Tennessee.

My dear Mr. Brackin:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power.

May the Spirit of infinite Peace be with you always.

Cordially yours,

Quoting Hebrews 11:6

Without faith it is impossible to please

must believe that he is, and that
he is a rewarder of them that
diligently seek him.

Now I have had faith for many years
I believed that God is,
But I didnt, know where to

which way to go.

Thank God for the Helping hand

as stated in Heb 11:6

I can imagine your reward of joy

Thank you for your good letter of recent date. It was good to hear from you.

If there manifests in you any lack, financial or otherwise, there also exists in you The Power to overcome that lack. Surely The Creative Intelligence which is God and which exists in you is abundantly able to bring to you the things you need to ~~make~~ your life happy and free from financial worry, is it not? Then, recognize this Great Spirit of God in you and use that Power to overcome financial as well as other lack.

Dr. Frank B. Robinson:
Moscow, Idaho.

My dear friend, and Teacher.

I am writing you today, a personal letter, to express to you my appreciation for ever having the opportunity to study with you. It has been one of the greatest pleasures of any-thing that ever came into my life.

My long delay in writing you in regard to the benefits that have been mine from my studies with you, probably may seem negligent to you on my part, however, I wanted to be honest with you when I gave out any kind of a testimony in regard to the benefits derived from your course of study by me, or the results obtained through the application of the principles set forth in your course, being applied to a human life.

I am happy this morning that I can truthfully say with all sincerity, that I, through a meager understanding of the God-Law, and it's operation in a human life, I am daily bringing into my life, everything thats needed and rightfully desired.

How I appreciate you, and the work that you are doing. I am looking forward to the day when I may have the pleasure of meeting you, and setting down in your presence, and listening to you talk for awhile.

Enclosed you will find \$8.00 dollars, and my applications for your Magazine, The Way, also for three of your books

"God in the Dark"

"Ye Men of Athens"

"They have found a Faith"

Would like to request, that if you have an extra copy of September's issue of The Way Magazine, That you begin my years subscription by sending me the september's issue,

My dear Mrs. Brender:

Thank you for your good letter of recent date; also, thank you for your remittance of \$4.50. It was a pleasure to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Psychiana Religious,
Dear Sirs.

File

This is impossible for me to put into words all I would like to say about the Psychiana Religion and what it is doing for me. People have even noticed and remarked on my new outlook on life. And when I have completed the study of these lessons and can be a better example and able to explain the Psychiana Religion more intelligently I will tell people about it. So far I am very inadequate.

My Protestant religious

teachings are average with maybe a little more than average faith as I know I believed deeply but until Psychiana reached me my faith and belief were not complete. Now after only 3 lessons it seems that everything that before was rather a mystery to me is rapidly clearing up.

The amazing thing to me is

that it is so simple and understandable. I enjoy every word of each lesson and am realizing the power of God we all possess.

A situation arose in our family and nothing but the power of God could have seen that I was concerned the strength and courage to cope with it. The way in which this situation was taken care of took no one too deeply and it could have been a family tragedy. The person most concerned came to me without hurting anyone else and it was settled with only a very hard lesson in what ordinary people of low morale can perform.

The day I was to learn of this trouble I had been studying Psychology and believing in it. I kept sensing a great power and it was as though the great strength was being sent to me. About 2 P.M. "I have the strength to face anything that happens now."

However unfortunate it might seem I felt with the strength

that came to me I could bear
life's troubles better. a hard

low hour after these thoughts
came to me (I had no idea)
the person ^{of trouble ahead} whose
concern came to me and we faced the
critical situation and dealt with
it in the only and best way
we knew how. It was God's
will and power that took care
of all of us and the wonderful
strength I received kept us
from breaking down and hurting
others.

All this was an experience
for two of us that makes us
know we have much to be
thankful for and reason to
believe in God's power
without a doubt.

Something prompted me to
write this letter. I have
thanked God as many times
as I have asked for mercy, now,
and help in this trouble I
speak of.

God saved several hearts

from breaking and at the
same time taught a hard
lesson in life, giving cause
for real believing and the
Power of God.

I am truly grateful for
receiving these lessons

Sincerely

17-426 Monty J. Brander

Dear Dr. Robinson

I thank you more sincerely for sending to me, The Pyschiana lessons.

It is health I need most now. And will you help me. I have been married five years and don't have any children. And it is because of my ill health.

I am in earnest in studying my lessons also; let me take this opportunity to say that, of all the lessons I had my study with you is the most stimulation, checking, and permanent in its contribution to my preparation for better health.

I like to pay tribute where tribute is due, and I owe a great deal to you.

Please accept my thanks to you.

P.S. please write to me.

Dr Robinson I will not wait because
I do wish to express my self if that
be possible but I will try only.
Last night did the truth of your
teaching penetrate in to my mind
and when the truth came to me I
felt almost like shouting Life is
the only thing that is realty and
now I feel free to know that
the things I need in life are
mine and that wonderful to
express only ~~to~~ let me say that you
really have through your patience and
and I think that is born from
the truth I will continue to keep
in mind and consciousness that
I am an inward part of

the universal God Law that will
bring to any one who connects
with that Law I am only beginning
to understand but with positive
assurance and belief I go forth
to receive the things that create
happiness in my life I have learned
to want and I have learned to ab-
scond and I have learned that what
ever state I am therein to be content
I have the most passive state of
feeling that all is well with my
life and affairs so I will be
anxious to learn more from each
lesson as I too learn to become
patient for I can see my desires
come into my life I mean come
into manifestation it gives me
such happiness

that words cannot do - not even
I am keeping each lesson from
you in tact and unless necessary
on order form. Shall we know
each other beyond the Tomb and
again thanking you for your
writing of truth for you love
the truth psychology in the God
realm so with sincere in the

I am sincerely yours

Dear Sir.

This seventh lesson was wonderful. I have not received any great results as yet, but I have learned a great deal. I see things different than I ever had. And I expect to see things much better.

I have had bad nerves all my life. They are a little better, but far from good.

Enclosed find ~~Three~~ Dollars on my account.

Yours Truly

Gems of Spiritual Truth

By

Dr. Frank B. Robinson

This is a permanent textbook of many of the spiritual sayings of Dr. Robinson over the past twenty years. It is a book which can be used for everyday reference, and it will provide a great deal of spiritual help for the members of Psychiana.

A member of Psychiana who was very earnest with a very bright spiritual experience carefully assembled what she considered to be the most outstanding spiritual sayings of the Founder of the Psychiana Religion. After examining the material this member had so painstakingly assembled, we at once sent it to our book publishers. "Gems of Spiritual Truth" is now off the press and ready for our members.

This is a handsome book, and Alfred Robinson will personally autograph the first two thousand copies.

Dear Friend & Teacher, I am writing you to let you know how much I appreciate your literature and teaching. It seems to be something I've been looking or waiting for all these years. When I received your first copy, I was in bed suffering from what I had thought to be an incurable illness that would force me to be in bed some times. Really, I had given up all hope of ever being well and happy again, seemed that the world had just closed in on me. But I began my affirmations in bed, and I was soon able to sit in a chair, Now I am back at work, feeling much better and as happy as ever. Seems I'm in another world. Every thing works as I desire and ask for. Truly I am grateful to you for teaching me the way to the Power of the living God. Dr. Robinson my mother suffers with cramps in her legs & touched them with the ends of my fingers, repeated my affirmation and "away went the cramps". I didn't say to her, but I thanked the Spirit of God, was it all right for me to do that. Seems I just want to help every suffering person. I've suffered a lot myself. I am in closing \$ 9.00 on my lessons, very sorry I

Could it do it before now.

My dear Dr Robinson:

Thank you for such nice letter, and also the good news in it, for it sure was good news to me. Honestly, I do believe it's just what I wanted for so long. There seems to be so much, of what I call buried truth, "now m-covered" as I see it so far I've found it to be of grate yes grate help especially on my reading and studying of, what Jesus so many times said and it all points to that one wonderful Chapter John 14=12
When I read in your letter, these few words below.

We note by your letter that you are unable to enroll in the Psychiana Religion because you lack the finances.

We also note that you are sincere and wish to have more Pleasant and enjoyable life. We are therefore, sending to you, Complimentary, the lessons of the Psychiana Religion with sincere hope that you will study them carefully and ably the Principles therein, as through them, you will find the Power of the Spirit of God.

When I read this, it was sure a Pleasant surprise. How thankful I'm I shall continue, to go on with the studies, as they come to me. so far all well. I shall try to do my part. If the truth was known, I wouldn't be where I'm to-day. Thank you so much for what you have done. For now, about all I can do is to simply say Thank you. It means so much to me, at a time like this.

I thank you and appreciate it. It is our pleasure, according to you
Complementary, the basis of the Baptism, Religion with
sincere hope that you will study them carefully and apply
the principles therein, as through them, you will find the power
of the Spirit of God.

Whenever you need them, it has been a pleasant surprise how thankful I'm
I shall continue to go on with the studies, as the case is not, so far all well.
I shall try to do my best. If the work was known, I wouldn't be what I'm doing
Thank you so much for what you have done. The more that all I can do is to
simply say Thank you. With love to Mrs. at a time like this.

just a few words to say that the lessons are a great benefit to me. I'm always glad to receive good reading and truth for it is good for my soul. I just want my life to be a living instrument in the hands of God. Not only to receive a blessing for my self but most of all that my life might be a shining light before others that they might see what it means to serve a true and living God. I know this morning that to serve God with whole heart, soul & mind is a reality. and to find and know the spirit of God dwells within means all the world to me this morning. may God help you in your work and help all who are fighting the battle to win victory.

POWER—august throbbing POWER—that is the message of "PSYCHIANA" to you. An abundance of peace, happiness, and ma-
terial and spiritual supply awaits you through the POWER of the God Realm. And it awaits you now. For the Power of the Spirit
of God sweeps before it the black shades of doubt and despair and poverty and places them with peace, happiness and a wealth
of material and spiritual abundance. There may all be yours here and now.

PLEASE REMEMBER

You can save \$8.00 by sending in \$32.00 cash. \$8.00 saved is \$8.00 earned.

The Psychiana Religion is a strictly non-profit movement. It is not interested in your money. It is interested in you and God. The
only reason we make a charge is because of the magnitude of our operations, which cost us about \$400,000.00 a year to finance.
We operate exclusively by mail. It is only fair that our Members should pay for support of the Movement, as that is the only way
in which we can operate. It is the American way. But do not think because a charge is made for this teaching that Psychiana is a
commercial organization. It is not.

POWER—surging, throbbing POWER—that is the message of "PSYCHIANA" to you. An abundance of peace, happiness, and material and spiritual supply awaits you through the POWER of the God Realm. And it awaits you now. For the Power of the Spirit of God sweeps before it the black shades of doubt and despair and poverty, and replaces them with peace, happiness and a wealth of material and spiritual abundance. These may all be yours here and now.

PLEASE REMEMBER

You can save \$8.00 by sending in \$35.00 cash. \$8.00 saved is \$8.00 earned.

The Psychiana Religion is a strictly non-profit movement. It is not interested in your money. It is interested in you and God. The only reason we make a charge is because of the magnitude of our operations, which cost us about \$400,000.00 a year to finance. We operate exclusively by mail. It is only fair that our Members should pay for support of the Movement, as that is the only way in which we can operate. It is the American way. But do not think, because a charge is made for this teaching, that Psychiana is a commercial organization. It is not.

Dear Dr. Robinson,

I still don't have too much money but I promised to pay for my lessons. In fact I feel that there will be nothing good ahead for me if I do not try to pay you as I promised. And I know too that you are trying to help me along with so many others.

Dr. Robinson it is true that I was reared in church and Sun. school and was taught what I thought was right. But I can thank the Living God that we have some one like you to teach us the true fundamentals concerning the great God - Love and how to apply it to our everyday lives. And thank you for trying to show how I can live here instead of trying live in the here after.

I have made one step toward trying to find happiness and success. That was to leave the place where there was nothing but worry and vexation for me regardless of how well I tried to do. As I

have afore stated I still do not have much, but my mind is made up that from here on out all will be well with me. In the first place I am really happy now and have decided to let nothing get the best of me any more.

I am remitting five dollars (\$5) here and will try to send that amount every week here after till I have payed for my course. Dr. Robinson I have come to Dayton to make my home now and in packing it seems that I have misplaced "Lesson 12". Please, will you send another to me and I will pay the extra if it cost me. I do not want to go on to "13" till I have studied "12" so I am beginning at "Lesson 1" so that by the time I have received "12" I will have received more and more knowledge of what I am reading.

I truly believe in the Power of The Living God Dr. Robinson and may you have more and more power, wisdom, and knowledge in your work

Very Respectfully,
your Student,

Enclosed you will find check for \$4.50 the amt. I am now due. Your lessons are wonderful and I want to say, I taught the Bible lesson last Tuesday night at a Circle Meeting. I felt the Spirit helping me, and I might say speaking through me. I did not get one bit nervous and all the young ladies told me I did fine. Our subject was "Entrance into the Kingdom" Matthew 7:13-23, a beautiful lesson. Please send me your explanation of that scripture.

I shall meet my payments when I can. I do not get any dividend check March, April, May, nor June. Please pray for me, I would like to go in business for myself, ask our Saviour's guidance and I know He will reveal to me what I should do. I am so in hopes I shall be blessed and will get me some money through these months.

Please pray with me as I work in the Church, and sing in the Choir and love our Saviour, and I want to serve Him every moment of every day.

Please pray for me I am

~~3⁰⁰ Mar 24~~

~~Dear Mr. Robinson~~

This afternoon I received a piece from you for \$3.00 - my monthly payment on my lessons. I feel sure that you have received, by this time, the money order I sent you on March 19th. If not you can let me know and I'll take the matter up with the post office.

Last Thursday the doctors pronounced my husband out of danger and I want to thank you for your help.

Since he has been ill for three years with the doctor fighting a losing battle we know it was the power of God that healed him and we are indeed grateful.

We are studying the lessons together and finding added peace and

happier each day.

Thanking you again for your
help and for your teaching. I am

Sincerely yours

Mrs. L. W. Bunting

My dear Mr. Bunting:

Thank you for your good letter of recent date and for the list of names you sent.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Dr. Robinson:

Rev. Dr. Robinson

Some time ago my wife wrote to you asking for your help in my behalf. We both wish to express our many thanks to you and report the progress I have made.

I had been sick for three years, (and my doctors to this day can not state just what the trouble was) during this time I was twice in critical condition. The doctors held little hope that I would recover.

Then we subscribed to your new *Psychiana* and we have been studying our lessons faithfully together.

Without going into a long story I will give you some pertinent facts - only three months ago my blood pressure was down to 85 - yesterday it was 116 - I am just about fully recovered from a complete physical breakdown - I have gained 16 pounds in three months - I no longer hobble around with a cane - and generally, I am feeling fine again.

Both my wife and I realize that this miracle was done by the Spirit of God within us.

We just stuck close to our lessons and put our trust in God, and today I am a living proof of just what the power of God can and will do for one, if only given the opportunity to act.

I wish it were possible for everyone to become students of *Psychiana*. My wife and I get far more out of your teachings than any church has ever offered us, and you may rest assured

That we are spreading these glad tidings to
all our friends.

We have sent you the names of several friends
who are interested in Psychiana, and I'm sure
there will be others following.

again. I want to thank you for "showing us
the way" to real living through "the spirit
of God within ourselves."

No words will ever express what
Psychiana does. Its beauty is to
live now before it was dream and
no hope existed. Ah God! How
pitiful it is that this miracle
and the humans are so g. g. treated.
I know the power of the turning
God I really absolutely do but
we havent learned yet how
to spread it it is in some
cases that come up. It must

fails its always there like my breath.

Mr. Robinson needs to be presi-
dent im sure he doesnt want to be
but we need him. others need him
nature the whole world awakes
to the one supreme fact that is
so simple it makes it so hard
to comprehend. Im in a new world
one Im having to adapt my self
to one that changes are negative
living and a burden is on my
human heart as I see the gen-
eration indulging in destructive
issue and I know its for
lack of conscious knowledge of
what psychiatry points out so
plain. Its not easy explaining to
people because there is so

many influences steadily going
 that already ebbed in power
 and by having ministers still
 holding on to dark traditions
 they will listen to them, but
 not trusting for future know-
 ledge to keep power.

No matter what comes across
 psychiana come into my life
 like a flash of sunshine and
 beauty and is now a bright
 beam of something that draws
 me. In getting to the place I
 must think at all I listen to
 the still small voice that
 speaks in a language all its
 own

always consider me on the

the beautiful path our teacher
 found and showed me. I still
 have problems but I know what
 to do and the so simple and
 so useful to have the un-
 lasting arms of our true life
 creating matter to handle it for
 me and it always considers all
 and make beauty out of turmoil
 in so few words words can't ex-
 press it but money can. must
 touch as ever be considered
 where psychics is concerned
 it's the absolute truth and the
 only simple teaching available.
 may you all be steadily guided
 in progress in your beautiful work.

Dr Frank B. Robinson;

Dear friend + Bro;

I am writing you to let you know how I am getting along. I have been having quite a few Revelations, and am getting a much clearer understanding. I am so glad that I began taking the second course of studies. It is opening up like a Race just as you said it would. I am understanding more & more each day. Of course I work regular but even at that I am understanding it. and I am so thankful. The Spirit revealed to me on the summit of my that my blood was low. Now about getting the message to the people.

I have let the pastor of the first Baptist Church of which I have been a member. I let him have the first lesson. I went back for this book and he said he had not finished reading it the next time I went back for the book he said he had misplaced it. I don't believe he lost it. He wanted the book. The first lesson was a very interesting lesson and I wanted to have it ~~around~~ around to all. when I went back I could tell in his sermon it proved he could not ignore this truth. But he

does not want to admit it. I noticed that
he is improving his sermons. and I also
told him about the Revelations I am having I
told him also about this particular one. about
the Churches. I dont know whether I told you
about this one are not. It was revealed to me
that the Churches of this day are too Denominating.
and they like they are couldn't please God.
that just what I told Bro Quarterman, He
hasnt as yet made any comments on it, ~~yet~~
I also sent by mail the lesson second to
Rev-modlin pastor of the Methodist Temple
here in Fairmont. why I to send him this lesson
was because. He had a write up in the
Fairmont Times. which was very interesting. what
he said in the write up that it was something
lacking in the preaching today. He said it in this
way That it was a last note in the present
day sermons. so I sent the book that he may
know why it was a last note. I dont know what
he will think about it. I noticed that you

Dear Sir:

Have not written you since I started this course; but my intentions have been to do so.

Enjoyed the lessons immensely. They have given me great courage and help. From reading the first lesson I gained relaxation. Have been afflicted with a kidney condition for the past two years. Since last August I have not had an attack and I give the study of these lessons credit for the relief.

The lessons on thought impressed me most.

Need to work harder to attain my goals.

Thank you for your good letter of recent date and for your remittance of \$1.00. It was good to hear from you.

When it is understood that man is the highest creation of the Great Life-Spirit, the earth will be a paradise.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within your mother and may be spoken into existence NOW. Maintain your confidence in the Living God, and as better days and new hope come her way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then your mother would be very foolish not to avail herself of that remedy.

Rest assured we will do all we can spiritually.

Dear Sir:

Am so glad I have your lessons: am on the 24th one now and read in them every day. I believe in the Power of the living God, and it is a real comfort in so many ways. I am sending a list of names that are relatives & close neighbors & friends. some of them tell me that they are too dumb to understand Psychianne and some wont take time to read it. so I dont seem to get any where with other folks: but I sure understand it myself and practice it all the time. But I hope you can send these people some literature that will cause them to get interested, as I think it is wonderfull myself. I wish all ministers could read it. I am a presbyterian, but would rather read my lessons than go to church. I hope you wont think I am lazy, for I am a very old lady of 76 next Dec: but I trust the power of God for my health & blessings and I sure do quite well for my age.

I wish you very much joy & happiness in your work and you are surely blessed by the power of God

Am looking forward for my next lesson and thank you so much for all the good I have recieved from your lessons.

Dear

Dr. Frank Robinson

Dear Dr. Robinson:

When our lesson #21 arrived in the mail several weeks ago I did not open it immediately as we are a few lessons behind, and when I did open the envelope found the lesson itself had been omitted. We received the yellow instruction sheet and the literature you enclose. No doubt it was a slip-up there at your office, but would appreciate your forwarding one of them to us.

I just can't put in words how we feel about the course. It has helped us over many a problem and our family has found that if we will only let the Power of the Living God be our guide living is less complicated and we see more of the beauty of the things around us.

Dr. Robinson, I have a mere acquaintance here in Whittier I would like to tell you a little about, and feel he would be very much interested in your course if approached through the health angle, and what it would do for him. His name is Lowell Scaggs, 648 E. Penn Street, Whittier. He is a person of about 40 I presume, and has arthritis to the point where he is just like a statue. He has doctored with no help whatsoever and he is at the point now where he is unable to walk, use his arms or even move his head. I feel he would benefit through your course, and know you will know the best way to approach him. I wouldn't want my name mentioned as I don't feel I am well enough qualified to talk with someone like this on the subject, and do not know him well enough to approach him in my simple way; yet I would really like to see him study with you, as I feel he would benefit by it.

I would like for you to also send some of your mailing literature to Mr. Gene Grubb, 2932 1/2 Asbury Street, Highland Park, California. We have talked with the Grubbs and gone over a few of the lessons with them and they are wanting to learn more about it and sign up for a course.

I want to again thank you for having revealed the presence of the Spirit of the Living God to our family.

Your friend,

Mrs. Harry E. Burton

Thank you for your good letter of recent date. It was good to hear from you.

There are some questions in your letter which only The Creator could answer. No one knows where the ray had its beginning or who started it; However, everything which was created on this earth had an initial Creator which the human race has chosen to call God. Personally, we think The Almighty is an operating Spiritual Law about which we know very little.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Dr. Robinson:

Several weeks ago I dropped you a line giving you the names of two friends who are very much interested in your course. As to date neither have heard from you, and am afraid the names were never received by you. Both of the persons mentioned expressed the desire to me that they definitely wanted the course, and would I write to you asking you to start the lessons right out, and with the first one you could send the enrollment card etc.

Their names and addresses are as follows:

George C. Leeper

ok.

Dr. Josephine Mayes

Dr. Robinson it seems impossible for me to put into words the good the I have received from the Words of Truth you have revealed to me, and as I go on with your studies the Living God is revealed to me more and more.

There is one question that I would like for you to clear up for me that I have wondered so many times about, and that is why are tiny children taken from this world. They aren't old enough to have formed any belief or disbelief in the Power and Presence of the Spirit of the Living God.

As I explained to you in one of my previous letters I am doing reception work at a Memorial Park and am confronted with the problem of death each and every day. As the families come in I automatically think back on your words and it helps me tremendously in my work.

My dear Mr. Bykonen:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

Dear Mr. Robinson:

Just a couple points
of my experience in which you may be
interested.

① Because of the teachings
of Psychona which lead one to the
actual revelation of the Realm of God
with all its powers, which, in totality,
goes far beyond the conceivability of
man, and with our present-day
knowledge of the existence of what we
call "atoms" in their never-ending
various kinds, I have lately become
receptively conscious to what I might
call the "thinking atoms." It is the
atom of pure intelligence to which
the human being in the flesh is
truly receptive, only after a certain
level of development has been reached
in his climb toward the goal.
Previous to that I have contacted
whirling vortices of "energy", purely
snowy-white in appearance.

(2) And the other thought of understanding which seems so definite is that the human being has a voice for only two reasons. Primarily, to communicate our thoughts to one another. Secondly, to use the spoken word, thereby completing the circle of connection and instantly bringing into action the power of the Living Spirit, God, which is within us, all about us, and throughout all of endless space. We know there is no such condition as a void, anywhere.

And in concluding, I would want you to know of my never-ending thankfulness to your wonderful Dad, the late Frank B. Robinson, in having led me thus far. Truly, I have come to know of a beautiful existence because of his teaching.

With the announcement

of his passing, I was consumed
in reverential awe, for so does
the Spirit touch us.

With kindest thoughts,
I remain,

Sincerely yours,

Carl J. Bykonen.
