Dear Ingrid & Father:-

Enclosed find payment for last mo.
I think I am trying to see the light,
then I started with your lessons I was
so bad I could not do my own house
work for two, without help. But now thanks
to God and you I can do it. I say thanks
to you because if I hadnt seen you and
in the last I never new found God the
right way. As it is I am not satisfied with
my self. and sometimes think I should
get closer to God. But then I get another
lesson from you and that helps me to find
my self again. Dr. Robinson I never like
to hear some friends in and tell them
about Psychanna Religion. But my
husband is a Catholic and he is quite
narrow in any thing pertaining to other
religions also the Virgin Mary and all those
saints so long dead, are his only help for
anything he wants. and dont get. But I
just cant see that. I often think if the Virgin
Mary could do so much. Why couldnt she help
Jesus when he was crucified. But I will
send you some names and will tell

Others about it. And in closing

Thank you for helping me to find God
and his merciful help.

Money Order for \$6.00

That is for Lesson 4 and Lesson
5. I have tried to interest
two or three friends but I
don't seem to make much
headway I know I am
interested I just can't wait
for the next lesson I don't
just understand it but I
think I have learned more
about God in those four lessons

than I ever learned in going
to Church, all these years
There don't seem to be
anything satisfying. It is a
staggering statement to make,
but that is the way it is.
Our pastor made his farewell
sermon last Sunday. He has
been made bishop. I think
that will suit his liking
better.

Dr. Robinson, I have been taught

this last lesson is wonderful
I think I will get somewhere
now or has all been explained
so beautifully if I could have
gotten this knowledge years
ago I was asked several
friends to take the course

but they all think they are
too old to take up anything
new & wonder what they
think of me but they don't know
my age and I am not telling
them. I am reading my lessons
over and over & can see where
they are helping me and
I enjoy them so much
I hope you will be able
to get the attention of the

no doubt.

Thank
you for your kind letter of

that since I have received
my first lesson and
studied it, I have been
entirely healed of an
arthritis condition, which
I have been suffering with
for a long time. I wrote
you after receiving my
lesson and told you of
it. Since then I have

pain. Thanks to our
Wonderful God. Oh it is
truly wonderful what
the Great Spirit of God,

can do for us when we
realize it. I have always
worked, as I must in
order to make a living.
But when my arthritis
got so bad, I had to give
up my work, and now
that I have been healed
and am well again I
must find work again.

Please talk to God or
pray for me that I will
find a good fit now, as
I must. I'm a widow
middle-aged and am
self supporting. Thank
you for prayer and help.
Will be anxiously waiting
for my second lesson.

Dear Dr. Robinson:

With each lesson I am growing closer to the Spirit of God which dwells in me, and my life is becoming more balanced and calm and I am able now to end the day with thanks to God that I haven't sinned and therefore do not have to ask for forgiveness because I drank a few too many highballs after a worried day. I can now see how futile my former life was, worrying over things not accomplished to-day and asking for forgiveness because of these petty worries. Now I live for to-day and accomplish as much as can be done with thanks to God instead of asking forgiveness.

*(also don't touch

Thanks to you!

Although I can see that one doesn't really need to go to church with your teachings because they are so thorough, I have decided to join some church and attend regularly. I used to attend Methodist Sunday School when a young boy --then I went to work for a railroad company and had to work each Sunday for many years and just got away from church. Lately I have been going to the First Baptist Church in San Jose which I like very much, but I notice they preach Jesus Saves and not much about God as you state in your lessons one should pray to God--talk to God--instead of so much praying to his Messenger. I have attended the Seventh Day Adventist Church which is also very good, but, as you know, no doubt, they claim to be the only church because they ~~repex~~ worship the Lord's Day which they claim to be Saturday.

I seem to be in a quandary about what church to attend and although you state in your lessons that you do not enter into discussions of this sort, I would certainly appreciate any help you might give me as to which church I should attend and become a member of. I might add that when going to church as a youngster, I was never bapitized and think it is high time to attend to this matter, now; so I will appreciate any help you can give me as to the church you think is following your advanced teachings and getting closer to God--the Spirit of God which dwells in each of us. Perhaps in advanced lessons you tell about this. I am only on lesson four and so a word from you would ~~certainly~~ ^{certainly} help me at this time.

Believing in the Power of the Living God, I am

Dear Dr. Robinson

to-day brought my tenth lesson after having read it, as all the others my first words is "Thank God."

Dr. Robinson a true prophet should not go without praise and I have found you to be just that.

By following your lessons my first merical was this The spirit of God in me healed, a woman who Doctor had given up, she has been out of her mind for six years nothing but bones with the skin wrapped around, just sat on a chair never speaking to anyone, when the power hit her it was something awful she tried to raise up and did her false teeth flew out of her mouth, her family thought she was dying but Dr. Robinson no one knew but my-self and God what had happened, she is eating, now and in her right mind going to be strong again Thank God.

I am so glad to have made your acquaintance and to know that theirs one more soul on side my self who actually believe in the power of God on earth. I quit going to the churches because the leaders in them have no power some of the church officers are what our Bible calls Fornicators I cannot support no such organizations

for our Fathers says "Come ye out from among them".

Dr Robinson the only trouble is non-believers my own husband calls me a fool for believing your teaching or believing God & should have said, but Jesus was called that & worse, but when they wanted their sick healed they called on him did they not?

Oh! how I wish that our groups could get to gather in a body, I know we would be with one accord, every one of us, sheep know each other as did John the Baptist and Jesus.

Thank God for letting my path of life cross yours, for you have the power too, and your lesson has taught me so much more than I knew.

Dr Robinson if you are ever in Gastonia and "I believe you will be," come and visit our home.

We live 4 miles southwest of Gastonia on a farm. John my husband Billy & Doris my two and only children thank God for them too, we are not wealthy people, don't even possess a car, but I believe the spirit of God will send my every need soon, our income is small now but by his help it is going to larger I am sending you some names of the wealthiest men in our town one of them gave me a check for \$200.00 to help on our parent teacher project, top of which your humble student is president. God Bless & help you to prosper
Sincerely

My dear Bishop

I have received your most wonderful letter, and I thank God for the inspiration you must have received from Him when you put in words the courage to carry on in the belief that God hears my prayers, and that every word spoken in His Name is recorded by Him. Thank you, thank you, but I will not forget to thank God for making me a well man again, as according to your precious lessons I have learned to do, and do so in the belief that God dwells in me.

I am enclosing the names and addresses of those whom I think would be interested.

Again I thank you for allowing me to keep those lessons you have already sent me.

My dear Doctor

I know you will forgive me for not writing you ere this, in order to let you know how, since learning the True Gospel thru studying your lessons on Psychiana. - how I am effected by Psychiana. When I wrote you last, the doctors were bent on sending me back to the sanatorium, as the spot on my right lung showed an increase in size. I refused to go, as I did not show a positive sputum, and not only that, but after deep study of your lessons I had on hand at that time, I refused to go. At that time I weighed 102 1/2 pounds, and after coming into the Realm of God I find myself weighing 110 1/2. I am X-rayed every month, and they find the spot has not shown any increase.
(over)

93 But - and hear^{as} where 7. medical men
show their own ignorance of God - They
will not permit me to go to work, as they
not knowing the truth as you so ably
explain

My deep regret is that I did not know
the true Religion (Psychiana) when I was
a young man. What a difference there
would have been in my life. But all
I can do is to help to spread the truth
as you teach it in your lessons.

I have made up my mind to go among
the colored people as soon as the doctors
permit me to be on my feet again.

You see doctor the acquaintances I have, are
perone to be afraid to meet at my house
thinking, and being afraid of catching T. B.

I must thank you for sending me the
lessons, even after you knew I was not
in a position to pay for them, but my
youngest daughter has been so convin-
ced of the truth in them, that she has given
me her promise to pay for them, when she
leaves school, and goes to work, but I am
putting my faith in God to be able to pay
for them some day.

May God in all His Wisdom keep you inspired
in His Messages to you. Thank you Dr. Robinson
I am

Am slowly catching on to this beautiful truth. It isn't hard for me to believe as I had no faith in the teachings of the church.

I am so very happy in in this Pychance. I'm working hard on it - and love it.

I can put my self to sleep now. Some thing I haven't been able to do for years.

I am thankful I read Mr Sunthers. Inside U.S.A. I'm sure God had a lot to do with that.

Too bad so many good people are being swindled

Dear friends:

Would it be possible for me to receive another copy of lesson 15. I have tried to be kind to a lady living in same apt. house. I thought she needed a boost upward. Let her read my lessons.

She hasn't returned my lesson 15. I ask her to please do so.

It seems she lost it, and is not at all worried about it.

I love my lessons and want to file them, so I can always go back over them when I feel I need a boost myself.

Perhaps in a stinker. But I won't let my lessons leave

my apt. again - I will gladly
pay for another ^{session} 15 - I don't
gain any in worldly goods.

But I know now how to
be happy and perfect health.

In fact every thing about
life now is beautiful - just
knowing, this never alone. I
bless the day I wrote to her
Robinson - and the book - in
side U.S.A. - further I believe.

That is where I learned
about Psychiana

I feel certain you have found the answer
to God and the meaning of life. You may
be interested in knowing that I am a Catholic
and my husband and four children are
Catholics. Nothing in my religion has
ever given me a feeling of security - but
your teaching do. Needless to say I am
much criticized by my family - they all
think I've lost my mind. As to sending
in names or trying to make a dent with
any of my friends or the people with whom
I associate is like butting my head against
a stone wall. They are all snugly satisfied
with every thing the way it is. Their
completely fatalistic attitude discourages my
attempt to discuss religion. Rest assured that

if I find any one with an open mind I shall
do all I can to further your work and shall
also send their names to you. I feel that
people who are experiencing their own personal
hell here on earth are more apt to reach
out to you and your teachings. You have
helped me immeasurably and I thank you.

Dear Doctor Robinson:

My heart is so-

filled with thanksgiving, and my soul
so enraptured, — my being in general
so impressed with the glad learning —
and the wonderful, marvellous advice —
and knowledge imparted through the —
months of study of my "20 Lessons - course" —
and which alas, is now just ending. It
is hard to find language to tell you what
this Lesson-course has meant to me.

I am not a bible-scholar. — nor a church-goer.
Have been called a freethinker, — so I have not
had to battle orthodox-reactionary teaching in
my studies with you. Have delved in social, and
political science quite extensively so you see
conservative policies, or views could not effect-
reason, and logical pursuance of my Lessons
study course. And please let me say that
I think, that your philosophy and technique
discovery of the Spiritual Realm is the most
marvellous, and most precious achievement
in point of human good of the age. Noting
your advice anent the "Atom-bomb". I feel the
deepest concurrence of conviction in your pre-
diction, now Dr. Robinson reassured that

you, and sooner, or later I must have the "The-
New Psychiana 27 Lessons", and would like to
have them (recommencement) right away. But
I cannot invest the entire amount at this time
I am involved in at present in a case of litigation,
— a sequence of expense as you must know
I am trying to get a military survey which has
been forced to include my valuable Mine (of
Lead, Silver, Copper & Gold) — removed. As I have
definite proof of the illegality of the action —
I do not feel that failure can go against us, nor
that it will be long in granting a decision. I
think I could remit for the Lessons before-
say a lapse of a couple of months. I am won-
dering if you could accept monthly payments
until I could cover the full amount. If so, and
you can do so, and will make me your proposi-
tion — (or if you prefer to have me sign a contract,
I will be glad to do so. And upon receipt of
same I will promptly make out my enroll-
ment, and send same at once.

Since writing the
foregoing I have received "Life Membership
Certificate". I can't tell you ^{how} greatly I appreciate
this Certificate — a gift I receive, and prize. And
having carefully read the notable inscription —
thereof I want to assure you that I shall try to
live, and conform to its noble ideals.
I thank you sincerely for this lovely Certificate
I thank you also for the Leaflet — "The Psy-
chiana Bulletin" which I have read with
much interest.

When I am not rushed for time
over

as I am now I will send you a List of
names whom I think would react possibly
to Psychical teaching. A few of my friends
I have been trying to interest, and I have
delayed sending you their addresses -
until I felt I could depend on their in-
terest or eligibility.

With profound kindest
and best wishes, (which is extended to our
brother, and co-worker Alfred B. Robinson -
I am
Your Most Obliging Student & Friend,
Alice M. Fadin.

P.S. I am adding a request if you will -
kindly grant me the favor of sending
Lesson No. 14, - I am returning the one you
sent me for the reason that due to a
typographical misprint on Page 11 - same is
not legible. I will thank you sincerely for
a "Lesson 14" - that will show more clearly

 have written to you a number
 of times and the only reply
 was an application Blank for
 the lessons.

I started your course of lessons,
 must be eight years ago and
 after getting about seven a
 friend of mine gave me the full
 twenty so I wrote and explained
 to you, and I wanted to read
 more of your literature and learn
 more of the wonderful teaching.
 I have read and reread, but don't
 seem to be able to grasp fully
 the meaning altho its so easy
 to understand the way you explain
 it all.

I lost my husband seventeen years ago in Potomac Idaho, I brought my niece here for her health, paid off two mortgages on this place and have it clear now. I have done things that didn't seem humanly possible so I feel I used a supreme power some how.

I grew up in the First Baptist Church and have never been happy for some reason. There seemed a longing for some thing deeper.

My parents never expected to raise me on account of my heart in Kansas. There were six children all the rest gone and I nursed and watched four die the Eldest passed away in his sleep.

I am sixty years old and I work at something all the time and enjoy it. May find some snap-shot to send you.

I am anxious to read your new lessons altho I seem to find something new each time I read those I have.

Am so glad for your success and hope to even see you some time. Enclosed you will find check for (\$ 35.00) Thirty five dollars for the new course of lessons.

Sincerely - Anna M. Gedrick.

My Dear friend;

I feel I can call you such, for no one but a true christian friend, would give one so unworthy, another chance to enjoy and profit by your glorious truths. I will explain my dropping out. I bought your book "blood on the tail of a pig." It endorsed what I hold, of spiritualistic teaching. Then, in a Lesson, you seemed to deny the testimony of the Book. so I wrote, asking you to clarify it and no word come, and I simply quit. whereas I beleive, had I continued on, the Lessons, themselves would have enlightened me.

Anyway Dr Robinson I thank you MUCH for the opportunity of again, becoming a pupil. I wrote you asking such concession, but being convinced you would not accept me again, I did not mail it. But my first course. Proves Bible; I would not accep any money for the fifth lesson in that Course. the second, written in 1946 I went 1/2 the tenth Lesson. before quitting. so if your present stud is the same as was written in 1946 PLEASE start me at Lesson ten. for it would not be necessary to pay over for those I have. -- thank you.

that you may know my heart never departed from your teaching or faith in you I have your picture framed on my desk, no money could buy it or power remove it.

I will enclose the dollar, fee entrance. and will be obliged to pay by the month. sending the three dollars or starting it out on the twentieth. for I receive state Assistance. I am alone. left in a large ten room house.

My beloved Sister, passed Feb first this year. you frequently write her. Mae A rgersoll. but she is no more. , was eightyeight her last birthday.

Dr. Frank Robinson,
Dear Teacher;

I know you are a very busy man and I don't want to take up much of your time, but I have just finished my no. thirteen lesson. I saw it you said that if we had any strange vibrations to write you about it.

I'm not sure if I am correct but for quite a while, while doing my exercises I have strange vibrations, like electricity, start in my feet and sorta creep up my body. maybe this is not what you meant.

This has been for quite some time, but lately it is different - the tears come to my eyes and I can't stop them almost every time I talk to "God".

I love these lessons, and will never be able to thank you and "God." for you, writing them.

If you have a few minutes will you please let me know if the vibrations are same as you mentioned?

Very sincerely,

My dear Teacher:-

Thank you for your letter of Dec. 22nd '47.

I was in Detroit when it came, the reason it has not been acknowledged sooner. I know you are very busy and I do not like to take up your time.

I left in a hurry on account of my brother-in-law passing on. When I arrived in Detroit I heard a sister-in-law had passed on six hours before the brother-in-law. So the Mac Neil families were well remembered the week before Christmas by the last lone enemy.

Then I took more cold in the cemetery after Christmas day. I went to bed had pneumonia & a dreadful ear-ache. It took me just five or half hours to get rid of that lovely shooting pain. You know what I kept repeating. Now in regards to my friend. I went to see her before I returned. They have her so full of dope because she suffers so. One could hardly hold her attention for long on any one thing.

May be I should have told you, they ^{were} ~~are~~ a large Scotch family all workers in the Presbyterian Church and you know what that means. I happen to be a back-slider. I couldn't take it.

The sisters are looking to the doctors for the cure if there can be a cure. The doctors are using X rays, radium & deep therapy. I certainly hope she comes out of it. That is what ~~that~~ they did to my four year old Grand-daughter for cancer. Mary Lou suffered for two years and she always told us she was "going up to God and Jesus loves me".

When you see such faith in a little child it makes you marvel and how that child suffered, but her faith never wavered. She was a little over four when she passed on.

I am studying lesson 13 since my return, for two weeks, then 14 for two weeks and I would rather not have the others come till later.

I sent my daughter-in-law's name in last summer, while I was there. I asked her if she had received any literature from you and she said "no." I will send her name in again. I can think of names, but I do not know if they would feel they can afford the course.

Am I to understand that you can only ask for one thing at a time I want success also my health.

Things were coming fine before I was sick and now it is harder for me to make contact. What is wrong?

Weeks ago I was sleeping and it seemed as if some one was touching my cheek and I wanted to get closer, it was such a restful feeling, it staid with me for days. Now what did that mean?

I have seen beautiful colors for years at different times, all the shades of the rain-bow. Some are like shooting stars others are a mass of lights.

Little by little this year or Christmas, more of my gifts have been small sums of money, which have come in very handy.

So the God-Law is working for me and will work more as I grow.

Jan 22nd 48.

I was going to finish this yesterday. I had sharpened a hunters skinning knife. It then I was getting my dinner I was peeling off the glass top ^{on a ~~table~~ ~~top~~} the knife slipped caught my thumb in the last joint at the lower end. Blood spurted all around. I went for a cloth bound it tight. Called the doctor, told him there would have to be stitches, got things ready all I could get. Got two of my neighbors in for I am alone. The doctor came and we started the works. He thought his syringe was alright and the cold weather had broken it on account of the nurse, had not dried it right. I said well there is nothing to do but go ahead. He had to take four stitches. You could see one of the little white cords that connects with the others. No matter how tough things are God is always with me. He stopped that knife before it cut ^{any} cords. "My thumb was bloody, but my head was unbowed". That ~~is~~ ^{is} the reason this letter was not finished. I did not feel quite up to it.

Do you know V. P. Randall. He is the Editor of The ^{by him.} Manual of Prayer of The Christian Fellowship of Prayer, Founded in 1926. He is in St Petersburg, Florida. He used to go to the same church when we were young & his mother used to bring him to our home & visit us for days. When he was in Detroit I used to go and listen to him preach Sunday mornings. For three Sundays back of his head & shoulders there would be a beautiful dark blue light with lots of life over his head. There would appear head & shoulders a fine face of a man he would be smiling & look so proud at loving at him. He was dressed in a black robe & white band around his neck after the third Sunday. I said "Virgil tell me who that man is I see". He said "Florence that is my great Uncle he was a ^{Archbishop,} Episcopalian Bishop. This may not interest you. I am relating this as it lets you know a little more of the working of my mind. I am not a wonder. ^{For} ~~But~~ I do know I am only a channel God works through so I can help others that need it. Not in money any more, but other ways.

I have given up my box 73 in Beulah and since they have numbered
all the houses in the ~~country~~^{country} summer homes and given the road
names. Mine is now 1921 Eden Road Beulah, Mich. ~~Kindly change~~
~~my address.~~

Thank your son for answering my recent letter it was very kind of
him.

I am enclosing this card with names on as it would never do
to sent it ~~up~~^{from} here with names, for so many like to read all cards.

When I finish the twenty lessons. I am going to start them all
over again. There is so much to learn in each and every one.

Also enclosing check of \$2.00 for "Ye Men Of Athens."

Will be so happy when I can buy all of your books I have a list of.

You would never give up the sponge, even if all you went through
had been snapped out before you. I know you are not that kind.

God bless and ^{keep} you + all of your loved ones.

Sincerely yours,

Florence H. McNeil

Dear Dr Robinson. at present I am studying
 lesson no 5, & appreciate it so much - wish the
 world would accept these great truths. for the
 truth would make us free - & that's what we
 need. & when we become so interested in finding
 the power of God in our lives that we want that
 manifestation worse than we want even eat or
 drink. God won't deny us - that is just where I
 have been for months. but Praise his great name
 he gave me just what I was asking him for. I
 wanted the unmistakable evidence of his
 great power in my life. & that's what he gave me
 I was singing your song that you play on
 your organ. When suddenly there came
 such a flood of great joy into my life I was
 hardly conscious of my surroundings. I
 was alone. no one to interrupt our meeting. I
 gave God the full right of way in my life
 my tears were tears of joy. we had a wonderful
 revival. & I am still rejoicing over it. so glad
 of it. I just wanted to tell you about it. so glad
 will find this power too. if they are really in
 earnest. I follow your instructions as closely
 I followed them. I felt like what little light I
 had. had almost gone out. & I was of all most
 miserable. I was groping in darkness with no
 one to throw a ray of light on my path. when
 by chance I got in touch with you. I was sinking
 & you threw me a life line. I can never thank you
 enough. & your lessons have taught me much
 that I never thought I'd learn. I appreciate every
 thing you have done in my behalf. may God
 ever bless you & your efforts.

Dear Dr. Robinson, I have just received
lesson no. 10. for which I truly thank you. your
lessons have meant so much to me they are so
instructive & so clearly explained. I read each
new lesson over each day & often start back at
no. 1. & reread them all over again they link up
so well together I try to keep them all in mind
they are just marvelous no 8 appealed to me as one
of the very best - it brought me up to many wonderful
thoughts. I felt like I could hardly wait till no 9
arrived but that link failed to reach me. due
to serious weather conditions here for several
days our mail couldnt reach us. all traffic
was halted by storm & flood waters. its some
better at present tho. far from normal yet. I
hope I can mail this out. as I want to order your
wonderful Book. ever since I read of this Book I
have hoped to be able to order it. so I began laying
aside little at a time till today I have the price
& am send you an order which I hope can reach you
safely. there are others on your list of Books I hope
to order before long. I have often wondered if I could
know my Dear Dad & others near & dear to me if I met
them in Heaven. I feel like God will give me some
light on this some day. one great reason I love
your lessons & other literature so much is because
you so often mention the word God. Since my
early child hood that has been the Dearest word
I have ever heard uttered & now days its almost
cast aside entirely. I seldom hear it mentioned
except in Profanity. what a Pity. I have tried
faithfully to get these Dear folks interested
in our lessons but have failed so far. but I'll
keep trying. they are Dear friends & neighbors. I love
them all. but they are worldly minded to the
limit. their Pastor is now cutting off half his
time. at this Church is now cutting off half his
indifference. but their indifference spiritual
not hinder me. I would be so glad if they
would come along & go with me. but if they
will not. I shall go alone. I can depend on
God & you. for the right. I can depend on
Keep traveling on. Singing Praying & reading

Thank you for your good letter of recent date. It was good to hear from you.

If your friend needs employment and realizes the staggering fact that all the wisdom and Power of The Great God-Realm exists in him and knows just where the employment is to be found, do you not see that in the moment that he recognizes the limitless ability of The God-Realm, its Power will lease him into the channels of the right employment. As a matter of fact, all of life's problems may be solved simply by recognizing the limitless Power of The Spirit of God in you.

Received the lesson for Dwight Hellenburg His mother will take a few at a time and leave at the information desk for him - Will soon send those three special blanks filled out for lessons for prisoners -

How hungry folks like that are for the truths you are putting out Dr Robinson - I just wonder what I could do to get the word to them better, than I do.

The new lessons are the best lines I ever read in print - If that dont wake the churches up well I dont know what well - I use to be one of these better than thou - Church members thought our special church the only one saved - Could not know

God or have any help until after
we died and became immortal -
at the resurrection - But I became
so shaken out of my smug nest
I became a wreck in all ways down
and out no health - I knew the Bible
back word and for word, kneeling in
prayer hours - Well well and what
not. Your teaching came in my
hands two years ago. But look on
life - not even the same - Health
better than I ever can remember
I am so busy trying to get others
to find this great truth. I don't
have time for much of anything
else. One thing I am falling short
on - I must not know how to
receive financial aid to do the
things for people I want to do -

I sing at jail services - what he
has done for my throat - And sing
ing. Thanks to Dr Robinson
for these great truths - How you
have suffered to get these out to
us poor suffering humanity
Some day I want to write a letter

of appreciation to you. My thoughts
of good will goes out to you.

God Bless Dr. Robinson, God
Bless America for freedom of
religious belief.

Thanks to you Thanks a million

Dear Teacher; —————

Just a few words to let you know I am not tired of my journey. I have now received my 81st lesson of the Complete Course. And I want to Classify my progress as a stair way in a tall very tall building. And since I have reached this stair way, back in 1940 with you directing my flight I have made several landings ~~for~~ landings. Not against my will but my desire. My pack be a little heavy some time and I have to cry, But when I first packed up my old Kit and started out on the journey it was to not stop shorter than the upper room. I have not reached the upper room yet, But I am on my way.

Only wish I could get an elevator to reach there at once for it must be joy with sunshine in every space, because as I go step by step it seem to be sweeter and sweeter. Some time I forget the ugly things that be around me and I just keep stepping on, following all your instructions as best I can.

I just got out from under a spiritual shower that came on me early this Sunday morning and lasted well into the middle of the day and ~~thank \$1.00~~ only wish it would remain without letting up.

May you live long with endless years to carry on and on the work you have started for or rather because no one can do the work assign to you but you

Thank you

Dr. Frank B. Robinson -

Bishop of Psychiana -
Moscow, Idaho -

Dear Sir:

The second lesson came last week. We read both lessons two or three times each and enjoy them very much - I am so glad for the plain way in which you explain different points from the Bible - of course it is only natural that I see a little differently in two or three points, but they too are made more clear and as I study I'm sure it will all come out right.

I used to be a member of the Seventh Day Adventist Church for 27 years - but not so the past 15 years. O, there is such a big difference in the S. D. A's and Psychiana ^{belief} - I am so filled with joy when I read the lessons over - and review them after I am in bed - mentally -

I have always believed and talked about, we, as the Temple of God, where His spirit-dwells - but until I read ^{the} lessons. I really didn't realize how really close God is to me always.

There isn't much I can tell that has taken place in my being, but of my self, I realize two or three helps already - and it fills me with gladness.

We've been quite busy with sickness in the home, so haven't spent the time I should have with the lessons, but now I can be free to study more.

Thank you again so much for being kind to let me have the lessons free on my part.

God will bless you I am sure, and He will ^{help} ~~is~~ helping me -

Sincerely.

Sir.

I enclose herewith Please find a money order of Two and 20/100 for which I want to pay for my account. This is the fifth payment of the installment plan.

I am trying my best to pay my account as soon as I can. Oh! Yes, Dr. Robinson, I like your teachings very much. There are lots of change of which I would like to inform you about it.

Last ~~Thursday~~ nite, Jan 5, 1948 it was the first time I began reciting the affirmation of faith: - "The living God is making me whole" On the following day that was Tuesday in my working place I was notified unexpectedly by my supervisor that I am going to attend the classes in preservation and packing that will start Jan. 12, 1948. This opportunity is a great advantage for me in my working place.

And to day I was assigned to my new job as a clerk which we call an Estimator. In my office, I receive

any order coming from every department in my place such as boxes to be made. They give me the measurements of the sizes they wanted too and I have to estimate first before they start cutting lumber.

I want to thank you from the bottom of my heart for the instructions you have given me. I feel and I realized that it was through your teachings which made me of what I am to-day.

Before I joined your religion, I was but a plain ordinary laborer although my rating was a 3c packer. But since I joined yours then I was promoted as an acting leading man taking charge of laborers. And now from today on, I am now a Clerk working in the Office as an "Estimator". I want to thank "The spirit of the Living God" for all these.

Wishing to receive my fourth, fifth, and so on.

May the spirit of the infinite God be with you always and to the members of ours and me and family

Dear Dr. Robinson,

help

About two weeks ago I sent a radio-gram to you telling that our baby Jane has been very ill because of "darkness". I have received also your great advice by telling me to send her to the hospital. Yes I did Dr. Robinson, I am glad very happy indeed to let you know that our foster child "baby Jane" is now at home. She has been in the hospital from Monday noon and was discharged from there the following Monday noon. I had followed your instructions except that I was not able to lay hands on her head while in the hospital cause we were not allowed to go inside the hospital. She was put in the isolation ward so I didn't get any chance to touch her. However I was praying for her almost every hr during the day and also before I got to bed.

7-

And at the same time I devote most of my time of using my affirmations which are given to me in my lessons from you.

Dr. Frank B. Robinson I want to thank you a million times and also I wish to thank you from the bottom of my heart for your wonderful teachings.

Our baby Jane is at home now and she is very happy to be with us. She is getting stronger and stronger every day. Baby Jane is under our care from the welfare. We too her when she was five weeks old and we are taking care as she our own blood and flesh. We don't have any baby of our but we love children we have two children in our home. We hate to see them go away from us. Please help us pray that we may be able to adopt them specially Jane.

Dr. I want to let you know also that I am now promoted to a higher position in my working place. I am now a Supervisor.

I am sending you three name but I will not say they like this teaching or not but I think they can try like I do. Well Brother Frank I sure believe you with my whole heart when you said that we are part of the living god. That the power is here and now. That Power sure reveal it self to me. Here just a few days ago old indian about 75 or 80 years old almost lost his life he took sick they call Doctor one from Colwoodale he said there is nothing I can do for him. And then they got another doctor from Sheldsburg he said cancer in the bladder he had awful pain in stomach and bleeding. I try the power of living god on him he is walking around on both feet today no pain he say. How wonderful that Power is even I don't know much.

When I first read you lesson I thought I could never get god in my head. But now that all I think about some times I smile by my self. And I just like to be alone. working by my self. I seem to get along better. I thank you many time. good by ~~to~~ till the next time.

Dr. Frank Robinson,

Dear Sir;- In regards to a letter recieved from you as to payments on lessons, I had already sent in the money but no doubt the Christmas mail rush delayed your receiving it. Aand am also sending out another payment in a few days.

I wish to say that I seem to have awakened out of a dream like situation and see a new life in me. A new vision has formed and I see myself doing many things of progressive nature. Most sbbange is the fact that instead of getting angry now when anyone speaks to me in correction, I see the point and take the correction. My mind will grasp the deeper things be tter now as never before.

Also find that if I feel a leading to do something that it is the thing to do. I leave myself open for any lead that may come.

Today I was thinking about so called religion and saw so plainly what a narrow thing it was with such foolish fanatical teachings people are being fed with.

This is a wealthy Catholic home with three small boys being reared in that religion. The mother must get to church every time there is services. Both mother and three children are as crooked as they make them, Lie right and left and involve anyone they can. The father does not attend any church and a finer man you cannot find. Honest and fair in all his dealings which are very extensive and is well liked. The mother is a brooder and neglects her childrens welfare in every way but the name of church. How sad it is and how it hurts the husband. It spurs me on the find more of the power of the Living God.

You shall continue to hear from me in regards both Nos. 77-218 and 44-107.

God be with you,

I am your student,

Gladys March

Dear Dr. Robinson,

If I would have had the money I would have sent it to you on the date due. I have not worked since the latter part of Nov., due to a hernia operation on the 17th of Dec., 47. As you know, after a hernia operation, one is advised not to do any hard work for a while.

I needed fourteen dollars the other day. I asked the Spirit of God for help. The very next morning my mother gave me eight dollars and my aunt gave me six. There, was the fourteen dollars I had asked God for. Remember, I did not ask my mother nor my aunt for this money. They outright gave it to me.

OVER

Now anyone can doubt the Power of God is beyond me. If only I had known of the Power of God years ago my life could have been a lot more happier & better.

You mention that it might take awhile for the Spirit of God to manifest in some of us. Dr. Robinson, I can truefully say that from the first lesson on, the Spirit of God really began to manifest within me. (I am only on lesson four). Everything that I ask God for, He gives it to me. While some people would actually laugh at this, you believe it, because, you know the Power of God.

Thanking you for trusting me as a debtor, I remain,

Sincerely yours,
Howard Margot

Dear Dr. Robinson: -

Lesson # 14 arrived
a few days ago.

Page 14 - That's Right. Death
can be banished. I thought
I was the only one who under-
stood how that could be done.
You're a Smart Fellow.

The Cross was originally
an instrument used for pun-
ishing criminals. It's a very

easy thing to make a
Criminal out of a Poor Man.

That's what happened to
Jesus Christ.

The word "Christian"
means, "Decent, Civilized
and Wise."

Are we living in a
"Christian World" today?

When we do live in a
"Christian World" - "Death"
will be a thing of the
past.

"What a man has in his heart - he always shows in his face."

Back Your Speech with Pictures

A presentation is simply a graphic means of making a speech. It has been said that 90 per cent of what we learn comes to us through our eyes, and only 10 per cent through our ears. That fact alone is proof that making a speech or lecture, or talking to someone, is a weak attack. A presentation adds the other 90 per cent to your argument.

Year Message:

your share

and best wishes

coming to you through the air

What you see is always reflected in yourself.

Dear friend and teacher,

I am addressing you this few lines to let you know why I could not send the full cash for my lessons. I am not a rich person, as everything that was left to me I was cheated out of it. The only thing I have left is my small home. I am an old woman 72 years old. Was raised in the Catholic faith where they teach you to fear God. This has been my draw back in all my life. Now from your teachings I am begining to pick up my bearings. Thanks to the creative Spirit in me. Since taking your lessons, my life seems brighter

(2)

And I truly believe my mind is improving. Thru the Catholic faith I lost \$4,400.⁰⁰ that my dear Mother left me, and I have never been able to collect. My oldest sister took this money with her and now she denies she took it. I truly believe that with your lessons I will get my money back. Dear friend and teacher I am sending my payments very regular before time. I think I will soon be able to send all cash for my lessons. I understand my lessons perfectly. Dear Teacher you need not answer as you havnt the time. As I progress I will write and tell you.

Dear friend and Teacher:

I am writing to let you know, that from my third lesson, I had the same experience you had. One morning before starting with my house work, tears came into my eyes, which flowed freely down my cheeks, and at the same time I felt a great "joy" inside me not knowing why this happened. I bless the day I entered your school. And may the Spirit of God in me, give me a better understanding. Your Student

what caused such action. Now since you explained it to me I know.

I love all kinds of birds, but, especially the "Canary" with their sweet songs. When I was a child I use to go to my Grandma's place as there were great Cotton-wood trees and I'd sit under one watching and looking at the birds playing in the trees. Then I would look up and wish I was a little bird so I could fly. At night I would dream I was flying up in the sky, with my arms stretched out like wings. And down below there were a multitude of people watching me. I am beginning to understand my lessons perfectly.

My dear friend and teacher.

Just a line to let you know how I am getting along with my lessons. Nothing to compare with your teachings. I've studied for years, spent money, without any help. For since a child I was taught to fear God and that's what brought all this failure and sorrow I was bearing now. But now dear teacher I am begining to understand your "teachings" And it becomes naturally evident then, that my first duty for me to perform, is to awaken the Great Sleeping Giant of "Spiritual" Power within me.

The first thing then for me to do, is to make up my mind to awaken

the sleeping Power-Giant of God
in me. However, I actually want
to explore deep into myself, which
means, deep into the realm of

The Spirit of God. Dear Teacher

I am so happy, for I have found
the real truth. I would not part
with my 7th lesson for a thousand
dollars, as it will bring me all
I have wished for, for years.

Thank God that I have found you.

Dear Dr. Robinson

I think our studies together will and is helping me to grow in the spirit of the Living God. I have heard many sermons preached from this scripture. I am unlearned so far in education of this world as able to give me, for I had to work when I was a young man. Instead of going to school. Here is what is in my mind at this writing. { I am the vine and ye are the branches } I have never heard ^{THIS} verse preached to my satisfaction, as they forget the Root of this same vine. and I can see just beyond the veil, the root of this vine, and where this vine is coming from, God the Father. if it was not for the root there would of been no vine and without a vine there could be no branches.

Respectfully your student

Dear Sirs. I ^{File} row out here in the country
I'm sending another double payment
I do feel much better, and with the
help of the living Spirit of God I can
appreciate in full all the beauty that
God has blessed us with. I feel a part
of it all also very humble & grateful,
and as I grow stronger I most surely
will tell everyone, but I must go slowly
and prove first by good deeds, words alone
will not do any good here. We live in a
typical Penna Dutch, plain or Dunkard
community, their traditions are strong
but stupid and like their forefathers,
they ignore and avoid anything
progressive, it's even a sin to own a tractor
so the only way to reach them is by
diplomacy, and that will require a

great deal of patience and tact.
I'm going to try. I thank you so
much for the benefits I have received
and as I go along I will in my daily
life try to show in my way of life the
good you have taught me.

Thanking you sincerely

FOUNDER AND DIRECTOR

MOSCOW, IDAHO

OUR LAST INVITATION TO YOU

My dear friend:

It has been said the greatest fault the American people have is the fault of procrastination. They will not do today what can be done tomorrow. They seem to be careless about the things of life which matter most.

Perhaps that is the reason we have not yet received your application for membership in The Psychiana Religion. It probably is. But it still is not too late to allow us to bring into your life, the greatest spiritual Power this world has ever known. But we cannot do that unless you allow us to—can we?

We very much dislike to discontinue inviting you to find the Power of God, yet we cannot continue to invite you indefinitely. We have already spent quite a little bit on you, trying to tell you what the Power of God can do for you. We know that you want this Power in your life. You could not tell us different.

Yet you do not send us your application for membership. That is not because you do not want this new discovery of the Power of God to come into your life. Nor do I believe it is because you are not convinced of my honesty and integrity. So it must be that you are just an average American—a procrastinator—and perhaps a bit careless. Could that be it?

Well in this last invitation may I say to you that if you allow this opportunity to pass by unheeded, you will be committing the most foolish act you have ever committed. Sooner or later you will hear about us again, for this new concept of God MUST SWEEP THE WORLD. How sad it would be if say, ten years from today, you were to send for this Teaching, and then find the Power of God through it.

Do you want to miss those years which, through the Power of God, can be filled with such happiness, joy, and peace—the like of which you have never known before? I am sure you do not. So in closing this last letter to you, may I not suggest that you RIGHT NOW fill out the membership-application and get it in the mail? Remember—we are trying to help you—not us.

May the Spirit of Infinite Power be you in any event. Good-bye my friend.

Cordially yours

My dear Mrs. Martinez:

Thank you for your good letter of recent date. We were sorry to hear you are not well.

At the present time Dr. Robinson is out of town and it is impossible for us to forward your letter; therefore, I am taking the liberty of writing to you.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within you and may be spoken into existence NOW. Maintain your confidence in The Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Rest assured we will do all we can spiritually.

Dear Dr. Robinson.

Enclosed I am sending \$3.40 on payment for my lessons.

I received the blank enclosed but have not talk to any of the persons I have in mind that my get interested in your very wonderful lessons.

I am not doing much so far till I get all my lessons and than I can explain all I am asked.

In this city of Raton any time some new region shows up we are looked upon as suspicious characters that is why I havent gotten down to facts till I know all.

In the Post Office every time I go in all those postmasters look at me as if I am having a hold up. That's the reason I have sent your money in cash instead of money order. Perhaps in my next letter to you I'll be able

to send you the names of some one who will
get interested and get down to study.

Your lessons are sure goods and every one is
more interesting so that I can't tell you which I
like best.

Things have come my way. For example. I had
an ugly looking lump on my elbow that I got
from a can accident some years ago. I asked
God to remove it. It caused a little pain
but its gone without the aid of a doctor.
It had never bothered before till it got kind
of bruised. It broke out and came out as a roll
of small cut papers. Its the truth. As for health
I feel so good. My health was poor and suffered
headaches. All I used was "The living God is making
me whole" over & over till I feel asleep. All your
affirmations are so wonderful. I review them
often.

After I see more manifested in my life I'll
have to let everyone I meet know it

Dear Mr. Robinson:

You have no idea how you have helped me and a small group of my friends, I am teaching.

I have found health and happiness at the most difficult age of a woman... 46.

I am able to draw the most beautiful pictures, write hundreds of original thought, can write a poem in a few minutes that is so beautiful it makes the reader laugh and cry.

Nine months ago, I could do none of these wonderful things.

I have really found heaven on earth.

You said to write you if I have the "vibrations". I have had them five times... they were the most wonderful sensation I have ever known. However the last one frightened me, I tho't I was going to die, and immediately the sensation went away.

Now, I realize the opportunity I missed by allowing fear to grip me at that wonderful moment. I know now, the spirit was about to leave my body, for this heavenly voyage, and would have returned... just as yours must have, and as recorded in "Revelations!"

How can I recall this great advantage this marvelous sensation? I would not be afraid again... never.

Seven different shutters have opened in my eyes. The sex lense, when I suddenly thought of the beauty of sex. The television lense, the microscopic lense, the Xray lense, the spirit lense, the electricity lense (I mean I see the electrons which surround the human body, as soon as I am in the dark)

When I enter a building, my spirit seems to mount to the skies, magnetic rings float from my heart, when I meet someone I like, sometimes a stranger. When someone I love, kisses me, a cloud of blue smoke envelops us....this has happened three times. I know this is my magnetic electrons exchanging and neutralizing each other, just as two pieces of steel exchange positive and negative electrons.

I am able to make the hearts of even strangers skip a beat just by standing near them, I am so full of this spirit of God. Strangers speak to me, call me on the phone, write me letters

Ruth

Is this the same wonderful things that has happened to you? that is in the beginning.

I am also reading Emerson and all classic literature, which has developed my mind to such an extent that I heard my skull crunch open to make room for my enlarged brain.

However, none of this has bro't me any money, and as my income is controlled by my husband, and he hates all this new life of mine, I have a time even making the small payments on your account. Do not worry, I will pay you every cent, I enclose three dollars... the only money I have

Bless you for this work

My Dear Brother;-

I am coming to you with some good news, I hope. Yesterday evening I was getting ready to write you that I was quitting "Psychiana", and I laid down on the bed as usual and ask God to speak to me, is this the Spirit of the living God in me? and he says yes, this is God in you, speaking, I said I wished to be made whole, and "He said follow me, and keep my commandments, and I will make the whole."

I told myself, this is a day dream, then I said if God still talks to me, it is not a day dream, and call him a gain, is this God speaking to me and "He says yes this is God speaking to you, I am opening the doors of my Spiritual house for you, come in and I will make the whole." Then I thought where is Jesus, and in a little while Jesus came like a beautiful dove, so gently nestling by me, "saying I Come to congratulate you on finding God. in an instance he vanished and I said to God was that Jesus?" God said yes he came to bless you!

How did I feel? I did not feel like a lot of people who would shout, but I felt like a great burden had rolled away, I felt like I am saved if I carry it on out. I then went back a number of times and talked with God, He talked so freely to me. I want a letter from you telling me what you think, of this experience. Why did he not come to me sooner? I feel free and saved, do you think I am right? I have so much FAITH in God now.

yours cordially

Dear Dr. Robinson:

Today is the first anniversary of my being in business for myself. A year ago last July I became interested in your work. I received the first lessons in August or September 1946 and after reading them with much thought decided that my position was not what I wanted. I was underpaid and unhappy with the policy of my employer, so I decided to go on my own and in October 1946 advised them that on January 1st 1947 that I would leave them. My employer did not believe this as I had been with them for exactly twenty years, so on January 1st they didn't have anyone to take my place and asked me to stay at a higher salary, this I refused to accept, so I was then asked to continue along for three months until someone could replace me. They paid me a bonus for the three months. So, on April 1st 1947 I started on my own, and what a start, no office, no telephone, finally got desk space with a friend, but, at no time was I afraid or discouraged.

The year finally ended up with me having so ^{much} money in the bank and my average per month for the past year exceeded my old salary at least 20%. The going was tough for awhile and I've had some trouble with my health which I am trying to overcome. Sort of nervousness, probably due to my age, I was fifty-two last January.

I am looking forward to a greater success in my business and to better health and happiness. I believe that my studies with you were of the greatest help to me and I would like to continue with the advanced study. So many things that puzzled me or caused doubt in my mind have been made clear to me. I have studied Unity and Christian Science as well as Yogi and what have you and I can see now exactly the point that they have been driving at but could never quite connect with the truth. You really have something and I want to congratulate you on your success in bringing out facts and truth which can be so easily understood, I also wish to thank you from my heart for what your work had done for me.

Sincerely yours,

Leon P. Matthews.

Dr. Frank B. Robinson
Archbishop of Psychiana
Moscow, Idaho

Dear Dr. Robinson:

"Truth is Truth wherever you find it." "There is nothing new under the sun". "God is here, God is there, God is everywhere."

As I wrote in my earliest letter, I AM, and have been consciously in Service to the "Father" for over fifteen years(15) and prior to that time, living the Principles of the Master Jesus. Interested in all channels that serve the Father, I was sincerely interested in the manner in which you reach the students throughout the world, and whether or not, I could recommend it to interested people.

The Psychiana lessons, written by you, are surely doing much good throughout the world, especially for those who are seeking for the first time. Personally, having already found the "Father" and having taught of Him for over ten years, I am prepared to be the recipient of His Grace -- and WONDERFUL are the things perfected in His name.

Of course, when you say that you are the only one who has been teaching certain things, I question that, because the channel I studied WISDOM with has been giving GIFTS from the Spiritual world for many years -- and I as a seeker, found this particular teacher, GIVING the real outpouring that I was awakened to a very high realization of my ONENESS, and the oneness of every one with the Creator - God, the Father.

When the Psychiana lessons arrive I read them and note your progressive program for your students, and am impressed how much like myself -- you have received revelation about the "TRUTH" that Jesus taught but which so few could understand. Of course, I know that any and all of God's children who feel they know Him, or who LOVE HIM or who reach for the TRUTH -- to THESE children HE gives the great outpouring and no matter where they are situated, throughout the world -- it is their portion to RECEIVE the answers-- so we who consciously Serve Him (or try to) with Thought and Consciousness all receive that which He would have us know.

71-639 - Page 2
120 South 3rd. East
Salt Lake City, Utah

Dr. Robinson, I am writing this because, when I decided to find out what Psychiana was all about, I did not know that I was signing up as a member of a religion -- because Serving the Father as I do -- impartially, even as the Master -- I do not belong to any religion. I have already made my covenant with HIM -- and it was years ago -- that I was chosen to present lessons in Truth through a very different manner than any I have ever contacted.

Also, so that in the future there can be no question as to where my help cometh. In other words, like yourself, I am a worker in the Father's field and the Harvest is ready, and I expect to continue teaching as the Father directly directs my own Spirit.

You will be happy to know, and you will understand, that there is room for all of the workers and that each method used is available to all, and that together there will eventually be a multitude, in His Service, and the Earth and its People shall come into their true inheritance as Sons of God.

Perhaps you know Dr. N.A. Rittenhouse? I believe you both attended the same College of Metaphysics at one time. The different way in which you have, individually, been responsive to the Father in working in His vineyard, makes it possible for HIM to reach many. Very few are ready -- in comparison -- are prepared for the very high rhythm given forth through Dr. Rittenhouse. After studying here in Salt Lake City, when a child with a very fine metaphysical or New Thought teacher, then Eastern Philosophy with Swami Yogananda, and many other teachers of Truth, I was from my innate Being, that had always inwardly known the Father, I naturally felt the CALL in 1919, 1927, 1933 and 1934 and went out to serve Him consciously, and desirous of being led to the TRUTH as I was to know it, and the SERVICE I was to render the Creator, I was naturally and yet in an unusual manner directed to a class being taught by Dr. Rittenhouse, with whom I am still in direct contact and from whom I receive two GIFTS (or lessons) each week. There is no charge for the Gifts of Consciousness, it functions under the Law of Balance and I am indeed grateful for the Instructions, the Perfecting, the Services I am privileged to perform in the Name of the Father and His Sons.

I have always made it a point to be a student of Comparative Religions so that I would not speak with Ignorance or false-statements. I am sure that Psychiana will continue to awaken millions and for the multitude it will awaken and give them the answer to their seeking.

May each and all of the channels teaching TRUTH expand, expand and expand their usefulness and may they be a Beacon Light to the children of God who have the need.

Most sincerely,

Continuously in His
Service.

Dear Dr. Robinson -

Soon I shall receive my last of the twenty lessons. I've been taking from you I don't know what words to use hardly to express my thanks to you for what you've done for me and the happiness these lessons have brought to me. Things that I'd feared and worried over as long & as far back as I can remember have cleared up for me and I no longer have any fear of anything -

Dr. Robinson I've been wanting to write you for a long time, I knew to you were terribly busy. In one of the lessons you said to write you if the student had experienced any vibrations. When I study my lessons and especially when I'm out of doors by my self I've a habit of talking to God as though he were a person in my presence - and it seems as though I can feel a presence of something there with me -

Then I really do have these vibrations

This may sound crazy Dr. Robinson and I may not make my self very plain I know you will try to understand me though and would you please write me about these vibrations and why you wanted your students to write you of them.

Then to I'd like to know more about this flash from the skies as you stated it in lesson 14. The reason I ask. Im going to tell you of an experience I had.

one night after I'd gone to bed I was lying there very quiet trying to get as close to God as possible, when suddenly a very brilliant milk white light seemed to roll up in clouds in front of me it grew larger & larger I had my eyes closed - it was like a vision or something I never experienced anything like it before or since - I just couldnt seem to stay in bed any longer - a great strength seem to enter my body, and I felt at the time as tho there wasnt anything ^{that} I couldnt do. I found my self smiling and feeling so very happy - I shall never forget it -

If there's ever any thing I can for you you or the Psychiana organization just write me maybe I can repay you a little in some way for what you've done for me - With Best Wishes
I Remain
Sincerely Your Student

P.S. Dr., Robinson since taking your lessons
I've taken up writing lyrics - ^{or poems} - one is to be
made in to a song right away. I've had
a lot of compliments on my work by friends
and a few composers. But Dr. Robinson
will you wish me success in this work
knowing you would. It would mean
a lot to me. I really like music
I'm greatly interested in it. in fact
I've a feeling that a thought from
you could certainly do a lot for anyone.
May I again wish you the best of luck
in your work - It's a wonderful

My dear Mrs. Meineke:

Thank you for your good letter of recent date; also, thank you for your remittance of \$6.00. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Then it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Dr. B. Robinson,
The Psychiatrist's Religion
Moore, Idaho.

Dear Mr. Robinson: -

Thank you

very much for your kind
letter to Mrs. Mellor.

During my illness for the
past 6 weeks Mrs. Mellor
seen me suffer so without
any let-up she decided to
write Dr. Robinson, which she
told me about a day later.
That was after about 4 weeks
of illness, and that day she
told me, the pain began to
ease, and for the past 2
weeks I have been gaining
steadily in strength but

2

am still little weak in body
Now I know God was with me
in mind and body.

The reason I did not write
sooner, was because the words
to express myself of your
gratitude just could not be
big enough to glorify my
appreciation of God's good
work in me, in healing
the body.

Mrs. Mellor told me I should
write a letter for her to you
as her writing and spelling
is not so good, "as she says"

Thanking you again and
May God bless us all.

Sincerely Yours,
Fred N. Mellor Sr

Dear Dr. Robinson:-

I haven't told you any thing about myself yet so hear goes.

When I was a young girl my father spent lots of money on my voice.

Last month I made two records of my voice on a recording machine.

Every body thinks I ought to do something about it.

I am forty seven but still can sing.

(I used to drink) five years ago and hit the bottle of evil for seventeen years.

I was saved by prayer, (never drink any more for 5 years). I never did smoke and have no more craving for drink.

My husband smokes a pipe I would give any thing if he could stop.

After I have been studying psychian religion I went to bed one night when I was repeating The power of the living god is making me whole, I saw a tunnel and in the long tunnel was a light just like the one which is over Jesus head but that was all I saw know one

was there, I jumped clear out of bed
scared to death.

Twenty one years ago I saw a cloud
real ground in the sky white as snow
it opened up and there stood Jesus
he had wings on him and put his
arm straight out then he said, behold
I have come and will come again
you are all sinners, repent or you
shall not come into my arms.

Then a small child (around eleven
years old went up into the cloud
into his arms, Jesus said this child
is the only one that is good, then he
disappeared. that was a vision.

I was on a mountain and thousands
of people were all around me.

A boy around 16 years old from Brawley
the Desert, is living here in Julian
he came to see me the other day
now hear is what he said.

Do you believe in God? well you know
what I told him.

The boy says he has a grandpa that talks with the devil and is a 103 years old and says if your the devils friend you live a long time, he also said cats, horses, snakes all belong to the devil.

He drinks beer, smokes gambles, lies, steals, and says he is the devils child.

Lets pray for this boy isnt it a sad thing, there are thousands of boys and grownups the same way.

I am gods child but sinned many times and hope I am forgiven by now.

We bought an acre of land near Alpine and put up a \$50.00 tent and most of my belongings were in it.

My husband's boy came up to see me he is fifteen we went to meet my hubby for he had to stay down there near his work, well I said Herbert lets go out and get a drink of water and what did we see a forest fire heading for the tent, we loaded the car four times and took things down on the street.

the fifth load was the last then I said Herbert hurry take down the tent he did and it fell on him but he got out he said Mother Mother get that picture of Jesus (when he was a boy of twelve) and let's get down on our knees Mother and ask God to help us.

Here comes the forest rangers and helped us pull the tent to safety. I got in my car and went down on the highway where all the women were resting with their blankets full of what ever they could grab out of their homes for the forest ranger made them vacate.

I said let's pray every body but no one would pray so I said "oh Dr. Robinson I know this won't fail," and fell on the ground on my knees I said "dear God I believe in the power of the living God and you have made me whole I Gladly Meyer now dear God I am

asking you to move that wind change
it and let it go over the mountain,
you can move mountains why
cant you move the wind and
before I said any more every one
looked at me and said look
the wind has gone the other way
they cried some of them.

I said now go to your home
and get down on your knees
and thank the father for saving
your home's.

The next day you sent me my
lesson saying I thank the father
that thou hast heard me.

How true those words were.

I have a healing power in my hands
please tell me how to heal my
husband's rupture.

Do you know of an oil to rub him
with?

I know of several oils but they are
for other things.

I will send \$3.00 soon for my

next lesson but I havent it now.
I want all the books but money
is scarce now.
Husband has been out of work
for a month.
He is a plaster but one home
hasnt the roof on yet so that will
be another four days to wait.
