

WISE VIRGINS

Ind lead Aug 17

As the days grow more and more momentous and dangerous, those of us who know the Power of the Spirit of God in our lives, should take care that certain things of importance are not forgotten. For let us remember that what is to happen in the immediate future will be so saddening that it will make the hearst of the stoutest quake. The misery on the earth tonight, and there is a lot of it, is nothing compared to what the earth is still to witness I fear.

I do not like to howl calamity, but neither do I like to close my eyes to what is about to happen, now that we are approaching the closing of this dispensation in time, and the bringing in of the new dispensation, during which the world will be re-made and the Spirit of God will take personal charge of human lives. I should not put it exactly that way however, for while God will be totally and completely known on the earth, it will be volitional with men. In other words, as soon as the world begins to know what the Spirit of God can accomplish in human lives once its presence is made known to men, the joy of this discovery will be so great that men will instantly welcome God into their lives.

Much suffering however, must be endured first, for what we now call war has not really entered its worst stage. The year 1940 will be the most calamitous year in history. More blood will be shed this year than has ever been shed. And the pity of the whole thing is that there exists now, on the earth, the Power which can stop all this. But men and women do not yet know of this great Power. It has not yet been brought to their attention except through the "Psychiana" Movement, and we, of course, have not scratched the surface yet.

Our record is amazing and outstanding, but the surface has not yet been scratched. And until men and women do learn of this Power of God, there is nothing to do but keep in close touch with Headquarters here in Moscow Idaho, and ~~keep close to the Spirit of God in you.~~ For when God decides it is time to speak, the voice with which God will speak will be very powerful I assure you. ~~for~~ this world is mad. Outside of these United States, there is little honor among the nations. One is as bad as the other one, and there are several great nations which are not officially engaged in this war, which are ready to fight at the drop of the hat.

No--the end is not yet. The end cannot come until the truths of God are made known to all men. It will take a demonstration from the Realm of God to do this, and when the proper time comes, that demonstration will be made. In the meantime, every one of our members should consider the calamity which is upon us, and should strive with every effort to allow the fullness of the Power of the Spirit of God to manifest through them. Each should consider the great responsibility there will be in THAT DAY, when the Spirit of God really moves on the face of the earth. All God is doing now is preparing a few handfuls of men and women to receive the truths of the existence of God. These truths, of course, have not been brought to the earth before, and therefore those who really want to know God, cannot do so because of the fact that their eyes are blinded by their own man-made religious traditions. These blindfolds must first be removed before the Spirit of God, in all its Power, can be made known to man.

He is, therefore, a wise man who is ready for the great Day of God which will soon dawn on this earth. He is doubly wise who throws his full support behind this Movement of the Spirit of God on the earth. For it will be through this Movement that the Light, the Great Light which is God will be made known to all mankind. ~~for~~ God has chosen this Movement and its leader to be the mediums through which God is about to reveal Himself to all.

What then, you ask, should be our attitude in the light of coming events. Well, in the first place, you must be sure that your life, day by day, is being drawn a bit closer to the great Life which is God. You must be sure that you are understanding the workings of the Spirit of God, more, and better with each passing day. For you cannot very well understand all of God in one week. For God, being Life in you, is a growth. While you are on the earth, you manifest as a physical being with the Spirit of God dwelling in you. But you do not recognize the physical part of you as the controlling part.

When you became a Member of "Psychiana" you were given a Membership Card on the back of which is plainly stated what we must believe about God, for those things are facts about God. Now then, when you subjugated your physical self to God, you at once put the Spiritual part of you, or the God in you, into complete control, and from that moment on, you allow the Spiritual to be the real YOU. I should not have to refer to this, but I will. It may clear the atmosphere a bit for some of you. All right then--you are living in the Spiritual part of you. In other words, while still a physical being, you live under the control of the Spirit of God which, in you, provides you with enough of the Spirit of God to be a living soul--you see what I mean? It is actually God in you which gives you the power to BE. God is the very life of you. That God in you, is Spirit. It is the Spirit of Eternal Life. It never dies. It only lives. And after It has left your physical body, It still lives on and on, for It is God.

So then, in these last days of this dispensation, what you will do is to take good care that you are thinking a great deal more about the Spirit of God in you than you are about the physical body in which the Spirit of God is operating--you see that I am sure. For, if your thoughts are more on the spiritual than they are of the physical, then, of course, the spiritual will control, and you will be made more and more like God every day you live. That is what I ask every Member to do. What the immediate future holds for all who know God, I cannot yet disclose. But I shall disclose it when the time comes.

I want every one of you to feel that you are just as much a part of this great League of Eteral Life as I am. For you are. Your responsibility is greater than mine. I am but one man. You are legion. I don't know how many hundreds of thousands of you there are scattered throughout the world. It makes no difference. What one does, you all should do. And that is LET THE SPIRITUAL LIFE WHICH IS IN YOU, ABSOLUTELY CONTROL YOU FROM THIS DAY ON#. Will you all do that please? Thank you.
