My dear Mrs. Safelsberg:

Thank you for your good letter of recent date. It was good to hear from you.

If you actually believe that The Power of The Almighty can instantly heal any disease you might have, it would not take you five seconds to claim that healing. So, in addition to holding the thought that you are going to be healed, you are going to have to act as if you already had received the answer to your sickness. It is the acting as if you had received it which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

If you knew how many thousands of people write to us as you did you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit the earth will be a paradise.

WEATHER PALSY HITS CONTINENT

NEW YORK, Jan. 6—(AP)—The whole North American continent has had a bad case of jitters for the past two weeks—and it has nothing to do with holiday celebrating.

The shaking of the earth is weather palsy — “microseisms” in scientific language — says Father Joseph J. Lynch, Fordham University’s earthquake expert.

“It’s probably the worst it’s been in history,” the seismologist said last night. “There’s been a sustained vibration of the whole continent for two weeks.”

Father Lynch, whose earthquake recording instruments have been on a binge, explained that the continual rockings of the earth are caused by heavy storm conditions and weather changes.

“We don’t know just what causes these reactions on the earth,” he said. “Somehow, the air disturbances produce a rhythmic movement of the ground.”

It has been impossible to tell from Father Lynch’s seismograph machines just what the needle readings indicate.

The needle continually has been making marks half an inch long—greater than the reading produced by a minor quake—so he can’t tell whether there is a snowstorm in Cleveand or an earth tremor in Virginia.

But it’s happened before—although not as bad—and Father Lynch hasn’t given up hope that his machines will reform.

Most Reverent,

Never before have I knowned such intire truths or have actually seened the manifestations following until going recrd by recrd carefully through each of these three lessons with God. Never before have such truth strucked me as some power force unseeend as has these lessons has did.

Now as I return back I am not in question just why all those years were' wast most at all of constructive or progressive. I now understand just why from one prison to another I blindly found my way. I can understaf why many then far more care-ful with God, & people whom I followed a constructive pattern in life died at an early year or suffered all types of illness. Never have I found the freedom of will as at this very moment.

Not only have I actually in the last few weeks found this freedom of work which all these years had been dominated by other material nothings after all, but I can say where a great problems faced me in the work I have been doing on and invention for the past eight months. Now all the parts simply drop into place. In my next letter I hope to take up with you this amazing some would phrase these manifestation puzzle parts I could not find and fit to working order, fall now simple in position.

Yes I have put on you powerful lessons, these keys to the Kingdom of God, here. There now can be no more darkness, ahead there is light a blazing glory. I hope to be a disciple of your school not only during my further lessons but to carry on later also after this so that I may reach the full glory of that light. Hoping to hear soon from you, I am always a disciple.

Dear-
Mr Robinson

file about

There is now so much to bring to you especially now in detail on progress from each lesson, which I have been getting well in order. I have discovered by equally dividing that part of the lesson each day with the work on the invention bring me completely in constant touch with those facts as found in and beyond my lessons. However I cannot say to strongly, I have found hidden in each lesson this truth also, fundamentally both the power of god and that of the power of his spirit is solid one perfect substance. A few days ago I placed upon my bunk a part of the model in a sense of disgust. Months had I made a constant effort to find the reply that would solve the problem confronting and hindering progressive development of the fixed model. I walked a number of times down and up back and forth in my cell, seeking the answer. Remember before me there were many constructed fashions already made

These later had to be discarded, not the
fit. Then taking or reaching out to
take up the part in question there before
my eyes in position by my hand
in disgust but yet not my own hand
at that was the reply, the reply I had
all those months sit. Simple en-
deed so. Believe me then I thank our
father in no un-certain praise
I was struck with the similarity
of the substance of gods spiritual
movements as that of his power of act-
ion. You see since becoming a member
of our truth school of all this expression
of action placed at our disposal through
God success has followed success my
Robinson. Oh yes in my last letter I
promised to bring you back and up to day or
since my sentence here. I shall positive
in my next I would like you to see in this
wise, until you see the model and its purpose
that for years has been found that all auto
accidents is due to the wheels, in all such
cases actually. Well Mr Robinson. I think
yes sure, I just a common man, in prior
I have found the amazing answer in my model
to that great problem. May God keep all bless
you ever. Cordially yours, Edward Sampson 29386

Dear Mr. Robinson -

I am quite happy to say that lesson 13 was received. I know you will also feel wonderful when I say that as I become more familiar with God now, I not only find in Him a ready responsive reply to such questions I need his perfect advice to, but also find you are aware of that progress. This is not queer of course not now. I find that the method you so plainly prove to God is after all quite simple. True the way only to those just getting a true sight at last is long of many twists and turns, but it equally is so I find that those whom here had proof, but through degenerated reasons refused to accept the manifestation then are lead with a former step, a sure pocket of 'proofs' when these lessons and such results if daily honestly followed, find in beyond these great true teachers I will reach God far sooner. I can stand of side listen to various comments of reaching God through the Bible method. I sick at heart to see to hear thus of all the wonder proofs men still refuse so longly to awaken. I wish to say here, your prediction of the Christian church is

about to be manifest, I believe there is to be a large
meeting of these churches at Geneva within a few
months. The subject, the true way of bringing
all to God, the one almighty. To do away with the
old money making methods. They those whom
must have one don't you now find your way
is the only way. I am forwarding a model to you
Mr Robinson in looks it is simple, but when you
visualize its very vast value, its great purpose what it
solves, in accidents life, and other values to mankind
I'm sure you will see do those whom for years have
wonder when a device of it sort will be practical for use,
just think a wheel, a type of wheel that swirls, rolls all
over sidwise backward, spins, and if struck, instead
of beinging thrown over causing death or injury in the
old conventional wheel of today, a new wheel that is made
of any material, will not feel off its orbit during operation,
but really operates on one principle, no air of any kind.
Then you will see again in this simple, long lost for
development gods hand, and your lessons, I heard this
1 year of long study, many models, to you, of all in you I put
my love my trust, why you will understand my heart intends
as do God, and for the new wheel, I am not in position to
do that which will send it on its way to those whom may see
it, and its discovery. Before any one see it out side of you it
must be copyright for one dollar, a patent is not necessary
May God grant you in this to help me and bring to all my find.
God keep you, Cordially yours Edward Sampson #29376

Descriptions,

"The-Whirl-Away-Balloon-Wheel"

Unrivaled in performance.

This device which revolutionizes the general wheel industry and what its development will mean, both to that industry and the effect it will create in preventing untold accidents and deaths, can easily be seen through the vast performance of multi-direction drive controlled by a "finger-touch" device.

The Balloon Wheel can, and will, spin or rotate in any direction by the touch of hand, far beyond the imagination of those who will doubt and cling to the present day wheel to solve the problems.

There may be one two three or four of these Balloons wheels used on a body, acting in co-ordination with one another.

Should this body be struck a forceful blow, it would be rolled away from the danger of over-turning, the perfect spheres of its under-carriage making over-turning nearly impossible.

This will be your mirror, back-ward, forward, side, or around a complete circle.

How will you consist of drawings and working models that will tell you much more than my words are able to do.

Yours Respectfully

Edward Sampson 29386

Mr. Frank B. Robinson

My Dear Friend & Teacher,

So many wonderful things
have happened to me since I
started this course. I am deeply
grateful for these lessons of truth
you are sending me. - I was asleep
indeed, and only now do I
realize how much asleep I was.

I'll never be able to write what
I have experienced in detail
since; I know that the "Spirit of
God" liveth within me. It is soul
stirring. I have been following your
instruction step by step day by day
hour by hour. The Spirit of God within
me is at this very moment pulsating
through my body clear up to my fingers

where I'm holding the pen. My experience
in my Christian life, has been a life of per-
plexity. I was always puzzled about
one thing or another. But, Thank God
Almighty, through your teachings I am
free. Every morning I arise, I have my
talk with God. Ask God to dominate
my life. As I go along with my daily
chores, I am growing more and more
conscious of God. God taking care
of every little detail for me. For I
allow my self to be lost in the Spirit
of God completely. Oh what a Blessed
Life. The way you explain everything
is a joy to behold. Before I study
my lesson everyday, I take my shower,
then I sit in a comfortable chair, the
moment I pick the book up to study,
the Spirit of God begins to pulsate through
my body. I am being blessed, by the
Spirit of God daily. Every little thing I
need comes from some source or other.
Things I desire from my heart to do
for my mother & dad, is being granted
me. I know that God who is my Life
is granting me these desires. My greatest
over

happiness is ⁱⁿ that I'm growing bolder
and stronger in the knowledge of my
salvation. The greatest gift that I
can ever receive, will be when I have
satisfied the Spirit of God, within me
to such a degree, that He will give
me Power, and commission me to win
the Christian Church on this world toward
the Kingdom of God. That is my great-
est desire.

~~Dr. Robinson,~~ I am so happy I am
on the right track now. I am free.
free from doubt, free from worry, free
from the lack of necessities. "Truth," has
made me free. Praise God. I have my
third lesson now, and I hunger for every
word I read. I'm happy. This morning,
Sunday 19, I arose around 3 A.M. came
into the kitchen for some hot water to
drink, but getting back to my arising,
I arose saying, "The truth shall make you
free." I sat in my chair with hot water
and took the lesson 3 to read. As I read,
truths began to enfold to me. They al-
ways did but some how I saw clearly
this time. Clearer than I ever have. As I read
my lessons, I always see you teaching me

as God commissioned you. It seems you are in the room of less. My home is a happy one. My husband seems to be so pleased about me taking these lessons. He strives never to interrupt me. He understands, and believes, but he is studying Yoga. It seems to me that he is on the verge of studying, ~~the~~ "The Psychiana Religion".

My father is an ordained Baptist Minister, but he doesn't understand yet. But I know he will soon. My dad has ruptures in his abdomen, and he feels that there is nothing can be done until God is ready to answer prayer of healing. My Mother who, has been married to Dad practically all her life, and converted at 8 has been faithful in what she thought was right. She has a bloated stomach since her operation of child birth, and she worries about it all the time. My desire is that I be so filled with the consciousness of the Spirit of God, that I, through the Power of God, will be able to heal them both. Maybe they will both see how wrong they were, and begin to try to find the consciousness of the Spirit of God within them. From time to time I say things that you have said to me, but I can see they don't fully understand. Then maybe Dad will step out, boldly and preach the Message that Jesus brought to the world from God. I'm going to close now. Thanks for everything. I honestly do believe in the Power of the Living God. I'm so happy.

Sincerely - Your Happy Free Student

Dear Dr. Robinson.

Have you good lesson no.

I have followed up many
Evangelists. The Elvost Ministry,

There I saw a lady by the
name of Mrs. Winrad herself
told the story how she was
healed of a very bad case of
Cancer she lived in Wichita
Kansas, I read the story

2) Hurbaerts Bible story.
But the one I derived most
of was Mr. Edwin O R R
Can god, 10,000 Miles of
Mercole in Britain, and
many many more such things,
I to was in search for the
truth. Now at last I found
in your teaching that it is
utterly impossible for us
to rely absolutely on the
god-saw for any thing with-
out receiving it. The god-saw
works, I have sent out healing
thoughts to different people and
I get a letter saying I am
getting better keep up the good
thoughts. Thanks Dr. Robinson
for coming to my door bring
that dynamic god-saw.
My daughter that is so in
love with your teachings

3) The god-sow is working in

being affected throu her read-
ing of your wonderful work
She says this is something
that I have looked for all
my life time 50 years and
at last I have found that
blessed truth, your work
is reaching far and near
I am spreading it the best
I know how and you are
helping me really trusting
in the living god-sow.

Dear Sirs:

Thank you so much for your help. The night I wired you and the night before we did not expect that Miss Garsen would live, however the day after I wired to you she was over the crisis. She has been very ill all this last week, and so I postponed writing to you. But she is much better than she was. The operation was not successful, however.

These people are very worthy people, honest and intelligent and

very understanding. There is a large family - six children - but the youngest girl, Agnes, was born a "blue baby". She is now in her twenties and is a lovely girl, but she is not well because of this leaky heart condition. They are from my home in Buffalo, Wyoming. The mother brought her daughter to San Francisco for this famous heart operation, but they could not help her condition as they had had thought they could.

We are so happy that Agnes is alive and with us, and I feel it was with your aid that she pulled through.

If only the power of God would make her entirely well. I don't

see why it does not. But some miracle may occur yet, as she has many weeks yet in the hospital.

I myself have everything that I want, and these things have come to me since I have been studying with Mr. Robinson. Almost everything, that is - a lovely home, a good income, happiness and good health, excepting that I am losing my hearing. But the doctors expected that years ago. We are moving to Fairfax, California, where the climate is better, as they say the dampness in San Francisco has affected my hearing. That may be God's way of helping

me to regain my hearing as I
feel a dry climate may bring
it back. I am greatly interested
in helping others and have
neglected myself so that may
be why I have not received
aid.

Thank you again for your
help. I know the power of God
saved her life. If people
would only learn to respect
and use this power we would
not have the conditions that
we have today.

Sincerely yours,
Lucile Satter

Dear Dr. Robinson,

I have been intending to write you now for some time, but various duties and certain problems in connection with my work have kept me from getting down to the task of writing you before.

I have been studying my lessons very carefully and following my instructions to the letter. I am now on Lesson No. 5. I must admit that a lot of it is way over my head, so to speak, and I seem to feel so defeated at times. Since starting my lessons there has been a definite change in my life I can see that. My work has

practically doubled in capacity. By this I mean I had gotten to the point where I really couldn't take on any more or do as much as I was asked to do. My work is catering on a small scale but I can enlarge it and that is utmost in my mind to do at present. My only draw-back is financial reasons only and I seem to be very impatient that things won't materialize fast enough for me to ~~successful~~ fulfill my desires.

In Lesson No. 5 I have been instructed as you know to "Quietly say: Spirit of the Living God in me - Reveal your-self to me Please. My response is a throbbing sensation of which I can not explain. I feel as if I am about to burst like a balloon that has been blown up to the fullest extent. It is a definite thrill. My question is: "Is this the electrifying Power that you imply? To-night while I was spending my daily time with God my bed side light went out like a flash I did not stop my concentration but after my request it came on again as quietly as though I had turned it on.

Why is it I feel so hesitant about asking others to join me in my studies as you suggest? I don't feel that I understand as fully as I should is why I don't discuss it with any one. Perhaps I am wrong. I do hope you will take time out of your vast duties to enlighten me on the questions I have asked.

yours respectfully.

I am writing to you personally. I am very glad and proud of your teaching. For years, I have had this, that bothered me. But now I think God, I know that you teach the real truth.

In my first lesson I got from you, I seen God in spirit. I talked to him. Before I met with you, I was wishing to meet with some one that would explain me the real truth, like you.

I am very thankful til this minute, for I know God hears me in every thing that I have asked him and he has put pictures before me to let me know what's coming

I have cured my children and my

Dear Dr. B. Robinson.

Am sending 10 dollars. Sorry you had to wait so long to hear from me. I am not much for writing letters. My hand writing is poor. We had my mother-in-law in the hospital had a cancer & now is doing nicely. The doctors could not get over that. I went to see her & I put my hands on her head & said those dear words ^{you} told me to say. Through the power of the living God I command you to be whole. They sure are wonderful words. Sorry to hear that your daughter was in the hospital. I know the power of the living God will help her get well again. Send my love to your daughter. I wish we had a car so we could go in the country for a nice ride. But I can not afford one. The price is so high. But the power of the living God will help us get one soon. Don't think I am only thinking of a car. But they are nice to have. Things are doing nicely so far. Wish you all the luck with every thing you do. Will write soon again.

Dear Dr Robinson.

No doubt you have been wondering what kind of a Guy you was talking to in your lessons never hearing from me.

There were several reasons first I have been sick with stomach trouble for over five years could do nothing spent 2 months in hospittle when starting your lessons after starting the lessons started getting well. being a carpenter built a three room house spaded up a garden 50 by 125 ft and tended it and was successful in doing both so I am a very poor hand at writing letters, had nothing realy to write about as your lessons told just about what

I wanted to know will say
that I found them very interesting
and instructive.

and as to what they have done
for me will leave it for you
to judge, as not being able to
do any thing for five years besides
doing all the work that I told
you about I picked 1800 lbs of
cherries climbing 18 and 20 ft

strong power that helped me
do that. I am just seventy three

Dear Dr. Robinson:

Received the

other day notice from your son, regarding my inquiry. Sorry he missed the answer to my queries if you have these lessons in the German language too, as I would love to send them to my folks at home, because I know that your desire is that you would like your teaching be known nationally & internationally.

Your new Psychiana Lesson are of such beauty & simplicity & power that I can find no words of expression.

Just one hour ago I disguised your
teaching with my personal physician
& told him of the great healing
power within a human being,
also that you healed all kinds
of diseases cancer & ect. provided
the pat. had the required faith.
I gave him purposely lesson 24 -
where you described that out-
standing physician recognize the
great healing power within a
person. He does not believe such
a thing exists as healing of cancer,
he denies it a thousandth times,
he only believes it if you can
show it to him, if you can
personally prove to him. I ask
him if he can see a thought,
if he can see anything spiritual.

, but no go. I told him just to
keep his ignorance & I still
keep on believing in a great
healing power within. I do
hope I be able sometimes
to demonstrate a healing of
cancer to him, as long as
his slogan is - seeing is be-
lieving. But I am happy as
ever even if I could not gain
him for Psychiana, there will
be others.

My best wishes as ever,

Dear Dr. Robinson:..

I don't know how to thank you for the wonderful work you are doing. You see I have received only two lessons so far and already I have had amazing results. Here is my story:..

On August 7, 1948 - this year my 10 year old son was accidentally shot and critically wounded with a 30-30 caliber rifle. The bullet went through his body across the back from the right to the left side as a result it shattered a

vertebrae. The doctor didn't expect him to live but he is alive now and is recovering. You see, I asked that his life be spared and my Prayers were answered. As for myself - I have been suffering from a nervous condition for some time and now I feel better than I have for a long time. The night the accident happened I didn't cry - I just kept saying "He's going to be alright - God will make him alright." All through those dark hours when he hovered between life and death with us at his bedside - I kept Faith, and

although it will be quite
sometime before he is well
enough to romp and play like
other children. I still say "I
Thank Thee Father." There is only
one drawback to this letter which
I will tell you also. My brother
in law tells me now that I
don't love my children because
I did not cry at the hospital
that night. instead of crying I
tried to comfort my brother who
was the one who shot my son.
I feel no hate for my brother
as I know he didn't mean to do
it as he loves my children too,
~~so what's~~. I still have faith
that that part will come out

alright too. I remember one
passage out of the Bible which
says "Father-forgive them, for
they know not what they do."
I know someday the Father will
make them realize the truth."
And now Mr. Robinson I will
close. Thanking you again.

My dear Mrs. Schwab,

Thank you for your good letter of recent date and for your remittance of \$10.00. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

May the Spirit of infinite Peace be with you always.

Dear Sir:

Am enrolling in your Master Lesson series. I should so like to pay the cash but at present am forced to use the payment plan. Maybe at a later date I can discontinue the monthly payments by paying the remainder in one payment as I did with the other course.

I enjoyed the other course and did receive quite a bit of help and good from it but know I would have benefited much more if I could learn to concentrate properly. I'd have my mind entirely clear but would no more than get started on my confirmations or waiting period than my mind would be swarming with other thoughts and I wouldn't seem to be able to clear them out for awhile. Could you give me any more definite advice on that?

File

I know I will be benefited by the Master Lesson series and do hope in delving further into the Teachings I can overcome the trouble of not being able to concentrate properly.

It is always thoughts about what I want to do in my home, about things connected with my social activities, sewing or knitting, friends etc. All pleasant thoughts but I do not want them to intrude on my time spent with my lessons or application of the teachings of the lessons.

Best wishes for continued success.

\$5.00 for Phychina.

Just wanted to let you know that every thing is starting to change, I am beginning to notice it in little things.

I have been doing little things unconsciously, for no apparent reason - and find that what I have done is for a very good reason. Its as though something is leading me on.

I am feeling wonderful - have such a

feeling of confidence - I think its wonderful.

Its hard for me to do too much consetration, because we live in a two family house, and I have two children, but its working just the same, maybe its because of my great need.

When I do have my quiet periods, I seem to get the queerest feeling. It feels as though I am being lifted up. Along with that I have a tingling feeling. Does this mean anything? Whatever it is, its a wonderful feeling.

Dr. Roberson, will close for now - Just want

to let you know, when I hit

I received a reply from The Editor of the Daily Chronicle with respect to the letter I sent for publication over two months ago in which he stated:—"In accordance with a notice published by the Official Gazette and the local Press no money orders will be allowed for overseas travel and miscellaneous items except in a very special cases." This is because of the dollar situation presently why the Treasury could hardly grant my request. I am thinking whether or not I should send you B.G. Currency.

Dear Friend & Teacher

During my stay away in the wilderness where I worked, I have had a fair break in my daily communion with the Spirit of God.

I find myself engaged in a certain work. Writing out lectures regarding the creeds & doctrines of the Christian religion, giving an entirely different interpretation to them. As I stated: "Christ delivered to the Human Race a true message of God the Father. But the ancients could not understand him. They believed in a Personality God. Thus, they accepted these truths according to the extent of their belief of Who and What God is. Today man refuses to accept as truth the religion that is given to him by the Church. Therefore, an ~~entirely~~ entirely different interpretation and understanding is needed. In this manner, I am trying to fulfill; but not to condemn."

As these ideas come to me I am writing them down. They may serve the purpose in, at least, helping me to grasp the clearer picture. I am sending you two copies of my own interpretation, by that you will see exactly the work I am doing.

The Spirit in me is to go forward. And I will hang on! I will hang on! A few weeks ago many people heard me when I shouted ^{several times} to a discouraging friend. "I will hang on even alone in my resolve!"

Sincerely Your Friend & Student

Dear Dr. Robinson:

I am going to take up some of your valuable time, so if you will kindly bear with me, I will be forever grateful. I havent written you before, and I wont bother you again,--honest.

I am now on Lesson 14th. I especially like and re-read Lessons 11, 12, & 13, they do a lot for me, also Lessons 1, 2, 3.

First, I want to give you a brief, (I trust), sketch of my abnormal childhood. I have no pleasant memories, whatsoever, of my childhood days. My father was a strict Catholic. We three youngsters were repeatedly told that if we didn't go to Church every Sunday, and believe everything in the Catholic religion, we would go to Hell, and burn ever lastingly. The Catholic Church, as you no doubt know, is founded and conducted on "Fear". Needless to say I quit the Church as soon as I was on my own, which was when I was 18, I am now passed 50. Not long before my father passed away, he told me I definetely was headed for Hell, because I had not followed the Catholic religion. Father was born in Germany, coming to this country as a very young child. Mother was born in England, coming to this country when eighteen. She was a convert, of course, joining the Catholic church before she and Father were married. After my two brothers and myself were born her doctor told her another child would mean her life. She followed her Doctors advise, then as you possibly may know, was not considered a Catholic, feeling unjustly condemned, and rightly so, she never went to church again. Each Sunday morning, all thru breakfast we children listened to a terrific quarrel, and heard the old familiar statement, which was directed to Mother, "You are going to Hell, and burn over and over, forever." Of course, I did not know the reason she didn't go to Church, till long after I was married. As a small child I began to wonder what sort of a God, this God was, to be so cruel, so unjust, I didn't think I liked him, at all. As you have written, " I didn't want any part of that God". We all, including Mother, belonged, body and soul, to my father. He and God, in other words. You spoke of your father beating you, in one of your Lessons, and that you put your arms around him, when he was exhausted from the exertion,-- why, we wouldn't have dared do such a thing, had we attempted such a thing, he would have that we had some ulterior motive back of it, and would have gotten more of the "big stick". How, I remember that big hard stick! It made no difference where it happened to strike. Mother, with her cold English reserve, and father with his egotism, dominance, we youngsters didn't have a chance. All expressions of love, or devotion, and the mere thot and wonder of sex, were absolutely hush-hush, taboo. We didn't get a good night kiss, were scolded and fairly pushed into bed, and told we were bad and were " going to Hell, to burn forever". What a beautiful thot for a child to go to bed with! Many, many, times, in fact nearly always, I was unable to get to sleep, thinking of the horrible things that were going to happen to me, should I die in the night! No wonder I was ill and puny, all my childhood. Both Mother and father are gone now, God bless them, and I mean that, he has forgiven them, for "they knew not what they did". After this sort of childhood, I had a great many things to overcome. I am still "cold and aloof", to a certain extent, tho have gotten rid of a great deal of that un-natural disposition. My Son was not reared in this manner, I assure you. I cannot believe in these Church-made laws, or the

"fear", attributed to the Catholic Church, therefore, I am not a Catholic, and haven't been for years. So, I have no creeds or beliefs to obstruct me.

My main trouble with my Lessons is that I do not know what to expect, in the form of a "manifestation". For the first time, just the other night, I waited and hoped for "Something", and I received what seemed like an extra Heart beat, loud, and heavy, and a feeling of being washed of earthly trouble, Peaceful, if you will, but no still small voice came to me. Just this intirely different feeling. Was that IT? Did I get thru? That, I dont know. After the Lesson, wherein I repeat the word "Power", three times, one night I retired and repeated this word, suddenly such a wave of energy, or Power, started thru me, that I became frightened, fearing that I was not ready for anything like this "powerful something", I immediately changed my line of thot, and cast it out and away from me. Did I do the wrong thing? It has not happened since, tho I will admit I am only going at it half heartedly, I'm afraid of it, apparently.

So many wonderful, miraculous things have happened to me, some of them, long before I began your Lessons, that I know, whatsoever ye desire, believe that ye receive them, and ye shall have them,-- is the absolute truth. Just before I started your Lessons, my husband had cancer of the tongue. I felt at that time, I needed something powerful to help with his cure. He was given a 50-50 chance of cure. HE IS CURED! This occured last Febr. Whether it was the Radium treatments, or my faith--- I am so inclined to think it was my faith. Tho most of this was completed before I had started your Lessons. I have had some of this, shall I say "idea", long before. My Son, after over three years in the Air Force, by a miracle, not a coincidence, as some might think, was just getting on the train, after his last leave, and at that very instant V-J whistles sounded! I believed and prayed, devoutly, all along that he wouldn't have to go overseas. Perhaps that was selfish, I have intimate friends who lost sons in this last War. Anyway, THAT convinced me. NOT ANOTHER WAR, please, God. My eyes are bothering me right now, I am a great reader, couldn't exist if I ever became unable to read. I refuse to wear glasses. I am bowing, I would like, so much, to excel in this good clean sport. I am lousy, to use my word. My ankles were all swollen, last night from bowling. I put in the Word. They are practically normal today. I am going to bowl tomorrow. I want to bowl, expertly! Is that trivial? Perhaps.

Sorry to have gone into this so extensively, Dr. Robinson, I have told you more than I have ever breathed to any living soul before. Thank you for your time. May I hear as to whether this so-called different something, I have experienced means I am begining to get thru to the Spirit of the Living God within me?

Sincerely,

Mrs. A. H. Seeds

Didn't realise I was going to carry on to such an extent. You are apt to toss it aside when you note the length of it. And I cant blame you, at that.

Dear Mr Robinson,

File sent.

For many years I was kept in the dark. I was a Preacher. But since my wife enrolled as one of Frank. B. Robinson's students, I have read a good many of your lessons, and also the books which you wrote, and I see things in a different light. I see where God put part of His Spirit into every human soul. Before they always preached "Christ the Saviour of the world," and to date they do the same preach Christ and not often mention the Spirit of God in any sermon - they preach, so they put Christ before God.

I told a Sunday School Teacher that I believe in the power of the living God, he said you must believe in Jesus Christ or you cannot be saved. I told him frankly that I take the Spirit of God for mine and he can have Christ for his.

I only live in hopes that some day I may have the pleasure of hearing you preach a sermon. I also ask this teacher if many the motto of Christ was "warred

Woman before Joseph took her
as his wife. I have read an
Article that she was married to
Herod's son Antipater, and at the
same time betrothed to Joseph, who
is already an old man with
grown sons and daughters. Antipater spends
one night with Mary goes to Rome on
official business and is confronted on
his return by charges of treason. Before
his death in prison Antipater is
informed by scriptural code messengers
that Mary is with child. Jesus is
thus legitimate grandson of Herod
and rightful claimant to the throne.
Is this any truth in this record
or not. Copy of the "Professor of

write this sometime in 1946.

I don't believe half what they preach
from the pulpit and Sunday
School is the same way.

I have a tumor in the back of my

power from the Spirit of God to remove
same. I also had a bad leg from
blood poison but is much better
had same for 12 years.

I have received all of your first course of lessons and I know of no words which express how happy I am for having the opportunity of obtaining these common sense facts which you teach. I have known for several years, that there was something more sensible and powerful than any thing taught in the Churches. In reading your lessons, I found a number

(2)

of quotations, explanations and statements of fact that bore out my convictions on many things and gave me support and further proof on subjects about which I had made statements that were far from the preachings of the Churches.

However, I am a Newspaper man and my work takes up most all my time, so, I have not studied the lessons as consistently as one should. But, I will have to say that I have studied enough to prove to me, that nothing is im-

(3)

possible when one knows how to contact The Power of The Living God, and will have undoubting faith in that Power.

I will, I expect, read the lessons over and over. And I know that the Power of God will respond when called upon from the heart, in all sincerity.

As per your offer of the 8th and 11th, I am enclosing Post Office Money order in the amount of \$6⁰⁰ which will pay my acct. in full by paying at this

Dear Dr. Robinson

This letter is in reference to the reminder you have sent me stating that if I pay \$4.50 I will be up to date on my payments.

When I enrolled I sent you \$1.00 and since then I have sent in my monthly payments and I never missed one. There has been some mistake somewhere. You have failed to send me four receipts. My last two payments were made by money order and the numbers are #52757 & #55780.

Dr. Robinson you have opened a new life for me and brought happiness to me and my family so how could I forget you or even try to put off one payment to pay other bills. Since studying your lessons and exercising them I have really lived and am happy, however I have the record sheet you have sent me to keep my account of payments and it shows that I am paid up to date. My next payment according to the sheet is on or about June 20th.

When I enrolled with "Psychiana" I was piled with bills and was low in spirit and it seemed as if it was the end of the road for me. I am thankful to The Power of The Living God in Us. Now I am slowly getting out of debt and have a brighter outlook on life. I want to thank you for your wonderful help and understanding.

My sister is 28 years old and she has been divorced and since married to another man. They are living happily but my sister is Catholic and as you know the Catholic church does not allow a divorce. My sister always felt guilty and she also told me that she could not look at any holy pictures and could not go to sleep nights for fear of dying in sin. I have talked to her and got her to study the lessons that I am receiving from you. She is an entirely different person also got her health back and goes to sleep and sleeps like a log, that is what she tells me. I am so glad for her because she was so poor in health and Spirit.

If it is at all possible for you to answer this letter I would greatly appreciate it.

Sincerely, your student

Dear Dr. Robinson;

Enclosed you will find a check for \$18.85 which covers my bill in full for lessons in Psychiana which I have already received from you, and some which I am still waiting for you to forward to me. I wanted to write before and send my check but was not able to do so. As you see by the address on this letter, I am now settled in a brand

new home in Aruba, Netherlands
West Indies. My husband
has a position here with
the Standard Oil Company
and after being separated
from him for five months,
my dream has finally come
true and I have a home
of my own.

It was after I started
to study your lessons
that these demonstrations
all took place; and I can
only say it is remarkable
how everything has turned
out so wonderful for me.
I have my own house at
last, my husband has a
fine position, we were even
able to purchase a second-
hand car in the short

time we have been here; and
 I have more friends than
 I ever dreamed I would
 have. Life is entirely
 different for me now, it
 is like a dream come
 true. I am supremely
 happy and know that
 only the God-Power
 has brought all these
 wonderful things to me.
 I am living on a beautiful
 tropical island, where
 life is a constant adventure
 and I have a great oppor-
 tunity to tell others
 of this wonderful God-Power
 which Psychiana teaches.
 I shall be anxiously
 awaiting the balance of

my lessons, as up-to-date
I have only received sixteen
or so I think. You can
check it according to my
account number. So, I do
trust I will receive the
balance soon.

I thank you for your
kind cooperation in
waiting for my payment.
God helped me to cover
this debt as He has
helped me with everything
else. God bless your organiza-

tion and may it prosper
and grow in strength.

I trust to hear soon from
you; I remain;

Very truly yours,
In the Truth,

If your mother and father are not well at the present time, remember that there exists in them more of the healing Power of the Spirit which is God than they will ever be able to use. Therefore, the only thing for them to do is to recognize this mighty but invisible Spirit of God which is within them for their use, and realize that no disease or illness can withstand this great God-Power.

of the first lesson. (mother & father)

I was ruptured or he tried I was for 8 years I was told that the symptoms were and pain. but God healed me.

The first thing I noticed was a sharp pain at that place then I said a few words to myself and the pain was gone. then a few days later a slight faint pain I said oh no. I will not doubt it. God did heal me, and to this day I am fine and work as hard as I ever did when I wear a support.

When the second lesson came I found it easier to talk to other people about God and his power. I find it easier every day to talk to some one. Thank you and God for giving me courage to keep on living for God. My husband has not had much work all the while we are all well and happy and thanks to God again for our health there has been no doctor at our house only when our children came I do not expect you

Dr. Frank B. Robinson

Dear Teacher;

I received the card stating that you received my application and remittance for enrollment.

Now today which is the twenty ninth of April (29) and the card which was mailed on the thirteenth (13) which was Tuesday after the second Sunday ^{in the mo.} Dr. Robinson it has been over a week and I haven't received the first lesson yet, as I have once said I am certainly proud of everything that you have done for me, I wish it was possible that I could visit your home maybe God will fix it so I will get to see you and tell you personally just how much I do appreciate

All that you have done for me, if it
hadn't been for you I don't know what I
would have done. because I had went
far and near and seem like no one was
doing me any good, but shortly after I
come in touch with you every thing began
to get all right, so I think you from the
bottom of my heart, you said I would and
if its not true, I am a turkey, so there
fore you know I am not a turkey, but
thank you, thank you millions and
billions of time,

In my conclusion I'll say may the
Lord bless you wonderful for your
splendid work for humanity,

My dear Mrs. Sheldon:

Thank you for your good letter of recent date. It was good to hear from you.

Thank you very much for the friend list you sent us. In doing this, you have materially helped our efforts, and I am sure that the names of the people you have sent in will be interested in receiving our free literature. If at any other time you might happen to talk to someone who is interested, do not hesitate to send us their name so that we may correspond with them. In doing this, you are definitely aiding our fight to spread The Truths of The Spirit of God. Again, thank you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Mr. Robinson:

It is time I too write you. I have done so twice before but with a little thought of what I had written - very clearly I decided as it all straightened out before my eyes - I was just sending some excess matter material to clutter up your desk and time which was so unnecessary. It seems I sometimes have trouble straightening thought out and when they are written before me - I get that confusion out of the way quickly and the answers are so clear to me. I have also written out ^{some of} your first lessons. It seems that it is my way of learning to grasp. Perhaps it's because I am slow as my 'mind' has never been 'actually' ^{trained} taught in how to do otherwise. Perhaps that is a thought worth passing on

as perhaps I may not be the only slow
grasping' individual.

First I must say, thank you - your
lessons and teachings are wonderful.
I know I can and will do better than
I have and I will. Your teachings are
very close to me. Sometimes I feel I nearly
know what you are going to bring home
next. I have experienced so much of it.
I often would sit and take stock of myself
and wondered if I were actually a little
mentally off. It was frightening - 'the
old fear theory' and I would dismiss
it quickly as possible. And all the time
I didn't know it was the very thing
that was necessary and what you are
trying so hard to bring home to me
I have ^{had} at my - ~~own~~ 'innermost tip'. Such
expressions. I can't find the proper terms.

Dr. Robinson - I have never told anyone
or quoted this before but I think you
would like to hear it. Many times I have
been so close to God - I have felt that
certain Spirit so close to me I knew
if I just put my fingers out I could

touch it. Like "waves or vibrations" or
whatever in the world it is. I have
wakened in the night with my eyes
wide open and I ~~to~~ would feel I
was actually looking into it. ^(surrounded in it) Of course
as I said I didn't know what it
was and I was frightened with
myself until you straightened me out.
Since I look back and have such
a joyous feeling to know that I have
penetrated some wall and to think
I did not know that was the foundation
of my whole life. Seems whenever I
put myself actually in that depth
of thought - things, problems or whatever
was so clearly. What I am learning to
do now is to actually put all my
thoughts in there as you are asking.
Learn an lesson 13 - They have helped
me - since at least lesson 4 - my
whole outlook has just changed. I'll
admit I am far from perfect but will
take care of that in due time being I
have been ~~so~~ taught so skillfully in
learning how. I am so anxious to
receive the remainder of the course. My
trouble has been confusion, ignorance,

and going about ^{things} plain backwards. With all three of these corrected and on the right track - things will work out wonderfully - all I can say is - "how right - how very right you are." Speaking of thinking so intensely - I have actually had spots, colors or whatever jumping before me and I was wondering if that was some physical symptoms approaching.

Mr. Robinson - That which I have witnessed and so perfectly conscious of the fact is the God-Spirit. I had these experiences far before your lessons - I am now trying to learn how I can get intelligently do every desire in that state. I am practicing and seeing the things materially in such abundance and I also realize things you want so very badly just don't 'pop up'. With patience, thought, and hard work any thing can be mastered.

I am hoping and waiting to hear your thing on death. I have had some vivid experiences I want explained to myself. One time in my life I did nursing - seeing persons pass on - I grasped a peculiar sensation I felt they were passing through - and it happened every time. So when death struck our immediate

home. it never failed again to be with me as my father was wearing away. a calmness and happiness came over him I felt so strongly. He was ~~so~~ happy and I said at the time and time and again - when one can go in that state, unconscious of any of us around - living in his own abstract realm in which he was. it must be wonderful and why should death be feared. He admitted he was not a religionist and I have heard him condemned for it and that is the very reason why I turned against present day religion. Some things I was asked to believe I was heart sick because I just felt so strongly that God wherever it is, is so good to give us so much and if it isn't a good God - why should we have to resort to such beliefs to reach him? I'd say - Dad is right or plenty good for me in my way of thinking. At least he believed in the truth only - now to honestly and knowingly do wrong and was very happy in himself that I can remember and he openly admitted he did not believe the strictest Lutheran religion that was drilled in him. I still feel his presence and that odd presence - about me at all times. So that my way

of feeling and knowing God?

I thank you Mr. Robinson - for hearing me out. I think you would like to hear of this as I believe you are the one of the few I know may understand me. My husband has nearly the identical same line of thought. He lost his parents before the age of five and told me he would gladly join the Church that could teach his beliefs but refused to do so until he sincerely found the ^{right one}. I, in my old Lutheran manner - felt deep in my heart - I advise him and that is just what I am going to do. I can believe in God alone - the one who creates us - makes the beautiful trees, grass and nourishes them. I never gave it the thought that it was actually responsible for nourishing us with life and all things necessary for life.

Thank you - and may every one be filled with your wonderful faith in God -

My Dear Dr. Robinson,

I want to try to tell you in a few words that I have truly found the power of the living God.

My Husband & I have been separated for ten years. I had to bring up our child which was 1 1/2 years old then. I have been living in a 8 room house with store front for 13 years. I have a beauty shoppe here. It made no difference what I did, I just could not make any success. I started to go away many times, but something kept me there. The house went up for Auction Sale Aug. 3rd I wanted to buy it but just could not see my way. The Owner had ask me

2nd

\$3000.00 for the place, how
ever I made up my mind I
was going to buy it but I didn't
know how. I just knew that the
power of God would provide
if I would only trust it. So here
is what happened. I got what
money I could together. My Bro. &
his wife came to my rescue. They
are lending me what ever I need
without interest, and as long as
I need to pay it back. And the
house sold for \$2200.00. So
things are really changing in
my life. I can tell any one that
I have truly found the power
of the living God.

Lots of thanks for my Certificate

3rd

I am very proud of it.

Yours truly

Mrs Nettie Childs.

I cant express how shamefull I feel about this, especially in view of the fact that your teachings has helped me so much, conditions for me are rapidly changing for the best, so much so that I wish to confide in you that although I have very little to start on I have founded a business called "Bookshelf House" a mail order business at present but with hopes that it will later be a publishing company to be proud of, because back of it all I like you, have found a chief aim, and the desire to help others find

themselves in this life. I promised myself while overseas that when I got home I was going to help the disabled veterans all I can and thanks to God and you Dr Robinson I shall be able to render this service with "Bookshelf House" and may I add also that I shall not forget Psychiana Inc. All this is just between you and I please, and I ask your forgiveness may God bless you and your good work.

Dear Dr. Robinson:

This is in acknowledgement of your telegram of last Sunday, August 15, in answer to my telegram asking for help for my husband Mr. W. S. Simpson, who was struck last Saturday by a falling ladder.

Friday

He was knocked down, loosing the use of his limbs and bleeding internally. He was very ill. He felt relief the evening after I wired you, and we both want to thank you many times for your wonderful help. The power of God is wonderful. I live each and every day in the ever present power of the living God. It is truly a wonderful life to live, and we will be sending in for your master lesson series now soon.

Since studying with you success has come to us that we never expected. We didn't have a home of our own when we started our course. But the good Lord has truly blessed us and is blessing us more and more. We have our own home now and it is nearly paid for. Thank you many times for all the lessons that we have received from you. They have been read over and over again.

We have learned how to look to the good Lord for everything we need now, and success is coming our way more and more, praise the Lord. I sent you a telegram several years ago when I had Varecose veins, but they are all gone now. The good lord has healed me. I go to him for others and they recover.

I want to tell you about the WAY. It is wonderful. I read it over and over. I received my first

magazine in June and we treasure it highly.

Many thanks to you for taking us by the hand
and leading us out of the darkness into the light.

We have been studying with you nearly eight
years now and we will continue to do so. Remember
us in your Quite moments with God, that we may ever
live humble and true.

We received our certificate of Life Membership
in the Psychina Religion. Many thanks for it.

I can't tell what this teaching have meant to me, for the last ten years I used reading glasses, now I am reading my lesson without them. I have started the meeting in my home. we started last January. I can't remember the date, we have three members, to night three or four more will be with us, we meet every Thursday at 8 o'clock. I am sending in another list of names who want to know about God, every one I speak to about this movement. want to learn something new they tired of the after death blessings, they want something now. I know, an I tell them Psychiana is the answer to their Prayers. My entire life is different. I am learning to see the Power of God in every thing around me, my life is happy since studying with you. The only thing is bothering me, about three years ago I fell and fractured my knee, some time that is Painful I also have those large Veins in my legs I know the Power of God Can Move This, Will you Please, help me, Thank you for this movement I am so happy to be a member you have my full Cooperation Sincerely Mrs Callie Sims no 71.53

Dear Dr. Robinson,

Just a little note to let you know I am getting along fine with the seasons, have just received season slip and can truly tell you, these seasons have worked miracles for me, since I have learned what & where God is. I just wrote you a letter yesterday asking for prayer for a dear friend of mine & my father. Last night I called in a small group of people including a Baptist minister, and we had prayer for this dear friend - just at the start of our meeting the telephone rang and we were told our dear friend was feeling much better and was resting without a hypodermic - who, in the face of such evidence ~~and~~ can doubt that God does it answer prayer, praise the Spirit of God in us for hearing our prayers & working with us so magnificently almost at once. "we thank thee Father that thou hast heard us." This is only one of the many divine things that have happened to me in the past two months, and I am expecting more each day, thank the Spirit of God in us. I am not thanking you Dr. Robinson for these many miracles of the past few weeks, as I know they have come to

me thru the Spirit of God in me - But I am thanking
you for bringing me this knowledge thru your wonderful
lessons. may the Spirit of God in you keep you and help
you in this wonderful work you are doing.

File letter

My Dear friend Mr Robinson:

This morning at eight o'clock I started a group to read your books. I just made up my mind since reading thru my fourth lesson I would take over ~~of~~ I did. I can't have group at house so I feel God gave my throts another way so you see Faith works out a way. I feel my tenant upstairs was the first. They are christians thru & thru whole family four. I asked her if she rec'd your books or message as she was one of first names sent you, & she said No. So I gave her the first book you sent & she replied I would love to read them. So I asked her to return it so I could give it to someone else then I will give her my first four lessons to read, I think it will start neighborhood

interest even if I did pay for them, I am
willing. I just called another neighbor to see
if she would like to read them & she said
yes & recommended another neighbor, &
also another I had in mind. So the telephone
is working out my situation after all.
I am so glad I've got started at last
& hope no one peeps my books as first
one I give it to gave it to a man & he
didn't want to bring it back so (Mary) my
closest friend made him. So she told ^{him} ~~me~~
I paid for them & she didn't want to be
responsible for them as he had friends
that wanted to read them. I think my
neighbors will return them, anyway they
won't get next book if they don't. I will
make list of names in my neighborhood
I am starting with.

Mrs John St Clair	127 Oak Ave	Aurora
Mrs Vern McDole	214 Oak Ave	"
Mrs Hulda Clay	257 Spruce St	"
Mrs Arthur Thurlby	207 Oak Ave	"

If I get books back from all these & I
get new ^(names) (ones) I will send you new
names that add to the list. Mrs St Clair
has first & Mrs Dole is waiting on my
for book, then Mrs Clay & Mrs Thurby.

I read all my lesson first day I get it
it is so educational I can't rest till I
read it all thru thru² weeks I read it
again & again. I will be waiting for 5
th lesson. May God Bless you all
& give you strength & I feel so happy
in my secret work & my heart leaps
with joy & anticipation when books
arrive. Thanking this great beloved
person who is so near to God.

Mrs Bessie Slaughter 11-3

125 Oak Ave
Aurora. Ill.

I have books out where ^{my} family can read
them & I have been bold enough to ask them
to but not yet read other books or papers.
I will be sure want to do it secret, I'll still try. (over)

My other tenant Mr J. R. King 335 Spruce St
Aurora, just came in to pay rent & said he
rec'd your letter & still has it but never
heard again. I asked him if he wanted to
read your book & he said he would when others
get done. He didn't have much to say about
your wonderful work so I don't think he will
tell others. Of course I know he old & on a
pension & hasn't much money. His daughter is
sick has been for 4 yrs. Well I've did my part.
He's supposed to be a part minister & gets help
from others that's their motto so I just don't
say too much as he always has ministers in
there & lots of other people supposing to be christians.
He gets his rent very cheap 28 a mo & a lovely 7 room
cottage close in. Let's trust he will carry the good
work on he could if he will. Hope to pray again
from you if I am not doing my part & happy to
do it.
