. I am a Doctor of Chiropractic and I am using the God-Law in my office.

I only regret that I wasn't lid to you sooner.

Doctor Robinson please write me a personal letter when you have the time and answer this one question for me. I am affirming Health

Money and success as a writer of fiction (which I have always wanted to do) am I right in doing this all at one time? Please answer me.

My interpretation tells me the God Law is bigger than all I could ask for.

I will await a reply from you. Thanking you I remain your satisfied student.

Dear Mr. McVey:

Thank you so very much for sending me the lessons. Words cannot express how much I appreciate your kindness in personally sending them to me.

I am a happy woman nowadays. All the petty cares and minor irritations that used to mark my days seem to have dissolved into thin air. Yesterday my husband told me that I was 'a sweet little woman' and not six months ago he was complaining that I was so hard to get along with! So I feel that the change in my mental outlook is alone worth shouting about, but that is not all! Two growths on my thumb that had been giving me annoyance and concern are disappearing. Is it any wonder that I am happy? It works! It is for me! From now on I am trusting completely in the God-Law. I know it will bring me everything I need.

I am enclosing \$4.50 for this month's payment and also last month's which I failed to send. I have a strong feeling that I will miss no more lessons.

Again thanking you for your kindness.

I have received lesson #26 the last lesson of

thank you a million. true it is, a man can  
make truth great. That is why I thank you  
For you are doing what no other man on  
this earth has done or is doing. I have  
to pause, as words fail me. But not so with  
you. If all the things attributed to Christ  
as the Master Teacher, Why is it that He  
did not leave just enough in writing  
to prove he was a Master Teacher. Any  
time I ask the question, Did Christ ever  
write anything on paper? answer always  
is no or not that I know of. If Christ Christ  
or Krishna left a message only verbally that  
message still lives. But it took a Really  
Master Teacher To Make It Stick The Truth  
in writing will stick.

So if you want to send a letter

as for the group meeting my  
neighbors are all so Ardent  
church people That They just  
dont associate much with

any one except members of their Church. any way all that I've talked to doesn't seem to be much interested in anything other than their Church.

I've offered my lessons to them to read but they just put me off and have never accepted any of them.

Thank you again Dr Robinson for helping me to find and use the power of God. I hope to be able to accept and use more of the power of God than I do now.

My dear Mr. Layer:

Thank you very much for your very interesting Letter of recent date. It was good to hear from you, and to know that these Lessons mean so much to you.

If you knew how many thousands of people write Dr. Robinson as you did, you would know that at long last the actual truths of the Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hellfire unless we believe what they teach. What needs to be understood is that man is the highest creation of the Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

I am very sorry Dr. Robinson was not in Moscow in time to answer your letter, and as I did not know just when he would return, I have taken the liberty of answering your letter.

Study your Lessons carefully as they come to you, and you will find that they will reveal the Power of the Spirit of God to you.

Cordially yours,

Dear Mr. Robinson,

by help of a cousin of mine I am reading your books and studying your "Psychiana"-lessons and I'm convinced that your teaching of God as of an all governing, mighty LAW is the truth, hidden on purpose by the churches for centuries; for milleniums!

As to me: I am fifty of age and was as a POW in custody of the USA in Alabama and Virginia. I started there reading some of your books and now back home I am studying your lessons with exactitude and endurance. You found the truth the world was waiting for. Anything in your lessons is clear to me. I'm up to Lesson 16 now, but I think I have to repeat from the beginning, but I'll not surrender!

Friends,

Here is my check for \$2.25. I received the card on the 15th of last month but did not get the first lesson until the 20th. You will hear from me between these two dates as it might be raining and can not get out.

I want to tell you about myself. I was injured at but which left me a hopeless cripple with an impediment in my speech. I was born in 1892. I hobbled on my right ankle bone. I came to Catalina island. Mr Wm Wriggley the chewing man sent me to San Francisco to be operated on about 25 years ago. The operation helped me a lot. Since that time all my relatives died. I was left considerable property in fact too much. I sold it all in such a way that I have a nice income and a nice new home to live in for the rest of my life. About seven years ago I enrolled in a pottery school at the evening high school which was held in a playground. To my a long ~~story~~ story short I am a teacher I teach over 25 girls, two evenings a week, who thank the world of me if I am a little handicapped.

Last July I found on the street one of your circulars. and about ten years ago I went to your convention in Los Angeles. I always believed that God and heaven was in me or I was a god. The ~~on Thursday~~ other day I had to go to Los Angeles to have my electric razor repaired a distance of ten miles. I did not want to go as I had a children pottery class in the afternoon. On the way back I met a man who owed me \$2 for 18 years. Something pushed me out of the house when I did not want to go. This almost pays for my lessons this time. and everyone says I am talking 50 percents better.

I do hope that you will show this letter to Mr Roberson. I remained your student

I've been bewildered for

I was acurly afraid of my shadow

Dear Dr. Robinson;

I doubt that even you can imagine the thrill, the vast surge of satisfaction and excitement I felt upon reading the messages you have sent to me.

Modern religions have always seemed a farce to me. Something that never fully quiets the fears, soothes the ever-present loneliness in a man's heart, nor gives to him that certain sensation of

being master and an absolute  
real life success.

I, too, have prayed in  
vain, although, at the time  
an adherent of the man  
made laws of God & the  
Holy Bible of today.

While reading your  
enlightening literature  
there was a novel joy  
in my heart, for it seemed,  
at last, I had found another  
soul, such as my own,  
filled with a desire to  
know God more clearly  
and completely now than  
ordinary men of today.

Yes, Doctor Robinson,  
your words touched my

innermost spiritual secrets  
and gave me a mental  
elation never before  
experienced. BUT — I must  
make a comparison  
regarding your promises  
and prices: — your  
promises are like the  
biblical promises of the  
kingdom of heaven post  
death and your prices  
are to me comparative  
to the biblical void between  
heaven and the pits of Hades.  
— In other words, Sir,  
I am a disabled veteran,  
my income is inadequate  
to afford my wife and  
me all our common

needs in life, therefore,  
being unable to pay  
the price, I am forced  
to remain a lost soul.

Surely one on a mission  
so great and enlightening  
to mankind has made  
provisions for those among  
us who are willing to  
follow although too weak  
to hold the pace (price)  
set by a magnificent  
leader who is bent upon  
leading all who will  
follow. Surely you do  
not apply to man the  
law of the beast in that  
the weak shall perish and  
the strong shall survive.

Please believe me a true  
believer in your wisdom  
and in some way within  
my grasp allow me  
also to be strengthened  
and made wiser through  
your wisdom and goodness.

Hopefully yours,

RE. PAYMENTS PAST DUE.

Dear Friend and Teacher:-

I will begin this letter by admitting that I am entirely at fault for not advising you sooner of a complete change in my situation, which, as you will see, may be attributed directly to your wonderful revelation of the Power of God.

Before explaining why my present circumstances prevent me from forwarding you immediately the amount of nine dollars (\$9.00) already past due, let me assure you on my word of honor as a good Canadian, that I will gladly pay the full amount due on your Teaching, and furthermore I will consider it my duty to add an extra amount to cover your mailing expense, due to my neglect to explain the reason why I did not live up to my end of an honest bargain in my favor.

More than ever, I believe Psychiana to be a religion of Truth and Life within the realm of the GOD LAW or Power which is God. Your fourth Lesson caused me to leave a small pay office in Saguenay near Quebec.

Without hesitation I applied as Travelling Salesman, and today I am representing three large wholesale hardware Companies, a glass manufacturing firm and an important Radio wholesale distributor, in a territory covering four of the richest countries in the Province of Quebec.

To make this big change in my way of living, we had to spend hundreds of dollars in order to move from Quebec, up to the Lake St. John district where we now live as indicated by the above address.

Since all these expenses practically

exhausted our savings, it was somewhat difficult to meet all payments at the same time and as a result, I am now far behind in the payments I owe for the precious little books that arrive just as if nothing was wrong, every two weeks.

The very fact, of seeing these lessons come to me as regularly as before, with a note of kind words to remind me that I was a wee bit on the short side of being fair; this very fact is sufficient proof of the godliness of your noble cause. No warnings, no threats; only gentle words of reminder; I don't believe I could have resisted if I had wanted to!

If the great Creative Intelligence which is God, is all love and kindness as we should believe, then this teaching of yours, Dr. Robinson, is, in my sincere opinion, a direct manifestation of the Power that is God!

During my first month as Travelling Salesman, I took in orders to the amount of \$18,000.00. My income from this would have been staggering, but since the supply is critical, I returned to Montreal after receiving your TENTH lesson, and came back here equipped with firms who can supply. Since then I have received the eleventh Lesson and stayed up till two A.M. to read it.

Those lessons are pure gold and as soon as my commissions start coming in, my first thought will be for the man who taught me what God really is, and thus banished all the miserable superstitions out of my life. Today, I am sure of success, so sure, that I am looking around for a nice place where I want to build our own little home.

Your photograph is on the wall above my desk, and I will feel much better when I have paid the small price asked for your Teachings that help us to know God in the true light.

I will close this letter, hoping that the little books of God Power will continue to come, in spite of another small delay, and in the meantime, I will gladly confirm every word of this letter to anyone.

Your ever-grateful student, Thomas E. Lynch.

My dear Doctor:

Several years ago, I took your course of instruction and found that it has been of inestimable value to me both physically and spiritually - it certainly works wonders -- I firmly believe in the Power of the Living God.

A short time ag, I was selected by the leaders of the Republican Party to be the candidate for the Mayor of our city. Many others had tried to become the candidate -- but I was called in a conference with the leaders of the party and told that it was a must upon my part to be the candidate. I hesitated and after an hour of discussion, the strangest feeling came over me which seemed to say, "Take it." I heard the voice and said out of a clear sky - "Yes, I will."

This city is filled with racket, racketeers and the good citizens of all political parties tell me that they are proud to support me. Another illustration just how this Power works.

I want you to know how you have helped me and I firmly believe the faith I have in this Power of the Living God will carry me on to success for Him who is right here with me.

Sincerely,

*Charles R. McCann*

Dear Dr. Robinson;

I am enclosing a list of names I would like you send some explanation as to what "Psychiana" is, and what you are teaching.

I have told them of some of the good I have gotten from this teaching. They seem to be interested in the teaching.

I was in the poorest of health at the time I enrolled with you as a "Psychiana" student. When I sat down I could hardly arise from a sitting position without pulling myself up, My back, legs, lower abdomen, and arms hurt me constantly. I was very highly nervous, so much so after a trip on the locomotive, which I run, that I could hardly write a legible hand, and after arriving home I would have to lie down and rest before I could take my bath.

All this condition was greatly aggravated due to the fact that I lost my only Son in this terrible war which we have just gone through. I have never felt that he is dead, only away, we are just separated, that's all. That life that was within his body is not dead, as I see it. It just can not be. and this is not wistful thinking. To me it's a FACT.

I noticed included in one of my lessons an advertisement of one of your books, I think the title was "IS THERE LIFE BEYOND THE GRAVE". I am enclosing with this month's installment \$1.00 fifty cents which I think was the price quoted for the book. If this is not correct please notify me in order that I may include the balance in my next monthly installment. Please send me the book on receipt of this.

I can never thank you for what you have taught me

I am very sincerely yours,

Thank you so much for sending  
me your wonderful lessons,

they operated on me on  
Wednesday the 26th. of November,  
and by saying your prayers;  
"I believe in the power of  
the living God,"

I was made whole within  
our wonderful belief. I kept  
saying this, and on Thursday  
the day after I was operated,  
I rose up on the bed, without  
any nurses help. Both the  
doctors and the nurses couldn't  
understand me, and I've been  
getting up ever since.  
So please pray for me.

Dear Sir, <sup>49 m.m.</sup>

I am sorry that you haven't found the first payment of \$1<sup>00</sup> I sent you. I put a \$1<sup>00</sup> bill in one of the addressed envelope sent me - and possibly it was taken out and letter destroyed without reaching you.

I also mailed a check on the 21 of Oct. for \$2<sup>25</sup> but I failed to put my registration no. on it.

I am sorry I wont let that happen again. I am enclosing

3- much for sending the lessons on, although you have not recieved any money from me to date.

I will surely pay every cent I owe you, gladly. I wouldnt want to give the course up - if it cost many times the amount you ask, it has been such a blessing to me, and even now I feel better and more hopeful than I have ever felt in my life.

I know it is going to work in my life, and I am so grateful that the course was brought to my attention. I wait, with hopeful anticipation)

2- a check for \$3.25. That will take care of the initial payment of \$1.00 and \$2.25 for a months payment, If you should find the dollar you can just credit it to my account, and if you havent recieved the \$2.25 check at this time - I will stop payment on it, and send another.

I am sorry about this, and surely hope my payments will reach you hereafter on time.

I am delighted with the course - It is priceless to me, and thank you so

Dear Dr Robinson -

Due to unavoidable conditions i am sending my payment late.

And in hope in the future this wont happen again.

As to my lessons I have got wonderful results they are just as you said they would be and more.

Since taking them we have had more and there is no more tension.

My husband is a cripple and he has got a good job as well as my self.

But Dr Robinson there one thing i dont quite understand. I have seen beautiful "Visions" and at this time i feel like i was floating in mid air, I cant explain just how i do feel i guess you would say peaceful and restless. And i have noticed there less mistakes in every thing i do

So Dr Robinson i will be very glad  
to hear from you.

I hope i am not letting my imagination  
run a way with me. I

But i can say on With truth the pictures  
were very plain, and the out standing  
thing was the light was very brilliant  
And the out standing thing about it all is  
some of these Vision were to be reacted  
in our every day life. Some were  
surprising & Wonderful an some were  
to put here a very hard disappointment  
way before they happened.

So i would like very much to be  
inlightened if this is a beginning of a new  
life or just what it does mean.

Looking forward to my next lesson an your  
answer. I remain Sincerely yours

My Dear Friend and Teacher

I cannot find words to express how much I appreciate how much you have done for me, I miss your lessons so much. I want to thank you more than words can express for the diploma I followed your lessons all through and it seems strange that the majority of the people want some one to do the thinking for them, I was raised in the Methodist Teachings but I felt God had given me a mind to use, and I could not accept the teachings so I would never join the Church, I made a study of Psuchic Phenomena, and I am so glad you had the experience of your Darling Mother coming to you on the Christmas night you mentioned of. I wish I could talk with you on this subject. I know what you saw and heard is every word true. The people who

do not believe in spirit return will  
have a lot to learn when they cross the  
the great divide. When John Wesley the  
Founder of The Methodist Church will  
give his experience in his life's history  
as I have the <sup>2d</sup> ~~own~~ original set of books  
where was taken sick where there were no  
one to do any thing for him and the  
spirit side brought him food and cared  
for him until he was well, then when  
they published the next set of books of his  
life that was taken out, my parents  
believed in spirit return, I have made  
a study of this subject, and have written  
a book of my experiences, I have not had  
it published on account of the cost. I do  
wish I could meet you some time but  
you are a way so much of the time, if I  
came to Moscow you would be away  
I had developed my wife into one of the  
greatest mediums I have ever known. I  
went in to the investigation to find out  
what they did on the other side of life  
and, I have gone into this deeper than  
any other person I have ever heard of  
and if you would like to ask me  
any question on this subject I would glad

x3)

to answer them. For I will make an  
affidavit that any thing I tell you is  
true, I have learned to love you as one of  
your students greater than any other  
one and you have thousands of them  
I have been a student, wanting to find  
what this life is all about, I doubt if I  
will ever hear from you any more but  
you may depend on me as a student  
who will hold you in the highest esteem  
of any of my friends as a teacher. In  
closing accept my my love and best  
wishes as your student

My Friend and Teacher,

I made your acquaintance when you first started to bring psychiatric movement, before the world, when you were a poor drug clerk over 20 years ago. I was, impressed with what you were wanting to bring to the world and you were asking for donations as you were being arrested, so I made a donation if I remember right of \$5.00 for I believed in what you were wanting to do, And since you have proved to the world and have brought so much joy and happiness to thousands, I am so glad I was psychic enough to want to help you to get started, and how glad I am one of your students, I was raised in the Methodist Church, I could not believe what they taught, I was given a mind and since I have been one

(21)  
off Students I did not have to discard  
any of my religion, I have had <sup>no</sup> trouble  
to understand your teachings. I was a  
locomotive engineer for over 60 years, I took  
up healing and how well I know that  
thoughts are things, and are so vital  
one should not let any vicious or wicked  
thoughts come in to the mind or soul.  
So, in healing, I always ask the person  
to sit at a certain time when I send  
them healing and they get well, but I  
am not able to heal my self. About  
a year ago, I had to go to the hospital  
in St. Louis for an operation, and the  
surgeon had to cut away so much  
tissue it has not entirely healed yet,  
and I cannot hold the water, at times  
the muscles are weak and I cannot  
hold it, when I want to void. In  
your lesson you spoke of asking the  
students to send you good thoughts  
at nine o'clock Pacific Standard time  
which will be 2 hrs. <sup>later</sup> here, until after the  
28<sup>th</sup> of this mo. and then one hr. later than here in  
East St. Louis. I recd. Lesson 17 yesterday,  
and I am anxious to study it, my being  
sick all through receiving your lessons

have been a great draw back, but I ~~was~~  
was determined to finish your lessons  
and I am so glad I have as I feel I  
I will be greatly benefited. While you  
play on the Pipe Organ while you  
are relaxing after your thought concentra-  
tion, and if I can do any thing that  
you can feel from my thought vibration  
it give me more pleasure than words  
can express, I want to continue for a  
while longer, evening as you play and  
relax, and I feel sure all of your students  
feel as I do in this way. I wish I could  
meet you in person, as I too have had  
some Psychic experiences similar of  
those you spoke of on the Christmas  
night, I have had the similar  
experience in my home, but experi-  
ences as these are usually doubted  
and people do not believe it true  
but I believe every word you have  
written in your lessons and I have  
such faith in you and your teaching.  
I feel I can not help but get the  
development I am seeking and  
your good thoughts will help me so  
much I am sure. You asked me very

soon after I had written to be come  
 a student of yours, you would like one  
 of my pictures and I was in such poor  
 health I could not go any where to get  
 one taken. but I am enclosing one of  
 my self and my wife also a photo of  
 a rose bush 75 years old with nearly  
 500 red American Buty Roses on it this  
 picture was taken in my home town  
 at O'Fallon Ill. Flowers Birds and Music  
 are divine and Celestial, in my estimation  
 I seem to be drawn in to your vibration  
 the better I get acquainted with you  
 I wish I could meet you in person.  
 as you my teacher I am going to miss  
 your lessons and the good thoughts  
 that come with them. My daughter  
 is a wonderful, Music <sup>teacher</sup> Piano and Pipe  
 Organ teacher, I want to enclose in this

Oct. 13, 1947

Dear Doctor Robinson:

I think it is time you heard from me about your course.

I have finished lesson No 12. Sorry I didn't know about your course years ago.

It is impossible to express the amount of value I have received from it so far. It is worth thousands of times the price of the course.

I eat up every word in your lessons, and have been bombarding the Cosmic with my affirmations.

Haven't felt any manifestation yet, other than that I know that the Law is in operation in my case, and I am expecting to make contact as soon as I go home from here.

I am putting the god-Law to the test. I am so positive that it works that I am quitting my job here to get a better job near home. I haven't any idea what it will be, but, I know that God knows better than I do, what I can do best, and that a good job and a good home for my nephew, his wife and myself is waiting there for me. Will you kindly throw your weight with my affirmation? I have

Faith in the Saviour, I know I can have what I want and I'm positive that I will make connections as soon as I arrive home.

Lesson No. 13 should arrive here this week, I will wait here for it. Will you kindly have a new address stencil made for me so that I will not miss lesson No. 14? I don't want to miss a lesson, I don't know what I will do when I complete your course. It will be hard to get accustomed to not having a visit from you every two weeks. It seems as if you are here every two weeks in spirit. Can almost feel your presence when I study a lesson.

I am very anxious to meet you face to face some day and shake your hand.

I can never thank you enough for what you have done for me.

Very respectfully

I do thank you Dr Robinson  
From the bottom of my  
heart. through your  
Teaching I have been  
Blessed in many ways.  
I havent had a Dr. Since  
I learned how to

sadly ended. I learned

Now I am not afraid of

The spirit of the living  
God is what I trust

Dear Dr. Robinson

with Pleasure I write you these few lines to let you know I am more happier than ever I believe I have found the true light at last. I have experienced the most Surging Power Pressing and going through my Body. I have never had such a feeling before. I think it was the last Sunday in Sept. a few days after I had wrote to you it was on Sun. morning before I got up I was going through with my exercise I was very quiet with closed eyes looking at that light area on the Field of vision. all at once that Power got on to me and surged through my Body well it was so Powerful I could hardly stand it but I kept still I knew it was God. it came direct from the Spiritual Realm. As that great Power left I heard a strange voice talking as it went out by my Head at a window but I did not understand what it said after it all left me I felt very happy I got up slapping my hands together thanking the living God. yes it was wonderful I'll never forget it. Dr. Robinson You deserves all the Praise. (over)

For you would not let me get discouraged  
I studied those lessons and did as they told me as  
near as I could. Some time the wrong thought would  
get in my head but it would get out as quick as I  
could by repeating good thoughts. I was studying  
the 7<sup>th</sup> Lesson when I wrote you and that's the one that put  
me over it's a great lesson they are all wonderful I  
am now starting on the 9<sup>th</sup> lesson of advance teaching  
no. 2 Well Dr. Robinson I feel that more blessings are  
coming my way. my Health seems to be improving  
Well. You are wonderful your self  
to write such wonderful truths.

I'll close wishing <sup>you</sup> wonderful success

Remember me. I will want your assistance  
your Friend and student <sup>more.</sup>

Dear Teacher,

In lesson 8. of your Gd. Power  
the last sentence "Help me make it known  
to the whole world." I had a "hunch"  
to ask that you communicate with  
Rev Albert H Wilson, 16 Stinson Pl., New Rochelle N.Y.  
For about 30 years he has been Pastor  
of All Saints Ch. in N.Y. - at the same time  
he has been a power in helping young  
people especially young men. He  
is a member of my Fraternity. Some time  
has been instrumental in making it  
one of the larger Greek letter Fraternities  
in the U.S. Incredibly we have a chapter  
at Moscow. Wilson established some  
15 chapters in Eastern U.S. He has been Regent  
of the Fraternity <sup>Young</sup> Chaplain and is now  
Grand Tutor & Visitation Officer for Chapters  
east of Mississippi. He has resigned as  
Pastor and is giving all of his time to  
Fraternity work. He is probably one  
of the best known Greek letter men  
in U.S. and has helped hundreds of young  
men to a better way of life.

Wilson is a graduate of Mt Union College  
Alliance, O. I think Drew also, it might  
have been Union

I am for your Lessons  
100% and study them  
hard and earnestly and  
am getting strong power  
of the Living God in me.  
I am 69 years old and  
through the Psychiana  
Lessons I expect to live  
on and on and with  
the Beebe cosmic Ray  
treatments.

Mr John E Ramsey studies  
your Lessons about 8 years  
ago and last winter he  
let me read them. I never  
saw their equal.

Mr Ramsey had me send  
for your new Psychiana  
Lessons last April. I  
study them and let him

have them to study.

He gets the Power so much more than I do as he doesn't have any thing for his mind only studying.

He will be 88 years old Jan 25 and says he will live 50 years yet or he intends to live on and on as he Believes in the Power of the Living God.

at the Beebe Comic Play place he gives Lectures every Sun P.M. I wish you could only hear him with so much Power.

you speak of the Little Group in Iowa starting

out to do good for you  
and the World. trying to  
get the People see that  
there isn't no God alive  
but in us.

Mr Ramsey preaches that out  
to the People every Sunday  
some shake their heads  
and say "I don't believe it"  
and others say "Amen".  
I never seen any one that  
has so much Power in the  
body as Ramsey has. He  
is getting younger looking  
and so active for a man  
almost 88. all caused by  
the cosmic Ray & Treatments  
and the Power of the Shroud  
of God in his body.  
When you lie down at night

no matter what ever you are doing you can always know that there is an old Guy in Long Beach putting in his time and energy to help change the World as Jesus tried to tell the people.

Ramsay and I talk a lot on the Buses to gether about the Lessons etc. I study them very deeply.

I havent went to church for more than 30 years as I couldnt just see their way of thinking. I didnt know why then but now I do. To many hypocrites in the churches. you speak so much

about the cancer Ray and  
the atomic Bomb. and etc  
in us.

Mr Beebe found the cancer  
Ray in 1910 studying the  
Kallie Smith and in 1912  
he captured it so he  
could handle it he  
studied it deeply and hard  
and fixed it so he could  
handle it to cure people  
of all kinds of ailments  
Cancers of all kinds go  
away and other things  
~~the~~ Mr Ramsey and I have  
been kept out of our graves  
by going there as thousands  
of others.

When you come to Fort  
Beach or Los Angeles

you should try and look

of mine.

Remember there are two  
in Long Beach helping to  
change the People to seeing  
in I Believe in the Power of

Ramsey closes his speech by  
saying I Thank you Father  
that thou hast heard me.  
I hope I will hear from you and

We are trying to get the "truth" as your

We feel that your teachings are a

We seem to have much illness + other

This is an old story to you to receive letters like this but I know you <sup>will</sup> be interested in my "story" too.

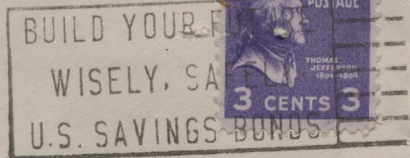

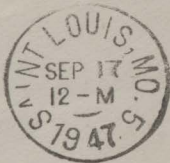

We had had our property up "for sale" for four months with no success in selling it. We had been looking for a farm to buy for seven months without finding one that suited us.

We started "Psychianna" Lessons.....Within a week after the 1st lesson we had sold our property and 4 days later had found the farm we wanted. By the time the fourth lesson arrived we had moved. Now that's what I call a miracle in this day and age! Do I believe in THE POWER OF THE LIVING GOD? I'LL SAY I DO.

Dear Friend and Teacher

So far with you we have been doing good that is my boy he is studying with me we have tried to get a crowd together but in vain they seem to reject the message but we are still trying, but they may see the light

Ever since we been with you we found one a young lady of course she is a Jehovah witness and she is partly right and I'm going to talk with her some more

You see my friend it is a hard proposition to turn man kind from the old traditions but we must do that very thing.

My boy and I have talked with  
God and he answered us  
Johnny My boy wants to  
know if God or ask God where  
to locate any thing or find it

In other word he asked God  
to locate some thing for him  
the answer was clear and  
distinct two miles South and  
I had similar answer  
like the mortgage on my place

I asked God to do some thing  
about it and He said yes

I have a friend who is going to  
take it up is that alright

Excuse me for writing such  
a long letter

and another thing about the  
union I have some money for  
your teacher

Geo F Martin

over

28.  
The party who is holding my  
Mortgage is giving me until the  
first of January 1948

My boy Johnny is grasping these  
lessons sooner than I he is only  
20 years old and in 60

Can you Pray for me to make  
this one thing come to pass about the  
Mortgage or I'm too optimistic so  
soon.

(14 press)

I have to my thought as  
I can't let it pass by and  
not say any thing about it.  
Johnny my went over to  
a neighbor and he talked the  
wonderful lesson we are  
studying, I went over to watch  
them that is later in the  
day and what do you think  
he told me in the present of  
the good neighbor he said  
it doesn't do any good to talk  
about the messiah what Jesus  
brought to this earth and  
God they don't believe it  
If they want to believe as they  
do enough for my respect my  
or our faith becomes  
stronger does it not for me  
have done our part (over)

My boy asked me to tell you  
experience he had on his head  
concerning the hair about 2 weeks  
ago he asked God to give him a  
part in his hair he always combed  
it back and lo and behold there  
parting of his hair showed up.  
He didn't do anything to his  
any more than comb it back.

He is overjoyed about it he said  
the Spirit of God put it there for  
him. he said be sure and let me  
know about this.

P.S. I Thank you

When he was younger he  
had it parted of the opposite side

again. I Thank you,

on page 11 lesson 6

where you said If the almighty  
broke It is own law governing  
child birth He may break it  
again, and that leaves the universe  
hanging on chance and not the  
law. That did not happen  
and that can not happen

I care little how much duty  
or divinity is credited to any  
individual on earth man or

Supposed God. If he ever walked  
this earth as a man you may be  
he was born as a man not  
miraculously conceived

The almighty can carry His message  
to this earth through men and  
women who are born normally  
and that message will be more  
clearly understood if He does.

That refers to Jesus  
am I right

Dear Teacher:-

I am now deep in the study of lesson four. I want to say here its a great source of pleasure to at last know that I need not fear God.

In my subconscious mind I believe I never did. I tried to, only because I was told unless I did fear God I couldn't be saved.

I never realized how silly some of the doctrines of the orthodox teaching of the churches are. I know they all probably have some truths but I see now its so far from the real truth.

Now I want to tell you what is happening to me. During my study of lesson two before I ever had lesson one, (you remember by some mistake I got lesson two before getting lesson one.) my husband got a new job without any effort on his part what so ever. He had been work-

ing at a very miserable place with small pay. One night at two a.m. while he was on duty he was called over the phone and asked if he would be interested in this present position he now has had for the past two months. It is the kind of work he has always wanted, he likes <sup>it</sup> so much and its good pay. Needless to say how happy we are about it.

Then again until I began doing the exercises each night that you prescribed I was unable to sleep nights. I often was up and down till 3 or 4 a.m. trying to get sleep. Since doing the exercises I sleep all night and arise completely rested and my daily tasks are very easy to do now.

Of course I was irritable and unhappy; but not any more. My health never has been so good as it is now these past six weeks.

But my husband according to the doctor has an ulcer at the opening of the stomach and often claims he has pain; so I'm trying now to use

The thought that the power of the God-Law can heal the ulcer. What I want to know, is that the right way to do it? I'm not too sure just what thought I should have on a condition of that sort. As for myself my health is of the best, because I always think health thoughts, and I'm learning to think thoughts of domestic happiness; now if only I could as easily think thoughts of success. I have to force success thought but I'm learning and I'm in earnest and my desires are for health, success and happiness, for both my husband and myself.

I'm truly glad I saw an opportunity to enroll as a student of Psychiana.

Sincerely

Mrs Edwin H. Moody

My dear Mrs. Montgomery:

Thank you for your good letter of recent date.  
It was good indeed to hear from you, but we are  
very sorry to know you are not well.

If you actually believe that the Power of The  
Almighty can instantly heal any disease you  
might have, it would not take you five seconds  
to claim that healing. So, in addition to hold-  
ing the thought that you are going to be healed,  
you are going to have to act as if you already  
had received the answer to your sickness. It is  
the acting as if you had received it which brings  
the actual and literal physical healing. Think  
that through once, because in it lies the secret  
of all religion, as well as all spiritual healing.

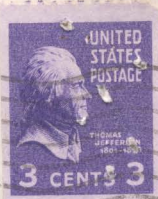

May the Spirit of Infinite Peace be with you al-

Dear Dr. Robinson;

I am writing to let you know the progress that I have made since I enrolled with you. I have a hard fight ahead of me, as I was farther from God than the average man, but through the power of the living God I will win.

Yes there has been a big change in me for the better since I have been studying your lessons. My health has improved quite a bit. I did not tell you this before, but I lost the use of my legs about two and a half years ago, and the Doctors have given up on me. Now I know that through the power of the living God in me I will be healed. I am following your instructions and studying earnestly. If you have other instruction besides the lessons by which I may be able to contact this great power please send them to me. I have not tried to get a group to study the lesson with  
ever

me because most of my relatives and friends are pretty well rooted down in the Catholic belief. Therefore it will take not only the teachings but the manifestation of the power of the living God to change them. In the condition that I'm in I must be patient and obtain before I can give out.

Dr Robinson Dear Sir: I received lesson 36 and I felt very happy about it. At the end of the lesson you did ask me to write you a personal letter and let you know how I am progressing. Well I'll say this before I forget it, ; it was Sunday night and I went to church as I felt like I had to get out and meet other people. The folks were very nice to me and sympathetic. It has been 8 weeks next Sunday since Esther went away, and I still do not know where she is. , Although she has set up a place where I can write to her and she fixed it with the Toledo Trust so I could receive the rent every two weeks and enough to buy some groceries.

I felt pretty low for about 5 weeks then I began to try to pull my self together and take some stock of my self if I could do anything towards earning a living. I obtained work at the T.B. Hospital and worked 8 days and my legs and feet began to get those psychi rheumatic pains again and the check didnt come and I laid off to see about it and I felt while I need to work I dont feel like knocking my self out. So I resigned; as they seemed to have help falling all over each other.

So Esther wrote me a nice letter and I felt a little more happy. I got my picture taken a snapshot and sent her two of them

I am sure she dont feel so angry at me any more.

I just dont know what it is all about, why she doesnot wish me to know her address. I think she will tell me some of these days;

The reason for the pictures was I put my applycation in the Toledo State Hospital for night attendant as there is scarcely no hard work to that, as I asked for the 11 to 7 shift.

I had to have a picture of my self for the question air . So far they have not called me and I dont know if they will.

I'll probably get something else I generall do, only I cant take the hard work any more; I could say 6 hours but after that I begin to feel like collapseing. I wanted to tell you about Sunday night

I kind of digressed. I came home feeling so much better and encouraged and after I went to bed I was thinking of the good things

I had experienced and in spite of every thing I became relaxed and meditated and the affirmation always goes through my mind and I even wake up saying I believe in the power of the Living God within me, and even telling the Creative Spirit how dear I do love God more than all else seems The God with in me seems to want my undivided attention.

So the affirmation just kept repeating over and over and I dont know if I were asleep or not but I dont think so. I heard rumblings like every thing was being shifted around I'd call it thunderings and they just kept up until I wondered.

Then I heard an airplane dronind around and around seemingly above the house; When I looked there were two giant search lights and the whole sky was lighted up they just kept going and finally the one search light came down and dropped a letter right on the bed and I felt wave after wave of the most completely over-whelming

love and I just didnt resist I let the

it take complete possession of my whole being. It seemed to comfort me. You know I believe I'd never let my self go deep because I was loving Esther more than God with in. I feel sure she will come back and I must do something with my life.

Too bad I didnt know of this wonderful God Power while I was young. There is so much sickness and suffering and people do not get results from most of the church sects. Seems every one tries to outdress the other one. I thought I was so smug and self sufficient and I guess something had to happen to pull me out of my self and show me there is nothing above the God Power with in each of us if we use it. You know after Esther left I had that same desolate feeling I had after her father left.

The night he left I knew he was going to the other woman and I hated them both for years and could not get any place. I used to go to the Church of God and they believe you have to kneel at the alter and pray and ask Jesus to forgive your supposed sins and you are supposed to even shout too I guess, ~~so~~ did. ; and because I never did I felt jealous of some of those who did and even sulked about it.

I never have felt such joy and such waves of love even from my finger tips to my toes and one cant hardly contain it.

Now we come to the financial part I guess I'll have to send \$2.00 every two weeks until I can do better. If you people have any up-lifting ideas on how to become a working bee I'd be glad to hear them I'm open to suggestions.

Well I guess that brings me up to date and feel glad and happy I've found this wonderful God Power within me. Seemed like my heart was split in halves and something mended it and I saw what ever it was stayed right in my heart and I dont know how God will ever get out now. I'ts right with in my heart.

Oh I love and worship the Living God with me and I want you all to keep right on helping me. You all must have been helping me for I was ready to quit and crawl in a hole and pull the hole righ in behind me. I dont want to ever quit now and I know of some people I am going to tell about Psychiana. Sick people.

You see after I atay at home say 3 weeks or so I begin to feel like I can do things and feel like danceing. Then after I work 8 hours every day for a week or so I can hardly ~~walk~~ walk I feel like I need crutches. I feel I'll find something I can stick to and in the mean time I'll keep trying till I do find my place in the working world.

Well I guess this letter ought to last for an awful long time. Yours very sincerely. Naomi Minx a fellow student.

You see little by little every one is getting to call me by my new name So I'd be pleased if Psychiana would kindly adjust that matter. after this I'll send the Money Orders in the name of Naomi Minx.

I obtained a P O. Box ~~1202~~ 1202 Central Sta: Toledo, 3. Ohio. I was feeling so sorry for my self and address my mail to the box. So-Long.

Dear Sir:

I rec'd my last lesson several months ago; and ~~say~~ must say that I found it to be a wonderful course.

Through this course I found out what was my greatest troubles that has hindered my success. There are days that hand are full of power. I have learned to move many pains such as headaches; cease Rheumatic pains and some few other ailment of the body.

I also have learned ~~to~~ use some power through speech. I am much worried because I had never been in any kind of

trouble before; however after this  
course was started. I was left to  
believe you opened up a pit in  
my life by seeing the things  
that I knew nothing of.

There are thing people had set  
in my life I knew nothing of  
it seems that every one I meet  
is meddling at them. Will these  
pits be close up behind me through  
Psychianna or will I have to get  
some one to close them up for me?  
When I first started this course  
there was not a curse on me that  
I could hear as I do now. I also  
have very peculiar eyes caused  
from some condition I do not  
understand I also have ears that  
I can hear the opinion of other  
people. Before I speak to any one  
about the conditions I thought

I should write you. Are these a blessing from this course, or is it some intersecting power?

It seems that some one is running my life and mockery of evil on every sign. Notify please if this is the results of my study and if this pit is to be close up by you or what I am to do about this condition. I never heard of such eyes or ears before. Thanking you in advance,  
A Student.

Abella H. Moore

P.S. I now live a 1720 Allen, St  
People dont understand this condition which make it hard for me to live among them; each one is striving for the most in life, if at the misseuse of there fellow man. This course wont allow one to do to much imposing on its students without a return to its sender; thats why I have had to move.

Regarding your question on using two affirmations, I would suggest that you only use one at a time, as results will be more sure.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within you and may be spoken into existence NOW. Maintain your confidence in The Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

Dear Friend and Teacher:

Just a word of thanks for my lessons.

I'm on lesson twelve now. So far I have perused it three times. I never get over the fact that I really did enroll as a student. I was only just existing before I began to study with you. And sometimes I thought "what's the use?"

I had an experience a little like you in trying to find God in the church. Before hearing of you, I had concluded the God I wanted wasn't in the church teachings. Also when I first heard of you I thought; "Oh it's just another organization with the same old religion."

(How mistaken I was!) Your first few lessons convinced me I had found what I wanted. I had been in the dark so long and then to receive a Spiritual Light like you teach. Well you can rest assured I swallow every word, "bait", "hook", and "sinkers"; ha. You can see I go fishing. over.

(By the way I certainly enjoy the sport of fishing.)

I do all the affirmations just as you teach me.

Surely but slowly more success is coming.

I'm sure my husband's health is better.

Of course we will be much happier when he is a well man again.

The Doctors claim there is an ulcer at the opening of his stomach, and that it will heal with dieting. I'm trying to use Spiritual Law as best I know how.

Now what I want to know should I use two affirmations at the same time?

One for success and one for his health.

I don't seem to be able to get him to study the lessons and when I did try at first to read to him he just fell asleep. So I gave that up. Now I'm wondering if I was right to have had two affirmations at the same time. I do so want success.

I'm sorry I delayed so long to inform you, I received lesson seven (7) alright and thanks, also I received lesson eight (8) about Oct. 20<sup>th</sup>. Lesson 7 came about four days before, I gave both lessons extra time for study by getting up an hour earlier mornings. And now I am <sup>studying</sup> the two lessons together and going over each one each day until lesson nine arrives. And when I have spare time I relax and go over lesson 6 again, I think its such a marvelous lesson. In my every day living I'm using the God-Law and I'm finding that it works.

Dear Mr. F. B. Robinson

Near the beginning of this year, I decided to accept the fact that this is indeed a mental world we are living in. I read a book having to do with religion and it's relation to our thoughts. It was quite different from anything I had come in contact with before and some of it's statements seemed to me, positively sacra-religious, in comparison to the ideas I had been led to believe about God, unfortunately.... I was beginning a search for the power which I believed was in existence, but I did not know where or how it could be contacted and utilized.... After reading the book I mentioned, a certain amount of change came into my life, but still there was so much that remained unexplained, it began once again take on the form of a superstitious religion.... To explain briefly, it stated that God was spirit and was every where, and a spark of God was in every one, and that God was contacted within through this spark.... At that time, I had a form of dermatitis on my hands and feet contracted during my term of service in the army. I had been unsuccessful in clearing up by x-ray therapy and ointments, so I turned to the God spark within me and directed my thoughts to the affect that God was all powerful and my thoughts were contacting this spark and thus God through this contact would heal my hands. Soon after that my hands did heal, which proved to me the power of thought or that there is a mysterious power to be contacted through thought. As to just exactly how it worked, I did not know, it did seem that since this power was in existence then there must be a method to be developed so this power can be used for anything good, at any time, by anybody.... But there remained so much that was unexplained!

Then came the the revolution!

Quite by chance I came upon seven lessons of "Phyciana". And all the questions I had wondered about were being answered through these lessons, supported by scientific facts, with such force.... Can I explain the sensations that went through me by these revelations!! I began to see that the healing of my hands came from the power with out and not with in.... I saw also that here was knowledge that would enable me to contact this power always, with no limit to the good I can do for others, not only myself.

Then with lesson number seven the path ended as though coming to the edge of a great canyon with the goal on the other side and no bridge.... Please send me the bridge!

Please send me the eighth lesson and information as to the cost and so on.... I most certainly want to complete this study.... I assure payment will be made for the eighth lesson.

Dear Dr. Robinson:

I have been trying to write you for some time to tell you how much I have appreciated your lessons and how much I have gotten from them although I will have to admit I am a little confused in how to express my thoughts of my desires. Of course the most important thing with me is to have more business and make more money. I found using the affirmation "I am more and more successful" has brought results and I still use it. There are other ways, I believe of getting things from the God Law. For instance would it be proper to say mentally "I want more business to make more money" or would there be some other way to make your desire known. In other words I would like some advice on what to use, or should one stick to the affirmatives you have given in your lessons?

I was much interested in your telling about the typesetting machine you have - the Linotype. It may interest you to learn that I traveled for 27 years as a salesman for the Linotype and sold quite a number of them. On account of a

I know you are a busy man but am hoping you will find time to read this letter.

As to your teachings, I do not believe I ever had anything that I ~~was~~ wanting and more earnestly than what I have received from you and you certainly have cleared up a lot of things that I never could believe from the present day bible teachings and I believe every word you have written and agree with your theories.

One of the most wonderful things, as I see it, these lessons which I have followed closely and sincerely, have brought me a better peace of mind, I have learned not to worry over but have learned that with quiet patience and waiting everything seems to right itself and when I look forward to bills coming due I always feel that there will be funds

Mr. Frank B. Robinson.

Dear Sir:

With this letter I am forwarding to you the amount of \$5 as part payment of my obligation. My first lesson I received about 10 days ago and have since followed your advice to my best knowledge and ability at present. Having studied along this line for a number of years I find it most interesting and be very happy that some one has worked out a system by which the individual can work progress and finally succeed. I admit it is not so easy during working hours to keep up the good work, as we say in this country, but I am convinced that I am able to fill my cup to overflowing by doing a little more in my off work time. To far I am able to follow you, as your illustrations are very clear and understandable and will work with you to the finish. I inclose a picture of myself and would be very happy to own one of my teacher. Looking forward to the time I shall receive my

next lesson and hoping to have once  
the pleasure of hearing you lecturing and  
thereby meeting you I remain

Yours truly

John Muehling

Dear Sir,

I have just finished studying lesson no 7, and I think you have some of the finest work ever written in any study course. at last I <sup>have</sup> found some of the answers to several things I have wanted to know for many years.

When I was 11 years old, my parents used to scold me and bowl me out, I decided from that day on that I wanted to be smarter than they were. I wanted to have what I called "an independent mind". When I grew up I worked for 9 years under a hard boiled boss. He couldn't get enough against me to fire me, but he made life miserable enough for me to get disgusted and quit. That did not work, I hung on and stayed there until I got a better job and a good one too. My thoughts were still working on the idea of "an independent mind", not to let people get the best of me. A lady friend of mine just a few years before I changed jobs gave me my first tip on the development of this independent mind. If there is anybody trying to do you any harm, all you have to do is to concentrate on them with hatred, your thought waves will travel to their mind and they will get scared of you and leave you alone. The lady who taught me this was a good christian woman, she used to study a book called "Christology". I still did not know very much about the mind until one day the boss jumped all over me and I decided to do something about it.

It was on my lunch hour and I decided to go over to the public library and find some kind of a good book to read on the mind. I saw several dry dull psychology books, finally I became interested in "The story of Phychic science" a book on spiritualism, later a member of several spiritual churches. It wasn't long until I could look the boss straight in the eyes without flinching, my fear of him was gone, and before he could start lecturing to me, he had to switch around some in his chair and light a cigarette, his temper and hot-headedness left. My lady friend's advice was working my thought waves were hitting this man's mind at the rate of  $10^{10}$  power times per second (speed of electron flow) my other boss (assistant mgr.) told me to please not to get so mad at him one day. He said it doesn't make any difference what part of the building you are in I know when you are mad at me, my blood boils and I feel it tingling all thru my veins. In short all of my enemies became my best friends. Later on people convinced me that I was sinfull to concentrate on others with hatred and told me I should go to church and pray more, but this only caused me to gain more enemies, become a financial wreck, and later on I became so confused as to what to do I lost all hopes.

I once again decided to start all over again, I took four books from different adds, all were courses sold at a dollar such as, The miracle power, The god in you, The secret of success, The seven keys to power. Many great teachers wanted to sell me their more expensive training courses in metaphisics, The Rosicrucians, and one or two teachers in yogi philosophy.

my financial affairs were so crippling that I could not even steal a few dollars from my bills to even buy a course and the Rosicrucians expect you as a student for life to make regular donations. Some teachers of Hindu or yogi mysticism want half or all of their money at once. after seeing your add numerous times in the last few years I decided to take your course at all odds. I find that it answers all questions to things other courses leave out and gives me the real secret I want to know. The connection between mind matter and the universe, I may tell you, I have also made experiments in mental telephaphy, but I certainly dont have <sup>room</sup> here to discuss with you all of my experiences. Have you any advance courses on mental telepathy, special training on ~~concentrating~~ concentrating or any interesting books on any psychic phenomena?

after I finish your course I want advance training of some kind as I may wish to become a teacher myself someday. The power of autosuggestion also works wonders but in my experiments I quit because I was working in the wrong direction. The whistling and singing of a certain sad song "I'll never smile again" caused me to almost want to shoot myself. I have also studied the bible and have found many things very useful to anyone willing to study. However many people say the bible contradicts its self which is true. you may be interested to know that some of the nice —

teachings in your course are also in the bible, but the trouble is nobody from any church knows how to interpret or understand this good book.

The bible says, worry not about the morrow what ye shall eat or drink nor what ye shall wear, consider the birds or fowls of the air, the lilies of the fields, the lord takes care of these, oh ye of no faith and King Solomon and all of his riches was not arrayed like one of these Have ye no faith?

This good book also says "of the things ye need seek ye first the kingdom of God and all these things shall be added unto you. The Kingdom is at hand."

I therefore the last part means you do not have to die you can have what you want right here on this earth

I believe Dr Robinson, you have done the job perfectly, you have found the Kingdom and you are also teaching us how to find the Kingdom of God. He says "it is at hand" not later but now

enclosed m.o. for 3.00, I will try to send you more and more money from now on. Please write to me and answer this letter. Do you think from my experiences in the past that there are possibilities for me in the future?

Sincerely yours and Thanks.

My dear Mrs. Mortice:

Thank you for your good letter of recent date;  
also, thank you for your beautiful poem. It is  
really very impressive.

If you knew how many thousands of people write  
to us as you did, you would know that at long  
last the actual Truths of The Spirit of God  
are being made known to men and women on this  
earth. When it is understood that man is the  
highest creation of The Great Life-Spirit, the  
earth will be a paradise.

May The Spirit of Infinite Peace be with you  
always.

Cordially yours,

Dear Mr. Tolson,

<sup>its very pretty</sup>  
Each day I place to

write to you, since our  
company has departed  
for her home, to say I am  
correctly studying my  
lesson "No. 11," and I truly  
think you know your track  
in "Bychiana" in every  
sense of the word. I am  
interested in a neighbor  
whom I am sharing the  
literature with at present.  
She was a former "Sunday School  
teacher" in a distant city and  
is a stranger in our midst.

I have such <sup>an</sup> several  
names who I think would  
be interested in Psychology.  
Here with inclose a poem  
from a local paper - that  
meant so much to me.  
Possibly you too can  
enjoy this as I have  
done. I remain  
Sincerely your friend  
and student.

## ANSWER TO A QUESTION

A friend one day said to me  
"How do you know there is a Diety.  
Have you ever looked upon His face,  
Or in this troubled world found Him any  
place?"

I thought a moment ere I replied,  
"I see Him at the dawn of each new  
day, as  
With loving fingers, He clears the mists  
of night away.

I see Him in the heart of a rose,  
In the face of the daisy that by the way-  
side grows.

I see Him in the flight of the gull  
In the sheen of the humming birds breast  
And in the wondrous way, the oriole  
fashions her nest.

I see Him in a mother's smile  
As she looks upon her new born child, and  
I see Him in the face of one beloved  
(Now grown old and gray) and His love  
shines

In her eyes as she comes to the end of  
the way.

I hear His voice in the whispering leaves,  
In the thunderous song of the sea.

The brooding mystery that hovers o'er  
the deep

I know 'tis no other than He.

I walk with Him in the wooded hills  
And in the quiet of star studded eve.

His Infinite wisdom and love, come to  
comfort me.

Aye, my friend, as you travel along the  
way,

Somehow, somewhere, you can find Him,  
For He walks with you each day.

So if in your quest for this your greatest  
need

You cannot see or do not find Him,  
Then you are blind indeed."

My dear Teacher -

I am one of your newest students, but I must let you know how I am progressing. I am now earnestly moving along with my Lesson <sup>No. 3</sup> since Oct 10<sup>th</sup>.

This is what I would like you to know: The first-week of my Second lesson, the first-part of that week, just before time to get up in the morning, I had my wonderful vision. Here it is: just like I saw it. I was between waking & sleep, I saw a <sup>large</sup> clean & cleared piece of ground, fenced in with a tall wire fence, the modern kind, that you can see every thing <sup>side</sup> in. The fence was a seem to be like bright-silver with the sun <sup>also very brightly</sup> beaming down on the whole lot.

2

In the very middle of the lot, a very large bunch of flowers was standing off top of the earth, tied like a bunch of wheat. I rem<sup>em</sup>ber I said, "what a beautiful bunch of flowers." a voice said, "they are Violets" I said again, "but they are such a beautiful bunch of flowers," the voice said again, "they are Violets."

That is all.

And I can say honestly, I am going to see a change. I have been under a terrible strain, over twenty-five years. I shall follow where you are leading me, because you must be inspired, to have reached my case particular, like you have.

Sincerely your student -
