Thank you for your good letter of recent date and for your lovely poem. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Dear Sir:

Your inspiring religious information was received & am a true living example of religious faith and I am interested in an active world wide spread of religion (more film production of sacredness and health) I would like to reconstruct my life, have an opportunity to publish creative writing in poems etc. dedicating ~~my~~ life to world improvement, spiritually with privileges of ^{recreational} activities or sports. Recently I underwent a serious mental derangement which my husband (Herbert Clark Jr.) and mother (Pearl Bridges) considered me mentally and physically handicapped but, I try to explain to

to them what was revealed to me through religious faith and sacred communion but, seemingly they are unable to understand it is so confusing I feel that I am only physically handicapped due to active functioning of my body reveals a creative nature or individual difference. Please pardon the rough and personal expressions and please don't think that I am forward maybe the following few lines will help to explain the condition existing:

The Maker of all Things
When thinking of all the earthly things
my mind refers to our heavenly King
The one that made the birds and trees
Even the insects, the honey bees.
The narrow brooks and rivers wide,
The beautiful scenery of the country side.
How can I ever forget or fail to see
His greatness to you and to me.

I think those lines in verse form express the interpretation of God's creation.

I would like to dedicate the following poem to your honor as the Founder of Psychiana. This is merely my attempt to praise your great work and our world of good leaders.

Art and Physicians
or
my Pledge to Physicians

Let's honor our doctors;
Praise them high!
They have struggled with patience
that money can't buy
Their success in medicine has paved
the way
For many who linger suffering day by day
So what ever the case be
Have faith, hope, and courage
remember all three.

Respectfully yours,
Ida Bridges Clark

P.S.

Please excuse the length of this material.

Pittman has five orthodox churches.
The harvest is great but the laborers are
few. There seems to be a great hunger
on the part of the church for Power of
some sort or other. They realize that
all they have now is a set of beli-
efs, also seem to understand fully how
very little Power, if any is generated

from them. Jan 16 - 1944 was
the last day I was in a church
and how they are now, likely no
improvement but worse etc.

Take us, break us, but use our
whole life in a manner which will
best reveal the Power of the Spirit of
God to this sin cursed earth.

My dear Alfred:

(at once, I have gave God thanks

Your letter with "Instructions for
Psychiana Church Groups" assisted
me exceedingly - Yes - you are as
busy as bees and I'll endeavor to
comport my questioning letters.
with you & God in my life all
can be accomplished.

I want to be so filled with the Spirit of God that I can do whatever it is God has for me to do. — The first "Church Group" which will be held at my home — should be what average number? (any hints me)

meeting comes to order — silence for a few moments all repeating — "I believe in the Power of the Living God" three times aloud with eyes closed — then a couple songs may be sung.

now I read from lesson "One" slowly — allowing questions to be asked & answered — Should I

Choose Lesson One from my first 20 lessons or from new Psy lessons — How far or how long should I read from lesson one? — guess it must be gaged by the time we have, half or three quarter of an hour. My little daughter age 12 $\frac{1}{2}$

is greatly interested in Psy. Church Groups — is she, however permitted to assist me in the evening or day? Do I do any inviting by mail or phoning it needs be? Is the sheet "Instruction for Psy. Church Groups" personal, or should I leave the guests also need for better understanding? if so may be more can be used.

would you please send me Psy song books - the
amt. that is generally needed, with charges.

Each member must promise to get one more
member to attend next weekly meeting.

What is the average age of a group before
splitting into other groups?

Meanwhile, waiting your ans,
I wish to remain cordially yours.

Dear Sir:

It has been some time since I began my journey with you to God. Today "I know beyond the shadow of a doubt" that I am a different person with considerable progress along this road. I have been working with you off and on since October 1944. I was at that time a fifteen year old cadet attending Riverside Military Academy. I gave your lessons practically all I had and as a results I have received many blessing from God. Thanks, to you as my teacher, and to God as the giver.

The purpose of this letter is to ask your personal advise concerning my next steps. I have completed "The Fundamental Course," "The Eternal Life Course," and I have studied all but a few lessons of the "New Psychiana". I have read "Blood on the Tail of a Pig", "Through War to God", and "Is the Story of Jesus Christ Fact Fictions" I have also read the chapter given to Psychiana in the book entitled "They Have Found A Faith." I think I have the main Idea of these books.

Dr. Robinson, words can hardly say where I am along this highway. I think I am on the threshold of doing something that will touch the whole world. The only thing that matters to me is my connection with God. Give me this and you can have the rest; for if I have this I have all.

Please let me hear from you soon.

Dear Dr. Robinson:

Have been meaning to write
for some time now about the
wonderful things happening
to me.

First of all, I have had
Arthritis in my arms & legs
for about 5 years. It was tor-
ture for me to do my ironings
and to get down & scrub floors.
I have even had to sit down
on the ground to help plant
our garden. Having two young
children of course I had to keep
right at it. Now - after I
started these lessons of these
wonderful truths of God, and

after I realized what I was learning, gradually my arthritis left me. I now can do my work with ease thanks to the wonderful Spirit of God within me. If I could only make others see the Light too. But Dr. Robinson they won't listen and won't believe what I'm saying. But in this lesson I have been thanking God for hearing me and I know He will show me the way. Most of my friends are strong Catholics (I am not) and it's going to take just the right words.

Having two youngsters (the youngest 6 years old) I cannot earn a regular salary. I do little odd jobs for my neighbors.

to pay for my lessons. Right when I'm broke, God always shows me a way to earn a few dollars again. We also have a car again (1st since 10 years ago.) So you can see I have found a little of the things waiting for me in the Realm of the Spirit of God.

Enclosed find \$5.00 ~~\$4.00~~ to be paid on my lessons and 1.00 for my subscription of "The Way". You need not send a receipt for I am keeping my account sheet and I know how much I owe and that will save postage on your end.

Thank you again for my new found happiness and I am going to keep trying to spread the good news.

Sincerely yours
Mrs. Bernice Coffman

My dear Mrs. Coffman:

Thank you for your good letter of recent date and for the names you sent. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Dear Dr. Robinson;

I wrote you some time ago saying I was going to talk to some Ministers here in our town (Hessville) about the Truths of God that are being taught to the world thru the "Psychiana" Religion. Well, I talked to one, Rev. Krupp, but didn't make much headway. We discussed quite a few things that you teach but where he praised your manner of prayer - he differed in a lot of other things. How I wish I could make people see the "light" as I see it. If they

would only realize that they too, could know complete health and happiness just by recognizing the "Living Spirit of God in them."

However there is one person who listened to me and that is my sister Mrs. M. Patano. But she lives quite a distance from me and has asked me to write to you to have these lessons started to her. She has a girl about 10 years old that isn't quite right mentally. The doctors claim her brain was injured when she was born. I have convinced her that you can help her Dr. Robinson and promised her I would write you to start

her lessons. She believes God can heal her little girl, through you, with just the little bit I could tell her about "Psychiana" having only a few hours to spend with her. And of course I know that you can too.

My neighbor is a good woman who believes in God and who believes also that God can heal her rheumatic legs swollen black & blue also from varicose veins. She is crippled from the rheumatism therefore has gained so much weight that she can't get around very well, and has terrific back aches. If you will help her Dr.

Robinson, I know I could get her to take your lessons too. She has been praying for me to have a better life and of course I found "Psychian" which answered her prayer. I would like somehow to return the favor.

She is Mrs Rose Cummings

I'll not take any more of your needed time. I've recieved "The Way". It's a wonderful book.

Sincerely yours,

Dear Mr. Frank B. Robinson

Sir and teacher just a few lines to
 Remind you that I appreciate the lessons
 I have received from you I have learned so
 much concerning God I did not know I thought
 that God was in Heaven I had to die and go to a place
 called Heaven But since I have been going through
 the lessons I have received from you I can see a far
 different idea of who and what God really is I have
 seen that God is here in us and with us daily yes
 I have seen different lights hear God talking to me
 I know that the world would bow to me and not
 me to the world I have received my slippers and my
 robe and crown right here and not in Heaven
 a little girl appeared before me and told me
 to get in the truth and stay there that the truth
 was covering the earth oh I have been so much
 up lifted since I have been studying with you
 I am sending you 2 months payment this time
 will send you the balance I owe after the 30th of

I shall also take this opportunity
to inform you that I have really
found the lessons very helpful.
I have had material successes since
I started them earnestly almost a
year ago. A year ago, life seemed
almost not worth living for, through
a series of failures to secure a
scholarship for further studies. On this
scholarship depended my future as a
well qualified engineer. But I never
gave up, since I felt within that the
grounds on which I had been refused
— medical were not quite sound. I
came across your autobiography. I
read it through and through and read also
'Blood on the tail of a pig'. And thanks so
much for them. Then I started on the lessons.
Mine has not been a series of visual
material manifestations, but I can say with
certainty that I have been able to improve
my position as a future good engineer
since then; because I have been able to
secure sufficient funds thro' hard toil to
continue my studies, thus bypassing the
scholarship. I have also improved consi-
derably in health. All these I attribute to
the development of the Power within me
through the help of your Psychiana lessons.

Dear Doctor Robinson,

I am only writing to send
you the names of some few
friends for whom I can vouch
interest in the Psychiana Religion.

I am still in with the lessons. But I must say that at the moment I am struggling, hard to overcome my moments of human doubts. I am sceptical by nature hence these undesirable and inevitable moments. Persistence is the only cure to such ailments and I am on it. I am at the moment on an effort to eliminate some pains on the back and in the abdominal region. I have had some success, since the pains have diminished in intensity and area of infection. Though I feel and think it should all clear off. I am therefore appealing to you for help. I want to put the finishing touches to the healing myself, if I can by the help of the living God. I have more faith in your assistance through the Power. Could you help a struggling student?

I have been able to organize a small Psychiana group here, apart from other friends in other places. Members - 3 of the group here, are very keen on the lessons and two particularly have remarked observing changes in them. Incidentally one, I found was acquainted with 'Unity'. He is keener on Psychiana.

I am leaving the ^{Achimota} College at the end of this month - July, to continue my studies in U.K. I wish I could come to U.S.A. - in Engineering. My address therefore changes. I shall send you the new one when I am sure of it. The names & addresses given above are those of some of the members of the group here. W.F. COLEMAN
