Dear Teacher and Friend,

I am enclosing #3 (three dollars) for this month's payment on my lessons and one (#1) for my Psychiana Emblem.

Since studying these lessons I am getting new outlook on life. My progress so far has been not as rapid as I have desired but it is sure.

I am working 11½ hrs. every night, ^{except Sun.} at a cannery out of Fullerton. It is hard, tiresome work and some cannot stand it. I prefer day work, but a job is a job whether it is day or night work especially around Fullerton as work seems inclined to be hard to find. I know it was the Power of the Spirit of the Living ~~that~~ God that provided me with employment, and I am giving the credit to It.

I have been working on Termite Control work for the past ~~years~~ 5 years. One ~~day~~ night about the middle of last month the man I had worked for called up and said that no termite jobs had come in. So I went on to the cannery hoping to find employment as there a number of persons there for the same purpose, a man who works the office came out straight to me and asked me if I wished to work. I told him I ~~could use~~ ^{needed} a job and he took me back in the office and gave me a card and assigned me to work in the warehouse, label dept. He asked if I had ever worked in canneries before and I told him yes

which is the truth.

The world needs more men like you to straighten matters of out and in the course of time when there is a real Brotherhood of Man on the earth and all the evils are gone, many can truthfully say Dr. Robinson showed me the way to find the Power of the Spirit of the Living God in me.

I thank the day I first started these lessons. They have been a real comfort to me.

Your sincere student and
well wisher,

Jack L. Banton

P.S. I would like very much to have some past issues of the Psychiana Bulletin, especially March, April and May 1948.

I have read my first issue of "The Way" and liked it ~~me~~ very much.

Dear Dr Robinson -

I am indeed grateful for your course. I am now fifty years old and more than thirty years ago I had a most wonderful experience. Now I am positive it was the "Spirit" - a gift, came to me over night and stayed with me several weeks. Not having

worked for it I did not
appreciate it so I lost it.
I sensed at the time
I was not humble and
I took credit to myself
what was not mine. I
was not humble. When
it left me I was
lost, and weak. Ever
since I have longed
and searched, apparently
in vain. Now however
I am sure I am on the
right track - I have
a little idea of the

joy ahead.

My reactions are slow but I do feel the Power of the Spirit within me, and I'm Thrilled.

You have my gratitude and deepest respect.

Very sincerely

Grace E. Barber.

I am enclosed Postal Note for 3⁰⁰ to
apply to my account. I thank you so
very much for your message. I get so much
good from your lessons. Before studying them
I was just floundering around for something
I could not find. I would go to church on
Sunday hoping to get a message that would
show me the way and help me along lifes
path. In most cases I came away without
the feeling I longed for. I stay home now
and get more out of my lessons I still have
a long way to go, but I feel so much happier
Thanks to you and your wonderful teachings

Yours Sincerely

Sometime ago I written you about the trouble I was having concerning some property, now every thing is clearing up nicely through your help and the power of God and the way you told me how to use the power it is a true fact that nothing equals this power if you live right and use it right for the right things it will conquer every obstacle, no one knows that better than you do, and no one but you can tell just ^{to} use it, so I thank you a million times.

Dear Dr. Robinson:-

Just a note to tell you how much I am getting from your course, that is, to tell you a very small amount of the good derived from the course, to date, because I am one of those who are "Slow Ball" pitchers, or in other words slow of perception.

(I know you are more than busy)-I attended Sunday School when a boy, but because of limited income of father who was a carpenter back in the money panics of other days, did not attend regularly,-after coming to B'Ham, in 1902-learned the Iron Moulders trade-took course by mail learned Real Estate Business- entered Business,-next door neighbor insisted I go to Sunday School with them so persistently that I went, all our family were Baptist,-as was my neighbor- that was 40 yrs ago.-after a short time, I attended SIX WEEKS RIVIVAL, services, and was converted,-I had been under conviction since early Sunday school days,-but it seemed to me that there MUST be something about the matter of Salvation that I could not understand, -it seemed too easy,- hence my long time in making a decision, then one day I heard very brilliant Attorney, make the remark,-" Why, that is as simple as the plan of Salvation."- that was my trouble, I was looking for a difficult route, when it was a GIFT.

Since that first Sunday when I went to Sunday School with my good neighbor, I have attended regularly, when in the City, and am away, have held most every position in the Church, Teacher, Supt. S.S. Deacon. Chairman Bldg. Com. when New Church was builded.- but you seem to go deeper, much deeper into the matter of the Duties of the Christian than any one I have ever heard. - and there is no question but that you HAVE SOMETHING,- I have long sensed that there was something wrong,-progress was too slow, and have laid the cause primarily to the earnest hard work of the Devil, whose job is to hold back the progress of the Kingdom, and has kept petty jealousies between at work between leaders of the Church, to the point that the work was slowed down.- now you tell us that we have not been on the job by reason of the fact that we have not realized the Power we possessed, which seems to be the case.

Possibly we have not "Tarried at Jerusalem" for the power or was it partly because the Pastor, whose leading Deacon was a Physician, did not care to start something which might cause a controversy, when the matter of Healing would come up.??

Your affirmations go to the heart of the matter, they have been the cause of my awakening, and I am beginning to "awaken!"

Cordially Yours in His Cause.

Dear Sir

Just received Lesson Number

7 Thank you.

Glad to tell you I am feeling much better, gained much confidence. But, I am staying with friends where there is no relaxation or privacy must have both to get results, I need & must have a place, (that I am trying to get) where I can Relax & Meditate, because there is much to be done. I need & must have Financial Independence, I feel I am taking a New Lease on Life & that will not be fun having to struggle, this must have happened for some reason. I must make the most of the opportunity for I Love to Help others.

However I feel wonderful & when I can meditate as I intend I should the progress will come more quickly. I am enjoying the Lessons immensely although I have to go to the Park near by to read

them quietly, I do it.

I need the Stillness to become acquainted
with the Spirit of God within me.

My dear Miss Battle,

Thank you for your good letter of recent date and for your remittance of \$3.00. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of Infinite Peace be with you always.

Dear Sir,

File start

Lesson No 13 has received and I believe it about time I make a report of progress. That is, I leave it to your judgement,

I was raised a Roman Catholic under very strict and regular training. Thru the church and parochial schools during the years 6 to 10. I had to believe thru teachings, thru pains of damnation and everlasting hell. It was a case of must. I'm 62 years old now, but for the last 40 years that early teaching was just the training needed to make me turn away from it, and look for something better. I found it thru your teaching, I came in the right time too as my health was failing. My energy was nil, and it was with great effort that I kept at my work. One day I was taken home from work to ill to carry on. I had taken about three lessons of your course then. Last Sept. to be definite when I was taken to the Hospital for a slight operation to save my life as the Doctors said.

I believe this will be my only visit to such a place, because now I know the remedy.

I have suffered with Bronchitis for 30 years. my nights and sleep disturbed with fits of coughing

that were very weakening and distressing. Now I sleep all night - thru. no coughing whatever getting up refreshed and happy. with energy and pep. my health has greatly improved. I feel that I'm a new man.

You ask in lesson 13. Do you ever feel vibration? I wonder if and of your students feel it - the way I do. My first experience really frightened me.

I must explain that, while lying with closed eyes, I see thousands of bright fair points streaming past. This condition existed all my life as long as I remember. This stream travels, right, left, up, round, and all directions, whichever direction I will it. I tried and succeeded in drawing this stream toward myself.

The result was astounding. I began to vibrate, first in my bowels, then my chest, going to my shoulders and arms, then my thighs and legs.

I vibrated thru my whole system so violently that I had to stop my efforts. That night I couldn't go to sleep for several hours.

During my idle daytime moments I close my eyes and see changing color spot about two feet in diameter. Bright rose, red, yellow, changes to black. Then starting all over again. I can will that spot toward me and look thru it to a beautiful palm trees scene in a distant. I'm not dreaming for I hear my

wife staring about or the rustle of her paper while she reads the newspaper. I can hear and understand every talk taking place between her and my grandson who was here at the time. I have done this several times and always the same scene with a little variation of distant. I don't look at this very long, perhaps ten seconds before it changes to color square again.

You may know what this is all about. I only know I'm making progress in some direction. I don't dare do these things often as its newness with the strange feeling of tension and elation tells me to go slow.

I'm very well satisfied and am having more and more faith in your teachings, I know its has given me health when I believed the end was about here. perhaps it has given me life again. I know I want more and more of the power of the living God and I would like to see all persons, students of your teachings, I sometime attempt to argue or talk to others about this revelation of yours I can't give it justice, but the look I receive is discouraging. Its speaks out loud, yes: even yells what a Damn Fool you are.

yours Very Truly
