Dear Dr Robinson -

Here it is about midnight and I have been lying awake thinking about \$500 I want to send you, although my bank balance now is but \$100 and I have a payment due this month on my home and have loans on my insurance. yet I believe that my financial supply is rapidly improving so that sooner or later I can send you a donation to help further the teaching of The Power of the Living God.

my business is that of speculative investments - I try to buy securities (stocks) in companies I think have growth or development opportunities when they are low and no one else wants them and then sell them as they grow into demand. God has guided me wonderfully in the past although in 1946 I allowed my will to prevail which wasn't so good. However I feel that I have learned well now to follow Gods directions and for that reason am confident I am more and more successful.

Just why I should be writing
I don't know as I seldom write.
God as I learned to know how
your teaching has been very good
me. May the Power of the Living
God bring unto you even
greater harmony and success.

Most sincerely I am
Harold Miller.

My dear Mrs. Milroy,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May the Spirit of Infinite Peace be with you always.

Dear Dr. Robinson, ~~File~~

At last I can truthfully say I know some of the power of God. In fact it was nine years ago that I had my first experience. At that time my husband and I were very near the breaking point, I didn't want it that way but I couldn't see any other way out. This one night I had come to the end of my endurance or so I thought, so I stood in the kitchen and begged God to show me a way out and what I should do. He did and with the one word "stay", but it came with such force it nearly

knocked me over. At that time I did not realize just what was going on. Since then however there have been other times when God has shown his power ~~to~~ me.

But the one wish I have wanted more than any other is, to have my Family of six children and my husband to see the light of God. Somehow I just cannot get thru to them. I don't mean that they are bad or any thing like that, just that they are indifferent to God's power. True they all believe in God and the Christian Church, yet they won't try.

Some of the other things I have asked for have been.

7
given me and I believe some
how - God will give me the
wisdom and the power to
make my Family Change.

Your lessons have
proven to me what God can
and will do for people if they
will only believe in his greatness.
One thing I cannot understand
why people laugh when ridicule
when God's name is brought
into national affairs. I pray
they realize their folly before
it is too late. I take my hat
off to Rev. Annalee Stewart who
gave the prayer of "Take from
our frightened hands the bomb
and the bayonet. Arm us
with spirit instead. Arm us
with compassionate faith in
one another;" in the House

Representatives in Washington
recently. She is the mother
of Rev. Alexander Stewart Jr.
pastor of a neighboring town
Church.

Some day Dr. Robinson
I hope I shall shake your hand
in gratitude for your guidance
and help.

Your ever faithful student

I hope you will. I think he must have carried an awful load. For a long time now.

But he is sure doing a wonderful work.

It is so different to and most people, just can't believe it. I know from my own experience.

Seems like we all have to learn the hard way and prove it out for our selves before we can believe any thing.

I have most of your fathers books. And have read them. Also I have studied his lessons faithfully for about

three years now. The way things have worked out for us would fill a book. And a big one at that. And all for better than we were had before

I hope he is O.K. and not ill. And I hope

love to see you all. I am sure we could

Dear Alfred B. Robinson.

Your nice letter received some time ago. I am sending you the card, that you asked me to fill out. And also a picture from 'Life,' Guess you know who I thought of when I first saw it. And I will bet a dollar to a doughnut. That I was not the only person who had the same thought. I sent you quite a list of names some time ago. We live in the country and I don't see many people. But I talk to those I do. They mostly are a bit afraid of this teaching. I don't blame them much. I was the same way at first. It is so different, than what we were always taught. My people were mostly Methodists and Baptists. In the early days they would go to church in the forenoon. And stay all day. sit on hard plank benches. Have dinner at noon. Then more church in the afternoon. When we were young it was mostly Methodists. And I still help them in a financial way.

But I am sixty eight years old and don't go much. Since I have been studying with your Father I feel so well and as gay as a cricket. I read each lesson every day nearly. Until the next one comes. I have most of your Father's books and see

them when I have time. I have quite a family.
girls from coast One girl is in the head office
of the navy in Washington. I taught her a whole
course of your lessons. But she didn't seem to
appreciate them very much. But she has a daughter
who has finished high school. And she did.
My next daughter lives in Denver, Colo. She has
about the same ideas as the one in Washington. I have
another in Santa Barbara. She is a real home wife.
She was home to see us about a year ago. She said
go to it mother I think it is the right idea. My
youngest daughter lives not so far from us here.
She helps in the Methodist church. They are all
fine girls. But I think they have to get used to such
thoughts by degrees. I have three sons. And of course
I am just like all mothers. I think they are
the finest in the world. My eldest son was a
young man in the navy. Served on the Destroyer Spencer
My youngest son was an engineer on a destroyer
escort. Name of his ship was Swazy. They are
both at home now. The middle son stayed here
with me during the war and held the things
together until the war was over. He was in the
Regulars three years about eight years ago. One
year in the states and two in the Philippines.
Seems like they all are rather shy of ^{Psychiana}
I admit I was also at first. But it is something that grows
on one. So I have great hopes. I just keep still and ^{that grows}
now

People are beginning to take notice. Every thing
I try to do seems to be working out better. I feel
better and look better. And seems like things
are coming along better in every way.
Than they used to. Every one nearly now
says "How do you do it - Rose." I generally
tell them, It must be 'Psychianca'. If I try to
talk about it they dont seem to be interested so
I generally do my talking to God. As your Father
has advised. Yours truly your student.

Doctors have babies, too, and many of them are prescribing FORMULAC for their own infants, as well as for babies under their care. One doctor writes: "I have been using it on a child of my own, and have been much pleased. I highly recommend this product for infant feeding."*

FORMULAC is a unique Infant Food—in convenient, liquid form—containing concentrated milk and all the vitamins and minerals an infant is known to need. FORMULAC is used successfully in both normal and difficult feeding cases.

No cod liver oil or vitamins are necessary with FORMULAC. *The vitamins are in the milk itself.* The

addition of water and sugar, as your doctor recommends, creates a complete diet, easy to prepare, and avoids the danger of omitting vitamins or giving insufficient amounts.

Ask your doctor about FORMULAC. He'll tell you it has been clinically tested and proved—and that it has the acceptance of the Council on Foods and Nutrition of the American Medical Association.

This modern method of infant nutrition is thriftily priced—and available at drug and grocery stores everywhere.

THE FATE OF CIVILIZATIONS is presented by Toynbee in an arresting metaphor which is illustrated above. Here the historian sees all mankind as on a mountainside. Lying on a ledge are the world's dead civilizations which had climbed from depths where they were once subhumans and primitive men. Resting on another ledge are primi-

tive societies which have never become civilized but, being still alive, could develop further. Stranded on minor peaks, unable to climb higher, are five "arrested" civilizations. Three of these, Eskimo, Nomadic and Polynesian, are still alive. Five civilizations are still climbing. Healthiest is our Western civilization, the only one making any progress.

Dear Mr Robinson - I want to thank you for probably saving the life of my son-in-law William C. Jedy, of Englewood, 21948. South Franklin street, Colorado. He had been very ill for some time. They had some of the best doctors in Denver. But he seemed to get worse, from day to day. My daughter was in dispair I wrote her about you and your teaching sent her your book, 'Gems of Spiritual Truth' and the twenty third lesson of 'The New Psychinia.' They began to read and study on same right away. She was so interested and decided you really could help her husband. She wrote you to help. And she said in a few days, her husband was able to be up and around. Even talked of trying to mow the lawn mower. And he is continuing to improve. She says, 'Mamma's religion has done Bill more good than all of those doctors.' I told her in my letter today to give the credit to you and to God. I have a brother who had been in very poor health for many years. I sent him your little book, 'Pathway to God' about two years ago. He was to see me about three weeks ago. over

He is now in quite good health. Has completed a house with full basement. For one of his sons. And is now building a home for himself and his wife. He looks fine. And says he feels good. And he gives all credit to the little book I sent him. Some one sent me one of your lessons in war time. I was so busy. So just put it aside, until I had more time. One day I started to read it. It was so different. It was hard to believe, at first. Then in about two weeks. I decided here was something really worth while. So I sent for all of your books and your first course of lessons. I have three sets of lessons. I gave the 'Pathway to God' to my brother. I have sent you a lot of names of people at different times. But they seem to be afraid of your teaching or something. Guess most of their preachers are against it. Or something. I used to think preachers were a good influence. But I am afraid I have changed my mind. I rate you along with Jesus. Your lessons have done me more good, than all the other religion I know anything about. And I thank you with all my heart. I am sixty nine years old and feel fine. God and I make a real team on this big farm. We are partners in every thing from morning to night. I owe it all to you. Yours truly Rosa J. Miner.

Dear Mr Frank B. Robinson -

I am enclosing \$3⁵⁰. For your latest book, 'God in the Heart.'

I guess I have most of your books. And I love them all. And their author most of all. I don't know who sent me my first lesson. I was so busy. I just laid it away. Then one day I ran across it again. Those were dark days. We were right in the middle of World War two. I had one son channing japs in the south Pacific on a destroyer. Another my youngest son heading convoys over Archangel way. On a destroyer escort. My eldest daughter, a widow with one daughter working in the chief office of supplies for the navy. In Washington D.C. My only remaining son. My youngest sons wife and she expecting a baby any time. and myself. We had a big harvest coming on. and a big bunch of cattle to look after. and hell was hard to get, of any kind. We had about fourteen ^{hundred} acres in this place. over

Well after reading that lesson I sent for
a course of your lessons they seemed to
hit the spot right away. I just read
down the list of what you offered and
sat down and sent for the whole works
when they came. I had about all I could
carry to the house. Since then I think
I have bought about all of your books
and four sets of lessons. It sure is hard
for people my age (69) to grasp so differ-
ent as your Psychimã Religion is.
But I am staying right with it and
would not part with it. You seem like
God, through your books and lessons, an
ever ready help. Well my daughter in
law had her baby two days after
our harvest was over. We managed
to get help. All we needed. The most of
them were seventy years or over in age.
You would be surprised how much those
old boys could do. My eldest son came
home safely. Altho his ship the Destroyer
Spence was sunk in a typhoon in the
south Pacific. My youngest son also came
home. About the end of the war. My eldest
daughter now lives near us. And we are all

fine. Seems like in ² those days you were
always so near to us. And you were always
so near to us. One time when Mrs. Freeman
was so ill, I mean the President's mother.
I was reading about how she was every day.
And one morning, I just could not get her
out of my mind. I was out in my yard
and I said right out loud, "What a pity
she has to be so ill right now. When
the President has so much to do.
And do you know something made me
want to send a message to the President
and tell him to get help from you.
I tried to put away the thought. But it was
so real, I just came in the house and did
just that. I called the Dept. over the phone
and sent a message to the President at his
mother's home in Missouri, to get in
contact with Frank B Robinson Moscow
Idaho. And do you know, I went back
to my garden. And I had an assured feeling
that I had done what was wanted done.
And you know, he did get better and
The President was able to make his trip to
Canada and attend to many other pressing
matters at that time. I have given some
of your books to my children. But seems
so hard for them to grasp the new idea

Guess it is all my fault. As I used to send
them all to Sunday School and we went to church
I went to Conference once with our
Ministry and his wife. The conference
was at Leidsburg Kansas. The people
there are mostly Swedish and great for
music. They have a great group of singers
there. One evening they put on "Wandels
Marsch" for us. It was very beautiful.
But those preachers were very human
men, to my notion. Not a bunch of Saints
or angels either. The old Bishop was
a dear. But he liked a joke and
a good time as well as the best of them.
Mable you knew him Bishop Quail of the M. E.
Church. Seems like your folks have you
hidden away some where. And we
do miss you so much. Guess mable
we didnt appreciate our good fortune
enough. But to me you will come
next to God. Always.

As ever your student

If I could only tell you of the change your beautiful teaching is beginning to make in my life; I have found a wonderful peace, my nerves are calm, and I have the assurance that soon all the things I have yearned for (and worked for in vain) all my life will be mine.

Some day I shall write you again until then my sincere thanks for leading me into the Realm of God.

Ladies and Gentlemen.

I assure you I had no intention of cheating Psychiana out of any money. This bad weather we've had in this part of the country since Christmas, has thrown hundreds of people out of work. Left me owing bill a plenty. Bills in which I had to look in to right away. I thought Psychiana if it wouldn't mind, could wait a little while.

Of course I know I should have written to you before now. After all it has been some months since you've heard from me. But I just didn't feel like writing to you without money. And yesterday I received your letter then I thought it better to write you money or no money.

I got a job last week at the Claridge garage, and I am doing fine. When I get kind of straight, I will send you paid in full, the balance.

I enjoyed the course so much that it is unexplainable, and I have been benefited very much.

I wish every one could study with you. I have talked to people, turned them from the wrong track. I have told people about your course, and have given many your entries.

You should have seen people that I have talked to. I supposed you would have been amazed.

Yes, I believe in this law, and shall forever remember you and your course as the most profitable treasure possible.

Yes, that was the most fortunate day of my life when I picked up a letter page in "I talked with God!"

Thanks, and thanks a lots for ever calling this to my attention.

I am so sorry that these wonderful lessons are coming to a close. They have been such a comfort to me. If I had known about this teaching earlier how different my life would be today!

Dr. Robinson, I have had two strokes and have been dragging around for about fourteen years. I have not learned how to throw it off yet. I know you can do it. Won't you throw the power of God against this paralysis? I shall be ever grateful to you.

I received my diploma in Oct. 1946.
I enrolled with you in 1945. The
next year, we paid the down pay-
ment on our little home. We
had so many obstacles in our way
but God - Law has taken care of
all that. We now occupy our
little home and I want to get the
repairs started soon. So many times
I have wanted to write to you but
I know how valuable your time is.
I purchased "Lessons in Truth" as
you advised, though I like your
teachings better. I feel better and
rest better too. My husband's health
wasn't so good two years ago but
he is all right now. I can heal,
some too. So many times each day
I thank God for these blessings. Your
teachings truly opened my eyes.
I could write a "book" about my
affairs 3 years ago and now. I saw
this little home, in a sort of
vision about 3 months before we
knew even such a place existed.
I have had those wonderful flashes
too. I won't tell you of our failures
as you have been through it all.

I expect to study with you again in the near future. I was telling a friend of mine about you yesterday and she is interested. She has already read "Lessons in Truth".

Here is her address: Mrs. ~~Henry~~ ~~Wea~~

All existing evils are due to ignorance of The God-Law. Sin is unbelief in the ability and goodness of The God-Power. You cannot use The Spirit which is God as long as you do not presume its existence. But, if you presume an intelligent, unseen, mighty Life-Spirit as being in you, waiting for you to speak it into existence, then the picture changes.

Dear Friend and Teacher.

This morning I was talking to my neighbor next door south of me and she asked me "To what did I attribute all the evil rampant in the world today". And I promptly answered because people have not been taught Spiritual Law and that it was ignorance of the God-Law that caused evil and things to be wrong, Or non-use of the God-Law.

"All right", said she, "Then who puts these evil and wrong thoughts into the minds of men and causes them to do evil and hateful things, if there isn't no evil power or devil in the world today."

And I said I'll ask my teacher Dr Robinson for that answer so I can answer you intelligently. So I await what you can tell me, and Thank you.

I'm sorry I troubled you about lesson 18 because it came and yesterday the

Thank you kindly for every thing.

P.S. Last week or so I forestalled two cases of Influenza by using the power of the God Law. This man and wife were working people and were feeling so poorly neither one thought they would be able to work. I keep very close to the great Creative Power of the Universe and use Spiritual Law every day.

Gentlemen;

Enclosed please find \$3.00, my first monthly payment on the lessons I am receiving from you.

When I first applied for enrollment, my wife wanted the lessons more than I, chiefly desiring that we might thus be helped financially. She reads the lessons faithfully. It is only fair to say that since we received the first lesson we are already getting a demonstration of the power and providence of God (1) in the receipt of funds which, after the payment of bills due, leaves us a larger monthly balance than we have had for a good long time, and (2) in the assurance of a definite increase in our income for the future.

Unexpectedly our Bishop in Detroit has assigned to me the writing of a history of this Episcopal Diocese of Michigan, and now tells me of other writing he has for me to do. All this which should require two or three years for completion is no small blessing for which to thank God.

My greatest wish and prayer now is for sufficient improvement in health to enable me to do this work assigned to me. It requires bus trips to Detroit and street car trips in the city for examining historical records and taking notes, and such trips leave me almost exhausted when I return home. I very much need better health.

Thank you very much for your answer to the letter I wrote with my application. Many of the questions in my mind have been answered in the two lessons I have received: others will no doubt be answered in future lessons. Your lessons, combined with spiritual alertness in the study of daily life, shed now light on how God "works in mysterious ways his wonders to perform." This letter does not require any reply: I only think it fair to let you know I feel I am getting definite "results" already from your lessons.

Cordially yours,

Dear Teacher,

see of Rec

Months ago I read about your teaching and sent for your book, which taught me lots of things I never knew and never realize at that time, however lots of things have happen since then.

Since we are so far a part and so far away my lesson one did not arrive on time, what I meant is I went through heaven and hell since I received your book and between lesson one.

While working on February 21, one of the tires on the Tournapull blew out while repairing and I was carried by the explosion and landed 14 feet away with blood streaming out from my forehead, mouth and ears. I was stone dead and out of this world, while I was out, I could hear some one calling me, telling me that my work is not done and that I have to go back to the earth from where I came. That voice I heard must be your voice, Oh! Teacher for I have not heard it before
over

While in the hospital, I received my first lesson and since then I recover so fast and now I am more alive than dead, this made so many of them ask you so many questions about how I feel, even the doctor told me to take life easy for at least another month and yet it only three weeks since February 21, and I feel well and normal and doing what ever I wanted to do at home.

Your Truly
W. H. Mori

P.S. Journal full tire weight about 1,000 lbs and its is 6 feet high or its a 24.00 - 48 tire.

Dear Sir

you have now sent me five lessons of your course and I want you to know that I have enjoyed each and every one of them

I also want you to know that I admire your nerve in saying what you do say in regard to the bible. Just forty years ago I was a student in a Presbyterian Theological Seminary and I substituted many times at various places for pastors that wanted a lay off. The longer I remained there the more I was convinced that it was not the work that I was suited for or even wanted to do. The impression I gained from the faculty members and students as well was the real cause that I made up my mind to discontinue my work at the institution.

I will look forward to more of your lessons and literature because they are interesting

Gentlemen

B. G. W. B. W.

I want to state that lesson number twenty five was the most interesting one that I have ever read

I admire Dr Robinson in having the courage and the gall to make all the statements that was made in this lesson. There should be a thousand men (instead of just one) sending out this kind of reading matter

I have no time for any Dogmas, Ritchalls, doctrines or creeds and hundreds of other incidents and happenings often

spoken about from the pulpit
I often tune in on these radio
religious story tellers but as
soon as I find out who they
are I turn to some other
program. I would like
Very much to meet Dr Frank
B Robinson some time and
have a long friendly chat
sitting around a table
loaded with a big fat
turkey, cranberry sauce,
dressing and sweet potatoes

I know you have just such
things in Idaho because
I ate a Christmas dinner
in Idaho a good many years
ago and it was mighty
good and I enjoyed it
Very much
Respectfully
W W Morris

The little Novelty enclosed is a Christmas surprise letter. Most any boy or girl would appreciate one of these and I am sure you know of some one in mind to give it to.

I make up some of these every year for the little boys and girls in this neighborhood and they are always after me to make them another one. They have lots of real fun women

Dear Dr. Robinson.

I want to thank you in this letter for my Card of Life Membership. I was so surprised I want to keep that for life. I need that thru life.

I also received the nice letter you wrote me. I am still on lesson 16. My mind has taken off my lessons off and on. I feel as though I want to read and read it over. I know I haven't reached the goal yet but I am going to finish them if it takes the rest of my life.

Dr. Robinson I work in the public and it takes a iron will to take hold of your news, and care. Dr. Robinson your lessons are beautiful to read so please tell Mr. McKey to keep in touch with me thru you and I'll write to you good friends too.

Yours Respectfully, A Student
Muri Marie Mudd.

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Mr. Frank B Robinson

Dear doctor;

I'm a retired
physician, after 210 years practice,
and no one knows better than
a physician that the doctor
cannot heal or cure anything.

We merely 'cutoff' or 'coverup'
symptoms with the knife or
drugs until the spirit of God
healed. For years I've searched
in vain for just the help and
knowledge that I'm now being
blessed with thro your lessons.

I've never been happier and
all my prayers are answered
often so quick until I'm
astounded - within a few
seconds to one minute often.

2.

At present I cannot talk about Psychiana very intelligently so when people ask me

"What in the world has happened to you" - "You look so well & seem so happy"

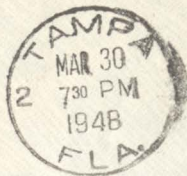

I tell them what I feel capable of and if they express a desire I send their names to you as per 3 enclosed - I've found out by experience not to try to convince anyone against their will, and I know you have.

There's no use telling you of the many wonderful manifestations of the Power of The Spirit of God that I've experienced, ^{since lesson #1} so keep up the good work and I'll be doing a wee bit at this end,

Thankfully Yours

Has very nice sentiment

Dear Sir:

I am taking this opportunity of expressing my grateful thanks for the happiness you have brought into my life through your Divinely Inspired teachings.

At this writing it is my pleasure to be studying lesson #6 and it is beautiful beyond description.

" It has been rightly said, Know the Truth and the Truth shall set you free. "

I am taking the privilege of enclosing a token of friendship, and may this humble gift bring to you and yours just a tiny bit of the happiness which has come my way through your teachings.

May I explain a bit, I am a bachelor not through choice

- but due to certain physical
disfigurement from birth, which I
know as surely as the Sun rises
each morning, these will be
mended and I shall go my way
and attain the heritage of every
man - A good wife and children.

This Poem which is enclosed
came to me as an inspiration one
evening back in Dec. 1946 and
bring to my mind the loving
care which was bestowed upon
myself and sisters by a wonderful
Mother.

I have never written a single
line of verse before or since and
you will be the first person to
have read its lines.

Forgive me if I have seemed
presumptuous or have tired you with
these words.

Most sincerely
Your friend and Student.

Time for Dreaming
A Lullaby.

Lay thy head close to my breast
the world's asleep and dreaming.
Stardust falls upon thine eyes,
moonlights' softly beaming.

Faint shadows of the day
have crept, into the arms of
evening;

Lay thy head close to my
breast, we too! shall go adreaming,

Till golden rays of morning's
Sun doth bring - Blessed warmth
and cause eternal hope to spring,
within the hearts of men;

So sleep my darling - dream,
with me till then.

Sincerely your
Friend and Student.
Paul W. Murray

May each day of
your life, be filled
to overflowing with
the Goodness of the Lord, Always.
