Just wanted you to know how greatly I appreciate the Lessons you are sending to me.

Have been faithfully reading them every day and following instructions to the best of my ability.

They are a great comfort and blessing to me, and I always look forward to receiving the next Lesson.

Wish I was financially able to obtain several of the books written

by you, especially the
Autobiography of your life.

The desire of my heart
is to be released per-
manently from my present
environment, and again
lead a useful and happy
life.

As you have helped
so many, will you please
direct your spiritual thoughts
to me, that I may

Dear Dr. Robinson:

Received a letter from you today. Thank you for answering me. Want to say that just a few days after I wrote you I received a letter from an ad I answered which put me in touch with a wonderful position. I am now going to school for 2 weeks to learn to sell the New Wonder Book which is a sort of Text Book for pre-school children and all thru school to College.

This job was made for me because I can work 3 or 8 hrs a day - 3 or 7 days a week and can work anywhere in the U.S. where there are children who need an education.

This will give me an opportunity to go back where my husband is and work in all the little towns surrounding the Army Air Base where he is stationed.

My faith in God has been rewarded and I will be able to work as much as I want and make as much money as I want as it pays a good commission.

I want to thank you folks again for helping me to learn the true way of living and making it possible for me to really do the things I want to do.

I'm pretty sure that some folks who were quite ill & expected to die are getting well. I've asked God to heal them but of course the SDA church will claim the credit for prayers being answered. But we know don't we? I am thrilled to death that I have a work helping folks & won't have any more time to be lonesome.

I do not have to argue with anyone, but simply say to God that I'm not going to do certain things + lo + behold folks quit asking me to do them. It's wonderful to be able to control your life.

Now I'm expecting Psychiana to help me in my work so I can sell this scientific set of books + make some money.

Thanks again and I'm about ready for lesson 6 of the Advanced Course. Will let you know when I leave this place.

With all good wishes for the success of this movement
I am

Dear Dr. Robinson.

Your nice letter came today. I am sending you \$ 2 ²⁵ as another payment for my lessons.

I am returning an extra Lesson # 5 as I received two of them but failed to get # 6. Yesterday I received Lesson # 7.

I am still studying your lessons and enjoy the help they bring very much.

I am sorry that you do not have a broadcast as I would enjoy hearing it.

I was wondering if we students could help to get one started.

If you could get a sponsor, one with a product we all could use. Let us know whom it is and we could all write that sponsor and promise to use his product and also all take a certain time for concentration on the matter. If we all wanted the same thing why couldn't this be accomplished?

This is just a rough outline of an idea I have been juggling around

and will say that I for one
would be 100% for it.

I have finished my
training for my new
job selling The New Wonder
World - which is an un-
denominational educational
program for children. I
wanted to take a job of
this kind for the express
purpose of trying out what
I've learned from Psychiana
I know I will be successful
for I've learned to rule
out negative thoughts & try
only to have positive thoughts
so I don't see how I can
fail.

I have had a lot of hard
studying to do but it is an

opportunity for me to make
a lot of money and if I do
make what I am planning
I want to send for every
book you have written or
are publishing.

Thanks for everything
you have done for me
and someday I want to
repay you.

Yours most sincerely

There are some questions in your letter which only The Creator could answer. No one knows where the ray had its beginning or who started it; however, everything which was created on this earth had an initial Creator which the human race has chosen to call God. Personally, we think The Almighty is an operating Spiritual Law about which we know very little.

Dear Dr. Robinson.

Enclosed find Postal note for \$2.25 in payment of lessons for May.

I have recently had the occasion to use the Power of God and I am so happy that I know how to handle a difficult situation. My car had a major break down in a neighboring city and I found it necessary to put a loan on the car for the repair bill. It was a pretty complicated affair involving 3 banks my husband & myself but it worked out very smoothly & now I have my car running perfectly & a small payment each month to the Bank. If more people would believe in the Power to help them in time of need. Whenever I need money I get a phone call to come to work & all my needs are supplied. My girl friend with whom I live is an Adventist & pays out big money to her church yet she is so deep in debt and getting deeper. I help her all I can but to no avail. I'm sure she will have to give up her house & take a job

some where else and if she does I will take over the house as I need it and it is all part of a plan for me to get a house here in L.A. I am paying half of her bills yet she cant make it. Its really uncanny how God works for you. Will let you know how I come out for it is all very interesting. The man next door reads my lessons after I am thru with them and he is very anxious for her to move. + is trying to help me.

I do hope you will get a magazine soon - also a radio program. The Adventists have a sort of monopoly on the religious end of Radio Broadcasting out here in California. and I would like to ~~see~~ ^{hear} you on the air to let some of these people know the truth.

How about the Jews taking control of Palestine? Isnt that knocking a Bible prophecy into a cocked hat? Seem like my bible used to say the Jews would be a wandering nation with never a country to call their own.

I say the prophecies come true because some one made them. If enough people would deny them they couldnt happen.

Thanks for every thing + I wouldnt trade what I know for a million Dollars.

Sincerely
Verna M. Gardner.

his Holy name for ever. I
haven't much education
and hard to understand but
by God help I can understand
his precious word. I can hardly
wait for a new lesson to come
to see what's next. My family
are all against me and believe
in Jesus and his blood being
sufficient to cleanse from sin.
Oh - Bro. Probertson please
help me ask God to open
their spiritual eyes so they
may truly find God. he is so
wonderful when we learn to
know him. The more I learn
of his wonderful power and
love and care the more I want
to know of him. Sometimes I
get so happy after talking

To and with him I could just
shout and praise his Holy
name forever. But where I
live every one is so precise
and believe in Jesus and
his blood washing away
your sins and all. you cant
do much shouting or hollering
or you would be in the mad
house in no time. It is built
up so close all around. I am
hoping and praying that
before so very long of having
a home in the country there
one wont have to be cramped
to death and can speak to
God alone. Help me pray that
it wont be long before we go
to the country. I can hardly wait
to get there so I can be alone with ^{God.}

I sent my \$1.00 for the subscription to the way in July but have not received my copy as yet. In a few days will send some money on my lessons, I am sorry to be late but the children are not having scarcely any work so I have not been able to get any but please believe me I will send some soon as possible. For I cannot think of missing even one lesson as they mean so much and help me so much. Am sending a few names. wont you please help me pray that I may be a true soul winner for my precious

Saviour. He is doing so much
for me, I want to do all I
can for him. Praise his name
for ever.

May God bless you
in your good work for him.
I want to thank you again
for your wonderful helping
me to readily find the truths
of God.

Dr. Frank B. Robinson

Dear Sir:-

I have just finished lesson 13 - I am somewhat behind on my schedule. My youngest son had a very serious operation on his spinal column at the base of his brain. Was more serious than the doctor knew until he made the incision. He didn't give us much hope of the operation being a success or that my son would recover. Well thanks to the wonderful Healing Power of the living God within us he did recover. Was back at his desk in four weeks doing part time work. Now after four months he is driving his car. His doctors think his recovery is really a miracle. This interrupted my studies - I kept up my exercises as best I could. The lessons

are a little difficult for me and I had to spend more than two weeks on some of them.

I have had several demonstrations. I had wanted a refrigerator with a side opening for such a long time. Mine opened at the top & quite small. Had to have some repair work on it. I mentioned to the repair man I wanted a larger one. He said he had a good one in his home and would sell me for \$75.00. In two days I had the larger one - in excellent condition - sold my old one for \$65.00.

I have seen the colors in my vision since about the fourth or fifth lesson. Thought they were an indication of some sort but didn't know just what. I read my lessons and do the exercises each morning after breakfast. I find that the best time of the day as there aren't as many interruptions then. One morning recently as I was concentrating

3.

I was fully awake and relaxed. As I sat in my chair I had a sensation of being just a block or piece of stone - only my mind seemed to be alive & functioning. Another time at night, after retiring, I was doing my exercises and thoroughly relaxed. I felt definite vibrations and a sensation of being stabbed in my left hip - causing such a burning & more like an electric shock. This spread all thru my left side from my feet to the top of my head. The next night I had the same feeling in my right side.

I have read lessons 15 & 16 - but have not opened them as I may get confused on the 14th lesson & am now studying

I am so interested in these studies I know the truths you teach are benefiting me so much. I have

better understanding of the God
over than I have ever had in
the 65 yrs. of my life. I am finding
peace and understanding in my
spiritual life that I have ever known.
You are doing a Divine Service to
humanity in giving these lessons
to all the world.

There are so much I want to write
to you that would keep me - but will
let this suffice for this time.

I will be so appreciative of any
personal help or advice I can get
from you.

Wishing you more and more power
in your work. I am

My dear Dr. Robinson:

I have completed Lesson #3 wherein you asked to hear from me.

While some days I don't feel the presence of the stronger spirit, and while my rattlebrain mind will never let me complete 20 affirmations without the human interference, I do feel in a material way particularly, that I have benefitted greatly.

I collected over \$1000 recently from a source through whom I didn't expect the money other than in installments over a period of 3 or 4 months. Secondly, I was flying my private plane into Columbus last week when I suddenly lost control of its maneuverability. It chattered and galloped in the air like a bucking broncho. I didn't get the usual fright that one encounters when you see almost certain death staring one in the face, and in some miraculous manner, I maneuvered the plane into the nearest airport for emergency repairs. I am confident that the above two experiences were prompted by a stronger power than my own human abilities.

Due to the studies of this course I have quit my former job because it was somewhat of a shady character. I am now interested in a selling job that will involve traveling all of North America, preferably North and South America, wherein I can use my own plane to a great extent for transportation and that will net me from \$20 to \$25,000 per year. Your spiritual efforts in this behalf will be greatly appreciated.

Dear Dr. Robinson,

It is a great pleasure to let you know that I enjoy very much your lessons the Power of the God - Law. I find it very uplifting. I cannot read these comforting lessons without yet without being stirred to tears. The joy that I shall be free in due time of fear, worry and ill health, and that I might be able to help others is quiet overwhelming.

The right interpretation of Jesus' teaching is what I was looking for, and I am very happy to have found it in your teaching, Dr. Robinson. It has helped me to have a very joyful Christmas Season.

You are right in saying, that it is doubtful whether any Minister or Priest understands and can interpret the teaching of Jesus. I had several arguments with my own Minister and two of other Churches but I never got from them what I was seeking. I learned more about the great truth of the God Spirit (than) from my dear Mother when I was of Highschool age

21/
than I have learned from the Ministers. Un-
fortunately, she died when I was about 20 years
old. But her faith in God has shown me to
believe in his Power, in the Power of Prayer
like Jesus did. — But I am sorry now that
I have not made it a daily practice to pray
and talk to God. I could have avoided much
suffering. Also I said daily the Lords Prayer.

But only when I was in need of God's help,
in sickness especially, did I call on God's Power,
and lo, behold, a still voice within me, God's
Voice, told me what to do, and help came.

Now that I have your teaching of the Spirit
of God I shall do my best to be your disciple.

May this year 1948 be a very happy one for
you, Dr. Robinson, and your family.

I suggest that if you have an affliction, you consult the best physician you can find and follow his advice. The Power of Almighty God works through the illumate mind of a medical man, just as it works without it. If the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Dr. Robinson:

I have just completed a course of twenty lessons in Psychiana with you. I find that they're the most powerful things in existence. I have taken other courses, but they didn't have any effect on me at all compared with this course. I've learned so many things that have never been brought to my attention before.

While studying with you Dr. Robinson, I discarded all the foolish ideas and every thing taught in the Churches by so called Christians, and

I wouldn't go back to them if I wanted to. I have found that God the Living Spirit is every thing to me. He's my all and all. Yes, He's all & all to me. I am getting some place recognizing his presence in and all about me every moment of the day.

I received my beautiful Certificate a few day ago, and I'm very proud of it. Now I'm enclosing my enrollment blank to learn more about my ~~God~~ the Living Spirit.

Sincerely,
Martha L. Gilchrist

I am sending a report on my lessons of Psychiana I have now completed my 6th lesson I am now making a review I like them all very much I am keeping right up to time and always ready when my new lessons come.

When I received my first lesson I was suffering with both my knees could hardly get around after first week all the pain was gone and I am resting better than I can ever remember of resting at night, my hearing has never been ^{real} good but it seems to be getting better gradually. I am still in need of a lot of healing have had eight operations with little benefit But I now feel I have found a swee healing now.

Please inform me if I should make more than one desire at one time?

Can I heal my Daughter that is in insane institute and Granddaughter that are not in my home. I wish I had off known you Dr Robinson before I had those

eight operations which has been of little benefit
I have a very bad protruding Uterus which is
very troublesome to my getting around.

I also have a little granddaughter 4 yrs old
who has never been able to walk.

And my youngest daughter 34 yrs old
has been in an insane institution
for 5 yrs so you know I would love to be
cured to perfect health and would also like
to heal others. I have been sick most of my life.

I have been raised in church since I was 8 yrs
old have read my bible through have been a
member of the Presbyterian Church for past 35 yrs
but have never got any satisfaction from any
Church I have been hungry for the truths of
Gods I have even wrote to ministers for
Gods truths but no easing satisfaction.

There has always been an inward nagging for
"Gods truths" but no one could make it clear to me

But I now feel since getting your lessons that
I am on the right track they are so convincing,
Satisfying and peaceful.

I have always been very sickly but am anxious
for perfect health. Our Doctors here just tell me I
ought to be glad I am a living after all I have
went through.

I have now found a new method that helps to remind me of my hourly affirmations. In the morning I take a sheet of paper and pen place it close the dining room clock and I find it very helpful every hour I make note of my affirmation on paper and it becomes an hourly habit

I read lessons every day. pray morning & noon have my quiet moments with God at Bed time relaxed. The only feeling I witness is a kneading sort of a feeling about my Heart and trunk of my body, I sleep perfectly I hold those quiet moments from 15 minutes to an hour with God

Now please tell me if I am progressing as fast as I should be. I started two days ago to hold my quiet moments with God twice daily. Many things are beginning to manifest

Dear Dr Robinson. =1=

I have just received my third lesson a few day ago, and I think it is full of the truth, the truth as it fell from the lips of the master.

These truths as they unfold are just as real as the living God.

I believe the spirit of the living God lives in my Body, I have communion with the same spirit, and I know it is working in my life. I have seen a small light, and I desire it to grow, to light the

Pathway to God.

I believe everlasting life is what the Master said we should have, and he meant what he said.

I am glad I am traveling the pathway to God and I know I have a long way to go. it is a happy journey, to the Realm of the Kingdom of God.

I desire you to direct the spirit in my behalf.

I believe in the Power of the living God.

I am sure the moments

yours at hand a few days

you after a long silent
to hear from you, it seems
hard to think there is no one
has got religion but the
are you believe in? I don't
say but what you have
the Power of God in your
heart, if you did not believe
in God you couldn't teach
the Power of God to others.
I don't say, but that is the
cause of so many Peoples
Being lost, and so much
His orders mapping to the
World so many sinners
not having the Power of God

in there hearts, is there
 any Man or Woman, you
 can show me or others
 where the Power of God
 lies in the Body, it must be
 in the heart, this old Body
 goes to dust, God tell us from
 dust dust shall return
 so the Body can not have
 the Power of God in it. But
 they can have the Power
 of God in there heart, i do
 believe i have got the Power
 of God in my heart, and
 I do believe God is going
 to take My mortal Salic
 to heaven some sweet day
 for i do and can feel the
 Grace of God in my heart

Well brother in Christ,
I guess I am American
But I don't have to be
ashamed to have the knowledge
and the actual Power of God
in my heart, God has shame
me that all my long 77
years, I don't want to get out
in this old world or hunt
the Power of God, if I had
to hunt the Power of God know
I would feel ashamed think
God had gave every one
the chance to follow him
and just now have found
there is a chance for these
sales. While it is not too late
to be saved if they will
turn to God, for He is a
Just God and will once there

Prayers if it comes from
 their hearts, no Brother
 I no i have nothing you want
 you said i never will have
 sent you want me and
 others to have the Grace
 of God in our hearts,
 you told me if i had not
 found the Power of God in
 all its majesty while i live
 on this earth, i'll never find it
 But listen Brother, i have
 found the Power of God in
 my heart for a great number
 years now, i am so happy
 to feel and no i have got the
 Grace of God in my heart. listen
 Brother, you are not no

 has every Powers, if Lots
 of Publis had the Powers
 of God, times Be Warde then
 it is, and i rite, for some

 not only is But every
 thing on earth God sustain
 Perfect health, But the Boddy
 will fade way But the Sole
 will not, if we Put our
 trust in the Lord Jesus
 Christ, as i heard a Surman
 this a m we must follow
 foots steps of Jesus Christ
 on our Soles will never
 die and i write as song,
 Pleastell me if i am sang

yeas Brother i sure do thank
you for trying to change
me, the spirit of God is
in my heart, God has all
Power, So When God calls
me i am going with him
you ask me to come to you
show me whether or not
you could reveal the Power
of God to me, you might reveal
the Power of God to me if i
was lost, But liess i can
feel like i am saved, Well
As you, you say you have
Power of God in your heart
Why cant i feel the Grace
of God in me Well as you
or others, i never have
Bin a sinner, Well as you.

4
But listen there isn't but
one God that God alone no
not one God But the Lord and
Savior Jesus Christ, you told
me no sense in me living
a sinner no longer without the
Power of God, Now do you
no i haven't got the grace
of God in my heart, i no
mean you no one else
has the Power of God,
this reason, i cant take
what you have you cant
take what i have, But listen
God can take every thing

we cant help our selves
God has all Power we dont

what every body has God can

Dear Sirs,

Thank you for the suggestion regarding the news paper advertising for the names of students.

I have not taken action to date. I am still "wrestling" with myself and feel, as you suggest in the lessons, it best to be able to truly begin to live these wonderful teachings before I go to getting into any more activities.

In referring to "activities," since my letter to you + your answer (In fact, your letter was written on the very day, the night of which, I "knew" "It is finished," i.e., another of those "assumed responsibilities" I have been so adept in getting identified with in my search for good - God.

2 I know that it was the work you did, for which I have already (immediately) thanked the Father, asking that you and your work may continue in being found worthy.

Yes, I do realize that the change must come from within me - and I feel that it will. In fact, it almost seems that I am at the very dividing line - on many occasions, then I realize how "well" I have learned the "old way" of thinking and doing. At such times I get a faint idea what you, Dr. Robinson, have pioneered in, and am looking forward to the time when, in my own special way, I can be working with you. The next step for me now seems to start a shop "Electrical Repairs" in La Crescenta, California. I have had 20 yrs electrical experience. My one desire is to be where I can in

a young man, veteran, who is now a helper where

There are not many Returned Navy men at 23
who are as capable of being good help as this
man is - I would like to help him in that
way - I am alone and completely free
at this time.

Even though I have taken much of your
full-to-over-flowing-day with this letter, it
seemed the thing to do.

Thank you,

Dear Sirs,

There comes a time in every man's life when there are days and even weeks, months and perhaps years of going within; more or less retreating from certain kinds of activity. That time has come upon me -- a kind of getting my physical and mental house "in order" --

Having had two courses previous to this one, and also having most of your publications, I find these first lessons are to a great extent review. Therefore, I find the Book "Series of Spiritual Truth" a very fine supplement to the course.

Thank you,

February 11, 1948.

My dear Dr. Robinson,

As yet I have not been able to answer your pleasant letter received some months ago but I have been studying your course and I know that this is what I have been seeking in nearly six years.

When I am sure of what to say to you I shall write but at the moment I am not far enough advanced to report anything that is unique in the eyes of the world. This will manifest very shortly and I shall not hesitate to write to you immediately.

As I do not intend returning to Johannesburg, South Africa until I am an American citizen, I am at the moment endeavouring to secure a

Permanent immigration visa and have encountered much difficulty but I am sure the Power will solve all this. South Africa's quota for immigration is only a miserable 100 (One hundred) persons per year so I am putting my case forward on what I believe are "meritous grounds," unfortunately I need the help of politicians to solve this and recommend my immigration. I am sure God will do what is needed.

My main reason for remaining is that my mother, under orders from ^{physicians at} the Mayo Clinic, Rochester, Minn. is unable to face the long sea journey from New York to Cape Town and further more she has so grown to love the United States although she has seen very little of this country. She is very interested in your teaching and is now reading your book "The Pathway to God". She is crippled but will walk without crutches again and her leg will get straight again. The Arthritis has done much damage to her system but I am sure that she

will be once again the strong healthy mother she was although she is 63 I know that she will be with me indefinitely, death has no place in her "make-up."

My main reason for writing this letter is for the purpose of supplying you with some of the names of the Clergy of Johannesburg. ~~whom~~ I would be very pleased if you would send them literature in plain envelopes as their secretaries may destroy your literature without their seeing it and mark it personal. The postage rate is 5¢ per ounce to South Africa (First Class). I will send you donations from time to time to help this GREAT work, the law of TITHING is just as scientific as that of Living. I hope that you will stress that point at some future date.

The names of the clergy are as follows: —

(1) - - - - - Please turn over

Many thanks for all your kindness and inspiration and when I truthfully can say I KNOW GOD A LITTLE then I will write to you all that I am able, meanwhile I will study your amazing ^{lessons.} letters.

I will make no mistake and tell you I know God when I have spent almost six years trying. I have not completed my "weeding" but at 26 years of age I have done fairly well I think, perhaps others do not.

Many thanks again and may God Bless you with his infinite Power and Peace and this too to your son who has lately joined you in this great work.

Kindest Regards,
Very Sincerely Yours,

Ernest J. God

(See Back)

P.S. Please do not divulge my name to any of these persons whose addresses I have furnished, I have been most careful in my selections.

As you may not be aware the
Union of South Africa has two
official languages - English and
Afrikaans - more than 60% of the
population speak the latter. If it
is worth your while I will procure
the names of various sworn translators
for you.

Sincerely,

Ernest J. Good.

Dear Dr. Robinson:

I am doing fine with my lessons but the most wonderful thing is happening to me. for four years I have had something wrong with my stomach the doctors said it was tumors and since I studied my sixth lesson, you said in the sixth lesson for divine healing to impress what you wanted done on the Spirit of God and that is what I did and my stomach has gone over half down it is got my husband stampeded he didn't believe in this way of finding "God" and I think my friends will believe

after I get the results I want,
is that all I'll have to do
is just impress on the Spirit
what is to be done. I was told
I'd have to have an operation
I had already had one and
didn't want to have another
one. and I was like a wind

all gone I can get my breath

Dear Dr. Robinson.

I am writing you to tell you that I thank you with all my heart for what you have done for me. I have found "God" and I know it. how I wish our Churches would see their need for God and his power. I have tried to tell several of the people around here about God living in us, and I have tried to get them to take my lessons and read them, I have got a few to read the first lesson but they say they either knew all that all their lives, or they don't believe it, it hurts me to see them turn God down like that. The Baptist here seem to think they hold the key to Heaven. Well I belong to the Presbyterian here and have for many years. but I have got more out of these lessons than I have all my life going to Church. and our

Pastor will not preach nothing but the blood of Christ will save us so I have stopped going I'm not interested I know better now, but what worries me is because I can't get any one interested, they are either afraid some one will laugh at them or they just don't believe or don't care I don't know which. They stick to tradition like a leach. Will I have to account for this. I've tried I can't help it. I am sending you a few names whether they'll take these lessons or not I don't know. I hope so, and I wish I could fill this list full of names but I know it's not any use, and it would be causing you to spend money that wouldn't be any use for that's the honest truth. I am being honest about telling you they are satisfied with the Jesus story.

Dr. Robinson I believe everything you tell me about God with all my heart. I believe at last this is the real way to God. I have had some wonderful moments with God, and I thank God with all my heart
over

and what is more the Spirit
of God, in me. Knows & thank
him.

Dear Teacher -

I have received your second lesson and have read it several times. I find much good teaching in your lessons, and some things I cannot take, such as (in the first lesson you stated (yet Jesus failed) while I know Jesus never failed, he finished the work the Father gave him to do, read St John, 17:4 & I have finished the work thou gavest me to do; (others failed, his followers or the Church if you will) but Jesus never failed, then again you said in your second lesson (Jesus has been dead two thousand years) and we all know Jesus arose from the dead the third day, and is very much alive ever since. I do know that the holy spirit or spirit of God, is within us as the Comforter whom Jesus said he would send and did. I also have heard the audible voice of God speaking to me.

I do know that the Church is not doing her duty before God. and I am sure

there is a lack of understanding
of the Power of the holy Spirit within
and I think your teaching in that
is very good,

perhaps if you contact some of the
Ministers and help them to find
and understand this great Power
of the holy Spirit of God within them,
they would wake up to what they can
do, to bring the world to know this
Power.

while there is much good in your
lessons, I don't think I care to
continue with them so if you just
say the word I will return the
two lessons I have received
and read.

I wish and hope that you might
do much good in bringing about
the best results, in the spiritual
realms. very sincerely yours

when I sent out money I used to give the

unless some one would take me as I do

I've written you several times expressing my improvements and my sincere interest I have in this work; and how the instructions hold me together when things seem to be going wrong. But not one response do I get from you. I think I'd feel much better if I could get a reply from you some time.

Dear Dr. Robinson:

I want to thank you very much for sending me the first 15 Lessons. I do appreciate your consideration of my request.

I have received Lesson 16, about four weeks ago but I haven't received Lesson 17, I am wondering why?

I enjoy the Lessons so very much and look forward eagerly for the next one. All my life I have gone to different and many churches in search of God. I had no idea I would ever find anyone whose thoughts would coincide so much with mine.

basically, of course you have "dug so much deeper" and progressed so much farther that your teachings are like the flower growing with the buds bursting forth in all their glory as your thoughts continue their amazing revelations in Psychiana.

I am so very anxious to continue my studies and learn how to interest other people. It has also been a revelation to me how very satisfied people can be with the old ideas, creeds + rituals which impress me as so much idolatry they are so very material, superficial + artificial, especially since I have studied Psychiana.

I hope I shall receive Lesson 17 soon.

Thanking you

My dear Mrs. Green:

Thank you for your good letter of recent date. It was a pleasure to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Personal.

Dearest friend. I ts with much
happyness that I'm dropping you
a few lines to let you know my progress
in the Realm of the spirit of the Living
God. I've ben learning a lot since I started
these lessons of yours. I'm not living
at Belden Calif. Box 75 Now it seems that
has willed my husbands work here
& I've ben unable to stay up there alone
& its to expensive for us to go back
forth every week, so I've come here to stay
with him until the place is sold. He
alone knows when that will be. he helped
me get it and will help me sell it or
keep it. I love to live there in hot
weather its very beautiful there
I & Robinson. I've ben taking the lung
breathing exercises for a long time
the pain has almost left my chest
& my gait is not bothering me like
before. All the one night in Feb.

I lay very still all night after
relaxing after a very trying day
and had been out in snow knee deep
& getting very wet. in the night I felt
like I was not here but with God
I stayed in that position many hours
when my Husband got up in the morning
& built the fire & tried to waken me
he said I talked so funny he could not
understand me. he kept trying to waken
me. Kissing & shaking me. finally I opened
my eyes. but could not move my body
just my fingers then my hands & toes
then one arm & leg on the left side. I
could not move my head to turn it
all day. my body felt like lead. I had no
cold. I never caught any after getting
wet. he could not understand it. but
I could but could not tell him
he turned me on my left side.
until he gave me my breakfast
then a terrible stabbing pain came
into the base of my skull oh such
a pain I can't describe I kept repeating
spirit of the living God I commend
this pain leave me & make me whole
finally after 3 days it turned a dull

3
throbbing pain then a dear friend came
over here the one that gave me your
first lesson & she put her hand on
my fore head & repeated with me the
following words. spirit of the Living God
I command the pain leave altar head &
body & make her whole, 3 times she
said now Dear how do you feel. I
told her oh so much better. then she
went home. I kept saying George how
helped me to tell Dr Robinson please
& he will help too. in 3 more days. I was
able to be up a little while in bed.

The Dr finally came & said I had the
flu but he left some pills but they
were no help. I cured myself with
Gods help. but Dr Dimond all well
yet. that was a terrible shock. but
I believe now it was the way the
comforter came to me. because I only
need close my eyes & God says altar
listen to me & Dr Robinson if soon
you will gain your health and wisdom
in the Realm of the Living spirit of God
I have the things good for you
they are coming I am sure of it as
I am writing this letter to you.

That friend is letting me read
her lessons until we can afford to

take up mine again & I'm hoping
that will be next month. the reason
I've not written to you before is I've not
been able. we also had an accident
with our car going to Belden on a
Halladay Mother's day. a big truck
ran us off the Highway. forced us
to turn out, our tire blew out dived a
bank & turned over hitting my Husband
& only bruising me. I was all ready on
Crutches but I said we are not hurt
bad enough to go to a Hospital God will
look after us now or he never let
us get killed my Husband went to
work on Monday the 10th & is still
working the neck hurt his breast bone
& left leg but his improving now
& the car he is driving it everyday
what more proof could I have of
Gods manifesting his presence
to me. I thank God so much for
each and every little thing I receive
be it ever so small. the big things will
come later. when our house above Belden
is sold we can relax a little again
please Dr Robinson write me a letter
from your own pen as a favor to me
as it is much to ask. I do want to be able to
unite my love with you.

and I want ask for Credit. I don't
like instalment plans on things
I need. I want to pay cash, we all
ready owe to much now as my sick
Mera put us in the whole, living in
calif is terrible high even with the
high wages. we don't save much,
they take so much out.

Dr Robinson I kept saying God
don't let Stalin make another war
put him down like you did Hitler
show him the power you have
in us. oh we must not have another
world war God for bid.

I hope the flood in Idaho did not
ruin your home. I kept saying let
the waters recede & not harm the
poor people. oh if only everyone would
change there creeds & believe Jesus message
we would soon have a beautiful world
& could all be happy. I have much
happiness just the same, because I
love the name of Jesus & his message
understand what he came for.
never did before. when I write or read
about the spirit of God in us I can't

some times see for the boys rolling
out my eyes. I'll never for get how
the spirit of God came to me
in the night with such force it knocked
me cold. My Husband just could
understand. but he believes in the
spirit of God helping us out of the
reck. alltho I cant seem to get him to
read with me. but I keep trying
& he repeats many of my affirmations
to himself. when he least expects
me to be watching & when I read he
remains quiet. he does a lot of
figuring in his business. & I tell
him God is always with him helping
him. and not to be discouraged. or worry
if one is afraid or worried they are losing
faith or belief. I just dont worry I just
think & think. I'm not afraid even
after that reck. but we do our going
up there now very early in the morn
before the trucks get into town we may
pass one or 2 loaded great near town,
god told me it is best for me. & we go
early sat. morning. Dr. Robinson which is the
right sabbath. sat. or sun? please tell me which
you keep. wisely or does it make any difference?
I'll be expecting a nice letter from you.
sincerely your people & friend. 33- April 2

Dear Mr. Robinson: —

I am enclosing my \$35⁰⁰ in check for my lessons in "Psychiana".

I had a stroke about a year ago and I have improved to the point where I can walk with the aid of a crutch and an attendant. I can't rise out of my chair without someone helping me.

Please tell me what "Psychiana" means as I'm not familiar with the word.

I am expecting great benefit from the lessons. The first booklet you sent, I haven't received. God Prosper your Work.

Sincerely,
Emma L. Green.

Psychiana.

Moscow, Idaho.

Mr. Robinson, Dr and Teacher.

Enclosed find 1.00

for "The Way" for 1 year.

Also I am interested in higher Psychianic teachings.

I ordered the first course of lessons about 8 years ago. At that time that course consisted of 20 lessons. Well at first I couldn't even believe my eyes, it didn't seem possible that any one could dare print the things that were printed there. You see I was raised in the Methodist Church and was so narrow minded and so afraid of Hell fire and all that stuff, that I even felt guilty reading those lessons. The first 6 or 8 lessons were certainly taken in small doses. But later on my mind began working over time, and in using it a little, I found that it began to broaden and all of that fear and dread and uncertainty began to disappear.

Of course it hasn't taken 8 years for me to know how wrong the old teachings were, but

those lessons opened up an entirely new world for me to explore, and I have read and re-read the lessons and learned so many of the real truths, Now I feel that I must go on and on in this new world.

I havnt made any fortune as far as material results are concerned, yet I am getting along very well. I have a good job with over 8 years seniority. I have better health than ever before, I am 47 years old and going thru a time when so many women have bad health, no one believes me when I tell them my age, as they say I look at least 10 years younger.

But the best of all, I am happy within, no more fear that the church teachings had me bound down with.

When I finished that first course of teachings you offered me an advanced course, I wasn't ready for it then, or so I thought, because I wanted to go over those lessons again and again and know and really grow in their teachings.

Dr. Robinson I want to learn more and grow into more understanding, of this God law and I know of no one, who is more able to help me than you are.

There were many times when you sent me

lists of books to read. but I did not send for them. In fact I had all I could do to understand the lessons, Not that they were hard to read. Oh - no. A child could read them easy and probably understand better than I did, because a child's mind couldn't have been filled with the stuff that nearly 40 years of church had put in my mind, And I couldn't believe what you told me, it took time and experience to try out your teachings.

Now I want the advanced lessons, and books and what ever you have to help me gain a more perfect understanding of this Living God law.

Also I would like to have the privilege of monthly payments as before, if that is possible. Please may I hear from you real soon.

Most sincerely,

Your Student

Eva M. Gruen.
