Thankful for the Spirit of God.

I believe in the power of the Living God.
That can keep us longer from beneath
the sod.

That can quicken our mortal bodies
That can keep us from looking shabby.
I believe in the power of the Living God.

I am thankful for the spirit of God
In the ones that loves him most.
I am thankful for the spirit of God.
That is scattered from Coast to Coast,
I am thankful for the spirit of God,
That is scattered on land and sea.
I am thankful for the spirit of God
That will last through eternity.

In the Bible it is written and we
know the Bible is true.

Know ye not that ye are the temple
of God, and that the spirit of God
dwelleth in you.

CHORUS

I am thankful for the spirit of God.

In the ones that loves him most.

I am thankful for the spirit of God.

That is scattered from Coast to Coast.

I am thankful for the spirit of God

That is scattered on land and sea.

I am thankful for the spirit of God.

That will last through eternity.

If we are the temple of God and his spirit
dwells within.

I know that when God is present.

He can keep us from harm and sin.

I am thankful for the presence of God.

That dwells within my soul

and I know with the spirit of God.

Love for him will never grow old.

Dear Dr. Robinson...

I'm writing this to thank you from the bottom of my heart for what you and your wonderful teaching has done for me and my family. When I signed up for the course I didn't know how I'd be able to spare the \$2.25 a month. Conditions were at the desperate point in my home. I was ill, discouraged, my son home from overseas for over a year, unable to find the kind of work he was trained for. The picture is all changed now. I'm well now and working, my son has the position he's been seeking for, for so long. We both want to thank you, for without your help and teaching we feel

Dear Mr. Robinson

I just received my study lesson and I could not help to write and tell you how glad I was to receive it. I certainly understand the lesson & sure do believe in The Spirit of God. I am learning every day more & more. I always did believe in God. I just did not understand until I received your lessons. I want to tell you about Sunday 15th I turned on the radio to Rochester station WHEC & I had to turned it off. I just could not listen to it. It was a church service all about Anta. This service was not what I wanted to hear. I wanted to hear about God.

not about Cars. Dr. Robinson
I just do not know how I am
going to explain. My neighbors
around me just don't pay any
attention. It seems though they
are just for themselves just
a little bit better than any one
else. That does not bother me
as far as I am concerned I just
go along & believe in the Spirit
of God. & I can help them to
see different. There is so much
around me that I do not like &
I will not do the things they
do. I know the Spirit God is
with me for I just do the things
I should do. I know you under-
stand me. I will let you know
about the gathering at my home.
They just don't want to understand

Dr. Robinson I do not
belong to any church. at the
same time I believe in God.
I have a neighbor that cannot
understand me. For I told her
kindly that I could be a good
christian & believe in God & not
go to church. I wanted to hear
the service in church about our
Bible & the teaching of Jesus & to
understand the Bible I have
learned more in my 6 lessons
then I ever did in church. Every
thing I do & say I know God
hears me & God understands
what I want to explain to
you & I pretty sure you
understand me too. I do not
believe in gossip & there is
sure enough around here.

I realized that it takes time form
to learn. I already believe in God
Dear Mr. Robinson since I received
your lessons I am learning fast.
* I know the Spirit of God since
will help me. I am feeling better
& better all the time. My blood
pressure is going down all the
time & The spirit of God is helping
me every day.

Thank you very much.
& look for your lessons right along
I will send you more payments
on my lessons very soon.

Dear Dr. Robinson:-

This is to thank you for my Certificate of Life Membership in THE PSYCHIANA RELIGION, which came a few days ago and I now have it framed and hanging where I can look up and see it. I also thank you for your small likeness which I have framed and it hangs above my desk.

Please don't get the idea that I am making a GOD of you; it's only a small appreciation of the many lessons I have been reading of your teaching for the past twelve years--of the understanding of GOD you teach so clearly.

I am thankful I am taking this last course of lessons. When I received my Seventh Lesson I really got interested. I could hardly wait for Lesson Eight to come. Now that it is here two days, I've read it three times already.

I'll not bother you with questions at this time, for I seem to get the answers in the lessons.

I am so thankful I belong to a group who have gone so far in understanding GOD and GOD-LAW. God-Law runs this Apartment House. I don't do a thing when a problem comes up until I put it in GOD'S hands, then listen for the answer. I am alone a lot in my Apt. Alone with God. In the past five years in this place, I've had many problems; but God took care of them. People marvel at me at my age 79--managing so well and doing so much work and looking so young. I spread your literature around but when people are not ready for it, one just has to wait.

c/o Dr. Frank B. Robinson,

Dear Dr. Robinson,

Today I received the 3rd Lesson. I have not yet read it, but I feel that I know just about what it is about.

I am sorry that I have been lax in my ~~payment~~ ^{have} payments. Here it is Aug. 11th and I ~~not~~ ^{have} not yet sent in my 3⁰⁰; So I am enclosing a 3⁰⁰ check, which should have been sent off July 28. That makes 4⁰⁰ pd. so far.

You want to know how I am getting along with the "Psychiana" religion. I am getting along famously with it, and am just beginning to realize that all negative forces (destructive "thought molecules") that create disease, worry, failure, insanity, and "imps of the perverse" in general are thrown out and away from my body with the result that the aura or halo that surrounds the body is once more in evidence. One may observe this aura, if one is surcharged with God-Force, in the looking glass if the light in the room is right.

I am once more feeling myself again. I feel younger, have an unlimited amount of energy and buoyancy. My mind is clear and alert, skin and features glowing with the "new look" of youth. I am once more absorbing ^{of} the immense God-Force from without my body, and taking it into my body automatically, with deep breathing exercises.

...to obey the command of the
God-Force with in me, because prior to taking
your lessons, I did not know I possessed that
power. You are right - it is immense, potent
awe-inspiring! The will (located in the top
of the brain) is doing its work wonderfully.

I believe that strong will-power can be
developed, and this together with the God-
Force from within, and drawing like a mag-
net on the God-Force from without will make
every man a Jesus unto himself. Faith -
and strong will-power, and the strong
unconquerable soul desire for soul-growth
coming from within, and feeding on the God-
Force thus attracted from without the
body, will make every person a dynamic
factor to acquire whatever he wishes or to
and bring it to life and actual being, or to
kill those things (negative forces) that ^{try to} prevent
his will, faith, and desire, from accomplishing
for himself as well as others the things that
the God-Force, will, faith, and desire within
his being try to consummate.

The first manifestation within the human
body when these forces in every trillion the cell
of the human being are being invoked - is one
of ① Exuberance, ② Spiritual and mental
expansion ③ There is a change from a feeling
of frustration, failure, pessimism etc, to one
of optimistic certainty, and the feeling that
nothing is impossible. That whatsoever
one wants, or wants to accomplish is easily
done. One does things especially in creative
lines (such as music or inventions), that he
knows can never be accomplished without

the God-force with his being. This sleeping giant is the genius of the "All-Aiding-Light or Light, or electrical soul force, which - together with faith, will, and the desire to do this permeates every cell in his being and puts them to work. Automatically (as the course of a planet in its orbit) He is aware whether he is doing right or wrong, whether to go on or stop to cogitate. Reason and a fine sense of judgment of word and action replace indecision and action. Through this God-Force and the other above mentioned factors no disease, or ailments of mind or body can ever take hold, or if they do take hold of certain cells within the body, they ~~are~~ die and are cast out, because these destructive Killers cannot remain where there is in the cell or cells the God-Force at work with ^{His} doctors, (the Will and Faith, and the Desire) to cast out destructive and evil forces.

This then, Dr. Robinson is what I have gotten out of the 2 lessons I have studied and thought about so far.

Disease, pessimism, failure etc, are the servants of Hell and ^{They are lies,} Darkmess. Health, success, Knowledge of the all-pervading God-Force and Faith in that Power that lives in every cell of the body, together with the will and desire to do good not only to your-self but also to do things to help others to succeed is Truth and the fundamental training of Jesus. It is the open sesame! to the Brotherhood of (God-in) man! Let no man - unless he wishes to live in a Hell on earth, ever put down that Truth, or tear it asunder, for he is a desecrator of God

and His forces.

If I have taxed your Patience, and
taken up your valuable time, I can only
say "Forgive me, for my spiritual philosophy
has carried me away."

Very Sincerely yours

Mr. Robinson,

Dear Sir:-

I enclosed please find check for 3.00 for
monthly payment of the lessons.

I am now on lesson 4 which I received
last week.

I find within the philosophy you preach
a common meeting ground of all religions
including Brahma, Buddhism, Yogaism, and
the secret philosophy of the Tibetan & Lamas.
One can take one's spirit out of one's
body by will, and take it to journeys into
far lands or among distant planets and
get inspiration, if one has the will and
the subconscious God-Forces to do so.

This earth under such quiet influences
becomes a sordid place, and smells of
material jungle forces that reminds one of
war - hate - prejudice - Killing - thievery -
and all the other destructive thoughts and
actions that crowd our newspapers.

I am glad that I have taken up this
spiritual philosophy.

Sincerely,

Dear Mr. Robinson:-

I am sorry I am delinquent in my payment to your organization, and am sending you herewith a check for \$6.00 for 2 months payment - for Sept. and October.

I have to date received 8 lessons. I am sorry to state that I am not able to diligently go through the lessons as you suggest, as I am terribly pressed for time.

One has to go ahead so fast and furiously in this machine age, that 24 hrs. are hardly enough to do the many things one has to do in a day, and I wish I were 2 people, so I can do them all. The only thing I can do is to the best I can with the "leisure" time I have at hand from time to time.

I will say this much in closing. You are absolutely right about the churches of today. The Hierarchy of Religion built temples to preach in, but are playing "religious politics" Keep themselves in clover and in power all over the world.

When I see the silly pomp and splendor of the Catholic church, for instance, that was "hot stuff" for the ignoramuses of the middle ages, when they sold sheep bones to the populace of the then world as "good-luck-amulets", and peddled them as the bones from the body of Jesus Christ, (Muzzy's Medieval + Modern History) educated men know that in their scientific analysis of such things, and the historical background of that church with its Spanish Inquisition, its "Papal Bulls", the skeletons of nuns with the babes skeletons & babes still in their arms found in the crumbled walls and secret crypts of ancient English monasteries, etc, all point to the fact that has been worked by this church for 1948 years.

When Martin Luther of Germany translated the Latin Bible into German, and he was called before the Diet of Worms (and who likes a diet of worms?) and he took asylum in the castle of the King of Saxony, where the Pope could not reach him, the people of the world had a real awakening. Many things were suddenly invented, and the machine age and science came really into being. Printing was discovered, and the world became book-Knowledge-conscious. The world and its people had ceased to crawl. They began to walk (mentally speaking). Then more things were discovered.

The Renaissance was the awakening of the mind of man and the limitless God-Force within the brain of man. From walking man started to run - faster and faster. That was not fast enough. The machine age overtook him. He had to invent a vehicle, the automobile so he could go faster; then the plane, so he could go still faster. Today, man is a jack-rabbit on wheels and wings, and he is running himself to death and getting nowhere fast, because he has not overcome his inherent destructive ego to kill and maim ^{and rob} other human beings for pomp, power, splendor etc., because the ambitious ego of man in attaining high places in the world is analogous to the lion who preys on the less strong and less resourceful animals of the jungle.

Yes, Dr. Robinson, we are living in a world of great knowledge and science, and the mind of man is ever given to ~~new~~ and (more potent) knowledge by the great God-Force that dwells in man, but the man of today has not changed. scratch deep enough - and you will find the cave-man, and his ego to overcome some-one or something else. As long as we live in this economic night mare, where money (and the power it brings to individuals, combines, and nations of peoples) is the King of beasts, or the root of all evil - there is no hope for a better world - not the brotherhood of man

(more)

The mind of man is like a huge invisible juggernaut and his new ideas, inventions, and dreams of new things to come in material and scientific material and/or immaterial discoveries are ever more becoming more and more like the great Parent Mind of which he is today yet just an unmeasurable part, and ~~of~~ Unless he loses his ego and jungle instincts, the ^{brain} children born of his God-Mind (inventions in machines, science, etc.) will destroy the whole human race.

We need a new economic exchange system other than the root of all evil - money; a system based on co-operation, brotherhood, and understanding. The thirst for power, position, and ego-feeding ambitions must be destroyed and emasculated, so man can at last enjoy with one another the peace and thoughtful quiet "that passeth all understanding."

That understanding can be attained only, when the scourge of Hell-on-earth - money ceases to enslave the God-Forces that dwell ~~and~~ in the mind and soul of man. That God-Force will not forever allow mere man and his destructive cave instincts to subjugate that supreme and all-omnipotent Force by the thing we call money. Nor will that Force allow power-mad grasping politicians of the world and its people go on in their insane way to subjugate and enslave that creative God-Force. These un-intellectual Trogludites (A race of monkeys or baboons from which the Irish race came into being) (Darwin) and their destructive nonsensical international behavior are again playing with matches (atom bombs, push-button warfare, and destructive potentials of war) in their mad rush to create "peace" through war. They call this diplomacy. Such backward souls as Stalin - Molotov - Vishinsky, et al are the leaders in the holocaust that is sure to follow in this Hell on earth, and the innocent people of the world as usual will be cast first into the world-fire that the money-hungry, power ~~hunger~~-hungry
over

ego-manias of the world have started into another world-conflagration, and this one perhaps the last.

There will come a time - not so far away when all will pray, (not prey) and I hope soon - before the great fire-works start -

"Pater noster, quid in Caelum est," etc. but such humbleness must come from the "top" of the world's people not from the little people of the world. The little people of the world are the innocents, and if poor - they are at least honest and decent. No that prayer must come from the world's industrialists and their politicians. It must come from such ego-manias as Stalin et al.

You are right. Until men in high places in this world know and believe that their bodies are the real religious temples - until they know and believe that the God-force within every cell of their being is to be used for the good and well being of his little brothers in the world - until he knows and believes that he cannot enslave the God-Force of his brothers through legal chicanery and power and money - until he believes in this, there is no peace, there is nothing but confusion of the tongues, the tower of Babel, which man has built too high and is ready to topple into the dust and ashes on which it is built.

And now - good night and - 30 -

Sincerely Yours,

Herbert Gold.

P.S. Please excuse this awful scribbling. I had to think and write fast. If you like the philosophy ^{or not} - please be so kind as to tell me whether I am right or wrong.

Dear Dr. Robinson.

I am writing to thank you for your wonderful letter and spiritual help we received during my husband's illness.

He had a serious operation and the Mrs. marveled at the way he came through at his age which is sixty two years. He is convinced that the power of God materially aided his recovery. He is now able to drive his own car. I am enclosing a letter from my niece. She has been studying my lessons.

She is now on her fifth
lessons. She has been in
very poor health for years.

She is very much improved
especially her mind, as she
continually worried about
her self. I am enclosing a

You can mail it to

Dear Mr. Robinson.

I have just finished the two week study of my fourth lesson. It has been rather difficult for me to say just what I am experiencing from the study of these lessons. I don't believe that I worry so much. I am beginning to take things more as they are. The last few days I have noticed that I am much stronger.

After reading the lessons
and closing my eyes, I get
different reactions. I close
my eyes and look right
into an eye that seems to
be there, and that eye
gradually turns into a
red hot wire or wires. It
always looks like the wires
in an electric light bulb or
something like that. Sometimes
these fade off into a big
tunnel that seems to draw
my eyes and then gradually
fades away. The colors that
I see are always beautiful.
Yesterday I felt unusually
happy!

Dear Dr Robinson:-

Received your very kind letter about the same time I sent you my last letter.

Your letter, making that kind offer, to continue sending you lessons made me very happy. I thank you more than I can tell you. The few lessons I have had helped me to demonstrate over two deep sorrows. that came into my life.

I put my whole trust in the Power of the Spirit of God. I dismissed them from my mind. It was surprising how quickly they were removed and all made right so now I am at peace. I have long believed in the Power of God - but

now I not only want to believe
I want to know, I want to dem-
onstrate more, of the blessed
presence of God, I want to make
it more practical and constant

Again I thank you for

Dear Dr. Robinson - Well -
I've received 17 lessons
from you so far and its
high time I was writing
you, dont you think?

First about your
Autobiography which I
really enjoyed, reading.
You said you hated to
reveal the bare facts
of your life. Well think
nothing of it. It shows
you have always been a
regular guy and besides
it does a fellow good
to get some things off
his chest.

I can understand why you are so in love with your family. I'm in love with them myself after looking at their pictures. I trust the Power of the Spirit of God will make it possible for us to meet some day.

It appears that you and I have at least one thing in common "Be still and know that I am God." That always has been my affirmation especially during the war and when I was going overseas. If that didn't get me across safely I don't know what did. It's gotten me over other rough spots also.

(3)

Now as to what "Psychic" is doing for me. I haven't received a million dollars or a brand new car, neither of which I want. Just things that money can't buy and that is friendship. I'm a file clerk at the Western Weighing and Inspection Bureau and my fellow workers are always having me look up files for them or doing the looking themselves. Well recently one of the fellows came out in the file room and was unable to find the file he was looking for. Later he came out again & said "Well, I'm going to have faith & find it this time."

I said "Faith is the substance of things hoped for. Faith is the evidence of things unseen."

He said "Hooray - I found it."

Here is another incident.

I was sending for your Autobiography on a Sunday evening and listening to the Gene Autrey program while I was addressing the envelope I happened to think of that song "Away Beyond The Plains In Idaho", and how long it had been since I had heard it. Well no sooner had I written the word "Idaho" than they started to play it on the radio, was I surprised & thrilled. Another thing.

(5)

During the cold spell
this winter one fellow
says "Pretty cold this
morning"

I said "12 below".

The radio announcer said
right after me "12 below
at the airport." The
radio is a wonderful thing
if you ask me.

The word "Power" is doing
things to me say nothing
about the other affirmations
I don't have to say them
just think them and I
feel like someone is
pumping me up with a
tire pump.

Now a word about
my health. I am getting
a pension for a service
connected disability (nervous
stomach) and that is
improved some what. I've

gained weight. I weigh 152
and I never weighed that
much in all my 31 years.
It was always 135 or 140
and I was skenny as a
snake. Whenever my
stomach does act up
I say the word "Power
Power, Power", and it helps
believe me.

Am enclosing a Friend
List with a few names
Would have sent it in
before but have brushed
up against a few skeptics
mostly a few Scandinavian
Lutherans and you can't
tell them anything. I
will continue to tell
others about it whether
they like it or not. It
will give them something
to think about.

Something more about
your Autobiography. It did

my heart good to see that
those "self righteous" people
got what they had coming
to them for making that
cowardly attack on you
& your family. I always
like to see people get
their just rewards - good or
bad.

It's strange that you &
I have the same attitudes
toward the churches &
ministers. I thought something
was wrong some place
but couldn't put my finger
on it till your lessons
came along and then I
knew. Power of the Spirit
of God. I've been to church
once since taking these
lessons and that was
Easter Sunday. Haven't
been since.

I hope you haven't had any more heart attacks since that one you mentioned in your Autobiography and don't talk about passing on because we need you.

I think I had better sign off for this time. I've written 7 pages full of nothing and hope it doesn't bore you too much, but I wanted you to know I'm for you 100%. I sincerely wish that we lived closer so that we could see one another I say again. I hope we meet some day. Alfred + I would hit it off swell as I'm musically inclined myself (violin) would appreciate hearing from you some time if you are not too busy.

Sincerely your friend
Tom M. Paine.

P.S. Have you dreamed
about me by any chance?
Right after I received
your autobiography I
dreamed about being up at
your home in Moscow.

Dear Friend Archbishop Robinson:

To Get in Tune and Touch with God,
is a Grace to be very thankful
for. I have had it so many, many
times, and have longed for almost
the impossible for it is left to each
individual soul to do their part.
I longed for a perfect world, and
regretted the shortcomings in
others, and wanted to make all
right as I saw it. I still continue
to leave it for God, and long for
myself and others to do the Will
of our Dear Creator, and as Jesus
showed the Spiritual Light of Grace.
I have been relieved, and not do
too much myself, but to do it
with God. God's spirit is beautiful
and Love, and I did not answer your

letter for I desired it, to be answered spiritually and from God. My request was answered to me from God, and I am sure it was answered to you also for your letter showed me that it was, and I expect I should have answered it, for I approved of it.

I did not see the need of taking, for I had the course.

Money is a thing I must be careful about, for my teeth need to be tended to and money is needed in so many ways.

Your books were passed on, and as expressed you talked to God.

There still are ways to advance for it is the Holy Will of Our Heavenly Father, and I have that, and I am very thankful for the interest you have taken in me. I thank you.

Sincerely, Miss Anna Papen

Dear Dr. Robinson,

The National

I'm sure all Psychiana members would help support such a program. I'm pitching a ball to you blindfolded.

Dear friend Dr Robinson, & Crocker.

No my dear I dont disbelieve
in you I know what you can do.
its just neglect on my part. as
I told you before. I am so busy
getting things back in place since
the flood. I had a break down &
my Husband cant do much of any
thing on account of a very bad heart
he could help him self & I could
help him a lot if he would only
let me. he has held me under
his thumb for 23 years. but as the
old saying is the worm turned &
I was a worm for not standing on
my rights. but now I would like
to see him or any body else
rock me of my foundation. I
knew I was so right all these
wasted years I have bin married to
him. but he is a man if he isnt
bss well things just dont work

4 Things that should be done just
isnt done. now since I have taken
over. Things have bin moving
in great shape. + its going to
continue so. he seem is fighting
me. but he will be a good chap
one of these days you just wait + see
the only reason at present I
cant send the full amount there
is thing I am getting. that keep
me pretty short on cash. but that
two is going to work out I know.

Hurray for me for getting strength
+ and power to take over. Thank
God. I know its gods work. as I
said before I had to suffer because
I was weak + let the other fellows
use me as a servant. + that all
I have bin in the last 23 years has
no more. I like to give + help other
that my life + he is for him self
only. So you can see how I surprised

in that respect. well so much for
that is Dr Robinson put me on
your life time list I am getting
now + more Happier ^{living} day. I just
laugh at him + when he getting
mad at me + bosses me. I just
walk away + work at something
else. I am getting him more
+ more each day to agree with
me + getting things done which
he wouldn't think of doing + wouldn't
do before. well I must close
for now to catch the mail man

I love the little pamphlet. (The way) very much and wish it came every month instead of ever 3 months.

There is so much information and understanding in them. I just never tire of reading it.

I wish so much that every one in the world could understand that God is with in each of us and that he is all powerfull there would or could be love and peace between all countries instead of wars and confusing difficulties. Oh what a wonderful place it would be to live.

What a wonderful lesson is the ones where Dr is telling of his experience beyond the veil.

Gentlemen:

On July 10, 1948, I mailed you my check No. 45N48 in the amount of \$2.00. This remittance, as noted on the face of the check, was enclosed with order blanks for a one-year subscription to THE WAY and one copy of your book, SHALL WE KNOW EACH OTHER BEYOND THE TOMB. The cancelled check bears The Idaho First National Bank stamp endorsement dated July 16, 1948.

About two weeks ago I received the June issue of THE WAY, but to date I have not received my copy of the book. Can you advise me when I may expect it?

My student number is 17-330.

Most of the time I have been a jump or two ahead of your lessons and affirmations, yet have acquired something valuable from each. Something so valuable that I am greatly disappointed if the lessons don't reach me promptly. In Lesson No. 10 you started to catch up with me. The beginning of my "spiritual awakening", which has been having growing pains for nearly 36 years, cannot be credited to your lessons as it was that awakening which prompted me to request your lessons. However, I would not be without them, and I can very readily see that one not so rich in the many varied past experiences with which I have been blessed (often in disguise) would be unable, positively, to fathom the value of your lessons before starting to read them and using the affirmations. I have always wanted to know, and know more about, God than any church ever gave me, and your lessons can furnish the guidance to a knowledge of Him that is as I want it, unadulterated.

In passing, may I say that it seems almost prophetic to me that the headquarters for fighters for God should be located in Moscow, Idaho, while headquarters for godlessness is located in Moscow, U.S.S.R.

After receiving your first lesson, my mind kept projecting that war-time song, "Praise the Lord and Pass the Ammunition", and it's still there!!

Yours very truly,

E. M. Peden

Dear Dr Robinson.

I recieved your your
letter, telling about your
new 27 Lessons-

I have your first lessons
I have read them and
I like them. I have had
them almost 4 years- I
am a widow and have
no one but myself. and
I am growing older and
my health isnt what it one
time was. But after all
I am thankful I am

2.

As good as I am, I
would like to come up
to Moscow some time and
see you and talk with
you. Maybe this summer
some time I can.

But I run an old Peoples
Nursing home, and I
can't get away just
any time - I think the
old lessons can't be
beet. So I'll just keep
on working as I have
been in the past. I don't
think I can afford the
new lessons and they can't
be any better than the
first ones -

Words do not suffice to tell you how wonderfully I feel hope from lesson No. 1, and 2

You see, I lost office a long time ago April 1947, I have all my time to read, and read & read the lessons. They are marvellous! I have hopes of recovery! God alone has kept me from dying. I hope to spend all my life in your work, but after mastering my 1 & 2 it becomes an "intellectual meningitis" (being 'idle') as I have nothing, no work for spare time. Under these circumstances, may I be permitted to write and ask for following lesson after I have mastered each lesson, reading day and night?

I can really make much more progress in a week or less than a student whose work time interferes. However my health seems to be failing so fast that I may pass out before the routine of two weeks to wait each time, this is being written inspirationally - I hardly know what I am saying, but I feel that God is inspiring this, for I will recover thru your lessons. Devotedly

Dear Dr. Robinson:

In this 3^d Lesson you tell us to write what our experience has been.

I should, in all probability, have had one normally if it hadn't been that I was struck with 3 heart attacks all in one night and had to be taken in an oxygen ambulance to the hospital. But your 2nd Lesson reached me there and, as soon as my mind could focus I started studying it & towards the end of my stay at the hospital I successfully warded off another attack through what I had absorbed in those 2 weeks.

Then when I got home 10 days ago & was told to rest rest rest I resolved to put in that time re-studying Lesson 1st & 2nd mornings and afternoons and the 3rd in the evening, &c

fore sitting down for the night. I
warded off two attacks in a week &
last night I talked to the Spirit of God
in me to the effect that since He lived
in me & all the involuntary functions
my body were controlled by Him He could
regulate the beatings of my heart so that
they would be strong & regular. Pleading
God gave me such a sense of peace & security
that I slept well the remainder of the
night. This is so encouraging that I am
looking forward with the greatest antici-
pation to what the future & you will bring
somehow the Friend list you enclosed

Dear Dr. Robinson,

You have awakened me to the glorious consciousness of the Spirit of the Living God, and I wish to thank you from the bottom of my heart. It is wonderful.

I never suspected for one instant that there is such a wonderful experience awaiting every human being on this earth.

I know I have only experienced one small fraction of the entire God-Realm, but every minute a stronger desire is born somewhere within me which compels me to take a little more from the vast store of spiritual knowledge existing in this powerful realm of God.

(3)

You, Dr. Robinson, with your more complete understanding of God, can, I'm sure, offer me some suggestions as to how I can devote the rest of my life doing the will of the Spirit of God.

Before closing I wish to point out to you, Dr. Robinson, that this letter was prompted by a continuous intense desire I have to serve my fellow-men, but not knowing the way. You do know the way, so show me and believe me when I say I am in earnest.

I thank you again for all you have taught me.

Sincerely yours,

Andrew R. Petersen

(2)

I have asken many times for material blessings, and have recieved them -- only to throw them down because they pulled me a little away from God. It seems to me that the answers to ~~my~~ material desires were like a precious gold sphere, only that inside there was a vacuum where the Spirit of God did not exist. This fact has been shown to me time and again, until now I realize the only work (?) I can enjoy doing is telling and showing people the God-Law. The feæling I get after doing this could not even be compared with all other types of work which have in them basic principals of greed, and everything else which is contrary to the " God Nobody Knows" -- the God of Love.

Dear Dr. Robinson,

At this time I am happy to tell you that I have had many blessings since I have taken up the study of Psychiana.

I haven't written sooner because I read and reread the lessons and now I am ready for the New Lessons, twenty-seven more, I believe, covers the New Psychiana. I have read many of your books and have derived much comfort from them. My husband too, shares the lessons with me, and we have passed the good word along among our friends.

R
A Mr. Harry Soogion of 575- 12th Avenue, San Francisco, California, is very interested, may I ask you to please send him the pamphlets too ?

This letter does not express my gratitude fully, It is difficult to put into mere words, the joy and light, the understanding, and most of all the fulfilment of the many desires, which have come to me, that for many years I felt were hopeless.

If only some of our war torn countries could be reached thru Psychiana how wonderful it would be, to realize that thru this wonderful God Law, all is possible. There is no defeat. We have our God given talents, which so very often lie dormant. As it was with me, thinking, that because of circumstances, I had to accept conditions, which were none too happy. I know and feel as we go along in this beautiful study of Psychiana, Dr. Robinson, that to know what God really is, and to go forth declaring the Truth, there is no limit to Gods' blessings.

Enclosed I am sending a check in the amount of four dollars, I regret that I cannot avail myself of the discount opportunity at this writing, but I will send the three dollars each month, until it is paid in full. Thank you again, and again for the wonderful and beautiful study which I know is doing so much good to all mankind.

Very sincerely,

Dear Friend;

I am starting this letter by calling you friend because I consider you as such. I cannot make you know what a relief it was to know that there is someone in this world that thinks and explains themselves as I have been doing since I was a child but for which thoughts I was told that I was going to the devil for sure. It has been quite easy for me to grasp your teachings as I have always thought in your direction even though I must admit that I was quite tangled up. However after the first

lesson I was fairly untangled.
There has been only one
hitch, shortly after I received
my first lesson my Mother
was taken seriously ill, being
the oldest child home I
had to stay with her and
so lost my job. As yet I
have been unable to obtain
employment and so have been
unable to pay for my lesson.
I answered your ad with
good faith in you and
myself but it seems that
everything is going backwards.
Each day I think that something
will turn up and I will be
able to send your money to
you but nothing happens. As
much as I hate to lose out
on my lessons I do not see
how I can continue. Maybe

by the time you receive this
I will have your money on
the way also, if not I will
have to discontinue my lessons
much to my regret, if so
would you like for me to
return the lessons which
are intact and as clean
as when I first received
them. I have taken special
care of them. I am saying
all of this to say that
I am sorry that I have
been unable to keep up my
end of the bargain as you
have done and to let you
know that I am not trying
to be a slacker.
