My dear Miss Nagel:

Thank you for your good letter of recent date. It was a pleasure to hear from you.

When a person is beginning to contact The Realm of The Infinite Spirit of God, many rather unusual Spiritual Manifestations come to that person. This, however, is only proof that he or she is beginning to get close to The Realm of Almighty God.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Dr. Robinson - you have copied your student to

Let you know of their program. I do practical nursing and am on Twenty four duty with hardly a minute for my rest. I do manage to read my lesson every day, and my thoughts as much as possible. I have been able to get quite a few people interested in Psychology and they think it is marvelous.

I do get a lot of light in my eyes, so most always it is a beautiful blue, which I have known up into blue stars but white holes. The blue spot a bright light flashes in the center of it, but just of all I have had a tiny peek into the Spirit World Realm. At this time I was watching the white spot when all of a sudden it rolled right back, and I was looking through a little narrow window at a lovely scene. There were high mountains in the background which came down quite steep to a grassy meadow, about the width of a road, a street where people were strolling up & down, all laughing and talking in sweet soft tones but not loud enough for me to hear what they were saying. Only certain people stood out clear to me. A beautiful lady and gentleman paired close to my window. The lady was dressed in flowing robes of soft cream color, such as the Queen of Sheba wore. I had no movement or sound in her light known hair which she wore in Queen's fashion. The gentleman had thick wavy known hair and had on a long black

2 - cape such as G. Washington were and as they
traveled passed "my mountains" - the "mother" chattering
the head of a little boy about nine or ten years old
he looked very much like the "Dad" and when I
like an old Shykel English lad, except his hair was
cut in modern style. He had on white blouse with blue
packet for trousers. Trainers to his ankles, white socks
and low black shoes. They were all talking & laughing
together and one the little boy, still holding his
Mother's hand stepped to pick up something, then
stepped across the meadow, and the only person
that stood out clear was a rather portly man,
dressed in buckles, long stockings, square toed low
shoes with buckles, white shirt, hat, and his
coat was rounded off not square cut. He had on a
still tall hat with narrow brim, at the top some thing
like the program wire, he had a necktie, hummed
heard on his very yellow face, and made gestures with
his hand as he talked, and laughed with his
companion, whom I did not see very clearly. The
grass was rather short and was just beginning
to turn a little brown, but I noticed that with
all these people straggling up and down the grass
was not broken down into a beaten path. There
was no sound of footfall or frank note of any kind
just their soft muted voices. It gave me a sense
of infinite peace, but I wonder at the seemingly
different periods of certain numbers it was to show
as you track that time is as nothing. I plan

3 to start at the beginning and go through
the lessons again. My employer, Mrs. Samuels
is reading the lessons now and is very much
interested. She just asked me if I thought you
could help her. She suffers very much from

nervous state.

Dear Dr. Robinson,

I am one of your younger students and these are the first lines I have written to you since completing the study of your marvelous Psychiana lessons. Most important I feel that I owe you many thanks for opening my eyes to the existence of the true Living God and leading me out of the darkness.

Before I started your course I was a "dyed in the wool" believer in the old superstitious beliefs and they seemed to be deeply embedded in me too. I was very skeptical of your claims and it was only because of the constant proddings of another member of the family that I finally enrolled.

After receiving two of the lessons we were accidentally injured quite seriously and again the old religious superstition seemed to take hold again and I almost abandoned all before I had begun. It was only at the insistence of this same person that I wrote to and received a reply from Psychiana. I am happy to say that after using the God Law my recovery was phenomenal and I am almost as good as ever much to the amazement of everyone.

Your teaching has brought me more happiness, It has dispelled all fear of the present and future, it has taken the sting out of life, and it has made a better man of me than the efforts of all the clergymen in the world could ever hope to do for me.

I have confidence in the never failing God Law and when I receive the manifestations of a few more of my material desires, I shall read almost everyone of your inspired writings.

In closing, let me thank you again Dr. Robinson for showing me the existence of the Spirit of God in us and for introducing me to a successful, fearless, future.

Yours very sincerely

If you actually believe that The Power of The Almighty can instantly heal any disease you might have, it would not take you five seconds to claim that healing. So, in addition to holding the thought that you are going to be healed, you are going to have to act as if you already had received the answer to your sickness. It is the acting as if you had received it which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

Dear Dr Roberson,

Being a student of yours but not having written you before, I want to say, I think your Psychiana Lessons are wonderful, and what I have been looking for, for years.

At the time I recid the first lesson conditions in my home were all-most at the breaking point, But has all been cleared up, and not to long after I recid my first lessons.

Owing to circumstances in my home have been unable to study and concentrate on the lessons like I would like to, as I believe every word of them, and will send for the

twenty six lesson soon as per your recent letter. As I have more time right now to study them.

But what I am really writing you for now, is to get your help as I have Arthritis in my hands which is disfiguring them and also painful, I also have high blood pressure, which is affecting my heart.

So far I have been unable to overcome these afflictions.

Will you please help me.

Dear Mr Frank B. Robinson

I have received 13 lessons I have read and study. I enjoyed reading them I sure think they are wonderful.

I wanted to write you long ago and tell you how much I love to read them. every one I have received I have drink them like a plant would the gentle rain I feel a great Power surging thru my mind body and soul when I read them. I know it is the truth I have tried to follow your teaching which I know will help any one if they will only read them. I have loaned some of my lessons to my sisters & others too. they all think they are wonderful. I feel that I want to reread all of my lessons after I have read them all.

My job as a Cook in one of our

Capes, here in Roseau takes all of 9 hours each day, and I have a home to look after too. - I do know that all the time I can spare for studying your lessons will pay me well it is helping me to do my work better than ever and also helping to solve other problems - it has helped in the midst of our rush at work.

altho I have not solved all my problems yet, but hope that I shall for 30 years or more I have been digging in the mine of the spirit hoping to be free from all fears, things that do seem to come up at times I have received many beautiful healings which I'm most grateful for.

I have faith that God is the Greatest Power that can come in our lives ^{or is with us}. This letter can't begin to tell you how grateful I am to you for having been able to give this truth you teach to a hungry world. I have known there is some thing like you teach

Beloved Friends & Teacher:

I'm forced to write this letter, something within seems to be pushing me. I've been thinking since I started my 12 Lesson, more about you.

From the time I was a little girl about ten years old, I always thought I would like to meet a man something like Jesus was, here on earth. I've always been spiritually in love with Jesus, not physically tho. I feel as tho God has heard my deepest desire when I came across your advertisement in a magazine. My one desire now is to meet you personally and I know one day I will, I want so much to dedicate my life to God, even if I have to go to China to do it.

I haven't been happy in the past, But with your help, in teaching me the way, as Jesus did, I will find

12

find, Complete Happenings and Peace of mind, Somehow you must be a lot like Jesus, and I think that's why I found a little bit of life Christ lived on earth. Let me put it this way. I have often thought, I loved to be with Jesus when He was here, I'd would have followed him to the end of the earth. Maybe I was, in the Person of Mary Magdane, because now, up to the present time. I've been something like her, she had more love affairs than I care to have had, but that's all over now, Believe me once I enter the Realm of God I'll never want to come back to my body. I want that more than anything in life now. You know, Doctor,

I try to picture Mosco, an imagine myself sitting with you, your talking to me an explaining how it is to feel and sense God so close, in a language a little child can understand. Sometimes I see you at your Pipe Organ playing for me. than again I visualize the little trip to the place you like to drive when

You want to be alone ^{with} Geese.

Must be beautiful country around you. so when I imagine myself at these places I'm really trying hard to be in the Realm of God. because I feel so much better after being there, with you. I know you must be a very happy man. and your family. you mentioned the children. they must be grown up now married and having such a wonderful father as you. I'd like to be your daughter. just to follow in your footsteps. they must be very proud of you. I would. something just went through my mind just now. - I'm sitting at your feet, in your library, your looking down on me with the most tender look, as I'd imagine Jesus would. a wonderful feeling that - I'm glad you send all your students a picture of yourself. it makes you real to us.

Especially now in our 13th lesson. when 9 o'clock comes, we can really see you in our vision of mind.

and I do hope you answer this letter personally. it really means a lot to me. I thought the way I feel, ^{discouraged} ~~discouraged~~, I'd like to be with you. to reassure me and talk to me about your experiences with God. I better close now so I can go and mail this. before I change my mind

Dear Dr. Robinson.

I am sorry that you had to write to this way. I appreciate your offer, but I prefer it the other way. I mean to do just what I intended from the beginning.

It did not, however happen just as I thought on my side. I hoped to have had a Partner just before I began The Course, but they finally backed out, but I had made up my mind to go on and that is what I did, I am not sorry I have nothing to regret as far as The Course is concerned. I have received wonderful information that is of much value to, me and will help me along so many lines in life.

I thank you so much for the Patience which you have had with me, and am convinced that if the given Instruction, is followed it will bring results, and don't forget that it has left its footprints in the sand, and I can see every little while that people's minds are turning toward your teaching,

I heard a few days ago, a Preacher say this. Are you waiting for God to come and hold the Judgment, it will be here where we are and is in Progress now, with the Nations.

Two verses of Poetry written by Ethelice Arthur Robinson of Macon GA.

Tell me you are a faraway God
who acts as a recorder and a Judge
Some say you are an indulgent Father
who sits and watches over men, and sees to all
their needs.

I have looked into the blue above and the
green below,

But everywhere I go I find you,
Not the faraway God nor the indulgent Father
But the dynamic force of life.

I will stop Dr. Robinson, before I worry.
We'll all find ourselves seeking your
Teaching, as the next people on Earth these
have to be gone. Thank you Dr. Robinson
passionately you will not get another student
like this, I am keeping my lessons and
will go through them many times.

May the Lord Bless you in
your efforts, and may find the light
through your teaching. Thank you again

Dr. Robinson, I am

Dear Mr Roberson,

I received my first Lesson with thanks.

I just thought it my duty to write and tell you, that it is nothing new to me. I started seeing visions last year in August or September 1944. It was something most wonderful. at the same time a voice said to me, to back a certain horse in the English race. which I did. I won £22 - . I formed most peculiar ideas I wanted to talk to 'God', so that is what happened. yet I could not understand.

a week before I received your lesson, another vision came to me, a ball of fire, the size of a tennis ball, which lit up the whole arena, it exploded a sound like a Revolver shot. at the same time some one said, it is the spirit of 'God', yet I could not understand.

After I received your lesson I read it through carefully, the next morning a voice said to me. I will let you have it next week.

If God, did not reveal this secret to me before I came in contact with you. I would never think to continue with your lessons. I cannot be mislead. But now I do believe that my 'God', is your 'God'.

accept my Greatest Gratitude.

Yours sincerely,
Janet Wynne Bell.

Dear Dr. Robinson -

I have been one of your students for four years. I have studied and re-studied my course of lessons many times. I know they have helped me very much.

I have been entirely alone as far as other members are concerned. I know of no one "down here" to whom I belong to Ophychina.

During the war I wrote you once or twice hoping for a personal letter. But was informed, not to write except business letters. I was deeply hurt, for I felt that you might have given me a comforting word.

Like you, Dr Robinson, my son (youngest), was in the Air Force. He was on 45 missions in the So Pacific, as Pilot and Plane Commander of a B. 24.

... believe that Phyllis was
great help to me during my
almost unbearable anxiety.

I have read two of your
books, and hope to read more.

I hope very much that you
begin publishing the "Bulletin"
again. Am sure it would be
much help to members.

If I knew of some one here
or Tucson, who is a member
I would contact them, and
perhaps form a group. It would
be such a help to all of us.

I hope some time, there can
be radio talks by you Dr
Robinson. It would please me
and other members so much to
hear your voice on the Air.

Thanking you for every thing
you have done for me,
I am, your Student

PSYCHIANA

Dear Dr. Robinson ;

Inclosed you will please find \$10.00 ten dollars to apply on my account with Psychiana.

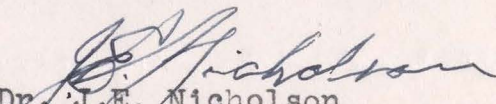

I have received eight lessons and am very well satisfied with the study. It seems that I am only being brought to the recognition of the things, that somehow I have always believed. I have always held that God in some way has always held special care over me and provided for me in all things. I could not explain just how. I am enjoying the thought that He offers the same help to all men.

I have promised my self that when I am thoroughly convinced, if I am convinced, that Psychiana, is correct I will advocate this teaching to all men. Long since I resolved to accept the TRUTH and follow it no matter where it leads me, with reference to former beliefs.

I have had many adversities, but some unknown power has always pulled me through. That power I have called God. At the present time I am very prosperous in many ways, But I long to help my fellow men. I am searching for the best way to do so.

I wrote you once before I am sticking to the end of this study.

Yours for good fellowship, I may come to see you some time.

My dear friend and fellow-member:

● ● ●
**I HAVE A PROBLEM AND I
NEED YOUR HELP SOLVING IT**
● ● ●

Here is the problem. It never should exist. But it does, and in a way, you are partly responsible for the rather embarrassing situation in which I find myself. I feel quite confident, however, that when you know the facts, you will help me to solve this problem. It cannot be solved without your help.

You see—YOU, and many thousands of other Members joined our organization. You accepted our Lessons and then, for some reason unknown to me, you neglected to pay for them. This puts me right up against it. Do you know—our Members, plain ordinary Americans like you and me, ACTUALLY OWE US OVER \$300,000.00? Now there is nothing intentional at all in this. Because we are at a distance, many figured this way:—"Oh, well—they don't need the money—that's a non-profit religious organization, so I'll just pay everyone else and let them go to pot." Something like that. Now that isn't quite right, is it? Of course not. We cannot tell this world about the Power of The Spirit of God if our own Members do not live up to their obligations, can we? You couldn't.

● ● ●
SO HERE'S WHAT WE DO FOR YOU
● ● ●

You owe me now, the sum of \$.....18.00..... You may deduct one-third, which will be \$.....6.00....., and mail the balance of \$.....12.00..... to us, and WE'LL SEND YOU A BILL RECEIPTED IN FULL. Will you do this for me? Thank you very much.

Sincerely, your friend and teacher,

My dear Mrs. Noisette:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

If your sister is not well at the present time, remember that there exists in her more of the healing Power of The Spirit which is God than she will ever be able to use. Therefore, the only thing for her to do is to recognize this mighty but invisible Spirit of God which is within her for her use, and realize that no disease or illness can withstand this great God-Power.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Alfred B. Robinson

Mr. Robinson,

Dear Sir,

I am sending you these names of friends of mine who are quite anxious to hear from you. as I have told them how I have been helped through you. I wanted my living room fixed but I just could not see how I could get it done this year and I talked to God and believe me it is fixed just as I wanted it and I am so happy I have also won my husband over and he is always saying I believe in the power of God and we have gotten quite a few things we have asked for. now I am

asking for good health and I know
I will have it. I would like to
ask you to please do something for
my sister she hasn't spoken a word
in about 6 or 7 years she was operated
on for a tumor and it must have
affected her mind and we had her
in State Hospital and nothing has
done her any good she is just at home
now sitting all day not saying a
word and noticing anything or anybody,
my mother has aged terrible since her
sickness and she needs my sister to look
after her, so please try to help her
for me. Thanking you in advance,

Obliged,
Mrs. L. Noisett

Bro I know
I am finding the power and
the love which is God.

I am enjoying excellent
health - my mother has
been ill for 4 yrs. with
arthritis - she is 74 - I know
she is kept alive for the
day when I shall be settled.
I'm 43 - the man I love 58
both of us never married. I
truly believe we were single
so long to enable us to

meet.

My friend has a badly
behaved nerve in the right
leg - I want him to get well.
I believe we were meant for
one another. I also believe
I shall marry this man. He
says he is a confirmed bachelor.
I have faith and I believe
we shall marry.

I enjoy my lessons very
very much - they have helped
me spiritually and materially
so many times in the past four

Dear Dr Robinson.

I am sending you
your later course, "Your God Power"
I finished the other course of lessons
and so many things have happened
to me. It would take weeks to try
to tell you all about them. I have
written you several letters telling
you of these amazing things.
I have told all my friends, and
every one I know now have your
lessons, and some astonishing
things have happened to all of
them also. one of my friends
was a complete cripple, from

Arthritis, had this for nearly
thirty years, fingers all doubled
down in palm of hands, and now,
all her fingers are straight,
her feet are all straight, she is
a new person, and through her
all of her friends are getting
your books, I also have another
friend, he was down, had a stroke
all one side, been down two years,
he is walking now, and is on his
12 lesson, looks and feels about
15 years younger. Oh, I could go
on for days telling you about all
these wonderful things, but I
know you are so busy, I only
want to say, a thousand thanks
for your wonderful books, and all
they have done for me also ~~not~~

The good luck they have
brought my husband, who also
study them every day now. I have
found, no matter what happens
to me, if I get ill, hurt my self
and, Etc, I can almost instantly
remove it, by calling on this
"mighty Power" Its so amazing,
but I hope I can hold on to this
as long as I live. There is nothing
to compare with it.

You see I was also, nearly blind.
Well It has completely cured
everything else I had wrong
with me, except my eyes, and
I know it wont be long now, as it
is working on my eyes now.

May God Bless you. Sincerely
one of your students ^{35-86/87} Mrs Helen Hadley

Dear Sir - I have had such
a wonderful experience - I want
to tell you about it - day before yesterday

to God like you have talked

seconds. - she said Mamma

Dr. Frank B. Robinson,
Archbishop of Psychiana, Moscow, Idaho.

Dear Sir:

The twenty lessons of your course have been received with the certificate of Psychiana membership. Thank you particularly for this last item.

I have been hunting for a religion--or, rather, have been hunting for some knowledge of God. For more than thirty years. I would have been a preacher, if I could have swallowed the teachings of any church. I tried to sample them all. I even registered once in a theological seminary, planning to enter in September of that year. But I visited the school, looked it over, and decided I just couldn't swallow their particular creed nor, in conscience, preach according to it. So I withdrew my application straightway, and sought further for real knowledge of the Deity and His ways. That was more than twenty five years ago.

The church of my home town was the Congregational; but when I was ten years old I couldn't swallow some of its tenets and teachings. I never could square with my reason the teaching that "God so loved the world that He gave His only begotton Son that those who believed on Him should have Eternal Life." I still can't do it. This bargaining with God for an eternal security of harp playing was something that seemed to look pretty fuzzy to my boyish mind. It still does. And if my mind is still boyish I'm rather glad of it sometimes.

I am fifty seven years of age, and am still hunting for God. If I felt certain--and I have had evidences that I must be on the right track--and I knew how to go about it I would become a religious instructor now. That's more my idea of a modern counterpart of the "preacher." But I have not had benefit of theological school training, and hardly know how to make a fitting beginning.

Your basic guide--reason--reminds us of Emmanuel Kant and one or two others among the world-famous philosophers. I could put up a passable debate, probably, on the errant character of reason in varying individuals, yet your reasoning appeals to me as the best I have encountered in religious matters. "I believe in the Power of the Living God," anyway, and wish I knew more of It, or Him--or Her. One philosopher (John Stuart Mill) revived the idea that we had a finite God who evidently had a boss God somewhere in back of Him. Quite an idea, but one that needn't concern us overmuch, I'd say, since we don't yet comprehend even our "finite" God.

I am very glad to have seen your lessons. Had I been finicky, like some New Yorkers, I had discontinued them with Lesson 1. However, I had hoped that some revelations worth while might be divulged through a somewhat uncertain medium. I believe there were. Reading some of your texts gave me an almost consuming itch to edit them into shape that would not affront the more discriminating. Were I not pretty busy following my own devices toward a summer business, since I am now unemployed for a period lasting nearly to June, probably, I would probably make you a proposition--a counter-proposition, we might say--to edit these twenty lessons of yours and put them into acceptable English for all. This is said, not to be unpleasant, but because I believe that anything written of the Deity especially should be couched in the best grammatical form. Some of your sentences--if you can pardon

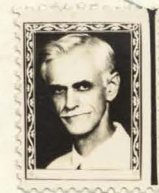

a frank prehudice--are quite horrendous. Yet I exercised sufficient tolerance to read them all. You see, I once lived in Idaho.

I have two addresses, you may have noted. I live a-straddle the Wabash River. There are reasons for my peculiar location and position that are traceable to principles which your teachings expound. I am glad you expounded them. The lessons served to confirm beliefs I had almbst formulated myself, and which in many cases coincided with your affirmations quite exactly. I believe as you believe in all essentials. Glad to have enjoyed the twenty lesson course.

I had hoped to secure any additional lessons you might offer; I believe I paid up my tuition fees complete in response to the enclosed circular, received about the time of the 5th or 6th Lesson; though I did not formally fill out the circular-blank at the time. Since I am not now employed it might not seem wise to go to further expense at the moment to get more advanced lessons such as those described by this circular. In any event, I am glad for the reassurance the 20-lesson course brought me, and am glad I was able to secure it.

Yours very sincerely,

F. W. Norton

A RATHER UNUSUAL OFFER TO ALL STUDENTS

By this time you instinctively know that the truths of God are in our message. It's simple logic and plain truths have appealed to you. You know well that if you do as we have asked you to, there can be nothing standing in the way of the Power of the Spirit of God manifesting itself in your life. I THINK THIS IS THE RELIGIOUS MESSAGE WHICH WILL SAVE THE WORLD. I THINK IT'S THE MESSAGE THE WORLD IS WAITING FOR.

The growth of this Movement has been most phenomenal. It has been written up all over the world. But that does not interest me too much. What interests me is to get this message of peace and Power round the world in the fastest possible time. I had to start this Movement from scratch. I had all the "orthodox" opposition in the world to fight. I won. But it set me back a little bit in fighting various difficulties which were placed in my path. I am now trying to find a wealthy man or woman who will endow this Movement, or who will give it a few hundred thousand dollars, for with this sum, we could swing this world nearer to God in very short order.

Until that man or woman is found, YOU CAN HELP. And here's how you can help. You can send us a check or money order for the remaining balance on your lessons. At the same time, you can secure absolutely free, our SECOND ADVANCED "PSYCHIANA" which regularly retails at \$10.00. This is quite an incentive, and I am asking every Student who can do so to make a special attempt to pay his account, thereby bringing to us the much needed money. The more money at our disposal, the faster we can bring God to men and women. WILL YOU HELP US IN THIS PLEASE?

You will like the SECOND ADVANCED "PSYCHIANA". IT GOES DEEP. Yet, you may have it for nothing if you will but send us the balance due us on your account. Remember, "PSYCHIANA" is a religious non-profit Movement, and no one connected with it can draw one penny in dividends or profits. Every dollar we make is spent in the expansion of "PSYCHIANA" and for the sole reason that men and women may have brought to them, the true picture of God as we see that picture. If you are in a position to send us a substantial check, please do so. If you know of some wealthy man or woman who could do this, please tell us about it. In the meantime, it will help a lot if you can send us a check for the amount owing us, in advance, and if you do this, you will receive the SECOND ADVANCED "PSYCHIANA" ABSOLUTELY FREE.

Thank you.
