My dear Mr. Smith:

Thank you for your good letter of recent date. We were sorry to hear your wife is not well.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

If your wife is not well at the present time, remember that there exists in her more of the healing Power of The Spirit which is God than she will ever be able to use. Therefore, the only thing for her to do is to recognize this mighty but invisible Spirit of God which is within her for her use, and realize that no disease or illness can withstand this great God-Power.

Rest assured we will do all we can spiritually.

Dear Dr. Robinson

I have just finished your book The Wanderer and think it's the most wonderful book I have ever read. I would like very much to have a list of all your books as I wish to purchase some of them. I have ordered Blood on the Tail of a Pig.

I have never been much of a believer in religion. Perhaps the reason I have not or could not believe is because I have never seen where it has helped much. But from reading your book I know that if there has ever been a man who knows what he is talking about that man is you. It seems awfully hard to believe that the good things of life are for every one and not just a chosen few, by looking around and beholding those who seem to have nothing but good fortune.

I am only a young man but what five years I have lived has helped me to become, or almost become, a total disbeliever in anything. yet, somehow I instinctively know there must be something responsible for man being here. But whatever that "something" is I have never been able to understand. I never dreamed it would be possible for me to actually contact and use the power of the creator for the good things in life. until I read your book. And now I know that can be done. Now I have really found something worth living for. I only wish there was some way for me to help you. I shall never be proud guilty of condemning such a great lover of humanity as you are. I am very sincerely yours follower

Dear Dr. Robinson,

I was indeed happy to receive your recent Bulletin and to learn of the wonderful progress the Movement is making.

I started studying Psychiana about seven years ago when I was sixteen years of age and it would take a book to tell you of the wonderful experiences I have had with the God Law. I shall be forever grateful to you for giving to me this wonderful message.

I would be extremely happy to take one of your new courses but the British dollar shortage and the political chess game which is going on in the

world right now makes it virtually impossible to to send any money out of these borders right now. However, I am enclosing the names and addresses of two friends of mine in the States and I shall be very glad if you'd send and tell them something about the God Law and the wonderful work you and Psychiana are doing.

I am also enclosing a recent picture of myself — as you will notice, I have become a musician and almost overnight too (thanks to you for showing me the God Law) for within two years from the time I started teaching myself the trumpet I was good enough to take over first chair with the leading dance orchestra in these parts and now I'm planning to some

- how get to the States. I could relate to you a lot of wonderful things which God has done for me but I guess you hear of such things every day. Just the same tho, Doc, I want to extend to you my deepest and heartfelt thanks and gratitude for showing me The Way and if there is anything I can do to help this Movement, please don't hesitate in letting me know.

Yours in the God Law,  
Curtis Smith (32-1364)

Dear Fellow-Servant, I wish to explain that I was to pay \$3.00 a month for lesson after the 45 days expired. So on July 27<sup>th</sup> for which I hold postal-money order for dues on 1st lesson, was mailed by me to you. of course I mailed you on that date \$4.00.

For lesson and \$1.00 for magazine called (The Way) which I have not read. yes I have read, lesson 5. and will mail my dues promptly on the 27<sup>th</sup> of each month or before, you may look for my payments.

I agree very much with you in all of the lessons. But Lesson no. 5 was the keynote in my life, Truly the Power of the Living God did thrill or illuminate me so until I found myself praising God in the highest. Truly I have found the true knowledge, or finding rather that God doth live in me, and anointest my whole being with his spirit.

I do believe in the power of the Living God. In Me, and I've riden myself of every magazine, religious teaching even before I began with

to write to you

So that - If your teaching was what my whole being craved for I could absorb every bit, now I can say my spirit hath rejoiced in God my Saviour, for the Living God hath visited, and now dwells in his holy Temple, In me. And I am not associated with any Church religion I've been drawn out for 12 yrs. waiting on the Lord. It is written my Sheep heareth my Voice, another they will not follow.

I thank Thee Father that thou hast heard me.

Dear Sir. I am approaching you finally since

that is all I can get out of it I have had

good things. I have often thought of the  
first letter I wrote you as I was just a beginner  
whether I was right or wrong but I know now  
there is no doubt about it. I have another  
fellow with some of my first lessons out  
as I can it demonstrating with them my work is

all night work 6 nights a week he was interested in this teaching. I just heard of a fellow that has some serious trouble the doctor says there is nothing he can do so I am going to see him this morning I have one application Enrollment blank that I am going present to him and explain to him about this teaching I hope I have success Could you send me some of these blanks in my next lesson I feel sure that I can use them in the future.

yes I want to get some of your books as soon as possible I have every slip of paper you sent me they are good as gold to me there is not much my eye has missed I am sorry but I cannot pay my my dues in full I am one of them fellows that has been running on the level my expense has been heavier this winter than usual. Dear Sir. Will Echthylphane and they have a

few lines. This center of been there sooner. But  
my spirit would not admit to it. Life has been  
mystifying all along this pathway I know  
all the time that I was copying something to  
my life that I never had before. But I came  
to the place where I thought I should have  
something but could not get it. right now  
I am going to let you something that I never had  
before. I have been a sufferer of arthritis for the  
last fifteen years and I mean no easy four  
times a time my knee grows not level  
and it was in my spine so that I could  
not stand down in the anything so with the  
help I got out the last few years you sent  
me a newspaper on the spirit what I wanted  
and as I write this to you it has ever was a  
knight spot in my life it is right now.

I have not been in a church for at least three years  
so what has happened to me in such a short time  
I know it came from God I can go out in my  
garden and what ever the talk is I can do it  
My neighbors around here see so much change  
in me they say who are you speaking with  
I see their with anything get some laugh  
at me some talk myself and before I long  
there is going to be some more mystical ones.

yes old things have past away and behold all things have become new that Pilot of mine tells me the things I should do and the things I should not do. I have heard folks say that they would like to have their life over but I would not want mine over sense I have applied to what I have to it. unless it was to be just what I have done. I have contacted many folks about these lessons they just seem to be afraid of them selves they think they still have to do them old shoddy things or there is no hope. that is one thing that has past out of my life I cannot sleep under such weak promises. I stopped in where they was holding a revival meeting some time ago and as usual they was starting service of with some old death sop song and the folks was not putting out any strong so the preacher says come on now let it ring out I just thought how life has been murdered and still they want you to be happy when by there method you are facing life and death at the same time. in regard to this teaching I have been letting folks study my lessons and I find after they study 2 or 3 they are very much pleasur I have one lady and her husband which have started on this pathway will be I believe will be a great help in getting this around more. I will admit that I have been slow at this matter but I can say one thing my wife

is greater than it has been, yes as you said  
if the Christian Church relised where they stood  
they sure would make a change it is very plain  
to me. So I guess it is up to us to try and put  
the job across.

Will I have write more than I planned to  
and you will disover that I am not a  
saint rather by the method I have written  
this letter I hope to write to common sense  
folks so as I close this letter my urge  
is for more of gods power and that I  
can get it manifest as soon as possible.

Respectfully yours

Dear Mr. Robinson:

To the amazement of everybody concerned, except my mother and myself, my aunt, about whom I have written, has been improving for a week, and the change in her condition is miraculous. She was hospitalized July 10 in a semi-conscious condition, having been near death for two weeks. Her response to treatment at the hospital has been phenomenal. She now gets up in the wheel chair and goes around the hospital grounds with a nurse, talks freely -- and her mental condition shows very marked improvement. We have a number of medical connections in the family, all of whom say the improvement is only temporary -- that nothing can be done for a 76-year-old person with arteriosclerosis and a broken hip. The orthopedic surgeon, however, says he got a good repair job when he pinned the hip, and I expect my aunt to be walking before she leaves the hospital. She still has some discouraging symptoms, and the rest of my family thinks it incredible that she can be cured, but my mother and I know that the Spirit of God in her, in us, and in you and Dr. Robinson is the One Who is healing her. I am sometimes amazed myself that after intensive study of only two Psychiana Lessons it is now just as incredible to me that she will not be healed as it is to them that she will be. Will you and Dr. Robinson please continue to help us spiritually. I am sure that the healing of my aunt will not only be a great blessing to our family and community, but also will mean a lot in connection with the spread of the Psychiana

teaching in this section.

Some people here plan to form a study group in the near future. I shall inform you when it is begun.

Thanking you for your interest in the case of my aunt,

Sincerely yours,

Dear Mr. Robinson.

as my Study Lessons are coming to  
a close. I want you to know I am 100%  
behind this movement when one gets into  
its grasp. there is nothing can shake them  
that is if that one wants to stay by the truth  
no creeds beliefs or any thing else can ever  
move my faith in God. I have always known  
there was a living God. But did not know  
how to find him until I found ~~psychians~~  
I am not the type who once found the truth  
then <sup>turn</sup> around and deny it. No not me.  
I shall always stay and live my life in  
the light. I have found in these Grand  
teachings what a pity the world is so blind  
it will not at once heed these Precious  
truths seems that they don't want to acknowledge  
God. the Great Creator I just can not see their  
point. I have reached the vast Ocean of power  
But I am not by no means this yet I want  
to lift the veil between me and God. This is  
the Greatest teaching this world has ever had  
ship Godless dying world certainly needs some  
thing to shake it up and awaken it. over

I haven't done my part ~~to~~ perhaps. But I  
 have a very slim chance. as I am Bound by  
 hand and foot. But that's no excuse I know  
 that. How ever I am doing what I can to  
 interest people. I now have hope of winning  
 a Group. once I get it started I believe it  
 will grow & grow. I'd let you know when  
 I feel I have established some thing  
 once I get started I'd then ask you for  
 some advise on how to handle it  
 as I want your Guidance.

The reason I am using my lessons is so  
 many Wallow's about the price. But that  
 did not stand between me and God. money  
 means little or nothing with out God.  
 to me the Price was small. for the simple  
 reason I wanted God. if every one would  
 not cling to the dollar and let God remain  
 in the rear what a different world we would  
 have. Since I have studied psychians  
 a Preachers voice I cannot set under seven  
 turn them off on the Radio. Their teaching  
 is so ignorant any more. or so useless  
 unbelievable or what ever it is. Thank you  
 so very much for the truth you have given  
 to me in these lessons. your student  
 sincerely yours Jeannette Smith

Psychiana Inc.  
Moscow Idaho.  
Attn. Dr. Frank B. Robinson.

Dear Friends:

I am sending my remittance for January covering my course of instruction in Psychiana.

The further I go the more interesting it becomes and the more clearly can I see and understand the meaning of the God of Creation. You said at the start, after I had finished my studies with you if I wanted to go back to my old conception of who & what & where God really is I could do so. I am about half way through my studies, but I know that my old beliefs were as wrong as it is to steal or lie.

I have a greater peace and joy now and I do not have as you recall them, any negative thoughts, for I just don't let them get a start.

I am waiting for God to show me how to use the power that I know is all around me to manifest for health, (perfect health) in my physical being. I am confident that I will be made whole and that wealth and complete happiness will follow. (over)

I have faith now in the real God, not a God whom I was taught was waiting in Heaven to send Jesus back to Earth to receive the few who could be found, faithful and true to the cause of Christianity. I have something now much better than that.

I don't have to wait for eternal life after I die, for I have it and I am it. My life is part of God's life and as such must of necessity be eternal.

M. E. Smith I have something to say about the lessons from # 10 on. I have received up to and including # 10, but none after that.

Dep 11/13 Will you please look into this and see that my lessons get started coming so that I won't have to miss or lose any time in this most interesting and helpful course of study.

I can't understand why these lessons should be delayed in the mails, or lost, or whatever happens to them. I am sure you are sending them and sure also it is the fault of some one along the line between you & myself.

So thanking you for your interest in me, and hoping to have lessons from # 10 on coming as they should.

I am very cordially  
Your friend & student

My dear Mr. Smith,

Thank you for your good letter of recent date and for your remittance of \$2.25. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

What you or we may believe about Jesus, or any other Bible character, does not matter. It is not a case of what we have been taught or of what we believe. It is a case of "What are the facts?" There is not one word in The Christian Bible written by Jesus, nor, has there ever been known to exist a single eye-witness to any of the miraculous events which are supposed to have happened. Even that does not matter. What really matters is the one supreme fact that The Spirit of God exists here and now in each one of us. This is something we can know first-hand. A recent questionnaire circulated among students of several theological seminaries showed that the majority of those studying for the ministry did not accept the virgin birth, the immaculate conception, the crucifixion, or the resurrection. Nor, did the majority accept The Bible as The Divinely inspired word of God. We go along with this majority. However, what Jesus was or was not does not matter. If you find and use The Power of The Spirit of God in your life, that does matter. So, we suggest that you follow these Lessons closely. The points you raise in your letter will be satisfactorily explained before the Lessons are ended.

May the Spirit of infinite Peace be with you always.

Dear Friend & teacher.

Enclosed please find Postal Note for ~~2~~<sup>25</sup> for payment on my course for February.

As I study the course, I find more & more that God surely does know all things and that he does control all things, even down to my own life. I am assured that a power so dynamic who can hold in place this vast universe, can surely give me the things I, just one individual, need and desire.

I can't understand now how for so long I followed such a teaching as the present day religionists teach.

I just know now that I was all wrong to believe such impossible things.

Now I have peace and contentment, and I know without question that I am on the right road, the road to health, wealth, happiness, and whatever it may be that I can need or desire.

—over—

I am a member of the Methodist Church, but I seldom go because I can get nothing out of my going.

They preach Jesus Christ who over nineteen hundred years ago was buried in the earth, where I am convinced he is and will stay, and let God follow on after.

Jesus may have been and was a good man but that is all he was, just a good man doing the will of God, and if he could come back to earth today and see the worship he is receiving, I am sure he would be very sorely grieved, and would say as he did on more than one occasion, "Why call ye me good?" "There is only one good, even God".

My lessons have come now up to no. 13 so I imagine they will come in proper time from now on.

Thanks for opening my eyes.

Dear friend and teacher.

I am enclosing postnote for Eight Dollars fifty cents to cover final payment on my course of instruction.

I will say, in fact I must say, your teaching has really opened my eyes to the truths of God.

I, like all other people, was taught the belief that God lived in a wonderful mansion some where in the sky, and was waiting for the day to come when he would send Jesus Christ back to this Earth to gather all the faithful unto himself and take them back to Heaven to dwell with him Eternally.

Your teaching has exploded that foolish belief, and has made me see that God operates for me, not from the sky, but right at my side and all around me, not for some sweet day after death, but here and now.

I have a peace that never came because of my surety of Heaven, and an assurance of sins forgiven, but because of the faith I have learned through Psychology.

I wish you for the future, the blessings of the God you taught me to know, and success in your work, the work of spreading the good news of this wonderful truth you are teaching.

Ever Your Student, Milton E. Smith.

Dear Mr Robinson

Just rec'd my last lesson # 8  
but some one must have made  
an error as I have not rec'd # 7  
yet - In this lesson is the Bulletin  
July-48- of course I am so happy  
to get the new lesson - I look forward  
for them so I'll study # 8 - then  
when I receive # 7 - shall go back  
to it -

I am so grateful for these lessons  
and find my nearness to God  
more every hour of the day -  
Life is a wonderful thing to  
live when we can find through  
these lessons & your explanation  
that nothing we do is of our  
self - & finding God with us  
is certainly true Romance -

Mr Robinson - Harold - my  
husband was given - a 10% raise  
it is not enough - as most of it

goes for deductions - but we  
are so grateful things are in  
motion & he will I know get  
that ~~guarantee~~<sup>guarantee</sup> wage he asked for.  
A Sales man was in yesterday told  
Harold he is the only man in L.A.  
getting more than 40% - and he is  
in all paint shops & that he sells  
more to this Co. than any Auto Paint  
shop any where. And how come you  
have so much more cars to paint -

So Mr I am sure it is God working  
in the Paint Shop through Harold.  
But we are very grateful for the 10%

my back is slowly getting less  
painful and I am feeling relieved  
of much tired feeling - It's so  
wonderful to have such a weight  
lifted off my shoulders - Thank  
you again for the wonderful  
Lessons & keep you give me through  
these lessons -

I know you will send me  
my lesson # 7 - so I can have  
my course complete

Very Sincerely & Grateful

Dear Dr. Robinson:

I have been getting literature from you with my old address on. I got your first lessons in 1935 and after receiving some of your latest literature, I decided to again subscribe to your lessons. I still live at the same place, except that we now have mail service. I think my writing was poor, because there is a slight mistake in the spelling of my first name.

It was after receiving your 21st lesson that I decided to write you this letter. I was going to write it years ago, but

didn't think you would be interested.

I received your 21st lesson just 2.6 years after the experience I will now relate.

I was taken sick with pneumonia about 3 o'clock in the morning. Our phone was out of order, so my husband had to go for the doctor on foot.

After he left, I gradually drifted away. The first thing I became aware of were wings fluttering. It was so dark, I could hardly make it out, but it was movement. After a short time it got lighter, and I noticed a large dark oak door, so it seemed to me, opening just a crack. Then some white wings came and chased the black ones away. There were about 3 or 4 pair. I could see no bodies, and yet they flew. They were about

3 feet long. They flew back and forth several times and each time the black wings flew past the door, the door would open a little wider. It was about  $\frac{1}{4}$  open when for the last time the white wings chased the black ones away and then I heard my husband say the doctor will be here in a minute. He said he had a hard time waking me. When the doctor came, he said another 5 minutes and I would have been gone.

I was watching that door so intently. I wanted to see what was on the other side. All I saw was light. A beautiful light. The nearest I can come to describing it is that powerful flood lights were shining into space and the light seemed to be golden. Its hard to describe, but it was so restful and

beautiful that I remembered it well  
26 years. I am now 56 years old and  
was taken to the hospital and operated on  
the 29th of April. I celebrated my 30  
birthday there.

I always seem to get the things I need  
and want. I live alone now and have for  
the past 10 years. My 2 daughters are married  
and I have a nice job. I wanted  
health more than anything and I'm  
still able to do a days work.

I have been in groups were sickness  
and death were discussed. I usually  
mention in a joking way that I looked  
into heaven and I'm not afraid. I've never  
been taken seriously. I don't care, because  
I know what I saw.

I would like this letter to be referred  
to Dr. Robinson personally. Thank you.

Sincerely yours.

Selma Smith

Dear Dr. Robinson - I wrote you last Sunday asking for  
healing for a friend of mine who has been ill with arthritis  
since last April 19. She is unaware that I asked for the  
treatments and would have a fit if she that anyone was try-  
ing "such trash" on her but I phoned her Thursday and  
asked how she was and she replied, "wonderful! for me.  
I have had 3 days (Mon, Tues, Wed) that I've felt the best and  
walked the best since I became ill." So you see she got  
help as soon as I wrote and before you had received  
the letter. Thursday she went to work but I explained that  
there was inevitably a reaction and that she probably over-  
did since she felt so good. She admitted this. When I  
saw her Friday she said, "you know, I slept like a log  
last night for the first time in months. It must be  
those capsules I'm taking altho they never affected me  
like that before." I didn't dare say much but I thought, it  
what you are taking alright, but not those capsules.  
You see, I felt that I was hampered by knowing she  
would "hit the ceiling" if she knew what I was doing.  
At least that's what I think.

Thanks so much, Dr. Robinson, and keep up the good  
work.

I think I wrote you that I would like your Course

Dear Dr. Robinson.

I received your letter dated Feb-  
#.  
ruary 27 in answer to mine of recent date.

Imagine my surprise and great joy when on  
returning home, after posting the letter, I read  
Study Lesson #1 not for the first time, and the  
answer to all my problems were revealed in one great  
illumination. Study lessons two and three were  
also received and words are inadequate to express  
the change in the atmospheric conditions of my  
home.

For years now I was praying to a God in  
heaven, not realising He was in myself. Everything  
had gone awry, and my life was one long degree  
of misery that I seemed to have lost faith in God  
and man, to add to all my troubles my second daughter  
had been out of job for a long time and is now  
employed. I am now rejoicing in the Spirit of  
the living God.

It's with a heart full of joyous expectancy that  
I await the arrival of my following lessons.

Enclosed you will find five dollars in U.S. &  
currency towards my account. Hoping to keep up to my  
obligations on time in the future.

I remain,  
Yours faithfully,

July, 7, 1948.

Dear Dr. Robinson:-

Sorry I could not write sooner. Have been pretty busy. Will try to do better next time. You have asked me to let you know, how I feel, since I have taken the lessons. Well sir, I shall try to explain it to you in the best way I know how, for its all so wonderful and strange, that I hardly know how to explain. However here it is, First I must tell you, how I came to know about you. Years ago you started to write to my son. How you found out about him I do not, <sup>know</sup> but it does not matter, but be that has it may, you did write to my son, but it seems that he did not pay any attention to them, I mean the letters. But you persisted in writing, for which I thank <sup>you</sup> very much, for if you hadn't persisted in writing, I would not have the wonderful experience I'm having now, but has I said, you continued writing, and has my son is not at home, I have been saving the letter's for when he <sup>did</sup> get home. Well sir, I began to get curious, and something I can't explain, kept telling me to read one of your

letters, so I finally did, well sir I was so impressed  
with what I read, that I just had to find out more,  
so I wrote to you, and thank God I shall never  
regret it, for right from the first, I began to feel  
different, and things began to happen, good things.  
It has been a wonderful experience. When I  
wrote you my first letter, somehow I knew it  
was the right thing to do. A wonderful feeling came  
over me, I felt as if a great load, had fallen from  
my shoulders, and a feeling of relief and comfort  
crept over me, I felt light as a feather, as though  
I had no cares in the world, in spite of the fact  
that I've had many worries, and troubles, and it  
has been getting better and better. Well sir, I want  
to thank you from the bottom of my heart, for what  
you've done for me. I owe it all to you, for if  
you didn't ~~promise~~ in writing to my son, I probably  
would not have bothered with you at all. You have  
my undying gratitude, for I was about ready  
to give up hopes on many things. Mr Robinson,  
it's a long time since I've known real happiness,  
and <sup>had</sup> given up hopes, but since my talks with  
God, it feels like a whole new world has opened to  
me, and I am happy again, and have hopes for  
a bright future. Everything you say in your

lessons, I sincerely believe, because something within me, makes me believe. That something, I now know, is the Spirit of God within me. It's all so wonderful. Many things have been changed in my life sir, since my studies with you. For instance, before I knew about the living Spirit of God, I was ill and very unhappy. My husband also was ill, and still is but is much better. We had many worries, my husband and I, both financial and domestic. Has I said before I had <sup>just</sup> about given up hopes. But since my little talks with God, most of that has been changed, I've found hope again. I feel happier, and healthier. I've always had to work but, somehow because of my health, I dreaded going to work, not that I didn't like to work, but because after working an hour or two, I felt so tired, I could barely do my work, and eight hours of work, seemed like a whole year, because of that, I had to lose a lot of time from work. Now I love working, and in spite of the fact, that I weigh 200 lbs, I'm rated as one of the fastest and highest paid, in my line of work at the mill. My Co-workers can't seem to understand how I do it, but I do now, I tell them that it

-4-

is the Spirit of God within me, that gives all my energy, they laugh at me, and take it as a joke, and I go on, doing my work. At the time I wrote to you, I was out of work, and the first time I had my little talk with God, I asked him to help me get this certain job, because it was the kind of work I was best qualified for, just two days after, my boss called me up on the phone to ask me if I wanted to go to work for him again, can you imagine my surprise and happiness? God had granted my wish in just two days.

I used to be very timid, had no spunk whatsoever and because of it, people took advantage of me. Now it's different, somehow people seem to respect me more, they like me too, they don't seem to take advantage of me any more, instead they seem to want to do things for me. I'm not so timid anymore. Conditions at home are much brighter, and we've managed to solve most of our problems, and although I know that it will be quite sometime, before we can get things straight again, I am not afraid anymore, for I know that in due time, everything will be alright for us again. I'm happier than I have been in years, for I know that the

-5-

living spirit of God within me listens to me when I tell him what I want, and it seems, sometimes, that I can almost hear him talking to me too, telling me that in due time, he will grant my wishes. I would not miss my talks with God for anything, and I talk with Him often. I get such a glad feeling inside of me, I feel as if I'm floating on air, there's a lot more to it I guess, but I don't know how to explain. It all seems like a new world to me, everything and everyone seem so wonderful to me now, I can't imagine how in the world I ever felt otherwise.

Yes, I realize I still have a long way to go, but I am willing to go all the way for God. Mr. Robinson, you say that it is my duty to gather a small group of people, to come to my home at least once a week, to discuss my lessons with them, I'd gladly do it, if I could sir, but I am sorry to say, that I am not so well known here. I've never had much time to make many friends, and the few friends I have are too busy, they have to work the same as me, from 2:30 P.M. to 11:00 P.M. but every time chance I get, I talk to them about it, and

the best way I know how, a little at a time and it does seem to impress them too. In the mean time I shall do all I can to spread the word of God to anyone who is willing to listen. I am sending you a few names of people I know, who might be interested, but when you write to them, I'd rather you did not mention me. I certainly hope you may be able to do for them, what you are doing for me. I know your a very busy man, and I'm taking up a lot of your time with this long letter, I guess I was carried away, please forgive me, in the future I shall try to be as brief as possible. Wishing you all the success in the world on your wonderful work, I am Gratefully yours.

Mrs. Angelina Souza.

My dear Mrs. Spafford:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

Dear Mr. Robinson, please excuse my writing on the reverse of your letter but I do so that you will know to what I am referring. The reason I am writing and sending you the enclosed leaf from a magazine I take is to enlighten you on a healing science that is so much more advanced and in keeping with the Living God Law and nature. Of course you may be acquainted with it, but you used the word "Medical Man" and I took it for granted you didn't know how much closer the Chiropractor is to God and nature but this clipping will give you an inkling.

In the October Chiropractic Home Magazine there is an article by Dr. R. C. Robinson, and quite a coincidence, and I quote; we have attended Church and prayed for peace; but, like the prayer before the crucifixion of Christ, the powers that be did not choose to let the cup pass; so, we had another war. This indicates there is something with our scheme of conduction - the business of living peacefully together. Unquote. These are <sup>just</sup> excerpts taken at random from the article; again I quote. The average book on philosophy plays around with the subject of God in man's relation to Him, and leaves the reader in the dark still hungry for some ~~the~~ truth that he can take comfort in, and to which he can cling for spiritual strength. Every religion has

My dear Mrs. Spafford,

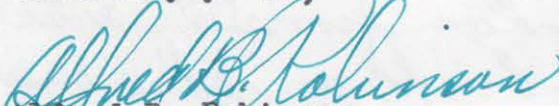

Thank you for your good letter of recent date. It was good to hear from you.

I suggest that if you have an affliction, you consult the best physician you can find and follow his advice. The Power of Almighty God works through the illumate mind of a medical man, just as it works without it. If the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power. Remember that The Spirit of God is sustaining you and will not fail you.

Rest assured we will do all we can spiritually.

its prophet, but neither ~~one~~ can give any evidence that the God of his faith is in existence, except in his faith, or in accord with some record that he regards as true & sacred. He says, quote, all men agree man is born of woman, that he grows to manhood & if nothing hinders lives a span of life and dies. He also says "Life is God" (also) man's greatest opportunity for development and also his greatest responsibility to his maker is to give conscientious thought to making his body a fit dwelling place for the spirit of Life-God. Now let us view Life in the body as God-the spirit that connects the Human being with his Creator, and view the brain as the receiver of Life and the dispenser of its power to the cells composing the body.

So you see Alfred why I am so faithful to the "Chiropractic Science" and a booster of same at every opportunity, may "The Spirit of God" make whatever changes are necessary that this drugless healing may be given the "unhampered privileges" the Medical Profession and Druggists have and may the money that is being squandered for medical research be reconverted to this use instead.

You may subscribe to this wonderful Magazine, <sup>The</sup> Chiropractic Home, P.O. Box 1144, Harrisburg, Pa. 1yr \$2. Thanks for taking up your time. And please give a spiritual thought to this cause; also for Dr. Phillips, Elion, N.Y. Dr. Ray Allen, and Dr. L.H. Hamlin of this city.

They are our Doctors and you may be  
more help to us thru them than you  
will be aware of.

Sincerely,  
Mildred Spafford,

My dear Mr. Robinson:

You see I have moved  
again. Things are moving  
fast for me since I received  
Lesson 18. My lesson is all  
but worn thin from constant  
daily use. It came at a  
time of what seemed great  
personal loss. There were  
days when the humor

Surprising was hard to hear.  
Yet I knew that in Lesson  
18 was the big, wonderful  
thing for which I have been  
reaching, reaching, reaching.  
Dr. Robinson seems as near  
as I had this lesson that  
I feel he is teaching as once  
the Master taught by Galilee.  
I would like to come to  
Moscow and to be taught  
that way - to hear the  
words from The Great Teacher  
himself.

Lessons 19 + 20 will come  
to me soon and then I

want to study further. I  
am a teacher and may be  
needed to teach summer  
school here. But after that  
I should like to come out  
for instruction. Meanwhile  
after Lesson 20 what next  
can you send me?

I want to heal, to help,  
to ease the sufferings of  
people. That's all I want,  
I know now. This Peace, this

My dear Mr. Robinson:

Since finishing my first course in Psychiana, I have been re-reading all of these 20 lessons and I have been daily living in close touch with the Power of the God-law.

I want to take the next course of lessons according to your suggestion

as to what I am now ready

troubles melt away, to have  
an abundance of good things  
come my way. Yet I know  
there is much yet to  
learn and I earnestly

Father's business."

May I say that just this last week a diamond ring was given me by a friend who has had rare good fortune and wished me to have this ring now. She had planned to leave it to me in her will. This came to me "out of a clear sky" and I am still awed by the experience. It is the Power of The God-Law, I know.

days. Through Psychiana  
I have been able to rise  
above a great personal loss  
that before I understood this  
WONDER - FULL teaching would  
have left me grief-stricken. I  
have faith, and courage, and  
hope in my heart these days.  
I know all the good things  
I want are really right here  
at hand now. It makes me  
full of deep joy to anticipate  
the glorious things about to  
happen to me and full  
of gratitude to Psychiana.

I want vast sums  
of money, so much that  
I now have no notion of  
the amount. There are so

Many things I want to do  
with that money. First I  
want to go around and around  
and around THE WORLD telling  
everyone I meet about PSYCHIATRY.  
I shall need money to travel.  
Right here I find people are  
directly in my path, no matter  
whether I am going to work,  
to a tea, or to concerts, etc., —  
people who want "something". I  
soon find it is Psychiatry they  
want. They may not know  
it when they first start to  
talk to me. But they soon  
know that in Psychiatry they

will find "The POWER of the  
LIVING GOD."

Then I want to heal people -  
free them of fear and tension  
and bodily ills.

I want to be closely associated  
with people who want to do  
and are doing these things  
also.

So now I am re-studying  
all my lessons. I am earnestly  
trying to live according to the  
teachings of Psychione. I  
shall await the suggestion  
from you as to which course  
to take next.

Meanwhile for all the  
Psychione Religion has already  
done for me I am so very  
grateful. Very sincerely yours,  
(Miss) Martha Carolyn Sparrow
