Dear Dr. Robinson

You have requested a letter from me to report my progress. I have been sick for eight years and I also have one bad eye. My Dr. had told me not to do much reading. So when I received my first lesson I could not read the whole lesson and even then my head would ache almost all night. But I kept on trying. Now I can read the whole lesson every day without ill effect. I was afraid of all most everything I used the earlier statements now I am no longer afraid. You will notice that I am almost finishing the letters of the Bulletin well. That is the only way that I can tell you of my progress. My experience is almost

When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

If you actually believe that The Power of Almighty can instantly heal any disease that you might have, it would not take you five seconds to claim that healing. So, in addition to holding the thought that you are going to be healed, you are going to have to act as if you had already received the answer to your sickness. It is the acting as if you had received it which brings the actual and literal physical healing. Think that through once because in it lies the secret of all religion, as well as spiritual healing.

May The Spirit of Infinite Peace be with you always.

Dear Friend and Brother.

I do ^{not} that I will not take too much of your time, from your other very important business. But I want to tell you some of the wonderful experience of the Power of God, that I have had since I came to be conscious of the Spirit of God being in me. And believed in God's truth, as you explained very clear in the lessons. I have always had a strong faith in God. But there were no satisfaction in my life what so ever, regardless of how I prayed. I felt as if it was a goal to reach or something greatly on my part. Because God do not lie. He have always fulfilled his promises. But now I can say. That since I have learned to talk with God. I have no sorrows, worries, sorrow. Days are all happy. It would take too long to tell you all the wonders. But I must tell you about these happenings.

saw my Brother. I had joyful vision
which I believed me the promises of his
glory, and as the spirit of god spoke
oft. times, would do this word. Because
you have believed, where he was, it
was high, and I stood before him
dressed in white garments, a robe
was place on me and my Bible, was
place in my hand, a large number
of birds, with their wings touching, for-
med a large circle over us, he said,
because you have believe, you shall
have peace, joy, happiness, and as these
birds circled over us, in this way
I was protected by his power.
And again as I prayed, and ask him
to manifest his power, to me, he took
me out of the present position, and
turned me over in my bed, and then
crossed my hands over my chest.
This was done after the 3rd lesson.
I am thankful to say I can talk
with god any time, and I am happy
in his presents.

My dear Rev. Johns,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of Infinite Peace be with you always.

Dr. Frank B. Robinson;

I am writing this letter which should have been written long time back, but could not do so.

I know that you are a very busy man, and haven't got the time to be bothered with the accounting department. The reason I mentioned this is, immediately after enrolling in your study, I underwent a spinal operation, I won't go into the details of it. I was recovering nicely I thought. I slipped on the ice and broke my leg, which was

already weak from an operation.
All of this misfortune I have
not been able to keep up my
payments, and it will be a
few months before I can
keep up with my payments. I hope
you will understand my predicament.

I would like to say here
that through no flattery, I sure
have enjoyed these lessons to the
utmost. I haven't gained a fortune
or any great thing, but I certainly
have a brightened out look on
life.

I certainly admire any man
that will and can break away from
all tradition and superstitious
teachings, and one that can lead
men to the light - The True Light.

This letter is rather lengthy
but, I would like to say. I am
a minister and have been for four
years. The church that I preach
for is very strict in its
doctrines and rituals, but I like freedom and
am teaching a few along with some
the truths of life. I have always
been skeptical of some bible teaching.
I feel like a bird out of a cage
since I have been studying with
you.

If it pleases you and if
you possible can answer this
badly penciled letter. Please excuse
this letter being written in pencil
as pens and ink is not available.

Sincerely

Rev. Willie T. Johns Jr.

Dear Teacher

This has been a day of Caution
to the God Power or god Spirit may
I should say. and when I have a day
like this I can see so far ahead in
the future or realm of god. this teaches
and study with you have have sure wonders
for me I now can see and understand
where god is and how to get in contact
with god. but my hard battle is still
on. I am bleeding through and I still
mean to bleed through I am having it
plenty hard. they put me in jail back in
Oct 1947. I am facing grand jury Court in
march 1 next month. but I don't have one
leave for I intend to try my best and
then is when I expect to put ^{the} god power
a operation I am looking forward to
that experience. for I am ad. enance in

What they have persecuted me of as Jesus
was when he was bleeding through.
I have been very ill with flu and brown
Kittie. I am up again the Crooked
law has lased me. I have
to spend all my savings till I didnt
have one red cent to my name then this
sick skull hit me. so I called on the
Lakotis Church where my name has been
on the Church book for a no of years
for help, for I was left all alone in
a house with out food or fuel, but
I sure put the the god power in
aparation that I am feeling better and have
enough to take care of me till something
else hapings. What I want to say about the
Church is just mention. When I called on
then they called in to the Deptment
of Public assistance to get help for me. now
mind you, this was all forced up on me
in aount of my home and every thing I
had burned down last April 25/48.
believe me I am feeling the Christians
over

out. Just as soon as the carts get
through with me I am going out
to go my limit for this movement
I am really going to work for this
dying world and try my best to show
people how the world has been ~~flat~~
raped of god word believe me when
I do get started I am going to
open their eyes and understanding.
I hope. now at 9 PM I try to take
15 minutes concentration my thanks to
you but some times I have endeavoured
that I cant.

So I will say so long
for this time

Your Student

Miss Alma W. Johnson

P.S

Please Mr Robinson give me your thanks
on march the 1- from 9 am through ~~the~~
to 4 PM for my success to get my wants
am not asking for any thing that's not due

When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within you and may be spoken into existence NOW. Maintain your confidence in The Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

Rest assured we will do all we can spiritually.

Dear Friend and Teacher

I want to take this opportunity to tell you that since I am studying your lessons I have noticed many changes in my life even tho I am just a beginner I have just rec'd my 6th lesson, I want to state that I don't get to much time for studying tho, you see I am a busy housewife with 3 children all boys ages 6-11-14 all healthy beautiful children. I want to tell you of the experience I had in my first lesson, that lesson came at a very busy time of the year for me for you see I do a lot of canning and preserving of fruits and vegetables for our winter use, so it was on the 5th day after I rec'd that lesson that I really read the whole lesson through then I sat very still and talked to God the experience that I had is to wonderful to write in words, my heart was so filled

to god. You see I have been suffering
with high blood pressure ^{for years} and bad
kidneys. the doctor told me if I didn't
stay on a strict diet I would soon have
diabetes and gave me a lot of pills
that I kept taking for months with
not much success. I stoped the pills and
going to see the doctor and was just
determined to let things go as they would
It was at this time I had your
invitation to join your group, which
I did but not before giving it much
thought you see I didn't have the
full payment so I had to turn to the
monthly plan \$3.00 enclosed monthly payment
About three years ago I fell on the ice
and fractured some of the bones in my
back this made me suffer awful for
quite some time so you see with this
and the above mentioned can you blame
me for being so disgusted, with all the
work to be done and no help to do it.
Will close now - asking God to give me
better health and to repair those bones
in my back, your friend and student

with happiness. It is hard to express I
wanted to laugh and shout with joy
suddenly I realized the tears were
streaming down my cheeks and I
opened my eyes to the greatest beauty
I have ever seen, there was a beautiful
light shining in my home that lit
up everything that was in my home
the walls the furniture woodwork and
everything shone like glittering gold
and I knew then that this was
the only religion for me, all I could
say to all this was Thank You God
over and over again for you see for
years I have been asking God to show
me the truth, I want to thank you Dr
Robinson for inviting me to join your
group, you see your invitation came at
a time when I was so disgusted
with life I want nothing more
than to leave this earth, everything
was so uncertain and my health not

Thank you for your good letter of recent date. It was good to hear from you.

It would not be wise to come to Moscow unless you had a very definite appointment. Dr. Robinson is out of town part of the time, filling speaking engagements and attending to other business matters. If you actually believe that The Power of The Almighty can instantly heal any disease you might have, it would not take you five seconds to claim that healing. So, in addition to holding the thought that you are going to be healed, you are going to have to act as if you already had received the answer to your sickness. It is the acting as if you had received it which brings the actual and literal physical healing. Think that through once because in it lies the secret of all religion, as well as spiritual healing.

Dear Dr. Robinson

You ask me to let you
see in my 3rd lesson about
the progress I am making.

I must confess that this message
was startling news to me, as I
have read my Bible many times
but did not have the understanding
as I have now, it is truly amazing
how the same words can have
such wonderful message in them
when the Spirit of Truth shines on
them. For a long time I had a

part of sorest feeling, I would
read my Bible and other religious
reading but I still some how felt
restless, but I no what it is now
my soul was longing for truth.
and at last I am on the road
to receive it, I have a stomach
ailment that I have been to 4
doctors about, have even prayed
about but I learned also that
I didnt no how to pray, but I
am beginning to feel better already
and I no as I come into the full
knowledge of the Spirit of God this
will leave also the sickness of
my Mother and husband. So you
no how happy I was when I
became a member of this wonderful
Religion Psychiana. now I must

tell you why I re this is the
answer.

I moved into this house in
February, and in July a letter
came here for the man that moved
I started to give it back to the
post man when a neighbour out
of curiosity told me to open it
as it didnt seem like a very
important letter I opened it, and
there behold some one had
wrote to this man telling of
your wonderful teaching, as this
man was out of town and left no
forward address I had the urge
to write to you and I did.
Thanks be unto God, and I am
glad I did. I will always be
thankful that I opened that letter.

I don't mean to bore you
but I just had to let you
no how I come to no
about this wonderful teaching
Truly God move in a mysterious
way and wonders to perform
Thank you again and
may God Blessing always
be yours

This is a rainy afternoon I have tried to write this letter since I received lesson 20 of new Psychians. This lesson truly convinced me of what I have always believed, and did not know what my beliefs was. Lesson twenty one & two makes me sure that 28 years ago I was able to see the Realm of God.

I was very sick the Dr told my husband nothing could save me. I heard it, it was then I said in my self I can't die. unnoingly I was talking with god night and day. saying I can't die, I must raise

2

my two small children, I let my
Husband know, I heard what the Dr
said. but I told him I would not
die. The third day I was in chair
while the lady taking care of me made
the bed. still talking to god, I was not
sleep, the door seemed to open of it self,
The Chair I was in seemed to start
upward. through the door and I sailed
as light as a bird. I can never tell
how good I felt as I sailed through the
air, when at last I came inside of a
beautiful gold, square, Bright lighted
mansion, a voice said, set down good
servant, be at rest. the beautiful gold
Chair just behind me was the softest
one I ever was in. it looked like gold
with large soft arms, I saw no one,
was extremely happy, very disapointed when
I came to my self, at home with Dr &
husband and friends around me. ex,

think the words of Thomas Edison;
 when he said! It is very beautiful
 over there. sure describe what I saw
 I was not sleep, my Dr. Captain say
 to me that is sure a vision of Heaven
 It was over thirty five minutes
 they thought I was gone from this
 world, and I was, I do thank God
 in me that I have found the truth
 of that experience. Inclosed you
 will find \$2.00 on my account.
 in a few days I will fill out the name
 sheet and mail you. I shall always
 do my bit in influencing others
 to find the Power of living God

Charleston, W. Va.
Jan, 13, 1948Dr Frank B. Robinson,
Moscow, Idaho.

Dear Sir:

I left Washington D. C. last January 1947, and came to Charleston W. Va. When I came here I was without a job and I didn't have very much money, I got all mixed up, in other words, I forgot to trust God or was afraid to trust Him anyway, I felt I couldn't afford to continue the lessons and I wrote you asking you to discontinue the lessons until further notice. I know now that it was all very silly and very unnecessary you evidently didn't get my letter as the lessons kept coming to Washington. I visited my sister during Christmas and she gave me your letter along with the lessons. She also ridiculed me for having anything to do with such "bunk" as she called it, but I know it isn't bunk, as I have had things to happen in such a way since taking your lessons that I know beyond the shadow of a doubt that it couldn't be coincidence.

By the way, have you ever heard of the Institute of Mental Physics? I you say you are the only one who is teaching the truth about God. This teaching is the same as yours, that is it teaches that the power of God is within you.

I find there are several teachings
along this line but they are all
basically the same. Christian Science,
Unity, and all New Thought religions
teach us to trust God completely and
to expect our good here and now.
I was never satisfied with the orthodox
conception of God. I could never under-
stand why people who did right had to
suffer and be destitute, while those
who did wrong seemed to have every-
thing they wanted.

Dr. Robinson, I am an honest person
and I enjoy the lessons and I have
had some success with the power of God
but it took some time for me to get
to the point where I could completely
trust God, but when I did completely
trust the power of God I found things
always happened just the way I wanted
them to happen. I will write you of
these experiences later, they may seem
trivial to you but they were wonder-
ful to me.

I will start my payments the 1st of Feb

Dear Dr. Frank:

In your Lesson Sixteen, I find that God is an impersonal Law and that this Law is engaged in a creative task which is far from being completed. In falling short of Its goal, which is the union of man with God, this Being shows Itself to be less than perfect. In fact, it seems that Its perfection has been frustrated during some millions of years since man's first appearance on this earth. With this task unfinished, the Creator cannot be quite happy if he knows about the prodigal son who is so far from home.

It seems to me that these ideas about God and His sad predicament as Creator are not in harmony with your concept of the unlimited Power and formless Presence that now fills the universe. According to my insight, God is the Consciousness that all objects of desire are available to It without the intervention of Time-Space. Therefore, It cannot have any goal whatever for the simple reason that It is the Goal that all are seeking whether they are aware of it or not. From the view-point of man, life without a goal would be impossible, but from the view-point of a Presence that is unlimited, motion towards a goal would be impossible. For the same reason, I say that there was no creation. When you speak of God as the Creator, you limit the Presence that is unlimited.

The world had no beginning, but I am glad to say that it can come to an end as is clearly proved in a book I have just been reading - Blood on the Tail of a Pig. Without Time-Space the world cannot function and you have seen what happens to its laws when the consciousness of God is present.

The One Reality does not tolerate a second and the only world that our senses can ever perceive is the product of God's power to make the unreal appear to be the real. Behind every mask of name and form in the universe only the same formless Divinity is present. Every changing human

personality borrows its life momentarily from the Presence of One that never changes.

Every man, in his dreams, is seen to multiply himself and become the many objects that make up his dream-world, and therefore it should be easy for us to credit the existence of the same wonder-working ability on the part of God as exhibited in the world of our waking hours. These names and forms cannot really divide the unlimited and all-pervading Presence and are simply projected by the reactions of man's waking mind upon the motionless screen of God's Presence. The changing pre-supposes the Presence that is unchanging and the waking mind implies the Presence of the Mind that does not wake or sleep. God is the Cause of the world by means of the reactions of our waking minds but not in reality.

upon
Now none is called to take a part in this masquerade party against his will and we cannot blame the Power that sets it in motion. It is not a bad party if you will keep in mind that no one is really getting hurt because the playwright is the only One that is really present.

There is only One Cause operating throughout the universe and the responsibility for everything that happens must rest with that Cause. The troubles of man in this world spring from his false assumption that he has an independent power to think and feel and act. He claims the life to be his own which is borrowed from the Presence of Another, and he seeks to aggrandize this false ego of body and waking mind at the expense of others. He identifies himself with the transitory mask of flesh and blood and refuses to pay back his debt of life to the Wearer of the mask. This wrong use of life makes an unhappy slave out of him and the tyrant that holds him in bondage is created by his own negative thinking about himself. He is punished by an isolated ego that has no real existence.

The Real God does not punish any being. No being can punish God.

There is no sin against God. There is only the sin of man against himself in believing that he is isolated from the Presence of God.

God is the Infinite Spirit or Mind that does not obey any law whatever. Nothing is impossible to God. The will of God is never frustrated. God is Happiness without a single flaw. God is Freedom and Perfection now in spite of everything that happens in our world. God's happiness does not wait on the manifestation of Its perfection in man. The perfection of God cannot be shared with man. It can never be divided into shares. Each one of us must inherit the whole Kingdom of God or remain an outcast from It.

The liberation of man from his state of bondage in this world is the purpose for which we are here. To serve that purpose, man must acknowledge that his life is only a debt that he owes to God and live only to pay off the debt by doing everything as though the free and happy God was the doer. He must look through the mask of every living creature and see the One without a second as the Wearer of that mask and live only to love and serve that God in manifestation.

The outcome of life for each one of us depends on his choice of masters. If we allow the false ego, with his terrible motives engendered by the belief in an isolated God, to rule over us, we will be unhappy slaves even while living in free America, but if we wear the yoke of the Kingdom of God, we shall be free even though living in Russia.

Let us not be greatly disturbed by the state of the world. Only the happy workers can really help humanity. I believe that the saving of the world will be unfinished business about as long as time lasts. Why should the world be saved when nothing else can make so great a contribution to the salvation of men than the punishments inflicted on them by this same world. Our goal cannot be this world. It must be in the Kingdom that is not of this world.

With great respect for your work, I am

Sincerely,

Wm Fisher Johnson.

I'm very grateful to you and I want to thank you from the bottom of my heart for your teachings. The very first lesson I recieved from you this Great God Law went to work. I didn't realize it then though. I was offered a job at a construction company and took it. My Dad and Mother are seperated and I have five younger brothers and sisters to look after. So I'm just surrounded by circumstances. Anyways by working for this Construction company I saved enough money to take a trip west.

I went to Phoenix, Arizona and got a job in a packing shed. On Sundays wich was my day off I'd take a horse and ride out in the desert wich I always wanted to do. Then one morning I was down town and God told me to invest in the Rio Del Monte Gold mine. and I'd have me new car before I knew it. (I bought 10 shares at \$1 per share). Well things got pretty bad at home here and I came back.

Then one day at work at lunch time the small voice of God told me to get ready to go back to Arizona that was in April.

Then in the later part of July I found an ad in the paper where they had struck gold that might yield up to 25,000 a ton. So I'm expecting to go back there any day now.

At the present I have a fairly good paying job. I'm getting all these back bills payed off and I'm looking forward to a very pleasant journey back to the country that I love.

I want to thank you again for your teachings.

Yours Truly
Howard Johnston.

My dearest Archbishop:

Last March 22, instant, I received my first Lesson, I read it reverently with full-hearted interest. I find the Truth in it. I didn't think that the "God" I am finding is in me. I am now happy I found Him. I will not exchange my course for anything precious for it is the Dearest "Gem" or "Talisman", I now have.

My dear Robinson, it pains me to think that I am thousands of miles away and that my lessons will take very long time to reach me. This is the third month since I sent my enrollment. I am very eager to read the succeeding Lessons. I hope for their early arrival. You know I like to read always facts concerning the "Truth".

I am sending you a check to cover four payments in order to be sure you will continue sending me my lessons. I live more than 100 miles from Tuguegarao where I get P.O. M. O. outside the Philippines, and transportation is not easy. "Peace Be unto "All" "You" and to "all" who read your Teaching"

Dear Dr. Robinson:

It has been just six weeks since I received my last lesson in Psychiana and I have already stepped out on the promises of God. I had what is called a good job as jobs go but the God-Law has led me into my own business even though I am \$40,000 in debt. I have lost one very great thing in my life since studing Psychiana and that is FEAR.

I want to take this opportunity to thank you for a wonderful power that is going to make my business a success because it has already made my life worth living.

Again I thank you for teaching me this wonderful power that has helped me in a thousand ways, in reality I seem to have been born anew.

Yours very truly

My dear Mr. Jones,

Thank you for your good letter of recent date. It was good to hear from you.

Regarding Mrs. Jones, it is completely up to you. You will understand as we do that The Power of The Spirit of God is limitless in its ability to heal. At this point, if Mrs. Jones can grasp that fact, she can be healed. She will have to manifest faith enough in The Realm of The Spirit of God to accept the healing. If you have the faith, you can explain it to her.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Mr. Alfred B. Robinson,

My Dear Alfred,

Truly the days of miracles have not passed, but only beginning. You recall recently writing you relative to the condition of my Father? now let me tell you something. Several years ago my Father was operated upon for Prostate gland trouble. He came along all right, until about two years ago when there was a tint of blood in his urine. he consulted a doctor, was given some medicine and it cleared up. Recently this has again returned but medicine did no good, so he went for an examination and the Doctor informed us that he had cancer of the bladder. Of course we kept it from him finding out, He lost his appetite and was wasting away. I realized that something had to be done and very quickly, That is the reason that I asked the Fountain-head of this wonderful PSYCHIANA to help me.

Now, in just the last few days, his pain has left him, He now eats like a "thrasher", and his urine is as clear as it ever was, What do you think of that?

Now once again I must appeal to the Fountain-head of this wonderful religion to help me. There is an elderly lady here who's name is Mabel R. Jones, she has always been kind to everyone. Now she is down with heart trouble, and an inside goiter that is pulling her down to a mere shadow of her former self. The only relief the doctors give is temporary, and they want to operate on her but, her physical condition could not stand it. Now please ask the Wonderful Power Of The Living God, to overcome her illness, and I know she will be cured.

Thanking you for past favors, and being the cause of the numerous manifestations that have proved the Power Of The Living God to Me, I am,

When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

If there manifests in you any lack, financial or otherwise, there also exists in you The Power to overcome that lack. Surely The Creative Intelligence which is God and which exists in you is abundantly able to bring to you the things you need to make your life happy and free from financial worry, is it not? Then, recognize this Great Spirit of God in you and use that Power to overcome financial as well as other lack.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

Dear Dr. Robinson: - I feel that I should write to you at this time and let you know how much I appreciate your course of instruction. Let me say first of all, that I am glad that you came into my life. When I received your advertising literature two opposing ideas set themselves up within me. On the one hand something told me that this teaching of Dr. Robinson was too much out of line with the teaching of the Bible. On the other hand something told me that I should study awhile I wish you and give you a chance to prove what you could accomplish in my life. Well, let me say this: I am glad that I gave you the chance to prove just what you could do, and I am sure, that through the help of God, you have done much. I could not begin to tell you how much of the precious treasures of God you have opened up to me.

I feel sure that in some instances I have been able to command the Spirit of God with success. Last fall, throughout the entire peanut belt there was much rain on the peanuts after they had been raked in. The fields too much so that it appeared that there might be a total loss.

I had been fortunate ~~in getting~~
my own peanuts harvested before the
fogons could damage them. I
commenced commanding the
spirit of God on Saturday to withhold
the rain, let the sun come out and
the wind blow so that the peanuts
would dry out in the racks, although
it was raining on Saturday and
Sunday and up to noon on Monday. I
kept commanding the spirit of God
to withhold the rain. Monday
afternoon the clouds cleared away.
The sun came out and the wind
blew just enough to help take
away the moisture. This state of
weather continued for about sixteen
days and the greater portion of the
peanut crop was saved. A little bit
of faith on the part of an insignificant
person like myself goes a long way
with God. of course it made me
happy to see God manifest His
infinite power in the sky and at the
same time it so humbled me that
it made me weep for sheer joy.
And by the way, permit me to say that I
cannot help but weep for joy when
I feel the power of God manifested
in any own life.

If you think this letter would be helpful
please publish in "The Way" for which
I am enclosing one dollar for a year's
subscription.

I have made many attempts to put into words, the peace, happiness and depth I have felt since "Psychiana" became my treasure. To say, thank you, to you, for your many years of research, does not seem right, but then I'm sure you know and understand just what it means to me.

Your request in Lesson #8, for more names to add to your correspondence list, brought my attention to two articles in the "Chicago Daily News", which I am enclosing. The testimony in a previous lesson, of a heart patient, should bring to the shut-ins, the needed light for them to reach for. Their desire to overcome their trouble is there, but they need the truth to overcome, what Doctor's term, is their lot in life. You know better than anyone else how untruthful that statement is.

Religious research in our Universities and Colleges is wonderful, if, the truth is brought to light. Psychiana is that truth, it and it alone can answer that question; "whether

we're preparing ourselves for purposeful lives."

May I thank you for taking the time from your busy hours, to cover this material, and I hope it will keep in reaching many more like myself that only found question marks instead of answers until I received your first free lesson, "I talked with God."

Sincerely,

(Mrs) Persis Jones. 74-131

My dear Sir;

Enclosed please find \$6.00
in payment for my lessons 1 & 2. I
must say after reading and
studying this message I have a
different attitude toward many things.
I have always allowed myself to be
led with my hand in God's hand, and
have never found Him to fail. I
have listened to thousands of sermons,
and am an ordained elder in the
Presbyterian church, but until reading
your valuable message I never was
inwardly satisfied. I believe I have
found what I have been looking
for all these years, and with continued
study I shall become more familiar
and more fluent with this new

experience, so that I may in turn
finally be able to offer my
fellow man something tangible.

May your efforts continue
to bring fruit which will
be enjoyed by the whole world.

Yours in the Lord's
service

Sincerely

Dear Dr. Robinson,

I think I should write & let you know I have received both lessons 1 - & 2 - I can't express my gratitude for their giving me a new & wonderful "beginning." For awhile I wondered just why I was living. Seems my whole thirty-three years had been filled with unhappiness & a terrible feeling of "being alone." Now - I'll never be alone again - Thanks to your kindness

in sending me the "Truth"
at last.

I read my lessons

I will send the
contribution for my second
lesson this week.

Dear teacher + friend:—

Your very nice and interesting letter have been received and read with much care and contents noted. I hate to miss anything that is good. I thought I would review over all the lessons that you have sent me. I would rather send you the \$35.00 thirty five dollars if I had it then to send \$3.00 three dollars every month because if I dont send it to you in time you might think I am not treating you right or not doing as I promise. in the near future that if I can see my way straight I will try to start if I dont finish

but I would rather finish. I like to do anything that is right and good in Gods sight. I want to learn more and I want to be more and I want to have more and I want to do more. I am delighted to know that you received the \$2.25 - two dollars and twenty five cents I sent. I received a real nice letter from your secretary. I am trying to live as good as I can and to live with good people and read good books and papers. pardon me please for all mistakes and poor writing. I like my lessons fine and felt good while studying them. I dont want to miss any thing that is good. Cordially yours Lizzie E. Josey.

Dear Sir

I want to thank you for showing me the way to find God. I have read my sixth lesson and I have studied them all. I find out if you want any thing just ask for it and it will be given you. I was in business and I sold out to my partner she was to pay so much a month. She failed to do it. I talked with God about it. and he sent a man to buy her out so now I am getting my money I had invested back again. and at the place I work the Boss was giving me a raw deal. I talked to God about it so. so God transferred him to another job and now every thing is fine
