Dear Sir:

Thank you very much for your wonderful lessons that you have sent me. You are helping me a great deal. First of all, my health have been improved - I had pains all over my body. It seemed to have disappeared after the 5th month of studying your lessons. We are starting a future education for our children: Gail 11, Elaine 9, Arline 3 and Denise 1. Our home will be paid up in 2 years. Gail is taking up piano lessons. We have no piano but are looking forward in buying one in the near future. Our future looks very bright.

Thank you also for giving me this opportunity in paying you the balance which will be (\$3.75) three dollars and seventy-five cents. Hope this amount is correct. I am also enclosing (\$1.00) one dollar for the subscription of Way.

I guess I'll be writing you again in the near future. Thank you again for what you have done for me.

Very truly yours,
Betty L. Takano #30-A4239

Dear Doctor friend and Teacher,

A few days back I did receive something for which I am very proud of.

----- certificate of Life membership in ----- the Psychiana Religion.

I do not have at this writing words of appreciation, with thanks due to Dr. Frank B. Robinson, Pres. to each of the personnel of Psychiana for all their kindness & favors to one whom has not complied to his obligation only to a very small part. I do not believe I am entitled to this wonderful gift until I have carried for my promise, of my first letter to you.

You did do for me. So it's my

Dear Dr. Robinson:

I want to thank you most sincerely for the lovely letter your son wrote me in answer to one I wrote. It must be a source of great happiness to you to have your son help you in your wonderful work.

I was quite worried during my pregnancy about whether everything would be alright and the letter he wrote eased all my fears. I went through the delivery wonderful without a Cesarean Section. As I wrote you a long time ago I asked God for a baby & you should see the lovely baby girl he gave me - she is like an angel - every one says how sweet

& how He can help on who
believes in Him. I shall
never forget your wonderful
works. How I went to the
hospital without a fear or
worry. How I was lead to a
good Doctor & oh. so many
other things.

Another request I would like
to make - a place to live.
Whether we should go to
Nova Scotia & buy a farm
or stay here. I just can't
seem to think what I should
do. I want to do what is
best for us - I know I am
making a lot of requests
of you - but you are the only
one I can go to with my
troubles.

Have often thought that
I would like to talk to you
personally - maybe some

& beautiful she is. But she is
having a lot of trouble. When
she was 2 weeks old she had
intestinal flu. But God made
her better. She now has
colic most of the time & I
can't sit idly by & see my
darling baby suffer so. Would
you help her? She is all the
world to me. Her formula
does not seem to agree with
her.

I asked God to send me a
nice baby. I did not know
he was going to send me one
so lovely. I talk to her & tell
her all about God - & she seems
to know. Everyone that sees
her says she looks as she
knows & was going to answer.
When she gets older I am
going to tell her all about
the Spirit of the Living God

day I will.

Thanking you from the bottom of my heart. & may the Spirit of the Living God help you to get your wonderful work to more people, so that they may know the comfort of his guiding love.

Sincerely yours,
Catherine Taylor

Dear. Dr. Robinson

I have a hour today - and a letter came from you this morning also I need your help.

First I want to tell you just how things have worked out for me. When I first started my lessons - about two years ago, My children and I had just moved back here to our house because of the house shortage - my furniture had been put out on the porch of the other man's house And then when we got here it was put on the porch here too. We lost nearly everything because of the rain and sun, All the work that I could find here was in a Cafe - at \$15.00 a week - less this and LESS that untill when paid I hardly had enough to pay for the childrens school lunch's.

My husband (then and now) wouldnt help any more than he HAD to. The house was in bad need of repair - porch sagging , screens out, etc.

My oldest son was in Germany and this place is - if you come one street - behind the negro quarter, and my husband still worked in Andalusia (50mi from here) and wouldnt come home nights , We were deathly afraid so much so that when I started my lessons -I sit up all night too many nights to stay on my feet all day - my health was giveing out -

Now, I am no longer afraid. I see that every thing is closed and locked and then I forget it -even when alone.

All furniture has been replaced and even things I never had and it's all better . I am now 'FloorLady' in a shirt factory - at \$40.00 a week.

I am sorry to say -but I can't say just how It all come - - It just did . It was show if you are thinking of present - but when you think back - it come pretty fast

Knowing that I have NOT been able to have that - one hour alone with my lessons every day, And knowing that I have to talk almost ALL the time I am at work.

Yet, I often stay awake at night after all of five children are asleep to have an hour of Quietness - too often I WILL go to sleep.

I am just as sure as I live that you are right -But, I ~~can~~ can not - have a quite hour - Yet, I have got to the place - just lately- where I - am quite - inside - it is calm - even with the mechine's going or the children yelling.

My work is alright - for just now - but I want something different I want something where I can be free of noise for just a little while every day. I want to make more so that I can buy a home out - away from the negro's -. I am thankful for what I have, and I DO know how I got it . Not only have I refurnished my house - I have repaired it and this month will be the last payment on our Jeep and we have the money for it now. My son is home - his coming home was VERY unusual and even I was surprised - he, more so as he was to stay over there several more months - eight more -in the Army. Yet he was sent home for the last three of his inlistment time.

I was afraid - even if the war was over as the Russians seemed to be on the war path. My husband comes home every night now -

Frankly - I cant even think og ALL the things that have changed in the past two years. I know some people would say - they would have happened anyway - I know better- Even I was taken off my high horse of KNOWALL and now I realize just how little I do know.

Now- I need help - I know I can get this help in time myself - I have tried ti and I -know - But, as I have ttried to explain I don't really have a chance to get down to business and too - I think some of you - who know so much more than I do could get results quicker, My oldest son Charles is bothered with his chest - he thinks it's his lung's and that he has T.B. - Yet he wont do any thing about it .He has lost about twenty pounds in weight and I can'T do any thing with him and I have decided I would help him in spite of his stubbornness

But, I want and need your help - I havent got far enough in my studies to feel that I - can do as much and as quick as you.

During a opration the Doctor gave the ether too fast an burnt the top of one of his lung's - every time he has a cold he is bothered with this lung. That may be all it is now - as he wont go to a Doctor - But, I want that lung to get well and give no more trouble.

WILL you please help me ??

I am sending you a list of name's - But., to say they want to get the lesson's might be wrong - I HAVE talked to some of them - (and to other's - I will send their addresses as soon as I can get them) They ALL know how I started to work at something that I had never done befor and have left them sitting at the mechines at \$20.00 to \$30.00 a week - with up to nine years work behind some of them - YET? THEY WONT BELIVE ME -

All I can do is send you their adresses -

Sincerely - Keener Taylor

Dear Mr. Robinson

Just a word to let you know I also regret the end has come.

I wish to say I still believe ever word you said, and I cant understand why I failed I put the time and effort to my lessons,

Dr Robinson I want to state some thing that happened to me in my 13th lesson some thing very unusualy happened to me, and this is what it was

on a Sat Night I came
in from work, after all
had returned I got out
my lesson as usual
got about half through
my Book, all at once
I felt like I was up
floating in the room
no feeling at all could
not move one muscle
then there came a hot
flush, and I broke out
all over with cold
ice cold perspiration
& got scared got up
to see if could get
to the Bed, and it
was all over when I
got to the Bed. But

for about a week ever
 time I would read
 my Book I would have
 those hot flushes and
 Ice Cold sweats, I wanted
 to write you but in
 the mean time I
 read the next Book
 and you ask us not

My dear Mr. Taylor:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

It makes no difference whether you call this Power The "Power of God" or not, or whether you go to church or not. This invisible Power of The Creator has always been behind you, nourishing you, and strengthening you and developing you, even through time of doubt and complete indifference. The Spirit of God is no psychic fantasy nor savage superstition. It is as real and regular as the law of gravitation...as universal as the mystery of creation...as near as the last drop of your blood.

He who set the stars in place and made the fields to bloom and men to love and labor is no indifferent to our human pain. We may not see this Power or understand It, but we can find the Truth of It in the smallest blade of grass.

If you attempt to contact this Power as directed, and if you pour out your head and heart, The Spirit of God will take over and bring you your desires. If you are really in earnest, there will come to you strength and courage which He planted in you from the very beginning.

May The Spirit of Infinite Peace be with you always.

Cordially yours,

TRURO, N.S.
MARCH 25, 1948.

Dear Dr. Robinson:-

After Reading the book "They Have Found a Faith" and while reading it my mind went back to Belleville, Ont., Canada, where you and your brother had been as boys. I ~~too~~ had spent some boyhood days in PELEVIT in the old ONTARIO BUSINESS COLLEGE, under Dr. Robinson and Dr. Johnson as joint owners at that time 1905 and 1906...

It is a coincident that at that time I went direct from TRURO, N.S. to Belleville to the school, and in March 1948, I am in TRURO again.

Another thing you and I had in common, we both were in the Baptist Denomination, and both had a start at the theology of that denomination. Both found the same thing in religion. a sham and a lot of imposters posing as men of God, living a life of luxury and ease in most cases. I lost all faith in the church of that day, and the men making a living out of it. Yet, they were giants and gentlemen to the men we have in churches in this part of Canada. Religion and churches in Nova Scotia is a pure mockery of God, and of His power and His Creation.. Religious mockery is not the proper word to use-that is- as I have seen and heard the preachers of today...

They spend more time trying to tell of who Christ was, than on all the hunger and tragedy in the whole world. WHAT DOES AN IMPOSTER CARE ABOUT THE NEEDY, THE SAD, THE DESTITUTE?..

My regret is that I could not have an interview with you as to the distribution of some of your great scientific truths in this part of CANADA. At time I feel like going out and giving lectures of the base and fundimentals of PSYCHIANA. What it is and where it came from and its effect on the life of one who uses its power, when applied to the life. I know where of I speak. I know where of I have investigated and found the Source of all things. Found the Fountain which is the Source of all things. And from whence all power comes. If thoughts are things, and there is a substance in the universe which is Spiritual, and thinking substance: then its not difficult to draw from this substance the things we need, by using the thought power. This is my own personal experience with the Laws of PSYCHIANA applied to the problem at hand..

YOUR lessons have filled and thrilled my entire being. I found something all the churches FAILED to supply. In fact they are ignorant of the great Invisible power which fills all time and space.

I want you to know that away from MOSCOW- away down by the Atlantic Sea board, in Nova Scotia, one man with some of your own background and your own experience has found a Faith in Psychiana- a simple faith that works when used in accordance with the invisible law..

Your sincere friend,

W. A. Taylor

THE "PSYCHIANA" RELIGION

FRANK B. ROBINSON, D.D., Ph.D.
FOUNDER AND DIRECTOR

MOSCOW, IDAHO

INVITATION NUMBER TWO

My dear friend:

The Bobbs-Merrill Company, one of the largest and most reliable of all publishing houses in the United States, recently published a book entitled "THEY HAVE FOUND A FAITH". The book was written by Dr. Marcus Bach, of the Department of Religion at the Iowa State University. One of the Chapters of that book deals entirely with The Psychiana Religion.

In the closing paragraph of that book, Dr. Bach, who was in Moscow making a personal visit to Dr. Robinson to get the inner facts about this Movement, made this statement:- "And as I was boarding the train, I had the feeling that Frank B. Robinson had talked with God—yes I did—actually and literally".

Dr. Robinson DID talk with God, and as a result of that, and many other talks with God, he is bringing to this world a revolutionary Teaching through which the actual Power of God is coming into human lives all over the world. TIME, NEWSWEEK, PIC, THE PATHFINDER, READERS DIGEST, THE SUNDAY SCHOOL TIMES, THE PRESBYTERIAN BANNER, THE LUTHERAN COMPANION, and other nationally circulating periodicals have written about this Movement, which is now nearly twenty years old.

What the Power of God is doing almost staggers the imagination. Just as they brought the sick, of divers diseases to Jesus at even, when the sun was setting, from all over the world have come, by the hundreds of thousands, letters telling us what the Power of God has done in the healing of divers diseases today. The Power is the same. It has lain dormant for about 2000 years. Now—the very same Power Jesus used is being used to drive out all diseases.

Not only that, men and women who are perfectly whole, are finding the Power of The Spirit of God actually operating in their lives. Can you imagine what YOUR life would be like with the actual Power of God manifesting in it?

You probably have not had time yet to get your application for membership in the mail. May we suggest that you mail it in to us now? Remember—we are not writing to you for our sakes. There is nothing you can do for us. We are writing to you for YOUR OWN SAKE, for we want you to KNOW the actual and literal Power of The Spirit of God.

We are enclosing another application blank. Won't you fill it out and mail it now?

Cordially yours,

Frank B. Robinson

WHO WAS MAY PARKER?

" by William A. Taylor "

Handwriting Analyst.

(Bachelor of Life Science)

Another mystery solved by a grapho-analysis

Grapho-Analysis answered the question after the police and detectives across Canada failed.

There was an innocent looking young woman in Halifax, N.S., by the name of May Parker. For some reason best known to herself she joined a correspondence club in Winnipeg, Man. This seemed all harmless enough but in a short time a trail of letters across Canada was traveling to some May Parker, in different towns in the western provinces. As time went on a good looking young woman would call at different post offices and collect Miss May Parker's mail. Sometimes there would be a written order from Miss Parker, to deliver her mail to the bearer.

In the meantime the REAL May Parker was receiving letters from a correspondent in the west, and it had developed into a permanent correspondence. But mystery deepened in the west, and hundreds of letters were being sent to this mysterious Miss May Parker. Money was demanded for meeting places but the girl never showed up.

One man of middle age, evidently not too wise, who resided in Vancouver, B.C. got this May Parker address and wrote to her. A correspondence developed and arrangements were made for her to visit the coast, at the man's expense. But before she would go to Vancouver, he had to deposit \$500 in her name in a Winnipeg bank, this being done and ticket arrangements for her trip to Vancouver were made. A letter was received by the man that some unknown event had occurred and the trip postponed for a few days. As time went on the man became desperate, and went to the police in Vancouver, and they contacted detectives in Winnipeg for the location of Miss Parker. No evidence could be had other than they got an order to confiscate her mail in Canada.

A detective was sent to Halifax but Miss May Parker had never been in the west and had never been out of Halifax, so the mystery deepened.

On a train traveling between Halifax and Montreal a detective contacted an innocent looking ex-serviceman, and in the course of conversation something developed that the detective revealed the mystery. The detective was talking to a student of grapho-analysis who was working on his 12th lesson at the moment. The student asked to see some of the handwriting and this request being granted, the student, after some reflection and study, stated, "You're looking for a woman, yet this writing shows all of the mental habits of a man. I cannot say it is a man. One cannot be sure which sex is the writer, but totaling up all of the traits and habits, it is very probable that it is a man. Women seldom have these mental habits. I am almost forced to think a man has committed the crime of fraud, and it is an impersonation."

The detective looked surprised, then remarked that the decision was absurd, knowing what had developed in the letters.

Upon arrival at Montreal, the student was full of adventure and wanted a mystery to solve with grapho-analysis. He requested the case to be given to him after the detectives failed and in due time this request was granted.

This student studied traits and characteristics of the formations of letters and words, gathered elemental facts from his investigation, and his knowledge of human nature, and human behavior, decided it was probably a male, instead of a female who had set afloat this mystery.

He returned to the Maritimes, visited Halifax, and located the real Miss Parker, and learned that she knew nothing of the mystery of the west.

He asked if she had a friend in the west and she replied that she did have a friend in the west, and a very good one.

He asked if he could see some envelope with her friend's name on it, and she immediately brought out a bunch of letters.

"At once I saw that the writing was that of the MYSTERIOUS MAY PARKER. It was a man's name and he undoubtedly was impersonating his girl friend, and frauded men from different walks of life.

In less than a week he was arrested in the west, pleaded guilty on three different counts of fraud and impersonation. He was sentenced to prison.

Grapho-analysis, put to the test, solved a mystery which the detectives across Canada failed to accomplish.

Do I believe in grapho-analysis and its scientific principles? After this test, what skeptic would not believe?"

Thank you for your good letter of recent date. We were sorry to hear your daughter is not well.

If your daughter is not well at the present time, remember that there exists in her more of the healing Power of The Spirit which is God than she will ever be able to use. Therefore, the only thing for her to do is to recognize this mighty by invisible Spirit of God which is within her for her use, and realize that no disease or illness can withstand this great God-Power.

Keep in mind that you may depend on The Spirit of God to help and guide you at all times, to solve your problems in the right way, and sustain you in time of trouble. Above all, you must keep encouraged, continue to look on the bright side, and be expecting great things from The God-Power. Remember that The Spirit of God is sustaining you and will not fail you.

Dr. Frank B. Robinson:

Dear Sir:

Enclosed find money order for four dollars and fifty cents (\$4.50) to pay for lessons 19 and 20. This, also ends the study course for which I enrolled.

I've enjoyed studying with you and have learned some wonderful truths.

Several of the lessons, their subjects and statements, I believed (or suspected) existed but I had no proof. Others, I have intelligently learned how to practice in a small way. It's wonderful to be intelligently informed.

I have tried honestly, to come up to the requirements of each lesson, and yet I feel like I have failed to some extent. I know I have. Because, I have searched myself, and I still find, an element of doubt. Can't get wholly rid of fear. Wish I could. But the battle with self is the hardest one yet.

Whatever I believe, or whatever I am I want to be 100% perfect in that thing.

I am very grateful to you for the instructions and knowledge you have given me.

Remember me, as a student, when you wait on God.

Sincerely,
Mrs. Pearl Templeton

Thank you for your good letter of recent date and for your Christmas greeting. It was a pleasure to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. I am ~~thankful~~ To have noticed your advertisement and participated in the search, the revitalization of my faith in youth is recaptured and have sensed a considerable uplift in the 3 lessons. Physically-spiritually and my actual work things I thought closed to me (I've tried to put things across since 1932) are now opening again and my happiness within is given out in my work as I meet individuals. Luckily I have an inner closet but have failed to use it properly -

Your help to show the way is vital - Thanks again

Dear Sir:

I have received & read with great interest your first lesson & papers of "Psychiana", it seems to me to have great depth & whether this enrolment I thought has anything to do with it but my whole surroundings appear brighter already.

~~One~~ Once when I was a child I read a story in a child's book given me by my mother. It said (a true story) of a lady visiting in the slums of London, England who had made a lay-out for an expectant mother unable to dress her baby. This person prayed for money but as she prayed, some one knocked on the door & came in, asking her to accept this bright new shilling she had in her purse which might help some needy one. Now I being Thomas by nature as well as name, asked the same thing, it was two weeks to the day, when I intended leaving the house, but when I reached the door I was almost blinded by the strong sunlight shining straight down, ~~dimming~~ as it is focused on a shilling. At first I was afraid, then I picked it up & held it tightly in my hand

until my mother met me at the door
I told her what I had done - when I said
I didn't really want the Shilling - my
mother said No! you asked for it if you
have got - remember - in future
to make sure you need what
you ask for, needless to say I never
knew a Shilling go as far as that
one did - Since then I have been
more cautious shall I say -

However - I thank you for
photograph & interesting reading
& now enclose \$2-65^c money
order for Lesson No 2. I am
interested to go deeper into
it, although as yet, I am still
on the outside.

It is not my intention to take
up too much of your time -
So will look forward to
continue the second ^{lesson} in the near
future.

Yours faithfully

Dear teacher,

I am more than pleased with these "Wonderful" - "LIFE-SAVING" lessons. Actually, my teacher, I heard God's voice speak to me! I know my Redeemer liveth! God heard and answered my prayers! I can hear that "still" small voice talking to me. Yes, I know God is living. I remember very plainly getting into the bed one night and a pain was in my head. I put my right hand over my forehead and saying "Let There Be Perfect Health" ~~and~~ actually the pain left all of a sudden. I immediately thanked God. I am well pleased and more than pleased with these "Life-saving" lessons. I have noticed that my right eye will itch and its amazing what will happen. I always think I am going to be pleased and sure enough I would be pleased about something. I believe this has connection with God. In fact, I know it does. This, Dr. Robinson, is my way of knowing when I am going to be pleased about a certain thing, and for my left eye I know I am not going to be pleased. They

both actually work. well, Dr. Robinson, I have enjoyed telling my experience with ~~the~~ God. Please find enclosed \$2.25 to pay for my lessons. Dr. Frank B. Robinson: I am very happy to address you again and I^{am} filled with inspiration to do so. The other day I visited my aunt and then I left on my way home. Instead of going the shortest distance to home, I took the longest one. I was on the highway and I began wishing I could find some money to provide for God's cause. I also began thinking of finding money. Well, I continued to walk on a few more steps, and suddenly I looked down and picked up a dollar. Unhesitatingly, I thanked God. I could hear my Savior saying to me that I would find some more money and sure enough I did. Unto this day I still thank God. I am enclosing \$2.26 for payment on my Lessons. May the Infinite Spirit rest and abide with you now and forever more. I remain.

Sincerely your student
and friend,

Rudolph Thornton

My dear Mr. Threadgill,

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Dear Teacher.

I have been reluctant in writing to you, for two reasons first because I have not paid you for the teaching of this dynamic discovery of the Power of the Spirit of God in Me, secondly because I was doubtful of the truths which you have revealed to me, but now I shall assure you, that from here on you will receive every dollar that I owe.

Several weeks ago, I had a severe pain over my right eye it had been hurting for a long time, ever time I would wash my head or have a slight cold it would annoy me, but on this day I received lesson (5) I sat in an easy chair and begin to read, when I came to the part where it said, "Stop where you are, and as you are, lay the book down, close your eyes, and say, Power of the Spirit of God in me Manifest Thy self to me Please". I did just that, and the Spirit of God ~~to~~ remove that pain, the pain disappeared, I have washed my head several times since but the pain has never returned.

A few weeks ago I sprained my back, I could not stand nor sit long in one position, I was reading another lesson where it said, "Picture in your mind just what you want and tell the Power of the Spirit of God, that's what you want, I did that after I went to bed, the next morning,

The hurting was gone, I did not want to believe it I have been looking for it to come back, but after reading where you thought the power of spirit of God healed that woman and said stop doubting God, and do not look for the disease to come back and it will not, so I ~~felt~~ ^{did} and the Old back is as good as ever at this writing.

And I would like to tell the world about it, I feel that I would like to go into the Ministry and Preach this staggering truth, but I will have to write with some of these Churches, and they would want me to preach their doctrine, I left the Church because I found out that they were not doing the things that they should do, of course I can go back, What would you suggest Dr Robinson?

I remain your Student
Maynard Threadgill

P.S. I've had two years of theological teaching at Howard and I have done some public speaking. I have talked to quite a few people about this, and they, that is some of them are amazed and said why dont you preach those truths, you look like a preacher any way,

If you are not well at the present time, remember that there exists in you more of the healing Power of The Spirit which is God than you will ever be able to use. Therefore, the only thing for you to do is to recognize this mighty but invisible Spirit of God which is within you for your use, and realize that no disease or illness can withstand this Great God-Power.

Dear Dr. Robinson,

I have just finished reading
lesson ten of the second course
of Psychionia.

I don't know how I can
ever thank God for the light, peace,
understanding and improved health
you have brought to me through
your instructions.

Considering the confused state
of mind and ill health I was in
when your first lesson came, my
progress has been great.

Since childhood I have.

suffered with spinal curvature
and have reading sight in only
one eye.

I know that the instant
healing of my body is only a
very small thing for God to
do. The trouble is wholly with
me: I haven't as yet been able
to touch the source of all power
that can do all things.

Oh you could only spare
the time to help me? I would
be very grateful, indeed.

Dear Dr. Robinson - I am receiving the lessons from you at intervals, and hope you have received my payments on the course up to date, I sent my personal check, (the last one), on June 14, my Son + wife came home to be with me for awhile and I sort of neglected getting the print. off by the 11th the 12th being his 26th Birthday. I have now received my Lesson # 5, and am studying each and every one as they come, and also doing the little exercises you mention, - it is all very interesting + educational, I have already derived a great deal of benefit from it, and am sure I will even more as time goes on.

Even before I started
studying these lessons,
and during World War II,
I gained so very much
from my thoughts, and
felt some powerful
force was behind it
all, and now thru
your teaching, I am
beginning to understand
it all. I am anxious-
ly awaiting my next
lesson #9, its all so
wonderful. My health
is not the best at present,
I had an accident at the
beginning of last yr., 1947,
and broke 2 ribs, (I fell
at our back door step),
they did not heal right, &
were not set right, & just
within the last 2 wks.
the Dr. reset them & taped
me, which is an un-
pleasant feeling, I hope
they will heal right this time.

BMT I shall write again
from time to time,
and will also send
the payments each mo.

With my very
Best Wishes

I am, Sincerely

but some how, I believe you knew I would not let you down, and
you may know also that I have had a lot of trouble since I came

will do right. I thank God daily that he did not do worse crime
before I know you want to know of my progress along spiritual
line since I started my lessons, well, it few, here it is:

My feet & legs, they have not hurt the

 the last season, you may be sure I have a grand vision, & I have
 own neighborhood, & I have helped one woman already, whether here or
 study, & do not feel that my interest in them will end with
 a lot to me. I really want her to be well and happy.

Dr. Robinson, each experiment with the spirit has been just as you
 said it would be, Wonderful, & that voice. The day my son was

 resist the law & be killed. I called on the spirit for help, to
 help me somehow & then, it's all over. I feared he would

Help
for

Dear Dr. Robinson;

I am a farmer with a wife and four children, ages 5 to 15 years, we are just poor people trying to buy a farm and we have 3 payments in advance, its only a small 40 acre farm and we raise tobacco for our main money crop and it keeps me very busy as I have been very unhealthy for the past six years, a part of the time just not able to work my-self, But thank my God since studying of this Great God-Law with you my health has been very much improved, I have felt better for the last two months then I have before in 12 years and feel better spiritually then I ever have in my whole life. I feel so good I just want to thank every-body especially you and

the one that got my name on your list, but most of all the Spirit of God that lives in us, which I am learning about.

But what I started off to tell was that since my health is better I am so busy I do not study the lessons as much as I should, some days I get so tired I just fall asleep trying to read my lesson but I can say I am learning of that Great Power, and here is another weakness, I have not tried getting a little group together each week in my home yet, I guess its weakness of me but I am going to over power it one of these days before long, I have talked with several about the lessons and explained them as

best I could and am sending their names along with this letter, one of them, Ray Manning, wants the enrollment blank as quick as possible he is unhealthy and can see a great change in me and I read my eighth lesson to him which got him very much interested.

I must close for this time thanking you and "The Spirit of a Living God" for the great change in my life.

From a student,

Herbert C. Toler.

Dear Sir & friend.

This is the first time I have written you since becoming one of your students and will now take time to tell you something of myself. I am a man of 48 yrs of medium build brown hair and grey eyes, I have a wife and 12 living children and two little one laid away. I am a farmer by trade on a rented farm 50-50 baises we raise corn hogs & tobacco, and milk some cows but with so large a family it is hard going in fact if I had not come in contact with your teachings I doubt very much if I would be writing this letter

It has put new life into me
already In fact the last
two lessons have lifted me up
as nothing has ever before, when
I read them it is as wine course
ing through my veins, as I was
downcast and morose before at
being heavily in debt I now
laugh and play with the child-

never again be chained down
by worry I can now relax in
sleep which I could not before, as
yet I have received little benefit
financially but I know that it
will come, as your lessons promise
At present I am behind on my
payments but bear with me good
friend and you shall be paid at
the earliest possible date which
will be when I market my tobacco
which will not be very long I am
considered honest in the district
where we reside I am sending
the names

I think will be interested in
your teachings. So for now I

My dear Mrs. Townsend:

Thank you for your good letter of recent date. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

All existing evils are due to ignorance of The God-Law. Sin is unbelief in the ability and goodness of The God-Power. You cannot see The Spirit which is God as long as you do not presume its existence. But, if you presume an intelligent, unseen, mighty Life-Spirit as being in you, waiting to be spoken into existence, the picture changes.

The secret of receiving anything from God is the secret of believing that it can happen and acting as if it had happened. In other words, there is no possibility of the invisible Creator manifesting where the mind of an individual excessively blocks that manifestation by doubt.

May The Spirit of Infinite Peace be with you always.

Dr. Frank Robinson
Moscow, Idaho.

Dear Dr. Robinson:

1932 I took your course. Words are inadequate to express my enduring gratitude and the enlightenment which I received, and came as an answer to my desire for Bible Research. For some time there had been a question in my mind as to why our Bible should be the Bible of the world.

A lot of things did not add up. It would take some time to tell all that I have accomplished, it would fill a good sized book.

The lessons came at a time when we were losing money quite fast. My husband owned and operated a drug store plus out side interests.

Things began to change immediately, followed by greater understanding and peace of mind, and relaxation of all mental turmoil.

In 1937 when my husband passed on in spite of my faith that he would recover, up set my balance for quite some time. That was the hardest of all experiences to master, nothing will ever be as hard again.

After adjusting my affairs, I continued to rent sleeping rooms in my sixteen room home hoping to work out something else but so far have failed to so. The first place this is a twenty four ^{hour} job, the second place I have not known just what else I would like or should do. There is so much money involved in this. Help is out of the question unless I could decide on some other enterprise.

For a long time I have had a strong feeling that there was something that I must do but I do not get what it is. One morning while at the breakfast table the urge came so strongly that I arose and went to the front door swiftly and then I realised I did not know what it was that I should do, still I do not know.

After My husband passed on I thought I would try writing but I have neither the time or privacy to scarcely write a letter much less any thing else.

The people are constantly coming to me with their problems, the one thing I find so oftenthey do not know just what they want to do and I do not know how to help them.

Renting rooms has many disadvantages, off times one gets undesirable persons, some can not get along with the others and with the imorality of to-day certainly keeps one guessing what next. There's O.P.A. control, besides it is very confining a twenty four hour day does not ^{give} me a chance to even to get into the yard very much and very little outside association. I belong to the ladies orgnizations of the Masonic bodies but for some reason I do not enjoy them or get any thing out of them.

There is no harmony or cooperation in them.

I am seventy years old and to get out and battle with wbusiness and this government regulations, seems hardly worth the effort.

There is one thing I fail to understand, that ther^e is no sin. I understand that it is not a sin against God, but just what is all this vice and greed and every kind of imorality that is most rampant today through the earth.

I have read many things and this WHITE, GREEN and RED BROTHERHOOD does not quite make sence to me. *no*

Did you ever study Rosicrucian? I tried it but I did not like it.
Have you read the "Life and Teachings of the Masters of the far East" by

no
Baird T. Spalding? if so what do you think of them?

I am reading "This Beleiving World" by Lewis Browne an Ex Rabbi.

I find there are so few who are interested in these truths, and of those who are never can find time.

I am sincerely and deeply grateful for ^{your} opening the way ^{to} a higher way of living, and a greater peace of mind. How I wish I could have learned this early in life, to have grown up minus fear and worry. The most useless and destructive thoughts. That is what our ministers are responsible for. And the great tragedy, they are still doing the same teaching or preaching, and it is postively appalling what people persist in believeing.

Do ^{you} still publish the Magazine if so how much is it?
I have wanted to write you for so long but there were constant interuptions of one thing or another.

If you have any suggestions to make and if there is some pneipaticular thing I should do and you can show me how to find it, I shall appreciate it. Also how to help others along the same line.

If theressome way to help bring peace, love and cooperation through out this world, with all the hate, greed and all other destructiveness. When we read all this ancient history makes one wonder if there will ever be a chance. If it will ever be any different.

Sincerely your pupil

Thank you very much for the friend list you sent us. In doing this, you have materially helped our efforts, and I am sure that the names of the people you have sent in will be interested in receiving our free literature. If at any time you might happen to talk to someone who is interested, do not hesitate to send in their name so that we may correspond with them. Dear Dr. Robinson:

Enclosed please find check for \$35.00, - \$34.00 cash balance in full for 27 lessons of Pychiana and \$1.00 for "Shall We Know Each Other Beyond The Tomb", which please send me at once.

Your lessons were discontinued after Lesson #9 as it was then impossible for me to make payment. Since the enclosed check represents payment in full I trust that you will resume the regular mailing of the remaining 14 Lessons.

Dr. Robinson, I want to convey to you my most grateful thanks for the help I have received from the first nine Lessons. When I returned to New Jersey from Florida last April, my possessions were less than \$25.00 and a car partially paid for. After enduring many hardships I succeeded in renting a location and begun business on a "shoe string". From this humble beginning I have been able to develop this business to a peak volume of \$2,000.00 per week and construct a new modernistic building. I can only attribute this success to the help of the Spirit of God within us all, as revealed by you - plus fifteen to twenty hours hard work seven days a week.

I trust that a resumption in the mailing of lessons to me will begin at once.

With best wishes for your continued success in your great teachings of truth.

Greatfully & Respectfully Yours,

The Spirit of God in you is something like the power in a storage battery. To look at the battery, you would not know that there is any power in it, for you cannot see it. But, if you push the starter, making the connection, the hidden power in that battery instantly springs into action, and it can start the largest car. When you do recognize the fact that this Power does exist in you, it will not take you long to draw upon that Power, and, when you do, your troubles will be over. I believe in your teachings, I have faith in God
Still I cant seem to find that brighter spot
on the light of his presence, if you please, but I
wont give up. Have you anything to suggest that
might help me. I truly want to find and know
God better than I do now, may God Bless you

Dear teacher, I wish to let you know that I have been greatly benefitted by my study of Psychiana.

For about 8 years arthritis in my back and circulatory conditions in my legs have made it impossible for me to walk but a block or two, very slowly, without considerable pain. Last Friday I could not start my car so walked to the Post Office 5 blocks away. I thought perhaps this was what I should do since the car wouldn't go. At first I walked with the usual ^{painful} effort but by the time I started back I began walking free and without pain. So I added six more blocks making 16 blks for that day. Sat. I did more than usual cleaning of my apartment with no leg ache at night and to-day I walked 9 blocks with great ease and joy.

I am telling my friends by letter about this movement as I am a stranger here and I wish to send you the names of

If you actually believe that The Power of The Almighty can instantly heal any disease you might have, it would not take you five seconds to claim that healing. So, in addition to holding the thought that you are going to be healed, you are going to have to act as if you had received the answer to your sickness. It is the acting as if you had received it which brings the actual and literal physical healing. Think that through once, because in it lies the secret of all religion, as well as all spiritual healing.

Rest assured we will do all we can spiritually.

DR. FRANK B. ROBINSON

MOSEOW - IDAHO -

DEAR DR. ROBINSON -

I do so desperately need your help - I have a dreadful pain in my head, for more than twenty years that doctors have been unable to do anything about - Dr. Robinson, Please use the power you know so well to deliver me from this pain and its complications that are so like a slave chain

It is difficult to quiet a mind when the body is tortured by pain - Please speak the word that will make me whole and, forever free from this affliction, whatever the cause - You see I BELIEVE IN THE POWER OF GOD but I have not yet learned to use it against this thing that has tortured me for so long. - I know you tell us to not write long letters about our conditions but how else could you know the extent of my need for your help through the Power of God.

I am wordlessly grateful for the knowledge of the Truth of Life that I have found through your teaching, I believe in the power of the Life Spirit, - I have had some manifestations of the power but this one thing I so greatly need has not come to me.

I desire to to learn how to use the Power so fully that I too can

speaks deliverance for the sick and afflicted
I see all about me day by day. I am so
acquainted with pain that it grieves me
to see others suffer. I can think of no
more convincing manifestation of the Power of
Life than the healing of the body, then
fill the mind with knowledge of the
Power that heals when all else has failed.

I know the Psychiana Movement is
is the most wonderful Blessing that has
come to this world, so blended by Theology -
I was steeped in it, I want no part of it now!
It is boundless pleasure to lead others to
Study Psychiana for each one in turn will
lead another to this marvelous message of Truth.
It is like a great Chain, link by link. -
Dr Robinson, the human race is indebted to you
and there is no possible way we can meet that
debt but by helping you spread the marvelous
Truth you sought and found, You Found God -
Dr Robinson can you explain the strange vibrations
I feel in my head and face when I am quiet
and thinking of the Spirit of God in me.

Thank You for Your help.

My dear Mr. Turner:

Thank you for your good letter of recent date and for your remittance of \$3.00. It was good to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Dear Dr. Robinson,

Here is the end of another month which finds me amazed the way your studies keep so interesting, and also the way I find God being so good to me I really believe there is a God now which I doubted before starting my studies with you, Just 2 weeks ago

I heard the wife of my boss was dying slow but sure then as soon as I heard this I lost no time but got busy and right now she is on a vacation with her husband to Atlantic City, It sure made me feel good to think a life had been saved by my knowing God, Also my boss nor no one knew why this took place I imagine the Dr that said she could not live is amazed and puzzled, but God and I know what happened, I just recieved lesson # 70 but did not receive # 69 but I am blaming no one as I realize this was a clerical error which we all make at times

I also must say I had a very nice letter from your son Alfred, he shows his training as the letter is worded just as if you were writing it yourself, Am enclosing my monthly \$3.00, Your devoted friend and student,

The end of another month is here, and so is my monthle \$3.00, have used the new affirmation and find myself happier than I have ever been in my 55 years of life never have a depressed moment but feel as though God is controlling my every movement feel as though I were floating on air, I feel so sure of being able bodied again I am always wondering what it will seem like to use both arms again after 8 years, It seems as though I had just forgotten how to use it, and am sure my next letter will tell you I am using my left arm again, have had several visions of winning the Boston marathon as I always did like to run, So do not be surprised if your old student comes in first within the next couple of years.

Sincerely yours ,

Dear Dr. Robinson,

The end of another month is almost gone and my monthly \$3.00 is on its way to you and must say it is the best investment I ever made, Words can not express my feelings I believe I am the most happy man in the world, for all the people I have asked God to cure, Everything from polio to TB and Cancer have been 100% successfull, While I myself am improving every day after my Dr. said I would never work again but am glad to say I have not lost a day in 3 1/2 years, it seems hard to believe I could feel so good when I had just about given up all hope when I first found your advertisement can only say it was a God send for me, Have found 2 or 3 more of your students in Buffalo and we expect to start a get together club in a few days.
