Dear Mr. Robinson:

I'm studying lesson No 2
in advanced Teaching No 1. In
it you stress castor. I need
your help please.

We are a family of nine and
a lonely one. I never can find
the necessary time for being alone
with out interruption. At night I
relax and take those moments of
waiting on God but more often
than not I fall to sleep.

I try getting up earlier as I have
this morning and now four of
the children are up.

This is the most wonderful
teaching I've ever read or heard
about. All day long the lessons
are in my thoughts.

My Aunt Rose Libbarn is coming
to visit but she's a very poor traveler.
She has tried every known remedy for
travel sickness but none helps her.
She's 67 and the last trip left her

as if she were paralyzed. Would
you help her please.

I have told her of the Psychura
teaching and she is going to study
with me.

I cannot write more at
this time.

Thank you again for the
new life you've given me
through your teaching.

I am now on my tenth lesson of Physicians, and find it so very interesting. Never knew before how close, the Spirit of the Living God was to me until I read your first lesson, since that first lesson the lessons following have ~~filled~~ ^{thrilled} me more & more as to how close God actually is in all of us -

I am a patient here at San Haven. This will be my ninth month here, I have T. B. of both lungs and also some heart trouble - The Dr tells me I am improving, but what I really want to know is if I am doing enough when I read your lesson almost every day and follow the exercises you prescribe in your studies. Here we cannot

shout, or talk aloud with God
and ~~my most~~ the thing that I
want most now is to get well & ^{strong}
be home with my family, and
I certainly would like to be able
to preach the Phepicianna Religion
to everyone at home - I am a
quiet person, so I do not make
much of a talker,

How wonderful to know that
we can have Eternal Life, and
~~then~~ to know we have power enough
in us to have every thing we
want & need. If we only know how to use ^{it}

So could you help me to get
well quick, so my one thing hoped
for can be accomplished. quick
I want my sickness healed &
Cured forever - and if there is
anything you could do so my
wish could be full filled, Please
let me know - I only wish I was
able so I could drive up to see you
I certainly will try to if I get well & strong
again - So I can stand the side.
Do answer me soon, as I want to get
well soon Right Now - Sincerely Mrs L. Arne

Dear, Dr Robinson.

I know you have been looking for these words for a long time. That I am about to write to you. I never was much of a hand to write letters.

I have been very much a busy man, I have a ranch over here and you know the work that comes in the spring. We are milking cows for a living. And there is eight in my family including my wife and my self, one daughter married one working out. One married

Two in high school one
in grade and one at home.
Now my Friend you are
much more then a friend
you are a God send to me.
Before I started studying
with you I was as far
from God as any man
could get and live.

And things was going
wrong all the time.
But now things are
quite different with me
I could hardly walk
for pains in my legs,
and my shoulder and
back that ^{keep me} ~~keep~~ down all
the time.

my stomick wouldnt
let me sleep nights.

Well I know I have
been a long time coming
this far with you

Dr Robinson, But things
that take time and hard
work for, are the things
that are everlasting, and
that is what I am after.

And you have been asking
me to call on others

Dr Robinson, But I find
it isnt so easy to get
people to listen some wont
say any thing, some want
to argue, some says it
all wright but we should

draw a line. But I'll keep
trying and maybe I will
find some one some day
before long. I am sending
you four names, now
these I am sending
are not sure prospects.
I don't want you to send
out any literator and go
to any expend like you
did with me. But we will
try, and you can let me
know if any does inrolle,
that way I will know.
whitch one's to call on again
and maybe I will be able
to send you some sure
prospects in the near
over

father. Well Dr Robinson
I think I would sill be a
better rancher than a letter
writer, I want to say so many
things to you, but you will
have to read in between the
line's. And I want to thank
you, And ~~above~~ all I
am thanking God for
ever thing.

As ever your
student.

Dear Mr. Robinson.

I received your letter concerning Mrs. Blanke, she is doing fine, you know I believe your letter saved a child's life, after I received your letter; I went to the hospital to see Mrs. Blanke, her little grand daughter about four years old had been having the measles, and a virus infection set in affecting the kidneys and paralyzing her left side she could neither talk or swallow they could only get a few drops of water down her. The Dr. said her case was

very serious, possibly she might never be right. They were pretty up set. and they asked me as soon as I got there if I would go down to the childrens ward and apply healing. I replied that I would do all I could. The nurse let us in, and do you know she began talking next day. and they took her home in four days completely O.K. and she is perfect in every way. I know what your father meant when he said he could not keep the tears back. I have done this in my own family some time

but not our side. I guess
 he is right when he says
 dont try to figures it out.

The alb. just couldnt believe
 it. If you have the
 time and care to answer
 I will be pleased, but if
 your work is to heavy it
 will be alright any way

Dear L B Robinson,

The last time I heard from you was when I received my certificate of Life membership and more than pleased to be a member of your wonderful movement. It was on the 7th of Jan 1948 when I received my certificate. Now I want to say a million thanks to you. Many things have happened since I took your lessons I just neglected to write sooner. Many of my material manifestations have come to pass and my health is better too. I still had a little doubt of the God Law until the twenty second of Dec 1948 then a lot of things were cleared up for me. I got a phone call that my dad wasn't expected to live. As I stepped into the hospital room where my dad was I was met by four nurses and my brother

the doctor was busy examining my dad
 as he looked up and our eyes met
 the whole room seemed to become
 electric field. Every one in the room
 seemed to be thrilled and stand be it for
 a moment. The doctors eyes seemed pore
 in to my very being right there and
 then my mind became as clear as
 a bell before that it was just still
 a little hazy. six years ago I had
 a sever hemorrhage blood clots formed
 which ruined my both legs and because
 of this I had to spend five months
 in the mental Sun. This moment I just
 told you about was the happiest moment
 of my life I could have shouted for joy if
 it had been in a different place and at
 a different time. All the time that I was
 studying your lessons my biggest desire
 was to get back my mental health as
 well as my physical health. my physical
 health could be a lot better than it is
 at present. In passing I say that my
 desire for my dads recovery was so

great that he recovered from his illness and is getting along pretty well to-day.

I have a few questions I'd be very grateful if you could answer them for me please.

I have great controlling power over my friends and family so much so that I can see the results. Is this as it should be? Or did I miss some thing in your lessons? Now that I know that thoughts are God things and powerful things I am able to tell when a person is thinking on pleasant things of me. I seem to be now subject to emotional influence my voice changes with my emotions and this is very embarrassing at times. Is there any thing I can do about this? Would it be all right for me to take my lessons over again just as if I never took them before? I thought I might get more good out of them now that I have not my mental health to cope with. I have that magnetic attraction that all people have who believe in the God Law

I am well liked where ever I go now
 my husband is very upset about this
 He ever tries to keep me away from
 my own children. He seems to feel
 that I have this magnetic force or
 power because of my mental health.
 Now doctor Robinson how would I go
 about ~~so~~ explaining to my husband so
 that he could understand for once and
 all that all people that believe and
 understand some thing of the God Law
 all have this same magnetic attraction?
 He doesn't ~~before~~ believe in your teachings?
 I hope I am not taking up to much of your
 precious time with my troubles. I'll try to
 do some thing to help your movement
 along in the future. I can't do ~~it~~ ~~at~~ present.
 By this time I presume you have
 learned quite a bit more about the God
 Law. If you'll send me your latest list
 of your books I may send for some of
 them in the future. Best of luck in your
 wonderful work and God Bless you.

My dear Mr. Robinson -
Return to R Thank you for
your personal message also the
Psychiana News-letter which I
received some days ago.

I received lessons and commenced
the study of Psychiana in 1941
and ever since, I have been an
ardent student of Psychiana, to my
knowledge I have had every Series
of lessons, written by our beloved
Mr. Robinson, also all books he

has written. I read and accepted
Psychiana with an open mind, if
a question arose while reading a
Lesson I brushed it aside and found
the answer before I had finished
the Lesson. I know that I agree
with and believe every word that
Mr. Robinson ever wrote. His courage
eagerness, simplicity, his earnestness
his pleading - his sincerity all so
magnificent. All Lessons - wonderful
wonderful. I was at Portland Oregon
~~at~~ the time I read of Mr Robinsons
passing. I confess there was not the
slightest reaction on my part when
I read the news, I sat for quite
some time in deep thought thinking
of him, what a marvelous personality
he was and what he must have
accomplished. I can never visualize
his passing in the usual way of death.
I only think of Mr. Robinson being in
one of his deep Spiritual Communion

with God and just remained
there - he did not want to come back
and, perhaps it was a dear one who
found he had gone.

All I am and all I have I owe to
the teachings thru Psychiana. I
wish I were able to express my love
and gratitude for the Founder of
Psychiana. I personally met Rev.
Robinson when he lectured in San
Francisco at the Greek Catholic Church
I believe three years ago this January.
A Tribute to Frank B. Robinson.

Dear Friends of "Psychiana" Religion- I was so happy to receive "The Way" on Christmas morning, but shocked to learn of Dr. Robinson's passing. I feel I have lost a very good friend, he really did so much for me through the 20 lessons I have had. I very sorry for the Robinson family as they will miss him so very much.

Dr. Robinson's Christmas Message was very good, and I read the magazine thru before dinner Christmas day. It has helped me so much.

Sense coming to this little town four years ago, I have been put aside by relatives all but my husband, because of my hearing. My sister here ~~thru~~ told me two years ago, that and her daughter thought because of my hearing there was "just no sense in your going to church and school programs". A birthday club was started on our side of town I was left out because "your hearing is bad and you wouldn't enjoy it". Then I was taken ill this last Sept. 1st. had to have treatment at the Hospital, while I was in no dangerous condition it was all very painful, my husband left his work and stayed home with me. Not on single person came near me. But this last ~~month~~ month we have been ask to donate to the Methodist church, where I was ask to stay away from, and I was ask to help serve at P.T.A. and I said no, if I cannot go to those places at other times, I am not going to help with the dirty work. Maybe I am wrong. But we haven't had a nice Christmas in the time we have lived here until this last one.

I sat one afternoon alone and was dreading to see the ~~month~~ holiday season come, when all at once it seemed as tho a voice said, "What is the matter, you can make a Happy Holiday season for you and your husband". I just couldn't move for a little while, I was so surprised. And that is just what I did. First I went to the President of the Womens Auxiliary in Cherokee, and ask if they would take some of my dolls to give to the children of service men, she was very happy to have them, and I made 16, then I went to the Red Cross and there got such a nice welcome, they furnished the yarn and I have made around 60 dolls for them, they are sent into hospitals for children who's little hands are crippled. I don't know when I have done a thing that has giving me the warm feeling that did, and my husband was glad to have me do it to. So this new year we are going to have all bills paid, and money on hand. (Ofcourse I did not take pay for the dolls I made, my husband has had good work the past summer.)

So the Christmas ~~in~~ message Dr. Robinson gave in the magazine is the same one that was given to me that October afternoon. We own oil leases and I have had very little faith in them, until I took these lessons and I have ask that one of them sell any way, it looks like they will do just that, early in the New Year. Then I am going to order some more of the lessons. I do get so much out of them.

I cannot see what good the church is to any one, after liveing among those never miss church and hang up their religion with their Sunday cloths.

I have made this long, but wanted to talk some one about it.

Do carry on the good work and Dr. Frank B. Robinson will always live in our hearts.

Mrs. Sybil Beckley.

Dear Mr. Robinson:

It seems that I am utterly helpless in a financial way, but still a firm believer in your teachings, which have kept me boosted spiritually, while after all; that is all that matters in these trying times.

I am a disabled veteran, critically injured, and at times breathing is quite difficult for me, which leads up to a heart condition, due to severely crushed chest in line of duty, for which injury I did draw a compensation, but in some way they found a way to cut that compensation out, which was due to the fact that I was aiding my son in winning for him his compensation, who was blinded in Army, in line of duty, and which just at this time I am rather low in funds, unable to work, and a dollar looks rather large when one has to figure on rent, food, etc.

However, as soon as I can spare the small amount, I am surely honest enough not to forget to send you the amount.

In the meantime I wish to thank you for your lessons as I fully realize how much good they have done to me, and the comfort I have derived from the lessons. They have taught me how to pray and think more clearly of the better things in life.

I am praying for the time to come that I will be able to take my place in the working field and do my bit for family and others. While I am improving, my strength and breathing prohibits my venturing very far from home.

I again wish to thank you for your lessons and teachings, which have bestowed upon me a vast shower of comforts.

Sincerely,

Earnest Bell

Dear Mr Robinson:

On July 21 I wired you for spiritual aid in the case of my husband who was in hospital critically ill and to be operated on following morning.

It is a pleasure to report that he came out of operating room in very good shape, the doctor found no indication of a greatly feared cancer in this operation (prostate resection), he has been healing quickly and on Sept 1st returned to work.

We both believe in the healing Power of the Spirit which is of God and we are very grateful for your aid in helping to provide a channel through which this Power has worked.

The Psychiana Religion.
Moscow, Idaho,
Attention - Alfred B. Robinson

Dear Sir:

Enclosed please find \$3.00 in money order form. Please send the next two lessons. I am now studying Lesson 18. The lessons are very inspiring.

The Spirit of God has become so much a part of me, it seems to be the base of everything I think and do. Thought of God, and the Psychiana Religion, is always in the back of my mind. They tell me that the priests in the German Catholic Church advise their people when they come to make "confession." The Spirit of God does this way with me. This is mainly at night when I am at rest.

I am not alone often enough in such a way that I can speak loudly to God, so I have made up my own little tunes and sing the affirmations of faith to the Spirit within.

The beautiful old hymns must have been put together for this very same reason. Words of love and belief to God and for God sound much more natural when sung than when simply and laudly spoken. It will be a great day when one can publicly speak to God, openly and without fear that unbelievers will scoff. I am not afraid of the unbelievers, but I do depend upon some of them to a certain extent. (ha!)

A wonderful and rather amusing incident occurred the other day. My little niece, Virginia, a sweet patient little girl (2½ yrs. old), was born crippled. She has been living in a large awkward cast for 5 months. It covers her body from under her arms, down over one leg completely, & to the knee of the other. She is placed in such a position that the hip bone will grow into the socket. They change her cast every three months as she grows rapidly. The Dr. says she will have about 5 months more in casts.

All of the men she sees swear profusely, so she does not always hear of God in the religious way.

I have been attempting to heal Virginia by prayer to God. Her mother is pregnant and it seems everything must be straightened out. So I had her repeat after me,

"The spirit of God is healing my little leg. The Power of God has healed my little leg."

All the while I was trying to contact and send through myself and into her this Healing Power from God.

At supper that evening, we were amazed to hear her say, very loudly, -

"Hip gonna be healed!"

God damn it!"

Bless her little heart, she had it all mixed up. And I kept very still, as I was the only one who knew what this affirmation was about.

God hasn't seemed to mind the mistake - as I do believe He healed her. She jumps around in her special bed, moving the heavy cast right along with her. She is gaining weight, is getting fat

We will ~~know~~ for sure about her in about a month, when they change her cart.

Dr. Robinson's writings are being read and discussed by several people I know. This is encouraging. Several little children are hearing of the Spirit of God within and look forward to the "next time" when we can "learn more." They want to know if he is "even with us when we are bad."

I would like to be more active in this work. My life holds me down to some great extent. Do you have any active workers. I mean like "Jehonah's Witnesses"? I am a good speaker and people like me when they meet me.

Your work is great. I wish you great luck and Providential care.

Sincerely Yours
Marjorie Berg.

P.S. - I outline every lesson thoroughly. It is very helpful in discussing the lessons with friends. - M.B.

It has been nearly a year since I last wrote and I decided to write again to let you know that I am very glad I decided to send a letter your way and have you help me in finding God as my Helper and Saviour.

It was rather difficult at first to make a lot of reverses in my beliefs in God and His relation to me.

I have nothing spectacular or absolutely amazing to relate to you. I mean I have had no

dazzling revelations from Him
as I at first thought I should
have. But I sense a deeper
feeling than any I have ever
known. There are times when
I feel let down or temporarily
forgotten, but once I get a
chance to get along with God,
I again become. Should I say
rejuvenated - or better still I
feel clean again. Any way
your teachings seem to be just
what I always thought God was
like. Even before I met you I
had my own notions of God and
they seem to be more or less what
you teach.

I have now completed my course with you and I am very grateful to you for helping me along the way. My great prayer is always to know Him better and always have a deeper experience.

I will close now and again thank you very much.

I remain a grateful student

Dear Sir:

The three lessons have been eagerly read and considered. Though no startling revelation or power has come to me, yet I can say that definitely I have been helped. The chas, the frets the inclinations to be petulant have gone out as the realization and affirmation of the indwelling of the Spirit of God have gripped my consciousness. I do not always repeat the watch word "Every hour or the hour" for, I am busy, but - I repeat, though irregularly more often than that.

I shall be happy to receive lesson four. The cost of lesson three has been mailed.

My dear Friend:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Dear Dr. Robinson

I enclose find \$10.00 on acct. sorry to have
been a little late but could not avoid.

Am getting very well with my studies
but feel that I am not proceeding as
well as I should, but that is making
work harder and guess I should not
complain tho I can hardly get alone
except at night when all others are asleep
then I go to work as best I know how
with sincereness at heart to learn that
you are trying to teach me.

I am in earnest with this and am doing
my best because to me now it is the way

to true wisdom and light the light I
have never been able to see before.

I may not be as easy to learn as some
others but Mr Robinson I want to be thorough
and leave nothing I should do undone, and
should I miss I surely will try again
again till I inter in where there is no
dimming of the light since I am this far
I long in my heart to go on further.

I am

most sincere

Dear Dr. Robinson:

Since receiving your wonderful lesson no. #1, I have come along a hard road, but a blessed road. During our studies we do have trials, do we not? and we do grow in knowledge daily. Am I right? I am so anxious to know, for I truly know in my heart that to deal with the works of God are to do it intelligently. I have always had the belief that you teach, but I didn't understand how to go about receiving it. I do

thank God, for your letter
reaching me, for I truly believe
God had a purpose and a
wonderful reason for my
name and address falling
into your hands, for doing
my studies I always have
been confronted with the scripture
reading. "Many are called, few
are Chosen."

I sat at my Church week after
week year in and year out and we
actually have had fifteen converts
since 1944. Isn't that sad?
Three of those were my husband
and my niece and nephew whom
I take care of and love as my own.

Mr. Robinson, I too, have
hungered for more of God's
Power down through the years
and only God will ever know
how thankful I am to you -
I need your prayers and help
so badly for my husband has
a large family that are lost
and I too have a family a father
80 years of age, brothers and a
daughter they have always talked
against me and my beliefs, so
you see what I mean when I
say it is a battle but I truly
have been blessed with a
feeling that I can't express and
I imagine the only one that have it

Can talk about it and know
what the other ones mean.
I have step children and they
don't like me too well, but
really Mr. Robinson it isn't
me they dislike it would be
the same regardless of who the
step mother was for they are
lost souls selfish and self-
centered people believe, ^{me} when I
tell you hadn't it been for
God in my life I could have
never lived and taken the insults
I have taken for ten long years
and I knew in some way some
day God would reward me
openly and thank God for you
for when my step children come

around now for the past week
the Power of God is so strong
in my body they must sense it
for they have started to be kind,
before I had your lessons this
home was always spoken of as
theirs and their daddy's Mary
never had a thing around here
I have noticed they have called
this home mine once or twice.
Mr. Robinson I am not being
simple or foolish God knows
that is truth.

Mr. I could go on and on, but
I'll write more at a later date
when I send money for course
which will be next week God keep
you & ease you more & more Help
me to pray for power. Yours truly -

Now to tell you of a few of my many blessings after having studied my third lesson, for only a week.

I had written a song after having lost my mother a few years ago and I had completely given up hopes of it ever being published, so after starting your studies

MRS. MARY E. BLAKEMORE

Box 16

Glenwood, Illinois

My song came to me and
I talked with God about
it. In the mail came
a Contract from a Publishing
Company asking to have it
published. Will you know
what a feeling I had, for
after all it has been
less than one month
since I prayed about
the song.
Too I had our Minister

MRS. MARY E. BLAKEMORE
Box 16
Glenwood, Illinois

Call me and ask me to take
charge of prayer meetings
while he has to be some
place else, so last
Thursday evening my Minister
turned to me and said, with
tears in his eyes you are
a Gods send to me
and after the Minister left
the Elder of the Church
whom goes out to preach
on special occasions said,

MRS. MARY E. BLAKEMORE

Box 16

Glenwood, Illinois

Mrs. Blakemore I get more inspiration from your presents than I have ever gotten from any one -

Mr. Robinson I could write a book on the blessings I have received, from your wonderful studies they truly overflow your soul and home too, and when I refer to my Bible I can't see why I could never understand like I do now, of course

MRS. MARY E. BLAKEMORE
Box 16
Glenwood, Illinois

I know, for I truly know
God, and God has given
me the mentality to remember
scripture it is such a blessing
to me, for every Thursday evening
now God directs our meetings
to the Spirit of God in
the scriptures that tells all
about the spirit that dwells
within.

All my friend, words
could never express your
wonderful work and what it

MRS. MARY E. BLAKEMORE
Box 16
Glenwood, Illinois

has done, for me and what it
is doing in our Church
and above all to the Minister
and the Elder. I can't thank
God and you enough all I
want now is more of God's
works and have God use
me to bring others out of
darkness as I was in. I
always wanted to help others
and make everybody happy
now I can see God rewarding
me openly. (over)

Dr. Robinson is it natural
when your friends begin to
see such change in you
they stay away from you
some of mine have done
that. And too some that always
thought they knew everything
are asking me questions
and these things happen to me
when as you say at times
you feel like the ~~presence~~
of God isn't in you. I am
always anxious to know if I
am doing well with my studies.
Yours truly,

Dear Mr Frank B. Robinson -
and Teacher,

I want to thank you
from my very heart for
the very wonderful and
remarkable change that
has taken place in
my health. I was troubled
with my gall bladder
for years and I spent
hundreds of dollars,
all for nothing.

My Dr was building me
all up for an operation

along your wonderful
message, with it comes
all this wonderful
change in my health

Now he tells me that there
is no hurry at all.
as Sam coming along
just fine,
and he say that he
just doesn't understand
what brought it all about
but what ever it is
he tells me to keep it up
and he is so right
as that is just what
Sam going to do.

And then I up and tells
him of your wonderful
message, and he tells me that
he is thrilled, that I have
found such charmed
peace of mind.

So I wish again to thank
you for your wonderful
help. I will send in

some names of those
who maybe interested

all I can say is
that I am happier than
I have ^{been} ^{these} in years.

I am writing you to know if I have been so terrible disobeident. as I have been busy at times and failed to say I believe in the power of the Living God, ^{on the days} but I have said it every hour also done my exercise ever evening besides my talks with the Spirit of the Living God.

When I come in to the power of the Living God so I too can heal the sick and profisy, and raise the dead or have my prayers answered

When I want them answered will there be any noticeable change in me. I mean can I myself notice any change.

I believe the Bible but I always wondered why we couldn't do the things that Jesus did?

I have been healed myself two times I know of since I am a Christian but I never could rebuke diseases in others.

I have always wondered why the church never healed the sick some of them never even announce their members who are ill when the Bible tells us so plainly that we should.

I must say I am kind of disappointed as I who has

gone by and I haven't reviewed
my other lesson as yet? I
can hardly wait to see what
it will bring.

I am also mailing you
\$2.25 for the first payment
after the \$5.00 enrollment fee.

I will try and get it to your

month. I am enlightened a
lot so far although I still
have despondent spells or
moody spells.

also we have and operate a
Restaurant and my husband thinks
I should by all means stay
open on Sunday. and my church
don't approve of it. so what
do you think I should do. you
can answer very plainly as

My husband doesn't know I
am writing this to you, and
I don't care if he does. I have
been praying we could sell
this place and get our
money out of it so I can
be free to work all the time
I want to for the Lord and
just keep house for my fam-
ily ^{on} the side. My hours
are so long here in the Rest-
aurant and I am so tired at
times I don't care if I live
or die. Please help me pray
~~to~~ that we might sell it
for at least what we have
in it.

I will do my best to do all
the things you tell me as near as
I can under the circumstances,

Please answer this letter I
will try and not bother you
too much with my troubles.

Dear Sir

I now have read + reread many times the Study. Lesson two, and like your way of explaining the bible very much and I have a wonderful feeling of security. in your letter you ask me to think do you think I would have wrote for your lititure if I hadn't thought there was a way some place to find what I was serching for? I have been in many Churches but had the feeling there was something missing I have wrote to several differnt places to get that something that I was looking for, I have received a bulitan called the Temple Broadcaster for many years say about 15 years but I did not get the explainitation as I have from your little books, I wrote to the temple about 2 years ago about Mrs Larsens plight, of her feet draining + rotting away but, have not need any help yet. I am really desperat and really pray that God will my time give me the power to help Mrs Larsen, she is very sweet and considerate person

I have many friends that I would like to help, or have God help. I had plenty of time to read for 3 weeks now, as I went to the Hospital at Monticello, Minn. the 27 of Dec and had a major operation and came home the 9th of January but not able to do my work yet but am gaining every day, so I know I will soon be strong again. Was very happy to be home again, but had wonderful loving care in the Hospital, I left some of my room mates read your books and they were interested, so sent their names in on one of your cards. You have received them by now they are as follows.

Mrs Stanley Dahlin, she had twins
a boy + a girl.
Waverly, Minn.

and Mrs Gerald Hayes.

Mount Rose, Minn. R. 1.

She had twin girls weighing 6 lbs 14 oz + 7 lbs 14 oz
Well here is hoping that God will bless you with a good + everlasting life. I beg to remain a reader of your books. I can keep up my payments up yours truly.

Dear Sir:

I received a letter from you some time ago, and I was glad to hear from you on just the name Psychiana means so much to me.

When I first started to study these wonderful lessons I was just about ready to give up of ever finding peace and happiness, altho I had every thing that an ordinary person could have, a wonderful husband, two, daughter in law and a darling granddaughter and a nice home, but there seemed to be something missing, I think nearly all of my 52 years of life I tried to live without God, because I could find no satisfactory answers to questions which popped up in my mind, over Religion "Pathetic" certainly did it help.

Then about a year and a half ago I saw the Psychiana Rev., in the St. Louis Star Times. I read it over and over and finally sent for information, I am truthfully say it changed my whole outlook on life. I spent hours and hours every day reading the lessons, and each time some new that would come to me. I cant understand how people can keep on believing the "old milk eaten traditions" as your book talks often exact them.

I am looking forward to the day when I can afford to send for the four year course, and I hope it wont be to far off. I cant talk enough about Psychiana and several of my friends say they never saw any one who could talk about a religion and really believe in it as I do, but still

People think you are a little off when you tell them of things gained by Faith.

We needed a new car badly, but felt at our age we could not afford to use our savings for one. Our 10 year old Studebaker was giving us so much trouble, then one day I was prompted to go look at the new Studebakers never thinking they would be available as cars were still hard to get, but when I talked to the dealer he said I could have the one that was on the floor. I then went out and sold the old one at 3 o'clock was back at 5 o'clock signed the papers and then they serviced the car put in the rigs and at 7 o'clock I drove off in my nice new Studebaker. Rather than draw out our saving I bought it on time payment, and when they told me how much I would have to pay each month, my first thought was that it would be impossible to save that much each month for the next two years on our not to large a salary, then a still small voice said "you can" I have now made my fifth payment and have saved all most enough for four more in advance. We have more now than we did before, which goes to show when we have faith in God he will take care of supply.

May God Bless you
and all Psychiana members

I am,

Mrs Paul M Boschert.

Dear Friend and Teacher: -

Thank you dear friend for your help and prayers for Bob. He was unconscious two weeks but his head is healing now and his mind is normal and his eyes are improving. He has a fourteen inch cut to the bone on his chest. The doctor told us yesterday that it is not healing properly in places and may need to be done over also the kidney specialist thinks from the ~~test~~ x-rays that he has two stones in his left kidney and as soon as he is able to leave the Queen of Angels hospital they are sending him back to Sawtelle (the government hospital) to check his kidney.

His leg is healing fine and did not need a cast. The doctors give God the credit for Bob's life. From my heart I give thanks for the "Power of the Living God." My deep gratitude to you for your help for Bob.

Now for me - I have just come home from the hospital. I have a fractured vertebra which I received on the street car. I have nerve pressure on my left leg and they gave me a nerve block. I do not have severe pain now. The street car doctor is going to check me the day after labor day and then they want to settle with me. Please pray with me that it will be a good settlement that "the power of The Living God" will handle it. No words can tell you my gratitude for my lessons and your help.

Dear Archbishop,

Enclosed is three dollars for the New Psychiana Religion for the month of March.

I am very sorry I cannot pay the remainder of the whole fee now as I would like to have my writing analyzed.

In the latter lesson I received Lesson 13 before I received Lesson 11 and when I read Lesson 12 once, I put it up because I didn't understand it and knew I needed Lesson 11. A few days later I received Lesson 11 and was very happy.

Now there is something on my mind. Do I have to be in complete health before I exercise the great words Power, Power, Power to receive more Power of the Spirit of God?

Since I have been studying with you my life has had a wonderful change and many thanks to you and the Spirit of God within you and me.

No one can know how wonderful it is to go to bed at night and sleep the whole night and wake up with a fresh mind.

Five months ago I was
a nervous wreck. Everything
my two year old daughter would
do, irritated ^{me} so it was unbelievable.
It's such a grand feeling to be
calm and thoughtful of others.

Please let me know if

Regarding the affirmations of faith, repeat them exactly as given to you in the Lessons. At all times, use the affirmation that is given to you in your last Lesson. Dear Dr. Robinson:

my second lesson was a week late. I couldn't hardly wait for it to reach me. you see I have heart trouble and I couldn't sleep at night. very dull. When I got the first lesson, so I would just lie there and repeat the sentence over again and again till I would fall asleep again. now I can't hardly get straight in bed till I am perfectly relaxed and asleep. but if I do wake in the night I just keep the exercise up. it works wonderfully. I really don't know why or how but it does. my friends are all more friendly and all try to do something nice for me. isn't it just grand? my children don't fuss or fight like they did before I started these lessons. Dr. Robinson, I can never express my thanks to you, enough.

Please try to get my lessons to me in two weeks, I just can't hardly wait for them, one question please, do I have to keep saying the first lesson along with my second? Dear Sir:

I am sending my
Payment to you. I

Certainly do enjoy these lessons.
I have experimented a little
along this line, before I got
your first lessons, but I did not
understand all, but since I
got the 3rd lesson I can say
my eye has been opened quite a
bit. Now about the Bright or White
area. I had found that before but
I didn't understand about it. But
I knew it had something to
do with God, or I thought it did.
I just always said, when I
saw it, I see a white light that
will guide me right. I didn't know
any thing else to say. But I do
now. and there are 6 (six) other
areas. I have found. Could you
explain about them to me, or
is it too advanced a question
to ask now. I found there are

7. (Seven) areas or circles as I did call them, I have begun my 4th lesson. It really floored me in a manner of speaking. I have never in all my life read such good readings & have of course been studying human brains, and studied God but never to that extent, it is truly hard to grasp at first. But the more one studies the more clearer it gets. I don't have much in the way of Education but, I understand this. I don't see how you explain it so clearly. I have been ⁱⁿ a dozen different churches trying to see if they could explain about God. And they couldn't so, I would pull loose from them and join another. And so. but never have I found what I was searching for, until I enrolled with you. you would probably laugh at me if I told you how come me to enroll with you, or I mean what caused me to.

But I am going to tell you.
and you can laugh if you want
to. it was a dream I had. I dreamed
I was going down the street and
came to a house that shone for
brighter than any sun you could
imagine ever. The fence around
the house, shone. I walked on
and it got very dark, and there
were hundreds of people walking
in this dark street with me. I
turned and looked back and
saw a very few, very poor looking
people praying in front of
this house that was so bright
and one of my young friends said
to me, lets go back to the light. so
I turned back in my dream
and was very happy. So next
morning I told my Husband
I would try your teaching's
and so I have and like it, and
expecting to get results. Now you
may laugh at my silly, Idea
about a dream if you please.

Dear friend and Teacher:

I must write and tell you of the wonderful results. I'm getting through this teaching "It is wonderful" It really is. and I'm not guessing, "But I know"

For a few years, I've had a hole in the palm of my hand, and after all this time it naturally healed up leaving a hole large enough to bury, or hide the xire end of a match, or a Bird shot, It you know what that is?

Now, here a spell ago, and especially after studying Lesson No 14 "I must say to-day, after a few weeks, It is nearly all closed in. and that is not all, for there are other things well on its way. I will not reveal them now.

I do so wish, I could have written this letter a few months ago But, know this, "So long as I live that man." I trust you understood me. Not a day, goes by, that he is not in my mind.

Yes, He told me, that mariculous things could be done Through the Power of the Spirit of God. That man was right. yes, He was right. As its every bit True. From my childhood to this day, I always had a feeling that there was something hidden, or something I did'nt know of. In closing I'm using two of the affirmations given me By Dr Robinson

"I believe in the Power of the living God." and I thank thee Father that thou
hast heard me.

Dear Mr Robinson,

Since first writing you things have gone from bad to worse then to very good suddenly. My husband had been out of work for seven months, we had to move out with no place to go, a neighbor took us in and stored our furniture in their garage, the family was broken up, two boys went to my daughters, the baby & I to my sisters, two sons, a daughter, and my husband stayed at the neighbors. I had looked all over for a place to live. I had answered all kinds of adds for work. Finally I gave up, that night I ask God to find me the right place to be. The next morning I answered an add in the paper, the next evening a man came to see me, told me to bring the family & come up on Sat. to look the place over. We did. He then told me he would let us know definitely some time next week. He came back the next night & told me

me had the job and we could move
in in two weeks. Came back the next
night and wanted me to come cook for
the help while he took a trip a week
earlier. A day later he phoned and
wanted me to come right away. The
baby & I came and by the end of
the week my husband and two
boys came. I now have a beautiful
home. all conveniences. gas for cooking
electricity. Hot water and lots of water
and all around us people are
out of water. when I can acquire
the appliances the house work will
be very easy. The work is plentiful
some times we don't get finished until
late at night but I love it. 8000 chicken
to care for. a 25 cow dairy and a
16000 egg incubator. Trap nesting and
pidgeoning. I thank God for everything.

I fall asleep while reading a lesson
it takes me quite a while to finish
a lesson and I am way behind.
I'm very sorry I've been so
negligent. it will not happen again.

Thank you ever so much for all
you have done for me.

Sincerely yours

Dear Friend & Teacher:

Just a word or rather a few lines to let you know, how I am getting along in my lessons

It is what I have been seeking for & never thought I would ever find. The Power of God has healed a knee almost instantly, when I bumped it badly, also have seen results on my loved ones at home when I sent it out.

I have started giving my lessons to my children & 2 friends, when they finish the first & keep passing along, one of my boys is a little stubborn but he will come

around as he is very spiritual & sort of fights it, or is afraid, but I know every thing will be alright. His wife reads & she says she knows it is within.

I have since wonder, if Jesus would come now, & tell us how many would believe, as you have said in your lessons so often.

When I was $2\frac{1}{2}$ yrs. old a needle was stuck in my eye as I fell, the sight is there, but only on the corner of my eye. The doctor told my mother then never to touch or operate as I did not lose my eye. It has a scab & has healed, not noticed so much, but I know now for sure God will take care of my eye, as I progress in

my studies. When I read my first lesson, I then knew I had found what I have been seeking for, & look forward to my lessons

Words cannot express the way I feel now that I know.

I lost a daughter last April she was 23 yrs. old, we were chums all through her young life, until death parted us. I wish I knew then what I know now, but also know every thing will be alright.

Have been going to Spiritualist church, have known for years & that was close to God, but not as close as your lesson are, with God with in.

Please excuse me if I

have taken too much of
your time, but I had to
write to let you know.

Enclosed is a dollar
for 'The Way', to thank you
again.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within your wife, and may be spoken into existence NOW. Maintain her confidence in The Living God, and as better days and new hope come your wife's way, be sure to let us know. Also, remember that The Spirit of God heals through diet, climate, and doctors; if the remedy for a disease already exists, then you would be very foolish not to avail your wife of that remedy.

just a few lines to let you know how
I am progressing with the lessons. They are
the deepest Cripitorial lessons. I have ever read
in my whole life. I just can't explain the
benefit I am gaining from the studying of
the lessons. I have did the exercises complete
to the 1st and 2nd lessons as near as I can. I am
now studying lesson 3rd that's leading me on to that
day of perfection, then I won't need to study any
lessons. God being my helper I will make it.
for the writings I am reading from your pen I have
never read from the writings from no other man.
and I have read the writing of a many a one.
I never stop at 2 weeks studying of the lessons, I study
them until I have mastered or completely understood
them as best I can, because they are too deep to grasp
at once I have lesson 4 but I have never opened it yet.
and I won't until I have finished the 3rd, for I am
satisfied with my progress as Dr says, my
growth will be slow and I am willing to take
it slow that I may grasp the spiritual power
to the full for that's my desire.

Dear fellow students:

Enclosed is money order for
five dollars for the book titled
"The Way (The Wanderer)" by Dr.
Francis B. Robinson, send it once.

We studied my course and
nearly my book he wrote and
there by far the nearest to
truth ever conceived by any
human. They are the way open
clear. I can see where I know

know any Peace article I studied
 and put in to practice what he
 teaches. Some students think of
 they read that is enough but they
 must constantly put to practice
 as set on the pathway Pychiana
 opens and stay there in spite
 of the conflict around them. Py-
 chiana dynamically opens the way
 The world today is depending on
 the struggle revealed from
 this teaching whether many are
 aware of it or not. as our leader
 Mr. Robinson spoke many times

in all his writing there is no hay
 tract only one means can save
 humanity from the destruction
 its headed for. The life principle
 open that way thru our teacher
 who unerringly strived to con-
 vince and put in print some
 could find the light. his stru-
 ggle was to save for one
 human body. yet I know he loved
 it and knew he was loved by
 his students who know what
 he did was priceless. I still
 hear his voice & don't read
 assuring me he found the
 power of the living God.

~~the~~ our psycliana is so simple and
 beautiful & followed directly
 as it teaches, all the gross work,
 all the strivg of life is removed
 and we are placed consciously
 attached to the creator of the body
 that should have never been re-
 moved from our conuions. To
 pass all understanding, incidently
 explanation the peace and calm
 I feel constantly now. no matter
 what seems the problem I leave
 it in the hands of the intelli-
 gence that can't fail. Before I stud-
 ied under Mr. Robinson I was far
 into the lost condition I see so
 many now. Is it any wonder that
 I think of him as the greatest

5

teacher that ever lived like will al-
ways be to me and will never be
dead. The body yes but not the
Mr. Robinson I studied under he
is still alive. He taught me how
that's possible and it's simply
revelated to me. He is of any thing
nearer us than he was in the
body. Any time you will to use
any part as all of my letter by
all means do so my name also
of you so will be part of my -
chiana, the part of me always will
be some day name may not be
needed to any thing.

Dear Friends.

So many of your letters have reached me since Mr. Robinson's death and in reply wish to say thank you. But I am already the fortunate possessor of that priceless treasure your teachings have spread over the entire world. I took the Twenty lessons in 43. Have them in binding and study them as a bible for surcease of all my difficulties. And right here, let me say they do work. I am more every these words can tell of the loss of Mr. Robinson. Other ones who live here, really grieve that he has gone. He has been a source

of great affection to me because
this study of truth found me
when I was ill and pulled
apart with doubt of the whole
religious system we were reared
under. Since childhood I have
honored a Creator of mighty power
but never the foolish myths that
was drilled into my young mind.
So in this binding I have the entire
course, diploma and letters of our
Mr Robinson & his photograph.

In every instance I believe as
he did that old theories were
wrong. When my family is in
doubt they take my book and soon
all is bright again, & we do know
the power of the all mighty God-
Law in all its entirety.
Thanks for your kind letters and

may the dynamic force from "without" give you all the blessing you deserve.

My dear Dr. Robinson.

Just a few lines to let you
hear from me.

Oh I should have wrote
you before now. I have been to
busy getting around among the
peoples, telling them about this
wonderful teaching re-awakening this
wonderful power of God.

I want to tell you about
what the spirit of God in me has
done for others.

1. Now my sisters son came
from the army home about 2 yrs.
ago. was mindless.

He would have fighting spells at times. When the spell went on he would sit all day with his head hung down and not speak one word. I told my sister I believe I could heal him. That was after I receive my fifth lesson. Now to tell the truth. He laugh and talk as much as any one, and he does not have those fighting spells any longer.

2 My son and his wife have broke up their home and swore they would never live together again. That was six months ago. And now they are as lovely a couple as any one want to ~~do~~ be. Also I heal their little boy with

the ear trouble. Also the man
with the piles were getting
ready for an operation. But the
operation wasnt necessary he
told ~~me~~ ^{them}. Also I heal the lady
with a bad wound on her leg.
and the Dr. said it had to be
taken off. This frighten her
out of her wits almost. In less
than 3 weeks her leg was sound
well. That is what God has
been doing for others and me.

Yes Mr. Robinson everything
you said in these lessons are true.
They are just as you said
they would be. I just enjoy studying
them. They are worth many times
the price I paid for them.

Please Dr. Robinson ^{don't} send me ~~the~~
any money back, if you do I
will be hurt to my heart. I ^{have} gone
to far with God now to even think
about any money. You have taught
me something about God to live
by the rest of my life. I thank
you Dr. Robinson, I shall be
working for God as long as I can.

Thank you again and again for
this wonderful Gift from God.

Thank you so much for pointing
me the way. You are a great man
Dr Robinson, you are wonderful.

Thank you again ^{and} forever.

Dear Mr. Burton:

Thank you for your recent letter. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially,

Alfred B. Robinson

Gentlemen

Enclosed is check for your magazine
"The Way" to be sent me.

These last two lessons, 5 and 6, really
are so fine, so true, and so very easily
understood, it gives me a feeling of inner
freedom, about the only explanation I
have.

For the last two weeks a little change
has been taking place, I am not so
nervous, sleep better and above all I
find myself waiting on the inner-self,
and the whole picture seems to appear
brighter.

I went to church last Sunday morning,
listened at the priest of my church, the
Episcopate, it was pitiful, Jesus became
God all thru his sermon.

Sincerely
W. H. Burton
