My dear Mrs. Fairfax,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Christian Friend

I received your kind letter  
in which I thank you so very  
much for taking so much  
interest in me. I believe in  
God for I am a Christian  
and have been in my early  
childhood, and I know all  
power comes from him  
and after receiving your wonder  
lessons I found that the power  
is within me and I was  
so sorry and worried that I  
was not able to keep them  
up I did not think you would  
send me back what I had  
sent you. But as my expenses  
is so much I am not able to  
keep up what I have. and as my  
lease expires where I am  
next July I am try to save  
a little if I can to buy me a  
small home to go in. but as  
every thing is so high I am

not able to get a down  
payment. so I dont know  
what to do. but as soon as  
I can if I ever can I will  
try to get \$500 to take the  
lesons. I dont want to do as I  
did before start and then  
not able to take care of it  
May God bless you and  
keep you to do the good  
work. Thanking you  
very much for what you  
have done for me

yours truly

Dear sir;

I have received Letters from you ever since you began to make public your philosophy of life, I recall your telling how it had put money in your possession, made you so prosperous that you had installed a pipe organ in your home and, and done many other things impossible for you to do before your discovery of the power of God. etc.

I recall how smoothly you had explained some of the errors taught in our churches and church literature in their efforts to bolster the foolish statements written two thousand years ago by ignorant Jews, for the most part, and I was made glad that some one had, at last, the courage to expose such rubbish. Why do our teachers and preachers skip around all those chapters no sane person should believe, telling our youth the bible is the word of God. thus poisoning their innocent young brains with lies. I say it is a crime and should be punishable under our laws. The fact is few read the bible, they are not interested enough to do so, it is sufficient for them to listen to the Prayers and preachings of the saints and try with all their might to BELIEVE all that they are told to, with a view of escaping that everlasting fire of brimstone which a kind and loving father has prepared for them. I am happy to relate, as education advances the fangs of this criminal doctrine are loosening up, we should soon have a new philosophy of life that would appeal to intellectual people and free as the air to all, I fear your lessons would be too long and tedious for a man of my age to learn and might be of such a nature as to interfere with my life policy which has served me well for 95 and 1/2 Years failing however to protect me from my arch enemy the influenza which has twice nearly finished my career.

Respectfully Dr W.A. Fargo

Mr. Frank B. Robinson  
Dear Teacher.

Here is one of your student  
Mrs Edith Burkman 26-23 95

I would love to have this  
picture a large one  
and son. one for my  
son. you may say

to want your  
because you  
only man that

has told the truth and  
made it clear to understand  
how to live and understand  
where the law of God exists  
you have told the truth.

If everybody would take your  
course we would have a  
beautiful world to live in  
while our body is here and

know our little heavenly  
spirits here and now. They  
want have any fear of  
death. they should live  
and enjoy the best of every-  
thing. And so as that  
spirit of God will continue

forever. yes, Conquer death  
And life' we did just  
that, when we all have  
read your teaching. it  
seem tho some do not  
care to learn. And some  
would love to but they  
are afraid of there preacher  
Well I tell you if that's the  
way <sup>they</sup> want it O.K. with me  
But I am not about <sup>to</sup> have  
any one to tell me because  
now I know where the  
Law of God exists. I say  
Again tho one up to this  
minute has told the  
truth, but you Mr Robinson  
Oyes the time will come,  
they all will come to  
me and want to know  
more about it. Nothing  
will stop you. I am still  
studying your course every  
time I read it I get  
more and more knowledge  
where the Law exists.  
it is getting very clear to me

now. it taken me a long  
time to grasp it. But I  
kept on and on read  
& reread my Course.  
The truth is in those 20  
lessons. it's All in that  
20 lessons. that is why  
I haven't send in for  
the other Course, for when  
I understand my first  
Course I know. I must  
fully understand every word  
in it before I get another  
one. All I can do is  
tell everybody who are  
interested. And who has  
to know more where the  
Law of God exist I be glad  
to tell them about your  
Course, for they will never  
know how to truly live  
until they have gotten your  
teaching.

Sincerely your Student  
Fahmann

Dear Friend and Teacher —

It is not my wish to accept the great good which I have derived from your teaching and not fulfil my end of the contract. I wish to know exactly how much is still outstanding against my account with you that I may make payment of same as soon as possible. The account no. is 37-123. I have finished the course: The second course I have taken with you, and I am not home the account stands. It has been a marvelous demonstration, however, the way I have been enabled to meet the payments. When I began my studies with you, Dr. Robinson, there were no visible means of paying you. Your two courses of studies have opened up new planes of thought to me — a new life — and I can only say "I thank you". Many atheists, too, have been dragged up out of the old — — — I call it "Idolatry", into something of the knowledge of the existent law of being that we have so fondly come to call the "God-law". I have passed your teachings on to atheists and they — in turn have influenced atheists. I want to tell you of an amusing incident which took place the other evening at a meeting of "intellectuals", a certain theosophist said to me, "There is a strange teaching emanating from Moscow, Idaho. I think they call it 'Psychicraft', or some such thing." He continued while I listened: "A friend of mine was telling me about it, and I told him he had best leave it alone, that it sounded like 'black magic' to me", when he had finished speaking I said quietly to him; "your fears are groundless. If there is any 'black magic'"

2  
worse than ignorance I should  
like to have a look at it. "I have  
been a student of 'Psychiana' for  
years" I told him, "and if there  
is deeper truth being taught I  
have not discovered it". Our  
quiet discussion aroused the  
attention of another member of  
the group. She said: "I read a  
book called: 'They have found  
a faith', and 'Psychiana' was  
given a chapter in that book as  
one of those who have found a  
faith. The discussion was closed  
by this remark from me: "Yes,  
they have found a faith".

after the meeting was over, the  
theosophist apologized to me  
profusely for having spoken so  
rashly. I told him I was very  
glad he had so spoken, for it  
gave me an opportunity of setting  
him right. He said: What makes  
me more anxious than ever to  
know more about it for my-  
self.

my enthusiasm has led me into  
so many fields of activity that  
I have not done feel justified  
to 'Psychiana' which I now  
intend doing. So Please let

we know exactly how much is  
owing on this account.

Sincerely your friend  
and student.

has helped me. I have had a  
~~very wonderful~~ time with the  
leaves, have seen things change  
for the best, up to the 14th lesson

very thing was good, I have  
stopped right there, my interest  
hadn't been the best, so I had to

about my to study, I have a  
dear old mother, who is 96 years old

she lives with me, I'm a widow  
as I just let her get the best of  
my money, for going to take up

leaves & never then I go on through  
when I think, I'll send for the  
other leaves

I have studied far enough to  
know that the God law really  
does make things happen, only  
put your trust in him & ~~then~~  
leave it there the results  
sure,

Sincerely

Dear Teacher

I've wanted to <sup>write</sup> you sooner but  
some how I kept on neglecting  
my self to it I want you to  
know today for at nearly the  
end of my lessons, but you  
might call me the happiest  
person there ~~is~~ for the Spirit  
of Almighty God is true believing  
I've had experience now, and  
I want you to know that when  
directing your wishes to the

goes undone when its expressed

nearly put it in words of glories

for will soon be on their way

soon, I know they'll be in  
shape soon, I actually know  
they have happened already  
most of the things but I'll  
have more patience: what I  
know will be my happiness  
in the glory of the Almighty.  
months ago, I used to think

my Almighty power, I did in  
the beginning have a little

Convinced of a lot of things which  
are known in my life since  
this study you see that's what  
really kills our people unbelief

My dear Dr. Robinson -

Thank you for your good letters. Knowing you are helping me with my problems gives me renewed courage and I am expecting fullfillment results now, to manifest soon - for I have waited too long. I must get the Realization that the spirit of the Living God is giving them to me now, for I am asking for only right, fair, just conditions & re-adjustments in my life.

The Rosicrucians are the only group who really helped me somewhat of the Protestant centres - the others, while doing some good - are too vague & abstract for serious evil problems to be righted. The Catholics I find

more definite in tackling evil.  
But your teaching (I have had  
only two lessons) emphasizes the  
most important pts. I feel the  
Rosicrucian is more extended &  
less emphatic about the pts. you  
excel in, tho' they do teach the  
Power of the God within.

Looking forward to receiving  
the other lessons & thanking you  
for answering my letters & helping  
me achieve my objectives, I am,

Sincerely,

Dr. Robinson.

I received the first lesson six days ago and have read it six times and have checked every statement that you have made, and also each passage of scripture that you have used. And I find that you have misquoted

Mat. 27 18.19. in our first lesson. I have been a bible student for the last 40 years and want to say that what you have said in our first lesson I have believed all of my life. You know that one writer in our bible tells us to try the spirits and see if they be of God or not. I am enclosing \$3.00 as my first payment on the 27 lessons that you are to send me. If I should want to pay more than the \$3.00 some payments will it be all right?

My dear Friend:

Thank you for your good letter of recent date; also, thank you for your remittance of \$10.00. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, y you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

What you or we may believe about Jesus, or any other Bible character, does not matter. It is not a case of what we have been taught or of what we believe. It is a case of "What are the facts?" There is not one word in The Christian Bible written by Jesus, nor, has there ever been known to exist a single eye-witness to any of the miraculous events which are supposed to have happened. Even that does not matter. What really matters is the one supreme fact that The Spirit of God exists here and now in each one of us. This is something we can know first-hand. A recent questionnaire circulated among students of several theological seminaries showed that the majority of those studying for the ministry did not accept the virgin birth, the immaculate conception, the crucifixion, or the resurrection. Nor, did the majority accept The Bible as The Divinely inspired word of God. We go along with this majority. However, what Jesus was or was not does not matter. If you find and use The Power of The Spirit of God in your Life, that does matter. So, we suggest that you follow these Lessons closely. The points you raise in your letter will be satisfactorily explained before the Lessons are ended.

May The Spirit of Infinite Peace be with you always.

Dear Dr. Robinson,

All my life I have been puzzled about the working of the spirit of God. But since studying the three lessons that has come to me it is being revealed to so plain that I wonder why that I had not thought of it before. I only wish that I had of heard of you twenty years ago, You ask me to write this letter and tell you just how I feel at this stage of our course. To do that would be just about as easy to do as trying to tell you where the wind come from or where it goes to, I cant, But I will say this, All my life I have not been entirely satisfied about my Christian experience, When I would look up for a ray of light there seemed to be a fog over every thing that the light could not shine through. I never could understand just why it appeared that way, but now I can say praise the Lord for the mist is gone and the light has broken through and I feel better than I ever did in my life

But as we move along I may want to ask a question once in awhile, Not for argument sake but for pure information. You are the instructor and I am the student, So today I want to ask this question. If Jesus was not the son of God, what is ment in the 3rd. Chap. of Mat. after Jesus was baptised that a voice out of Heaven said, Lo this is my beloved son in whom I am well pleased. 17th. verse. Well I am enclosing \$10.00 dollars this payment. I got the little quarterly (the way) and read it all before I layed it down and wished that there was more of it.

Yours very truly I am E.H, Fincher.

Dear Dr. Robinson:

It was good to receive  
your letter today - Thankyou.

I see by the testimonials  
you have included in your  
letters to me, that others have  
written to you telling you of  
their troubles and asking for  
help - and that they have  
received - may I be bold and  
ask for your help or advice  
also?

I know that you are a very  
busy man, but I shall be ever  
so grateful for any help received!  
As I have mentioned before  
we are in financial difficulties,  
we have our place up for

sale - but so far have been  
unable to sell it - either for  
cash or <sup>very</sup> liberal terms. We own  
12 lots or about  $2\frac{1}{2}$  acres of land  
at the junction of highways 93  
and 10A. We have the Shell  
Station + Store - my husband  
has to run it alone as neither  
of our sons are very interested  
and besides still in school. It  
wouldn't pay us to hire any  
one as we just make a  
good living - seems every time  
we have gotten a bit ahead  
we have had to spend it on  
Dr bills - so now we are  
several thousand dollars in  
debt. My husband is terribly  
disgusted and dissatisfied as he  
spends long hours in the  
Station + Store - every day of the

week from 7 or a little after  
in the morning until 9 or after  
at nite. of course that gets  
tiresome, I know - but he takes  
everything that anyone says  
or complains about so to heart  
that he is worried and upset  
all the time.

Therefore it is hard to talk  
to him and make him under-  
stand that things can be  
better. He has been dragged  
through so many churches  
+ religions by his mother while  
she was living and he was  
still young that now it is  
hard for him to believe any  
thing - yet I know that in  
his deepest sorrow he always  
turns to God for help.

Through The Spirit of God

within me I would so very much like to help him. I do feel that if he could sell and get from under this burden as he calls it he would feel free of obligations and I'm sure that with that off his mind, we, through the Power of the Living God and the Spirit of God within us, could very easily bring him back "within the fold." Through\* The Spirit of God within you help us if you can. You don't know how very grateful I will be - because I do so want to help my husband and boys to find the peace I have found through your one lesson I have recieved + through the Spirit of God that

dwells within me.

Words fail me when I try to explain how I feel, since I have awakened to the consciousness of the Presence of God so very close to me.

My heart is overflowing with love for everyone - I just want to jump for joy and hug + kiss everyone within reaching distance. Everyone remarks about how much better I am feeling + looking, they say it is a "miracle" as just two weeks ago they were wondering just how much longer I could last and then suddenly I am so much better.

Your first lesson arrived Aug 8 and from then on I have been improving rapidly.

just a week after your first lesson arrived. Aug 15. I had two very normal bowel movements and last evening I had another - that is something really great, as I have been taking enemas for several years now - lately even the enemas didn't seem to help much - more often then not I'd just pass a lot of mucus and that would be all. I had a lot of pain & discomfort - lost weight - couldn't seem to get up over a hundred pounds, had trouble eating & keeping my food down. Now I eat every thing - have regained my appetite and no longer am I distressed - or down in the mouth & blue.

I am so light hearted and happy - and - so very, very, thankful to you for your information.

Maybe this will help you understand why I cannot share my husbands worries or cares with him - I no longer have worries or cares, right now I havn't the money for my first payment on the lessons but I know I shall find it somehow. I feel too that all our troubles over money matters will disappear and we will come out on top because this is a good stand & location but I can't convince my husband of that - he is so good to both the boys & I that I do want to help him

all I can and through the Power of the Spirit of the Living God dwelling within me, I want to help him find the peace I have found for which I am so very grateful.

Today I recieved your invitation number three to fill out the application form you had sent - didn't you find the filled application form I sent with the letter you answered? honestly I did fill one in and sent it to you.

I am anxiously awaiting my second lesson, I have enjoyed the first one so very much. Even with all the company around I manage to read & study it each day - I can loose myself so completely in it.

I am enclosing the names of some friends - would it be alright for me to write to them and tell them how very much I have gotten out of your lesson?

I have enclosed the name of Mr + Mrs Rudy Jacobson, they live near me and we are very good friends - they are so very poor - on relief - he has been to Warm Springs several times - again just recently - I do not feel he is a hopeless mental case - I feel all he needs is spiritual help - they also have a helpless spastic boy - would you permit me to share my lessons with them? They are so sincere + earnest in their

longing and searching for  
God.

Here is another name of  
a very good friend of mine,  
I shall send in more as I  
think of them.

Dear Dr. Robinson:

Enclosed please find four dollars (\$4.00) for the first payment on the lessons and one dollar for "The Way".

I am enjoying my lessons so very much and can't begin to tell you of all the good things that have happened to me since the first lesson arrived. But the most important thing is that "I have found God" and through His Spirit in me I am enjoying better health than I have for a long time, now I am able to eat any and everything and never suffer any more, you just can't know how very grateful I am to you and your teachings. I have had so many things given to me since my first lesson, it is just like Christmas here every day!

I am still receiving your invitations to join under the name Mrs E. Fischer, will you please check your files and correct this, there is no need spending that postage on me, when there are so many that it can be spent on. Here is another name, Miss Evelyn Radtke, 7021 1/2 Cedar St; Huntington Park, California. She has spent quite a bit of time with me this summer and after she saw what happened here with me after she had given up hope of ever seeing me well, she became quite interested so I got her started on the first lesson. To my sorrow she had to return to Calif. so I promised her I would send in her name so you may start sending her your reading matter.

You know it is surprising how doubting and ignorant some people can be, they can see a miracle performed right in front of their eyes and yet they have their doubts and say the reading matter is nice, but they won't let it soak in or take advantage of what is told them. Isn't it exasperating trying to teach someone like that? Yet I suppose you have that to contend with every day. I won't give up but will keep on trying through "The Spirit within me" to teach what I have found and what has been taught to me. I know the party I am speaking of needs only "God" in her life to make her well- rather the consciousness of the Spirit of God in her life. But no matter what I tell her or what she sees or reads she still feels it is so necessary for her to run to the Dr with every ache and pain she has. She was here to see what happened to me just a week after I received my first lesson, yet she doubts and tries to tell me that I mustn't eat what I do just because a Dr once told me that I must not- she can see how very much better I am yet she won't believe what I tell her or place the credit where it should be placed. It is hard for me to believe that I too once was that ignorant, I don't see now just how I could have lived so long without knowing what I do now, to tell the truth I never really lived until just a few weeks ago. I can't find words to tell you how very grateful I am.

May God bless you every hour and day, keep your good work going and I will sincerely try to help those around me to understand just what I have found and what they can find too by awakening unto the consciousness of the "Spirit of God in them."

Gratefully yours,  
(Mrs) Evelyn S. Fischer

My dear Mrs. Fischer:

Thank you for your good letter of recent date. We were happy to hear from you.

We never give advice in domestic problems. This work is specifically religious, and all our time is taken in trying to reveal The Power of The Spirit of God to our Members. If you will use this great Power in every day of your life, the answer to your problems will, in all probability, flash into your mind.

Dear Dr. Robinson:

I have a few more names to turn in, so just can't help but write and tell you again how very grateful I am to you for your grand lessons. But I am far more grateful to The Spirit of God within me for the very wonderful healing of my body, it is hard to believe that so much Power can exist in one's body- but there it is, and I have a daily reminder every time I sit down to eat. For so very long I couldn't eat and was so terribly distressed if I did- now I enjoy eating everything without the least bit of distress or pain. No more enemas either and that is another reason that I am so grateful to God.

Last week I went to Kalispell to join the ladies of the knitting club I joined in 1939, all of them were amazed to see me looking so well, they just raved on and on about how well I looked, said I looked and had the vitality of a young girl rather than a woman of 39. They wanted to know what I was taking or doing. I told them that at long last I had found God and what a wonderful healing I had had. I just can't understand anyone not wanting to talk about a miracle they have witnessed, especially if they have had the healing I have had. I get to talking and can hardly stop, I get to writing to my friends and relatives in the different States and first thing I know I have nearly written a book. But I can't help it, my heart is just bursting with gratitude and joy and I'm just carried away with the wonders of The Spirit of God within me.

On the way home from Kalispell I stopped to see some good friends living on the shores of the Flathead Lake, they hugged and kissed me and then asked what had happened to me, they had seen me when I was really ill and just couldn't get over the change. I sat down with them and told them that truly a miracle had been performed, my body was healed and I have more pep and ambition than I have had for years. After seeing me eat they said they could hardly believe their eyes and seems everything I did just brought them back to the subject of my wonderful healing. Mrs Willis said she had received your invitations but didn't pay any attention to them, now she is sorry she destroyed them and says she certainly is all for your teachings, just before I left they told me to stay with your teachings, but I told them they needn't worry I had found something I would never part with. They seemed so sincere, I wish you would send them another invitation as it is so far for me to get there often enough to share my lessons with them. Mr. and Mrs. C.M. Willis, Elmo, Montana. *R*

My sister, Mrs Ida Whitehead has been staying with us, her husband was killed several years ago, last fall she had a start of cancer and went to Spokane where they gave her treatments before it really had a chance to spread, each time she goes back for a check-up they tell her there is no longer any trace of cancer. She loves pity and is always complaining about something, I was terribly ill and she was with us here during most of my illness and also she was here when I got up off my sick bed a very well and healed person. She tried to discourage me when I first started the lessons, telling me she knew how much you charged and that it was like everything else, just a scheme to make money. I replied that I knew what you wanted and that I also knew what you had to offer, then when she see me spending so much time on my lessons she asked about them-so- I gave her

the first lesson to study, after a few days she wanted to know if I had any more for her to read. I told her that those lessons were to be studied for two weeks and that must be done each and every day without fail. She said she had already read the first lesson three times and knew it by heart, I didn't want to argue with her so gave her the second lesson but again told her that each day as I studied the lessons I found something new and more interesting in them! She isn't sincere though for she may read then lesson one day and then skip a few days and then perhaps read again. When I was talking to those good people at Kalispell ( she was there with me) she would try to change the subject and also at Willis's. Mrs Willis noticed this and asked her if she wasn't studying the lessons with me, they should do her so much good! My sister replied that she had been studying but in her case they wouldn't help anyway. I tried to tell her that she would have to be in earnest and know that God would truly help her if only she wanted to. be helped, Mrs Willis told her the same thing and said that she couldn't see how my sister could doubt so when she had been present when my grand recovery had taken place.

Please don't think that I am gossip-ing about my sister, I want to help her, that is why I am writting this to you so you can tell me just what I have done wrong in trying to convince her and please advise me as to what to do in the future. Yesterday my sister went to Missoula to be with friends for a few days, she didn't take her lessons with her so you see there will be several days gone by again before she may read again what she should study every day. Everyday she is with us, if only she would open her eyes she could see the Power of the Spirit of God manifested in the way I am now able to eat and work- in seeing how very happy and joyous I am. Can you tell me what to do? She needs God so badly, instead of that self pity all the time. Her friends and even her daughter get tired of having her around as she complains all the time or finds fault in everything they do, it is hard for my sons and husband to have her here all the time as she can't seem to realize that they are able to live without her, telling them how or worring about every little thing they do. She stews all the time, about the boys playing football or entering other sports in school- they will get hurt and then we will only have added expense, they musn't play with the cat as he might scratch them and infection set in, they should be kept in their own yard and not allowed to run with the children they go to school with as they might get in trouble. These are only a few of the things she stews about constantly- I do want to help her and we have tried hard to give her a home as she says she isn't able to work and I know she has no other place to go- they won't put up with her interfering in their home life. She could be such a sweet person if only she would direct her vitality and ambitions in helping others, how can I convince her of this? She stands in the store and argues with our customers until she has my husband all upset, one just can't do that even if they are right unless they want to drive the customers away to some other store.

Tell me- shall I just turn her over to God as another one of my problems and rest assured that He will take care of this problem for me as He has done in the rest of my problems or is there something that I personally can do? Truly we of ourselves are helpless- I don't know how I ever managed without being able to talk to God as I do now any hour or anyplace.

My son has gone back to school to finish his last year- I have so many things I'm so very greatful for, The same Spirit that dwells in you dwells in me and has proven how very Powerful It is, no wonder I am as happy as I am and can sing all the time. I will always be grateful to you for your teachings and more grateful to the Spirit of God for letting you send those teachings to me.

Very gratefully yours,  
 (Mrs) Ethel L. Fischer

Dear Dr. Robinson,

I am enclosing  
P.O. order for \$2.20 and am doing  
very well. I am still an admirer  
of that great soul known to us  
as Jesus Christ - but he taught  
us several times in the Bible  
to look to God the Father for all  
things that of himself he could  
do nothing. also many people  
make great cures.  
We who have had the privilege  
of your lessons should be very  
grateful to you, for showing us  
the way - many minor failures  
come my way as I press on  
more up - Thank you Dr.

Dear Sir

Please find  
enclosed my ~~frap~~ payment of ~~three~~  
dollars due in August.

First I'm going to ask a special  
favour. I would like to know  
if you would please send me  
another blank form for an  
Emblem as I lost mine last Sat  
sometime while working and I miss  
it very much. I am proud to wear  
it because of what it stands for  
another reason is as I am sales clerk  
now I meet the public and it gives me  
a chance to talk about what it stands  
for. Now for my progress to you.

I wake up at morning with a better  
out look on life. I'm contented  
get my housework done quicker. Don't  
go to pieces like I use to. Don't  
get so tired and weary. Have a  
inner feeling of peace I've never

had before and I too have had  
 many faiths. I taught a Sunday School  
 class (married people) for two years at the  
 Kazerene Church in Bogod Neli but  
never did it give me the full assurance  
 of what I wanted. As I've stated  
 before my health was a source of  
 much concern. Today I'm feeling better  
 friends tell me I'm looking younger  
 my complexion is beginning to look  
 much better they say. Quite a number  
 of times the last few weeks I've been  
 told that I look so happy anymore  
 whereas I use to look as if I'd lost my  
 last friend and I can assure you truthfully  
 I felt I had and also that I had  
 nothing to live for. But now I feel  
 different and I tell them why they  
 just look at me so I'm sure going  
 to live up to my promise as so  
 many are watching me thinking I'll  
 have my health collapse again  
 but I know different I know  
 I'll be better yet as I've heard  
 the Voice of the Spirit of God  
 tell me. So I'm with you always

so I know I've a Guiding Power  
that will help me and I've tried  
it and found it true so true even  
my home life is happier and I wanted  
that for so long. So please won't  
you mail me a blank so I can  
wear my emblem again and give  
me the chance to tell people what  
Peace I've found. Thanks a million  
and hope I haven't tired you with  
this letter or taken too much of your  
time. inclosing I thank you that  
I've found a God who is close  
to me and who is real enough  
to be with me always.

Sincerely a member,

P.S. Will buy the various books  
as I get the money, and of  
course I'll get it because  
I need the books to help me,

Dear Sirs

Well here I am again with 3/4 due you for my lessons and 3/4 for 3 Subscriptions. Was I happy to know that I could send my Sister one Gee Whiz seems like I have always got something to thank you folks for. Well here is two things that happened. In the first place you do know I was far from strong when I began my lessons and you do know my health was improving Well two weeks <sup>ago</sup> I had a gall Bladder attack coming on. So I preceded to do and have faith in what my lessons had taught me and lo and behold in a couple of

bro I was abright. So I really did  
thank the Father and you folks  
believe <sup>me</sup> usually I'm off work from  
two to six weeks. You can bet  
I was walking on air. Its if that  
wasnt enough last week I got  
the intestinal flue which is going  
around, that I thought was it  
I'd surley have to go to bed  
the girls at work insisted I come  
home but instead I stayed on  
much to their surprised as I was  
cramping and in quite a bit of  
pain. But the funny <sup>thing</sup> was something  
told me to stay at work so I  
was telling the girls that I had  
all the medicine I needed with  
the Power of God inside me  
I hadnt told the girls very  
long when even without

asking my <sup>3</sup> cramps disappeared  
and much of the pain disappeared  
enough so the colour came back  
in my face. All the girls watched  
I presume without me knowing it  
untill one of the girls said well  
you sure do have something  
you didnt have before we will  
see for awhile how long it  
will last for months we have  
seen a change in you so  
we are going to wait a little  
while longer to see how you  
come out. I told them at once  
what it was all about and  
they could make their choice  
too. Now did I go about that  
the right way. Of course I  
was weak from the intense  
pain I had yet I was happy

to be able to meet the test and win. I decided to subscribe for Mrs Jerry Farrar has she does like to lead so I may be able to do my part in helping for her recovery unknown to her. Oh dear you do see why I am so thankful to you and wish for your success all the time. Wish I could afford to send every one I know a subscription but I'll be able to do more as time goes on and one thing for sure is I'm not losing faith I'm getting more faith each day Well I must close you will think I'm a pest but I don't mean to me.

Sincerely A Member.

Milledgeville, Ill.

Jan 1948

Dear Friend:

Since known of this wonderful power which came to me, before I had hardly finished my first lesson I've been so happy.

Knowing I've something real & something I'm not afraid of that what I ask for I will get. Well, I wouldn't trade it for nothing only more of it. It seems other people realize the different there is in me. I want to thank you & the power of the living God, for such wonderfulness, which I had never known before. all I have to say is! With me, it's not a trick, it's real!

I've had 3 people here in this little town to ask me to pray for them. I have; & knowing without a doubt, my prayers will be answered. It seems I can just reach out & feel God's presence when I start to pray, or any time. It seems there is a space clear as a crystal in me. There is

There are a song in which keeps  
 coming to me, Its (Are there room  
 in your heart for me) I just open  
 up my heart for ever one, Who  
 needs me, & my help. It seems  
 Im so happy and that Im  
 going to work hard to accomplish  
 my greatest desire, I know ~~the~~  
 "the wonderful power of the living God"  
 is With me in any thing I do,  
 or say. It seems I could pray  
 last night & get An Answer that  
 was so real. I had a Man, to  
 call me last night after we were  
 in bed & ask me to help him  
 to take things in my own hands  
 & do with them, as is desired  
 You see! He & his Wife are about  
 to divorce, they have a son, she & I  
 have been friends seems for such  
 long time. He wants her back,  
 he is afraid of something. he is  
 supose to come out to our  
 house friday & talk to me of  
 his troubles. I know I can  
 help them both see, The  
 mistakes they've made & forgive  
 each other & have happiness  
 in their home to. With the help

Mr. and Mrs. Tracy Fomby  
Milledgeville, Ill.

of the power, I'm going to get  
those two or 3 to gether again  
<sup>we've</sup> ~~I've~~ already had results of the  
power. It seems ever one,  
wants these two to ~~se~~ divorce  
she is at her daughters in  
Rockfalls Ill. Her husband  
thinks its the Children who  
seperated them. I call ed them  
the other day & the son-in-law  
had to ~~be~~ have a check up  
he's had a Nervous break down.  
This Mrs Michal Le Mayo is  
An English lady. It seems they  
were Catholic's at one time  
& she did not believe in some  
of the ways in which the  
Catholic's did so he come  
in to a ~~meeting~~ rather  
churd with her. But really  
I dont know about either of  
them. They did it have Compleat  
happening so I dont know!  
One day she said to me you  
are so wonderful always smiling  
& happy. How do you do it?  
all day long. It was then  
she told me she wished she  
could be like me. ~~Oh~~ What!

she said, <sup>what</sup> Is your secret.  
 I told it was no secret. She  
 could be the same way.  
 She always called <sup>me</sup> Psychie.  
 I told her of my studies &  
 I've kept all my books  
 and most of my papers  
 only what my husband burned  
 or tore up. "I really believe  
 my husband is creaking  
 a bit" I told Eva I would  
 let her read these books of  
 mine & she wants to. Now!  
 to tell you once again of another  
 thing that showed me how real

Dear Friend and Brother

My studies with you , have taught me more about The Power Of

As I read your lessons , I grasp just a little more of the Great  
Power of the Living God in me. I did not know that The Spirit of

Yes I believe in His Limitless Power, and I am going to try to  
grasp some of His Omnipotent Power to the full.

Dr Robinson I know that you have The Power of The Living God

It is ~~an~~ a great pity that the founders of The Christian Church

messenger Jesus.

Dr Robinson I believe you are a true Prophet and a messenger of  
God, sent by the Spirit of The Living God.

I believe you are sent by The Spirit of God, to redeem this  
earth for the Kingdom of God.

Men and women are beginning to heed the call of the message of  
The Power of The Living God you are bringing to this earth.

Dr Robinson , I want to ask you this favor, will you please  
suggest an affirmation to ask The Spirit of God to heal me ,

Dear Sir and Teacher .

This is to acknowledge receipt of your very fine book . " ~~THE~~ " THE STRANGE AUTOBIOGRAPHY OF FRANK B. ROBINSON . I think it is the most interesting book I have ever had the opportunity to read on this dynamic subject. And I thank you for its prompt delivery.

I am doing very finely, with the lessons, as I am still a little more of The Realm of The Power of God in me. I mean that Dynamic, Supreme, Gigantic Intelligence and Power of The Living God which is in me.  
I have had a few group meetings , and the folks seem to grasp, some of the reality of The Invisible Power of The Great Creator of the Universe, which is God.

It is quite true, that which you stated In Lesson No 2 . In "PSYCHIANA RELIGION" . That no greater joy can come to any man or organization, than that which comes from revealing to Christian men and women, the priceless, though simple truths of God, truths which have been revealed through close contact with The Spirit of God for many years.

Dr Robibson, in organizing these little groups , do you have some sort of literature that ~~students~~ students could pass around to members of the groups, that would interest them, and make them earnest , to learn more about the Power of The Spirit of God in them?.

Dr Robinson , I am looking foward , to receiving my next lesson &, hoping to hear from you soon ,

# Christianity Offered As World's Only Hope

## International Assembly of Churches Is Told That Secular Writers Begin To See It So

Amsterdam, Aug. 22 (AP)—Christianity was offered as the world's only salvation from unrest at the opening session of the first International Assembly of the World Council of Churches today.

Attending the assembly are some 1,500 delegates and other officials representing 150 Protestant and Orthodox churches in 42 nations. The assembly, meeting at the Cathedral of Holland, will continue through September 4.

The Roman Catholic Church elected not to send any delegates on the ground that direct representation would be incompatible with tenets of the Vatican, but it has nominated observers.

### Pastoral Letter Asks Prayers

A pastoral letter addressed to Dutch Catholics said the unity Christ wanted could be found only in the Catholic Church. The letter urged Catholics to pray for the council conferees and their communicants who, "longing for unity and though separated from the flock of Christ, are looking up—perhaps often unconsciously—to the Church as the only harbor."

A brisk tolling of Dutch Church bells heralded the opening of the assembly.

### Hope For Mankind Seen

Dr. John A. Mackay, president of Princeton Theological Seminary, said secular as well as religious writers have begun to see in Christianity "the one hope for mankind."

"When the world craves to know the meaning of salvation," he said, "and when millions have been disillusioned by devotion to false saviors, it is the time of all times for the Christian church, by word and by deed, to interpret to passionate and despairing people that there is a Redeemer who can give

## Massacre Threat Linked To A-Bomb

London, Aug. 22 (AP)—A British clergyman today raised the question whether atomic bombs were dropped on Japan because of a reported Tokyo threat to massacre war prisoners in retaliation for any invasion.

The Rev. Percival Gouch, rector of the Acton (West London) Church, said the 1948 *Crockford's Clerical Directory*, to be published this week, calls on those who know the answer to speak out. The directory is an Oxford University press publication listing clergymen of the Church of England.

During his sermon, the minister quoted the directory as follows:

"We have seen it stated that when the Japanese saw that defeat had become inevitable they informed His Majesty's Government and the Government of the United States through a neutral power that if a landing were attempted on any part of their territory the prisoners of war in their hands would be massacred to the last man. . . .

"There must be a few people both here and in America who really know whether this is true or not. We think that the time for them to speak has now come."

true life to men and establish righteousness and judgment in the earth. . . .

"There are powers, both secular and religious, in the world of today which confine the Christian church, or certain branches of the church, to the exercise of strictly localized worship. By doing so, they raise afresh the crucial issue of the meaning and right of religious freedom.

"The International Missionary Council has maintained, and I trust that the World Council of Churches will also maintain, that missionary activity is both a native right of (Continued on Page 2, Column 8)

all Christians and a permanent ob-

Dr. John R. Mott, of New York and Orlando, Fla., president emeritus of the World Y.M.C.A. and one of the five presidents of the World Council of Churches, said the assembly was convened "at one of the most fateful moments in the life of the world."

It is fateful, he said, because of the unexampled "sufferings" in recent years throughout the world "that still haunt us."

### "Sacrifice And Disaster"

He spoke of the "price which has been paid in recent years in the realm of sacrifice and disaster" and added:

"My vivid contacts with pain and tragedy of recent years have flooded with vivid meaning the cross of Christ. I recognize as never before why Christ found it necessary to go to the cross."

Bishop Ynve Brilioth, of Vaxjo, Sweden, traced the history of the World Council of Churches, which had its inception when the conferences of Oxford and Edinburgh approved the report of a committee which had worked out the idea.

### Origin In America

The council was conceived as a common organization within which the two movements — Faith and Order, Life and Work—would continue their activities. Bishop Brilioth said that Faith and Order—the older of the two—owes its origin to the Episcopal Church in America.

The Rev. Daniel T. Niles, of Ceylon, leader of the World Christian Student Federation and chairman of the council's youth department, described the present world as one in which "the Christian faith is dispossessed of its hold on the mores of the people."

"It is a world that has sought to destroy the church, and now has set the church the task of building peace without providing it with the material either of repentance or of faith," he said.

He urged world church leaders to meet their responsibility.

### Russians Not Represented

The Russians are not represented here among the bearded and robed hierarchy of the Orthodox Church, but they are discussed in council circles. Press officers make a point of the representation here from "behind the iron curtain" outside the Soviet Union itself.

The procession into the church was colorful, with red predominating in the clerical robes. The marchers filed slowly into the cathedral around the choir-screen, then took their places on both sides of the nave flanking the high pulpit.

Dr. K. H. E. Gravemeyer, of the Dutch Reformed Church, pronounced the opening words:

"Come, let us worship the Lord."

Dear Sir:

Your last lesson has been received, and I want to thank you for all your time that you gave me, I found your lessons very interested, and if the truth was ever brought out in this world, I believe it was by you I found a lot of facts in your study not only that I found facts concerning myself. I'm quite sure my life is in for a change in the near future as I have begin to see quite a few changes in my self, already

It was hard for me to place  
 the lessons in my mind alone  
 I mean it was full of other  
<sup>thoughts</sup> which seem to have come there  
 to stay, but I had faith and  
 spend a lot of time trying to bring  
 different thoughts to me, so time  
 I had would fade away, I  
 spent a lot of time with my  
 lessons there was ~~but~~ very few  
 nights ~~that~~ <sup>it</sup> ~~what I didn't~~ that  
 got by, but what I didn't read  
 these lessons over, I know  
 I was going to have to stay  
 close if I gain anything far  
 as I told you once before  
 that my nerves had be  
 come wrecked & I'm sure  
 this was due to the fast  
 failure and worrying had

become a part in my life  
I don't find my self doubting  
the things of life like I  
once did. So I'm hoping  
there is health and happiness  
for me once more for me  
and I want to thank you  
from the bottom of my  
heart for calling my attention  
to this power, your kindness  
will never be forgotten I  
wish you the best of luck

Dear Dr. Robinson,

~~It has happened!~~

I have found the Power of the Living God! Like you have said, I Can't Can't explain it, I don't understand what kind of <sup>Power</sup> it is exactly, but It is the only Power there is or Can Be.

I am so happy and trembling with great joy and great Power, the Power that is within me, the Life, in fact.

The Power revealed to me, I know not exactly when, that the Faith or Words to use to make my desires happen quickly is to use the positive affirmation - for instance I do not say any more "Edgar, (my husband) will be cured" or made well by the

Power of the Living God - I say  
Edgar, has been cured or made  
well by the Power of the Living God. I  
also affirm The Christian Church  
has found the Power of the Living  
God.

It took me a long time to learn  
that but as I look back, the "Spirit  
of God" in me has been trying to get  
me to use it for a long time and  
I didn't realize it.

Things will happen fast now, not  
only for me or you, but for the whole  
world because you and I both know  
now that the Christian Church and  
the whole world has found the Power  
of the Living God!

I can never thank God enough  
that He directed me to send for  
your lessons, in my darkest

hours.

There is lots more for me to learn I know, I am only on the fifteenth lesson, but God also has revealed many things to me that are not ~~in~~ your lessons. That is the way the Power of the Living God works.

I will write again as I know more.

The Power is with you and with me and the whole world, and we have found it, Thank God!

Your friend

Dr. Frank B. Robinson  
Moscow, Idaho,

Dear Friend:

I am enclosing the full \$9.00 and not deducting the \$3.00 because the course is worth all you charge for it and more. If you wish to send me one of your books I will accept it as a gift from you. I have ordered two "Pathway to God" and have given both of them away. Intend to order other books later, and also think I will order your new course later. Right now, I wish to go over the lessons I have, for I realize that in my hurried existence as a small town editor, publisher, printer, doing all the many things connected with my business that I have missed some things in your lessons.

But I do want to tell you a little of what I have done since I began to study with you, even though I have so little time to devote to the lessons and work an average of 100 hours a week because of shortage of help and equipment. Despite all this I have been able at three different times to really contact the spiritual power of the universe, and each time things happened fast.

For about 15 years I have suffered with itching, burning piles and finally it got so bad that I was advised to go to a specialist and undergo an operation and treatment costing around \$300. I had just started on your lessons a few weeks before this. I waited one night until all were asleep in my household and traffic in town had quieted down. I stepped outside and stood very quietly looking at the stars above. I stood there for something like 30 minutes gazing intently at the stars and placing my mind in tune with the universal spirit, realizing that the power that created all things could make me completely whole. Finally when feeling that I was floating toward the stars and they appeared to send long beams of light down to meet me, I spoke out several times, saying "You can make me whole." Finally stating definitely, "I am whole." Then I went to bed. It was about 2 a.m. That was about eight months ago. From that night on I have not been troubled with piles.

At that time we lived and operated our newspaper business in a rented building. We now occupy a 40x100 foot brick building next door to the post office and have it half paid for and have spent around \$400 for repairs and interior painting. We moved in it August 24 last year. The wonder of this is that several local people with plenty of money wanted this building, and an out-of-town business man offered me a profit of \$800 if I would sell to him before we moved in. I used your lessons to bring about this deal which meant so much to us.

One night my wife could get no rest. She had been sick all day and I was terribly busy so she didn't bother me, but at night she suffered so much that I decided to try to help her. I went out in the back room of this building used for a store room, and stayed very quiet for a while. Drawing strength from the power which men have called God. I went into

the bedroom, placing my hand on my wife's forehead, I spoke into the spiritual realm of all intelligence and power. My wife immediately dropped off into a sound sleep. An hour later lightning struck a house three blocks away and set fire to it. This woke us up. My wife no longer felt bad and helped me find my raincoat and high rubbers so I could go to the fire. She stayed up all night helping with phone calls, or rather the balance of the night and morning hours before dawn. I helped those at the scene of the fire until daylight. My wife from that time on has believed in the lessons.

Two years ago last September I resigned as a full time minister of the gospel. I had spent a number of years in church work, and at times in newspaper work. But in spite of the fact that I was well paid and comfortable in the ministry I gave it up and bought out a newspaper in a Catholic town, taking possession of it on October 1, 1945. We made good there in a financial way and sold out for a good price. Then we located here in Quinton and established a paper where the town had been without a local paper for over four years. We have done very well.

My health is better than it was 10 years ago, or even 20 years ago. I am working harder than I ever did and enjoying it. I feel that I am serving more people in a better way than when in the ministry. I still have my ordination certificate and have been offered some nice churches if I would accept. I refuse. Sometimes I am called to go over 100 miles to preach a funeral oration for some fine person who loved me for what I am in some town where I had served the congregation as their minister. These things, of course, I appreciate. But I cannot hold to any man-made theories or doctrinal creeds, so I just got out before I arrived at the place where I perhaps would have been thrown out.

I am 46 and believe that I know which way I wish to go. I am not easily swayed, but when facts such as you present in your lessons, are brought to light, I can do nothing less than give them full recognition.

Beginning with an original down payment of \$300 on the paper I bought 30 months ago I have ran that original investment up to a total of over \$20,000 with a net gain of around \$8,000 in actual physical equipment in our printing plant and our building. I have thought about writing a book telling of just what I have done and just how I did it. Step by step, giving names, dates, places, etc. However, placing such a book on the market is the biggest problem. I could write it and print it right here in our own plant, but the cost of distributing the book would amount to considerable and I don't have at the present time the right sort of contacts to handle such a book. You may be able to advise me on this point.

Now, Dr. Robinson, I have written at considerable length and I know you are tremendously busy. I wanted you to know how wonderful your work seems to me and as soon as I more thoroughly digest the lessons I have I hope to get the new course of 26 lessons that you have prepared.

Thank you for giving me this much of your valuable time. I am,

Sincerely your friend,

J. R. Foster

I suggest that if you have an affliction, you consult the best physician you can find, and follow his advice. The Power of Almighty God works through the illumate mind of a medical man, just as it works without it. If the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

Rest assured we will do all we can spiritually.

I am now saying ~~how grateful~~ I am to you for the wonderful course of instruction on the matter of finding and contacting the true life spirit I have had some wonderful experiences in this new found spiritual power and I must say that with each experience, my faith has grown to a point that the whole has become second nature, if such words are correct. there is nothing that I put my hands to do now, that it is not done in absolute assurance that I am being guided spiritually, and with such thought force I am a success in every case.

I have also received lessons 15 to 16 and the book entitled God and Dr. Banister. this book spoke for itself and its sure has power behind it. the facts were in my mind several years ago, but I was not sure if I was right in fact. I was afraid of my own convictions but now I have strength as gained through my training. Sir. am I entitled to a diploma on completion of the course, if so I would be very glad to receive same. it would be an inspiration, and may lead to some wonderful demonstration.

## LESSON 17

Think of the giant liners which plow their way through the seven seas. Then think back at the crude catamaran of the Indians. See how the God-Law has illumined minds so that, in response to the wisdom of this Law, they can now build a 70,000-ton leviathan of the seas. Man could always have done that. But he didn't know it. It took time. It took acquaintanceship with the God-Law. Now where are the limitations? Who can say there is a single thing the Power-Realm of God cannot do? Certainly we can't say that--we have too many examples of that Power in human lives for that. How we wish you could see our files. The expressions of joy and satisfaction. This is a great work and although its Founder has been put through the "fires" it still continues to win men and women to the Power of the great God-Law. Please use this Power in your own life. That's all Dr. Robinson is interested in. If he didn't have to have money with which to pay postage, help, buy paper, etc., he wouldn't charge you a nickel for this Teaching. But bills have to be paid as you can see. So do your part with your payments, please. It will help everyone.

Dr Frank B. Robinson

Dear Friend + Teacher;-

I am on my 17<sup>th</sup> lesson  
+ I must write + tell you how  
different my life + the lines  
of those near + dear to me are,  
since I took my first lesson.  
I ~~experienced~~ all the things  
that you told me to expect  
to hear see + feel.

The flash from the skies  
came when I was washing  
dishes + I just sang for joy.  
It showed me that God was  
every where. Some how I  
always felt that it would  
come, down in our meadow  
where I always felt so close  
to God.

12

But I know now that God  
is just as close to me in  
my kitchen with a sink  
full of dirty dishes.

I told you before, of my son  
who has been crippled since  
birth; well he has thrown  
away his braces & now walks  
in high top boots.

He is so much stronger &  
taller & this has been the  
first winter of his life that  
he came thru without being  
sick in bed & sometime in  
the hospital.

My husband had a bad time  
with his heart last week  
the Dr had tried several kinds  
of pills but he got steadily  
worse so when I got this 17<sup>th</sup>  
lesson I put my hand on his  
forehead & said "Let there be perfect

health" + by morning he was up + felt so much better + the second day he went back to work + has been improving right along. Do I believe in the Power of The God Law? ... well what do you think? I like the simple way you write the lesson, the modern language you use. A teenager could understand it as easily as an adult. And as you probably know, the teenagers now a days have a language of their own. There is one thing, I am so sorry I haven't been able to do for you, and that

is to send you the that  
message at 9:00 PST  
every nite. We live in  
CST + that is 11:00 by our  
time + we are always asleep  
by that time.

But the last thing I do  
before I go to sleep is to  
send a that to you in MRCOL  
hoping that my that will  
help you just a little with  
your wonderful work any  
way.

I will write from time to  
time + if I ever get out to  
Idaho I am coming to see  
you, just to shake the hand  
of a man that has done so  
much for humanity.

May God Bless you + keep up that  
your friend + student  
Wondersfull work. Mrs. Clarence D. Frank

Dr Robinson:-

Dear Friend:-

I received my Certificate  
of Life Member Ship to  
Psychiana, and I surly  
am proud of it.

Thanks so much.

Yes, I studied hard to earn  
it. I thoroughly digested  
each copy, and now I am  
on my advanced lessons.

I keep the lessons handy  
and I read every chance I  
get. I intend to read &  
study them over & over until  
I understand & can remember  
every word

Its the most wonderfull thing that has ever happend to the world.

Its what I have been searching for, for years. a religion that I could talk + visit with God with out being surrounded by Beers, lighted candles, plasterfairis images, rosary beads, Prayer books + medals. also the heavy aroma of burning incence.

This Sweet simplicity where I can talk to God when ever + where ever I can be quiet for a few minutes.

Words can't eppress the joy, the peace, Contentment happiness + health it has brought to my home + family

The only regret I have, is that I didn't know it many, many years ago. I use the power for so many little things like, for instance one day I went up town with 75 cents & I had about \$1.50 worth of articles to buy. I didn't have any more money on hand so before I went I kept griet a few minutes & asked God to make the 75 ¢ go around & to my surprise I came home with a few cents change & all the things I wanted.

And I always tell my young son that when he is driving the car & gets in a dangerous spot; to just ease up on the wheel

for just a second + tell God  
to take the wheel + drive  
till the danger is past.  
Well, he just got a certificate  
from his insurance Co. for  
careful driving because  
he has never even had a  
minor accident.

What that insurance Co. doesn't  
know, is that God has been  
driving his car.

So I figure that all those  
little things put together  
eventually get to be one  
big thing. One big trust +  
faith + Power

My heart, soul + body is over-  
flowing with the Life Spirit  
+ always will be. But there  
will always be one little corner  
of my heart reserved for Dr. Robinson  
that has led me step by step to the  
God that I have always wanted.

may God Bless you &  
keep you so you can  
keep on with your wonder-  
ful work forever & forever.  
May that message will  
come to you daily and I  
will feel that I am helping  
you just the tiniest bit in  
your wonderful work that  
surpasses everything  
that has gone on before.

Sincerely

Your Friend  
Mrs. Clarence Frank

I know you are busy so don't bother, this does not require an answer.

But I want you to know how very much I appreciate these lessons.

All my life I have been looking for this something I could not seem to find or grasp. I have recognized God in all nature but missed the vital point "The Spirit of God in Me"

I was very ill most of last year. In fact last June I was so ill that for four days everytime I came to - I saw the white gates open, not too far from me - Why I was spared I could not understand. for I was perfectly resigned to go.

While recovering I read a great deal. One day in Nov. I came across Dr. Bach's book "They have found a faith." I came to the chapter on Psychiana. It seemed to ring a bell in my mind but before I could send for information,

I was in the hospital again, so for  
weeks I could not write or send for  
the lessons. In fact expenses were so  
heavy I felt I could not send for the  
lessons but it seemed to me, I just  
had to have them. I'm sure the way  
will be spent for the payments -

Mommy could not buy the benefit I have  
received already.

I pray to God you will have his  
every blessing and assistance to reveal  
to the world your message -

I will say too I am well acquainted  
with Dr. Bach and the School at Iowa  
City - Having been born and lived many  
years in Iowa - He is a marvelous man.

Yours for a better world.

Mr. Frank B. Robinson:

My Dear Mr. Robinson

It has been my intention  
for quite some time to write to  
you. Then I would think of  
all the changes that have taken  
place in my life since I started  
my studies with you and re-  
alized it would make such a  
long story you might find it  
boring. So I will make it brief  
as possible - but I do want you  
to know of the thrilling happiness  
and sense of security I have

enjoyed since gaining some knowledge of the Spiritual Realm.

At the time I enrolled for your course of study I was worried sick and frightened. I was losing my job at the Post Office. I had been working as a substitute clerk. I knew I was doing my work faithfully and well, and it was quite a blow to be replaced by some one because of a friendship. By that I mean the man who replaced me was a friend of the Postmaster at that time.

I was replaced in my work July 1st. last year. It came as quite a surprise when the Postmaster resigned in October - it was even a greater surprise when I was chosen Acting Postmaster December 1st. The way it all came about

I am sure it was all planned  
in the Spiritual Realm. And I am  
so very thankful that I am a  
recognized part of the God-Spirit.

The duties of my new job have  
kept me quite busy but I love  
my work and hope it will last.  
I hope to be appointed Postmaster.

The home I bought two years ago  
when I first got out of service (I am  
a former W.B.C.) is a great source  
of joy to me. But my material  
gains are as nothing compared to  
the deep inner satisfaction, the  
peace and contentment I now enjoy.  
I wish all people will experience  
the same.

I am deeply grateful to you  
Dr Robinson because you have  
paved the way.

Very truly yours  
Eldene S. Frenger.

Dear Sir:-

Since my first contact with you seven years ago, I would like to leave you know what the Spirit of God has done for me. At that time I was reduced to living in an un-finished garage with no financial assets whatever, indeed I was even threatened with a collection agency to pay my over due payment for Psychiana. Since then I have steadily made headway and to-day I own my own home and buisness (tailoring). I am a completely regenerated person and cannot tell you in words how grateful I am to you for helping me find the Spirit and Power of God. I am doing my best to spread this wonderful message to my friends and associates and will always continue to do so.

I would like to tell you I come from a deeply religious (Catholic) family, having had two sisters in the convent and several relatives in the preisthood. I am sure this fact has helped me to see the Catholic church is not on the right pathway that leads to God but that its members are able once in a while to be shown the right pathway.

I also would appreciate knowing when you make trips to the East on speaking tours as I would exert every effort to get to hear you. Incidentally if you should ever get near our city I would be pleased beyond measure to have you call on me, and I would be just as pleased to make up the finest suit I have in my shop in appreciation for the wonderful favor you have done for me in showing me the pathway to God. You have my permission to use any or all of this my written experience as you may see fit. Needless to say I'll appreciate hearing from you and will close hoping that in the near future I will have the pleasure of shaking your hand and speak to you.

I believe in the Power of The Living God in me.

Gentlemen:-

Am enclosing check for \$10 as down payment on your master Lesson Series. I feel I can't be without your helpful writings which incidentally is almost the only literature I read outside my business mail. Since writing about myself at the completion of my advanced course I have had a most revealing experience of applying the Power of God in a case of the illness of my sister-in-law who lives in New Jersey. She had a hemorrhage and a deep gash on her forehead from falling. She was in such a serious condition her husband called me and my wife by phone telling us the doctor had very little hope of her recovery. I immediately left with my car for their home on a very foggy and icy night. My wife was unnerved and ask me to turn back but my faith in the Power of God to get there and help her brought me safely there. I then had a difficult time at the hospital seeing her because of her serious condition. She just had two blood transfusions. I appealed to the supervisor and explained I traveled 200 miles and must return the same day. She allowed me five minutes which I felt was sufficient and because of having talked

to the patient before about your wonderful message of the Power of God she was receptive to my interest in her becoming well. She had this attack early Saturday morning and by Tuesday she was released by the hospital. Needless to say the doctors were astounded, (Six of them) on the day of her final examination.

Because I am so happy to have been a small help to this person (thru God) I felt you too would like to know about it. Hoping for success in your movement and that the world at large will soon get to know the Power of God and bring it closer to the ~~realm~~ of God.

Am eagerly ~~looking~~ forward to receiving my new lessons, I remain

My dear Mrs. Freo,

Thank you for your good letter of recent date and for your remittance of \$2.00. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of Infinite Peace be with you always.

Dear Friends

I am indeed sorry to fall back on my payments, but I don't agree to send reducing rates & I promised to pay 2.00 for each lesson which is worth more so I will send every 2 weeks & sometimes every week 2.00 I agreed till payed up now dot 4/9-75

These lessons really saved me from distraction (listen to this?) and you can make it public mentioning my name? going on my 2nd lesson I become stone blind following the way & teaching & throw the present power of the Living God I had my sight restored in less than a minute or 2.

Dear friend and WONDERFUL Teacher;

After studying PSYCHIANA one has a feeling of a rebirth in a new world, or at least I have that feeling, and am telling my friends of this treasure which can so easily be had by everyone, and I trust it will be very soon for the benefit of this troubled bunch of humanity. I have lesson #7 and guess I am advancing fairly well. The main reason for this letter however is my little girl which has been very hard to raise thus far, she is spoiled of course as we have worried so much through her eight years of life. Dr Robinson will you please direct the **POWER OF GOD INTO THIS LITTLE LIFE** So she will become strong. She has'nt any disease of any kind, she does'nt eat or sleep well, and keeps a cold during the whole winter months, she stays weak and dauncy all the time. I nclosed you will find a snapshot of my wife, little girl and boy. Also my little girl and myself, Thanking you very much Dr Robinson very much for your great interest in me, I remain your friend and student in the Faith.

My Dear Teacher.  
No doubt you will be surprised  
to hear from me.  
just a line to thank you  
too, for doing the same  
Miracles, as Jesus did  
you have raised that  
Dead Spirit within me  
I am now Alive Again  
just think how many  
years I have been Dead.  
thanks again. I know  
you understand when I say  
Dead I think Jesus meant  
just that. Raised the dead  
Healed the sick. through  
the living power of God that  
exists within + without. now I  
know, no matter what the  
need, there always is the  
invisible power of God  
awaiting us. no one ever  
Killed God, Oh, no, I am  
so happy to be able to  
tell others where God exists.  
O yes I tell them

I never coay anyone  
just the same, the  
Come back to me  
they have discovered  
I got the truth. how to  
accomplish a happy  
understanding life. they  
want to know. When they  
get ready they will  
want your Cause too  
Mrs. Milford & Co. is now  
taking "the ray" she want  
your Cause, she will  
get it she want be satisfied  
until she get it, it seem  
tho at first they dont  
know what to think but  
it do not disappoint me  
I just go on about my  
business & poor souls they  
are dead in spirit & yet  
they wouldnt miss one  
second with out it.  
I keep smiling & prove  
it work. O yes they  
marvel at the response  
to my Life Problems,

I am so happy to help  
Others with there life  
problems. and see  
there mistakes in  
life. they worry & fear  
But when I get through  
there isn't much  
fear or doubt there  
and the go away  
happy & make a  
set down on this  
word (dare), Well, so  
much for now.

Dear Mr. Robinson:

I am sorry that I have waited so long before writing and thanking you for the life membership Certificate, which I received about two weeks ago. It is lovely and I do appreciate it very much, and I thank you with all my heart. and I can truly say that the Power of God has marked wonders in my life. and I know your teaching is what it claims to be. if we turn over life over and let the Power of God Guide us. I wrote and asked you to help me overcome an ailment which I didn't seem to be able to overcome alone. Though I knew God could do it for me. But as soon as I had sent my letter to you and asking you to help, I knew you would throw the Power of God into action and heal my ailment which the doctors didn't know how to heal. I knew as soon as I had mailed my letter. that I was healed, even before

and I know. I was cured. and  
has not returned. I can eat any  
thing and nothing upsets my stomach  
any more. I can even eat green onions  
some thing I had dared touch for many  
years at any thing else that wasnt of  
a milk diet, and even that seemed to ~~harm~~  
me when I eat it. It is wonderfull  
to be able to sit down and eat a regular  
meal after so many years of misery.  
and I feel like a different person things  
dont upset me mentally like it used to do  
and now I can read my lessons without  
drooping to sleep. I wrote <sup>you</sup> once and told how  
I'd drop asleep when ever I'd sit down & try  
to Relax and Study, and I praise God  
every moment for his wonderfull Love  
and Power, which I know has healed me  
through your teaching, and help. and I  
tell every body about what it has done  
for me. I thank you so much  
and I know God is with you always

Dear Dr. Robinson.

File B

I am enclosing again for your last course of lessons, Psychiana Major, Teaching. I have finished both the 32. del- + the 1946. del- + will say I am lost without the books as I have studied those over & over. Last March I was stricken with a bad heart-disease + lay on my back for 3 months + I had ~~for~~ Dr tell me there was nothing I could do as it was just one of those things there was no cure for + they made it plain I would be lucky if I lived a year, + I wasn't to do one bit of work for a year well I did not believe I had to die so I tried very hard to bring all the power of god in me to work against this disease I can not say I was cured instantly but day by day I am getting better + now I only have a attack once in a while I am Doctoring with a Chiropractic But I know if I can ever completely healed it will be through the power of god. I am doing all my work now my sister Mrs Della Dennis wrote to you about one last spring + I want to

Thank you for your kindness in sending -  
me your healing Power & I thought you  
would want to know how I had got along  
I know every day I will be a little better  
& I thank God & the Psychionia movement  
that I lived for your lessons.  
may God help you & watch over you  
in your wonderful work. as there is no  
other teaching that can equal it -
