Dear Dr. Robinson -

Received your letter, answer to
my letter I'd written you since I came to
Huntington. Thank you.

I am returning your requested
card for friends of whom I believe will
be interested in your teachings. My name
not mentioned -

I am re-studying your 20 lessons
I'd sent for some time back some
new light flashes before me as I
am re-studying them for instance God is
nearer me even in my very breath
than I used to know. Thank you rather than
hast heard me I notice your letter was
signed by Alfred B. Robinson - Why did
I notice this? Because I glimpsed in
the beginning of your writings you made
it clear ^{the} God Power in His little (life
then) in the beginning of the first seed
planted it was God's Power seeing after
the growth from that on. Congratulate
& Alfred from that time on every that married

Dear Friends

I am now reading "Lesson Five" - It is indeed wonderful - I never dreamed even of having such a wonderful teacher as Dr. Robinson - and I've had a few - and have studied the life and works of our Lord, Jesus Christ, all of my adult life - I can never tell you how much I appreciate the Lessons and the startling Truths

unfolded - My viewpoint
has indeed been turned
topsy-turvy - but I know
this is what all Christian
people have been praying
for - "Thy kingdom come
Thy will be done in earth
as it is in heaven" - for
so - so - long - and it
does not surprise me a
great deal - but fills my
heart with gratitude
and joy -

The sad condition I men-
tioned in my first letter
to you has greatly im-
proved - in fact the

Change is very noticeable -
Joe no longer finds fault
with my best efforts and
is drinking less - I am
learning to "do good to those
who despitefully use me"
Because I know God loves
each of us the same -

About my obligation to pay
for these Lessons, let me
say that I do intend to
do so - but right now I
am not prepared, but will
you please send me a
statement ~~of~~ the cost of
the full course of study,
and next month I will

"A Service Institution"

Send you a check, paying
in full - I hope this
will be satisfactory - I do
not have time to devote to
detail, that is, making
regular payments -

Again thanking you - And
with sincere love and
good wishes, I am

Your Friend

Dr. Frank B. Robinson
Moscow, Idaho

Dear Friend and Teacher:

As I have finished the study of your twenty lessons, a report as to the results of the course, and my reaction to the lessons is due you, I think. Because of lack of time and a desire to be thorough, I gave some of the lessons more than two weeks. However, I finished the course some time ago, so I ask you to pardon the delay in reporting. I have also received the certificate--for which I thank you.

When I wrote you for the lessons (in August '47, I believe) I think I stated that if I derived good from them, I would send you the ten dollars you cut from your regular price. I feel that I got a great deal from them; so enclosed you will find my check. I tried to conscientiously apply and use your methods, and I got results from the very start. Not as much as I hoped, but I did get results. Many times I was on the point of writing to you, but did not because I knew you were a busy man and so decided not to take your time. I think there is a great deal of logic and truth in the lessons. I can not say that I agree with everything, but I do with the greater part. However, there are some things that remain rather obscure. For instance,--I am confident that God is spirit, only spirit as you state; but to say that "He is Law" is almost too abstract, intangible, and indefinite for my comprehension. I can easily understand Him as spirit, and that He rules through law, law unchangeable, invincible, and divine: also that all law, such as law of gravitation, natural law, and biological laws etc., are but divisions, branches, or phases of that great divine law. Am I right or wrong as you see it?

Again you said that you believe that "Cosmic Rays have intelligence." I think it is now an accepted and proven fact that cosmic rays are waves, the shortest and most penetrating waves known: that they are part of the electromagnetic spectrum. In other words, they are magnetic radiations like radio waves, light, X-rays, and certain emanations from radioactive elements, and they differ only in wave length (and hence frequency). Now I can see how they might be caused, controlled, operated, and directed by intelligence, even the divine source and essence of all intelligence; but it is beyond me to see how they have or possess intelligence; or why or how we can claim intelligence for the shortest waves and not any of the longer ones. Again, I noticed your statement that "Cosmic rays permeate the atmosphere for millions of miles." As I understand the atmosphere extends only a few hundred miles at the most, I take it that you thought your readers would not be critical enough to make it necessary to say "atmosphere and space." I probably am too exact. Eh?

I would also say that the press report you quoted was simplified to a point of dubious accuracy, as is quite common in such reports. Wouldn't you? I believe (1942 data) a neutron, although hundreds of thousands of times smaller than an atom of Hydrogen, is still a little larger than a proton.

Send. N. P. App

Now I am not criticizing, but simply want to get you right. If you have the time, I would appreciate an answer telling me if and where I am wrong.

In view of the fact that you mention "the flight of birds" in your lessons, I will state that there is a very interesting and scientific article entitled "A Preliminary Study of a Physical Basis of Bird Navigation" that appeared in the "Journal of Applied Physics" of December 1947, Volume 18.

Again I wish to express my appreciation for the good I have derived from your lessons, and I am confident I would have gotten much better results but for doubts that continued to prevent and obstruct. I will enumerate an example of one failure. I have a brother in California who, while standing on a corner curb, two automobiles collided and swung toward him, striking him and breaking his leg in three places and producing a comminuted compound fracture below the knee. He was hospitalized for nearly a year and as a result of his leg being immobilized so long, the knee now has but 5% movement. I saw and examined the leg, and, being a physician, I understand the condition of the joint and what prevents present day medical science from normalizing existing conditions. Still, I admit nothing is impossible for God. I therefore sent my brother your lessons and tried my best to help him through your methods. However, no matter what I said of being "whole and normal", as I said it, the mental picture of the knee as I saw it and the mental concept that my knowledge forms of the existing tissue condition came before my mind. So, of course, I failed. In fact, I soon quit trying for fear of making him worse.

I have resigned as Elder of the Presbyterian church of which I am a member because I can not believe much of their teaching and doctrines. I still retain my membership because I like the good people there and believe they are doing good moral work.

As to myself: I am seventy-one years old today, but am in good vigorous health. In fact, people wonder when I tell them my age. I served in the Medical Department overseas during the First World War. When it looked as though we might get in the Second World War I was in Texas taking care of my citrus grove in the Lower Rio Grande Valley. My age prevented my re-enlisting, so as I was formerly a mechanic, as a journeymen, I came to Chicago to help the war effort. I am still employed here as a tool grinder.

I have always wanted to get into research work, and that is my present great desire. I have always been extremely interested in science. I believe there are truths of science that, if found out and properly applied, might place this country in a position of safety; and perhaps where she could unselfishly enforce peace among nations of the world, and prevent large and power crazed nations from making trouble and gobbling smaller ones. I know my age is against me, but I still

hope and desire to land in some worthy research work.

Again thanking you for the lessons and the thoughts and truths found therein; I remain--

Your grateful student,

Guy G. Eddy

Dear Dr. Robinson,

Enclosed you will find a money order for \$3.00 for application of Psychiana Lessons.

In my household there are three of us who are studying this and we wish to tell you how successful we have been. We first asked for a car and an opportunity arose to buy a good car, a 1940 Ford Convert. for \$300.96, a phenomenal buy for anyone. This helped the owner who no longer cared to keep up the payments and helped us for we live in the country and needed transportation badly. I did not have the entire amount and my sister volunteered to pay cash and let me in return pay her. We are now knowing God will supply the money to repay her at once.

I have a novel about ready for publication and know the book as well as moving picture rights will be sold. We will of course report this to you.

Psychiana has not only met a need in our lives but has changed our entire outlook. It is a wonderful thing and surely the Christian Churches will see the wonders worked and accept it.

Yours truly,

Tell Your Friends

There are scores of people, friends of yours and perhaps hundreds of people who would give almost anything to know of the existence of the truths being taught to you. These friends will esteem it a favor and will thank you heartily if you will call their attention to this teaching. If you prefer to have us call their attention to it, print the names and addresses of these friends plainly on this form and send it to us. Only give us the names of those friends you are reasonably sure will be interested in this line of thought. Do not try to think up names but just give us those whom you are reasonably sure would like to hear of this teaching. We shall appreciate this and you will be helping to carry the good news of complete liberation to those who may not see our national announcement. We will not mention your name.

Thank you very much for this courtesy.

Dear Dr and teacher,

Your Christmas wishes received
thanks. I cant understand
why God would let there
be another war. it would
seem that the devil was
more powerful than God,
in the Bible we read when
God turned the world over
to the devil for a time
that he may temp the people
then in his own good time
he would take over again
well it looks to me now
is the time to take over if
he ever intend too.
seem to me this God was
not a verrey loving God

2. for he did many things I could not have done I was always so glad I did not live in Bible times, but now they are getting as bad, now I say God can stop all this terrible crime as he is a power God. he can do any thing and he can change peoples thoughts from bad to good so why doesnt he he can change Russians thoughts from war to peace so why doesnt he we have a bomb so let our Government use ours on Russia before she can use hers if she has one on us God is all powerful so he is the one to look to

for five ³/_{no} more war —
the God Law is helping me
and I am so thankful,
all the lessons are grand
now Dr I would love to
own all your books, but I
am unable to buy any more
I don't know of any more

world knew all about this
course then we would have
no more wars. I hope that
Russia can be ~~kept~~ kept

My Dear Dr. Robinson:

and Teacher:

File letter

It has been a long time since I last wrote you, but that doesn't mean you and your teachings has been forgotten for that will never happen, for it was you who gave me what I had long looked for, yes I joined a Church when I was 18 and started a good and loyal Christian life then married and was blessed with two children - a Boy and a Girl, and for about 4 or 5 years I was active in the Church and studied the Bible under a very learned man, but never was I satisfied as to what it was all about but as the saying goes I just followed the crowd and kept trying to find the missing thing that would satisfy my longing. and then the first bad blast came my home was broken up, and I wandered to New York City, and from there I came to Rochester N.Y., and I still looking and hoping to find the long looked for, well I started to attend different churches and listen to their teachings
(over)

Then I had a Bro Mason that was a Seven Day adventis and he had to come to his Church and I would find what I was looking for, so I had nothing to loose so I went there for a while but to no avail, for it was the same old thing, and as Danial would say to me Earl what is wrong with you? that you are so hard to please. for we have the real teaching of Gods word, and I just replied A Dom I will not argue with you but you have not got what I am looking for and he went so far to think I was a nut. I just said very well - but maby some day I will find the missing link and then poor dam passed away and as I stood beside his casket looking at his still cold body I said well Brother have you found what you was so sure you would find after this life? but of course he could not reply so I am still wondering if there is anny thing so great to look forward to as they preach, well that was arond 1932 then in 1933 I was reading a book one day and

and saw your ³ ad and I wrote you
and soon I received your reply with
all the dope, and to my surprise there
was the answer to the long awaited
search, and you can believe me when
I say I have been greatly benefited
by youring the many things I learned
from those 20 lessons. called them
the God that nobody knows, yes Dr
I have been in some very tough spots
at times since 1933. But by youring
your teachings I have worked my
way out. when I know I never could
of without your teachings. I would
like to write you some of the tight
spots I have been in and how I youred
your advise and what really hapened
but you are to busy to listen to my part
Even tho it dose concern you. well now
to get to the reason I am writing you
that I received a circled letter from
you so a few days ago telling about
your new advance curce, and I have
so many times wanted to go on with
your Stochies but you see I am getting
well along in years and have had
so many reverses that I did not have
the Dollars to spare. and now this

Letter says you have changed the lessons
 from 20 to 105 and are charging \$100.00
 in advance, or 236 ²⁵ Time payments
 So that puts an end to any
 intentions I might of had of ever
 getting any more of your Grand
 advice, for with the high cost of
 Every Day living and no work these
 Days, well I will just half to forget
 the future and rely on the past
 and be thankful for what I have
 learned. So now wishing you the
 very best, I shall always remain
 your true and loyal Student

Gentlemen:

Enclosed is my check for \$2.00. Please mail me:

"A PROPHET SPEAKS". . . . \$2.00

I have been made very happy through the wonders revealed to me in Doctor Robinson's lessons.

As yet I have had nothing outstanding happen to me but I have great expectations. However, God is taking care of me and he always has.

The one and only thing about Doctor Robinson and his teachings,-- bless him,--that I do not understand is that although he knows of the possibility of Eternal Life here and now, he has resigned himself to the event of his dying someday. This casts a dense shadow upon his teachings so that I cannot see the Truth as clearly as I wish. I have just finished reading his Autobiography; this book is worth hundreds of dollars to me. His expectation of death I found twice in his book. Now, he, of all men, should have faith that he will live forever!..Dr. Robinson, I resent your expectation or resignation to death!

I am going to expect that some day I will have some money with which to pay for some lessons to folks who cannot afford to buy them. However, at the same time I feel that there is no one who cannot get hold of a dollar, and if they study the first lesson according to directions/ rather, instructions, they can get the remainder of the money necessary to complete the course. Also, most people or persons do not value anything they receive without putting forth some effort.

May showers of blessings continue to fall upon Doctor Robinson and his loved ones and upon the Psychiana organization.

Very truly yours,
Mrs. Roy L. Ellison

Dr. Frank B. Roberson:

Dear Teacher and Friend.

I am glad to report to you my progress I've made since studying Psychiana. It is wonderful to find the true meaning of God after so many years of trying to believe what your better self would let you believe. My thanks to God and to you, for without your simple and plain teaching of the truth I would surely be floundering around not knowing where to turn for help and understanding.

Though it has taken me

a long time to really get rid
of what I was brought up to
believe, it was harder because
of my mother being such a strict
Christian and dowing me for
studying this wonderful truth
you have so unselfishly handed
to me, made it hard, but now
I know it works and I do under
stand about the spiritual God
Law, and am using it every
minute of the day I haven't
had any big things that I have
asked manifested, but so many
little things. Recognizing the
Present of the living God-law
has taken a load off my shoulder
I dont see just how these thing
will happen neather do I know

right now just how I will meet
my bills. But never before have I
not worried, now I am doing
my best and trusting God for
the rest. And I am content in
this trust.

Thanks again Dr. Roberson
may God keep you and help you
to carry this truth to every
man woman and child, that
they may know the Peace of
God while still living

Sincerely your friend
and student.

Dear Dr. Robinson,

~~Return~~

I have hesitated to write to you until I had read and studied a few of my Lessons.

After receiving my Fourth Lesson, I have been convinced that there is a real God and I begin to feel his presence in me more and more.

I am really getting a more thorough understanding about the Spirit of God than I learn in Sunday School. I feel like I am living a real and happy life. I have been married five months to

a widower who is much older than I
am. This is my first marriage. I was married
at the altar of my church and was not nervous.
My husband and I are both very happy and
I have a very nice home and garden. When
I was younger, I was quite nervous. When
I started reading your lessons, my whole
life has been changing. I am not as
nervous as I use to be. I feel as though
I can relax more after I go to bed. For
the past five years, I had a worry
which could not be helped. I had this
growth of hairs on my face which
was very embarrassing. I tried to do all
I could to prevent it. I prayed every
night to God to help me. I finally
found a remedy in the past year and

through God's will to go ahead, I have
found my relief. I have been taken
treatments for a year and it is almost
cleared up. My face is beginning to feel
like my natural self. I feel that my
great worry has vanished. The more
I read your lessons, the more I feel
God's presence in me. After doing the
exercises, I also feel better. Before I
was married, I was quite upset
and not happy. My husband was also
quite upset over the loss of his first
wife. We are both happy now and
really enjoy life. I enjoy reading everything
you sent to me. I am feeling the
great change in my life through your
fine work. I also enjoy reading your

book called "The Way." I do hope
the "Spirit of God" will bring peace
to this world in which we live in.

I will keep on the way and strive
to learn more about that "Great Life
who dwells in me." I am sending a
list of names to you. I certainly want
to thank you for everything and may
you continue this great work of the
Spirit of God. The names are listed below.

My dear Archbishop:-

Return

Since first reading and studying your lesson, I believe that I am entirely a different person i.e. spiritually, not that was looking for anything particular, but found the consolation in the ease of mind.

Although I studied Hebrew in my childhood and believe that I know something about religion I never looked upon the Spirit of God as you put it and am happy to say although not very religious I am very happy to say, you put me very close to God, yes! I feel that I am part of Him and that He is with me and in me at all times, wonderful feeling

I received Lesson #6, but failed to receive Lesson 5 which I miss and trust that you will mail same to me.

I can not for the life of me, how anyone reading your lessons can disagree with you, in fact I spoke to a very dear friend whom I served with during the world war I

who is now a Monsignor in the Catholic Church in Boston about God and the Spirit of God and he agreed with me, that to pray to the all mighty God direct is a very good way, I realize that he could not agree otherwise without mentioning the as you call the idols, but that is what he said "David you pray to God direct and ~~He~~ will hear you and help you." "God Bless you Dave" and that is more than confirmed my believe in the Spirit of God

Trusting occasionally to hear from you I am very truly yours

Since I Met You, I'm Not Afraid

EDITOR'S NOTE: This paper prints this letter for the benefit of those who to date have not read it. This poem was found by a private on the body of a soldier killed in action. The poem was sent to the dead hero's wife.

Look, God, I have never spoken to You,
But now I want to say how do you do,
You see, God, they told me You didn't exist,
And like a fool, I believed all this.

Last night from a shell hole, I saw Your sky
I figured right then they had told me a lie;
Had I taken time to see things You made.
I'd have known they weren't calling a spade a spade
I wonder, God, if You'd shake my hand.
Somehow, I feel that You will understand.
Funny I had to come to this hellish place,
Before I had time to see Your face.

Well, I guess there isn't much more to say,
But I'm sure glad, God, I met you today.
I guess the "zero hour" will soon be here,
But I'm not afraid since I know Your're near.
The Signal! Well, God, I'll have to go.
I like You lots, this I want You to know;
Look now, this will be a horrible fight,
Who knows, I may come to Your house tonight.
Though I wasn't friendly to You before,
I wonder, God, if You'd wait at Your door.
Look, I'm crying! Me! Shedding tears!
I wish I had known You these many years.
Well, I have to go now, God, good-bye!
Strange, since I met You I'm not afraid to die.

In the flowers that bloom in the spring, the grass which pokes its blades up through wintry snows, and the wonderful sunlight all constitute these manifestations; and, if you but point these out to your children, I am certain that they will grasp the idea and will be more appreciative of the wonderful manifestations of God which we see around us each day.

here. We would like very much
to do that. We have talked and
showed some of the lessons to
some of our church Friends
but they wont listen, they all
have had some excuse, such
as they have not any time
and one lady told me her eye

sight would not allow her to read that much, she had her bible to read. We are doing all we can to help ^{our} family. I write good long letters to my Daughter and Son in law and they expect it kindly, They listen. They are good people. But they did not know ~~about~~ about a religious Movement like Psychiana before. We will try to help them. We are studying the lessons thoroughly and earnestly and are endeavoring to the best of our ability. To enlighten our sons, But as yet, we have not been able to get them to study the lessons. We have never seen

any thing like them before and I cannot find words to thank you enough, for urging me, ~~me~~ in accepting them, and we will never give up trying, until we lead them to know the Spirit of God. Then they will teach their children, I am very sorry to have to tell you that we cannot send all the money for the lessons just now. As we are on a pension, and it is small you know the cost of living is very high, and we must pay our bills we just have enough to get by on. We would like very much to do you this favor

Sincerely your Friends

Dear Friend and Teacher

Please find enclosed \$2.25, Payment, for Psychiana lessons, I received lesson 18

and I have received a great deal of help and comfort from it, I believe in the Power of the Living God perfectly, I don't know how I lived so long, without knowing where the Spirit of God is but now I know, and I know he will never leave me again, I am teaching my granddaughter all about it and she loves it and, she says she will never believe again what the Preacher says again, that God is away up in the sky.

Her health is better now, than it has ever been before, I taught her how to pray.

I Thank you kindly for every thing, every help we have received.

One needs to but look around him to see the actual manifestations of The Spirit of God. In the flowers that bloom in the spring, the grass which pokes its blades up through wintry snows, and the wonderful sunlight all constitute these manifestations; and, if you but point these out to your children, I am certain that they will grasp the idea and will be more appreciative of the wonderful manifestations of God which we see around us each day.

Dear Mr. Robinson,

Dear Mr. Robinson
I hope you are not too busy to read my letter. We haven't had anything but success since we first started your very wonderful lessons. I can't begin to tell you on paper how many good wonderful things have happened. I haven't been very prompt with my payments, but will pay you in full.

The only problem that I have come across that bothers me greatly is the telling and answering questions about God to my two boys. I don't feel as if I satisfied them.

They are fine honest, clean boys and I want them to stay that way over.

I cannot afford any more

appreciate just a few words

I suggest that if you have an affliction, you consult the best physician you can find and follow his advice. The Power of Almighty God works through the illumate mind of a medical man, just as it works without it. If the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Before I had finished the 5th lesson things began to happen so fast I could hardly realize that all those good things were actually real, and I feel would be unfair not to tell you about it. I built a new home, all paid for and have a nice bank account on hand. which I am very grateful for. Dr. Robinson my left eye is weak and I have not been able to get glasses that are any benefit to that eye. I will appreciate your assistance and know you can help me.

PAYABLE IN ADVANCE

Total price	\$ 34.75
You have paid	\$ 5.50
Balance to pay	\$ 29.25
Amount due now	\$ 4.50

We do not send a receipt for your payment as each payment will be recorded in your next statement. Send all CASH PAYMENTS by Registered Mail only. Make checks, drafts, etc., payable to "PSYCHIANA," Moscow, Idaho.

Your enrollment was received on the 15th of the month, thereby making your payments payable on or before this date.

WHEN YOU RECEIVE A BILL

TO RECEIVE A BILL IS AN HONOR, Instead of getting all riled up when the mail brings you a statement of account, you should be genuinely pleased. For the bill is an indication that someone has faith in your honesty.

If you never received a bill (unless you always pay cash) it might indicate that no one is willing to grant you credit.

Credit is the most valuable thing a person can have. Money may be had by various means, but credit comes only from years of honesty and prompt meeting of bills when due. When you pay a bill, you are merely being honest.

When you receive a bill, then, meet it if you possibly can. If you can't, frankly tell your creditor why you can't. You'll find him more than ready to meet you half way.

Cherish your credit as you do health, happiness, and other priceless boons equally rare and elusive.

Dr. Frank B. Robinson
Archbishop of Psychiana
Moscow, Idaho

Dear Dr. Robinson:

I have not written you since I started the Psychiana instruction, as I have been so busy. I have not been too busy, however, to read and study each lesson of Psychiana. It is the most relaxing recreation I have ever found. It is almost impossible to lay down a lesson after I have finished reading it.

Lesson Twelve arrived yesterday. I have read Lesson Eleven over and over, and each time I read it, I feel that I have gained more of the knowledge and power of The Spirit of the Living God, but I am not sure that I am ready to shout the three words POWER, POWER, POWER. I want to be sure that I am ready to receive the power that I am sure I will receive from this exercise. When I finish reading Lesson Eleven I feel that perhaps I am ready, but after a few hours a little doubt creeps into my mind. I am confident, however, that with my intense desire to find this power, that one of these days those words will burst explosively from me and I will know that I am ready for that wonderful power. I am reading "THE PATHWAY TO GOD", and with the knowledge I am gaining from it, plus my lessons, I know I will receive and understand how to use the Power of the Spirit of the Living God.

I am a Baptist by membership, but for the last few years I have gone from one church to another, not knowing exactly why; but now I know that I was unconsciously seeking for something that I did not receive from my own church. Psychiana has it. And at this moment I feel so wonderfully happy that I would like to shout from the house top. "I have found the way."

If there are other Psychiana students in Colorado Springs, I would like to have their names and addresses, so we could work together in spreading this wonderful story. We have not started a study group, but I have interested others in the teaching of Psychiana, and perhaps we can start a group very soon.

Very truly yours,

Mrs William Ewing
