Dear Mr. Robinson:

Enclosed please find another dollar to credit to my account. Wish I could make it a hundred for the keep and understanding I feel sure I am going to get. My understanding seems to be growing day by day.

Just heard of something which I would like to pass along to you as it made a great impression on me. A young woman who lives in this building has a sister

whose little girl five years old
was killed by a car about
two months ago. The man who
drove the car was in no way
to blame as the little girl
darted off the walk directly
into the path of his car and he
couldn't stop even though he
was going slowly.

The parents have been about
crazy with grief, and the poor
mother has cried almost
constantly. The other day this
mother was told this man is
in a hospital about one
hundred and fifty miles from
here and the doctors fear for
his sanity. That has snapped

her out of her own grief to the
extent that she and her
husband are going to drive
to where he is and see if they
can say something to him
that will keep him.

I don't know what religion
they have if any, but I don't
believe I ever knew of a truer
Christian spirit.

God grant that they can keep
him!

Sincerely,

Mrs. C. Charles Yorkson.

✓ Dear Mr. Robinson and Teacher.

I guess you think I have passed, as it's been so long since you have heard from me. But Mr. Robinson I am still here believing in the power of the living God. I know if it wasn't for God I wouldn't be here this morning to write this to you. Mr. Robinson I have been very sick but I thank God I am doing fine now. On the 21st of March when I sent you the message to help me I was in the hospital for an operation, I didn't have the operation then I had to come back home to be treated before the Dr could operate. I stayed two weeks and was carried back on the 8th of April and on the 9th I underwent the operation for rupture, and I thank God for I didn't have one minute trouble. The Dr's told my husband I was a puzzle to them said they thought that place was going to give me some trouble, but I didn't have any. I am back home still doing fine. Believing in the power of the living God. Mr. Robinson I carried one of my lessons to the hospital with me and would read them ^{it} when I could for you know how it is in a hospital so many people in and out, but when it was

quite I would read. I Am still enjoying
These sweet lessons you are sending me
I believe every thing that you puts in them

Dear Mr Frank B Robinson

You ask me to let you know
know I am progressing well I am
down my line I must say well to tell
you - you are the man I have been
looking for - the last thirty years
as I told you in my last letter I
meet with all kind of men and
ministers But you the only one
that I believe or I read the
Lesson

Why I say this I never believe that
Jesus was God I could not
see how a Sovereign God would
send his son in the world and
let a lot of religious leaders
take his life for the rest of the
people I have found my self lessening
friend just over my belief But

Part 2

I Just can see it that very I Believe.
Just as you do and as you say

P. I know that I know How I am
talking to I tell you of some things
I meet with while I was traveling a
round just because I told them
my Belief they told me I was a
Communist and Jail was the
Best Place for me if Jesus was
to own Back to say the some
Bunch would do the same thing
Why Well I have Ben on the in
sid I know just how that do
thing and as you tell me in
this three Lesson a Bouy at the
statues of Jesus and the Virgin
Mary and so forth Well let me
tell you one I dont think you

ever seen kite lean in Philadelphia there
 is a bunch that live all the
 Ball Players Pitcher in the
 Sunday school Room and there
 is known they hold Day meetings
 Monday or here can I believe in
 a Church like that to seem
 not just forking a Bowyer there
 People but what I see and know
 well as now I know I was on
 the kite very fast as I did a
 Bowyer that Pitcher in my last
 letter getting all that money every
 year and only taken 3 or 239
 to lean out for a day not costing
 one hundred dollars then put the
 foot in his pocket I can see that
 there is money of I know from
 east to West and N. to South

there a little town in York County
 Penn that a man die leaving a
 little money for his wife not a
 lot but just a few hundred dollars
 as that was the way he got them
 four years the poor woman was
 broke in money she had to ask
 help from her neighbors so they
 did not understand what she
 had done her money for so
 one day one of them just ask
 her what she did with her money
 she hear the story
 she give it all but a little to
 one of the as call Thersa to get
 her dead husband out of Hell one
 Friday one what they call it arse
 so time went on her friend that she
 ask for help just didnt rest

Part 5

that way so they went after the
Holy Father and demanded her
money Back But this is only one
I can and will tell you of more
letter on there is a Buy one here
in Phila I tell you a Bought soon
I never could see that God was in
Works like that

P. S there is one Word in 32 Paulms
Verse 2. the last Word. I look it
oup in Websters Wactionary
this is it Guile. it not a very
good thing to do to a Bought
you fellow man But it takes
a man like you and a few more
to help the people to see the
Wright way

So I do all I can with the Power
I can to tell ou here But I have

Part 6

in my mind that after a few months
I will get a round as I know all
the little towns from hear to teal and
Back again so if they dont hear
a Bought Yew and Yow Wounwater full
Wach I take it to them I mean in
the Hills and By ways as I am
By my self I can go Where I like
I dont like Ware never did none Back
Betting By eany one But I dont know
if you see what I do day after day
hear in the City of Phila Well you
say a Bought War I see little Boys
from the age for oup Running the
streets Playing Ware games of them
their mothers By them to Play
With no Wounder We have so much
Hold oups and Murders they can
see they think that fun for the
over

Part 7

Children Well it may Be for them
But I can see it that way they say
Sold flashing are I am a
Communist But they can think
What they like I have Ben on the
in sid of those Churches and
S & V - Army to I Just know
What they Preach and What they
do

I Just know I am going to do all
I can to help the Worker a long soon

One needs to but look around him to see the actual manifestations of The Spirit of God. In the flowers that bloom in the spring, the grass which pokes its blades up through wintery snows, and the wonderful sunlight all constitute these manifestations; and, if you but point these out to your children, I am certain that they will grasp the idea and will be more appreciative of the wonderful manifestations of God which we see around each day.

Dear Mr. Robinson —

Two days ago I received lesson 13. This lesson really does begin to take man into the Realm of God very deeply. As you state in this lesson that the sense of inner Power of God is quite complete. This statement is quite true in my case because never before in my whole time spent in the physical as I now am spending it has the hunger for God been as keen as it is now. I have now been under

your guidance for sixteen months. I have been one of those "Seeing in Believing" type of persons.

And so far as I have been practising these exercises I do have to admit that there has come to me a greater amount of health, which is something I have enjoyed very little of; more inner peace; and I have been a great person for letting worry get the upper hand. And a sense of God which I never have had before and the urge for more and more knowledge of God with each new day. The hardest part I find to do in these exercises is to become still enough without falling to sleep.

My family and I study these lessons every evening together. We are now trying to practise these quite communions with God after the lessons together also. The reason for doing these

exercises together is because the house
we live in does not give too much personal
privacy to any of us. So in order to concentrate
on these lessons we practise and study these
lessons in a group in order to create the quiet
attitude needed to commune with God. I
would appreciate your advice as to whether this
will work in bringing God in all his fullness to
an individual. Also if this is not advisable
please advise what would be right —

In your instructions for Church groups
you mentioned about singing songs out of
Psychiana hymn books. Please quote prices, etc.,
on this book. Until the fullness of God
dawns upon me I remain a faithful student
of Psychiana —

Sincerely

Jacob J. Zvezgic 73-281

In last night's mail I received a diploma from you and the last lesson of "The New Psychiana" course of study. I thank you from the bottom of my heart that you are letting me become a life time member of this Religion which is destined to sweep this Earth.

Regardless of all the doubts and disbeliefs I have had thus far I do have a conviction which I can not ~~shake off and as each new day dawns it~~ becomes more and more real that in the near future God has picked me for some special purpose for a great work for him. This may sound crazy but I do feel that something is bound to happen soon. I have never ^{had} this expectant feeling as strongly in my life before. If I had not been studying with you I would not know what it is but I do know that God is going to speak as soon as I am prepared to receive. This is

all I will write about this at this time. I am remaining a student for the next 4 years because I have enrolled for the Master Series some time ago. Until God makes us all

United as one I will remain a member of Psychiana.

Very truly yours

Jacob J. Zwetzig
