I always lived

the new year I am

far greater effort
to bring into my

the peace and

lessons are meant
to bring. I want

Dear Archbishop Robinson. File

I have received your letter, of being a membership.

I am writing this letter of mine, stating that I'm sorry to disappoint you to be one of your member. I do believe that you actually talked to god.

I'm happy to know that the mystery of god is such is the kingdom of heaven.

So explained my opinion, that I do really believe in god & I do talked to god in spiritually. I have two children, my husband & I do really talked to god.

The church I go is written in Hawaiian. I will explain in english Jehovah god of all gods.

We give our body & soul to god as a living sacrifice & baptize in his son jesus christ acceptable unto god which is our reasonable service unto him & bring god before us. It is in the bible Rome chapter 12. We also take the bible before him & ask god the truth in spiritual the doctrine & the scripture to find the cause of our trouble in sickness.

Then god reveals it by giving me an understanding in knowledge & wisdom. By approving before god that I'm wrong forgive me & deliver me out of my trouble.

Then I knew it was a truth of god before me & my families.

I had the beginning of leprosy when one of my relative told me about her sickness how god had delivered her out of trouble.

She has lead me in the truth
 of god today & now god is increasing
 that knowledge wisdom & understanding
 to me. Like how god says ask
 anything ⁱⁿ my name I will give ^{it}
 to you. I have already tried god & he
 has given ^{me} what I want. Above
 all the blessings is in spirituality
 to know the cause of my sickness
 also my families).

I want to thank you
 just the same. I hope that
 I will hear from you of your
 opinion of believing in god, how
 you became to believe in
 god.

I'm closing my letter
 may god bless you.

I just ran across your letter "MY GREATEST EFFORT" 26 lessons. As you know I finished with Advanced Teaching Number Three 40 lessons. I have written you several times on my health. Bad case Asthma, Hardening borders heart. Gas trouble pressure on apex heart. High blood Pressure up to 200. With all my difficulties, I have been faithful to "Spirit of God. Useing your instructions and trying to follow them out faithfully. The Spirit impressed me last August 10th. to go to The Spears Sanitarium Denver, Colorado a Chiropractic Sanitarium and receive treatments -I was there six weeks under their care. While there I wrote Bishop Nettie Garmer Barker Pastor of the Spiritualist Church, Kansas City 3, Mo. for I have been connected with her work for many years, having written items for their church magazine. The Church of Jesus Christ, Our Redeemer. 808 East Armour Boulevard. 8/27/47 Letter written me as follows. I am happy to know you have all your affairs in order, in case you are called suddenly on the Great Adventure. Keep them so-up-to-date for you know not what hour you may be called. But I have good news-my father-Geo. L. Garmer has worked successfully as a spirit with Elijah & Elisia (this is news to me) (the first time my father has told me this) You read about their wonderful healings in the bible and they will come to you, and if you do your part (such as going to Denver to get what physical help you can, they will heal you and you may live another span until close of your 85th year- My father says, and to tell you it was he who inspired you to go to Colorado. When you go to Spirit, my father says, he has a place in his group for you, a place to work for humanity, with him. He loves you as an own brother, Dr. Kidder, and he will do anything for you possible from the Spirit Side. He knows your wife Estella and children who has passed out and your parents who passed over so long ago and talks over with them, your affairs often. (I never knew this before, Father is certainly telling me news this a.m. They want you on the other side with them as soon as you will let loose from earth vibrations, but you want to stay in earth life a bit longer, your wife Estella says, and it shall be given to you. Read about the extension of Hezekiahs days-so shall yours be extended-the shadow pushed back some degrees. Now, do your part all you can to help the physical, as you are doing now and they will do the rest. Don't worry about your patients they will lead many to your office door, when you are physically able to take care of and enjoy them and the work they entail. All will be provided for you from the other side as you are physically able to carry on. and you will be, if you take things in an easy stride & be hopeful. But above all, do as they bid you, keep all business in ship shape as you would want it, if you suddenly went away from earth life. You stay there until the doctor there say you are ready to go home, and I'll keep you in daily prayer to be healed and go home quicker than you expect. May God & the Angels come quickly with all conditions as you wish.

Bishop Barker.

I got back home the middle September-Caught a bad cold on the trip. Did not have the Asthma in Denver all other parts of my body healed. But Asthma hit me again October First and real bad up to a Month ago when it began to let up. I took another examination from a Doctor who says I was free of High Blood Pressure. Heart seem to of healed over but there was tension in my side near the heart. That I was suffering from a bad cold and everything looks favorable for good health. That was last week.

I am still weak-slight attacks Asthma about three hours bed time now and than Big loss in weight I25 lbs. Should weigh I42 lbs. Had my teeth all extracted three years ago. The plates I were wearing gave me considerable trouble as sore gums. Last week had a new set lower set put in. My trouble with my teeth greatly relieved.

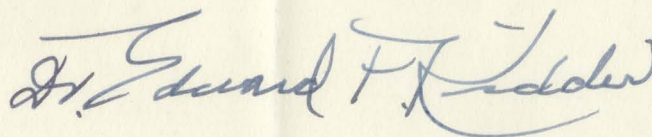

I have written you this for you to know the experience I have gone under. No doubt in my mind your 40m lessons were the means of helping increase my life span.

What more information you can give me will be greatly received.

It seems to me what you are teaching in your 26 new lessons is on these lines of thought and experiences I have had with contact with the Spirit sphere.

Thanks for all your help and may God bless The Psychiana Religion.

Sincerely ,

Dear Dr. Frank B. Robinson -

After studying your eleventh lesson, I thought it was time that I give you my impression of your writings.

I'm a lady 30 years old and I've worked my way through school from ^{the} time I was 14 and I've lived with people and worked for my board and room and during that time

I went with people to church that belonged to nearly every religion & church, but I never could see where it amounted to much more than a fraternal organization, because to me there was nothing particular to bring you any power of God.

I've always gone to a Christian church but never joined, which ~~seems~~ ^{seems} peculiar to a lot of people, but my way of living has always been do unto to others as you want them to do to you and God helps only them who helps themselves and I couldn't see where going to a church

helped so very much.

I was talking to an older woman friend of mine one time when I was I'll say 12 or 13 years old and this lady was a Christian woman who always went to Church etc. and I told her how I felt, I said I don't see this, these people all going to Church and suppos to be so wonderful and some of them the greatest Crooks that any one could be. I said I think there are many people that don't go to church who are much finer people, (at least live more right) she agreed with me, you are right.

I'm a quite a believer and reader of astrology and that is where I read the Psychiana add and I thought it sure sounds interesting, so I'll send in see what it has to offer, I figure you are never to old to learn maybe this is where I'll find the information I've been looking for. (All the articles I'll read

on religion, in my way of thinking you really hit it on the head.

I don't know whether you every have read astrology or not but to me it is very interesting to reveal the good and bad points of people to certain extent taking into consideration their education and environment.

Lot of people think I'm crazy to read it but maybe I'm very wrong, but I've always ~~felt~~ God has to have some way ~~way~~ of making different types of people and we certainly wouldn't all want the same things or the same person or it would be a terrible world to live in, we have to be different, having different like and dislikes.

A while back I was reading an article on how different signs believed in religion, when I read ~~some~~ I said it sure hits me on the head. That an Aries believed there was much more power of God or they could worship might better out under the Clear blue sky than in a church.

I'm a widow and have a little girl 7 and she has quite a religious feeling anyway and when anything goes wrong I always tell her to believe in the loving power of God and he'll take of her little hurts etc. and ~~she~~ the other day she tore her finger nail down when I knew ^{it} ~~it~~ helped but hurt and she said mother ~~it~~ I told God to make it quit hurting and it doesn't hurt anymore -

I really believe you really have a movement here if only more people would read and try sincerely to ~~let~~ help ~~them~~, they could be much happier - I really truly believe I'm beginning to really get much out of these studies with God and hope that I may continue to do better -

Thanking you for making it possible that I found your religion -

Sincerely yours,
Lora Kilpatrick

Dear Mr. Robinson,

I have found a new meaning of the word happiness; since studying your course of instruction and its wonderful how things happen without you realizing it till you have what you want most of all.

Yesterday we celebrated our second birthday anniversary and here are a few of the things the Lord has given me in that short time to make me really happy. An eight room home, a nice car, two step-children (but they're mine just the same) and two little tots of my own. My husband brought me flowers too.

When I began your course of instruction I only wanted to be happy & all these things came to me. wisdom must appear on my part but all the time I was struggling with doubts & fear for my father was a preacher & did not religion seemed down me from childhood on up. I did try to believe but believe than my husband with it proved to me there was not much real religion there.

I have studied this winter more than ever before & yesterday when I read lesson no. 17 I knew this is it. Both my babies had such terrible colic & since that so much sleep etc. but sin not kind today for I know that the same God that gave me these two babies can make them well. They are much better this morning both of them & sleeping soundly.

Just as I finished reading the lesson yesterday, the little boy woke up - before picking him up, I laid my hand on his head as you had instructed & said "Let There Be Perfect Health". He instantly looked up at me & smiled. An overwhelming peace swept all thru me & I couldn't keep from crying (now did I try) the next thing I knew, I had him in my arms saying over & over "Honey, you're going to be all right!" Before the day was over he was playing with toys on the floor. From now on, Mr. Robinson, it's the God Law for me!

Last summer I wrote you & sent the money for your book "The Pathway to God". Has it been printed yet? If so I would like to have my copy.

I want very much now to have lessons 18, 19, & 20 of the course too. Since I've found "the real thing" I'm very anxious to finish this course & learn all I can about the true & living God.

Please tell me, too, how I can get your magazine.
Thank you so much

Gentlemen:

Why don't you just send me the advanced lessons instead of the other ones as these seem to be later lessons. If this cannot be done I will continue with the others. I am enclosing the first payment plus the first month's payment which will total \$12.³⁵ And if I do not send you the payments on time please remind me of them, will you?

I only wish I had enough money to send you some substantial ~~letter, or rather I mean~~ contribution to help with the truly wonderful work you are doing. As a Methodist Minister I have a chance to put some of the God Power into operation and it really works. Not only in my life but in the lives of others.

Perhaps, in time the Spirit of God will indeed enter the hearts of men and they will see that "Now is the day of Salvation". not in some far distant time, or shadowy vale, and the World will be transformed into the Heaven it was supposed to be. But sometimes dear bretheren, it looks rather dark, but I have never lost my faith and hope.

The chapter on Psychiana in Dr. Marcus book, "They Have found a Faith." was very revealing, as was his other chapters on other faiths. One better understands Dr. Robinson's attitude toward the Orthodox religions.

Yours for continued success,

I cannot find words to express my most sincere thanks to you for the help you have given me.

The lessons you have sent to me have been studied very carefully, however, I guess I did not really bear down until I had to go ^{to} the hospital & was told that an operation was imperative. Recalling all that I had read in your lessons, plus that which I had learned from Rosicrucians, I was determined that there would be no operation on me, & there was none.

Dear Mr. Robinson:-

For a long time I have been wanting to write you and now with take the time as I owe you this letter.

I'm enclosing a few snaps shots as once you requested a snap of me. On it are my daughter on another my little grand-son, taken while visiting them last Oct at Santa Ana Calif. My daughter's husband is a major at the Col Toro Marine Air Station.

I've been a divorcee 20 years next month my life has been a rush & busy one. Alone I raised my daughter and put her thru Northwestern University, working as a bookkeeper everyday besides maintaining an apt. and caring for my aged mother who will be 91 next month. I've been thru much illness and hospital visits with both mother, my daughter and up past 6 years myself. I've had 3 operations. The last being last month for hemorrhoids. While now I'm alright except for chronic anemia. My doctor says I work too hard too little rest. Which has been the case. Shortly before going to California

Early last October I started your course. I was very skeptical it could do much for me. After reading your first lesson I took stock of what did I really want in life. The answer was - love - husband - home, the right man. I'd had many disappointments in past 20 years and turned down offered chances, but always felt someone was the right man for me. How to find him. I don't have much opportunity for social life to get out to meet men anywhere, as mother & home require a great deal of my time.

I asked my self why can't God find me the right person. I studied and did as you suggested and tried to visualize the right man was there for me now. I proceeded to get ready for my 3 weeks vacation to Calif. A friend was to stay with mother & I forgot about finding man I was seeking.

On Oct 10th I boarded train of City of Los Angeles. I was very tired & worn & wanted nothing more than to rest in my roomette until I arrived in Calif as I wouldn't be too dead tired when my daughter met me. The furthest thing from my mind was a man. After I came back from the dinner from dinner the gentleman in roomette across from mine

36-#4146
Edna M Kestilen
2852 No Cicero
Chicago 41, Ill.

went to dinner and asked
if I could get an evening paper
I returned & didn't get up

until noon next day. I opened my door &
the gentleman said "your door closed so
long was worried that something had
happened to you." From this sprung up an
acquaintance ship. We exchanged addresses
he asked that I look him up in L.A. as he
would like to take me & my daughter to
dinner. I forgot about him didn't even say
goodbye as I rushed out to meet my daughter
& her family.

a few days after I returned to Chicago I
received a nice letter from the gentleman
which began a correspondence in which he
soon began writing me air mail spec. delivery
letters every day. He was a widower of over
10 years no family or any living relatives ex-
cept an old Uncle. How correspondence and
long distance telephone calls we came to
know each other very well and have fallen
in love. He is a fine & a wonderful person
we find ourselves compatible. My daughter &
husband have become well acquainted
with him in Calif and like him very much
They visit back & forth frequently. In
leaving Chicago April 15th to marry
him May 1st all my dreams of love

Companionship has come true. And he is so happy as he says he knows Dr. what has been missing in his life. He is sending my daughter here to help me pack & move things I'll want to Calif & help with mother on the train. It's all like a dream come true and Dr. is very happy. We have had many things beset us & block in our path but each clearing away nicely so Dr. ready to leave April 15th.

So I must say thanks as "Psychiana" has helped me find what I want most. And that with very little study of lessons I have so little time for study or reading. I read on street cars back & forth to work. Now when I'll have time to study & to read.

My next problem to have spiritual law help me work out will be for my husband. He has been in package liquor store business for years. Had sold out his place of business and on vacation when I met him. Now he has been having difficulties in getting located again. In his zeal to buy me to California at get started at some lucrative work and while under strain & worry over me at the hospital for surgery, he bought a store without thorough investigation. After he was in it a week he saw it has been misrepresented and would not pay

~~Adm. M. J. G. G. G.~~

So he had to sacrifice and loose 1,500.00
in order to get man to call of the deal
This was not a easy loss as he has only
around 8,000⁰⁰ in cash plus 4,000.00 in stock
which has dropped in value. He decided
it perhaps better to take a position selling
for wholesale liquor house during these
now uncertain times. So far nothing has
materialized. He has promises but no
job.

My daughter worries that I may be
without a job so we can't live on capital
for long. But I feel once I get to Calif.
and will have time to devote to her. and he
gets married and can settle thoughts
express to working all will turn out
right. I feel spiritual law will work
throughout and I know we need each
other. Also altho he has 2 1/2 room furnished
appt we can't live there for long, so need
a larger place so can have mother with
us. In meantime she will stay with my
daughter. Its difficult to find place to
live in I. A. Calif. But I feel God will
keep me find a larger place to live. He
knows my need and will keep.

In time everything will work out
right. Right now I need some money
to enable me to squeeze away doctor's

Dental bills and other bills I need pay
up. I try to feel & know the law will
somehow work this out for me too.

I write you all this that you may know

Dear Dr

You wanted to know how I was coming, Well here I am, In the first place the Dr told me a few months ago that if I didn't quit working (which) is impossible I would be a bed ridden woman in less than a year, Of course it is a laugh to me already, I am not depressed as I was, I can sleep now, I don't get so dreadfull tired as I did, and my boss told me the other day I

making more sales and that gives me a better chance of holding my job. But most important of all to me is I don't feel so lonely anymore for I know God is with me and of that I'm truly thankful. All my life I've wanted one thing and that was that I could talk to people and help them to be happy as that would make me happy. Yet I had to wait 54 years to find out how. Just when I was ready to cash in my life the quickest way I could but decided writing to you was my last chance as I had written and spent

all the money I could afford³
and that sums up my story
Sorry it took so long of your time
to tell it. I'm enclosing three
dollars for the book! They have

Dear Dr. Robinson: August 28, 1948

at this writing I have received lesson, No. 3 from you, & I'm happy to ~~report~~ that I have enrolled in your course.

I'm convinced, that here at long last this is what I've been looking ~~over~~ for all my life. & I thank you from the bottom of my heart for those wonderfully worded lessons.

I believe the "Spirit of God" is beginning to gradually awaken within me, & I'm anxious to feel the experience of that wonderful throbbing pulsing power,

and as I read these lessons over, a wonderful feeling seems to come over me, which I

can't quite express in words.
& I eagerly await each new
lesson for I know that with
each new lesson, I come a step
nearer to finding the "Spirit
of God" which lives within me.

As I retire for the night
I repeat the Faith "The Living God
Is making me whole" over & over
till I fall asleep. my toes seem to
gradually go to sleep, then my
legs & arms.

It's as if something was cre-
eping upon me. slowly, & I want
you to know "Dr. Robinson" that
I've never known such complete
relaxation & sleep as I am now
experiencing.

I want you to know "Dr
Robinson" that when I first rece-
ived your first lesson, I was
a little doubtful about your

Teachings, for I've never known
or heard such things said before
especially a Priest ^{never} Preaching
a sermon, about the "Spirit of
God" living in each one of us.

I'll admit it was a little
while before I began to get this
thru my thick skull.

But now after having rece-
ived the last two lessons, I'm
sure you are teaching the actual
truth about the living god.

If only our churches, would
awaken, & start teaching about
the "Spirit of God" in each &
everyone of us, what a different
world this would be to-day.

But I'm inclined to agree with
you Dr. Robinson, that I'm afraid

our churches will not heed this message from "Jesus"; so I think it will be left up to each one of us students, to spread these teachings amongst the people ourselves.

I'm really very happy that I took the time to send for your lesson & application for membership to "Psychiana Religion". & again I say to you that I've never regretted it.

and I'm certainly experiencing new things with each new lesson I receive. & with this I will close, & say I'm eagerly awaiting the next lesson. & I remain your friend and fellow student. your student,
John Kliska

I am sorry I wasn't able to pay my acct before but of course I have gone according to agreement. and I shall never fail to meet my indebtedness

This indebtedness however is one I could never pay with money for it has put the living God very close to me. For many years I have suffered from Arthritis. Soon after I began the twenty lessons I told my daughter in great surprise one day that I had completely forgotten all about my arthritis - and it has never returned - Its something doctors never seem able to heal -

The lessons have been so very amazing words could never express how wonderful I think Dr. Robinson is - How I should like to meet him - I am studying the course over again for one simply couldn't grasp all of God without forever studying Dr. Robinson's lessons - and even then we couldn't of course. He has given me a new spiritual world to dwell in I have never read anything to equal Dr. Robinson's language he has used in the lessons

I shall always feel deeply grateful and may God still inspire him to greater things if its possible

most sincerely

I need so badly to keep up

Dear Sir:

I can now understand why I never liked to go to Christian Church. Always when I went there I left with despair. I could not believe that God would condemn a person to hell just because he or she did not belong in any religion. That is one of the reasons I never believed in religion. All that you have said about God this far in your lessons. I believe. The Despair that I always had is gone. I can now look at life and have real life. I now know for the first time that I can have Health, Happiness and Wealth. I would never been able to get these things if I had not taken your lessons of Psychiana.

Dr. Frank B. Robinson
Archbishop of Psychiana

Dear Dr. Robinson:

My lessons in "The New Psychiana" Course is drawing to a close; now on lesson 24, and I feel almost like going to lose a friend. I have previously taken your two other courses, "Psychiana" and "Your God Power". All your lessons surely are God inspiring, but want to thank you especially for the wonderful revelation of Heaven in lessons 21 and 22. I have serched, since a child, for a believable answer, and now have found it. I was raised, and still am considered a member of the Lutheran church, but have not attended a sermon for almost two years.

My husband, who is Superintendent of the job department of the Astorian Budget, our local paper, will be 69 years old in July, I will be 62, so my purpose in studying "Psychiana" was for an "abundance of supply" when my husband had to retire, He is in perfect health and just received another raise of \$8.00 per week, so no doubt he is still wanted on his job, but I know there will be an abundance of supply when the time comes for him to retire.

Since a young girl, I have had a desire for healing, as I accidently found out, by placing my hand on an afflicted part of the body, I could remove pain, but that is as far as I could go. About a year ago, probably a little longer, a close friend of mine, who had a large goiter, was very worried about an operation she was soon to have. When she visited me, she would ask me to place my hand on her goiter and ask God to remove it. I would place my hand on her goiter and say, "The Spirit of God is making you whole". Sometime after, she got the flu and went to see her doctor. Her doctor started looking for her goiter again, and found the goiter had entirely disappeared. The Dr. asked what she had been doing, and she replied that God had removed the goiter. However, around that time, she had started drinking lemon juice to reduce, and she told me she thought it was the lemon juice that had removed the goiter. I would like to ask you this question; In your opinion, was it the lemon juice or the Power of God that removed the goiter? However, I am glad my friend did not need to be operated on.

Your instructions on healing in your lessons are very plain, Dr. Robinson, but could you give me any other information which would help me? also, Dr. Robinson, please give ~~me~~ just one affirmation for me for an "abundance of supply" when my husband have to retire. Thank you, Dr. Robinson. How I wish I had known of the Psychiana religion when we were young.

Rose Kraetch

Dear Dr Robinson

It is hard to say of what joy we are receiving; from the books we have read; especially the lessons. It sure must of been the greatest joy to you greeting Jesus personally; and when we read that; we also pictured we were there with you too.

He too; ^{were} Oh so happy just that alone; that some one in life, had that glorious, & Precious understanding thru Jesus.

The more than thank God for that lovely, moment's you have had.

and don't think Dr Robinson
that our hearts didn't give us,
tears; yes more than tears of
reading that Book The Wanderer.

For about 20 yrs we
were seeking for the truth all
these yrs; finally God has,
~~answered~~, our most desire.

Thank God for that,
for we have had; Oh, so much of
different Mystic's; but one no
better than the other.

Seek and you
shall find; and now we too,
we know, we stand solid on
our feet, of knowing the truth.

Dr Robinson did
you ever receive from any
Student this perfect experience

3/
then; not being your student.

Well one day a Friend of ours came; which also we to, along with them looking for the truth like Dr Robinson is being -
ing brought me only a second lesson to read. that's in April of 1947 and that so much; to im-
press me, that; that nite, all nite, long words; kept up with me all-
around my bed Room could that be Dr Robinson from Muscovy Ids. he is the man that shall lead the Nation to understand God.

yes big long words
Dr Robinson from Muscovy Ids.

I had no sleep all nite yet I asked my self what was,

17
That with me all will be about.

Just out of the two books
only, but later not kept reading

for Books + also Lessons; and
to think them, were true words,

That I have seen in the work
Bk. Room.

Dr Robinson them were
will never be forgotten when they
were true words indeed.

For in person
just to write you, my beautiful
experience, as we believe in
all your books, I can see how

Let me see the right, of Book, that
it is; Dr Robinson from Museum also
to this day I thank God for the
picture book I received it.

5
May God Bless you abundantly to give you strength

That the world would be given knowledge of receiving it; if they read your truth just like I have receive over time.

And with many more Blessings to you.

Dear Dr. Robinson - ;

I have a very beautiful story, to confess to you, that I have been very much amazed, to get a vision; from the power of God; to that I asked, so, ~~ser-~~cerley from my very soul, to show me of a Diamond that have been lost, while moving in our home had looked for a yr + half, and in vain to look, for it any more

So one after noon; two weeks before I had given; of this past, yr of 1947 I sat down, and asked God for what I never; expected it so ^{that} day, to know it.

But it showed me a ^{new} described, Tall Large Bag

over 5 ft. long, and as the thought was,
I said. God no; it can't be; on the
contrary, I was wrong not satisfied
what it showed me, as I did not
remember, that kind, of a place to
have it. So I went along through
the day; until, the 3rd day, and
out of the dormer I got the Bag
& yet never knew it; was where it
had showed me; 3 days ago, before
that. The picture I have seen; with
my eyes that God had showed me.
So slowly; so unconcerned^{ed} I got into
that genuine, leather bag where
the coats were I got into ^{the} Coats with
not remembering, the picture 3 days
previsions so I wanted to put the
bag away before I did that I looked
at the bottom of the bag some, things
had sparkled; so all of a sudden a
flash I have seen and upon my
word there is the big, beautiful

damned nice work, I have looked
so long to find it.
It was a big thing &
want to give you Dr Robinson's
father's account, was given by my
father's friend, from her husband
a gift, after her husband passed
away if I have to say, it's a treat
for account, it's the best book
of it matters a lot to me, as my
husband has the other big one
made it near the question of the
value of the money either. But to
show you Dr Robinson that book
your reports, if we are in
time with the paper, then what
do you suppose I did I said that
Thank you spirit of the Universe
you are wonderful to account my
prayer thank you again all after
green & pray with you so only love
mother - I love me

and then it has lifted my great
longing to understand God much
better, and that is why I have
to confess, my great experience with
the God Law that has redempted
my soul.

— Since spring of 1947 we
started to take most of your Books
& the first Lessons; and now we
are ready for the 2nd Lessons
on the 25 Dollar Course with an
addition of other books; we would
like to have. On my other order
Sheets; as it will follow just
what we want, to understand
the great Gods work.

May God bless you &
keep you Dr Robinson and with
best Wishes to you & Family of

My dear Mr. Krizan,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

When a person is beginning to contact The Realm of The infinite Spirit of God, many rather unusual Spiritual manifestations come to that person. This, however, is only proof that he or she is beginning to get close to The Realm of Almighty God.

Concerning a magazine published by Psychiana, we expect to release one for our students around June or July.

May the Spirit of infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

2) thing materially.

- (1) A venture into a massage practise failed last summer.
- (2) Recently a girl that I loved wrote me that our relationship was over. This due mostly to the fact that I couldn't offer her the common necessities and a few luxuries of life.

It would be encouraging and inspiring to the student of Psychiana if a magazine were circulated from time to time.

Dear Dr. Robinson

I think I owe you a few ^{lines} being a Student of Physiana. I should state about what impression studies made on me but I can't resist the urge of ^{telling} a few facts about my life.

dislike for a Human Race was planted in me when I was a little child by an old lady whose Husband was once unjustly accused and died under the third degree.

for scaring the Devil out of me was my Grand mother responsible, she was the first one I heard to tell the people when they complained about general miseries, saying that whatever God imposes on one, one has to take it, she used to cuss them, saying "you fools you don't even try to know God just when you bungle up your life you trying to blame it on someone whom you sure he won't talk back" she used to tell me if I misbehaved how the Devil was going to take me.

I began to think about it and one day I cornered my mother asking her if I really

was such a big sinner, my Mother smiled and said "no sonny you're not a sinner yet" I said "when do the people becomes sinners?" Mother said, "when they go to first confirmation I looked aghast, she went on, you see sonny, thats the time they go and promise to God in presence of the people what they going to do for the glory of God and for the welfare of their fellowmen and turn right around do the opposite".

ever since I can remember as a little child I had funny feeling that something was wrong about all religions, I read the Bible many times over and in my opinion's all the religions should have been more earnest in pounding in their followers, a ten commandments and Christ principles instead of selling just the certain parts of the scripture which the common people didn't understand anyhow, or telling them that no matter what they do it will be forgiven because Christ died for them, "No he didn't died for them he died because of them".

the people who pulling strings to the whole - show are able to pound people in to submission of other things. why couldn't, they pound them in to practicing in things I mentioned here in? Simple that wouldn't have been for the ruling class benefit!

after 1st world war I was sharing my little lodgings, with an Catholic ex-priest who after incident that happened to him gave up priesthood and married the girl he was to my knowledge as a good man as could have been in this world we were living next to Lutheran Church, we heard services ever Sunday as if we had been in Church, one Sunday he said to me, gee! John you wouldn't know how I envy those people because they believe as they do, I changed the subject because I respected the man to much to let him to commit, himself.

well I don't know whether you will bother reading these lines I'd have hundreds of other experiences but it would be too long to write, I just wanted to write you these lines as to the Intelligent person

so you'd guess what kind of a faith I may possess,

as far as your teaching of the way to the living God, I believe you are nearest the Truth, because I've seen the others committing from larceny to murder all in the name of God; I've seen them practice black magic when they got mad at one another to what effect I couldn't say, but I've seen misery and affliction of all kind.

as for my self outside of Health, Mental and Physical, and I a daily bread I wasn't interested in anything I always let the others cut each others throats for possessions that are here to day and gone tomorrow

Ps

but I am really glad that I became a student of Physiana

Dear Dr. Robinson;

I hardly know how to tell you of the reason for my delay in making the long overdue payment. In the first place, there has been a disappointment in business affairs, at present, which is out of my control and, on top of that, there was illness in the family requiring the care of a doctor. The doctor gave me permission to be the nurse and, I am happy to say, there was a recovery, remarkable in its speed which surprised the doctor.

As you undoubtedly know, St. Petersburg is a great tourist city but this year the weather hampered so far the arrival of many visitors giving the season a late start.

We live in a neighborhood which is supposed to be rather on the aristocratic side where there are no social activities going on as in some other parts of the city. Everybody is strictly business, not interested in anything else even for their

2) betterment, but as for inviting friends, I have invited a Dr. and Mrs. Birdi, two very good friends, to study with me. Dr. Birdi is a graduate of the University of Bombay in India. He was born in Persia and studied among the masters. The last part of 1947, he took a trip to India to visit relatives and while there had a chance to do quite a bit of good, healing the sick. I hope that we can get a little more time for our studies but, as time goes by, I shall do my best in my work for I feel it has been a wonderful help for me and I am expecting great things and willing to work for them.

I am enclosing the money order, sorry they spelled my name wrong and did not have time to have it corrected.

Enclosed, also, is the card with five, I trust, good prospects, for their own sakes. More names will come later.

Dr. Robinson, I want you to join me in praying for the change in position for my son, he has an application at a new firm coming into St. Petersburg. Now they are

3) finishing a new building at a cost of over two million dollars, it is the finest in the city. Every time the phone rings, I think it is a call from them for him to be interviewed. The position, he now holds, is nerve-racking and should be handled more easily by three; it entails taking drug orders over the phone, putting them up, and too many things quite numerous to mention. The work is too hard for him and was the reason for his illness a short time ago.

Thanks for all help given us and I know that God will bless you for the help you have given so freely to all. I love my lessons. They are worth a lot to me. I trust some day I can do more than at present -

Again, thank you -

yours truly

As you may notice, I bought the check on the fourteenth of February and this is the first chance I have had to scribble a note to mail with it. All the time that I can spare when I get the chance, I study my lessons and get a great deal out of

If there manifests in you any lack, financial or otherwise, there also exists in you The Power to overcome that lack. Surely The Creative Intelligence which is God and which exists in you is abundantly able to bring to you the things you need to make your life happy and free from financial worry, is it not? Then, recognize this Great Spirit of God in you and use that Power to overcome financial as well as other lack.

Dear Dr..Robinson;

Looking over your letter again, and seeing that it is a printed form letter, I can overlook the implication but at that, I wished that you had never sent a dall like that to me. Let me assure you that if I should lose interest, which I nearly did when the letter arrived, you would receive every dollar remaining that I contracted to pay for the course. The letter caught me at a time when I was quite concerned with my business and I had been all day in communication with the Spirit of God so when my son came home from his office, I repeated to him what I had said to myself many times since the letter arrived, "Is this what Christ would do?" You speak of your business, I, too, am a business woman and have been all my life from childhood. For a good number of years, we discussed millions instead of pennies.

A couple of days after receiving that letter, I received Lesson 22 which again has renewed my interest for each day, I have tried to get as much as possible out of your travels in the Angel World. It is very helpf~~ul~~ and I am hoping to get more out of it as each time I read it some new point shows up.

Enclosed you will find a money order for four dollars and fifty cents and I trust, Dr. Robinson, that you will send in a call to the Spirit of God that I may be able to collect a little of the money that others have owed me for several years. I hope that I have a big season this year so that I may be able to pay my bills on time. It often happens that a payment either in the city or out of town drifts behind through no fault of my own and it is surely nerve-racking at times wondering where the next turn is in the road of Life when things will turn for the better. I surely apologize to you for making you wait for my payment and I will try not to let it happen again. But you know "The best laid plans of mice and man may sometimes go awry."

I must say here that Lesson 22 has proved a miracle for me. All thanks to the Spirit of the Living God in the first place and then to you, Dr. Robinson.

Now, I am looking for Lesson 23 for I know it is something I need every day and many, many, thanks to you, Dr. Robinson.

I am ever your faithful student,

Dear Friend

I sincerely hope you will read this letter
for I want you to know about a dream
I had. And here it is.

my wife wanted me to go to a church
with her which was on a very high
and rocky hill.

I went as far as the vestibule of this church
but would go no further altho my wife tried
to get me to enter.

Well the priest of Jeashee came out and
stepped outside the church and at once
fell down, falling from rock to rock.
and he was still falling when I awoke.
Now if that dream doesn't mean that

the present religion is going on the rocks.
I'd like to know what it does mean?
and may it be soon!

I am loaning people your autobiography
also the first psychiana teaching of 20 lessons.
and I think these lessons in pamphlet form
are much easier and gives one a much
better understanding of who and what the
controlling force or 'God' is.

Since I Recd. your wire I am in tip top
shape again. and I am deeply grateful
to you for introducing me to God.

am sending you a short poem and hope you

This is my first letter since I enrolled I'm in my # 22 lessons and I am happy that I did because wonderful things happened during my studies in reading and even at the moment I'm writing tears rolls down my face my heart and body seems to be heavy after its over I feel like a light weight and happy

I'm July - Aug and Sept. 1948 the Coca-Cola - Rapid Transit drivers and the Mutual Tel. Co. Union members were on strike. The most hardest thing I did was to do something about the strikers I asked to The Power Of The Living God to have the strikers change their minds by love to go back to work which was to be six months strike.

But the Power Of The Spirit Of God made them go back against their leader's orders I thanked the Father Within me He doeth the Works. I think if the rest of our members I mean the Psychiana members I'm pretty sure the strike on the mainland would not stay long as it was.

I am delighted to see from my lesson 6, that there is another man here on Earth that still thinks and know life, as god would have have that man should love, Live here on Earth. I am first off thankful to god for that I also fully agree with you, as on the bottom of page 14 as you describe it?

Death by Military war, it cannot be Gods idea: Death Idea is only mans idea to kill and kill those that love Life, God.

Gods Commandment says Thou shalt not kill. God here speaks to all men of Understanding Therefore if any man Comit Crime, knowing.

Thou shalt love thy Neighbor as thy self? He there by invites death on to his or her self. Ordained by god, for Law & Justice to act accordingly to protect Justice & Law as Statutes Represent on the south side of the Nebraska state Capitol.

Then No Christian of today would kneed fear but lawyers & judges of today protect Criminals to repeat Crime and there by compound their income in gold & silver.

The bible plainly states of Rulers that had thousands slain in one night (Criminals)

If that law were exercised now there would be peace on Earth and justice to all and no one need fear the atomic war that is supposed to be brewing war No. 3.

Sin of course can be forgiven if repented - But solemnly stated by the illustration of the Crucifixion They that did crime got exactly their just dues by being crucified (death)

I am fully aware that you can talk with God for on Page 4 in the second stanza you tell me so I too am aware of the clature talk to birds, bees, and animals, they use their eyes to wink, movements of ears, tail, or a hard tramp of a foot, bees by a wag fly in your face to attract attention

There are many many things here to learn but unless one gets the proper introduction all is in vain. But speaking of birds as a little Gray bird spoke to me many yrs ago sitting on a post and this is what he was about to say translated in words from melody sweet sweete sweetee Nurseie this is a He birdie

I am about to write a song of this gray bird I have started 2 stanzas as follows it sounds good

{ a gray bird small
among the weeds so tall
nothing was heard
from spring untill fall
But sweet sweete sheetee
Nurseie this is a He birdie

{ I haven't the knack
to finish this song
of this gray bird
that sings so strong
sweet sweete sweetee
Nurseie this is a He birdie

power is God in a spiritual interpreted.
To get drunk just once destroys this Connection

Each drunk there after weakens that power.
Chewing of snuff, or Tobacco users experience
the Loss of Wisdom Connections the same.
So the Holy Mind is Broken down in this way.
Referring to lesson 7, I convinced the Superintendent
of this fact and he seriously stopped drinking
rather getting drunk. I should have said.
To raise the DEAD is true in a spiritual sense
as also in raising of Lazarus. He also being
a spiritual leader as a Supt or preacher

concerned as some of the Churches of to day

I here convinced the Supt. to save his downfall

My dear Mr. Kuss:

Thank you for your good letter of recent date and for your remittance of \$10.00. It was a pleasure to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

I had a miracle working
Surgeon. God was surely with him,
and He was with me too.

My hip was fractured just
a little below the socket.

The Surgeon did not put
a cast on me, he put a nail in
the bone.

As long as I could be still
I was perfectly easy, which I think
is marvelous.

I owe that to your under-
standing of the "Power of the
Living God in us."

I have been at home
two weeks, and am walking on

crutches, and getting along fine.

I have not been the least bit
sorry for myself. I think it was
an experience I just had to have.

Love to you and all.
