Mr Frank B. Robinson,
Archbishop of Psychiana,
Moscow, Idaho,

Dear Mr. Robinson:-

For many reasons, I have hesitated writing you. First and foremost being your already crowded correspondence, almost for bids my seeming presumption in asking a tiny indulgence from you - self. Though it be but a little space, not being a person of many words I hardly know in what way to express my feelings with regard to my life, since I began studying with you. Yes, I can and do feel a great change. I believe in the power of the power of the living God. Since repeating constantly the words "The living God" it making me whole I've found my health has improved and is still improving.

x

R.O.P.

I'm not so nervous and neither have I much pain but-like the people at Pentacost. I want to feel and know the power of God within my heart, I want to feel the change, I read your lessons over every day and enjoy them very much- I fact I find little taste for other literature, but being old - 81 yrs- I feel that I have not the capacity to understand fully as I might have done when I was younger.

I'm still a "shut in" from lack of hearing. but eyesight good and still make my living by renting rooms. I have now a couple living with me by the name of Leroy Patterson - a Baptist Minister - organizing a new church I wish you'd send him your literature, he seems to be a zealous worker and I hope he'll be interested in Psephiana. Till now dearest thanking you in advance for space over

Thank you for your good letter of recent date. It was a pleasure to hear from you.

The New Psychiana Teaching was written by Dr. Robinson in 1946 and consists of twenty seven Lessons. It is entirely different from any course that you have previously studied. With the passing of time one's spiritual experience deepens as Dr. Robinson's has, and this is reflected in The New Psychiana Lessons. We are enclosing a New Psychiana application blank for your convenience.

Dear Dr. Robinson - File

Perhaps you will be somewhat surprised to hear from me but, I just had to write and tell you how wonderful your "Psychiatriæ" teaching is. I enrolled for the course of study while I was in Macon, Ga. in 1945, but did not have much time to devote to the books, however, now that I am on the 18th lesson, I have begun to get a glimpse of the wonderful power the truth contains. Only wish I would have

devoted full time to
 the lessons - when I
 first received them - But
 I guess - I was like
 most others - in doubt
 of whether to believe
 in them - My student
 number is (30-8396)
 and my old address
 was Macon, Ga.

Dr. Robinson - I was
 very unhappy & in debt &
 having a struggle to
 make a living - But
 thanks to the wonderful
 power of the Great God
 Law - which "psychic"
 teaches - I now have a
 good job in Washington,
 D.C. - and happy in
 the knowledge of the
 Great God Law. And

Dr. Robinson - Will you continue to pray for me that my impaired hearing will be restored to me, it is better than what it was when I first started your lessons - Also tell me about any new literature which you might have published since 1945 - as I would like to read more & more of your lessons -

I am enclosing herewith a name & address of a good friend - whom I'm sure will like to learn of the great truths which Psychiatry contains

Mr. Robinson, I think of you often and thank

you for the wonderful
"psychiana" teaching.

May, I hear from
you soon.

Dear Doctor as well Teacher,

It has been and still is a great pleasure for me to be taking these studies. I have found many of true facts about religious matters I have never known or been told. Had it not been for a dear friend Mrs Ida James I would not have known you but am so glad she has contacted you for me.

My first experience was of

land I had a vision I had an argument with the lady next door and I told her about her dirty undercover work she had been doing and the next two or three days we did. I told this friend about it before it happened.

The next vision was a baby I saw myself with a fine baby boy all dressed up in blue and that is one vision I am hoping to come true because I desire children.

This is my third payment I am sending and will send the perscription for the book soon.

I could write lots about my enjoyment with these lessons but I no you dont have time to read it

Therefore I will keep on studying,
and hoping, and believing in the
Power of the living God.

I am so glad I have found
somebody to tell me, teach and
guide me as God desires me
to be until I am just happy all

Dear Mr. Robinson File #53

This is my second letter I am writing you. I didn't think my first letter was good enough, so I didn't send it. Mr. I have no pen, so excuse my writing in pencil. I am one of your students and I pray I am learning my lessons well, but I don't think so, as I am very weak to understand my mind is weak and I have to read a difficult sentence two or three times before I can understand it. Nevertheless I read my lesson every day and do my best to do what I am to do. To find the Power of the Living God. Mr. You can rest assure that I know that the Power of the Living God lives in me. I really feel him coming, but I don't have that opportunity very much, as I live where trucks (noisy) go by often and I live near the Railroad where there is no

peace at all. You would like
like to know what happened after
my third Affirmation. No, it is
wonderful, to know I have some-
thing to ^{look} forward to after all of these
Miserable years I've been spent.

God, has calmed my nerves,
God, makes me kind to everyone
I know, God doesn't make me
holler at my poor husband any
more, and that is one of the
things I am so thankful to God
for. People begin to notice me now.
No one ever knew I was around
at first. Oh, Dr. I am so very
thankful, that I saw your little
item in the paper. (I Talked with
God). Every time I talk with
God its like coming into a new world
I throb all over and I just feel
him and know that he is there
and now know that he has always
been there. Dr. I have No money
to give you or other wise my pay-
ments will always be on time

Dr. I am asking you to be very patient with one of your students. I don't even have the money to buy my self a Bible and I must get one the very first chance I get. From now on God has all my time in every thing I do any where I go or whatever it is I must do. He always comes first. Without him I would die. Dr. would it it be too much trouble if I asked you to tell God for me that I love him and that I need his help. Please don't laugh at me Doctor, because I love you and I worship you. Someday I am going to see you. I must. My body aches for you because you made life for me, the most beautiful thing in the world. Because with out you to tell me of My Beautiful Spirit of the Living God living in my body, where would I be? I am sending for all the books you are having publish. Dr. please

don't worry about me paying my
bills. I couldn't do any thing
dishonest. I've always been honest
with everyone and every thing
I've done. Mr. please don't stop send-
ing my lessons, because I have
no money. The first money I get
will be sent to you. Please don't
stop sending my lessons to me
I am your constant student until
I find God to the full.

Very faithful to you
18-453 Mrs. Dolores Piscitell

Dear Dr. Robinson:

I am not capable of expressing in words my deep appreciation to Doctor Frank B. Robinson and his Psychiana religion and the spirit of God for the saving of my life December the 4th. 1947. I was forced to have Brother Thomas S. Hill call on Psychiana and the spirit of God on December 18th. 1947. I was in the North West Hospital and both doctors had given me up, and had ask the family to call in my relatives. As I have had high blood pressure for some time, this last heart attact, December the 18th. was so severe, and I also bursted a blood vessel, and was under the oxygen tent. The doctors had done everything they knew how, so they told the family it was all over, that I could not possibly live, ~~but~~ due to the spirit of God and the Psychiana religion, I am now able to write you this letter.

My condition is greatly improved, however I am still weak but able to drive my car down town. I stay in bed almost every day until noon, and I feel that I will eventually recover. I also believe that the spirit of God can and will heal me. What little knowledge I have of the spirit of God, is through my study of Doctor Frank B. Robinsons' Psychiana Religion. Most of my family are Baptists, but I can't believe that I will have to die, to gain health and happiness. I believe in the power of the living God, and I want to say again, that I sincerely believe that Doctor Frank B. Robinson and Psychiana Religion has saved my life twice in 1947.

I do not understand why, Doctor Frank B. Robinsons' works is not available to people everywhere, especially children, because if I had of had the opportunity as a child growing up to study Doctor Frank B. Robinson' Psychiana Religion, what a difference my life would have been, so again I say, I hope that the day will come soon, when children will have an opportunity to study this wonderful work, and perhaps before they are fifty years old, they will be able to see the light, and Oh. how happy they would be, so thanks again to the spirit of God and Doctor Frank B. Robinson and Psychiana Religion and members everywhere, and thanks to member Thomas B. Hill of Amarillo, Texas.

Yours very truly,

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

Dear friend
 I am writing you a few lines in answer
 to some of the lessons you are giving to
 your students. I have nothing but praise
 for your teaching. Having had the pleasure
 of experiencing some of the spiritual truths
 of which you explain in fact all the same
 things you say you have experienced, and
 I really know you are telling the truth
 and there is only one way I could make
 that statement and tell the truth and that
 is by a like experience. So you know that
 I know you are no fool and a crack pot.
 or a con man in the line of work for I
 know that no man that has your knowledge
 of spiritual truths, would lie about them for
 I know just what you have got, and
 how you got them. You have an accumulated
 store house of material truths and spiritual
 truths combined in your vocabulary of understand-
 ing—that is your store house of truths, and
 you have mounted—ar—over come some of
 the greatest obstacles on earth in gaining your
 understanding—yet you haven't caught up
 with ar. Contacted the Carpenter made secrets
 but when you have finished reading this
 letter you will only have to join
 hands with him to know his secrets
 or to have the god spirit back up your truths
 with material actions—to prove your truths

to others - for you see I know God was the Power
that. Urged you to write your last book he
was - urging you to take action for him. and
I know just why - and you said you seemed
that you were out of this world. at the time
you was writing. That the spirit of God was
Pushing your pen. and I know you are telling
the truth - Now I have spoken to let you
know one. so you will know one - as I know
you - I know you by knowing how you got ^{your}
understanding - and I know the Carpenter man
by knowing how - and for what. he got his under-
standing - that is why I am in possession of some
of his secrets. and can show you how to use
them - in Co-operation with what you already
know - you and I. know his Powers was
Co-ordinated understanding. between him and the
God - Power. and I know you are the only other
person. beside myself - that know just what I am
talking about - I have went to the trouble of stating these
facts to you - to give you a look in to my store house
of truths - as I look in to yours - so you will see
what I mean when I say we should join our
store houses together - for the Purpose of expansion
I am in Prison and have the Key to the door that
you want to unlock - so it is up to you to let me
show you - by ~~my~~ Proof. I know all the mistakes
you made through getting over anxious to show people
what you had - not realising that they would ask you
to furnish material action as Proof. that is what
I will show you how to produce for the People
like Christ did. it will be spiritual but material
also - and they ^{can} watch it. and know - and I will show
you in 11 days time if can join me. you should be able
to talk to one personally

Cal. of understanding now having gotten all my understanding Power - on the same Psy' Chi. Cal. that Christ got his. I know how to use the Power of the Psychological currents - And I know you understand what that means - so I am just sending you a couple sketches one on back of this sheet of paper and another on back of a mas card - I wouldn't send them to any one but you and expect them to understand them - but I know you will - for my Psy' Chi. Cal. will make contact with yours - for they work in perfect harmony and you and I know it - well Doc I ask our friend Bud Denham - here to draw these sketches - for me - I just gave him an idea of how they worked and told him to draw them and I would send them to you so they are his first attempt at this kind of drawing but they will serve the purpose of establishing the contact of understanding need between me and you as a starter and you know what this will lead to - Charlie Points #22172

My dear Dr:

This message is for YOU because I want to tell you some nice things about yourself even though you may receive from all over the world praise-worthy letters. However, I am one of your "dum-bell" students but prefer a more distinguished relation to a "Texas Broncho," having been reared on a Texas Ranch during my child-hood days with quite a bit of horse-sense.

Have just finished reading your "STRANGE AUTOBIOGRAPHY," and must say have never enjoyed a book so much in all my life. Surely, your childhood days were freighted with enduring hardships and they brought tears to my eyes yet all the while I could not help but feel maybe God had intended them in His PLAN for you-blessings in disguise-the vast experiences were intended for wisdom-a try-out in your FAITH to contact God -to make THE MAN YOU ARE before He could give you the MOST BEAUTIFUL DIVINE MISSION ON EARTH leading people into the knowledge of THE POWER OF GOD. How fortunate I feel to be one of your students. And now for my progress? Well, I am on the 9th lesson filled with great FAITH in God and even so when a child would make wings of chicken feathers, attach them to my shoulders, climb trees with wings spread out and try to fly to God - had many hard bumps and the last lodged me near a rattle-snake he taking two bites out of my little toe-that was my last episode with chicken wings to find God but HE alone saved my life. Now back to my progress in lessons. I try to follow all your instructions as much as possible but have many interruptions-an elderly sister of 88 yrs., needs much attention. My sinus trouble of 20 yrs. has almost been cured and I am truly grateful to GOD and to YOU for the knowledge you have given me. I have a deafness which is causing me great anxiety but maybe I can "explode" God to greater belief in my FAITH and the day will dawn in the near future with radiance and happiness for complete and perfect hearing.

With kindest regards for you and yours,

*I gratefully,
Mrs. Margaret J. Pool*

My dear Friend and Teacher:

I am enclosing an AD that may interest you with reference to a very rich Philanthropist Mr. H.R. Cullen of Houston, Texas known the world over for his continual charitable help to worthy organizations. He was at one time a very poor man-made all his money in Texas oil and wants to see people benefited while he lives. I have never met him but have felt for a long time he would endow PSYCHIANA ORGANIZATION if he could meet your personality (yes, in person), which I am sure would be a winner. In this part of the South West he has probably never heard of your beautiful work. Oh, but how I wish I could do the endowment- My lifetime dream has been to help suffering humanity - Please don't think me presumptuous for enclosing AD - it is all due to my great interest in Psychiana and especially my appreciation of the wonderful help you have given me thru your beautiful lessons- I am now on Lesson 21 and can hardly wait for the next.

With abiding faith in all you write and gratitude for the manifestations I have had please bear in mind I am an ardent pupil of yours.

With best wishes and kind regards,

Gratefully yours,

Mrs. Margaret J. Pool

AN ENDORSEMENT OF

GEORGE PEDDY

for

U. S. Senate

GEORGE PEDDY

H. R. Cullen of Houston, public benefactor and patriotic citizen, who with his wife, has demonstrated time and again, his strong desire to maintain the ideals of our constitutional system, as well as his deep concern and feeling for his fellow man, regardless of race, color or creed, believes we are again facing a world crisis and that it is imperative that a statesman with the courage and conviction to state publicly his views on these important matters should represent us in the U. S. Senate.

By hard work, perseverance and good fortune under the American system which Mr. Cullen loves, he has risen to a position of wealth and prominence. He and his wife believe they are trustees and should for good and charitable purposes, give of their wealth to help educate the young, to help heal and administer to the aged, sick and unfortunate and to provide for the benefit of mankind. Mr. and Mrs. Cullen have contributed magnificently of their wealth without distinction for religion, race or color. They have helped provide hospitals and schools for Baptists, Methodists, Episcopalians, Catholics and others without distinction as to denomination. They have given generously to the building of schools and other institutions for the Negro people. These acts of generosity have made them beloved and respected by people in every station of life throughout Texas and the United States.

Mr. and Mrs. Cullen know that under our system of government men may be born in humble circumstances and yet rise to positions of eminence and respect. They know that many such men have helped to make this the greatest nation on earth. They want to keep it that way. In view of these beliefs and after full and deliberate consideration of all candidates, their platforms and public statements, Mr. and Mrs. Cullen come to the definite conclusion that George Peddy with his experience and courage, is the man best qualified to represent Texas in the United States Senate. He respectfully recommends him for consideration of Texas voters in Saturday's important election in the following letter:

Hon. George Peddy
Houston 6, Texas

Dear George:

So I would be in a position to cast an intelligent vote in Saturday's primary for U. S. Senator, I have paid close attention to statements made in the press and over the radio by three candidates now running for that position, and I have come to the conclusion that the voters of this state would show good judgment if they would cast their votes for you.

Your frankness in your statements covering all national issues has appealed to me, while your opponents have been evasive in many of their statements. Our country today is in crying need of statesmen who will not think of their political fences when they cast a vote in our Congress, and I am sure you will make that kind of a Senator if elected to that most important office. So, after due deliberation, I am going to cast my vote for you on Saturday.

Sincerely yours,

H. R. CULLEN

My dear Friend and Teacher:

In Lesson No. 24, I note with profound sorrow that you may bring the lessons to a close in the near future.

Words are feeble in expressing my appreciation for the valuable assistance you have rendered me in finding the true and logical pathway to THE POWER OF THE LIVING GOD. I feel that you have given to me as well as to your vast number of followers a precious gift-yes, a legacy through life in teaching us the logical Creed in finding God. That Creed can change the most destitue conditions of mankind to the greatest of blessings. I am having wonderful manifestations and must tell you of the latest. My brother of Dayton, Ohio, who is an Inventor and Civil Engineer had been greatly depressed for lack of work the past few months. He made a recent trip to So. Dakota to sell some land and he is not by any means a salesman so I prayed daily for his success -that The Power Of God would go into action in his every word and action for a wonderful sale. He was there just four days when the deal was closed and a double amount was rec'd for the property, far more than he had expected. My brother knows very little of ~~you~~ the teachings of PSYCHIANA only what I have given him thru correspondence. I suggested that he use the beautiful Affirmation daily, "I BELIEVE IN THE POWER OF THE LIVING GOD." MY lasting appreciation to a just God and to YOU for the wonderful blessing!

Enclosed please find a list of names. I do not know No. 1, Mr. Halsell-his name was given to me by a friend. Do not mention my name to him. Thank you.

Wishing you every success in the most valuable and exalted position in life, I am with kindest regards

Gentlemen,

When I signed my application for enrollment as a student of Psychiana, I agreed to report any interesting result of my study. After less than twenty four hours of following your instructions I have three interesting facts to report. First, a tumor which manifested itself as two small lumps and a very sore spot in the palm of my left hand seems to be healing. One of the two lumps had completely disappeared this morning, the other seems much smaller. I noted this fact particularly because I showed both of them to my son yesterday, saying "my faith in the Spirit of God is going to heal this sore in my hand". When I showed him and the other children that one lump was gone, they could

hardly believe their eyes.

The second result is a spiritual uplift - a stronger feeling of confidence and ability than I have ever before experienced.

The third is a dream I dreamed as I was waking this morning. I seemed to be walking hand in hand with a man. He seemed to be more than an ordinary friend, for I walked by his side with the utmost confidence. There seemed to be many people about, yet we seemed to be alone - perhaps detached is the term to use. We stopped walking, and I looked up to see why. He took hold of my two hands, doubled them into fists and holding them firmly inside his own, began to lift me off my feet, till I could see over the heads of the other people. I looked far ahead, and saw in the distance what appeared to be a large city. This city was well planned, neat in appearance, and compact. To my surprise, the city did not appear to be above the level of the place where we

stood, but was actually on a lower level. I had to look down to see it. I don't remember what there was about it that was different from any other city, but I do remember that I gave a cry of glad surprise, and when I was set on my feet once more, I turned and embraced the friends who had lifted me above the crowd and made the vision possible.

If a miracle of healing follows the reading of the very first lesson, what may I not expect as I continue to learn about the Power of the Spirit of the Living God?

your very sincere student,

(Mrs.) Laura M. Poole.

Dear Dr. Robinson,

In answer to "Special Instructions for Lesson Three". Although I have not practiced the Psychiana Lessons to the fullest, I believe I have had the first manifestation of the presence of the spirit of God within me. A surging power seemed to take possession of by being during one of my periods of meditation followed by ~~an forward and backward~~ and rotating movement of the head with the resultant feeling of being made whole."

I believe I can honestly say I have been unselfish in my search for a living God. I have been a member of a study group for years and this year I was given the subject of "Cults" for my part of our years program. "They Have Found a Faith" was one of the sources of my information and I am happy to have been lead to the chapter on "Psychiana".

Dear Sirs:-

Received my 20th lesson last week. I want to certainly thank you for these very inspiring and interesting lessons, and I know I have gained so much from them. First of all, my desire was to gain hearing back. After suffering over 20 years with ear trouble and almost deaf I can enjoy the privileges of hearing better again and in every way I have noticed a change. I can feel too that God is leading me and certainly can recognize ~~his~~ its presence in me. Our life is much more

peaceful and harmonious.

About having secret meetings, well, I can't go ahead on that, as the only one that I know of that has taken the Psychokinesis course is Mrs Carl Credland and she lives 60 miles away. I did not want to advertise through papers about who else is taking it as you advised me due to the fact that every one has their religion and if any one is advised different they look upon me as one going in the wrong direction. You see I want to prove it more & more in my natural ways that a change is making my life more pleasant and healthier, I am working for research now and I

know I will succeed.

I won't be able to take the new course in Psychiana now because of financial difficulties but I do hope to take it later on in a book form. This I'm sure will prove more ~~convenient~~ ^{convenient}. We have some very pressing bills that we need to put our every cent in so I will wait awhile but am using the power I know in my daily life and it sure feels good to have a leader that leads me every minute. I haven't known of failure for the past several months. Dr. Robinson brought me closer to God than I have ever been. Thanks to him for helping me

find it.

After a few days I am going to send the poem I wrote about the Psychiana course. I'm sure he's quite busy at this time.

I want to thank you for all the trouble you have had in taking care of mailing each lesson.

Sincerely yours

Dear friend & teacher. I am enclosing \$4.50 for 2 months literature and will send you ~~you~~ more as it is due. I thank you for waiting.

I know the financial affairs will clear up for me soon. I am not in the best world. Which seems strange to even me as I think of the situation that I am encountering. There seems to be no worry feeling in me now. and no fear.

My sons have joined the armed forces without my knowing about it. both made me an abatement. If that is what they want I am 100% back of them. My children are ever thing to me. and this wonderful life spirit I love so well is such comfort to me.

I own some property in an oil country I just learned there is to be a field opened soon where my land is. I feel I can soon be able to purchase more & more reading matter from Dr Robinson. over

84/1018
This is the most wonderful way
I ever experienced. I know I
will encounter more & more
success and happiness. I love
quiet hours. I am home quite a
lot by my self.

One of my very quiet moments
I was without a doubt told to
read the Robinsons book
(Blood on the tail of a pig). I
have been in contact with the life
spirit at different times.

It's all so wonderful. I wish I
might see these teachings taught
even when just as people have tried
to teach the bible. There would be
more ignorance & illiteracy in this
world if such was the fact.

I did not mean to write so much.
So good bye for present.

Dr. Robinson, Teacher & friend.
Now that I have finished my lessons, I
feel ~~that~~ a desire to write to you of Psychionia.
I am so very happy that I, after quite a
time did get in contact with you. and I have
had a few experiences lately I desire to tell
you of.

I had a very dear friend in town who was
lying very low at the point of death a short
while ago. I was to see her. and she was
talking about the psychionia work and she
wanted to read one of my lessons so I left it
with her but she never was able to read it.
but what I want to tell you is. when I got my
lesson & went up town to come home. I
stopped in a bank & laid my lesson down
& for got to pick it up when I started. so as I
left the bank it began to rain & kept
raining harder so I stepped under an
awning until the shower should be over
it just kept raining more & more. looked on
it was going to be a very, bad rain storm
the clouds being very heavy. I was talking
with a lady standing there. I noticed I
had left my lesson in the bank. I said. O.
I left my book back in the bank so I just
started back. I was 2 or 3 doors from

the bank. I never noticed any more about the rain. I went in & got my lesson come out & to my surprise it was not raining any more. I did all I had gone to town for, come home without getting at all rained on.

I have so many experiences that I just stop words. The Psychical way is so very marvelous. I wish to relate another experience.

After I finished my first course in lessons. I became a little careless. seemed I had nothing to do only be happy. and truly how I am happier than before this experience but not neglectful. I do not want to forget anymore. For a short time things seemed to begin to go wrong. and I realized I was ~~to~~ thoughtless so at once I started on an affirmation repeated all time day & night when awake for about 2 wks. one day while repeating this affirmation there was a still small voice inside me seemed to be which spoke the words, "Your desires are heard: it was not a voice of any human being. and I was not frightened but I. so happy. to know my wish or prayer was heard."

I never was so happy in my life as I am right now. I love a quiet life. I love to know with out a doubt that the power of a living God is right here for ours use now, its something to make one happy.

I know there is a great deal more in for me than I have yet wit recid.

I could write all day telling you of so many things that are happening in different ways concerning people who I am deeply interested in. some of them have actually hit a better road in life than they had, had since I have known them. I guess I had better close. Hoping scores of good people get the opportunity as I did to learn of the Psychidra way.

any part of my letters you wish to reprint ^{for} the benefit of others please do so.

Very Respect, your friend
Mrs Bell, Patts.

P.S. I wish at this time to mention another important happening which I am so very happy about. in 1944 when my son was sent to the pacific war. I became almost
over come

(over)

with a very bad stomach trouble.
 which lasted for 3 years or longer.
 so after I learned of the psychionics
 religion, and other things, for the better
 in my life kept hoping, but my
 bad stomach trouble seemed to be no
 better. one day when I was alone, I
 was experiencing a very worrisome
 time with my stomach, so I just spoke
 these words to my self. "That when I
 had reason enough to ~~go~~ not die,
 obey the law of nature by over
 eating & drinking I would receive
 a spiritual cure, and to my delight
 right then I felt a marvelous change
 & I wish to state I eat & drink about
 any thing I desire now. but of course I
 am a little careful after the statement I
 uttered. There had been for 3 years
 I had hardly eaten solid food. had
 lived mostly on milk. I know its
 spiritual healing & was not using
 any medicine only something for
 temporary relief. It works believe
 me.

Dear Mr. Robinson:

Our studies of your course "psychiana" has given us a new way. The old is now seemingly distant and indistinct. Our thoughts, our ways, our appearances are new. Changes have taken place in our homes and in our affairs. We can look straight forward with confidence knowing that THE POWER OF THE SPIRIT OF THE LIVING GOD LIVING IN US can and will provide our every need.

We are now studying lesson #21. Will you send us please your advise for further enlightenment.

When a person is beginning to contact The Realm of The infinite Spirit of God, many rather unusual Spiritual manifestations come to that person. This, however, is only proof that he or she is beginning to get close to The Realm of Almighty God.

To The "Psychic" Religion
Frank B. Robinson
Moscow, Idaho

Dear Mr. Robinson:

I received your first lessons for which I thank you. Previous to my enrollment as a student, I must admit, that I had already experienced what our Lord Jesus Christ can do for us by believing in Him through love and faith. I lost my fear, I often was healed, whenever something acted me. I just repeated these few words - "Oh! Lord, you are my healer and I trust in you." And the pain disappeared entirely. He gave me wisdom and understanding in all my actions. I don't feel lonely anymore, and I am full of hope for the future, trusting in Him in all things what I may wish for. All this may sound to you very childish, but all this has given me joy to be alive, although the world is full with hatred. Therefore, I am interested to study the Power of God, if it can help to destroy the Power of evil and war. For myself I would have had enough joy trusting in the Lord in all things, But we must not think of our own happiness. I want this world to be at peace

with everybody just what our Lord wanted it.

Therefore I am willing to take all your losses.
I am enclosing a P. O. \$ 34.00 for same.

Yours truly

Julia S. Prashnka

P.S. It may interest you to know that last September whilst having a nap I seemed to see my room surrounded by clouds, and our Lord Jesus Christ was stretching out his arms towards me to welcome me, and there was also a few chorus boys on one side. I saw the same thing the whole week. When I mentioned this incident at the mission where I found the Lord, they told me that none of the members experienced this vision. Does it signify anything? Or is it because I was born veiled (covered with a skin) which means "blessed or lucky".

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power. Remember that The Spirit of God is sustaining you and will not fail you.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Dr Robinson

I have hesitated to write for I know you are so busy.

But I must write you now does the God low exist. indeed it does. Thanks to you Dr I am finding the way God Bless you.

A short time ago I was attending at a confinement. Two Dr's after the first delivery that was handed to me.

I looked at the Doctor & said. "do you wish me to wait for the other baby" "he said there is no other baby."

I placed the Babe on a table in an adjoining room. "I heard the second child cry." the expression on the faces of both Dr's when they came in to me was astounding. One said. "how did you know there was another child" we did not.

A short time ago I was resting when a "Voice" told me to get up and go to the door. I did. the ceiling of the Plastered room fell on the Bed washing it to the floor.

I was working a Problem out did not seem to get the answer so standing quittley I ask for help. I was very still & I heard a

Rustling" sound seem to join another rustling sound then I vibrated all over when my eyes, my arm was at my side was lifted and I wrote my answer on the pad in front of me.

These are just a few
 a lady who is a stranger to me said she had second sight, said there is five people around ^{ME} me at all times. She said I could not see them but she did. "I feel them"

God. love is most wonderful
 I hold you in thought every night hope you will be interested in all this.

Am I going to deep Dr Robertson
 or am I all right, P

Please let me hear.
 I vibrate so strong at times it frightens me.

Dear Dr. Robinson,
I am writing you to let you know of the many changes that has taken place since I have studied your course in psychiana. I wrote to you last Spring about a sick friend of mine at least my boy friend that the Doctors were sending to Milwaukee, Wisconsin for treatment. I had a letter from him in April stating that he was back home again and was doing fine but he could not work for some time although he says that he has been improving every since he came home I have not heard from him since but I guess he is

still improving but I am expecting to hear from him or see him pretty soon one

In June I received twenty dollars that I was not expecting on some lumber that the saw mill cut and left on my premises. The twenty dollars (\$20) was for rent or damage.

The first of August mamma sent the buggy to Grenada and had a bed made for it. Uncle brought ~~to~~ ^{the} buggy to us the fourth (4th) Sunday in August. The 3rd. Sunday some one left our pasture gap open and our horse got out. After an unsuccessful attempt to get the horse Monday and Tuesday The God Saw able us to catch her Thursday.

Saturday before the fourth (4th) Sunday The God Saw able us to get a man to clean out our spring for us. The God Saw really works I sure thank you for your wonderful course

My dear Mrs. Quarles:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Help

Dear Dr Robinson
Some years ago I study
your Lessons I learn something
about God I read and reread
them I surely did the best
thing I ever did I do trust
God Low. for 2 years I had a
steady job I had a little
money in the bank to purch-
ase a car and for order some
books from Psychiana Religions
and to Repairs the Home, and
this is what happening to me
last year in June 1, 1947 I was
stricken down severe very bad
with dizzy spell that keep me
for 7 months. many People think
I was going to die But I did
not. What I did was find

and use the strange Power
of the God Law and today
I began to feel better and I
expect to be well soon again
to work again. I do trust the
living god spirit, and not
what the people say to go
and pray, that's a wrong thing
I thought ⁱⁿ praying to a god man ^{many} in written to you
in September but I was unable
to see or unable to work
but today I work slow and
see some, as I now the god
Law works and know he is
part of me and will supply
all my needs it is truly very
wonderful.

I am sincerely yours

Dear Dr. Robinson:-

I have the third lesson, and I have received much enlightenment, but I may not have made as much progress as some of your pupils - I have had so many interruptions.

I never understood before that the "Spirit of God" was within us. I am so glad to know that - it explains many things.

I've always thought God sent Jesus in human ^{form} to show us what Jesus told us God said do, could be done - and why we haven't had faith enough to do it, is a great mystery.

I teach in the Methodist Sunday school - They need teachers so much I tell them as much of your lessons, as I can, but at this time I do not think I could get a group in my home to hear the lessons read, but may be later.

This is a small village, not many
white persons here. Most of them
are interested in crops, ball,
movies, autos-etc. etc.

But God is certainly good to this
place in the matter of crops.

I have sent \$1.00 and \$3.00, and I
want to send the balance in a
few days - I hope you will accept
it at this late date. I want to
get off my mind.

I am sorry to tell you, I've been
sick for several days, but am much
better now. I think I over-worked
in the heat, I am not as young
as I once was.

Your interpretation of the Bible should
revolutionize living in the world.

I'll write again in a few days.
Please excuse using both sides
of the paper.

Cordially and sincerely,

M. H. Quattlebaum,

Sherrill, Ark.
