My dear Mrs. Laaffe:

Thank you for your good letter of recent date. It was a pleasure to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

I would suggest that if you know this minister of the English Church personally that you talk to him and maybe show him some of your material you would like to have him read. Since you are much closer than we are, I think this is the plan to follow.

Please keep in touch with us as we like to hear from all of our Students.

Dear Dr. Robinson

This is a letter to thank you for making me a Life member of the "Psychiatric Religion". I deeply appreciate the honor and will try to live up to the high ideals which are required of members. We have read and studied over 200 Lessons from first to last including Dr. Frank's course. The spiritual and material benefits have been many and wonderful, but I will not take up your precious time. The Power of the Spirit of God has always carried us over.

The rough spots for it has not always been easy.

Dr Robinson, I would like to draw the attention of the English Church in Victoria to your teachings. This can be done through Canon Coleman with his advanced ideas, and interesting personality. He invites letters on religious matters. His programme is "Food for the Fed up" over CJVI Radio St.

I would like to send him some thing out standing in your Lessons or books. (20-3) Lesson 8 of the course F. Saaffe is taking, is a good example, but you would be the best judge of that. At least this

might open the minds of
the hard shelled religionists
around the Cathedral, and
give them something to think
about.

Let us try, and may the
Power of the Spirit of God
make us successful in our
attempt.

Best wishes to you and
your son, and thanking
you again and again

Your sincere student

A. Jacoff

I will enclose money for anything
you send, Book or Lesson, as
soon as I know.

Dear Friends:

At the close of the Third Lesson received today the request was made that I write and tell you of experiences at this stage of my studies.

Greater supply has been manifested. We owe a thousand dollars on our home making payments of 38.00 a month. We have paid more than our contract so last week I asked at the window if it would be serious for us to miss the payment for December. She looked at the book and said "your book is not up to date." She punched another payment made and said you already made a payment on the 15th for Dec. Well, she always shows on my book each time a payment was made. Do you think this was the "Power of God"? We cannot explain it in any other way. We have a beautiful new rug too which we have needed for two years. Being without any rug. Have been free from all illness also. I am very happy in this new religion.

Dear Sir:

I want to take a little of your time to tell you how interested I am in my Psychiana lessons and how much happier I am since I have been studying with you. I feel now that if what I have learned were suddenly taken away from me that I would be bereft and have nothing to lean on at all. That is what the God-Law has grown to mean to me and I feel that as time goes on it will mean more and more. The second time I performed

the "waiting on God" exercise given in Lesson 14, which is my last lesson, I had a wonderful experience. Suddenly I seemed away, drifting in space, but every part and fiber of my being was intensely alive and tingling as if with an extra life force of some kind. I became very happy, yet tears came in my eyes. The experience lasted only minutes but was very lovely. I was rather surprised too, that a work-a-day person like my-self could have this experience.

I do the exercise every night and have had this experience other times but not so intense as the first time.

I thank you very much for the help you have given me.

I am enclosing a postal note
for two dollars and twenty-five
Cents (\$2.25) which pays the
monthly installment on my
lessons.

Sincerely yours,

Dear Dr. Robinson

I would like to write to you to day to let you know that I am very sorry that I am late on my payment. I know it is very little but I just could not get it together. But I am sending you a payment with this letter and I will try and get it paid up as soon as I can. I also want to get some of your books and I think I shall be able to after I have my lessons paid for I will tell you some thing about my self and my family. At this writing I am 48 years old. I am married and have 3 children. My husband is not in very good health and we were very poor some the last disputation, and the children were small. I had my eldest son sent in the wrong from school. My mother who is blind also lives with me. My son came home 2 years this month. After buying the house we are now living on the C & T bill, and we have had an oil burner put in, installed and storm windows.

and any how we have a lot of
bills, and of course we have had
a lot of sickness. Last year ago my
son was supported for a few weeks
then this summer my Hubert
had Pneumonia and an operation
on his leg, and has to have
a very serious operation in the
spring. But I have faith in
the God law and I know
we will come out of everything
on the top. Now about me
I always was a very nervous
person and it got so I was
mistake riding in the car
But I had had only for 5 weeks
when my nerves became very
calm and I began to sleep
better and now one would
never guess I had been a
very nervous person and
I also want to tell you that
when I go to bed at night
and close my eyes I see stars
some times many other times
3 or 4, this must be a good sign

I think the lessons are wonderful
and I am very glad that I
had the chance to get them.
I am looking forward to get
my 19th lesson, and I shall
get them paid up as soon as
I can.

I and my wife are living on a Social Security pension of \$13.02 per month, so we have to figure very close to make things go. I am afraid we are going to miss our lessons very much as we got so we almost counted the hours until our lessons came. And I want to tell you that they have done us a world of good. I was

taught when I was a boy that God was a wonderful person sitting up in heaven on a throne and if we were real good christians we would see him after we died and it has taken me almost 77 years to find out the truth about God and the God law thanks to you. I would like awful well to have the other set of lessons but we cant see our way clear yet to send for them. Perhaps in the future we may be able to get them. And in the mean time we thank you a thousand times, and we believe in the power of the living God.

My dear Mr Robinson.

Please let me address
you as this, as when one can reveal
the Power of The Living God to us all as
you do, its wonderful, I have longed
to find such Truth, I had written
you before some time ago, but as
I had told you just how my husband
and I have to live. Its so hard to
find ready cash, Mr LaPer only gets
50 a mo. pension, and I get 32.60 a
mo. & as I told I have to make
a payment of \$19 every mo. on a 2,000
mortgage, with when I pay water
bill light bill, clothing - food takes
it all, but I know & I feel before
long some wonderful Power

will never let it set to me, There are
several people that owe us, and I
feel they will soon come & pay us.
I feel I'd write you this personal letter
you will readily see just how I am
outlaid in money matters. I have
been so & pleased the first three
lessons, where I never went to bed
a night without taking a sleeping
pander, always had to take
pills for my bowels, and declaring
the living God to have me, these
two harmful things has been cleared
up, I don't feel being all tired
out when the days work is done.
I love my flowers and go every morning
before breakfast and stand and
say my morning prayer. to see
God's face shining in each beautiful
flower, so many beautiful colors

I come in & go at my work, I have
been helping care for my little grand
daughter who can't walk alone. will
be six years old in Sept. and my
daughter has found a school where
they teach children to walk and
of many times a day I talk with
God, to be in these nurses and
Dr's hands to guide them in the
truth of God's Love which I know she
will soon walk. I have given the
first three lessons to a friend of mine
and she is passing them on to others.
I want the lessons fast because each
day one can read & be read them & get
some thing new out of them. I shall
send you the names of these friends
on a separate paper. at first must
find & get on my feet about this
new & wonderful teaching and feel
sure I can handle the matter
and then we can get together

I hope my lesson will be coming
on and before long I will send
you the money. I know all these
thing costs, so please bear with me
for just a little while. I am trying
to have others join me, in this
way you will know I am doing
my bit to show about this thing
God wishes us all.

May all the wonderful
Blessing God's love can give to
one that has found such a
truth.

Yours Truly
Mrs C. J. LaPeer.

are wonderful, most

My dear Dr. Robinson,

I have received lesson
17 and 18. What I have not
answered, your work is wonderful
after reading the book.

"Blood on the Tail of a Pig"

I knew that you knew what
you was talking about
such a grate experiences.

I know it is true, now I
understand my mother's ex-
periences as a child it did
not mean much to me
but the memories still lies
in my mind, now I see
what can be done through:

The power of god, you
sure have made me
completely over, I can't
sit in the meeting and listen
to all that foolish stuff that
the W. C. T. U. has to offer,
as I am motion here
and have been for ten
years & never did fall in
line with there teaching.
But now that you come
into the picture I am
fully convince that they
are on the wrong track.
No wonder the members
don't attend. But I can't tell
them that they are or
the fire would blaze. So
I am quietly staying until
my daughter can find a
rent. Then I shall leave them

to find I hope the real
truth. I am so happy to learn
the secrets of the spiritual
realm my heart gives praise
and thanks to you for
teaching the spiritual truths.
now I only have two more
lessons I shall miss looking
for my lessons at my door,
I would like to ask you could
I send these lessons and after
they have been completed
to you and have them
bound in book form?

Thank you for your wonderful
teaching the power of life
the mighty invisible life
spirit

Sincerely your student

Dear Sir,

Enclosed you will find six dollars, am sorry it was not sent before.

Garberville is my closest P.O. however I live many miles from there back in the Redwood Forest and go to town but seldom.

Many thanks for the three marvelous lessons you have sent me.

The knowledge I have gained from them is past description with mere words.

Have been a non-sectarian ordained minister and missionary for many years in the far north Alaskan Territory.

I shall now, I am sure, have to return to my home where I was born and start out again to correct the mistakes I made as I thought them before you revealed to me the real meaning of the Bible in its entirety.

It will be with the greatest of pleasure I assure you.

It would be utterly impossible for me to reveal to you what has taken place withing me since I first started with your first lesson. Perhaps I can find words with which to express myself later.

At last I have found the right road so I will right my sled and be off as soon as is possible.

I remain, most gratefully yours,

About three weeks ago I listened to Arthur Gale and the news Wed. 7-30-p.m. Mutual network. He interviewed Prof. Sherman which he mentions "Psychiana" religion what it were doing to try to stop this world going ^{from} down to destruction. It gave me a happy feeling for it was the first time I have overheard "Psychiana" mentioned on the air. I hope the people will hear more about this movement. I am in favor of The Psychiana Bulletin.

Dr. Robinson I am mailing this letter quite late. I am studying less than 12 things hour charge so I cannot express my mind but I will write a long letter some day and tell you more. All I have to say I am very glad that I got the message.

I guess this will be more like a testimony than a letter, but will begin with. haes in 1941, or 42. just not sure of year. I wrote to you for a beginners lesson. you sent it and other lessons followed. I was smoking cigs. to an awful extent and wanted to quit but just couldnt do with the help from the lessons. I do not smoke and havent since about 43 - and am so happy for accomplishing that but at that time I went to work in a war plant. then we moved several times. I lost your address. and even forgot your town and state. so for 3 yrs I have watched the papers. for your statement. - so I talked with God but no success so this morning I called a friend of mine I have known her for many years but just havent talked to her for so long on the phone. but through her my search was ended. she told me she was having lessons every eve. so I ask her what they were. she spelled out the name Psychianc. then I just stopped her and ask for complete address. am sending this by air mail as I am in such hurry to get started. Dear Mr. Robinson. Archbishop of Pnychana,
Moscow, Idaho.

Dearest Sir and Teacher Friend.

I have just finished the study and practices of Lessons 1 and 2. Lesson 3 has arrived and I will study that. I have been very sincere and faithful in my study and practices in those 2 Lessons, reading and studying almost continually. being almost totally paralyzed with terrible case of Arthritis since the first of this past May. There was nothing I could do Physically only suffer terrible pains in every Joint and Muscle of my body. not even able to walk for days at a time. Even right now I am not able to walk much. the legs are so weak they will not hold up my body weight. Hip joints so weak and sore that I can hardly force one foot ahead of the other. and at times my arms and hands so swollen and stiff that I could barely feed myself. Every time the pain would ease up enough so that I could concentrate my mind on anything else than that terrible suffering. I would study those Lessons. there have been days when I'd read and study 2 and 3 times per day. For I want to get into full co-operation with the Spiritual God within me just as quickly as I possibly can. I fully Believe in the Spiritual God Life that dwells within me. more than I have ever believed anything before in all my Life
-over-

And that statement comes from the very bottom of my Heart. I have followed your Instructions as closely as it has been possible to do so. Considering the terrible Physical condition I have been in. My greatest desire right now is to get well and strong mighty soon so that I will be able to do Good for Others as well as myself. That has been my Mental & Material Attitude all my life - But in this world of Lust and Greed. my efforts prove to be a failure. And now that I am down and out - Financially Broke. I haven't got one real friend out of every 100 who pretend to be my friends. I have learned a sad and costly lesson No more of that for me. Now my whole Heart's Desire is to find and work with God. Had I only known, many years ago that God lived Within me. What a different Life mine would have been. for now I am 68 years old - All those years thrown to the Winds. But Thank God, that You are trying to show me the way to Live: And May God Bless You!

Sincerely - J. G. Leins - 15-974.

"Life's Picture Changes."

Success in childhood I was told
meant laying up vast stores of gold,
A rich man was my hero then,
Although he landed in the pen.
My youthful ideas of success,
Did alter somewhat, more or less
I thought then, one who reached the heights,
Like Lincoln, studied hard at night,
And dreamed vast dreams, beside the fire,
If to Success I did aspire.
And some day without accident
Might be the Nations President.
Through young manhood, my thoughts did change,
And up and down Life's ladder ranged,
To be a Writer - Actor - yes,
A Doctor, Banker - spelled success.
But years slipped by, Time turned the Page,
And found me then past middle-age
With small renown, a little wealth,
And then to me Success meant health.
I've traveled far and wide to find -
That boon of youth, I'd left behind.
And now, as toward Old Age I plod,
To me, Success means Finding God!

Help

Dear Dr Robinson

Have received Lessons 1 & 2 and have found them immensley interesting & helpful.

They have given me a peace of mind that cannot be understood of course there is a lot that I cant as yet understand. I was raised a Baptist & as you know.

John 3-16. was drilled in me. But I know this that as the Lessons come these things will be straightened out in my mind.

Would sure love to talk to you as there is so many questions I'd like to have answers to. But guess I'm just a little impatient.

But most of all if our government leaders would just read Lesson 1. It would change the world a 100%.

Am sending \$5.00 to pay for the

two Lessons received.

As my finances increase I shall
give my tithe to your great work.
Can you tell me how to send it
so that if you know of people that

Hoping to hear from you in the
near future.

I am not going into details ~~however~~ because I hereby enclose check for ~~\$13.50~~ for the remaining sum as agreed in aug 1947 less

My clear conviction in the

this because of making a
few lines to you from
I have known [unclear] in your

have been looking forward
to me a letter from me.

Well I must say this is
just what I have been looking
for in studying, I trust that
I have been enlightening along the
way in many of the [unclear]
first of all the reason of
the spirit of God to me & I
must let the spirit do manifest
in all that I do, most my greatest
held forth in myself. I can trust
a prayer for me that I may
forget myself and come into the

realm of God with all my being,
 there are some things in teaching
 that do not quite grasp but I am
 endeavoring everyday to dig a little
 deeper as I go over the course
 from time to time.

I have had this feeling for quite
 sometime that I have had the urge
 to do something for the Kingdom
 of God here on this earth. I know if
 I continued in this course of study
 it will come to pass. As I look
 around me and see how many people
 who profess religion, but very little
 the manifest the spirit of God in
 the lives & dealing with their fellow
 men. I am a teacher of an adult class
 and I am trying to get them to understand
 the nearness of God in their lives.
 He is every where in all there is
 nothing we can with hold from
 him. So therefore we must conform

our lives to his way of living, that
his spirit may be manifested in every
way.

When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

It makes no difference whether you call this Power The "Power of God" or not, or whether you go to church or not. This invisible Power of The Creator has always been behind you, nourishing you, and strengthening you and developing you, even through times of doubt and complete indifference. The Spirit of God is no psychic fantasy nor savage superstition. It is as real and regular as the law of gravitation...as universal as the mystery of creation...as near as the last drop of your blood.

He who set the stars in place and made the fields to bloom and men to love and labor is not indifferent to our human pain. We may not see this Power or understand It, but we can find the Truth of It in the smallest blade of grass.

If you attempt to contact this Power as directed, and if you pour out your head and heart, The Spirit of God will take over and bring you your desires. If you are really in earnest, there will come to you strength and courage which He planted in you from the very beginning.

May the Spirit of Infinite Peace be with you always.

Beloved Teacher.

As I have not written to you since I started taking training from you I thought to write and let you know how interested I am in my lessons.

I have been a christian for some years, and was longing to know something of God, more and more about God. But I failed to find in the churches what I wanted, and for that reason I just quit the church, that was a long time before I sent for your help. I was just sick of their theory, and the lack of understanding I found there. That is why I quit. When I enrolled with you, I was not connected with any church.

I love the lessons with all my heart, I read them twice a day, and some-times three times. As for doing what you tell me to do, I do with all the knowledge I have. I live a clean life. If there is reality in living right, I am doing all I know. As for being interested in the lessons, I am interested in everything you tell me to do. I spend all the time I can with the lessons. As for faith I am trying to have all I can. It may be that I do-not have the faith as I should have. I never get tired talking about God. I am all ways ready for God. I have never had any one to tell me about God as you have done. and if God can be found I want

2
to find Him in his fullness. I want do do good with his power.

I know righ^tness and unrightness, I know they have no part together what-ever.

Prehaps You can help me have more faith, because there is things I need in life, in business, things that must be adjusted. And I do hope you can help me to get a better understanding of God. I want God above all, but I do need help other-wise. I want to be able to help others as well as my -self.

I want to be blessed of God. I want Him spiritually, and I want Him materially. You know it is hard when you are pinched on every side and see things you need, and it just seems like you just can't meet the things that you know you must meet. I am doing all I know to do. I may be short in my belief. May be you can help me. I do hope you can. I want to tell the world of the great power of God, and not only that I want to use it for my good and the good of others.

Thank you very much

Very truly yours

Dear Dr. Robinson:-

I am doing something I should have done a long time ago - I am writing to you to let you know that I am a member of Psychiana too. My husband Chas H. Lewis who has been taking your course and just loves your lessons. and when he would finish one lesson and take up the next, I would study the one he had finished - and I even found the power of The Living God as soon as he did - I am so thankful to you that God ever blessed us to get in touch with you.

67-538

My husband and I both had wanted a closer walk with God, and now we know that God lives in us, and we

very, very happy. I only wish we had found this beautiful way years ago. Even now the God-Law has begun to bring desired things to us. We are very thankful. It is just wonderful to keep quiet and just take in the beauties of God. Oh! I just love to be alone with God, and all through the day, when-ever I get even just a few minutes I sit quiet with God.

I could write and write about this, but I know you have heard it thousands of times. It is so wonderful. Husband and I belonged to the Church of God in Christ, and I expect you have had some contact with them. You might know that that Church will be one of the hardest of Churches to ever see the real truth truths of God, because they do get a little touch of the spirit of God, but they do stop at that touch and get no further. but are so sure that they have all that ever can be gotten from God. I love the Church, and do hope that someday, some how they will see the truth and find out where God is. We had to give up that Church to find this beautiful truth of God, and we count it greater than any thing that can be thought of more than very life.

{over}

We are telling others, and do hope to get
a little group started soon

now I am the wife of one of your
members and I want my membership too.
We are going to do all we can
for this movement.

Dear Doctor

I don't know how to
express in words my wonderful
healing of fear, fear is entirely
gone I express my gratitude in
these words Thank God for giving
me Psychiana I believe I'll tell
you how I became interested in
Psychiana one Monday I bought
a Sunday Detroit Paper I saw
your ad. I answered and of course
received a reply I wanted to
answer immediately but some-
thing seems to stop me it was
some years later that I discovered
the reason in all those years
I kept that envelope in a dress
drawer thank God for that

when my husband passed on I
had a physical breakdown over
work not the first one of course
I was afraid to call a doctor
I was alone with God I called
to Him to send some one to
me he answered by directing
my footsteps to that dresser
drawer and my getting that
envelope of course I answered
the rest you know I became a
student to be raised out of that
fear there are no words in my

My dear Mrs. Lieblein,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power. Remember that The Spirit of God is sustaining you and will not fail you.

May the Spirit of Infinite Peace be with you always.

Dear Doctor

As I was reading
Gems of Spiritual Truth out loud
I realized that I was healed what
to me is quite wonderful, this
happened in Calumet Mich last
summer I quite frequently read
out loud being alone I could do
so besides it helped to drown out
thought interference and I could
think more clearly I was tongue
tied and had great difficulty
in pronouncing words a great
many words it was impossible to
pronounce at all, I realized I no longer
had any difficulty in reading. I'm

Dear Friend and teacher

Enclosed you will find my check for \$3.25. The extra dollar is for a year subscription for the Way. I just hate to complain. The Twelfth lesson came on the fourth of June that was the only lesson that came within a month. It ought to have been here two weeks ago. It was not the first time this had happen and I hope to God that it wont happen again. Please excuse this express. I am asking God not to let it happen

There is something that I want to ask you about for a long time It has now came up in the twelfth lesson. It is about "if it is the will of God ". We might asked God for something that we think that will be right and good for us and in five minute of twenty years we would give our right hand if that wish was not granted. A little will yell his head off for the razor that his father was using. Ten years ago that wanted me to dead all my property to the GOOD WILL if I did I will not be on Easy street not. I thank God the way that he propected me then and many other times.

To change the subject. My little dog ate some rat poison that was put out the first of the year. She ran around the yard yelping her head off like mad and collaped, foam at the mouth and had colveltions. I bear to see her suffer and went into the house. I was thinking that she was the only female that kepp her mouth shut. She was operated on when she was a pup. I thought that I saw a ghost whwn she came in about ten minutes.

About ten days ago I brought a Turtish water pipe. I broke a little water tube. I sent to a place near San Francisco for another tube and put the pipe in the box and forget all about it. The next night when I was listening to my radio a voice seemed to say to me "Odin you can fix it". With a little pice of thread I did fix it. The new tube came yesterday and it was broken. I going to have a mettlesome one made.

A number a little things like this had happen to show me the power of God. I know that better will come to me when I have more faith. What you said about being in the driver seat 20 years and that only 20 minutes is like a person fixing a

small electric motor in an razor to those whose make repairs on the largest motor in the world. It is all the same principle but the man must have more instruction for the bigger job which is only having enough faith in himself to go the job. The little and the big motor both using the same power.

Dear friend and teacher

Enclosed you find my order for \$2.25 for another payment on my lessons.

I am going to tell you something that you wont believe, because I can believe it myself. Three weeks ago I woke up with a awful toothach . the first one I could remember. But I study my lesson and talked to God. A bout ten oclock I got ready for to go to the ~~dand~~ dendiât, ~~hmm~~ but my electrist razor would not work. I took itv to Los Angeles, knowing that I would not be able to go to the dendist that day. On the way over I talk tolked to God about it. Before I got over there the toothack was gone, and it has not troubled me since.

On the way back a strange thing happened. I let three buses go by bycause ~~mmmm~~ they did not stopped exactly at the right place, It was a new buss linne operating about a month and where change the buses was at five busy intersections there was two car line and three bus lines all coming together. To avoid this busy place I thought that I could change a half mile before. I could do a little window shpping at the same time. But I did not do any windowshopping ir get orn the other bus. just as I got off one bus there was a man in an auto just coming out of a parking lot into the street. he asked me if I want to home he took me where I wanted to go. THIS MIGHT HAVE PREVENT A ABIDENT OR EVEN SAVE MY LIVE . Happenings likke this has saved my life more than once.

South Pasadena just changed the electrical cycle. It was the only town in the united States that was operating on the old cycle. If anyone move here their electric clock would gained 12 minuted to the hour and ang motor might bunt out any monet. I took my clock to be exchane when I got home I thought that there was something the mater with ~~mm~~ it. the next day I took it back. The was an automobile in the yard that would take me down at a certian time I became sleepy and took a nap and miss the ride so I wrapped the clock up and walked. I waited a half hour in line. The was a malted milk shop around the corner, but every seat was taken so I waited outside. I was not there 30 seconds when a man offer me money but I refused it. I ought not to redused it because that was God way of helpng me.

over

Just a few days ago I rushed out to go to the store I hesitated a few minutes because I had everything I needed. As I was turning one corner my shoeman about to cross the other corner a block away he saw me and waited. He was very hard to get hold of and my shoes need fixing badly. I have a two inch cork sole on my right shoe and he said then that he had to take half of it off when I get a new pair of shoes which will be very soon.

What seems so wonderful to me is the timing almost to the split second. I can tell you over ten other things just as marvelous that happen to me every month. I tell you the secret I've been talking to God and studying my lesson four hours each and every day for eight months. These four hours seem like four seconds. I can explain that. God knows no time only the eternal now. In grammar there are three tenses. Past, present and future. You have been reading my lesson you are going to finish reading it. But what are you doing now I mean 1/1000th of a second.

Why I am taking up this religion for? I have about everything to make me happy. God can heal my body the same way he took away my toothache. All the things has strengthened my faith. Now I am telling God to heal my body every night. I asked God the other MORNING what he had in store for me. With my eyes closed I saw that I was strolling in a great park the lawn stretched before me that I could see. There was a hedge of trees at one side of all shades blending together. There were three or four other people in front of me. What impressed me was the beautiful coloring and blending of the trees and everything was spotless clean the lawn just been mown and not a leaf on it.

Before I close this letter I want to tell you of the feeling that I have. No words can describe the joy, happiness and peace. Paul said it was joy unspeakable and full of glory.

P.S.

In the vision I just told you about I was walking perfect. In my dreams and when others dream about me I am always perfect.

It is now the afternoon of the 7th the 15th lesson is over due it ought to arrive about the 4 of the month. Maybe the holidays might have something to do with the delay.

Dear Sir: - *File*

I am on my seventh lesson.
I havent written you before because
I waent sure. But now yes.

You hear these things everyday.
but I will tell you a few of
The things this wonderful God
Power is doing for me.

In the first place I am learning
to lean completely on this wonderful
Power. In every thing I do I
turn to God & do you know
every thing turns out all right:

we were having such dry weather.

I asked the Great Spirit of God
that is within me to please
send us this rain. Three nice
showers came enough to keep us
going. Then one day I ask the

Great Spirit for a real rain.

and in a few hours it came.

I never had any other thought but
that my wish would be granted.

So many things are happening for
me that it is hard to write
them.

It's staring me in the face
wondering how we could meet
them.

Again I asked the Great Spirit-
of God for help.

And help is coming all of
the time a way is provided
for every thing. I am so
happy to have found this great-
religion through you. Those lessons
mean so much to me.

Thank you so much for helping
me find this wonderful Spirit of God
that is in me.

I know as days go by I
will come nearer & nearer to
The Power of God.

Dear Dr. Robinson -

Inclosed find my check for (\$ 7.89) to pay my account in full. I want to thank you for your kind consideration in reducing my account so I can meet this obligation. Your lessons have really helped me and I read them whenever I need guidance.

I have been writing poetry as a hobby for quite sometime, and finally won recognition in the published book. (American Poets and Songwriters) I am enclosing the two poems that were published, and hope if you can find time you will enjoy reading them. Perhaps you can help me to write more and better poems through your power of Psychiana, any criticism or help will be deeply appreciated.

Thanking you for all past favours, and if possible hoping to hear from you again. I beg to remain

Dear Dr Robinson

I want to write you a few
lines in my humble way
and thank you or should
I say thank the Spirit of
God in us for healing my
son

On Feb 25-1948 my son was
in the hospital with
Meningitis and the doctor
told me that he was the
sickest man he ever saw
with meningitis and that
there wasn't much hope
and if he would pull through
he wouldn't see very good

or wouldn't be able to hear
Well here is what happened
I sent you a wire at 9³⁰ am
and at 12¹⁰ pm Received an
answer stating you would
send or help him spiritually
and at about 1⁰⁰ pm his pulse
started to slow up and
he just kept on gaining
and in 5 or 6 weeks was back
to work with perfect health
at that

The boy reads Meters for
the Northern States Power
Company in St Paul Minn
and when you read about
400 meters per day that
is a lot of walking and
up and down stairways

that is far from being
a soft job well he does
that for 3 weeks sense he
went back to work and
get this he is bueliding a
small home and last
week eng after reading
meters all week he failed
about 60 or 70 big wheelbarrows
of dirt around his house
and that is heavy work for
anybody.

I do not want to bore any-
body what I'm trying to
say is when you know
how to contact the spirit
of God in us the spirit of
God does a perfect job of
healing

Dr Robinson I wish I
could write this the way
I would like to. But in
my humble way from
the bottom of my heart,
thanks a million and
may the spirit of God give
you the strength to bring
Christ's message to this
world before it is too late
and I thank the spirit of God
in us that he has heard
us

Dear Dr. Robinson,

My fourth lesson was delayed through the mail so I was late beginning with my 5th lesson as I finished the fourth before I started with the 5th lesson.

In the first lesson it came into my mind to be a teacher and healer. It was in the fourth lesson that I really wanted to be a teacher and healer in order to show the people by my work that I had the spirit of God in me.

My quiet moments with God gives me more understanding. I use to be afraid when I had to come to this hour because I saw

so many things, but after your
son explained it to me so nicely
I like to commune with God
I was home alone one day and I
decided to go into my room and
meditate with God after having
been there for about 20 minutes
I saw Jesus appear before me, some
one came and knocked on the door
and it vanished. I tried again
a voice came that time saying
you will find the light, I
said I thank you Father
that thou hast heard me

I told my friend about you when
she and I was talking to each other
about God, I talked about these
lessons and handed one to
her and at the same time
told her what it teaches she
believes in everlasting life but
she handed the lesson back to

me. She also told me that I was
crushed in my church that
I should be where I could use
myself. Right here and I can
say to you that I have looked
for God in more than one church
The first, Congregational, second,
Baptist, Third: Church of God
Pillow & Ground. Now which?
Since studying these Lessons
I have really learned about
God from your teaching. You
had it just right when you
said "I did not know that
God was so close to me."

My little grand boy age 7 years
remembered this statement
God breathed in the nostril breath
And God is in me, he said.

Since I received the 5th Lesson
a great burden has been lifted
off me and I am now

encouraged to continue these lessons. It may take me a long time on account of being confused or disturbed during my quiet moments but I have no fault to find in this great work. I am enclosing three dollars. I hope to keep up with my payments and subscribe for the way. I am thanking you for all that you have done for me. It is wonderful.

Yours truly

Dear Dr. Robinson, - you are grateful
I am thanking you for what
you have done for me, I am
thanking you for revealing to
me the understanding of the God Law

I was relaxed on the bed as
I was instructed to do and a voice
spoke to me and said —
Lay hand on the sick, I did not
get the first part, Another day
during the same thing something struck
me like a cannon ball I heard
something ring and it seem as I saw
sparkling stars. I did not get afraid,

When the violent Hurricane
warning came for Florida I meditated
and said Spirit of the living God, Let
the storm go into the ocean. my
Answer to this was the Gulf will
hold up. The next day Wednesday the
storm went into the Gulf.

Here is something new to me a

A woman tried to find me one day her husband was down sick and very sick. She wanted me to pray for her husband. I wondered what caused her to want me to pray for her husband. This even made me wake up from being a sleeping giant.

And the Parberry plants, the Robin's nest, the Canary bird, the Homing pigeons, the Maple tree and the dog that was carried twenty miles away returned back home. And you explained these lessons so a child could understand.

now I have a lot and it is unpaid for. In studying these lessons why do I have to worry about the payments when I can plant crop after crop and let it pay the bill.

I had the pleasure of interesting one woman. She was on her way on a vacation she said may I take this with me I want my brother in law to read it she studied watchtowers when she comes back I can tell her how to get the lessons.

my payments have been behind
and I am sorry I don't mean to stop paying
God is near of me than I thought he was
and I don't want to give up. I am
beginning to see great things ahead of me
and I don't want to miss them. I have been
traveling a long time in the dark and I
must do something to prove that I
am finding God. I am sending you
\$10. I don't regret it. I only wish
I had more to send.

From this that I have grasped
I am happy. Again thanking you for
kindness shown

There are scores of people, friends of yours and perhaps hundreds of people who would give almost anything to know of the existence of the truths being taught to you. These friends will esteem it a favor and will thank you heartily if you will call their attention to this teaching. If you prefer to have us call their attention to it, print the names and addresses of these friends plainly on this form and send it to us. Only give us the names of those friends you are reasonably sure will be interested in this line of thought. Do not try to think up names but just give us those whom you are reasonably sure would like to hear of this teaching. We shall appreciate this and you will be helping to carry the good news of complete liberation to those who may not see our national announcement. We will not mention your name.

Thank you very much for this courtesy.

Dear Mr. Robinson;

Am so sorry that you had to send me an accounting slip. I didn't want to get behind on my payments, but our resources are so low that we haven't enough to eat much less pay the bills we owe. I wrote you a while back telling you the reasons of my not paying on time, maybe you didn't get the letter because I forgot to put my number on the letter.

Your letters and lessons are so inspiring that they give great pleasure in studying with you. If you will hear with me a while I will get caught up somehow.

Bear with me, there are a great number of phrases in the lessons I haven't fully understood yet, I haven't much time to spend to study with a family to care for am doing all I can to live up to the affirmations you stated have received a better understanding of the Spirit of God. Am studying faithfully when I can find time to study. Wish I could talk to you in person, would understand more clearly, but it's impossible so will do the best I can thru' your precious lessons.

I won't be able to send any
money on my bill before

But I am now waiting for lesson No 12 of first course.

I think your teachings are great, sound and to the point. I have some oil and granite investments, that seem to be progressing favorably. If that time come that I get in some extra cash, to do with, I would like to help get some of your teachings to key men here in Sisoux Falls. However I am just a lone Bachelor, that need to be

They was a little late getting

2000 acre block to drill
a test well in North Carolina
They are not selling more stock
but, I have a letter from
a Ardmore Oklahoma
man selling adjoining
leases, I did not get in to
hear from him. Perhaps it is
late to get pick leases now
I was in last year ahead of
the play. There still seems
to be a good chance with
Fowler Farm Oil. Corp.
367 Majestic Bldg.
Fort Worth 2. Texas.

5) Fowlers show a good record of paying off several times before years ago. and so

does the Multimillioner Waggoner the Vice President
A lesson in two weeks is all right so long as I camp here. if I should want to look around if I get the extra cash by spring I would like to have the ballance of lessons to take with me if I can. Of course there is nothing sure, about far off investments, untill, you can, count the winnings, if any. I have all I want to take a chance on of that, now.

But comming back to your lessons in regards to resurrection I note you state in effect no one dead has been brought back

to life. but yet in another
book you give account
of A Newyork Doctor
Bring back to life the
same person 3 times with some
electric appliance I do not
quite understand what you
mean to get that harmonie
Wishing your movement
progress and kind regards.

My dear Mr. Iyng:

Thank you for your good letter of recent date. We are happy to hear from you. Thank you for the list of names you sent.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

your course. But on this card is
names and addresses of business
partners of mine. Above me in social
standing and Education that I
believe can think soundly and
Independently for themselves.
But yes this old time religions
has to a good deal blinded a good
many bright minds, so they
refuse to think impartially
When any religious discussions
is presented different than what
they have growed up with.

I do not know, but maybe
your sound teachings can
win them over.

bitting for a pay off this time
he has had mixed success this

3 I feel confident he will
also make good this time, him

There seemed to be too much opposition and financial difficulties. They tried to raise money with mining, but that failed. Mrs. Laramie Little was secretary of Sandy Boyonius of Denver. She had or had some private mining claims but last I heard needed cash to carry on. Roy G Olson a young war veteran from this late world war, now last I heard from him, in Placer mining business. I did not get in with him, as I have enough scattered investments for now for me.

Lawrence P. Oty, That Attorney from Ardmore, Oklahoma I will neither recommend or condemn,

of warning about Lawrence B. Dittus,

Dr. Frank B. Robinson
Moscow, Idaho.

Dear Mr. Robinson:

You will find enclosed a money order of five dollars (\$5.00). The Balance of my account was only \$3.75 but to prove to you I am on the level with you, and that I appreciate your trust in me; and that I also appreciate your ability in your great discovery, to a world that is really in need spiritually, I am sending the little extra. I realize it can't go far to-day, but perhaps will print a couple small books that may help some body who needs your help. Your lessons are worth much more than you are asking.

Though I have not been able to receive the benefit yet that you have intended me to receive I have experienced alot. Every once in awhile I get swept off my feet with surprise. Very pleasant surprises, too, and I know more are on their way as I can see they are shaping themselves into my desires.

I have tried to do just as you tell me to do, but

speaking of your retiring exercises as soon as I relay
I just automatically fall to sleep waking the next A.M.
disgusted with my weakness. With the thought I am
suppose to keep in mind during the day I have very good
luck. I have gone thro' them about 3 times or more just
as you wanted me to for the ~~one~~ ^{each} time. I practice
relaxing too as ^{you} have asked me to every time I get a chance.
I can see improvement in myself by far in every way,
and every time I get the chance I read your lessons
over and over. I figure that after awhile they will be
sunk into ~~to~~ where they should be and I want them. I
really want to get the full enjoyment of these lessons
and I know they will be conquered.

You remember in my other letter to you how I enjoyed
the New Testament. Well, since your lessons have been
coming to me, the new testament is more enjoyable and
I can understand it much better than before. I can see
your lessons are taken from the right meaning the
Bible was intended and being I believe totally
in the good book I believe in your lessons. I believe
some time in the future you will conquer the minds
~~of~~ ^{and} ways of the people on this earth. Some one has got
to make the attempt to keep the world from destruction
as it appears like it is going well on its way. One of
my biggest desires is to help you to save it and I really

hope I can. I can see more and more that people are really lost to-day. They really cannot see anything the spiritual side. They really cannot realize what they are missing. I really cannot see why the world would not be in such a tumult and mix up for the way they spend their leisure hours, and the thoughts they carry with them. The people are all of the flesh nothing spiritual: no time to think of formind to think, may I add) of the beautiful things that God (our spirit) can do for us. Just as the verses of 1 Corinthians - 2nd chapter - the 9th verse and also the 14th. Also the verse of Ephesians 3-20. I know these things must be true and I know that we beings must be here for something good. I know as you set and look out the window and see miracles every where before you, and you set and think of man, the greatest miracle: eyesight, speech, brain structure, ability to be and think, to walk and do, the way we grow, why wouldn't there be a soul inside us to add to our miracles, to use and have and accomplish as God really meant us to be. I am very sure I can see what God means when he speaks of us being born again. Also as it is written of Paul in 1 Corinthians - 15th.

Our financial troubles are swiftly ending as for the last 3 months my husband has been able to get

a real good job with the best pay he ^{has} had since we have been married. That isn't all, he has been told it would be steady as long as he wants it. Now, we are intending to buy a home in the spring. We have already a nice home to buy in view.

I could sit here and rave with my pen to you for hours of the many things that are opening my eyes and arousing my soul. But, I know you are a very busy man and have many just such letters to read. But, I do hope you believe me when I tell you the only reason I hadn't finished up my debt to you. When I did send the money I wanted ~~to~~ write you a letter and let you know of my advancement in your lessons. The department I work in at the plant has been on shifts, I was working on night shift, and working home mornings, so writing letters have been a job to me. I did know I would get it done sometime soon.

I wish you the best of luck in your wonderful work to the world.

Yours Truly
Mrs. Fred Lyons.
