Dr. B. Robinson:

Just Eight month's ago my beloved husband was killed in a taxi accident, leaving me ^{alone} with a four year old Daughter and just five days after he was killed my little baby girl was born. So now I have two lovely little girls. We were married twelve years & were very happy & I miss him very much. In my condition I was so grieved that I almost gave up completely. The kind neighbors thought it would be nice if I joined a church & also would read the Bible, But somehow or other, this did not help much or give me much peace. & I still couldn't understand why, since we were both so very young why my husband

was taken from me, I had no one else to talk things over with who would understand me so I usually brought my worries & trouble to my most beloved brother Walter Kripp who is a member of your Psychiana Religion. He told me that the Psychiana Religion would do me a lot of good & would help me very much, so he gave me his lessons to study. And now since I have studied each lesson carefully, I understand the full meaning of the Power of The Living God & also have found a blessed peace, I'm much happier now & it is much more easy for me to raise my children by myself. I believe in The Power of the Living God with all my heart & really have faith in God & Eternal Life. I could not possibly pay for the lessons, so that's why my Brother left me study his The Reason I have written to you

is because I would like to become
a full member of your Psychiana

writing such a long letter but

I can become a member. Thanks,

Dear Mr. Robinson:

Your letter of January 1, 1949 acknowledged.

It is with deep regret and sorrow to hear of the death of Dr. Robinson who was to me the greatest help in spiritual consolation that I have ever received from anyone. It proved to me that when we seek the truth, the truth shall make us free. He also showed me that we shall live in the future and not in the past. The faith in the Power of the Living God which he had and has taught and given to the world, this faith I also shall keep all the days of my life.

Please accept my heartfelt sympathy in the loss of our teacher and friend, Dr. Frank B. Robinson.

Sincerely yours,

George W. Heft

P.S. At a future date, I shall send for the book, "God in the Dark".

Dr. Frank B. Robinson,

Dear Sir:

With great satisfaction I am reading and studying your works on gaining knowledge of the power of the Spirit of God. So far I have derived great benefit spiritually and physically but I want to continue until finished with the course and will then make definite comments of my learnings. At this time I don't believe I am versed well enough in this work to give intelligent comments. But I would like to give you my understanding of the anatomical explanation of how deep breathing (which you teach) benefits health, gives you Spiritual confidence and fits into your thoughts and teaching.

The act of respiration is not meant only to furnish oxygen to the blood cells to bring about a normal body metabolism but also to exercise the brain and immediate surrounding vital tissues by expansion and contraction of the brain and skull due to the act of breathing. During inhalation the cerebro-spinal fluid goes up into the ventricles of the brain and down into the spinal canal and because of a unique attachment of membranes around and through various parts of the brain to the cranial bones the center of the bony portion of skull below the base of the brain is raised, bringing the entire bony portion of the cranium into motion as well as the cerebral spinal fluid and brain tissue ~~into motion~~ to activate and nourish the brain tissue and blood cells. Then ~~exhalation~~ everything returns to the other extreme or the reverse from inhalation. Both together form the complete cycle.

Now, the thing that I have learned and would like to convey to you is that (providing you do not already know this) when God in the beginning put this breath of life into man, he began to function and as long as this energy remains in man he lives. In our learning we liken this energy unto the energy in a battery that you cannot see but is there under normal circumstances and can be obtained when needed but it also needs replenishment. In the roof of the third and fourth ventricle within the brain through which this cerebro-spinal fluid circulates is the Choroid plexus, a filtering and exchanging organ between the cerebro-spinal fluid and the blood. One of the arteries enters this organ on one side and the cerebro-spinal fluid on the other side. Within the organ we have the functional mechanism for the interchange of food from the blood and energy or breath of life from the cranial

PHONE 298

fluid. In other words they nourish and energise each other at this point. Now to bring a human being into the highest efficiency this working process of the brain must be kept normal and must be kept functioning. We in our learning are assuming that this energy or breath of life within man must be the Spirit of God and it is in the cerebro-spinal fluid.

It certainly did please me when I read your advice about deep breathing being essential in the work of associating with God. I felt that since you made no explanation you were not cognizant of the fact that a normal physiological action did take place in the act of breathing.

Please feel assured that I am interested in your work and do associate it with my physical, financial and spiritual problems. My time is taken up with my work so I cannot devote as much time as I would like to give this study. However, when I finish all the lessons then with the review work I will have a better understanding to study details.

Sincerely,

Dear Dr. Robinson:

I shall thank you for ever for directing to me the use of the Spirit word in me. I am so full of joy at times when I feel His presence and love flowing through me. I know I have grasped what you are directing to me in your lessons and have studied them every day; and am also studying the words of Jesus in the Bible. These true meanings are so very

Clear to me. I have other questions to be asked but as I study or know they will be automatically answered.

Dr. Robinson, I have known more joy in the past 3 months since I started Psyciana than I have known for about 27 years while attending Sunday School and Church.

One question certainly has been automatically answered - The first great Commandment - Why I should love first God with all my heart, body, & soul and not my family first.

Dr. Robinson, my son 7
years old has wet the bed
^{every night}
ever since he was born.

I had tried everything I
could think of to stop this.
(I did run in my husband's
family.) Since my boy
has had 3 day measles
and then right after them
the red measles - he has
not wet the bed 17 nights
out of 22 nights. That
certainly is a wonderful
miracle to me. Every night
my son and I say "I
thank thee Father for thou
hast heard me." God's healing
power in us is wonderful.

my children - 5 & 7 know
God lives in them and others
you would be surprised
How many times during the
day they recognize that.

One night when I asked the
Spirit of God to reveal Itself
to me & I kept repeating
it and out of the flash of
my mind four words
appeared as bright as day.

"Be Thou Ever Faithful"

That time was the only time
the Spirit of God revealed
Itself to me by speaking
but I have felt Its
presence so many many times
I shall - Be Thou Ever
Faithful

I believe in the Spirit of God in me so fully that I automatically think all day and evening about the powers of God. I can't possibly believe why others cannot recognize It.

Also I know the interpretation of St. Mark 10: 17-31 really and truly means and also so many more passages.

Sincerely
Mrs. E. C. Hardy

I truly believe I shall have Everlasting Life on

earth (the kingdom of God) for
Jesus said "Suffer the little
Children to come unto me
for such is the kingdom of
God." Surely if I believed
like I did once - I had
to die to obtain eternal
life - old people ^{with} deceased
bodies could not be the children
of God. The earth is made
up of the children of God -
Is it not? Dr. Robinson.

So you see, I could almost
write a book too, on what
the Spirit of God within
me has revealed to me.

I suggest that if you have an affliction, you consult the best physician you can find and follow his advice. Dear Friend & Teacher:-

I was sorry I could not send the payment in full before I received my third lesson.

You see I took this up without the knowledge of any of my family. I was saved and I became a Christian twenty five years ago and "I thank The Lord" I did or I could never have gone thru what I did with a smile on my lips and a prayer in my heart.

I have three children, two boys and a girl and a husband who has been a drunkard gambler and all the rest. He never allowed me to have any money and only paid the bills if he could and they were not too much to suit him. I have been a good manager and have worked hard. He gambled and spent the company money at

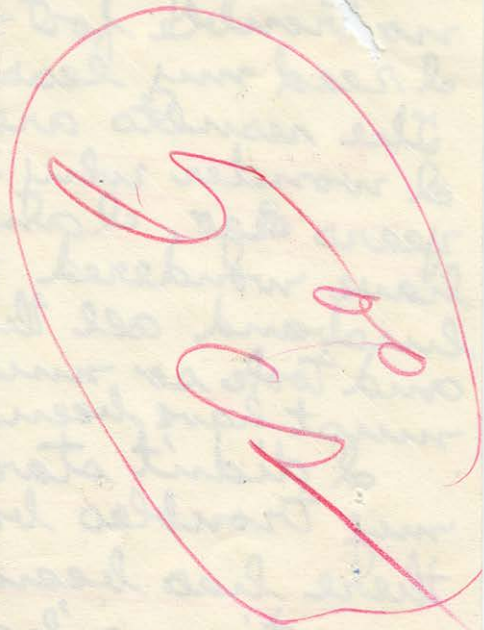

2 one place where he worked and when he got in a tough place he mortgaged all we had and then took sick. We lost everything and he would have gone to the pen had it not been for the children and I. We were living in the city and as soon as he was able a friend let us have room enough to build a two room house and have a good big garden and even went security for the lumber to build the house. He got off too easy the first time so he got a cheap car started to run around with another woman didn't make his payments on the lumber and we lost this also. I just kept praying and smiling but vowed to go my way if he hadn't changed when the youngest graduated. The war took him into service the year after he graduated and that changed my husband some. He no longer came home drunk but we were a family divided where money was concerned. He worked for the highway and never did make big money (I don't to this day know how much he does make). The two older children had married and the boy went in the service so we bought three acres about three miles from town and with the help of a carpenter friend we built a four room house. We paid for the ground and got a loan for the remainder with the price of everything as it was and as he never was a good manager he couldn't keep things going so he agreed to give me so much to see what I could do. I have been a tither when I had any money and with prayer I have managed to keep going. But when he got a raise and prices went up he didn't give me any more. He has had between

3/ six and eight hundred a year to spend by himself and I have had less than half that amount and all expenses even the insurance on the car I paid. We don't have an electric pump we don't have a sink drain, no cupboard no bath and only ^{just} the necessary things. I could think of the many things we needed and the way he was spending and I sometimes wondered if the good Lord expected me to keep on. I have had a liver condition for several years and my heart in the last year has not been so good so I thought I would write to you. I saw your ad in a magazine and after the first lesson I quit taking liver medicine my heart quit beating so fast and life took on a new meaning. And I want you to know my husband and I sat down two weeks ago and talked over the situation and we are now working together for the first time in years. He don't know I am taking the lessons but he does know something has happened. I am so glad I found out.

4. about them. The day I was saved I laughed
I laughed when I was baptized and I have
been laughing ever since so you see it was
no trouble for me to smile, and be happy.
I read my lessons and enjoy every word.
The results are as you say staggering and
I wonder why I didn't know about all this
years ago, I am feeling fine and altho I
have wondered why I stayed with my
husband all these years and worked as hard
and took so much abuse I can see now it
must have been the Lord's will.

I didn't start out to write to you about
my troubles but I wanted you to know
there has been such a change that I
sometimes have to pinch myself to know
it is really me this is all happening to.
Thanking you for all the help I am,
Your Sincerely,
Ethel Hamilton

I am enclosing five dollars with
this letter and will try and pay it all
before the time.

You ask that I write you of my progress and reaction to your teachings. I am "realizing" many truths that I had heretofore suspected. God?

I am already using The Power of the Living God in my daily life. I do not enter my car for a journey or to drive home without first thanking The Great Spirit for safe conduct. I then have no fear. Also, the use of The Power of God is first in my mind if any emergency arises. It does not fail.

I am having difficulty in making contact in my secret talks with God. I do not see the light in my closed eye vision, but often faces and places strange to me reflect in this vision. You may help me to understand this, will you?

My dear Mr. Robinson:

I received your letter of November 26 in due time, and I am thanking you for the Certificate of Life Membership in The Psychiana Religion, No. 14-1854-X, which I cherish very much, and which makes me very proud.

You say in your above letter that the direct result of your father's death was from a severe lung hemorrhage, but that Dr. Robinson never claimed for himself earthly immortality or the perpetuation of his physical self. Nevertheless, it is very unfortunate that science could not stop the hemorrhage there and then, and save his life. Because Dr. Robinson has departed much too soon, and his wonderful work, which has helped thousands of people who believed in the teachings of Psychiana, if not temporarily stopped, it has been probably greatly retarded.

I do not doubt a minute, that you my dear Mr. Alfred, as your father's most faithful disciple and best student of Psychiana, will be able to carry on this wonderful work.

We are awaiting eagerly to receive your forthcoming writings developing farther this wonderful and uplifting Religion.

I am thanking you for your encouraging words, and may The Spirit of Infinite Peace be with you too.

Dear Friend

I was reading over the Psychiana
news letter and I noticed where you
mentioned you had copies of Dr

Robinson's funeral printed I surely
would be very grateful for a copy
if you still have same.

I should have been written before
but those varicose ulcers surely
nearly had me down and I could
not think. I am very much better
and am sure I am going to get my
healing. I am studying my New
Psychiana lessons over. I had so
much interference with my lessons
before which I completed last summer
that I thought I would go thru
them again. The ^{new} Psychiana is
beautiful when one puts a lot of
time to study. Which I did not do.
as I had my garden, and worked
out so am afraid I was a little

slack on my study, altho I did
get a lot of good out of my study.

I see you are our new leader, I am
glad. I feel you and your associates
will do well, you especially as
you had the advantage of our
Great Leaders training.

Some of us older ones who have
struggled along first this Church
then that Church, have a lot of
useless baggage to throw overboard.
I am 64. But I have nearly changed
my life completely. Hot Temper

gone. Most of the fear, and worry,
and a bright outlook on life when
things look darkest. Well I am sure
if it hadnt been that I answered
that ad. four years ago I dont think
I would have been here now.
Thanks be to our great creator you
wont have so much to unlearn.

I am sure you will go far with
Psychiana. May that great teaching
go all over the world. I am trying
to get in a financial position where

I can contribute to the work,
may you go far in the great work
you are doing.

Sincerely yours

You asked the question in your letter, "What is the source of your information for the philosophy you teach?" To this question I can only answer that the philosophy of Dr. Robinson was evolved after practically a lifetime of search for a practical philosophy of God. Of course, there are probably principles and precepts which Psychiana teaches that are common to one or more other religious organizations. The basic philosophy of Dr. Robinson was found within himself.

If there is anything further we can do for you, please let us know.

Dear Dr. Robinson

I am well pleased with the lessons for I can notice a marked change in my attitude toward the world and my business. It seems so much easier to do things. The mole hills are not near such big mountains.

The Doctors tell me I have diabetes, but that has greatly improved. So you can see I am greatly pleased.

When your first lesson reached me I was in the depths of despair.

There is one question I would like to ask. What is the source of your information for the philosophy you teach?

I realize you are a busy man. If you see fit to answer this letter I will appreciate it but if you deem it unnecessary that is O.K. to.

My dear Mr. Hopkins:

Thank you for your good letter of recent date. We were happy to hear from you.

We were fairly well prepared for Dad's death, but it was still a great shock. He became critically ill on Monday night (October 18) but seemed to rally in the night and was looking much better the next morning. He was able to be up and did not suffer in the sense that his mind was clear up to the last. The severe hemorrhage started about 12:20 on Tuesday noon, and he succumbed within a matter of minutes. We were very thankful that extended suffering did not accompany his last few hours.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

Dear Sir:

The reaction to the second paragraph of your letter of February 4th brought a feeling of deep regret. I did not know that Dr. Robinson was ailing or that the years were piling up, but things like that can be expected but never desired. Dr. Frank Robinson was a pioneer who went through against all the resistance in overcoming worn creeds and notions. He had the spirit of the Crusader and never knew when to quit.

Now as you take up what he laid down, you must do the same thing that he did, namely, be sincere, tell the truth as you see it, and everlastingly forge ahead, no matter how hazardous the enterprise.

Coming now to the new teaching written by Dr. Robinson in 1946, I would prefer to have all of the lessons attached or put together, for I do not want to waste 27 months getting through what I can read and study in much less time. I have a copy of the 20 lessons and that book is frequently taken up and read. I carried out the instructions to study each lesson for two weeks, but there are new thoughts in going over those lessons, and so if you can send all of these papers clipped together, or mailed together, I have an idea that you will receive a cash order, and in the next paragraph I want to tell you something.

I used to read the writings of Elbert Hubbard and a lot of his books are on my shelves. I was a subscriber both to the Philistine and the Fra. Elbert Hubbard was a genius with words, and I found more pleasure in reading his advertisements than many of the articles written by other authors. He put common, everyday life into his writings, and in a style which was difficult to copy. Elbert went down with that big ship and his son Bert undertook to edit both the Philistine and the Fra, but soon found that he could not use another man's thunder, and that ended the publication of the Philistine and the Fra.

Here is what I have to say to you, and I do it because I am considerably older than you are, and it is this. You have certain natural endowments, in other words, native ability, you have passed through experiences which brought acquired ability, and these are your personal capital stock, and if you develop this capital stock along the original lines which you surely must be able to do, you will make a good landing, but if you try to do what somebody else has done in the same manner, form and spirit, you will end like Bert Hubbard.

When you answer this letter, I want you to tell me about the end of the earthly existence of the founder of Psychiana.

Your Twenty-Sixth lesson I have just finished reading for the first time. I am alone and worked hard on your instructions on calling for Power. It is not sinus & X ray show nothing. I gave her your lessons & she believes. She is again suffering & I told her I would write to you & your prayers would help her. Her name is Mrs. A. C. Leslie 1420 Beechwood Blvd., Pittsburgh 17 Pa. She has plenty of this world's goods & very intelligent but had some let down in her early years of married life, her ideals were shattered and she still fights that disillusionment. There are certain things I have not attained as yet but I have picked the right way in so many questions it astounds me. I shall always give thanks to having met you and shall pray for your continued success in this life's work.

It is perfectly all right with us if you desire to use some of the Psychiana material as a basis for your Sunday sermons. We only wish that more ministers will feel this way, and would inculcate in their own lives some of the principles which we are teaching so that their congregations may receive much more spiritual help than they are getting at the present time.

It is also satisfactory with us for you to send the balance of your account by the first of May. Until then, we will continue sending the Lessons to you.

STUDY OF

Dr. Frank B. Robinson

MOSCOW, IDAHO

My dear friend and fellow-member:

I AM GIVING YOU MY LIFE AND MY ALL. I NEED YOUR HELP

I mean that for twenty years I have literally given my life . . . my all . . . to others. Many a time I should have faltered and fallen had it not been for the Power I teach and know. At this very moment there is nothing I would not do for you and yours, if that were possible. From early morn till late at night, my whole life is dedicated to bringing to this sad and weary world, **THE TRUTHS OF GOD AS THOSE TRUTHS HAVE BEEN RECEIVED BY ME.** The way of the Spiritual Pioneer is never easy. Jesus found that out. He was killed for His good works. Others have been burned at the stake for their convictions. Thank God, that is impossible in the United States. I know that you would go the limit in helping me bring these Truths of God both to you and the world. If we cooperate, we can win.

YOU WILL COOPERATE, WON'T YOU?

The enclosed bill represents the sum due us now. It may seem like a little bit to you, and really it is . . . BUT . . . a lot of little amounts neglected can make an awfully large sum, and when that happens, it increases the already heavy load I carry. You don't want to do that, do you? Of course not. Then may I ask you, as a personal favor, if you won't please mail enclosed sum to us now? If I were to be sitting in your home tonight, the first thing you would do would be to give me this amount. I wish I were. But you will mail it to me, won't you? Thank you so very much. It means much to us out here.

Sincerely, your friend and teacher,

Frank B. Robinson

Dear Friend:
I have been intending
to write for some time knowing
you would like to hear from your
pupils. Have finished the first
course and am on the advanced
lessons just finished studying
the eighth lesson.

Will try not to make this letter
to long altho I could write a
book on the change in our
life. My sister and her husband
are studying now.

When I first saw the words "I
talked with God", something in
them seem to draw my attention.
I sat down and wrote to you
then.

Of course you understand how many come on advertisement there are today but somehow I knew that was what I had been seeking for years.

In about the third lesson I relaxed and it just seemed as if I was lifted off the bed rather I should say the Spirit in me and there was such a light almost undescr~~ible~~ible. From then on my life began to change. Several times when I am relaxed there is a feeling of relief or as if a weight is lifted.

Since starting on the later study I have seen the most beautiful flower it is opening up. is of almost transparent hue.

The color between real pale
orchid and pink.

I have the most wonderful
feeling everytime I see it.

Thanks is such a small
word for the awakening
and the love and happiness
you are showing the people
how to obtain. but I am
truly thankful.

My dear Mrs. Irvin:

Thank you for your good letter of recent date. We were happy to hear from you.

We know you join with us in mourning the passing of our father and the founder of Psychiana, Frank B. Robinson. Although he is no longer with us physically, I know his spirit is present and is guiding the way for us here. Rest assured that Psychiana will continue to lead people to an awareness of The Spirit of God in their lives; and feel free to call on us at any time for spiritual help.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Cordially,

Mr. Alfred B. Robinson:

Dear friend:

Just a few days before I received the news-
letter I was told that Dr. Robinson had passed
away. But I could not believe it. We needed
him so. He has been my closest friend
and teacher for almost three years. Sometimes
I doubted what he was trying to tell me, for
it took me a long time to understand. I
had been taught that it was a sin, the
worst kind of sin, to doubt one word of the bible.
But I kept trying. Then the revelation came.
I am sending out my desire for the thing
I want most, I have had the assurance
that it is on the way. And I am happier than
I have ever been in my life.

When I feel that I am weakening, I go to
Dr. Robinson and read over again what I have
already read dozen of times, but somehow it's
plainer and he seems to be talking just
to me, encouraging me as he would a little
child. He will always be my inspiration.

I should like very much to have a copy of
the funeral address.

I presume that you are Dr. Robinson's son. I
remember that he says in one of ^{my} lessons that
he loved his son Alfred better than he loved
his own life.

When I tell you that I lost a son in an
airplane crash the six of October, you will
understand how my sympathy goes out to
you and to your.

Sincerely

Mrs. J. J. Groves

Dear Mr. Albert Robinson,

I am sending you a few more names of ministers.

I know you would like to know how your father's work is doing here in Medford.

We are having Lenten services every Wednesday night during Lent, and all the Protestant ministers are changing pulpits, and their sermons are like what your father teaches.

I think I sent you all the names of the ministers in Medford, and I am wondering if that is the reason we are having such wonderful sermons. (Just like your father's).

In ^{lesson} lesson 17 on page 15, it says, try speaking the Power of God into physical existence, then write & tell you what happens.

I have a dear friend that had a growth in her mouth, and preparations were made for her to go to the hospital and have it cut out, & the doctor was going to give her radium. I told her that I was going to pray for her, and she wouldn't have to go on the following Monday. She said she only wished that she didn't have to go. The next day (Saturday), she called

me up while the doctor was with her and she said that she didn't have to go to the hospital, as the growth had disappeared. In my prayer I called on your father. All I can say is, God Bless Your Work.

I would like to read the story "They have found a Faith." by Dr. Marcus Bach.

I'm sending a money order (three dollars).

Sincerely,
Mrs. Sadie B. Jones

Dear Sir,

When a small child at about the age of 11 I developed a great desire to know more about God and his plan and to serve him. I used to try to read + understand the Bible for hours at a time. I joined the Methodist Church when a young woman but found their creed + teachings far from satisfying for I felt that this Great Plan was composed of far greater and ^{more} wonderful

facts than they taught.
I therefore developed a Creed
all of my own.

When I went to College I
lived in a Christian Scientist
Home. I agreed that it was
the most wonderful thing
I had yet found but I did
not understand it and
I felt that I never would
be able to embrace it or
benefit by it. Then for about
16 years in which I still
had it in my heart but
by association was removed
from it.

All at once about 3 yrs
ago I met a new Christian
friend who was a Scientist
my husband and I were
having some financial
difficulties at the time

and had my aged mother
to care for beside 3 children.
altho ours was a happy
home. We were burdened ^{by} fear,
by worry, trying to make
ends meet, the difficulties
of having an aged person
and very young children
in a two bed room home.
we had to make a change
and secure a larger abode.
our ideal home was in a
community where the school
was the best, the community
tops and the house altho
not a new home just seemed
to fit our needs. I felt
the day I read the ad, before
I had even seen it, that
it was the home God
had selected for us & was
directing ^{us to} altho many
difficulties seemed to stand
in our way I clung to

that Divine Urge that it was
the House. The owner of this
house turned out to be
my new Christian Scientist
Friend. She has helped me
and encouraged me in
every way. We had difficulty
in selling our small home.
after ~~we~~^{we were} trying for 9 mo, she
sent me to a Practitioner.
The very next week I sold
it myself at a very good
figure. From that time on
my horizon has enlarged
altho very slowly at times.
Fourteen years ago the Dr.
told me I was on the
verge of Tuberculosis and I
know I was healed by my
own prayers but I did not
have any scientific
demonstration of healing
until I rec'd and was

reading your No 2 lesson
of Psychiana. I also had
been reading a Sentinel
magazine Published by the
Christian Science Publ. Co.
Every since my first child
was born I had been troubled
by a vertebrae in my back
slipping out. When this would
happen I would have to lie
helpless on my back on a
board from 4 to 14 days.
on that particular Morning
in stopping over my vertebrae
went out and I could not
straighten up. The pain was
terrific. I picked up your No 2
pamphlet and also began
repeating some Scientific
facts which I had recently
read + believed + remembered.
In just a few minutes
something told me to get up
straighten up and go about
my morning duties. I

did so easily and all pain was gone. I was so joyful & grateful that I sat all the rest of the morning. Since that day I have had numerous healings and most of them were instantaneous. Colds, sleepness, a bad cut & bruise on my leg, an attack of what the Drs have called Chronic appendicitis of my eldest son, tonsilitis, and a crooked eye of my baby son 4 yrs old. I just can't begin to tell you all the other ways it has helped us as a family.

I appreciate the clear way you have, Dr Robinson of bringing this wonderful God Law to your Pupils. I have read, gratefully, the lessons, not so much in the beginning, for myself,

as to help others. I have as many as a dozen friends and loved ones who all just groping to find the answer to this "Great Scheme of Things". They are good, honest, industrious people and very deserving but I was afraid they wouldn't understand Science & Health By Mary Baker Eddy. I believed in it but didn't understand the Principle of it myself until I started reading your lessons. Thanks to you and your "Psychiana" I am now able to read Science & Health and understand it. I know I have gained understanding for I have had as many as 15 or 20 healing demonstrations in a couple of months.

I have yet to find anything
which clashed with Science
& Health in your Psychiana
I think they are both
wonderful. I enjoy your lessons
so much and absorb every
bit of them I am reading
them to my sons 9-14 and
also my husband. I expect
to give the lessons to a
couple friends who at the
present are too poor to buy
the course others I will
give your name & address
to sign up as your pupils.

I am very grateful for
all this Revelation for
I know this is the
Beginning of "The
Redemption of Mankind"
or "The Redemption of
The World."

I have received many

material benefits also
for which I am very
thankful.

I am endeavouring to
put Spiritual things
first and I have found
that material benefits
are added also.

I thought perhaps you
would be interested in
knowing just what kind
of person this pupil is.
I am married, a homemaker,
46 yrs^{old}. 3 children, boys, 4 -
9 - 14 yrs of age. A wonderful
husband. "He is beginning
to see the light altho
very stubborn and hard
to convince". I am not
discouraged though for
I know altho my progress
in helping him to gain
enlightenment is slow

it is going forward very decisively.

The greatest thing I have had to overcome is fear and God has been very good & patient in helping me overcome it by not allowing any terrible catastrophe to happen in my life to impede progress or destroy faith. I still have fearful moments but am able to overcome them by Truth, Divine Love and Faith.

my mother altho a good Christian soul had fear very deeply imbedded in her nature. "I'm afraid" was the most fixed part of her vocabulary. Some

of her daily words were: "I'm afraid he'll (one of the children) get sick" - "I'm afraid he'll fall" - "I'm afraid he'll get hurt" - "I'm afraid you'll lose it." - "I'm afraid it'll rain", - "I'm afraid she will die" etc: etc: etc: So you see why I have been so long making progress. The dear soul passed away almost a year ago. She passed, being very happy, loving every body, thanking God & Blessing Jesus. If I had understood as I do now I could have taken all this fear from her soul and helped her so much. I see now that God helped her for she was a very retiring & timid soul. I worked 4 yrs in stores &

a telephone office and also
taught school 8 yrs before
I had my family.

Thank you again Dr.
Robinson and I am
looking forward to your
lessons very very much.
I believe every word you
print in them.

You see I don't have a
lot of money or I would
have taken advantage of
your \$32.00 plan. However
we pay our bills promptly.
It seems our every day
needs are taken care of.
So I am forwarding a
check for \$12.00 at the present.

Thanking you again

Dear Archbishop Frank B. Robinson,

I am a sincere member of the Psychiana Religion and I want you to know that I have been studying the lessons to the best of my ability and I have been helped.

To me, your lessons are wonderful inspiring as well as enlightening and interesting. I have learned a lot from them.

I just had to write in because I feel that with the help of your prayers I can be healed.

Dr. Robinson, recently I had a slight stroke and I also have high blood pressure. At present I am confined to the bed. Some days I feel pretty good and some days I feel just

awful. I believe in the power of the living God to the uttermost and I know I can be healed. I am praying earnestly and faithfully day and night.

I am asking that you consider my illness and remember me in your prayers for healing. Please pray for me and I will continue to keep the faith.

Thank you,
