Thank you for your good letter of recent date. It was good to hear from you.

Dear Dr. Robinson,

I still reading the Books I have just recently received. The time put aside for reading has been reduced to the minimum for the last several years. The reading of the Books, so far, has been very interesting as a whole with special emphasis to your Biography. With reference to the Lessons, which I am reading over again, and the Books, a higher and deeper Scientific, Philosophic and Religious explanation has been left off in many subjects. However, as a whole, your Philosophy of God is good and true, and there is no doubt in my mind that it will be of great help to those whose whose Philosophy of God and Faith in Him has been or is, either none, or a make up of some sort or pure bigotry. If your whole Subject had been that of "Internal Medicine" you would have found in me one of your greatest supporters for "Internal Medicine" has been the "killer" of endless millions of people throughout the Centuries, whose life, had on Earth, could have been extended many more years had they been aware of the Power of God within them. This is only for your information. External Medicine is necessary and very helpful. Medicine in Surgery is indispensable. Internal Medicine, however, and for the greatest majority of all kind of sickness, is nothing but a Poison. It may help temporarily, some time in full, but in most of cases those who make recourse to Medicine for internal sickness find themselves always in the "Down" till they die out. The whole of humanity, except few learned persons, make recourse to Medicine for internal sickness for reason of gross ignorance, it does not know the danger of it, nor it did ever know. That Material Medicine does not influence the real cause of any and all sickness which cause or causes all mental or spiritual but, rather, only the body, leaving thus the cause of sickness always powerfully alive and ever ready to put the man down. In Medical Colleges, nothing is thought of this, but Students.

(over please)

are told of the danger of internal medicine, and they say:
"If you want to keep in good health, keep away from
medicine" But in practice they prescribe medicine "left and
right" without any scruple scruple of conscience. Medicine since
the time of its beginning, say some seven thousand years ago
until now, has kept the whole of humanity in the most black
degree of ignorance. The killing of Medicine in ^{in honor} ^{of the subject} ^{and}
in hospitals has been always legal for it was never investi-
gated by the Law. On the other hand, any kind of
Religious conviction or faith, whether true or false, has
more power than Medicine in most of cases, for it has a
dynamic healing power and extends the days of life.

Both Medicine and the Church, the two oldest and most powerful
man's made institutions, have done good, but they have
kept humanity in the dark of "Truths" which truths could
have helped the whole of humanity to find Heaven here and
now, or well or Beyond. For it is reasonable to admit that
the Life of man does not end here on Earth with death, or
the material act of death itself is only a "Transfer" from present
material to spiritual Life beyond. For your information,
Darwin, in his theory of the origin, evolution and selection of
species, has been only pure Naturalistic or he was, and very
materialistic in conception from beginning to end. He has no
"Basic" spiritual, dynamic, intelligent, omnipotent, omniscient,
omnipresent, omniscient Creator behind his work. In his
days, perhaps, his work was a master piece of philosophy. To day
however, his theory is considered just what it is "materialistic",
and whenever his theory is accepted or it is without
a deeper understanding, it makes the people think that
between man and animal there exist no difference.
We find corruption everywhere and we try our best to cope
with it with very little results, never aware of the fact that
the real ^{first} germ of corruption in man has its beginning in
the "Womb" of the Mother whose state of mind is corrupted, and
whose husband is a Godless man.

I am interested in the Psychionia Bulletin and do
hope to see it back again in circulation.

With my best Personal regards and good wishes

I am,
your truly

My dear Dr. Robinson:

I am a student of your "Psychic Lessons" and I am steadily improving, however as I am not quite up to writing a lengthy letter my helper is assisting me. Although I am a descendant of good old English Quaker people I have been a man of tragedy. Having studied metaphysics and New Thought for many years I knew something was radically wrong as I felt myself going downhill year after year until I was standing at death's doorway. To make a long story short my wife had been giving me dope in stronger and stronger doses until my mind was blank, I was unable to speak and my physical body in a complete nervous collapse. Kind friends and Doctors helped me and after I had been away for some time I could understand what had been done to me. For the past year and 9 months I have been fighting myself out of that living hell and back into life at the home of my helper and her elderly parents.

Up until my collapse I had worked for a Denver Mining Corporation for some ten years. This territory contains some of the richest silver and gold and other more valuable minerals to be found any place. I have put forth my greatest efforts among the poorer class of both white and colored people whom I feel have never had an opportunity. As I have not as yet regained my full mental and physical ability I have not been able to free myself from the wife who so nearly finished me, neither have I been able to do anything toward speeding this mine into production nor of getting the stock I have coming straightened out. I am faithfully studying "Psychiana" with all the power I can muster and want you Doctor to direct the great spirit of God to me that I shall have an abundance of God Power pulsating through my entire being giving me power to sweep away all barriers that I may work to get this mine in production for the benefit of all of the stockholders. I sincerely hope and pray that I be financially able to give "Psychiana" a substantial endowment and that I may be spiritually able to bring many to your teaching of God.

God bless you, Doctor, may you be given greater and higher revelations from the spirit of God to benefit all man kind. Sincerely,
L. B. Callahan.

Dear Sir:

Please find enclosed \$2.25 for my
monthly payment, & note that my name
is spelt with only one R.

I think that Dr. Robinson has made
some very wonderful points, but I still
do not see that he has proved conclusively
that Nature, the Spirit of God, or whatever
you like to call it, is wholly good. I also
resent the crack, in the First lesson, about
"a nation which, if it could, would destroy
the name of God from off the face of the
earth". This is of course Russia, & I do not
think this statement is really true, or it is
a misleading, simplified half-truth. Any-
way, the situation in the Soviet Union has

probably been created by reaction, both in
& out of the Church.

Also it seems to me to be obvious that
not all, but many, illnesses cannot be
cured by withing them away, like the
Christian Scientists(?) do. I have a
troublesome tooth laying in the gum at
the moment, & I know that the only
cure is extraction.

I do believe that if the advice of such
people as Dr. Robinson, Henry Wallace,
Stuart Chase, Einstein, & others, was
taken, there would be cooperation,
progress, & peace in the world. We ordinary
people do not want perfection, but the
mess the world is in at present is far beyond
reason!

Sincerely,

P. Cammer.

Dear Sir: I am beginning my third
Lesson of your teaching, the New Psychology
and I find it the most revolutionary of any
Religious Teaching I've yet contacted!

I am slow to learn its import and
as a natural consequence results are slow.

I took up this study because of a need
of healing of a stubborn case of bad Circulation
or heart trouble and hope for an early
response

Your teaching holds out the only
Complete answer to man's query of life
and its final Goal that I've ever been
able to examine, instead of life being a
guesswork problem it promises endless
Joy and peace. Oh how wonderful.

Dear friend and teacher:

You may have wondered why I have delayed your requests. Perhaps I too was a doubter in the beginning, having to be shown.

I studied faithfully, though constantly having to check the habit of prayer which had been practiced so many years.

At first I didn't have an $\frac{1}{8}$ " pipe to receive the Power of the living God but, that pipe is growing and I intend to have one as large as the world.

As for teaching others, I felt too ignorant to attempt a conversation because the few I mentioned Psychians to, jumped

the gun, asking questions I could not answer until more learning had come from you.

Now I speak of it every where I go and at least I have attentive ears. As time passes, intend to do more work for God bringing His children to Him.

My husband is a Navy officer. Has not lived home in five years. Have seen him very few times. Fourteen months ago was transferred overseas, going from Island to Island so I could not go along. I no longer fret about his absence. I am content with the Power of the living God in me.

Was told last spring I had Arthritis of Spine. Have never accepted those words and know I am healed.

I have a Cousin in the east who lost her husband last year. She lives on

a pension of \$48⁰⁰ a month. Have taken the liberty of making the lessons to her at intervals as you did me. She is devoting much time to the study and I feel certain one day you will be proud of her.

Many thanks for the certificate of membership to Psychiana, recently received. I intend to have it framed.

Will enclose a few names and addresses of people whom I believe will be interested in finding God. From time to time will send more.

Bless you and your work which is now my work. may God win His children back and have the Paradise on earth ~~be~~ intended.

Gratefully your pupil

Dear Dr. Robinson ^{File}

I am so impressed with Lesson VI because it so fully expresses the belief I have had for so long - the manifestation of God in even the tiniest creature on earth.

As you say, so much is taken for granted without any idea of a divine plan.

I was interested in a condensed article in the November Reader digest by Thomas E. Dewey about people trying to get along without God. Also an insert quoting from the great scientist Dr. Charles Steinmetz, that he thinks in the next fifty years

the greatest discoveries
will be made along
spiritual lines and

laboratories will be turned
over to the study of God
and prayer.

I feel, as they say, that
I am in on the ground
floor in being able to
learn the true concept
of God and his relationship
with man.

I am enclosing my
second installment - \$100

Very sincerely

Mr. Robinson

I am most grateful for
the assistance given me at
the time of an accident which
occurred Jan. 19.

My husband's shoulder was broken
in three places also his hip.

The doctors gave little or no
hope of his recovery, as, due to
a previous illness, he was in a
weakened condition.

He is now beginning to walk
with some assistance and regaining
some use of his arm.

The Pneumonia, which was
threatening, did not develop.

In your reply to my letter you
stated that Spiritual help would be
given and I am sure the work
was will done. Thank you so much

Dear Friend Dr. Robinson

Since I wrote you last my husband has made a big improvement he is gaining weight and is improving right along. his appetite is good also. Thanks to god. and Psychiana and friends he walks around the house and garden without a cane. and we pray to god he will be able to see more if can see at a distance he says he can see moving objects just like they were floating in the air he can not see close. nor to dress himself. But manages to dress when his cloths are laid out near each other. and I know that with gods help and yours that his eye sight will return. as he gains his strength. he can not see to write nor read and he tries to write his name every day and that also is improving he knows now the street he is living on. but does not know his telephone number. but I know it will all come. as soon as we can sell our home we are going to San Francisco to live with my mother as she is getting up in years. and we

want to be near her as she lives alone. I read to Mr. Campbell your lessons every day. and he enjoys them so much. we want to thank you for your help and we can see the improvement every-day that god is with him.

Thanking you for your kindness in helping us.

I see the point now, and

interesting to me as it is
great to know about the
truth of God and that he
lives in me, and that is
something to be proud of
and my faith is with him

heart and soul, and I know
he will make me well and
strong again, as he has been
working on me the sourness
and ache in my chest is about
all gone, and I eat better
and sleep better now my
weight is up to 217 from

Tall, and was Baptized in the
Holy Trinity Lutheran Church
when I was 31; my grand-
father was a Methodist min-
ister before my time, I have
talked a lot to people but
there is very few who are
interested in it but I am
not giving up hopes, after I
learn a little more and get
a little more power so I can
prove what I am talking about

they have got to see me do
 something worth while. make
 the sick well, I am a good
 builder of houses and I am
 asking God to give me the power
 to be a builder of souls, I
 know you are doing all you
 can do and I thank you for
 that, I am now working with
 the Faith of God in every thing
 I do, and I now realise what
 a hard job Jesus had, some
 people now think I am losing
 my mind, but that dont scare
 me, as I know now God is
 with me, and I will win in
 the end, if I have to build
 my own church to do it,
 so I will close for now
 hoping you will be pleased
 till I hear from you again

Dear Dr.:

I am urged by the Power of God, to write to you today. Just this morning, I have received the marvelous power of God, in me. I know there is no mistaking it, I am so shaken by it, that I am nervous, but completely happy. I want to shout to the house-tops, but I know so many, many people would not understand me. I am greatly surprised as you told me I would be in this 9th lesson. I want to work for God, to tell others about this dynamic power that is in each and every one, and I know that the God power within, will show me the way. I'm so happy, Dr. Robinson and so thrilled that I can hardly sit still. My idea of spreading these wonderful truths of God, is to travel, and I know that God will take care of that. Thank you so very much much for your teaching, which ones show the power of God. May you always be blessed. Truthfully,

Dr. Frank B. Robinson,

Dear Dr.:

You ask us to write you at this time, while I am on my seventeenth lesson, and tell you what the power of God is doing for me. It is just marvelous, the things that come to me, without my even asking that such things be done for me. I must tell you that for years I have been a sufferer of constipation, never going more than a day or two, without a laxative. I have asked God for many things, but never thought about that, but He has cleared that up, and I have not taken a laxative for over two months. You have taught me to visualize things that I wanted to come into my life, at night before going to sleep, and telling God that that was what I wanted. As I had been wanting to take a trip East to visit a very dear friend, I have been seeing myself buying my ticket, although I didn't know just where I was going to get the money, unless I took it out of my small savings. I also visualized packing my bags, calling for a taxi, etc. About a week ago, I receive a sizable check through the mail, which was owing to me, but I never dreamed of getting. And do you know, Dr., that money is enough to pay ^{my} fare back and forth. I had that money coming to me for about two years. It was certainly a very happy surprise, and I thank God with all my heart. I just

-2-

Know that many more wonderful things will come into my life, because, through your teaching, I am relying on the power of God for all my needs. I have tried, Dr., to pass this word of the power of God to others. Some people just laugh, but I know that it is because they do not understand. I don't have a great many friends, those that I do have have either been through your lessons, or are Unity or Christian Science pupils. I have wondered if there was a Physiciana group here in San Francisco, that I could meet with? Would you kindly advise. I must tell you that I have received all lessons to date, and thank you for your wonderful lessons, and I must add that "I believe in the power of the living God." Thanking Him for all things coming to me through your teachings.

I am doing my best to think deep on every word as I read them for I am in earnest I really want to learn about God & his law & I have had the craving or I have been hungry for that knowledge all my life. I am begining to see the light quite strong. I am ever anxious to understand it. then I can speak with confidence & explain to others when I am talking. I am feeling first at this time I am doing as you told me I am & have been acting as if I am O.K. & I now have admit I am heald & by so doing & acting it is becoming apart of me very fast. so let say I am alright.

may God for ever bless you & the
good work you are doing. your student

Dear teacher. inclose find

I now my problem i am going to try to explain myself to you. i dont no if i can or not. i feel something like if i was a hollow logiful open inside as a shell around me. as near as i can put it. i feel as a light inside i think i will see the light but its some what hard. as you no how its to see into when i've been taught so backwards. all my life the way to see the light of the almighty god and to see it diferent so very diferent. but its straight from the shoulder since i began to see the light. i am so soory i has not learned this sooner. so i am begining to

see it, but you no; will have
to knock it into me, and it is
a little puffing some times i
seems to want to doubt but
i am pulling myself out of
it i has been taught so
badly rong about the
way of god. so i am
beginning to understand more
and more about the way of god
i am somewhat surprised &
no the life of god is his own
life in me and every body-
so the way is quite indiforent to
the way i have been taught, and
& i was not fortunated to get
an education so i cant read
& well, but with the faith i
will understand our

Dear friend

Just a friendly letter to let you know that I am still one, in your number, or should I say, two, in your number, for my husband, is very faithful, to the teaching of Psychiana.

We are finding the teaching so true, its a wonder that we have slept, for these many many, years. Isn't it ?

Well I don't want to take up your valuable time, than I can help, but I had the urge to write you and tell you some of my successess, My manuscript "Skin Trouble", is or soon will be on the market, for sale. Through the kind interest of a Mr. Daniel S. Mead Literary Agent. And I am proud, to confess, that my success, was caused by nothing but, the Power of God. and I mean the Power of the liveing God. Your teaching is doing wonders, for my husband and me, in our home. O yes I also have a recording lecture, that I have sent away, for consideration. Now this is not the end, of my seeking, to find something of a more helpful nature, to myself and humanity. For I'm digging deep down, in my inner self, for I realize, there are greater things, in the unseen realm. I'm very grateful to you and your wonderful teaching. A life time members, my husband and I, holding good thoughts for you and yours.

So please forgive me because I

But I still take time out to study and learn the little that I know, and I'll keep on studying as long as I live because my faith is with God. And until my wishes are fulfill I'll be satisfy. And I'll work until there's peace in the whole universe.

Well, I guess this is all, and please forgive me for bothering you, even though this letter wouldn't impress you. And please remember me sometimes because I'll never forget you. For now I believe in the great power of God. So good-bye and so long.

Dear Dr. Robinson

I've received my 4th Lesson on Jan. 3, rd
But on Dec. 30th I had received my 3rd. ^(Lesson)
They were just that lost together
and I am reading all of them and I can
sure say in no uncertain terms that I
really do believe in that Great message
that Jesus came to bring to the Earth —
and I actually and truly do believe —
that the Spirit of God do lives in my —
physical body I have thrown all the power
there is in my belief that the spirit or the
life of God really lives in us you as about
the Reapers, and the witness I may seem to
be acting slow But I am on the job you
can bank on this I promise I love it
to the utmost I wish that I had the
same chance to go out on the highway &
by-way just as Jesus did to tell the men,
women in no uncertain terms about the
spirit of God. Does live in us and I am
very busy seeking my little group to start

them to learn the truth about God and
Eternal life and in us I'm not
to sit idle by because I am for one
certainly are going to be a witness
as John was witness to Eternal life
in us here on Earth and I am
showing the power of the spirit of God
with myself so until you I want to
show open the flood-gates of the
Realm of God and be so super-
charged with the power of God
that we too can manifest, even duplicate
the works that Jesus did & through this
his same life spirit even greater works than
He did and may the spirit of God be
ours until the whole world finds this
great power I wish that I had been

Taught the Great Truth about God all
 of my life just what is wrong with Our
 Leaders they want Teach the world not
 only the nation about God and the
 message that the messenger came to
 this Earth to Proclaim Our Bibles are
 filled with that message but I really
 havent had that Teaching before —
 yes I have to stop and think just why
 havent some one Told me about the
 spirit of God lives in us sooner But after
 all there is many who have lived and
 also have passed on and never had a
 chance even to learn about the spirit
 of God and Eternal life on this Earth
 something happened to me just the other
 day I've attracted High Blood pressure
 But I know that the spirit of God in
 us are going to heal that Blood pressure
 in me for I am going all out for
 the power of the spirit of God in us
 and again I want to say that I also —

Received the Letter from
Mr. Alfred B. Robinson on Jan 13th Last
Tuesday to be Exact and was indeed
Glad to hear from all etc. And thanks
many times for Directing the Healing power
Belong to my sister But Right here I may
Have to go in about a week from now
But will be back in about 200. weeks

When a person is beginning to contact The Realm of The Infinite Spirit of God, many rather unusual Spiritual Manifestations come to that person. This, however, is only proof that he or she is beginning to get close to the Realm of The Almighty God.

Dr. Frank B. Robinson

Dear Sir:

I am writing you this letter to let you know that I haven't forgotten my obligation to you. as I have been with out any means of an income for the last couple of months, I haven't been able to send you any money. but I promise you that in the next two or three weeks I will catch up with my payments for the lessons you have sent me. All though I haven't had much success with them even though I have tried very hard. I am a very glib person in anything like your lessons. you see, I am a self styled mister scientist, and have been searching for truth for the past 15 years so when your lessons came along I believed I had at last found the truth, and I still believe it, all though there are quite a few things that bother me with, I can't find any explanations for. I know for a fact. that spirits exist as I have heard them many times beyond a shadow of a doubt. I even called them and received an answer. I also know that there is such a thing as destiny as I can name many cases where the complete life of a person has been prophesied to the last detail, I also am a fairly good hypnotist and have been able to do many things that psychologists can not or do not believe possible.

Please turn to Page 2,

I have always believed that God is trying to express himself through man or that God and man are one and the same thing. and from the day I was able to prophesy till today, I have all ways wondered why our future was planned in advance. You may say that it is not? but I knew 17 years ago what I was going to do 20 years from then, even to the name of the girl I was going to marry, the color of her eyes her hair and height and nationality and that I would marry her two times, and it wasn't till 10 years latter that I met her.?

I have believed in everlasting life for quite some time now but I allways thought that could not come about till man learned to step into the fourth dimension through the power of God in him, for as he is made of things that can't be seen or of masses of vibration he could increase ~~the~~ those vibration to such a high rate that he would become invisable at will.?
 there by governing every part of his body in other words, the body is just a suite of clothes that man wears, and he would be able to change it at will?

those are the things that are holding me back, what is the truth? but it's got to be proven, there must be an explanation some where!

yours truly

If your mother actually believes that The Power of The Almighty can instantly heal any disease she might have, it would not take her five seconds to claim that healing. So, in addition to holding the thought that she is going to be healed, she is going to have to act as if she already had received the answer to her sickness. It is the acting as if you had received it which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

May the Spirit of infinite Peace be with you always.

Dear Dr. Robinson:-

On January 9th I sent you a night letter asking for your help for my mother, Mrs. E. A. Chamberlain 60-96, who was to have an operation for removal of a tumor on her temple over the right eye. As it is two weeks today since she had the operation I think it is time to report to you on her condition.

She had suffered a great deal for several weeks and because of her weakened condition - she has never been a robust person - the doctors were afraid to give her a general anesthetic but at the same time they doubted that the operation could be completed with just a local anesthetic. She was not afraid to have the operation but just the same she was very pleased when I showed her your reply to my wire. She did not know until then that I had wired you. She was on the operating table for forty-five minutes with one doctor operating, another assisting him, besides the nurse, and a third doctor sitting beside her with his fingers on her pulse and his hypodermic needle filled and ready for any emergency. Much to the doctors' surprise, but not to ours, she went through the operation with just a local anesthetic. She has improved steadily every day although she is still very weak, but she is able to get up and dress herself now and can go up

and down stairs alone. She will be eighty years old next May.

The thing which disturbs me is the pathological report on the tumor, which was examined by a pathologist who has the reputation of being very reliable. He reported that it was a low grade sarcoma. We have not told her this. Of course I do not doubt the power of God to bring about her complete and permanent recovery if we but believe he will. But sometimes I get panicky and then I wonder if my own faith is strong enough. I know wherein my trouble lies. I am too busy, what with having to earn our living and trying to keep up our home, which we both love, to devote the time I should and want to, to your wonderful lessons. If I could just be home with her day after day to study with her and do the countless things for her that I long to do I'm sure that her complete recovery would be much more rapid. But I'm trying to do the best I can each day, and from the bottom of our hearts, Dr Robinson, we both thank you for the spiritual help given her. We know why she surprised the doctors in the way she came through the operation, and I want her to surprise them again because after talking with one of the doctors two or three times I feel that he doubts she can ever be really well again, even though she is improving now.

Sincerely

Hazel Chamberlain

Everything has been going
wonderful for me, except that
I am still seeking for a good job.
I mean a good paying job. Will
you please help me by sending
your desires into the Great God Realm
my life has changed so much. I was
a person that spoke very loudly, but
now I speak very softly. There were
people I didn't like but now I love
and enjoy the conversation of every one
I meet. And all of my friends and
neighbors has seen the great

Change in me. I thought that people were mean and unjust to me, but now I find that they all are dear to me and find that I am a nice person. So truly Dr. Robinson the God Law is wonderful not only for material results but for spiritual results also. Oh! it is a lovely life for me now living so quietly. I love to be alone sometimes, And Dr. Robinson if there is anything I need, I don't have to worry about it, because when the time comes I always get money from somewhere to meet the needs. This never happened before I started taking your instructions.

So will you please write to me and help me get a good job. I have no fears because I know I have sent my desires into the Great God Realm. But I would like for this to manifest soon. Thanking you I am.

My dear Mr. Charles,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

May the Spirit of Infinite Peace be with you always.

Dear Dr. Robinson:

I just got my 17 lesson and I am getting along fine in my studies.

I would like to tell you every thing 'God' has did for me, but I couldnt begin to tell you the things. The Great Spirit of God has did for me. I am 47 years old, I feel younger today and I did at 27.

I play ball on a Soft-Ball team, and I've played this game since 1932

I am a pitcher I have pitched every game for our team this season

except one game.

Dr. Robinson I get in
trouble get men on bases
I step back off the rubber
and I ask; God to take
care of me and I thank
the great Father, and
I step back on the rubber
and the Power is there.

I pitched a game not
only last night. I got
wild about three times
in the game, I walked
a few men when I would
walk a man or two I
would step back and
ask God to take care
of me and 'He' would
always respond always
there will to take care
of me. I also got a
no hit game last night

I try to take "God" in
every thing I do. Some-
times I forget to take
(Him) in things I undertake
But I soon learn to call
upon the Great Spirit
for Help, and (He) always
come in willing to Help,
and see me through.

There is a small girl
only four years old just
come in my door I have
got to tell you about
her. Now this little
Girl took sick and
was very sick she went
blind, and two Babie
specialist D.s. said her
optical nerves were dead
I did not go to the hospittle
to see her only her mother
told me what the D.s. had
said and I went home
to get ready for work.

and I was all alone
 and I asked 'God' to
 restore her ~~the~~ eye sight
 and 'God' restored it
 for her and she could see
 right after I prayed for her
 I knew when 'God' took a
 hold of her. I told them she
 could see and her mother
 went to the Hospital and
 she could see.

my son had thought
 and nose trouble and 'God'
 has cured him. My wife
 always had Hay Fever
 and 'God' has cured
 that. I my self had
 High blood pressure and
 'God' has taken that away
 my two best affirmations
 I believe in the power of
 the living God.

(And I Thank the Father
 you have heard me)

Yours truly

I'm sorry I made such a mistake in my final payment. But when I received your letter it put me to figuring & I soon found that you were right. So according to your Offer you will find Enclosed \$7.50 for full payment. I am very thankful to you for writing as it was my mistake. But not Intentionally. Believe in the Power of the

all will be quiet & still

ness to what God has to say
to me. I mean a real God

Not a God in the Sky. I have
 the assurance that the true
 & Only God does not live in
 the Sky nor has he a throne
 of any kind up there. & I
 feel the presence of the Life
 Spirit as I write this letter

 The days go by that my

 with the Spiritual Realm
 of the one & Only God that

 you can for me. as you
 have been a wonderful help

Dear Friend and Teacher,

I should have written and thanked you quite some time ago for the help you gave us with my brother-in-law. He seem to get better right away and has been at work every day since although he still complains of his back. I also want to thank you for that wonderful course of The Psychiana Religion I am still studying. This is my 3rd time and there is still so much for me to learn. My health is wonderful although I had Plural Pneumonia and had a muscle torn loose in my back and a rib twisted. They all marvel at the way I throw-off all illness and ~~and~~ I tell them about a god that seems to be near me at all times to help when I need him. Yes you have me convinced of that wonderful power and I am trying so hard to do the things you teach. I have a Grandson in Colorado who they say must have an apondomic operation. I pray god that he may spare him that as he is only 6 yrs old and the only

child they have. Am anxious to learn all
I can from this course of study for I would like
to be able to subscribe for the other however
I am sending my suscription to the Way also
a few names that might help get this course
of study among more people.

Wishing you always the best of luck

Enclosed postal note for \$3.00 for August.

I find your lessons most interesting. I am practicing "The Presence of the Living God" on the hour as suggested.

I seem to have more energy, and have a desire to put my house in order. This has been a busy time discarding and rearranging.

I have been a student of the history of religion from the beginning of time, and I have outlined a story of religion from the beginning of time as historically recorded with pictures.

On several occasions I have given this talk to small study groups at "Jaslyn Memorial."

I mailed \$1.00 to you in my last letter for "The Way". Thank you.

I am reading the lessons carefully and your little Magazine The Way is most helpful. Very ~~inspiring~~. After studying the lesson I feel more secure. Gradually losing a lost feeling.
