Dear Dr. Robinson:

I am writing this letter with
the greatest pleasure of all my
25 years of ~~life~~ life.

And wishing I could thank
you in person for your
wonderful help.

Since Sept ~~27~~^{28/47} when I
started my first lesson there
has been a great change in
my life for the better.

It has given me every
thing I desire a present but
^{one} thing. and that is not really a
thing. but a person or a being.

(2)

I have lost a dear friend
whom I care very much for &
believes care for me but
we do not see each other
for quite some time nor have
I heard from this friend, but
I dream of being together. -

"The Great God Law" has
given me every thing I have
prayed for but my friend &
I believe with your help it
will give me that.

It has given me a good
home; a lady friend who
treat me like a daughter.
& last week it gave me
a job which I needed

(3)

very much. the home is not
my very own but it is not
one of the best. for I room
but it is a home anyway.

You said that after a ~~while~~
while I would not worry
very much about things in
general. & I found that it
is ~~not~~ true for I do not worry
half as much as I once
did.

Thank you very many
times again.

Very truly yours
Daisy R. Taylor

(1.) How do I go about getting rid of
this head trouble. Doctors don't seem
to be able to help. have had many
of the best? would like very much to hear ^{some} (again).

(2) about my friend what do I
do about seen or hearing from
this friend?

Wish to receive an answer to question
NOTE CAREFULLY PLEASE

did not received ans to first letter.

My dear Mr Robinson,-

First, may I say
that I feel I have made
some very sincere friends in
Moscow, Idaho.

The Lessons, so
far, have been very in-
teresting & instructive. I
have enjoyed reading
about your son and
your own progress.

The Chapter
on "Thought," has been
especially helpful.
While it is not always

9-
you say - it works my ^{personally} - I should
not be put-lined, but I'll admit, I am
evident to see how a certain ^{"expressed"}
wish taken form. I feel the God-law
in operation.

Enclose a few stamps for
my remaining lessons, which - for
personal response, I prefer sealed, please.
I will make each stamp
with keen interest.

Thanking you, with

2-
easy to think "pleasantly" -
still, it becomes a habit,
paying large dividends.
My regular evening
periods of silence and
concentration, before re-
siring, (after I put the
clock in the closet,) as
you suggested, are de-
lightful, & while I am
only in infancy, as a
student, I am beginning
to form & develop
mental pictures, in a
modest way.

It is wonderful
to know that the God-
Law never fails, but as

4-

kindest wishes for you & your family-

Very sincerely-

It was good to hear from you.

If you knew how many thousands of people write me as you did, you would know that at long last the actual truths of the Spirit of God are being made known to men and women on this earth. My dear Dr. Robinson,

All of the seven affirmations to date
have become a part of me.

Between the 1st and 2nd affirmations
I was refused by two Bldg. Loan Assoc.
but your literature rather lessons gave
me added strength to continue fighting
entire ~~with~~ and Assoc. By the 4th
lesson "Ray of hope" began to loan I was
accepted through unexpected power into
the First Bldg Loan Assoc which made
a loan of \$100 paying off all indebtedness

2

with the exception of two firms. These
two I hope to pay off as soon as I get
work either with the ^{Federal} Social Security Agency
or School Board or Clubs.

The first I have an appointment to
take a test Dec 17th 8 A.M. Due pay for
my success. The 2nd quarter may be
opened by February. In the meantime I
am trying other sources as I am anxious to
make a salary to pay off the indebtedness
and especially my debt to you.

Although the houses are present but
all rental goes toward the payment of
the Bldg. Loan Assoc. The 2nd floor
of which was completed during interest
of the 4th & 5th seasons is rented and
is used for my Mother and my current
expenses.

I am most grateful to your theory and
practice of teaching and feel as if I should
let you discontinue the lessons until I
can pay off my indebtedness to you.

all the you mentioned it was not your
policy to do such an act. but you
can rest assured that as soon as my
books are mailed financially you
shall receive a contribution from
me more than the cost of the course.

It is most astounding as to results
gained by earnestly studying and
might say throwing myself entirely
into the lessons. You seem to
be present when reading such literature
I enjoy each lesson and eagerly
watch for the next one. It always
comes at the most opportune moment.

My mother is very much interested.
Included is a list of names which
you may send and invitation to become
a member.

You may rest assured that your
course will be paid.

Very sincerely,

you a check. 11.0

Dear Dr. Robinson,

I wish to express my deep appreciation, due to the fact that you have continued to send your lessons to me without benefit of a reply or payment of any kind on my part. The kind of trust you place with people must surely be rewarded. I know I shall be able to send you the amount I owe to you very soon. Thank you for being patient with me as my family and I have had a pretty wretched time for the past three years.

I want you to

know that your studies are
everything to me, and I cer-
tainly admire your courage
in trying to arouse a world
to the "Truth." Is it possible
for you to send me ~~Lesson~~ ^{Lesson} #2?
— as our small son destroyed
it. I want very much to keep
all of them. If you can send
it to me I shall be very happy
to pay extra for it when I
send you what I owe you.

Dr. Robinson, never
stop with your great work —
I tell most everyone I know
about you, and I hope as you
do, that someday the whole
world will recognize it. As
soon as possible I will send
the complete payment for

my lessons. Right now I am looking forward to many great and satisfying things to happen to my family and to me — and I know they will. Thank you again for teaching the story of "God" as it should always have been taught.

This comes to say I am very
thankful to you for the lessons
to me everyone is amazing
I have long thought strange of
the Christian religion. I wonder
why the whole world had not been
won for Christ. I knew the ten
commandments says thou shall
have no other God before me
& I knew Jesus refused to be
called good, and that we should be
able to do the works that he did and
greater. The preacher tells that Jesus
is our mediator pleading to God
for our sins daily and if He gets
from between us and God

It would be too bad for us —
I was brought up in church
and Sunday school. and read the
Bible quite a bit, heard it discussed
lots of time, seen men get mad
because they could not agree over
the meanings. Still there seemed
to be something about that I did
not understand.

Since studying with you all
these things have been more
plain to me. you have that
mediator between God and man
so we can see life in a different
It's all new and wonderful to
me. I've met one person
in this place that is taking
these lessons she was just
beginning, I intend to call on
soon and see what she thinks
about them. I know the lessons

are

3

Wonderful and the world loved them, but as long a person has a mind to do church work its hard for one to convince one that stead is best for him. I have had some to tell me that it was an infidel it didnt make me mad I only got an idea that it would have to find other means to reach them.

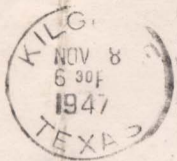

wish it could see and talk with you. I spent a little over two months in St. Louis this summer but I got all my lessons after coming back, havint finished studding them. I am sending you a list of names of persons that wants to know of your teaching will send others later. Thank you again, your student.

Dear Mr Robinson:

you tell us
to write and tell the results
we receive from the lessons. Well
I am going to tell you what has
happened so far. It really is
the most wonderful thing that
has ever happened to me.

I have had terrible constipation
for years always had to take
pills or water. And I believe that
has made my diabetes worse.

Now believe it or not after
my second lesson my bowels
started to move and now I
have my fifth lesson they
move ~~two~~ and three times a
day. I can hardly believe it
for I don't take any thing.
I have a rather hard time
at first trying to relax but some
times I do pretty well, by hard

work I believe I will become master
and have good results.
your lessons are wonderful and
when I read the fifth lesson
I get dizzy when you describe
about the marvelous things
that are going on. I'll pay
it as food for thoughts

I have diabetes and I am
alergic to insulin so I have
quite a time. Every once in
awhile my bladder ticks up
and bleeds a lot - I am
having out of these spells
now. I am making a
desperate fight to get
well. The reason I am
telling you these things I
am hoping to tell you in
the future that I am
better. Now I am going
to tell you a few things
that have happened in the
past and I hope some time

You can tell me what you
know about it. No one has
ever been able to do so.

Years ago when my husband
was alive we had a calf and
we loved her dearly we made
a pet of her and later she
had a calf and quite a
few after that. Well there came
a time she could not be bred
and we loved her so we
kept her in a field near
our home. We always made
quite a fuss over her and she
would call to us all day
long so finally her
udder started to develop
and after some time
she gave milk. Fine rich
milk just the same as
when they have a calf.
A few years before that we
had two female dogs one
was blind and she had puppies

she other little dog would watch those
puppies all day long usually she
took two or three of them to her
bed. she would do that every
day and we would take them
back and it wasnt very
long after, she gave milk
to chase puppies. We have
told that story many times
to people and they would
not believe it. I never could
understand it but now
since I have had your
lessons I believe almost
any thing is possible.

These are true stories
I wonder what you think
about it?

I am working hard with the
lessons. I often wonder how
you happened to send me
the letter. I prayed so
long to be shown the way
for I could not seem to
believe the stories in the

tible. But I hope you show
the way, thru your lessons.
and I hope and pray that
after a while I can tell you
that I am well. I would
love to have your books but
cannot afford them now.
Perhaps I can later on.

I could not help telling you
about the cow and dog for
it has been on my mind
all these years.

With best wishes to you

I am

Maybelle Thompson.

Dear Dr. Robinson:

you ask me to write you if I experienced strange vibrations while I was contacting the spiritual realm. also if different colors appeared before my visions. yea, both of these happened Aug. 26 after reading lesson thirteen. They had also happened before in lesson degree. Once in an earlier lesson again in lesson eleven, I believe.

at the first glimpses of these marvelous things I thought I would write you a long letter and tell you all about them. but as the days passed they become so sacred to me that I felt I could not share them even with my teacher. I'm sure no one will know better than you what I mean.

My dear Mr. Perkins:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write me as you did, you would know that at long last the actual truths of the Spirit of God are being made known to men and women on this earth. For too long, the churches have taught us that we were born in sin and shapen in iniquity and doomed to hell-fire unless we believe what they teach. What needs to be understood is that man is the highest creation of The Great Life-Spirit. When this conception is grasped, the earth will be a paradise, I assure you.

May The Spirit of Infinite Peace be with you always.

Dr. Robinson -

Dear Sir, I want to thank you so much for my lessons they are the only thing that keeps me going these trying days. My husband is a drunkard and he is so mean & uses such

terrible language - Dear Sir this is one reason I can not have meeting in my home & I am now trying to find a meeting place I can go to.

I have spoken to the girls where I work & they sort of make fun of me. However I healed one girl of a terrible headache by placing my hand on her head & silently to myself I said God has healed you and one lady had a very stiff neck and sore shoulder. I placed my hand on the back of her neck and again I said God has healed you - later she said "Gee I dont know what you did but my neck and shoulder are all O.K." Isn't that wonderful?

Dr Robinson do you remember you told me you would write to me & tell me some things about healing animals - I would be glad to have advice along this line -

I want to tell you what I did to our Collie dog. She had had puppies & she was suffering from lack of Calcium. After my husband

to her to the Net. She was still shaking & her eyes were glazed. I was sitting up with her I got my lesson and read for perhaps 5 minutes then I placed my hand on her face & said God has healed you - I held my hand there perhaps 2 or 3 second - then she jumped as if something struck her she opened her eyes naturally looked at me & got up - from that day on I have never seen her shake or jerk - Am I doing right? Dr Robinson I cant help but cry when I see these poor dumb animal look at me when they are hurt or sick.

When my husband swears I begin to go over & over & Believe in the Power of God - I have made an agreement with God if I quickly repeat I Believe in the Power of God, God will shut his mouth and in a minute or two he closes his mouth - I wish I had a happy home & I could live home & never work out - I want to be a house wife & do so many things for people. I know God loves them -

I will close God Bless you and give you more Power - Power - Power -

Sincerely your friend and student

you have been stressing
the point that we were not
born to die, and can have

eternal life on this earth.

Now lesson twenty-two
you tell in your recitation

Now what is the goal to

Dear Dr Robinson:

Inclosed find money order for the sum of \$4.50. to cover my payment on your course for the next two months.

I would like very much to get a statement of the balance that I owe on your course, so that I may clean the balance off.

At this time I am not going to attempt to explain the change that has come to me since my starting your course, only that when everything started to improve for me, things moved fast.

At the time I started your course I was holding a job, that was just a job with no chance of any improvement, I owned a 1932 Car- oh yes the job was O K but would be the same for as many years as I wanted to remain on it- the pay not too bad \$225 to 250 a month, a great number of the men that I worked with are quit happy in their work, are able have nice homes and raise good families, but I have not been satisfied, that is the main reason that I started your course- I was not satisfied;

I will only ad that on the 11th. of October out of the Blue Sky, I was offered a post of trust in my Local union, representing the men I have been working with with for years. Yes I did take this post, and now find a whole new world of understanding unfolding before me, a new understanding of friends- a place where I can help men understand themselves, a place where I can help men to overcome misunderstanding;

Yes I feel Psychiana has helped me in this my material gain with a bright future is good, \$500' a month, and I now drive a 1941 Packard, this all since October 11th.

My dear Mrs. Usher:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of God were being made known to men and women on this earth. When It is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

It makes no difference whether you call this Power The "Power of God" or not, or whether you go to church or not. This Invisible Power of The Creator has always been behind you, nourishing you, and strengthening you and developing you, even through times of doubt and complete indifference. The Spirit of God is no psychic fantasy nor savage superstition. It is as real and regular as the law of gravitation ...as universal as the mystery of creation,..as near as the last drop of your blood.

He who set the stars in place and made the fields to bloom and men to love and labor is not indifferent to our human pain. We may not see this Power or understand It, but we can find the Truth of It in the smallest blade of grass.

If you attempt to contact this Power as directed, and if you pour out your head and heart, The Spirit of God will take over and bring you your desires. If you are really in earnest, there will come to you strength and courage which He planted in you from the very start.

May The Spirit of Infinite Peace be with you always.

Your course of instructions has been the most wonderful event in my life. At last I have found the True God - "The Living God Jew."

All thru life I have been afraid of the future - all thru life I have not known what I wanted. I was born and baptized a "Catholic," I was taught to fear God, and to expect nothing but suffering in this life, living in the hope of attaining heaven after death. A few years ago I began to doubt this teaching and this God. I kept asking, "What kind of a God

whatssoever right thing I desire I shall receive by expressing my desires to the "Living God Law" thru my thoughts which are part of the "Great Cosmic Law". I will receive the answer in the same way by keeping silent and waiting for the voice of the "Living God Law" to give me the leading.

For all you have done for me, I cannot express my gratitude enough. You will always be remembered in my thoughts. My desire is to be able to do more for this wonderful movement.

is it who glories in the suffering of its created creatures?" And with doubt of God came a gloomy outlook on life.

I thank the "Living God Law" for the day I enlisted in your course. I knew there had to be a God to have created this Universe and all its creatures. You, dear Doctor, have shown me the "True God." Now I no longer fear the present or the future. Now I live quietly in close communion with the Living God Law, knowing that the "True God" is guiding every moment of my life - and that

Dear Dr. Frank B. Robinson,

As one of your students who has followed your course of instructions seriously and thoroughly, I want to thank you with all my heart for all the benefits you have brought me.

My conception of life and its struggles has been completely revolutionized. It has taken time to put aside fears and habits formed thru many years of belief

change you have brought in my
life. With this letter I
enclose a money-order which
I believe will pay for the course
in full. However, I only wish
that someday I may have the
financial position of being able
to endow your movement with
more.

in religious superstition. But
slowly but surely I have been
casting them aside.

I have at last found the
real God - "The Living God Law".
I am completely happy in this
new life. I no longer fear the
future. I live my life moment to
moment in the knowledge that
the "Living God Law" (my Creator)
is creating for me the things I
need for my happiness, health
and success.

Once more let me thank
you sincerely for the wonderful

My dear Mrs. Valentines:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of Infinite Peace be with you always.

Dear Dr. Robinson:

Am now on my 11th lesson and can see a decided change for the better, was rather slow in the beginning but it certainly is working now.

Started on work which was entirely new to me, the line is selling. It seemed as if I never would get started but the lessons started coming at a time when I needed them most and I performed my little tasks diligently and two weeks ago what a change, I surprised everybody with my sales. The hard part for me is when I go out each day think that I shall be coming home with sales, I'm just a little inclined to doubt and I do not want to do that because I have made great progress and I am so pleased and thankful.

I am going to work just as hard on the latter part of the course and see if I can't overcome this little doubting part, there is no excuse for it.

Dear Dr. Robinson:

Simply must write and tell you my experience, about two weeks ago I was working in Algonac, Michigan, as I did not finish stayed over night. About eleven a.s I lay on the bed relaxed saying my affirmation "Let there be an abundance of supply" something seemed to carry me out into the clouds higher and higher and the clouds were so pretty and blue, until I came back with a start now you may say I was asleep but I was not. I have not been able to get over this experience just keep seeing it every day but from that day every time I go out to work I never wonder if I am going to get orders just feel I'll come home with some and so far I always have.

God must have been showing me that I was to be successful and have an abundance and am I thankful, somehow I feel so different. The Godlaw certainly is working for me. Thanks for showing me the way.

Respectfully,

Dear Dr. Robinson:-

This Christmas card and letter come from my heart. I look upon you as a dear friend. Your marvelous work must have made you a most beloved soul all over the world.

I am now at the 18th lesson. It took me longer to see the manifestations of your teaching in my life, since I was a most small-minded, religious woman. I was a Sunday school teacher, and married a man addicted to liquor.

When I was on the verge of

despair, and all my prayers
and church attendance only
seemed to make matters worse
in my marriage, since my
husband began to accuse me
of being "too good," then I found
out about you.

It was like a drowning
person reaching for anything at
all to preserve life, that I
sent for your course in the Power
of God-law. Anything, just so I
don't despair entirely.

Perhaps I went at it fearfully,
in a half-hearted sort of way. I
didn't know what I wanted, for
I was a very confused woman, question-
ing her faith, wondering about this
thing called "love," crying over
disappointment, fearing gossip,
and in the end almost burying herself
away from public life. For I

began to study the Bible,
astronomy, dabbled with astrology,
and read books on the psychological
subjects. But away from the
public I began to find truth.

In my first three lessons on
your course I wondered, and then
I had a strange dream of how in
one year a worm was changed
into a pig. I thought it was an
odd dream, but I now feel it was
a message... a message, telling me
the impossible is possible.

Then I began to earnestly
concentrate on the restoration of
my honor, for my husband brought
much gossip, and another man
professed he cared for me. I
decided honor was what I wanted.

I then wrote a letter to you,
for I saw how useless any thought
of honor was in my life, since
dishonor was all about me, and
your answer was kind and the next

Person dealt with silence, quiet meditation,
and faith in the purity of the God-law.

Then I was courageous, and in all
faith concentrated on the beauty of
love in my life, as destiny meant it
to be. For if I can trust this God-law
brings pure and fine things, then the
love I need in my life will not be
anything shady. and when one thinks of
pure things, one simply can't bear the
thought of evil even.

Then I saw a sky in my dream, and
a crown of twinkling, shining stars
descended toward me. The stars were so
bright, that I woke up. I feel stronger
now, and have courage. I can even smile
when my husband is in one of his moods
due to liquor. And people actually like me!

Last week I dreamed I climbed a steep
cliff, and clung tightly to each little hold.
Then I saw myself step down and scream
in fear, as I fell. Yet I clung to the
cliff, telling myself I must not look down
and see what happened to me. In the next
moment I was busying myself, and I was as
brown as the earth itself. I marveled at this,
and a clear voice called out, "You must lose yourself
to see the light." What did that mean? Mrs. Paul Voigt.

and beauty -
it is a JOY to send this
greeting to YOU!
