Dear Dr. Robinson,

I have received the new book (The autobiography) I only wanted for the 2 pages which gone. Now what shall I do with the second book, tell me please. Can you use the 1st one if I return same?

I have read the books and I think you have had a very trying hard time. I wish you every success in life now and a life ever-lasting. I think you are, Dr. Robinson: a 2nd Christ

Oh! this wicked world is hard to cope with. How can any people

do any thing to bring those uncivilized Ruschians to do right. I realize the time is (apparently) short. The radio runs in this house a good deal each day and lots of times hard for me to study evenings & evenings are when I have the most time for my lessons. I am so short of time anyway. But, let me tell you that last night the Spirit God commenced at my toes & worked up at my knees. I am very thankful my knees are better, tho not well. One was real bad & had felt as tho the bone was getting sort of honeycomb. Will the spirit work again to-night to complete the cure? My TB ailment forced me

to cough at that time and I had to move a little; am sorry for that but had to move; instead of being still.

I thank you for sending the book.

I live in a rather cool climate but now it is Spring and I do hope to be able to go to woods and get some of God's May flowers soon.

Must cut this short as I know you are rushed with your work. And I want thank you again Dr. Robinson for sending the book also the teaching. May your life run smooth here after. God Bless you.

Respectfully

Dear Mr Robinson.

Just a few lines to let you know of a change in my address. My new address is.

~~Cecil F. Dankemeyer, Neillsville Wis R #4.~~

I like my new job first rate. Am doing things I've always ^{wanted} to learn and do, and go into business for myself. That's arc welding so far I've have the start on learning, and next is a shop and business of my own. eventually that will come also.

I've always wanted a home of my own, and a new car, but so far that has never come to pass. In the line of cars we've always had something ready for the junk yard, like the one we have at present. Second hand, or someone else's trouble.

A year ago we bought a house, but in 3 months we had to sell it or lose everything we stuck into it, (that was before we received any of your literature) then I started working on a farm for single mans wages, and trying to feed a family of 7 but couldn't make that go either. Am not doing to hot here yet in the line of wages, but ^{things} sure look a good deal brighter than ever before.

I know when I was on the farm I wanted something better I got it, then I had to have a place to live, in 4 weeks I got that, and you know it also seems the money goes farther than ever before in spite of the high prices, of course its not enough to meet all payments.

She had to borrow money to buy clothing and pay up another mortgage, at the time we was n't sure if we could make those payments, but seems as so we are, beside I had to borrow extra from a bank to pay for moving and first months rent. we are getting that paid also. and figured we have to borrow for Christmas for the children but come through all right with out, ~~through~~

So I can faithfully or truthfully say your teachings are O.K.

Other wise how else would we have got along. I can't help but notice the difference. My work also seems easier and I can accomplish more and with more ease than ever before.
(over)

So if your teachings so far can make a difference in my life. who has always been a failure. Couldn't seem to make anything go no matter what I tried. just think what it can do for countless others.

In other plants or shops I worked in it just seemed I'd get one job and that's as far as I could get. but since I've been in this place in just a short time I've been on every machine in there some I've never seen before and now I'm on what I have always wanted to learn and doing fairly good. with out bragging. That's one welding.

So keep up the good work. maybe the old world can be saved yet. because the way things are going it sure needs it.

Mr Robinson, if you have a picture of yourself to spare would you please send me one? It sure would be ^{highly} appreciated.

Sincerely Yours.

Cecil F. Wankmeyer 37-A14

Kind Friend & Teacher. I feel like
I am intruding by writing you
personal; yet I must let you
know how wonderfully the spirit
of god has blessed me through
your teaching. of course this is the
second course of study for me
a little better than two years
ago when I began my first course
of study with you. I will never
forget I was on my fifth lesson
a beautiful light appeared
to me the like of which I had
never seen before nor since
after the light had completely
disappeared then I begin to
feel different. I felt good, I

Felt

Happy I felt like screaming. From that time on my whole life has been changed so many things in my life are different. It will take too much writing for me to tell you what the spirit of god has done for me along financial lines. I was urged to go to Baldwin Michigan two years ago. I had never been there but I went, and there to my surprise I signed a contract for two lots in a nice location, and I am glad to say that I have had a nice little home build on one of the lots. It is wonderful

To have the spirit of god
in your life I wouldn't
try to live without the
consciousness of the spirit
of god in my life. such a
pity I had to get this old.
before I learned about it.
I am 55 years old. and I
have never in the history
of my life had everything
work out so beautiful. I
am just a working woman
but I never had enough
money to make a down
payment on a home until
this year. I also have a
better job than ever before
I know its the spirit of god
I am so thankful to you

For that advertisement
I talked with God.

If you can find time
ans this letter if not
I will always be
Thankful to God.

Dear sir

there have been many happenings
occured since I wrote to you the
last time; I feel I should make
know a few of them to you it may
seem much to you but its lots to me
you remember I wrote in a desperate
way for you to help me when my child
was so sick in a Philadelphia Hospital
She had 3 operations 1st Blood transfusing
her intestines had passed the stage
of operating alone they had become
demarkated she suffered a back bowel
and obstruction condition which the
surgical Doctor said has not been
a case since 1870 that the patient
lived through it I got a letter from
my sister on a Friday saying she had gone
back to the Hospital for the 4th operation
and I had better be on hand when it happened
for she just couldnt survive the last
one that's when I wrote to you and you ans.

my letter at my Daughter Home in Phila. Pa.
 816 B. Alder Place and I got it there before I returned
 to Kener Forest Del. I want to tell you my daughter did
 live thro it all and now she is feeling along fine
 able to take care of her 6 children and keep her
 home as usual; I dont think thats shorter than
 a merical altho you teach there is no merices.
 Im happy about that the message you sent I put
 it to use and it must have worked for she and
 I went back out to the Hospital that Coldest Feb.
 morning it had been said since way back in the
 1890s. and she walk with me the whole 6 blocks
 from where we got off the Car for we couldnt hire a
 taxi no Buses ~~or~~ ^{1st.} that far, so we had to
 walk or freeze I went ~~to~~ ^{to} death and she made.
 I knew then I was closer to god than I had ever been
 before by studying Psychiatry I went to visit
 other friends who was Del and I tried to tell
 them about this Power, so many cases of heart
 weakened conditions, no one is ready to die
 I hated to look at them and could not get them
 to repeat I believe in the Power of the living god.
 they pray but they do not feel that affirmations
 will do any good. now what I wish you do
 is to bring back to health my friend Robert Gayles
 he is on his back down flat with a heart attack the
 second or third time, now the Dr says he has no
 hopes. He also has 9 little children grand children
 the mother his daughter died & left, the husband ran
 away, its pitiful the grand mother has palsy slightly
 and a heart condition no one to take hold of the family
 if both of these grand parents pass, Im earnestly hoping
 something can be done Im holding the thought that
 he gets well both of them

Now for myself Im in much distress to
 get a house to live in I never in all my life
 needed a home as badly as I do now I work in
 private of course thats very confounding I have
 no time for my self a day off by time I do

my Carrando its nite right back on the job
 for another 7 days and no time to rest or read
 the only thing I need to do is to go some place
 where I can get some rest and can get some real
 reading I nearly read not read with any
 done I know I have tried to save some money
 I could which is very little now the thing
 I want to do is to buy a home for myself which they
 say I cant do I wonder why. any day Im holding
 the thought, its looks ~~really~~ like Im trying
 to dig out the ocean with a tea spoon with
 what little money I have to start with so Im feel
 a little hurt over it yet Im trusting can you
 advise me further Im mighty weak now and
 I have to do something and thats soon. My
 health isnt as good as it should be I fall
 asleep just as soon as I lay stretched out
 and begin to repeat the affirmations you
 give me I go fast asleep find myself so
 tired out I just cant do anything when I reach
 my room at night after being on my feet 14

been in teaching me on for
what I have learned by finding
them as best I could. Since
I have not read or studied
them as thoroly as I think
that I should I will go through

to me to read or studie them.
I thank you for the Certificate

you addresses as I can get them

as the best I know I believe in the Power of the living God in me. It is my hold heart desire to stay in that state of mind I shall use the Teaching that you have given me, when an where ever as I see it, there is an opportunity. I have been helped so much by your guidance, it is too much to put on paper mere words can not tell it I hope that it will be told in a more affective way in the future, as your when sending out the Power of God to remember me that I may reach a higher place in the belief in the power of the living God in me. as ever yours.

Dear Dr. Robinson:

I have received 3 books and am
grateful for the 4th one - Truly God
has blessed us. Since the very first
initiation given.

Several things have happened
that seemed ^{the} impossible. My husband
retired from Army Sept 31, 1947 with a
small check \$78.49 monthly. I have been
in bed nearly for 5 years and could
never see a penny. For cause of
Drs + medicine. Only a couple of days
after receiving your letter he was called
to work after having looked for 6
mo. which is wonderful as our check
didn't cover expenses. We have 2 Anne
children.

I am now able to work in my
home + love it. I feel stronger - feel
wonder you share direct spiritual thoughts
for healing of a growth in my throat
and to help the full benefit of the
lessons. Of God's mercy in me to
know and recognize what I'm seeking.

Thanking you from the
bottom of my throat - Mrs. Bartie S. Barnes

Dear Dr B Roban

Thank you and will always think of you
through the wonderful cure and the medicines
Certified for Life - I met till every body I an
get a chance - after I received my 19th Letter
which I recd Sat 25 and on March first Monday
morning as I always get up during the night look
at my health every thing all right my shoes
on the floor beside my Bed one of them
was cold water in it - Befor I went to bed
I put on old pair stockings pin it on
my underwear to keep them on them when
I got up - I did not know my stockings
were off until I put my feet in my shoes
never notice it until I put the feet in
in my shoes - I found them old shoes
at the foot of my bed under the Blanket

going into the other room I find on the ring
my Powder puff. - I pick it up with to
the Bureau - So find nearly every thing
has been dug out & called around - and
the Box where I put all the money that
contains the Check that the General sent
me part of my Grand Pension on top of
3 pocket book or rather had tag I run to
the door & under if some one come in
looking for money - I saw it was all
lost - I thought but nervous then - I said
"The Power of God (God) show me it
Power" - I had my last Lesson last Sat
Last Monday - Today is Thursday - Last
Monday - Just before I open my eyes I
was still asleep - I saw my Grandson come
in I said that you exist as he was taking
of his Aunley Police Coat putting it on the
back of the chair near my Bed I said you
must not hurt me - He said can I
stay here till Sunday - Just then I open
my eyes - I saw on the wall Port Case

that I use for my Book has a glass
the most beautiful view I will never
forget all gold rays white entire scene
large than others - all going away from me
with all the color of Rain Snow and silver
the gold rays all warring to me - I close
my eyes and open them again they were all
back near me again - Must be what you say
in Clancy in Book 20 Let the Angel smile at
you I have seen these Gold rays near for
long time all with actual entire that reflect
the Panel of grapes I use to see passing
front my eyes - and instead it was in a
shape of a baby cradle of 30 years ago
made like this  instead of the trunk graph
those gold rays are all around me every when
I look my eyes open - Dear Dr Robinson it
is a pleasure - you have brought into my
life - I wish you could see the smile of joy
on my face. I am sure I am going to see
Dear again through God Power + your Teacher
When I can fully understand my list of Lessons

What puzzle me Well I really hear the voice
of God - Or is it led in the way for
those that has not seen the Light of God
yet - I tried it but did not have any result
- But Dr Robinson - I understand friend + other
thing - I feel all the time draws my attention
to "It" (God inward) I got to Laugh.

What next? You said It.

Thank you again + again for the Membership
Card. I am so proud of it. My poor Blind
eyes will see again the little angels come
in answer to smile on me and I love
this Book - for Pent a Cross - I tried to
pass it out to some one else - But I can
believe some they never read it - They got
there right God - I don't know God at all.
I will send you all the name and address
just as soon I can I thank you Dr Robinson
I love you - But don't tell your Wife about it
You will hear from me as I make of my decision

Dear Dr. Robinson:

In the first place I want to write my thank you in the million, Dr. Robinson for your help healing me so soon, thru the great God Power. God is so good to human in need of help. I feel in the depth of my heart, possessing faith in the course of your remarkable teaching that which I compare with earthly things, which are but dross. In the picture, I see you, with kindest thoughts each day, in reflection of love for God in your noble works, such a record well kept & true. This has been long since. I have not found out my dues to you are past, now do I know how much I owe. The week before to-day, I received the new lesson A. from you made me wonder if it meant my "forgotten payment" due to you, Dr. Robinson. I was afraid to send another "overpaid" by mistake again. So I must write for my bill from your Ac. Off. Sec. right to day. Believe me, Dr. Robinson, I did not and never will reject the Power of the Living God. That is my daily natural habit, as the matter of fact you mean to me more in your teaching than other teaching, priest or clergymen. I have no Bible. I should have written long before this, but was kept so busy most of the time, even to retire so late at night, hands, head, crowded with problems about new 4 large, rascals, or buying material to remodel the back room, before I let my own brother (widower) to live with me. Every thing is too high in prices, and winter is not far away. I never knew before that there were so many men being crucified, before Jesus, but that those men did not rise from graves in 3 days, to walk among men proving themselves as saviors, didn't they? I was taught in my school life that Jesus rose from the grave, descending into Hell called "Limbo", no flame hurt Him, & that he, only went down there to comfort all souls etc. I have had read lots of different religious booklets given to me. I never knew myself as a mystic, have read the "Mystical Body of Christ"

Dear Dr. Robinson: Saginaw 12, Mich
6-12-48

I intended to write before this, and also other times, but truly so much of work kept me out of writing. At the same time I can't forget my affection, keeping it strong - as I think so much of the Spirit of the living God through your true teaching for which I thank you with heart and soul. I want to tell you, Dr. Robinson that yesterday morning at 4:30, I woke up, but too early - so waited for 6 a.m. as usual - like others about going to work - but closed my eyes repeating statements, suddenly something like knocking my left arm, awoke me up. No one else in the house - recognizing it must be the Spirit of God - looking out of the bedroom window singing from heart, "Flowers of true friendship in the fragrance of love never fade between God and me!" Be it ever humble I can only raise words of hymns from heart.

Next Sunday I will be in

Flint, Mich to form a little group - as a good friend asked me to at her home. I had planned to start it here last May, but all days of that month was rushing orders, till late at 10 p.m. - for which I was badly needed for help, ending May 31. I was exhausted & back home, where I am still alone in sweet peace. Back between spine and right side of hip pain yet not yet healing.

I wanted to tell others in this City of the power of God etc. It is hard without my voice speaking as well as others, blessed with hearing and speech like you do. Some people seem to think more of making money than of God-law. There is an Orthodox Church just next block off here - yes indeed I have thrown out God for get the "gods" all traitorous, after having had fought mentally for my faith in Psychiana Religion last April. Will write little more next week - not feeling too good this time. Sincerely yours
Mary Deatsman.

Dear Dr Robinson

as one of your
students, i am writing to you
to let you know. How i am
getting along with my lessons.
I am getting along very well with
them. and i must inform you that
i am not all together new in
using the Power of God.

in 1936 and 1937 i was in a bad
way i was livin in rent and was
keeping my family on 1 and 2 some
time 3 Days a week

so i Prayed to God and told him
about it 3 days later my little 4
year girl came up to me and said
Daddy lets you and go and get you
a new job. i said all right hummy
and away went and when we came
back i had prospects of a job
the next day i went to work but 1 and
thanks to God for that 2 days a week

Then i had to move no morny no place
i Prayed to God again and again.

today i have a stone house witch
i built my self. and i could get 5
thousand for it any time Thanks to
the almighty God for that

i now friend i must admit that
i am going along in my lessons with
Caution for i am mighty close to
god to you can see that. i read

them and check them and double
check. now i believe in everlasting
life and also the resurrection of the
Dead. i cannot say that

is not true becaud. in Ezehill it
37 - 1 + 15 it states that he doud
this and Put His spuid in them
and they lived.

now you know as well as i do
that the Holy Bible, the Preachers
and Priests and tell us that
they do no tell the truth.

He God told them in the comandam
not to Hail marriage before them
and what did they do.

now i could name thousands of passages in the Bible to Proove my points I also do not believe that any body is going to turn into a spirit and go Heavon.

If we cannot live rightly on this good earth in harmony and Peace How could we live in Heavon. I live close to Reading. Pa and we have all kind of different faiths around any thing from Baptis to Quakers. we have Spiritual Churches near to. I am getting to far from my lessons but i do wish i could be out there with you for a whole day or a week. and talk these things over. I thank you for reading this letter and i thank God for every thing

I have for differen ones reading
 my lessons and they are coming
 to my house as soon as the roads

Dear Dr Robinson

I have studied diff. i
types of Religion since I
was 10 years old and I am
now 42 and have never joined
no Church

so I feel free to tell any
one that with their creeds and
Doctrines they are mighty far
from God

I read a book Published by
the Bible and tract society

Called millions now living will
never die. which I thought was
very true. But I think today

the name should read

millions now living should
never see Death

I also read one called
the Devil in the Church
which was written by a
nun which ran away from the
convent. they tried to kill her
for it to.

I have read dozens of others
to I am afraid that it is
to late for the spirit of god
to bring Peace and
harmony to this world
any more

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

my Dear Friend and Teacher:

I send my application for
your new Psychiana Course of
27 Lessons, and I will pay \$3⁰⁰
each month for 14 months.

I complete my old Course of
20 lessons in may, and receive
my membership Certificate, and
last week we had our 2yr old
Baby sick of Sores ^(Boiles) in her head and
my wife apply some salve and she
was the same and worse. So I
was reading my Book the Pathway to
God. while my ^{wife} went out, and I got
up and I put my right hand on
our Baby's forehead and I said

Spirit of the living God let
their be a complete health
on her life, and suddenly
the sore start bleeding until
all the stuff ^{Pus} come out and the
rest of the sores dissappear
and then the ~~next~~ next day I told my
Wife and then she was glad cause
our Baby was in good Health.

So that's the reason that I
believe in Power of the living
God. and I sure thank you
Dr. Robinson, and I will keep
studying my new lesson as soon
as they arrive.

Dear Mr. Robinson.

In regards to the groups that I'm suppose to have, very sorry to have to say this.

First of all I have no home, am boarding out and not allowed to have them come there.

Secondly the majority of the people here in Willimantic are Roman Catholics and refuse to listen to it.

But I'll tell you what I would like to do with your permission, I would go to the peoples homes and read the lessons to them, and if they're willing, have the groups in their homes and keep them going that way.

Well Mr. Robinson, here is something else I want to tell you about, is that I'm nearly sixty years of age and have had very little education which makes it doubly hard for me to teach others.

But I promise you that with God's help I will be able to carry on with your work.

I am willing to work as hard as I possibly can at Revealing The Power Of God.

Will you please help me out Mr. Robinson?
So very sorry that I haven't a car to go

Out in the country to shout my affirmations, that surely hurts me not to be able to do this.

Believe me Lfr. I'm as poor as a church mouse, so woud you please help me.

I certainly Believe In The Power Of The Living God, and nothing else, even though I am a Roman Catholic, I know^{now} that we haven't been taught that we could have eternal life, and also lots of other good and right things.

If you could only imagine how terribly it hurts me when I see people are not taking any interest in my lessons, but I'm not going to let that get the best of me I can assure you.

I'm going to keep right on trying and as hard as I can.

I am very interested in my lessons and love them more and more.

I will close hoping to hear from you in the near future.

Respectfully yours

Dear Mr. Robinson

I am writing you in re-
gards of the literatures that are
being sent to me, I don't think
that this is necessary for I am
already a member of the Psychiana
Religion.

I thought it best to let you know
about it, so that you may be able
to correct this so to save you trouble

As long as I had to write to
you I thought I'd take the oppor-
tunity of asking you a favor.

I have two Ladies out here that
would like to join the Psychiana

ount of the prices.

They are both poor and also under the doctor's care, so that makes it impossible for them to join, otherwise they gladly would.

seemed to be the darkest I started coming out of it and every thing I touched was a success, and when the lessons came I would stop what I was doing and would not do a thing until I read the new lesson I would go on all night and tell you about the things that happened that other people didn't understand. I do business now all over the world and I don't have any salesman, still every one that God is my only partner in business and I don't need any salesman. I have one notice on the wall in my shop which says "one on Gods side is a majority you are always together with God so make him an actual partner in your business" I have other notes on the walls I am sure I got them out of your lessons somewhere along the line.

Today I guess my business is worth nearly a quarter of a million and I have 600 acres of nice Farms and raise a lot of cattle so it proves that one on Gods side can have anything he wants that is right.

But after all the material things dont count too much today I spend more time thinking about the God realm and try to talk to all that will listen about it, the sad part of it is though so many are interested just while you are talking to them but they are not enough in earnest to keep following it up if they could only experience the peace which comes to one in tune with the God realm they would never get away from it you just dont have to worry about anything I know I dont have any worries any more.

I try to do all the good I can to others and enjoy doing so, I still wake late lots of nights but wake I was up at 2 o'clock one night and at 1 P.M. 2 nights off I got a new lesson and happen to be waking late that night I make an appoint to read it even if it is 2 o'clock in the morning I am in earnest about the God realm and this summer I intend to go out on one of my big Farms and go way back to the pasture about 2 mile away from every thing

Dear Sir,

I've planning for quite sometime to write you. But because of poor explanation and hand writing, I've neglected doing so. But now I feel that I must let you know how much your studies are doing for me, and to ask a question. First I want to say that my parents died when I was quite young. I was a very shy kid, and living from one family to another did not help the matter any. Well, I grew up to be a very stupid, and frightened person. Somehow I couldn't seem to behave as others, so I began hating everyone. I soon realized the error of this, so I became a member of a church thinking this would help. But, well I think you know the answer to that. I was the only in the church, that was so called stronger than I, in their effort to help me only made matters worse. I was a very unhappy person. I started thinking, if God knew everything, was everywhere, and could do everything, why didn't he help me. So I figured I had

to die anyhow so, why not make it sooner rather than die in torment on earth. But, I didn't have the courage I guess. Now I can see that deep down inside it's not death that I wanted, but life. I didn't understand, and I knew no one that could help me. At any rate, it was at this point of confusion that I met one of your students. She tried explaining to me of your studies. I only brushed it aside as a talk of the devil.

But later I grew more troubled, so my friend, by this time, tried talking to me once more. She even allowed me to read some of her lessons. After reading a few, I could hardly wait to start my own studies, and I must say that I am not in the least sorry, and I am on the the ninth lesson. I must say that I am a different person, and everyone says that I look much better. I thank to your wonderful teachings. Sir, when I started this letter I wanted to ask a question about the relaxing moments and the reaction I received, but I now feel that it may sound rather silly, so I shall wait until some future date or perhaps it will explain its self later.

Sir, I know that I have quite a space to cover yet, but I do not mind, because at the age of 36 I am just beginning to live. I've waited so many years without hope, that I don't mind waiting a few months with hope. Thanking you in advance. A very satisfied student

my health is getting better for I was in very poor health.

I have been a member of the Christian Church for 21. years since the age of thirteen and I reunited in

the church last summer
but I have never been satisfied
with its teachings I have al-
ways felt like our church
should have more power
than it has.

I am going to do all that
I can to help others to
get started taking these
lessons. but as you already
know there are some who
are so roped up in doctrines
that it would take a lot to
move them

you will find enclosed \$3.00

that I couldn't send it sooner

Dear teacher

it has darned on me for some time to write you and tell you how Psychiana has helped me. I feel like I have been born again. I wouldn't give anything in exchange for it. I have been a complete failure and a complete wreck all my life. I am now entering into my 53rd year last August I was broke out of a job and behind in rent and finally put out, but I came in contact with Psychiana through a friend and student of Psychiana. Now I am working, have a small saving account am able to increase it a little every week. I don't only see that bright light, but I know I am walking in that bright light every day. And I had the best Xmas I ever had in my life. I just knew wasn't anyone going to think of me. But I desired I talked to God. I got

double my desire. And everything came from persons that I didn't expect. I just received my fourth lesson. God was sitting here starting to study it I had a fullness in the upper part of my stomach like gas or indigestion, but as I read it went away without any pain. The power of God has removed some hard spells of indigestion for me before.

Thanks be to the Power of God.
Dr. Robinson I could write, write, write and still not tell it all.

I thank God for you.
I thank the Spirit of God to know that it is my life and it is in me.

Dr. Robinson, Dear teacher & instructor
As I sit here to night talking with the spirit
of God I thought of you and all of our co-workers
of Psychiana. I ask Gods blessing upon all.
And I am asking that the day will hasten
on that Peace & Prosperity will stand
out upon this beautiful earth that God
has given to us. But I know it will have
to come through Psychiana. I was reared
up in the Baptist church. In later years
I got in the Spiritualist church. I didnt find
God in either church. I found God last Aug
ust through a Psychiana member. And since
I get books of my own now and have the chance
to study to myself. I find it so easy and simple.
I ask God to hasten on the time when I can
have a little place of my own so I can call
in a few of my friend and we can talk
about the spirit of God. Dr. Robinson I
am not able to pay up in full. But I
sure would like to get a reading from

Dear Dr. Robinson,
Perhaps you won't be able to remember me, but I was once a student of Psychiano, a lazy and weak-willed student. I have thought about you quite often, and have wondered how you feel. You must truly be happy because you are constantly helping others like "Jesus" did. It may sound absurd, but I was reading, when all of a sudden I had an urge to write to you. It must be wonderful to have a place in life and to know what God wants us to do.

My dear Mrs. Disbrow,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

If your brother-in-law actually believes that The Power of The Almighty can instantly heal any disease he might have, it would not take him five seconds to claim that healing. So, in addition to holding the thought that he is going to be healed, he is going to have to act as if he already had received the answer to his sickness. It is the acting as if he had received it which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

If your father is not well at the present time, remember that there exists in him more of the healing Power of The Spirit which is God than he will ever be able to use. Therefore, the only thing for him to do is to recognize this mighty but invisible Spirit of God which is within him for his use, and realize that no disease or illness can withstand this great God-Power.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within your husband and may be spoken into existence NOW. Maintain your confidence in The Living God, and as better days and new hope come your husband's way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then your husband would be very foolish not to avail himself of that remedy.

Rest assured we will do all we can spiritually.

Dear

Dear Doctor Robinson - I am not much good at writing. But I just have to write as the urge to do so has been so strong. I am now on my 16 lesson and results are so great I can hardly believe them my self. of course you have heard all this before so many times it isnt new to you or your staff of workers.

I have spent a good many dollars in my life But I never spent a dollar that has brought me so much before & that seems to keep on working for me. I wouldn't trade that 1st dollar's worth spent with you for all the wealth in the world. Because wealth you can lose but God will be with me always. My world was sure upside down. everything bad happened all at once.

(2)

And it was about the time I was on my 3 lesson. Believe me I really got to work on them + in earnest - as I could see at the time there wasnt any other road to travel

I was in a corner + couldnt get out. also I had 2 grand children to take care of + feed beside. and at that time no one was working + my husband sick. + that wasnt all but it would take a book to tell all so we will just leave it that I was down for the count. That was in oct of last year. now just 6 short months we are all looking up to the top again. another bad thing was that I was a chronic worrier.

But believe me after 45 years of doing nothing but work + worrying. I dont do it no more. It sure didnt get me no place. Now I just tell God about it + let it go. He manages to do a far better job than I have ever done. Oh yes I talk about my studys + I have had some fun poked at me

3/ That doesn't bother any more either. One good Baptist woman friend of ~~my~~^{mine} read your 1st lesson + then said she couldn't read any more of them as they go against her religion. She is a good soul + I did try to help her. I have also lent my lessons to several others that I knew were not right at that time able to pay for them. Also I lend them all your writing that I have bought so far. They think you are a wonderful man. + I agree with them. God bless you for ever. I haven't struck no gold mine or am I immensely rich in 6 months. But I do have a peace of mind and I am happier day after day.

Yesterday your Biography of Your life came. I didn't go to bed last night till I had finished it. so I did miss sending my thoughts to you at 9 as it was 10:30 before I finished it. I looked at your picture of your self at the organ + it was just as I had pictured in my

4/ mind. In my 16 lesson I recieved your
1st Bulletin I think it is just right & would
love to recieved one often. Mr Robinson
you have so many good students why
couldnt each one send a dollar or more
to a fund that could be used to help
place your ~~letter~~ lessons in everybody's
hands that need & want them. But cannot
pay. I am sure after the 3 or 4 lesson
if they do as you tell them to they could
all pay them. It would give everybody
the desewed help that they need. This old
world is in a terrible mess. I would love
to see your picture & advertizing in all
the daily papers. It would sure wake a
lot of people up. well I better bring
this to ~~a~~ close as it is far to long now.
Mr Robinson would you please send a ^{prayer} ~~paper~~
for my ~~father's~~ eyes. He has cataracts.
Also my brothe in law has diabetes Mr
say no hope for him. My husband has a

5/
tumor in one lung. I have already told
God all about ~~them~~. But I would feel ^{better} if
I just knew you had said a prayer along
with mine. Thank you. I lived on a ranch
in Montana for 5 years. If I could only
smell the pines once again. I would
be a very happy person. I do now
when you get out in the woods under the
trees you are very close to God. It is as if
he reaches you so easy. I felt that years ago
when I was a very young girl now I know
what it was.

I do hope I haven't made this to long
as I know you are a very busy man.

There is some mistake about my account. You sent me a letter offering me 26 lessons for \$25. I wrote you that I could take them if I could make two payments and enclose \$10 each for the first payment you sent me the lessons right away and told me I was a student of Psychina with a card then I sent you the second payment of \$15 ^{Cash} which you acknowledged that made the \$25 in all.

2.
later on I sent for your
auto-biography and enclosed
\$5-cash for it and received
The book O.K. which I enjoyed
reading very much you have
a lovely family also had a hard
struggle in life. Now you wonder
why I do not teach but I have
no desire to teach what ever
I have had many manifestations
of the spiritual life in my life
I took your lessons to compare
them with Mentalphysic, the
Kahunas, & Qahspe. ^(I study) I am
like you a searcher after
spiritual life. I do not
believe we die only step out

I can and believe^{3.} in the power
of mind over matter but it
seems to me God has his own
way of enlightening this world
and it is not an easy way by
any means. You say he does not
care what we do. I cannot believe
that No God is Love and I believe
he is a jealous God, he loves every
thing he has made if he had
no love he could not understand
the troubles of the world or the beauty
before his eyes. There fore all the strife
Why even I have felt his love
in differant ways and know
when he is near. Here is a little
Poem of inspiration I wrote
(over)
some years ago:

My God is always with me
I feel him in the air
I see him in the sunlight
And on the storms he rides.
A God of glorious might,
His beauty shining through them,
It is beyond compare,
His Love is always constant,
I feel it every where.
He is deep within the sunset,
And in the pale moon's light,
I even feel his presence
And see him in the darkness
of the night,
I sometimes hear him whisper
I have loved thee all thy life
I tried to draw thee to me
But there was so much of strife

5-

But now that thou has come to me
I know thou art my own
A little bit of heaven
A chip from off my throne.
I treasure you my loved one
as something precious too
and draw thee ever nearer
As my Light encircles you.

Dear Dr. Robinson,

This letter can never state the appreciation I wish to convey to your organization. My lessons are priceless to me and I wish I could memorize every word in them.

The truths are very evident in your lessons, especially when compared with

present religious teachings,

Someday when I take a trip out West I shall certainly stop in to talk with you if possible. Indeed, you deserve all congratulations on your great advanced work.

I also shall send for the advanced course of Psychiana literature.

Have been keeping a notebook of the statements which seemed most important - to read over & over again.

Yours Sincerely,

Every thing seems to be so ~~be~~ wonderful, my work is like play even people seem to look ~~and~~ better to me. My wife even says that there is surely a great change in me. I told her that this is truly life at its fullness. I am a ~~complet~~ ~~complet~~ changed man. even my thoughts, I walk different. I drive my car different I work different. I deal with people different ~~changes~~ I can see quite a change in my ~~also~~ wife also. although she still tries to tell me that the church is right and she has ~~been~~ putting up lessons trying to tell me that they were not of the lord, or god. But each ^{time} I would read them I would fairly glow with joy. But she would always read them when I would be away so that I wouldn't see her. Her not long ago I ~~she~~ told her that I would part with any thing on this earth but this. truly this is life and

life at its fullness.

Dear Dr. Robinson,

I am sending you several of the poems I have written, as I promised. I hope you like them.

Someday, Doctor, I am coming to see you. I don't know exactly when it will be, but I do know that it will be. Every lesson I receive and read, seems to make me that much more eager to actually talk to you. I know you are busy, but even if I had to spend several months in Idaho, just waiting for an interview, it would be worth it. I read lesson #15 this morning and I must say I feel very sorry for anyone who is not your friend

They are missing everything!
Of course, as you say, for
a long time yet there will be
a few, who will be too blind to
accept the great thing that you
are teaching, but they will be
the losers! I want to say this
to you sincerely, that I would
like to climb up on the tallest
mountain and shout to the world
that I am your friend, and
then take every person one by
one who differed with me, and
argue them right down to the
ground! I have never felt so
strongly certain about anything
before in my life as I feel
about you and your teachings.
It will reign supreme someday,
I know. I have every lesson filed
in order, ~~whenever~~ I ever have
when

any children those lessons
will be the only "Sunday School"
they will know. I would like
to start a kindergarten for
just the teaching of Psychic:

Doctor, you asked in a pre-
vious lesson, to let you know
if anyone should feel any
sort of vibrations or see any
colours. Well, the other night
when I was being very quiet, I
did see colours; first they just
seemed to roll very slowly
through my center of vision, like
balls, reds, greens, blues, all
colours, then suddenly they be-
gan to flash past quickly, and I
began to tremble all over, and
thrills went thru me, just
like when you hear beautiful
music. Then it stopped, and I

I was almost out of breath, but
felt kind of warm and shiny all
over. It was wonderful! and
I felt I should tell you, because
you specifically stated about
the colors, and I don't know
whether the other was the
vibrations you meant, but, if
so, I had them!

and, incidentally, the friend
about whom I wrote you, had
had only a very little swelling
in one hand during the past
three weeks. He can't get over it!
He was skeptical when I told
him I was writing to you, but
I kept saying to him, "you'll see,
first thing you know, you won't
have any swelling at all!" Now
he is beginning to believe - I would
not be surprised if you heard
from him in the near future!

3) Well, Doctor, I will close
for now, and not take any
more of your time, altho I just
cant help writing you once
in awhile, as I like to talk to
you and let you know how
I feel.

Again, I hope you enjoy the
poems and I'll send you
more if you'd like them.

So long for now
Sincerely, your friend
and student

To A friend

By Elaine Dougherty

As I have traveled, day by day,
Along the "road of life,"
Thru hours dark, and moments
gay, -

In gladness, and in strife;
I have met many kinds of
friends,
Some false ones, and some
true,

But I have yet, to find a one
That's half as fine, as you.

"Reverie"
By Claire Dougherty

As twilight steals across the sky
To kiss the sinking sun goodnight,
One by one each silver star
Breaks thru, to make the heavens
bright;

Soft darkness then, with gentle
hand

Spreads her mantle o'er the land.

A pale white moon sifts thru the
trees,

So bask the earth in tranquil light,

Then quietly, my heart and I

Go forth, into the silent night.

There, upon a moonspeck knoll,

While all the weary world's at rest,

I tell my thoughts and dreams to

God,

His presence strong within my breast.

Then, as night's magic weaves its
spell,

Sweet memory comes, to take me
thru

A thousand golden yesterdays

To relive each hour spent with
you.

My heart's own prayer, is that
you know,
wherever, dearest one, you are
The love I pledged to you, will be
Eternal as each distant star.

Soon now, the moon will drop
from view,

The silver stars fade out of sight,
Giant, gray fingers of the dawn
Will steal away the velvet night.

But deep within my soul, I feel
A soothing peace, my cares set free—
By these hours spent with God and
you,

In sweet and sacred reverie.

"Close to God"

By Elaine Dougherty

Have you ever stood on a
hilltop, high
And watched the sunset's glow?
Or looked at a merry, rippling,
brook
On its happy journey flow?

Have you listened, with awe, to
the "wild wind's" wail,
As it sweeps across the sky;
And heard the songs of the
care free birds
That thru the woodlands fly?

And, have you, thru these wood-
lands walked,

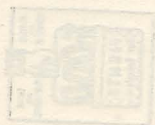

And found deep solace there?
Within your soul felt that
"mystic hush",

Like the peace that comes
with prayer?

Do you love the simple
things in life,
Like, 'moonlight on the snow',
The sound of 'rain upon a
roof,
All things, that live and grow?

If you have known these
'Blessings'

As along "life's path" you've trod,
True happiness belongs to you,
For, you are "Close to God"!

Dear Dr. Robinson,

I sincerely regret my delay
in sending you the ~~\$450~~ bal-
ance for my lessons.

You stated in your letter
that I could send only \$300,
but I feel that the results,
and benefit which I have
gained from your lessons, is
more than worth my sending
the entire amount.

I am not only feeling
better mentally and physically,
but have every prospect of
a very successful career with
my pens, as three of them

have been accepted for musical compositions.

So you see, Mr. Robinson, I feel that through you, I am almost an entirely different person, as far as my life in general is concerned. In other words success has replaced failure, just as you taught me that it would.

You would have received this money before, but my husband took a month's vacation and we were away.

I wish I could find the right words to tell you just how much I admire and respect you, and I hope someday soon, I may have the privilege of meeting and talking to you personally.

It was probably a little

gloats of me, but when I
read my last lesson, I cried
just a little, I couldn't help
it, somehow. It was like saying
farewell to a very dear friend.

However, I do think of you, es-
pecially during the hours that
you are playing your organ,
as you asked your students to
do in one of your lessons.

They are one thing I will never
part with, and I shall continue
reading them over and over.

Now I must say farewell to
you. Thank you and may the
Spirit of God bless you for the
good you are doing in this world.

Ever your friend

That there was no Hell, only here

Always. I had not time to study nearly as much as I wished with 4 Children to care for as well as a sickly Husband.

We had many wonderfull healing in my Family through my faith in God and that he lived in us

Now your wonderfull lesson makes it so plain. Oh how I wish I might see and talk with you for just 1. hour. I know I shall when it is the right time.

There is so much I feel I should tell you. Just this 1. I stood by the body of my Oldest Son praying God to give him back to me God did after the Drs. said he was dead. for over 1 1/2 hours in

Dear Dr. Robinson:

I am so happy. It was only three weeks ago that I talked with GOD for the first time. Oh what a wonderful experience. I thank God for his Spirit in me.

We have had a lot of hot, humid days here this summer. One day some time ago my 8 year old son, Bernard Jr., who has to wear glasses, came to me complaining about how hot and miserable his glasses made him feel. Without even thinking I asked him how he would like it never to have to wear glasses anymore. He answered that he sure would like that so I began telling him how the Spirit of God in him could and would heal his eyes--and Soon.

I was surprised to find how much he seemed to know and has an earnest belief in God.

Only a few days ago I overheard him say "I'll be glad when I don't have to wear these glasses anymore." You see he is expecting the healing I told him he will get. He knows God will do it and I do too, but I would like you to help me as I feel a little unsteady about my power to ask God for this Miracle. Will you help me Please?

May God's Spirit abide with us always.

Cordially yours,

Dear Dr. Robinson;

Some weeks ago I wrote ~~wey~~ you concerning some poultry afected by an air born disease . I did not say anything about doing so to my husband , but I could see that they were improving shortley so I asked him if he did not think that they recovered sooner than usual . He said yes in some pens, of course you will understand that we had it on our place some little time before I wrote in and that it just goes from pen to pen so I asume that the last pens to get it were the wones which recovered so rapedly with your asistance in God's power, for which I wish to thank you.

It was not long till we were getting lots mote eggs , and saving some for the incubators again. Things shure look good now , of course I could use some more orders for baby chicks being that we havent been long in the hatchery business we are not well known as yet. Just the same we do have a lot more work to do now with things underway again and it makes one feel good just to have things to do and see things being acomplished.

Thanking you agan.

On my list I was supposed to get four more ^{30 in all} lessons. I have only received twenty six. My account is paid in full unless I received those four other lessons. I thank you for those wonderful lessons. It wasn't hard for me to give up old ideas and I can find only a few that I

right way. I feel more
satisfied and a different

My dear Mrs. Dykes:

Thank you for your good letter of recent date. It was a pleasure to hear from you.

Regarding the question you ask in your letter, your daily communion period should be of somewhat regular time. We all are partly slaves to habit, and once we get this habit of doing anything at a certain time, then it becomes easier to do that; this is also applied to your communion period. However, at any other time during the day or night, if you feel like spending quiet moments in communion with God, then do so.

The best time for your meditation period is just before you return for the evening. In these periods you may either use the affirmations which are given in the Lessons or your own words - whichever you prefer. However, until you have studied Psychiana for some time, I would suggest you use the affirmations given in the Lessons.

Many of our Students have found it very confusing to try to grasp two spiritual concepts at the same time. However, if you feel that you can devote the time to Psychiana and still carry on other readings, then you are perfectly free to do so. However, it probably will be confusing to carry them both at the same time.

All existing evils are due to ignorance of The God-Law. Sin is unbelief in the ability and goodness of The God-Power. You cannot use The Spirit which is God as long as you do not presume its existence. But, if you presume an intelligent, unseen, mighty Life-Spirit as being in you, waiting to be spoken into existence, the picture changes.

Dear Doctor Robinson,

Just a few lines to say I find the lessons most enlightening, I have loaned them to a Baptist Minister to read and he well was full of praise for the lessons. I told him how pleased I was to hear that as I quite agreed with him, though I am a little confused about one or two things.

I understand about the fifteen minute period of meditation of one affirmation before going to bed, except for one thing, must it be at a regular time to be effective?

On page 16 of Lesson 1 you ask us to commune with The Spirit of God. Do you suggest we do this every day in addition to the Meditation period just before retiring and are these same statements given on page 16 to be

repeated every day or is that meant
to be just for the first few times.
I want to follow your suggestions
as carefully as possible, so wish you
would make it a little clearer. If this
is intended for a daily practice would
it be to talk to The Spirit of God in
our own words or perhaps spend the whole
meditating on a particular statement
or should it be regarded more as a
silence period. Are you familiar
with the "Unity" teachings? I have been
reading Unity literature for a long time.
If so would you recommend that I
continue practicing the daily "Unity" affirm-
ations while studying "Psychiana"? Do you
suppose it might be confusing? I've
thought so at times.

Now in regard to the directions I received
at first headed "Daily Procedure For Every
"Psychiana" Student." I find paragraph five
hard to understand how can I honestly
thank God that I've committed no sins
which I need to ask pardon for when I
know I have. All my life I have been
taught that we must confess our sins,
would certainly be happy if you could straight-
en me out on this matter. Would you
please furnish me with the names of some
other "Psychiana" students near me in Central Fla.
I am sending 3 for this month, mailed the last on
June 4. Sincerely, Mrs. Herman Dykes. P.O. Box 225

My dear Mrs. Dykes,

Thank you for your good letter of recent date. It was good to hear from you.

When a person is beginning to contact The Realm of The infinite Spirit of God, many rather unusual Spiritual manifestations come to that person. This, however, is only proof that he or she is beginning to get close to The Realm of Almighty God.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to the men and women on this earth. When it is understood that man is the highest creation, of the Great Life-Spirit, the earth will be a paradise.

Dear Friend ^{and} Teacher: - file

I received my last lesson, from you this morning. Although I hope several more weeks of study with you. I confess there was a sad regret, when I realized it was the last one.

They have been a source of pleasure and comfort to me, spiritually, and I know I will receive many blessings from ^{the} God-Law, in a material way. My health is much better since I have been studying with you. In lesson 4 you suggested if for some reason, the student had not done the exercises, as they should, that they start at the beginning a gain.

This I did, not because I did not do them faithfully. But because I felt that I wanted benefit from so doing. I am glad I did for it seemed I read things in them, that I did not read before. I did not want to miss one thing in learning a part this great "Spiritual God-Law".

I am now studying lesson 13. I spend

from 14 to 16 days on each Lesson.
 In lesson 13 you asked if any student
 experienced strange vibrations, to write
 you. For some time I have been having
 strange vibrations of the right eye lid.
 And at times they are very very strong
 and not only when doing the exercises
 I ~~it~~ ~~it~~ ~~it~~ through the day.

At night when being the exercises, I have
 a very strange sensation, as if my entire
 body was being pricked by pins, my hands
 and face are wet with perspiration.
 It is so severe, at times, for a moment.
 I feel like I can not stand it.

And please believe me, when I say there is
 nothing hysterical, fantastical, or imaginary.
 I have never had any thing like it before.
 My desire I assure you is to learn more
 and more a part of Spiritual Law.

I shall strive to keep my self in tune with
 this mighty law. It would be with great pleas-
 ure if I could see you.

May this great "God Spirit" go with you
 through life. In the sincere wishes of
 your student (Mrs) M. V. Dykes.

P.S. You of Psychiana remembered me.

Dear Teacher & Friend:

Enclosed file
find my first payment \$2.25.

I just received your third lesson and yes it has made my outlook on life different.

I have always believed in the Golden rule, Do unto others as you would have done unto you, and have tried to live by that.

Even after your first lesson I have found a peace inside myself I never had before.

At this point I find somehow life is fuller, I seem to have found a greater understanding of all people around me, a greater feeling of kindness toward them.

I want to make every one

happier that I come in contact with
Already I have had a small
amount of success from a business
venture. It was unexpected.

Your lessons are good for me
I have had several people tell
me that just being with me
has made them feel better and
happier, that the day is nicer
because I was there.

I find that a reward really
worth more than I could tell you
I belong to no religion, I go to no
church but I live day by day with
God. Life is beautiful if I make it
so and with God's nearness it can
be more so to me.

Perhaps I can not express myself
very well in writing, but I want
you to know that I feel I am
being helped by your lessons.

Sincerely yours.
