My dear Mrs. Chisholm:

Thank you for your good letter of recent date. We were happy to hear from you.

If you know how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Dr. Robinson:

Two years ago in June, I sent \$25⁰⁰ for your course and I am deeply grateful to you as my teacher and am proud of you.

My husband told me you are throwing away your money and now he can see the progress I have made in two years. I have seven thousand dollars. Frigidare telephone and all the houses fixed on a 147 acre plantation. Have plenty food clothes and everything more than I have ever had. My house is a house of plenty. Have good health. Make money every day.

Dear Friends of Psychiana (or
war)
Am sorry I did not get my subscrip-
tion in sooner but had mislaid
the Subscription card. I sure don't
want to miss out on any of the
wonderful teachings as they have
helped me in so many ways. I
was like so many others when it
came to religion and the church
always searching for the elusive
but after seeing the add in one of
the magazines about Psychiana
well I just felt I had found some-
thing so enrolled for the course.
Although I finished nearly 2 yrs
ago I don't feel as if I had learned
one half of the course so I still study
and try so hard to grasp the whole
truth of the God law. Has the law
helped me? Its wonderful: yes in
everything I do it just seems to
lead me on. Everything that I
want seems to come to me yes
thing that seem years away

My dear Friend:

Thank you for your good letter of recent date and for your remittance of \$7.00. We were happy to hear from you and to receive the names you sent.

The problems you mentioned in your letter may seem great to you and they may seem unusual, but they are actually common to many people. The one thing for you to do is grasp the fact that there exists in you now, more of The Power of The Spirit which is God than you will ever be able to use. Your job is to know this and to use that Great Power which is in you against the things that are contrary to what should be.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear Sir

I have received your letter telling me of Mr. Robinsons death I feel very bad to hear the news. After I had studied his lessons, I feel as tho I know what type of a man he was, I can see him smiling kindly to every one behind the counter in the drug store where he used to work. If there were more people like him, the things that hapened to me would not have hapened. I got a mental shock ten yrs.

ago thru abuse. of course I
blame myself - little too, for
I didn't help myself enough
instead of facing it, there
were lots of kind P's telling
me what to do, being sensitive
I'd keep running away from
it hiding. about two yrs.
ago I studied Dr. Robinson
lessons, all of a sudden I
found myself normal. I
wish I had known of these
lessons ten yrs. ago. I didn't
even tape up these lessons for
this reason. It was for something
else. I thank you all very
much. Sincerely
Erma Conroy.

Dear Sir:

Please forgive
me for the very short note enclosed
with the 3rd postal note I mailed your
office letter post February last. Also for
the longer letter previously explaining
of my headaches.

Really have - were I so inclined - got
something to worry about in the way
of headaches now. I work nights and
just across the street from my window,
workmen are blasting and drilling from
early morn the foundation of what is
claimed to eventually become 'the world's
largest bus terminal'.

This continuous din has been going on
for some weeks and is slated to continue
indefinitely.

However, I can now honestly say:

I am not concerning myself with such things anymore. Yes, I shall make every endeavor I find more suitable quarters - preferably a small apartment which has some semblance of being permanent.

Meantime, though I have studied and absorbed only half my Psychianic religion lessons, I feel an unusual happiness and understanding hard to explain.

Have exercised my own and I believe, my best faculty decisively. Anticipation, I know my future is going to be very happy with a spiritually clear understanding.

Am looking forward to continuous study under you sir. For the present though, three dollars is all that I can pay and that to be mailed to your office last day of each month.

Sincerely hoping this arrangement is suitable and meets with your approval.

Each time I speak to the "Power of the
living God in me" I feel so over-
whelmingly thankful I got to know
you sir.

Am sure that this great change for good
in me which I can experience, shall
be sure to bring others to your fold
sir, than anything I could say to
them were I ever so eloquent.

An extremely happy
and fortunate person,

One of your students of

Dear Friend: -

Your

letter of July 1st received a few days ago and I want to thank you from the bottom of my heart for your help to me in my hour of great need. It is such a privilege to have such a haven to turn to at such times. I could only stay with my daughter for 2 months and as the time for me to leave drew closer I felt I just could not go

so I wrote to you for help.

I was only there about 8 days after I wrote you and haven't heard from her since I left, so can't tell you of any improvement in her since I've been away.

I did notice some improvement in conditions affecting my daughter's life which cleared her mind very much, but her emotional condition was a far cry from normal, still. I am knowing complete recovery for her, and hope to hear from her soon that I am right. So please help me to keep her ever in the Presence of and consciousness of the Great Life Spirit until she can live and know it for herself.

I scarcely know just how to express my feelings about your returning the little gift of money I sent you and which you returned to me. It was ^{the} only way I felt I could express my gratitude for your kindness in helping me. And since I am not a wealthy person I felt I could give what I could whenever I could. That's the way most healers and teachers I have contacted do, and while I feel and know no amount of money could repay you for the things you do thru the Power of the Spirit of God, I felt that was the best way to express my appreciation and thanks. I thank you for ^{the} returned money and again I say - from the

depths of my heart I am grateful for your help and the wonderful privilege of coming to you in my hour of great need.

and I thank you too, for the beautiful closing statement of your letter - and I speak it for you in closing my letter.

May the Spirit of Infinite Peace and wisdom be with you and guide you always. Gratefully yours,

Dear Dr. Robinson:

just a few lines to let you know that I am enjoying these beautiful truths so much, when I read the first lesson I had almost given up, I was so sick life seemed useless, I suffered awful with almost everything, at times it seem to me I was hurting all over. But thanks to the Spirit of the living God in me, that I regained my health.

I met a woman on the Street Car yesterday I told her about my wonderful experience and thanks to the new Psychiana.

Dr. Robinson; after reading my six lesson I wrote a letter to my Pastor I guess I must have written about five pages in this letter I wrote that everybody can have Eternal Life I also mention that true Religion is not a thing full of death, but is a thing radiant and beautiful with life I also wrote about the Atomic and Cosmic fission.

I also said the spirit of the living
 God lives in every living body.

I have to people, I would like
 to send their address just as soon
 as I can get their address. I am going
 to the Church Sunday just to see
 how much of my letter are going to
 be mention I just skiped there
 and there and picked out some
 Real interested parts it is all interested
 to me, but I know there are a whole
 lots in that letter that my Pastor
 never would have known about no doubt.
 I must write you after Sunday
 and let you know how much of that
 letter was mention I am going to write
 to other ministers that I know because
 I feel that one letter has started this
 wonderful message on its way, each
 minister I write a letter to I am going
 to visit his Church to see how this
 message is spreading.

Yes Dr. these lessons make me laugh
and they also make me cry

I just imagine seeing you watering
the lawn and seeing those beautiful
little humming birds getting into the
stream not being afraid and it must
be wonderful to listen to your Canary
Billie, and also talk with God under
the fig tree, Oh how great is this
Spirit of the living God I just imagine
Dr, you are a man after Gods own
heart I think, also what you said about
the gold fish you know it seem that every
living creature Obeys God better than man
you are right about the bees and a dog
finding himself back after being taken
twenty or thirty miles there must be something
within, it is amazing to watch people
or an animal to see what make them
tick I was reading about a certain bird
the other nite and it told about how this
male bird builds a Bower during

mating season to attract the female
 Bird, that is being more than some man
 Will do, please excuse this bad writing
 I am tired but you are on my mind
 We must think of others and not our
 selves for that is what the Spirit
 want us to do and tell us to do
 I have a beautiful picture here

Dear Mr. Alfred Robinson:

Please find enclosed the money order for those long desired books I had intended to write for them last January, when my physician found my left side had been injured last fall, should escape serious operation in time. I did not know it and will be out of his care on Tuesday Mar. 29.

During those months of silence I have read every lesson from the first to the last lesson I have from Dr. Robinson. I will gather them all to form in a book in remembrance of him, always will keep my affirmations stronger. My facts have no ill feeling against my faith in Psychiana, after they listened to me with awe when I revealed what has happened to me, after I found the power of the living God who has answered me. The fact on the 1st of last Feb. I was seized with terrible painful tic the back, could not hardly stretch up

my arms, feeling like calling
neighbor at window across our drive-
way to phone for Dr. - but just in
mind, I prayed for God to make
me whole 3 times, then pains
vanished - right away - like miracle.
No pains back again since to-day
Whenever I pray or talk with God
can see Godly figure with open arms
in my closed eyes - Had 3 visions,
since the last of last November,
one of which, which we do not
knowing what it meant.
I have a fine framed photo of
Dr. Robinson standing on the
Library table to think of him
with grateful heart for having
taken my hand to guide me
along the pathway to God.

Sincerely Yours

My dear friends and fellow Students:

As a member of the "Psychiana family", I respectfully beg to convey to you my profoundest condolence for the death of our beloved founder and guide, Dr. Frank B. Robinson.

Since I began the study of Psychiana my life has been thoroughly revolutionised and I feel confident that the death of Dr. Robinson - though it is deeply regretted by us all - yet it will in no way diminish the work for which he had dedicated his entire life.

I feel sure that his spirit will continue to guide and direct the affairs of Psychiana with even a greater energy than when he was in the flesh and that this organization which he brought into being will expand and continue to lead men and women along the Pathway to God.

In the meantime let us close ranks and march on to greater success.

I am,

Dear Fellow Students,

Very truly yours,

Dear Mr Robinson: File

I hardly know where to start. I have had so many things come to me.

First it has made peace & harmony come into our home, which is something grand. My daughter was healed of the earache almost instantly. Then her friend broke her foot on the slippery snow I prayed for her using the healing affirmation in lesson 6. She recovered so quickly the Dr. thought he had been mistaken

my cousin was operated
on for a very serious
condition, I at once be-
gan to use the affirmation
on her. she was in the
hospital notime at all

I thought to myself yes.
terday, I wonder if Nellie
knows I prayed for her
and sure enuf she
called me this morning
to tell me she knew it.
I have two fingers, that
have had running sores
going on 6 years now
and since I have used
the Healing affirmation in
lesson 6 my last lesson my
fingers are almost healed.

Yesterday when I was
sitting with my eyes
closed, Repeating - Spirit of
the Living God in me Reveal
yourself to me Please.
God answered me.

(Flora is my given name,
God said. Flora what do
you want. It startled me so
I hardly knew what to say,
but I did say first of all
I want Eternal Life.

Lesson 7 just came,
with that exercise in it
so I got ahead of you.

Don't forget that neither illness nor disease can withstand The Power of The Great Life-Spirit which is God. This God-Power is within you and may be spoken into existence NOW. Maintain your confidence in The Living God, and as better days and new hope come your way, be sure to let us know. Also, remember that The God-Power heals through diet, climate, and doctors; if the remedy for a disease already exists, then you would be very foolish not to avail yourself of that remedy.

May we again thank you and send best wishes for your continued good health and ever growing success in your broad and valuable work the field of the Living Power of God.

Can you arrange to send me the complete set of lessons in one mailing in care of my company if I send you my check in full payment for same. Thanks and best wishes again. Truly your student,

Dear Friend.

Having been raised in a good, happy, christian^{home} a teacher in Sunday-schools, a regular attendant working in Church offices where needed I often wondered why Pastors would seemingly lose the point or trend of their sermons when they had all those dynamic-truths of the New Testament to bring forth.

When I wrote to begin lessons I was confined to wheel-chair, had paid thousands of dollars to Drs. my feet, hands, arms and back were stiffened with Arthritis an Sciatica condition of several years standing, I knew I could not be a help to God or any one.

So I boldly threw away all medicine no more dope or pain pills - Lesson No 1 came - I took it up eagerly, hungry to find way to relief "every hr. on the hour" - never missing one time carefully following every instruction, in six days my limbs relaxed and I am able to walk about my Apartment, cooking for self.

my family are amazed, I had been such a care to them for three years and over.

Lesson No 2 came now I am enjoying my talks with God, a happy time, warmth flowing through and over my body, good-sleep a bright morning, no fear of Drs. "hr on the hr" a blessed time.

Lesson No 3 came, no pain no fear: reading studying, loving every line, believing beyond a shadow or doubt; This third day after No 3. came I was reading your comment on page 7 about Jesus standing looking towards Jerusalem his tear-streaming face, I then began to stammer then read on in tongues, as the Spirit gave utterance, A what a joy, no words can explain, but I know you understand - Please keep me in mind. I know you will.

Dear Psychiana Family:

I rec'd your news letter a few days ago I want to write you but just felt so shocked over what had happened. I didn't know just what to say. I didn't know that Dr Robinson had passed away until I received the Magazine The Way sometime in Dec. I have studied & studied and the longer the more bewildered I am, to know why such a wonderful man, who was doing such a lot of good in this world should be taken away at the age of 62 yrs when he ^{had} so many years that he could have carried on the great work he started. He surely must have been called to do an even greater work than he was doing here. I know that he will always remain a bright spot in the lives of all his students. For one can never forget all the wonderful lessons I learned from him. I pray everyday that the God power will give the Psychiana movement all the power it needs to continue its great work and may God bless Mrs Robinson, Florence, Alfred & family I know you all must miss him terribly. He certainly spoke very nice about you all in his Dedictory of his last book, and how nice it would have been if he had remained with you a long long time as he said. My husband & myself have studied all the lessons, I believe, that Dr Robinson had written. I have all the books but a few he wrote some yrs ago I also have Dr Bach's book in which he speaks so highly of the Psychiana movement I thank you

My dear Mrs. Carr:

Thank you for your good letter of recent date and for your remittance of \$6.00. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

It makes no difference whether you call this Power The "Power of God" or not, or whether you go to church or not. This invisible Power of The Creator has always been behind you, nourishing you, and strengthening you and developing you, even through times of doubt and complete indifference. The Spirit of God is no psychic fantasy nor savage superstition. It is as real and regular as the law of gravitation...as universal as the mystery of creation...as near as the last drop of your blood.

He who set the stars in place and made the fields to bloom and men to love and labor is not indifferent to our human pain. We may not see this Power or understand It, but we can find the Truth of It in the smallest blade of grass.

If you attempt to contact this Power as directed, and if you pour out your head and heart, The Spirit of God will take over and bring you your desires. If you are really in earnest, there will come to you strength and courage which He planted in your from the very beginning.

May The Spirit of Infinite Peace be with you always.

Dearest Dr. Robinson,

I know you must think that I am very ungrateful for waiting so long to write to let you know how I am progressing in my studies. But in my case no news is good news.

My only regret is that I didn't start my studies when you first began to write me. Truly this God law is the greatest ever. I have felt all through the years that there must have been some source

that an individual could turn & get the desired result.

I am applying the God Law with wonderful results, which I am listing: I have received a temporary appointment in the government, I have my bills down so they are no longer a problem, and last but not least my home is now a place that I now enjoy but before starting this course home was a living hell. My husband took no interest what so ever in it but now its a different story. He is pulling right along with me.

Dr. I am sending you a problem something like the ones you have spoken of in lessons 10. My husband is now employed in the government as a guard but has received a termination letter due that the fact that congress did not appropriate sufficient amount of money for the agency that ~~employ~~ employ him and will be forced to take a job ^{beginning approx. 13/1949} as a laborer at a much lower salary. Now if you will tell me or advise me just how to go about it in applying this law so that he will keep his present job. I hope I am not weakening but I want to know the right move to make in this case. So please let me hear from you at your earliest convenience, please. + enclose please find

The word, Psychiana, is not to be found in the dictionary as it is a coined word used to describe an experience Dr. Robinson had many years ago, and which experience is fully described in the Strange Autobiography of Frank B. Robinson.

It is pronounced as follows: SI KE AN A.

If there is anything further we can do for you, please let us know.

Dear Sir:-

I am enclosing check for nine dollars (~~7.00~~) which finishes payment on the course, I have just completed.

I would like very much to have all the advanced lessons, but can't afford them now - maybe at some later date.

I have loaned the lessons to many persons and almost every one thinks they are wonderful.

I would like to know the correct pronunciation of the word 'Psychiana' - and what is the meaning of the word?

The course is a complete religious education in itself - all one ever needs to know about the truths of God.

Altho many of my desires

that I have impressed on the Spirit
of God within - have not come to
pass yet, I have complete faith in
the power of God - and know that all
will be answered in due time.

Our minister (Methodist) is
now preaching on the Power of God, (after
reading just a few of the lessons) after
40 years of old fashioned sermons,
but started too late to do much
good, as he is retiring from the
ministry in June.

Please send your literature to

When a person is beginning to contact The Realm of The Infinite Spirit of God, many rather unusual Spiritual manifestations come to that person. This, however, is only proof that he or she is beginning to get close to The Realm of Almighty God.

Dear Mr Robinson -

Thank you for your lovely letter of recent date, it served (along with lesson number nine which arrived on the same date) as a sort of soothing nerve tonic, which I was badly in need of. I don't know what happened to me when I wrote to you, but I must have been at the breaking point or becoming a mental case. I have been in a great deal of trouble thru' no fault of my own and it will not clear until June 1st.

When I answered your advertisement -

I felt as if I were just grasping at a straw, then the lessons started coming along - I seemed to have a little better out-look on life and I wasn't so frightened or jumpy. But then started "Lent"

I got to the point where I was afraid to pray and not ask in Jesus name - then I became so confused I didn't know to whom I was to pray. I couldn't comprehend what or who "He" was - I think the thing faulted from my mind was that God was Creative life. All I could think of was that "He" had let Jesus down, what chance did I have and I needed "Him" so desperately. I had jammed my head and bent out into after into and nothing

topped. I was just as sick at that as I have
been since the last. But I know now it's all
the time I was trying and ^{knowing} "knew" to
come to my rescue - deep down in my heart.
That still wasn't there. Well, I've a
few hot tears over your message, then I got into
leaves number nine. (I think I know it by heart)
That will - I say very little and then began to
see the end that I had undertaken, the "Dante's
skin" was then my thing else in life - to give
me just a little piece of mind and remove
all the doubt and fear that was over in me.
If I tried to tell you in words as to what
happened - I don't think I could - inside of
me seemed to go all right and spin-like - and
the time was a long night thing - I know
it was "God" it was so big - I just can't explain
I would say my thing with them, (I believe all -
most shouting) repeating over and over again "I
think the States that I have had made me and
seeing them to stay with me this way always.
I fall into a deep sleep, the first I had had in
a long time. I know that knew what I was
trying to say and I know how every thing will
turn out the way I wish it.

I do hope you will continue to send me
my leaves and I know that after June, at I
can take care of my religious to you. As the

mean time I am going to try and send you
names of people, who might be interested. I try
to think of one name a day. I sent them in
last week and I'm enclosing the series for this week.
Most of my friends are of Catholic faith
and are rather hard to ^{get} interested in this. There
is one here in the house who refuses to read
it and accuses you of taking me away from my
Catholic's by belief. Some-how, I feel sure that
soon I can win him over. Would rather
have you send your literature than have me try to
explain. I being a novice, don't feel well enough
equipped as yet - to speak on this subject and might
lose out instead of winning over.

"Opening up the flood gates"; Is the ex-
perience I had mean just that? If it does can
you do it at will? I pray every-nite as usual -
but since then, it has never been like that.

Thanking you again for your kind letter
and making me see the light

Sincerely

Betty C. Shannon

Dear Mr. Chappell:

When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The direct result of my father's death was from a severe lung hemorrhage, which occurred shortly after noon on October 19, 1948. He never claimed for himself earthly immortality or the perpetuation of his physical self. He did believe, however, that some day man would come into such complete realization of the Power and Presence of God that death would be overcome.

Please feel free to write at any time if there is anything further we can do for you.

Dear Mr. Robinson:

Status

It was with heartfelt sorrow I read in our local paper of your Fathers' passing some time ago. I am eighty-five years old today. I was born in sickness and brought up in ignorance as I had not strength enough to walk a mile and three-quarters to the country school and did not get as far in school as children get in the fourth grade at the present time.

In my seventeenth year, I realized my physical inability to do what others of my age were doing and at the same time, a humiliating sence of my ignorance because I had not half as much common school education as others of my age in the community had acquired and going to school at that age was not in order except for those whose parents were in a position to keep up the required funds to educate a preacher, lawyer or doctor as the case might be.

However, I had learned to read and write and during the next few years answered every Ad I could find and studied all I could get on psychology, spiritual healing, the force of suggestion, hypnotism and at the same time, gave serious thought to healing of Jesus as described in the Bible but I never could accept the story of Jesus as a sinatoning Saviour but I was always confident that there was a spiritual power helping me do the transactions that my three older brothers, with whom I had joined in a partnership, would insist could not be done.

Time rolled on, and in 1902 I had a bad case of typhoid fever. When I survived the Drs. said it was the worst case they ever knew to recover. I attributed the recovery to my mentality and my absolute confidence that I would recover even though I was unconscious much of the time.

During these years I had studied every mail course in drugless healing etc, I could find. The most interesting called "Suggestive Therapeutics" by Professor Weltmer, who was then conducting a healing and teaching school in Nevada not far from Kansas City.

In 1904, a serious condition developed in my stomach and bowels which constantly became worse and when the best doctors here intimated they could not hope for any improvement, I went to the Weltmer School. In thirty days was discharged and have since had no recurrence of this trouble. While there, I had free access to the classes and added more knowledge to what I had learned from the mail course and before leaving, took examinations and shortly received a diploma certifying my ability to teach and heal. Their method was manipulation laying of the heated hands and suggestion and instruction to hold positive healing thoughts.

Professor Weltmer died and the Institute closed during the 1930-31 depression. The only reason I did not make healing my life work was because I had organized a Company and was honour bound to stay with and make a success of it.

I think it was nineteen or twenty years ago I subscribed to a course advertised by your good Father and have taken all his course since with the exception of the \$100.00 course offered some time ago. Have read practically all his books and magazines and I get more from his writings than I do from anything else I read.

Six or seven years ago, apparently, the years and continual hard work was bringing my activities to a close and five and one-half years ago I did not expect to live through the coming winter and made arrangements in event of my going out for my body to be taken care of in a morgue until spring when it could be more conveniently taken three-hundred miles to the old home cemetery.

I had organized a close Corporation in 1901 and as President, enjoyed spending all the time I possibly could at the office only a three minute walk from my residence. As I walked home on January 5th, five years and four months ago, I said to myself "the chances are I will not return to the office again". I had been weighed that day and with very heavy winter clothes, only weighed 117 lbs. (my normal weight being 140 to 145 lbs.). I still had ambition but no strength or energy and I decided I was down for the count. As I had been doing for some time, I lost no time in going to bed and soon found myself in deep and serious thought, apparently asking myself if there was any reason why I should want to continue to live any longer and the thought

came to me if I lived four months longer I would be eighty years old and I reasoned that at the rate I was failing I would not live that long and even though I had a desire to live I had no dread of death, and no fear of what would happen to me on the next plain.

After I had lain there for some time and done much thinking, I reached out to the table and got hold of one of your Fathers' writings, I think it was an old lesson and I read something like this - "If you don't believe what I have been trying to teach you, put God to the test and he will not fail". I then did more serious thinking and later I picked up one of his magazines and opened it up at an article, the heading of which was "Guiding God" I read the article and said if Robinson is right as I think he is, I can live four more months and I can have ten pounds more weight and will be much better and much stronger than I am now.

I then began to talk to the ever present power within, more earnestly and more often and with more confidence than I had ever done before and on the 26th of May just four months later I had gained the ten pounds and my general health condition was wonderfully improved. I then reasoned that as this method had been so effectual in four months, it surely should be equally good for five years, so I took on what I called a new five year lease of life and have been on the job almost every day since and today I am starting on a continuance of the lease but not setting any time objective as I feel more like living ten years than I did like living five ^{five} years ago.

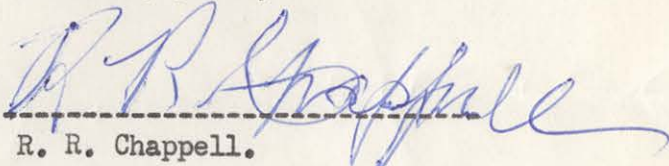

During the past forty-five years I have survived serious physical conditions even after death sentences had been passed on me by different doctors and have brought a number of others, who would not respond to medical treatment, into a condition which the ever present healing law (the power of the spirit within) could manifest. Our united desires being ever mindful of that promise which says: "Where two of you on earth agree on one thing, it shall be done by our Father".

The most remarkable case I had, was that of an internal cancer, which after much delay the doctors decided to operate. On making the incision, found it so developed, having grown through the organs into the hip joint to such an extent, the patient could not use her right leg and the doctors closed the incision as the growth was too extensive to remove. There was no mistake about this case, as the local doctor had sent her to the best hospital in the East and the incision was made by competent physicians. I was

personally acquainted with the family Doctor and when she was brought home he told me she was not expected to live longer than thirty days. The doctors who had made the incision, had told her husband the same. I was a very good friend of the family as her husband had worked with me and I had treated a child who was crippled by infantile paralysis with surprisingly good results. The doctor said she would never walk nor have any use of this leg, which had been apparently dead from the knee down and had not grown for two years, but under my treatment, life returned and she is still walking but it lost two years growth and is shorter and smaller than the other. This gave her parents confidence in me. They agreed I may give her some relief from the suffering she was enduring and when he came for me with his car, as he did some nine or ten times during the first three weeks after he and I had both been told that she would not live longer than thirty days, she was well on the road to recovery and when her doctor called just thirty days after he had said she could not live, and had said it was of no use for him to continue to call, she answered the 'phone and told him she was very much alive. He went to the house and made an internal examination and after a few minutes silence, remarked "The most curious freak of nature I have ever known. The darn thing is all dried up". That was about twenty-five years ago and she is still living.

Now in closing, I shall appreciate your telling me what was or appeared to be the cause of your Fathers' passing. I sometimes think his desire to pass along to the next plain became so strong it was granted but at the same time, I feel that his going at that age has been one of the greatest losses that has ever befallen humanity. I hope and trust you will continue the good work.

Sincerely yours,

R. R. Chappell.

Dear Dr. Robinson:

I received my first lesson
January 10th 1949. which was two
weeks ago. Before one week was
up my whole life had changed.

The way I shall explain it
to you, is like this. Two weeks
ago I was Mrs Mary E. Evans
of 1353 Fulton St. Norfolk, Va.
a widow with two children to
support. Not much money coming
in and today I'm Mrs Mary E.

Chesson at this address. I prayed
 just like I was told in the
 first lesson followed it up complete.
 I prayed that I could get some
 kind of help with my children
 and I wish that I could see
 or hear from the fellow I went
 to school with that was still
 single and one time in love
 with me. I started Monday after
 noon with the lessons. The man came
 home on Friday and we were
 married Tuesday. I came here
 so far with him have my children
 with me and a nice apartment and
 just finished arranging my furniture.

Tonight which is exactly two weeks since I received your first lesson. I'm just as happy as anyone can be.

Therefore I am asking you to please note the change of address and name. I don't know if the people will forward my mail so would you please send me my second lesson over again at this address if there is any charge I will be more than glad to pay for it. Next week I am sending my first \$3.00 and will continue sending it. My former address Mrs M. E. Evans 17-1400 1353 Fulton St. Norfolk (4) Va. My present address is Mrs Mary E. Chesson 1710 N. 20th St. Philadelphia, Pa. Pa. Thank you so very much and I will be looking forward to my second (over)
