She became ill with chills, fever, and frequent nervous spells. I was in despair, because whatever was wrong was too big for me to handle alone. I did pray desperately. I mechanically but

earnestly repeated the affirmation for health which you taught me. It was not long before I felt an inner glow or warmth with the repetition of the affirmation, and I can honestly say my prayers are no longer mechanical. It is with deep gratitude that I thank God and Psychiana for the help I have had in just a few days.

If you actually believe that The Power of The Almighty can instantly heal any disease you might have, it would not take you five seconds to claim that healing. So, in addition to holding the thought that you are going to be healed, you are going to have to act as if you already had received the answer to your sickness. It is the acting as if you had received the answer which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

Dear Sir: ^{At impulse} (grad)

I am nearing the end of my second series of lessons of Psychiana, and was very much impressed by the last ten lessons of the New Psychiana - and do you have another series of lessons of that caliber.

I always was of a rather religious nature, and I'm going to tell you the kind of a religion I always had before I learned about Psychiana, to my way of thinking they are related. Before I ever heard of Psychiana my bible was that Hymn "Master the tempest is raging". I pictured the body was a ship out on the sea of life, it had only two passengers aboard, the Master and Me, the master never spoke to me, but when black storms of trouble would arise I'd call on the Master and if he did not respond I'd tell him I recognized his power, and if the storm clouds did not vanish, they diminished enough that I could see the blue beyond.

If you do not know the song, I suggest you read it, it can explain better than I can, what I mean.

Yours Respectfully

Dear Dr. Robinson,

I hardly know what to do about taking the course you offer. I received the no one and no two lesson. just one week apart. since Christmas. I have been trying to carry out your instructions.

I asked God to show me how I could earn enough money to pay for these lessons. If it was his will that I should take them.

You see it would be useless for me to ask my husband for the money unless I had some thing to show I mean an answer to my prayer.

There are two things I am praying for.
I should say two people. That needs
healing. what I want most is more
faith. so I am asking you to pray
for me too. I believe that nothing
is too much for God. I believe
that He is able, and willing.

I believe it is my lack of faith.
I believe that the Spirit of God
lives in my heart. and we give
God credit for our health, our food,
and for our two daughters, and the
love we have for one another. We are
able to work, and willing. There is
much of this world's goods we would
like to have. and I don't believe it
would be wrong to have more than
we do. But then I think of the verse
in my Bible. what would (I) a man profit
if he gains the whole world, and loses
his own soul. so I only wish for things
that God would approve of.

I believe my Bible from cover to cover.
I do not know, or understand much,
but as the Spirit of God reveals it
to me I accept it. I believe that
God, Son, and Holy Spirit, are one.
I believe in the resurrection of Jesus,
and that he has gone back to heaven
and sitteth on the right hand of God,
making intercession for us.

I believe that there is a Heaven
and also, I believe there is a Hell.
We hold membership in a Protestant
Church in the city. we are also
working in a small mission in
the valley where we live.

Now Dr. Robinson. Do you think I can
still claim this power and use
it for the salvation of souls, in this
valley? Please give me your honest
opinion. I have a reason that I
want it very much. I may tell you
another time. I am inclosing 2. 25¢
encl.

in this letter. I am praying for
results. soon. so I can tell my
husband. I do not feel that it
is right to not tell him.

It is five minutes until eleven o'clock.
and my husband will be coming home
from work. so I will say good night

Dr Robinson, I just want to thank you for the way you have helped me to find the power of God and use it, it has helped me in so many ways. I can never thank you enough, or rather thank God for your help. I used to go about my work crying and weeping but the difference there is now I sing and praise God and believe me my work is easy.

Well it just lets me know that God does hear and is here with us. some time ago I come home from work at 11. o'clock and my little girl was real sick and her little body so hot, and I just asked God to take over and in less than ten minutes she was cool and that was the last of that, O how I did praise God

for that healing power that

Tell Your Friends

There are scores of people, friends of yours and perhaps hundreds of people who would give almost anything to know of the existence of the truths being taught to you. These friends will esteem it a favor and will thank you heartily if you will call their attention to this teaching. If you prefer to have us call their attention to it, print the names and addresses of these friends plainly on this form and send it to us. Only give us the names of those friends you are reasonably sure will be interested in this line of thought. Do not try to think up names but just give us those whom you are reasonably sure would like to hear of this teaching. We shall appreciate this and you will be helping to carry the good news of complete liberation to those who may not see our national announcement. We will not mention your name.

Thank you very much for this courtesy.

Gentlemen;

I realize I am behind in my payments but hope to get caught up soon.

I am enclosing \$2.00 as partial payment and will try to keep them coming regularly. I promised I would send a payment on Jan. 8 but I didn't have time. If you will read the following story you will know why.

With your 1st. lesson I received a card telling me to repeat every hour on the hour this statement, "I Believe In The Power of the Living God". This card also says things will happen in my life that will amaze me. Believe me something has happened. On Jan. 7, 1948 I met a sister I never knew I had! This sister has been searching for her mother and any other relatives for Thirty years! Yes I mean 30 years.

But she was too late to see mother who died on Nov. 25, 1947.

I am firmly convinced that my study of your lessons brought about this miracle. I am also convinced that had I subscribed to your lessons sooner this sister would have found us sooner and would have met her mother before she died.

The above story can be confirmed by The Pittsburgh Press. Pittsburgh, Pa. (a daily newspaper?)

Sincerely yours;
James P. Hanney an

If you experience any inconvenience in repeating the affirmation of faith every hour on the hour, even mentally, then do the next best thing. However, an extra bit of mental effort every hour, which takes about five seconds, does not seem too much to ask, especially when one is seeking the greatest Power in the universe.

As I am setting here & wondering what will happen next I seem to feel that the definition of Hell & Heaven I always had is right - after all. One told many people both places was right - here on earth & nowhere else. For right now although my body has not been made whole - to date. I'm looking for a big change soon. I have already applied the God law on my self - twice & have received Wonderful results. and to say I more than believe in the Spirit of the living God Law, and too I love it.

I can only praise your lessons to the hilt & best wish you all the glorious power that Spirit of the God law - you can handle & more.

I must acknowledge I'm not strictly
on the hour with my thoughts
but I sure try to make up for lost
time when I retire

Now see my wife is a nurse &
I have house keeping to do, wash-
ing - cooking my meals - repairing
gardening & chickens to care for in
other words I'm kept out of mischief.

I do pretty good for me at 60 yrs young
& 32 yrs retired from the U.S.M. 3 wars
I, II & Mexican & several campaigns to
lead - & still going strong and
I've made up my mind to get
stronger through the Spirit

Dear Brother Robinson:

I am certainly glad your letter came my way. I received your first literature in June 1947. With it was a small booklet entitled "I Talked With God" - Free Booklet No. 2. I read the other literature first, and my curiosity certainly was aroused. Then I read the booklet. When I came to page 7 of this booklet, I noticed in the middle paragraph, in Big Letters "God Is Invisible." These words were in large white letters, that seemed to come right through the print. I looked at them for perhaps 10 seconds. Then I turned my eyes off the book and when I looked at the book again, they had disappeared. I thought perhaps they were stamped in the paper; but a good sunning out before an electric light convinced me they were not there. I finished reading the booklet, and I told my wife I had found what I had been looking for all my life, and that I was going to take your course of lessons.

It was about June 27th, I mailed you my application, and on July 27th, I received and read my first lesson. (over)

(2)

This Was an Sunday morning, a beautiful sunshiny day, Not a cloud to be seen anywhere. I would read a while, then look at the beautiful sky and the mountains, which looked so beautiful and sweet to me - more so than ever before.

When I finished reading this first lesson, I had a different view altogether on life. I felt a great change in my life, I have been prospering since this time. I only ask for one job last year, and all the others were waiting on me to get to them - I closed in November for the season, with four jobs on hand that I just couldn't get to. These jobs are now waiting for me, as soon as the weather gets so I can do them - I am a painter, + paperhanger - I figure am going to work in next 2 weeks.

I have been resting at home this winter studying your lessons. I think they are just wonderful - I read a little book in 1941 - it was written by Rose Dawn, the Secretary of the Mayans and the title of it was "The Miracle Power" I got a lot of good ideas from that book - (Of course they used a lot of the old Maslam pagan religion) and they didnt bring out this "Miracle Power" as they called it
(over)

(3)

To a point of Explanation of where it could be used, by the Common Class. They used it for you -

You ask in one lesson if any of us experienced a Vision of Colors - If so you wanted to know about it. Well, while directing my thoughts out in the Casnee Bay, I saw many Colors, - Blue, red, yellow, green, gold and diamonds & Silver. - Now, I'll ask you a Question - What do these denote? - - -

I wouldn't part with my lessons for Ten times their cost - I perform the little exercises you prescribe daily and I am growing in strength and Spiritual power - Fear has vanished and I am prospering - More and More.

I read last month and read your wonderful book "The Blood On The Tail Of A Pig" - The God How Can accomplish Wonders - Its Wonderful How it Works -

I Quote here a little poem I read once - and as I remember it was written by Edwin Markham -

There is a destiny that makes us brothers,
None goes his way alone;
All that we send into the lives of others,
Comes back into our own.

I care not what his temples or his Creeds,
One thing holds firm and fast;

That into his faithful heap of days and deeds,
The Soul of man is cast - (over)

(4)

The loftiest peak in the high ideals of brotherhood, are pointed out by those who possess these ~~these~~ highest ideals. So I'll dedicate this little poem to you, Dr. Robinson.

Because the work you are doing; the teachings you are sending out, will surely bring back into your life the most wonderful blessings, because of the great help you are to humanity God will wonderfully bless you.

Probably I have written more now than you will have time to read, so I will close with best wishes. I am sending you a stamp size picture of myself - will send you a picture as soon as I have some made. I have your picture framed and in my bed room where I can look at it every night. A million thanks for what you have done in my behalf, and I will always bless the day that I mailed my application for your lessons. Will appreciate hearing from you if and when you have time to write. Sincerely Yours.

THE FORSAAL STAGE PRESS ANNOUNCING **The Fifth Freedom**

To the Four International Roosevelt's Freedoms we are adding one more, also of international human interest, or

FREEDOM OF POWER EVERYWHERE IN THE WORLD

WHAT IT MEANS

There where no water, no vegetation, no coal, no benzene or any other kind of fuel exists—like in a sandy desert—life can be accomodated, electric current generated, artesian wells constructed, plants and trees cultivated after a developed plan for irrigation and all this at a low cost for each hp needed on each project.

No coal or fuel needed; not even white coal from water falls or rivers! The jump of massive waters from a higher onto a lower level no longer is necessary to originate power for the colossal dynamos . . .

Projects of 10 hps to 1,000 hps or more can be laid out, regardless the nature of the soil, for stationary purposes . . . Like any other project which requires the skill of engineers trained to answer technical quests and resolve them, our Forsaal will do the same **and after** twenty-one years from the very first experiment which was a surprise for its theory and its engineering hazard. A voice rose in the midst of a crowd, one eve, at that time, claiming right! Money and cooperation followed that voice and the experiment went on and the solar system with determined laws was reproduced. Errors were checked . . . But errors gave the spirit of finding the truth, and today, alas, today our Forsaal can say to the world: As far as universal gravitation exists there can be freedom of power everywhere in the world.

It is **IMPORTANT to YOU!**

. . . here's the story:

PARALLELISM of our F-SY system with that of nuclear physics stands in account of the presence of ELECTRONS on both systems.

SINCE in any F-SY system MASSES are actually controlled, we are calling them ELECTRONS by the fact that no one of them stays at REST (not even for a small fraction of a second)

The DIAGRAM of FIG 7 tells the reader of the Efficiency of any F-SY system: the right-hand area from J-J represents the positive Energy or the total charge electrons can transmit to Origin F or release it to the outside, at any instant, being the portion left-hand all negative since it represents losses for frictions and else: no extra losses are to be computed on top of it.

The TOTAL AREA (FIG 8) is the total Theoretical ENERGY of the System and it can be scaled and weighed to determine the HPs of the system. If losses were left uncomputed area M Q'R would resemble a portion of an ellipse. (See path M Q' R) FIG 7 -

The WEIGHT of a F-SY system corresponds, almost, to the yearly coal or fuel consumption by any other power-generator or motor developing the same HPs of the selected one.

SETS of hydraulic brakes enable any F-SY System to start from rest or to be stopped from motion in only a few seconds.

★APPLICATIONS of F-SYs systems for Industrial purposes are harmless and dangerless either when at rest or in motion.

ALL VALUES concerning the three moments as mentioned in paragraph FIG 8, are true and absolute at any instant motion -

I obey the power by the blessings of God.

I have asked and received the blessings from the angel, I have prayed to God and he came to me, and I received his blessings. It was wonderque in Gods way.

I am following your lessons to best of my understanding, I realize you are a blessing to me, and I do believe in your teachings.

I decided could not live any where else but here, I am thankful to God for the blessings and faith I have in you.

STUDY OF

Dr. Frank B. Robinson

MOSCOW, IDAHO

SO NEAR---AND YET SO FAR

My dear friend and fellow-American:

You know, it is a fact that at least once in this life, we come so close to fortune, happiness and that strange "something" which inevitably leads us on to the fulfillment of our heart's deepest longings. As Shakespeare said:-
"THERE IS A TIDE IN THE AFFAIRS OF MEN WHICH, TAKEN AT THE FLOOD, LEADS ON TO FORTUNE".

You came awfully close to that flood-tide of Power. For some reason unknown to me, you decided to allow it to pass by your door. In fact, you closed the door to it. When the one Grand Opportunity knocked, you opened the door, took a look, and foolishly closed the door in the face of the one Power which could have changed your entire life.

You are fortunate that I am interested enough in you personally to come again. Make no mistake about it--if the motivating impulse of my life was not the complete regeneration of the human race by the Spirit of God, whose Power I know, you would not receive this letter. You don't have money enough to interest me otherwise. For I am not now, and never have been interested in "selling" you anything. The literature I sent to you is only the material means of telling you what the overpowering Spirit of Power can do for you. Hundreds of thousands have proved that over the past twenty years. You could have proved it too--but you passed the opportunity by.

So now I come to you again. I enclose another Membership-application form. I want you to know the actual and literal Power of God. I am in earnest my friend--believe me. If you were only one-tenth as much in earnest about your own future as I am, you'd be a happy person today. What others have found, you too may find.

I do not know why you shut the door on The Spirit of God. I do not care. That was YOUR MISTAKE, not mine. I am interested enough however to give you another opportunity. Forget that you ever turned away from this staggering Power of God. We shall be glad to forget it. Fill out and mail the enclosed enrollment form, and thus start again on the Pathway which leads to God. Will you? Not for my sake--but for your own. Thank you.

Cordially your friend,

Frank B. Robinson

Dr. Frank B. Robinson, Archbishop of Psychiana
Moscow, Idaho

Dear Dr. Robinson:

Enclosed is cheque for \$ 5.00, bringing my payments up to date.

I should like you to know of the physical demonstration which I have had from my study of Psychiana. For several years past, I have suffered from acute attacks of arthritis in my neck and hip bone. Not one physician, but several have diagnosed my condition as incurable and have given no hope at all for anything but the most meagre temporary relief. A short while ago, after reading lesson eleven, I decided to personally call upon the God-Law for this specific condition. Going to bed and relaxing completely (which, incidentally, I have never before in my life been able to do) I felt the Power of the Living God entirely take over and envelope me both inside and out. I knew that I was having something remarkable take place in my life and so I slept. In the morning all pain and discomfort had left me and what is more, even though I work, exposed to all sorts of weather and conditions, I have had no recurrence and know that I never shall have.

Naturally, I feel that through the study of Psychiana and the Power of the Law, anything is possible for me personally, but I have a problem, which concerns two other people beside myself and I do not seem to be able, alone, to cope with it. I wish to have your help and suggestions in this matter.

I am working with two women who have a Delivery Service. The business is a year old and until just recently has been doing remarkably well. There were originally three partners and one, at her own insistence, left the business and is working in competition by herself. That, in itself, is not harmful for we feel that healthy competition is never a draw-back. This third partner, however, made considerable trouble when she was part of the business and apparently is doing a great deal to undermine the business of the surviving partners, with whom I am associated. The business is not progressing as it should. New accounts are not coming in. The old accounts seem to be dropping off and as a consequence the revenue is lessened and the expenses and bills are piling up. We have endeavoured to analyze the trouble from every angle. Our idea of women in the Delivery business seems to be a good one. Our aim is politeness and service and placing delivery in the category of a courteous function. We are not trying to undersell or take business from anyone else. All in all it just seems to be an old-fashioned case of a "run of hard luck." Now, since studying Psychiana, I know this cannot be the case. Do you think it could be erroneous and harmful thoughts from someone else? I know of several persons who have shown jealousy of our former success and I mentioned this former partner because she has the capacity for jealousy, malice and trouble-making and I knew her to have a very strong mind and will. Do you think that such an influence, if strong enough, could cause this situation?

I have interested one of the partners in Psychiana and below is her name and address:

Zerelda H. Carpenter
1300 French Street
Wilmington, Delaware

May I have your opinions and help in the foregoing problem? I want to express my gratitude to you for opening the door of Psychiana to me.

Sincerely yours, *Mary B. Hart* 30-A 3112

Dear Dr Robinson -

I am very happy to state
I believe every word you
tell me of in your letter
I received this morning
I to have this great under-
standing of God - as Jesus
said "know the truth and
the truth shall make you
free". I found this or will
we say discovered it one
morning at - 2 - 30 - Aug 1

2

1941 almost 7 years ago
while on a trip to the west
coast - my daughter took one
of her bad smothering spells caused
from 10 years of rose and hay
fever and asthma the doctors
had told me she could die in
one of those spells of something
she had taken her usual pill
but it was having no effect
she was gasping I - that - her
last breath when I became
so frightened that I clutched
my fists and stood over her
and said "Oh Dear God
you please take a hand
I ask in Jesus' blessed
name - that was the first
time in my life I had

over that of
doctor I was then 57
years old and had the
teaching of Catholic and
protestant religion - but
any way instantly she started
to breath naturally and from
that day to this she has
been free of rose ~~and~~ hay fever
and asthma - always been
well and strong since - I
have been so thankful
for this great blessing that
no medicine of any kind
as ever touched my body
side or out - I would feel I
could insult God if I
couldn't trust Him

in need of⁴ Him - I not
only have Him as my
doctor but as my guide and
guard in all things for
me and my loved ones
I have had many, many
healings and blessings for
me and mine just for
the asking of God. - My
great draw back is that I
don't have any way to let
more people know of my
wonderful discovery - so many
that hear me tell my experiences
think I am crazy just because
they can't get the understanding
I am hoping and praying
that in God's own good time

5

He will lead me in to the path of which will give me the opportunity to make more see it - even my own family still can't get it - yet they know and see it all - Well I can say it is the most wonderful discovery one can make in this world - I wouldn't sell it if I couldn't have it my self also - for all the money in this world - some want to pay me when my prayer heals them I said no never as I did nothing toward the healing I did only what you could have done - ask and trust God - as He is the one that does the work.

So again Dear Doctor Robinson
I am very grateful for your
letter as I feel I am not
alone in this great work and
may God bless you always in
all ways in the your work
in trying to bring the truth
to people - yours truly

Wm. A. M. Hartman

P.S. I study nothing and don't
intend to study any thing
materially ~~more~~ as God shows
me the way and He alone has
been my teacher and I am
trusting Him and Him
alone to teach me what
He wishes me to know.
But thank you just the
same for your offer.

You are a wonderful man.
Your high forehead is very

you have such interesting

Our country is united

and is our country united in
anything? No not even in religion
for many creeds & doctrines of men
That Jesus told us to beware of -

But what I want is to learn
well your lessons, by practice, and
I wish for a home of my own
where I could teach a group

prophet told us how in his

watch for the opportunity to
come, when they will want to

Dear Dr. Robinson:

I have been wanting to write to you for a long time and tell you some of the things that have happened to me by the "fair". I am not good at expressing my innermost feelings, but inside of me I am shouting "Glory, and Thank you."

Last March we had to raise a goodly sum of money. I did write to you, to pull with me. It came!! Then our estimated income tax had to go in this June 15, and we didn't have all of it. And didn't know where to get it. It came! And in time! I was sick for a long time. Now, I am well. My husband ~~has~~ drank so heavily, I wanted to die. He has stopped. and I never said anything to him.

Now by January 1949 - we need to raise about \$12,000. I know it will come, but I am asking you again to please "pull with me." It does help so much. I am so alone in my trials, and your Quarterly Magazine and in fact any contact, with others, do help, ^{much} very.

I do want to express my heartfelt thanks and appreciation to you. I could go on in definitely with wonders that have happened to me since I started Pay Cheques. and thank you again.
Sincerely, Dolly Hayden

The exercise you gave me to do in Lesson 14 the second time ~~it did~~ done the exercise it happened this song came to me farther along we will understand why. Dr. Robinson if I were to tell people the strange things I have seen or had to happen to me since I started this course of study with you they would not believe me. I am more interested now than ever before in my lessons. My health is getting better I am not so weak as I use to be, or as I were before I started my journey along with you. believe it or not I took in a blind man nearly 30 days ago and the entire community is wondering where the physical strength is coming from, but I know ^{it} is coming from God, and with God I am going to do something else. please except this \$10.00 Ten Dollars and if this does not pay my account in full let me know at once I will be glad to forward the balance to you at an early date. The last paragraph on page 6, of Lesson 14 brought you this money. You are the teacher I am the student. In order to obtain the best out of these lessons, I must follow your instructions. Dear Dr. Robinson:

I have mislaid that last notice you sent regarding the advanced or second course in Psychiana, and will you therefore put my name on the renewal list and bill me for it.

I have not written before but I feel that I should do so and to advise you that I have received much help in every way. About one month after I began the course a man dropped in the office and wanted to buy a house, he would deal with no one but me since his mother was a personal friend of mine, with the result that next day I made a commission of \$500.00. I have been very successful in my art work for I am a teacher and painter as an avocation. I entered an exhibition of 100 paintings and mine was the only one that sold, I received a check for \$75.00. I have been extremely lucky in exhibition with Museum shows, being one of 28 out of 700 exhibits. At Christmas time I made another commission of \$200.00. Any many other wonderful things have happened. One club to which I belong, a women's service club chose me as their candidate for "the woman of achievement" for the year, things fall into place when I start a project.

Before my study I had been discouraged and discontent and certainly needed help. There are naturally many things that need to be straightened out yet but I am expecting great things to happen soon, even to a trip to Europe.

I am going back over the lessons which are very precious and I hope to retain more of their wonderful contents.

You are to be commended in your great work.

Thank you very much for the friend list you sent us. In doing this, you have materially helped our efforts, and I am sure that the names of the people you have sent in will be interested in receiving our free literature. If at any time you might happen to talk to someone who is interested, do not hesitate to send us their name so that we may correspond with them. In doing this, you are definitely aiding our fight to spread The Truths of The Spirit of God. Again, thank you.

The Psychiana Religion
Moscow, Idaho

Gentlemen:

I am loaning my lessons of Psychiana to my mother to read. She has been a student of Unity for many years, and Unity has helped in many cases. But the one all important point of being conscious of God within her, and His Power for protection and good to her and to her loved ones, has never been made plain to her in Unity. They tell her, by way of teachers and books, to get conscious of God. But they give no exercises or affirmations to use, that will really build up that consciousness in her.

The last year or two, much of the Unity teachings has failed her in the line of physical healing. What used to be her stand-bys, no longer are efficient for her. And fear comes over her too much. She must come higher, but there is no teaching in her Unity books, nor from her teacher, which tells her how to come higher. So I am loaning her my lessons to learn that all-important point of coming higher.

The very beginning of Psychiana is stressing the consciousness of God within, and that is what she needs. Unity has led her so far; but beyond that Unity is powerless to help her over that one "hump".

I have never been able to get anything out of Unity myself. Yet, unconsciously I have used the Power of God within me to achieve certain things. Psychiana is teaching me to consciously know and use, what I had used unconsciously in the past. Blessings be upon Psychiana always.

My mother's name is: Mrs. Sadie Paugh, General Delivery, Livingston.

The enclosed names are those of people who are interested in deeper teachings. What their response to your material will be, I do not know. I have not seen any of them for some time. But I do know they are interested in learning more of God.

Greater Peace has come to me since I have taken up this study of Psychiana, and may these others find that Greater Peace. I know that you have it now. Blessings on all of you for your good work.

Sincerely yours,

Gladys Hefferlin

Dear Sir:

You will find
enclosed a list of names of persons
that I have talked to, about this
movement.

Some also have held different
gatherings where this movement was
discussed.

Some of these persons are absolutely
without faith & there are in doubt,
while a few are active church members.
The latter of these just mentioned, gave
me an argument, then I asked them
just one question, which answer
they could not give me.

Dr. Frank B. Robinson:-

Dear Sir:-

Enclosed you will find \$3.00 which will reduce my bill from \$19.00 to \$16.00

I believe your record will show that this is right as the last time you sent me a receipt you showed that I then owed \$19.00

I have made up my mind that I want all of the lessons and if I find that I can pay off faster than the way I have been doing I will gladly do so.

I find the lessons wonderfully interesting and believe they will do me a lot of good although up to this writing nothing unusual has come into my life. I will study every day in hopes that it may dawn on me and I will let you know how I have been rewarded for my efforts.

Will anxiously look forward to receive lessons 8 and 9 which are next in turn.

Dear Friend & Teacher:-

Yesterday I sent you a few names and in this note I am sending a few more. I notice you want the names of the people who I have talked to and seem interested in the Movement. To be truthful with you most of the names I sent are people I never talked to at all about it but I know they are people of intelligence and good standing in the community. It is very easy for me to take a telephone directory and give you hundreds of such names and I was wondering if you hadn't thought of doing the same thing with the directories available to you. Dr. Robinson, I have talked to my closest friends about my lessons and have even shown them my books and they look at me as if they think I suddenly went crazy. They can think it if they want to. You know the reaction they have given you too by this time. They do not seem to want to believe that The Spirit of God dwells within our bodies. They told me it is against what the Scriptures say on the matter. I received all the rest of my lessons and I intend to try to receive a manifestation from the Almighty in some way or other by sticking to it and reading these lessons one after the other all the rest of the days of my life. What I want most is to know I am on the right track by having some feeling that will tell me. Once there is a manifestation that I can recognize I know it will be easy for me after that. There isn't a time that I have company at Home that I do not offer to teach them and share my lessons but they all seem so luke-warm about it and I have even been laughed at in the bargain. However, I will still try and maybe I'll have good luck for trying to spread the word.

If Eternal Life starts here as you say from making a right choice in accepting the belief in the POWER OF THE LIVING GOD, I can see by the people's attitude why so very few pass on into Eternity. I was told that if I don't pray to Christ as I always did before WE met that I was throwing my only chance away of ever getting to Heaven because Christ said No man shall see the Father except through me. I hope Christ meant HIS MESSAGE.

Dr. Robinson, I notice a peculiar thing since I am reading your lessons. It may not seem strange to YOU but here it is. I notice that people who never bothered to speak to me before now seem to go out of their way to say "Hello" Some of these people I never even cared about but they seem to have a different attitude toward me. It may be only a coincidence but it makes me feel good anyway. I am still sleeping in my own house all alone where Mother and I have been all my life and I do not have the slightest ill feeling of fear. The neighbours give me credit for not going to pieces by having parties and drink in the house since Mother left me. I never would do that. I thought too much of my Mother and I knew she wouldn't want me to act like that. I do believe your lessons have helped me in my troubles as I didn't think I could ever live without Mother but something helped me and I can't explain what it is. I feel as if I would like to sit with you and open up my Heart to you. I only hope I find GOD the way you did. I repeat the 1st affirmation you gave me hundreds of times every day and night and am hoping that will help me also. I will close this letter now with some more names on the next sheet of paper.

In my last letter with the list of names

I gave you a wrong name.

I gave Richard Smith. Will you please change the last name to "Peters".

Richard Peters is the name. I recently met this young man and I don't know where I got "Smith" from.

My Dear Dr. Frank Robinson,

as I am alone at present time I have
a deep desire to write you to night.
Dr. Robinson I am reviewing the New "Psychiana"
teaching I cannot seem to study enough I feel
a desire to learn more and more of the Realms
of God I only wish I had more time
to study. Dr. Robinson one night I was
in my Aunt's house and my Aunt had
been suffering with pain in her face for a
long time possibly Arthritis she even had it
last winter and has had the Dr. So much.
So I was sitting chatting with her and she
took the pain in her face. and I said
do you believe the Power of God can
take away the pain my Aunt said

I yes of course I do.
So I put my hand
on her forehead and said
The spirit of god has healed
you. She said oh my the
pain is gone. So she said
every night regular it comes back
in the night I said it wont to-
night she looked at me in a wondering
way. So the next morning I called
her on the phone and asked her did
her face bother her last night she
said no for the first night in weeks.
My Aunt said what did you do I
said I didn't do it god did.
But here's one little point I cant
quite understand it has come back
one night had since.
and she was so amazed about it she
told her Dr. and he said tell your
piece she should rule again
Dr. Robinson I know I write Plain

3 But I really don't
think I would like
to have any publicity
you see I am a very
sensitive person.

My Aunt told her son about
it he said what is she studying
Christian Science. My Aunt is a
honest Christian and reads her
Bible daily She has recieved
your circulars. I asked her if she
thought she would get the teaching
and she said she had read it over
but couldn't afford it. I know
her funds are low. I have thought
of giving her My Lessons Dr. Robinson
I consider "psychiana" teaching very
sacred and I don't want people to
~~Criticize~~ Criticize the teaching. I just
have a desire to be alone with
God and be left alone.

Some people see the teaching different
than I do.

My Dear Dr. Robinson,

Just a line or two to let you know I rec'd the book "They Have found a Faith" and I think it is a wonderful book as it contains all modern religions. I have often wondered what they were like. It explains all very plain.

Of course I read "Psychiana" first as that is what I'm most interested in.

and I could almost see you in my minds eye when Dr. Marcus Bach explained of walking with you and visiting Psychiana Head Quarters.

2 It is strange some
times how we picture
one we never seen I didn't
think you were so tall.

But I recall how of you
being tall as you said in one
of your books! But as we
know it is the unseen part
of us that counts most.

stepping out on the Faith
of God and seeing the power
of God. The spirit is willing
but some times the flesh
is weak.

Dr. Robinson if every one
had as much faith in God
as you do It certainly
would be heaven here!

I rec'd Mr Alfred Robinsons

and I am enclosing a
clipping for him to read.
The spirit of God changed

I came to quickly and thought, "why, that is what Dr. Robinson used to have us say when I was studing his lessons and I went right down in the basement and hunted up all the lessons I could find and have been reading them off and on since but I feel I want to start right at the first lesson again and follow them closely.

OK
I find I just have lesson 1 and 2 of the first course and the first two lessons are missing in the advanced course #1. I have all of advanced teaching #2. I wrote to you asking how much it would cost to fill in the missing lessons a while ago and your reply was \$2.00 so I am enclosing same.

I know I believe God is waiting to help me when I make the contact so if you will make any suggestions you have, to give me a boost and send along the missing lessons, I am going to study hard and peacefully be still and know my answer is already here.

The old lessons were sent to me at S. 233 Haven St., but my new address is Route #3, Spokane.

Thank-you.

Dear Dr. Robinson.

I am an old student of yours but it is several years since I have received any lessons from you. During the war years, in our little store I couldn't seem to find time to study and I am afraid I drifted away from my lessons.

Lately I have been reading different lessons and I am sorry I have wasted all that time because I can see how they would have been helping me all along. I know, what I did study, helped me but I am afraid I studied, mostly, and didn't really practice. I remember I started out very conscientiously and followed the exercises in the lessons as they came and at the time we were starting a little grocery store from no business at all and I visioned people coming and going so fast and me being so busy I couldn't handle it alone, when it seemed so silly, considering the way we were just starting from scratch but the time did come when the business got too much for me to handle alone.

Of course my husband says we were just lucky we had the store at the time when all businesses were booming during the war, but I will always feel that my concentrating had something to do with it.

We sold the store and moved five miles from the city limits on a little 23 acre farm and my husband works in town. We love it

out here and my family still needs me to make a good home for them although two are in High School and one in college but I feel I have been laid on the shelf and I know I could be increasing our income besides doing my housewife duties, but If I even mention it they all turn against me, they like things the way they are, of course, except my husband who knows we should have more income but he uses the excuse, that this is no time to invest in another business although he isn't happy working for wages and anything I mention he seems to have a fear it won't work so we drift along just hoping we will run on to something he feels safe to invest in.

He certainly hasn't the courage he had 10 years ago when we put all the little amount of cash we owned into the store, with 4 little ones to care for besides, and if it hadn't been a success we would have had nothing left. Then, I was the one who had the fear, to think of caring for my family and operating a store which I knew nothing about while he went out on a poor paying job to help make payments and keep things going until we got started. I guess the reason is because now, at least we have our home clear and stock and machinery and car, that he feels we might lose and at that time we really had nothing to lose. But now I have more faith and feel we should use what we have to make more. I believe in the power of the living God but until I learn to make the contact I need some help.

One day I was lying on the davenport relaxing and thinking these things over and was drifting almost to sleep when something seem to say to me "I am finding the power of the living God" and

Dear Dr. Robinson;

Finance
It has

been some month now since I have been receiving your lessons - and I have faithfully followed each lesson as best I could - and have found it very good - and the teaching in each one to be very true, but somehow what ever my problem is, which I know to be many I cannot get the benefit I so much desire. I do try so hard to do as you ask me but, no results yet, what is the reason you have not yet received the balance of my account I do not mean to say that I do not want to settle it, because of not

getting any results from the lessons
 But because I cannot afford to,
 and I am hoping so desperately
 as another day dawns that I ~~will~~
 will be nearer to my greatest
 achievement, (am I hoping for too
 much) I know I am not, where
 the power of God) in me, is con-
 cerned, I sincerely believe everything
 I have read, in the lessons to be
 true, I have no doubts whatever, but
 what could the matter be, I wish I
 knew.) I think I have told you
 before that I am not a religious
 person, I mean I do not belong to
 any church (denominations) but I
 do believe in the Bible to a certain
 extent, but somehow try as I may
 I cannot accomplish any thing by
 it, I seem to be always on the

outside of everything, and yet
 I am always seeking, and when
 my path crossed yours I was so
 sure that I had found ~~the~~
~~the~~ the greatest desire of my life
 and I am still seeking I
 know in my heart that I
 will not give up until I
 have found that which I
 seek, that is the spirit of
 the Living God, in me.
 I know there is no other hope.
 please forgive me for bringing
 my problems to you like this
 I am sorry but I have no one
 else to go to, I know you will
 understand. - and thank you
 very much for your patience with
 me, I am reading my lesson No 10
 (9.) and I want to assure you I

do enjoy them very much, one thing I can say is that, I am much happier since I started reading your lessons, and I think too, a gradually improving in health, Lets hope my next letter will be ~~the~~ bearing better news - and more prosperous, I shall keep hoping for the best, and I am still hoping that in a few days I shall be able to settle my account with you, I cannot rest until I have that off my mind, In the meantime please remember I am trusting in you as always.

I am sincerely yours

Dear Dr. Frank Robinson

I have been wanting to write to you for some time.

I have received and am studying my tenth lesson. I want especially to tell you that the 8th + 9th lessons brought me my greatest desire at that time namely a horse to train.

I am a horse trainer on the upstart and these two lessons brought a horse to me from an old school chum whom had anyone told me I would never have believed that this person could possibly want me to break a horse for him. It was a direct manifestation of God.

I have been thinking over all

the people I know but I have
only one acquaintance who might
be interested in these lessons.
his name is on enclosed friend
list. I have been wondering
how else I could help this
movement. as there is absolutely
no one in this community who
would be even in the least
interested in this power of God.
In fact they would sneer at me
should I even mention such a thing
so I have been wondering how
I could help. I would very
much like to have you
suggest some thing if you can.

again I want to say that
nothing I can say will ever
completely state how much I
appreciate these ~~other~~ lessons

In answer to your very worth while request I am sending a postal note for \$2.25 plus another note for \$8.25 which will add up to \$10.50 which will mark my account "Paid in full". Thanks for the deduction of one-third.

I purchased the former note the early part of May (the 6th to be exact) with the intention of mailing same the following

day. My dear husband was taken ill suddenly & had to be rushed to the hospital for an emergency operation. Everything seemed to stop moving during the past weeks until today when I was assured from the doctors that all will be well with him shortly. Hence the reason for the \$8.25 postal note plus the \$2.25 - to equal the \$10.50. Again I thank you from the bottom of my heart for this offer. I am beginning Lesson 19 now and as it is to

me the best of all. I think I will
read & study this wonderful lesson
indefinitely. I am sorry that the

Gentlemen;

1/4/1948

Many thanks for the Certificate of Life Membership to The Psychiana Religion.

I was not expecting anything like that. Sure am proud to have it. So I can show people my connection.

My Big Toe is not getting any better. In fact it is much worse, then when I first wrote to you. It looks like that I will have a series trouble with it.

Thanking you very much for the Certificate of Life Membership.

Respectfully yours,
H. C. Hettesheimer

My dear Friend:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

Dear Dr. Robinson

Enclosed is a certifying check for the 10⁵⁰ - bal which I owe you on my lessons.

Incedentially, I was to have 20 lessons & I've only rec'd 17 of them. - as to date.

I wish I was a writer, & could express to you - words which the lessons & teaching have meant to me. Its miraculous how I've prospered & succeeded financially - spiritually & the joy I'm now enjoying. was clear down to scratch as for no savings were concerned after that other depression. I'd write you concerning this and I talked with God
