Dear Dr. Robinson:

As I am one of your Students, I took the privilege of addressing this letter to you. The letter goes to tell you how much your lesson has meant to me. You see, this is my first lesson from you and really I have no words to express my most sincere thanks for all the good things that have happened to me during these two weeks of your study.

My life had been covered by a dark shadow, always helping others and working hard but never getting any recompense from anyone, my mind was full of bad thoughts, I even felt desperate at times, felt so discouraged about life, that to tell you the truth I felt like there was no use for me being in this world. Now, as I began your first lesson I have changed a great deal, I can see the change myself and everyone at home notices my happiness, I don't know why but happiness comes to me even if I don't think of it. I am much happier, I go out places always doing as instructed by you before I leave. I am sure that the farther I go into your teachings, the happier life will be for me. I think I am getting the Spirit of the Living God in me.

Doctor Robinson I am sending you a picture of myself, if there's anything about the picture you don't like, please send it back to me and I try to get you a better one. I'll be very much pleased if you will send me one of yourself.

Thanking you again for all this you have and will do for me, I'll be anxiously waiting for the Second Lesson from you.

I remain ,

Sincerely ,

*Minerva Ramirez*

Dear Doctor Robinson:

Now I can truthfully say  
that the power of the God Law  
is being manifested in my  
life.

I am off my job on a 2  
weeks vacation, without pay.  
We couldn't see how we would  
be able to manage until I start  
back to work, (but)

Yesterday I received a back pay  
check from my old job. Now I  
see my way quite clearly.

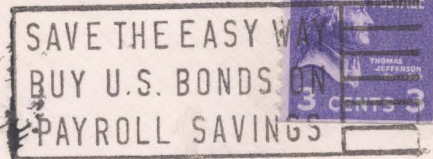

Not only this particular in-  
cident. But in many others. I  
can see that the God law is  
making me more and more  
successful each and every day.

I also take this opportunity to  
tell you that the last lesson is  
truly wonderful.

Sincerely Your Student

Robert Randolph. 26-A3996

My dear Mr. Rapone:

Thank you for your good letter of recent date. It was good to hear from you.

I have been going over your song, and I think it is very good. You should have no trouble obtaining necessary publicity on it. I will do all I can spiritually for you in this matter, but you will have to help also.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible of The Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

May the Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson,

Address  
Dear Dr. Robinson

I am Armond Rapone (25 #4562) I hope you read this letter personally, I know I owe you some money for the lessons you sent me and I am very sorry for not sending it or letting you know why I couldn't send it, so this is why I am writing to you. I did receive nine of your lessons, well the first one I really did not go for it then the second one came and I read it through, well I thought that wasn't much so I went down stairs and I played the number pool and won \$50.00. Gosh! I said, there is a power of the living God. Well the first thing I had in mind was to send you the full amount for the complete course, Well the first thing I knew I was chinking with the fellow who paid me off. Then I realized there wasn't too much money left, so I played some horses to make up the loss, well, you guessed it I ended up with no money and a

(2)  
belly full of liquor. Well at the time I  
was out on sick leave and had very little  
money to spend, so the money I did have  
I spent it on drinks and forgot all about  
the lessons that came afterwards, when they  
came I'd just throw them in my drawer and  
let them stay there. Well it got so all I cared  
for was drinks. You see, Dr. Robinson I  
sing and play guitar, so, I got so, that for  
a drink I'd play at a Cafe, barroom, wedding  
or any place there was a good time, then  
I'd get home later in the morning and my  
wife would quarrel and quarrel with me  
saying that I was out with other women,  
so this went on for a while, until one  
morning I got home and found a note for  
me saying that my wife had left me and  
taking my daughter with her. Here is one  
thing I want to say, that is, I got a pretty  
wife, and a beautiful daughter, that is 10  
years old. Well anyway I got to drink-  
ing more and more on account of this, until  
one day I was so lonesome I didn't know  
what to do, so there I was thinking and

thinking, so I happened to think of your lessons, and of the living God I went to my draw and took out all the lessons I had, I read them all very very carefully then all of a sudden, Josh. 'it was like some one hit me or something I started to realize what a bum and fool I made of myself, and I started to feel like a new man again. So I got my guitar and started to pick a few notes and thinking of what had happened, then I started to jot down words and then made music for them, that is how I wrote the words and music to the enclosed song. (That's what We Had) (Over Somebody Else) So until I had it perfected I had my wife and daughter back with me, through my neighbors telling my wife that I had made a big change. Boy, did those lessons come in handy, Well after I completed my song I borrowed money from two loan companies to have it
