My dear Friends:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

For your information, there are two advanced courses open to you when you have completed your present series of Lessons, and you will be given definite information concerning these two advanced courses as you come to the end of your present studies.

Sincerely yours,

Dear Dr. Robinson:

The urge to write you has been growing within me these past few weeks, the same urge that impelled me to subscribe to Psychiana. It would not be necessary to reply, although in truth I would value and appreciate the same.

To begin at the beginning: For months I had been receiving invitations to join Psychiana. It is not my general custom to subscribe to inducements through the mail, aside from not having much in the way of spare funds these past few years. I read your literature and was impressed almost against my will. There are so many "buy the Brooklyn Bridge" propositions through the mail. I tossed aside your literature and yet, like a haunting refrain, the message would come back to me. I would argue with myself, look here, Bill Saft, you are not the sucker type. Dr. Robinson is either a clever rogue that can outwit Uncle Sam's mail guardians, or he is a religious fanatic with some half-baked scheme that has a degree of plausibility to it.

More invitations came, I would read them, perhaps I was getting softened up, they didn't seem like sucker bait, I was rather struck by, I don't know how to put it in exact words, a sort of beautiful simplicity of faith, I sensed the sincerity of the founder. Today I would say it was the power and personality that you have, transferred to paper. Damn it all you was giving me no peace of mind. I mailed the dollar enrollment fee, I had to find out even out of curiosity, what the hell are you driving at. And why should I give it second thought, me who am immune to advertising lures?

The first lesson came. I liked it, sounded logical and sensible, might be something to it. After the third lesson I could see why I was attracted to your teachings. You were teaching what had been in my subconscious or unconscious mind, only I could not crystalize it, give it shape, substance, creation. With the fourth lesson I commenced the affirmations, but not with deep sincerity of belief or consistently, I have a very skeptical nature. With the tenth lesson I developed enthusiasm, I felt I was on the right track. Am now on the 13 th and look forward eagerly to each new one. Here is my problem and it is a kind of paradox or contradiction. I believe in Psychiana, yet the affirmations are diluted with some skepticism I can not overcome. And this is so important. The power springs from the absolute belief or faith that it will be done, etc, and I hinder or retard myself with some doubts.

But I know you are right, so very right in what you say. The week before on the radio over W.J.Z. New York, my sister heard a program in which a lady told the following; Both her husband and herself had cancer. On his deathbed he made her promise to believe that she would be cured. And she was cured by her own belief.

In the course of time the twenty-seven lessons of Psychiana will come to an end. Is there not perhaps an advanced or perhaps a post graduate course for those tremendously interested as I am? Also unfortunately I am in arrears of my payments, due to short working hours. But I never defaulted on an obligation yet, and certainly never would on Psychiana, which may be the turning point in my life. Eventually, too, I wish to buy the different books which you offer.

Yours truly,
William Saft

Dear Mr. Robinson:

I do hope that you received the order of your quarterly bulletin from me, to be send to Mrs. J. Berkowitz 2323 Preston Ave. Mrs. William Fox 72 William St. Mt. Vernon, N. Y. and Mrs. A. Mitschelen Fellbach - Stuttgart, Falkenstr. 15, Germany, U.S. ZONE. Send you \$3.00 in bills & mentioned you should be so kind to let me know the postage to Germany & will send you the money for postage. Surmise that the June issue will be received by my friends & neighbor. Want to thank you dear young friend for my own March issue The Way and was indeed very much impressed by some of Mr. Frank B. Robins followers. I am sure I would feel the same way & do exactly the same thing as the out of down man, to spend quite some time in your dear father's studio, for your dear father was loved by all his students, including myself. I often feel I knew him all my life, unfortunately I never had the pleasure to meet him personally like 1000 of other's, still I knew, admired & loved him as a great friend & teacher, who had so much to offer to

worked just for the one & good purpose in his life, to show
the road to the great spiritual light to his pupils. The news
of his sudden death was shocking, and still as you say his
spirit will always be with us. His great work he left for
you, will not be easy, & I would say perhaps many times
discouraging, but you just must keep at it as your
dear father did. I am sure all his pupils wish you the
best of luck and God's infinite wisdom & blessings, including
myself. Can you recall not so long ago, I wrote to you, that I
discussed Psychiana with a Dr. friend of our's, who laughed at
it, when I showed him some of the original lessons, about the
healing power of God - (your father was still living) only last
night I spoke with him again & told him the revelation I
received through Psychiana, - my eyesight became increasingly
weaker, almost daily. I ask local & big Dr. of it's reason, and
they had no answer, (I am a sufferer of Rheumatic fever) and
have to use digitalis for years; God's voice told me that the
constant use of the dig. without its am. ever being decreased
was the cause of my ever increasing blindness & terrifying
itch which no one could explain. They were astounded, and I
answered my Q. for them. Want to thank you for the check
of \$ 511.72) which I received by mail yesterday. The
money was given ^{lent} by me to your beloved dear father.
When all other investments would be repaid with such great
honesty & such profits, we would have God blessing times
for all of us. Would you be so kind & let me know how
much the fee for the lessons written by Dr. F. B. Robinson (After Dr.

When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

The direct result of my father's death was from a severe lung hemorrhage which occurred October 19, 1948. Even though he is no longer with us physically, I know that his spirit is present and is guiding the way for us here. The work that he founded and watched grow from its infancy is continuing to lead people to an awareness of The Spirit of God in their lives.

The rugs which you sent my father in 1944 are still in very good condition, and they have provided years of excellent service.

As soon as Dr. Bach's book is ready you will be notified. It should be ready after the first of the year, possibly in February.

It is always nice to hear from our older students and I do hope you will keep in touch with us and write to us from time to time.

May The Spirit of Infinite Peace be with you always.

Dear Alfred -

7BR-1

I feel as if I knew you for I've read so much about you thru Dr Robinson's lessons - I'm one of his first students - and in all - I expect I've had fifty letters from him - My last letter was in 1944, to identify myself - I sent him two hooked rugs which I made - They should still be in good condition - for I'm using the same rugs - made the same year. It's so hard for me to realize he is gone - for his one contribution was, "that we can't die until we give our consent" I can't imagine him giving consent - but I have no idea how he died - whether he was killed - or that the over worked heart just gave out - I didn't know of his passing until, I guess it was 2 months after his death - I know how you, Mrs Robinson - & Florence have missed him, for I have - oh - so very much -

I'm waiting patiently for the little magazine - It must be due - and when Mr Backs book come off Press - send me one - C.O.D.

I think I have every thing your father wrote, and I still read all of them. I think I have his last Course of Lessons written in '46.

But for the fact that I have learned so very much thru those Lessons - I could not do what I have done. I've had a hard row to hoe - but that God Power sustains me.

I met your father several times during lectures in L.A. To speak of one instance when I first identified myself at our first meeting - and when I told him who I was - he took me by the hand - had me face the audience then said - "I want you to know this woman - She has given me more spiritual insight than any one I have ever known!" A.

course I was³ flattered - and also
humbled - for I know so little but
happy if I helped him a tiny bit
on his rugged way - and it was
rugged.

Give my kindest regards to your
mother and sister. I know how very
much you miss him - and I con-
gratulate you on your success on
being able to carry on. (I note that
you have 10,000 new members in
the past year) That would make
him happy - and sure how - I believe
he knows.

Sincerely -
Josephine B Scott.

My Dear Teacher,-

You are so much more than a teacher. Yet I have not words to express the gift that that only the Almighty God has bestowed upon you.

I thought I knew the bible before you came into my life. But after studying with you for one year. Now together with your instructions the bible is simple.

I had neuritis when I began with Psychiana. had it in my left arm over 20 years. As soon as I came to that part of my lesson, which is 3 or 4

2) I told it to get out that night.

It went down in my 2 middle fingers immediately. It remained in those 2 fingers about 1 minute. I just said get on out dont stop there I have no use for you in my body. And it went rite out through those 2 fingers. and it will never come back.

Then the morning of the Dec 29¹⁹⁴⁸ I got up in the morning. feeling fine. I made my coffee. but when I went to drink it the coffee ran down in my lap I thought the cup had broken. I got another cup and the same thing happend.

then I felt my face with my left hand and my coffee in the right. I found no feeling in my face. I sent for the doctor. he said I was paralyzed.

and would probably be better in one year maybe. so I had thair specialist. they all said nothing could be done that the nerve

3] in the back had snapped that controls the face muscles, and it would ^{take} time for it to grow back together.

Well I have always been a very attractive widow, and people always make much fuss over me.

And when I looked at myself I saw both eyes standing wide open they didn't blink. my mouth was over on one side of my face. My heart was broken. the more people pitied me the more it broke my heart. I had to put solid food back in my mouth with my hands when no one was around.

liquids ran out of my mouth because I could not close it. Well I felt too broken up to do anything about it.

But after 3 weeks went by I began to get hold of myself. I just kept saying give me my power back. give me this strength I have been so proud of. but there were too many people around. But after one week of battle

4 with myself. I remember well because it has only been since the 19th of January. exactly four weeks from the day I was paralysed. I moved my mouth, and eye. then there was feeling a good bit of pain came when the feeling came back. In fact the bone structure in my head still feels like a horse had kicked me. I guess I did not have quite enough power to forget it.

Now my neighbors saw me in the yard raking the new grass. they came and gazed at me they said it was unbelievable. many people I learn have had the same thing and always remained disfigured.

On last march the 30th I plunged myself 20 thousand dollars in debt.

I undertook buying. The Biddle mansion. it is an english tip house. had 14 fireplaces all glazed red brick. with $\frac{1}{2}$ acre of ground on the finest street in Philadelphia.

5 on account of the illness this winter
and the needed repairs on the building
which is most expensive. I have
fallen behind with my mortgage
payments. The man that holds the
mortgage is in the business for
all he can get. I pay him 6 per cent and
he knows the house will be worth at
least 75 or a \$100²⁰⁰ when I finish repairs
it. I have applied for a loan. but because
I am behind with my mortgage there is
danger that it may not come through.

will you please concentrate on me
and my old mansion. So that I can
again. Give this Psychiana. Power my
full attention. I have probably undertaken
taken too many things. I have found
out that we cannot concentrate on too
many things at one time

Please except my sincere
gratitude. For your knowledge.

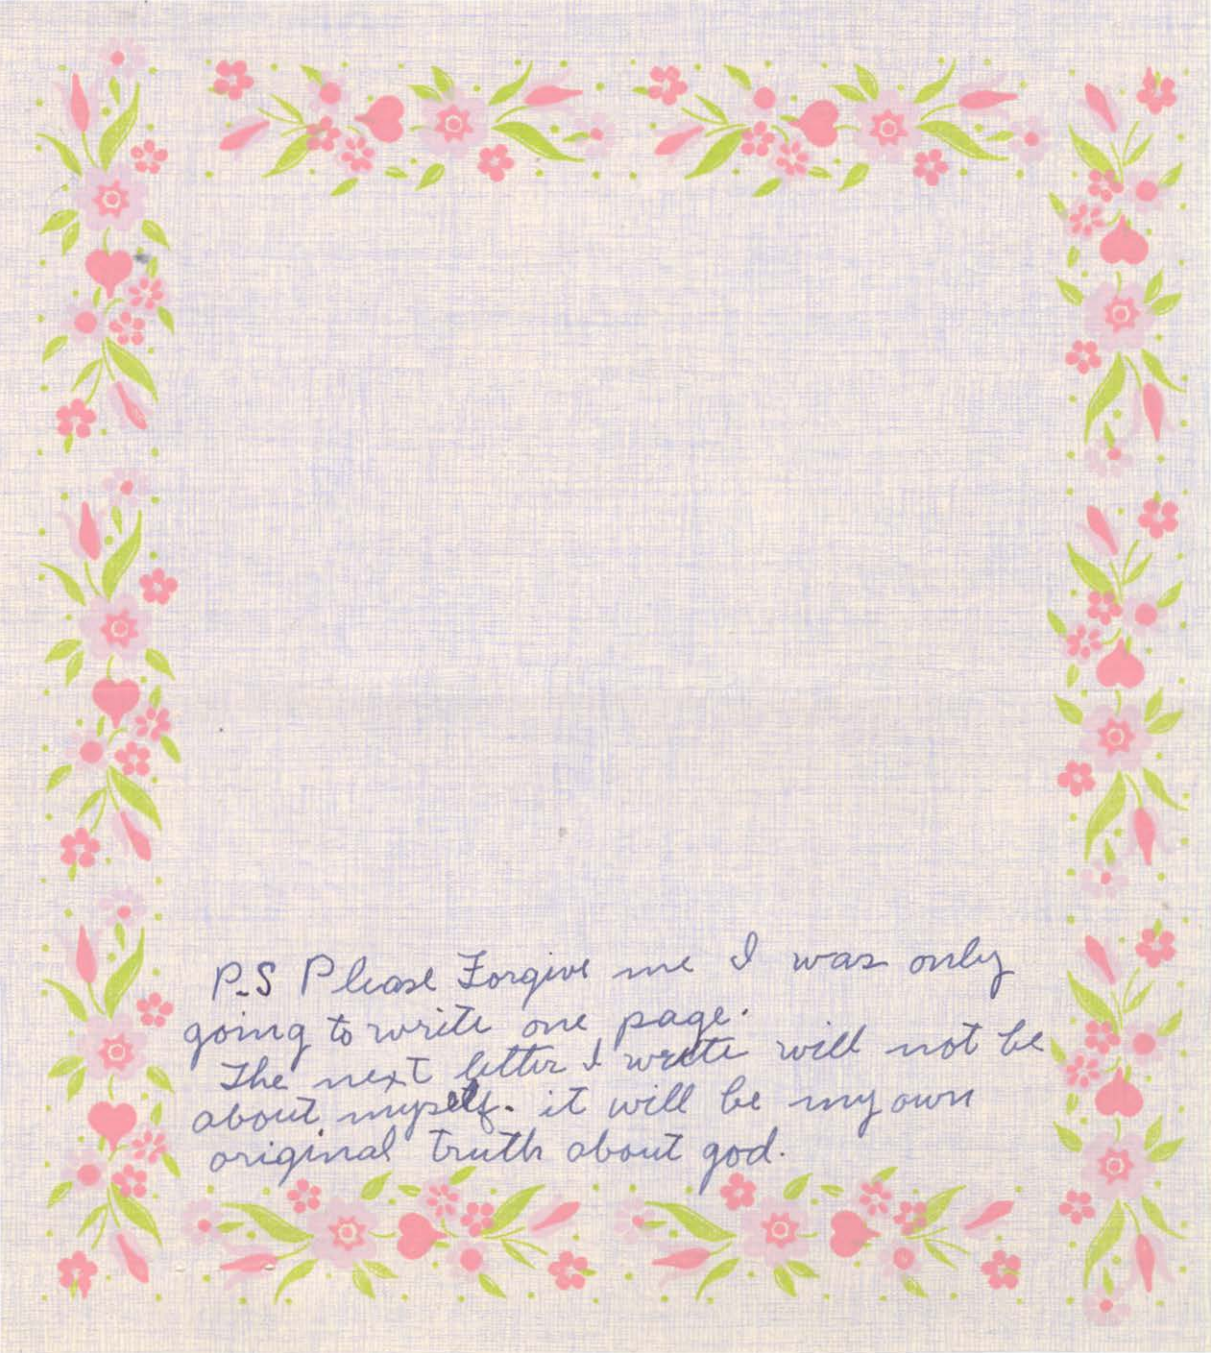

This power and glory
which has been bestowed upon
you has not been easy.

People like you and I
would not be satisfied if
we did not suffer.

I wish I will be able very
soon to bear some of your burdens.

Is there any thing you would
have me do. I wish I was there
I would say. Now Frank what
do you want me to do. I love
burdens. Such as helping God
to build this world into an eternal
City. This will be done on earth
as in heaven which is here.

with all my heart. Grace M. Seekford

P.S Please Forgive me I was only
going to write one page.
The next letter I write will not be
about myself. it will be my own
original truth about god.

Dear Dr, Robinson

Reading lesson twenty makes me think of the time I was on my death Bed in 1928 my mother and sisters and brothers were at my bed side when the Doctor said I was slipping away slow and the priest was Blessing me and announced me dead the sheet covered my face in me was new life Beautiful in white gown and my body was raising away from my form that laid on the bed my body raised so high and dropped back to my form on the bed and I Cried out my God, my mother and sisters and Brothers all were shocked called the Doctor and life came back. from that day on I always said Death was beautiful helping poor Family's giving all I had working for churches and welfare all my life the more I saw how wrong my church was the more I left my - self out and fighting that is not Gods way that Jesus came to tell

Your opinion of being completely out of the body is 100 per cent with me, I never heard of you or your teachings for 10 yrs I always had the spirit of the Living God in me from that day of 1928 and many times had many vision telling my Family what was to take place ahead of time pleading begging my sisters and brothers to believe me for 10 years I was in my Faith alone lost from all my Friends and Family they all said I had a spirit of the Devil and wouldn't speak to me then your lessons got to one of my sisters in n.y and Miss, and then they unwrote me and asked me to forget the past for all things I said were true, they believe me now thanks to your lessons my Family takes your lessons and are full in the spirit of the living God. Yes they found I spoke truth from your lessons and all are happy my Friends ask many questions this is where your lessons help me a great deal.

why a year ago before taking your lessons my Family and Friends called me many names and said I was only a fat slob, yes I weighed 205 lbs then but taking your lesson brought a great change in my life my weight now is 142 lbs young and looking beautiful filled with the spirit of the living God. happy in heart kindness to all walks of life oh yes it is grand and beautiful if only the world could see these things like you and me your teachings will bring man back to God. I am doing all I can to help every person I meet I speak of your greatness of light. my friends are shocked in my change of looks and weight. I didn't do a thing about it. I believe I wrote you what happened to me when I was cleaning my car I was on top of the roof like some one picking me up in the air and casting me down to the ground I laid on the ground shocked scared of broken bones getting my

breath and up on my feet got into the car and drove home I say God wasn't their. The Spirit of the living God was their.

I wrote you some time ago to ask you I what is it that I get every night at 9 P.M. a great vibration takes place in my Body please tell me what you think of it.

If by any means it cost extra for your importation I shall be glad to do so I cant seem to find no one to give me the ans ill depend on you do help me out on this matter.

May God Bless you in your work and keep the light shining for the world needs it bad. Your teachings must come to all walk of life

If your husband is not well at the present time, remember that there exists in him more of the healing Power of The Spirit which is God than he will ever be able to use. Therefore, the only thing for him to do is to recognize this mighty but invisible Spirit of God which is within him for his use, and realize that no disease or illness can withstand this great God-Power.

It is very possible to use The Power of The Spirit of God to help someone else if that person believes that it is possible for him to be helped. In other words, if he did not think that he could be helped in any way, and dwelled upon those thoughts, then any outside influence would not help.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. Dear friends of Psychiana -

This is the first time I have written you since Dr. Robinson passed on. I know you are carrying on the work in the same way. His kindly spirit is with us. Sometimes it seems so near, as I re-read his writings.

Please find enclosed ~~\$ 7.50~~ for which please send me 1 copy of "God in the dark" - ~~3.50~~ and 1 copy "They have found a faith" ~~3.00~~ and ~~\$1.00~~ for renewal of my Magazine "The Way."

Quite some time ago, I think nearly 2 years. I purchased one copy of Dr. Bach's "They have found a faith" from the Publishers Bobbs-Merrill Co.

Mrs. Edna Smith

Box 266

Stanton, Michigan

about 3 months later, I loaned it to a friend of mine here in Stanton. She enjoyed it so much, she procured a copy thru the Stanton library here, she being on Committee, and gave it to a friend of hers who lives in Petoskey for a Christmas present in 1948.

Since then her friend has reviewed it for the Episcopal church in Petoskey, of which she is a member, and now the Presbyterian church has asked her to review it for them this spring. Now, my first copy is out again to another friend as I am ordering another for myself and to loan as I know of another friend whom I am sure would appreciate it.

I surely liked the tolerant spirit of Dr. Back, toward all people of all faiths. Of course that is what Dr. R. used too, the same spirit and we of his students too. I have used quite a number of Dr. Dunnington's 3 books "Handles of Power" and "Start where you are". People like them a lot I find.

Am looking forward to the latest book of Dr. Robinson's "God in the dark". I have a copy of "Ye men of Athens".

Am enjoying "The Way" very much too and am beginning to feel I know "Adfred" in the same way I knew his father.

With kindest thoughts and deepest appreciation of your kindly spirit - I am

and I thank God for these good teachings
I have used them on my son all

If you like I will return to you one of the lessons #5.

Your lessons have given me a wonderful new outlook on life even if they haven't done anything else as yet, but I have faith in what they may bring to me. I do believe though, that about 8 weeks ago after receiving your first lesson I changed my habitual habits, causing me to meet the

Dear Dr. Robinson:

Hello there, and how are you?
Last time, I believe, I had taken
the flu. I ask to be healed. & at
the thought, I believed, I was
healed. Its wonderful.

I had ask for a raise on
my job. The Board member said
this is a poor time to ask for a
raise. I said, This was the best
time, ever. I got the raise,
there's such a power goes over
me at times I can hardly stand
up or even sit down.

I had ask for an apartment
couple years ago. This is when
& when I wanted you to show
me the way. & truths about
God. Others came to me & said
there's other places to live. You'll

never get that, place. I really
worked on these lessons for
this place. The owner came &
told me, the apartment is for
me. I just can't begin to tell
how pleased I was, nor can
I tell you how it worked on
me, but I'm sure you under-
stand.

My father has had severe
pains in his head, he doctores
dentist pulled tooth, lot of
pain going through his body,
can't sleep at night, & is bothered
through the day, with these
pains. Would you lend a
healing thought, too. I will keep
asking for my Dad, until I get
the next lesson. But I'm
sure. He'll be healed.

You a wonderful guy.
I wonder what your wife
thinks of all these friends
telling you how wonderful
you are?

The factory here is having a
two weeks vacation. I have
cleaned house. I not even
tired. I just never, get tired.
This morning. My father gets
up. Telling me "how much"
better he feels. So it has
worked again.

Lots of friends speak to
me, where they thought they
were so much, but not any
better than you are I. You'll
find that in a small town.
Up town this morning. I
met these friends. They spoke
first, I even called me by
my name. I like to watch
these happenings come about.
Things just go so much
better than before. I just
could kick myself for not

getting intouch with you
soon

Now, if I could just work
this Spirit around this gentle-
man friend. Ha. Ha. I'd be
sailing.

I have talked to a number
of friends about these
lessons, but it's hard to
make them understand. I
said, I didn't believe it
either, until I read. & I
certainly am not sorry I
began. I'll try again.

Oh, yes! Dr. Robinson. I
will send for one of those
Pins, just as soon as I
can. I would love to have
one. In fact, I'd like to
have, two! May I? one to wear
& one for in my living-room

about my desk. Where
all my lessons are:

This is another good story,
a lady in neighborhood, ask how
I get my Tea towels so white,
I said, I use Peroxy. & I do
she said, I bought a quart
Monday & it's all gone. I said
I only use 2 caps of lid on the
bottle, & basin of warm water,
& rinse them in cold water,
hang them in the sun. &
God, takes care of the rest, a
bottle lasts me a month
& a bottle. This woman said
those big brown eyes of yours
just sparkle. She went away
& has never been back, to ask
about her towels. Later in wk.
she washed, & her towels are
snowy white.

So long for now. I'll be writing
you again. God Bless you.

Dr. Robinson.

Thank you for sealing
lessons. Since sending to my
Sister's home, there wont be
any need in sealing them.
this way, you will save
four cents.

Thank You

My dear Mrs. Smith:

Thank you for your good letter of recent date. We were happy to hear from you.

Your comments are very true. The Spirit of God in you is something like the power in a storage battery. To look at the battery, you would not know that there is any power in it, for you cannot see it. But, if you push the starter, making the connection, the hidden power in that battery instantly springs into action, and it can start the largest car. When you do recognize the fact that this Power does exist in you, and realize its magnitude, it does not take you long to draw upon that Power, and, when you do, your troubles are over. This Power is greater than any power you have ever known.

May The Spirit of Infinite Peace be with you always.

Dear Dr. ~~Battery~~ ^{file in file} Robinson

Received both letters. I was very glad to hear from you. You, no doubt will laugh at this, for I did, too.

Remember when I wrote you about my illness!! I went right back to this doctor. he asks of how soon I could take my leave to rest. I said. Leave! I don't have I.B. any more than you do. & what's more. I'll never take that leave. for I am cured. I never had I.B. to begin with. I ask him if he had any. Faith! he said, I don't know. Do you? I said. you bet, I have. I told him. If these patients out here knew what I know about Faith. You'd have to close your

down. later he said. you might have something there.

I'm sorry to have bothered you about my illness. Dr. Robinson if any problem stands in my way. This may sound strange to you, I take a sheet of paper. I write my problem down on paper. Write to the Spirit of God. I put it in a letter seal it & when I come home. I open it & read it. & my problem is solved. or I sometimes write it & not seal. It works just the same. I was really worked up about, from what this doctor told me. I did lose weight, funny I gained all of it back, so fast. Now, I always contact this Power as directed & it works. I am in earnest always here after.

It's so true. if one just would
ask, they receive.

I now understand about the
power, & if I didn't, I couldn't receive
the works of my problems being
solved. Could I? When you write
these lessons & send them to us
to find the Power. That is what
we are learning. I see your point.
Why do we write & ask you? This
last lesson I received is wonderful
toward that line. If we ask to
read these. Why in the heck do we
all bother you. If we can't see
are we it ourselves. I am very
gratefull to this, Power. I know it's
in my body, & I can call upon it
any time. My problems are always
solved.

I have received a circular for an Advance Teaching series. I will send for them in the near future.

I have been studying with you a year and have completed the 26 lessons. In that time I've had a lot of manifestations some of them as early as lesson 4. Most of my manifestations were of a personal nature and of no interest to an outsider, altho they meant a lot to me.

As to your "healing power" it's wonderful! About 2 weeks ago I awoke with a terrible pain in my right shoulder. I am a waitress and my hands and arms are constantly in use. I had seriously considered staying away from work but decided to try the "healing power" first. After a few moments meditation I went about my breakfast preparations, when inside of about an hour I realized I was using my right hand and feeling no pain at all. So you see what a few moments of prayer can do. Thanking you for showing me the way thru prayer, I remain

Dear Mr. Robinson and friends:

Just received my eleventh lesson and am only happy that I have a completed list to send on its way. I am glad that I may be instrumental in a small way in spreading this truth of our very being.

Of all things man knows the least of his own being.

Since a small child, I w. have been searching for a God, whom I knew was there, whom I was aware I was in absolute contact at times. I was a child brought up in Protestant churches but attended a catholic school, the first twelve years. My search has taken me into many churches and however beautiful the ritual, satisfying an esthetic taste for

a while, sooner or later, something
somewhere, risk for proof and no proof
was found. I have loved the ideal
as exemplified in the Christ and have
taught this ideal to my children, but
always with the thought in mind and
emphasised that Jesus said. "I and the
Father are one as ye also are one
with Him."

I am a very young looking woman of
50 yrs. Am almost always taken for around
35. Do not take any credit for this as I
know it is only the Spirit showing through.
My son at 29 has besides putting himself
through medical school, acquired a year
of psychiatry under the noted Dr
Ramona in Rochester and is headed
for a brilliant career. All on his own steam
and in faith in God each day to guide
him.

I have more of a family that will not
take your time.

Only want you to know I am happy
to be able to help in spreading these
teachings. Sincerely Grace Sotter

Dear Dr. Robinson

I carefully studied your last 2 lessons and so far God has revealed his self to me through your studies, I written you a few weeks ago concerning my troubles.

And asked you to draw a picture, you answered me and told me to get in closter touch with God, and I did. And let me tell you he has brought every thing that went on wrong to light.

I declared he did, I prayed and
those people that I had an idea
who was treating me wrong God
slashed the ~~the~~ ^{with lightning} purity had Sunday
at the church, it did not get the
main ones but it came so near
them, I wasn't there but the people
told me that they was noced in
conscious. ^{by lightning} But my God dont fool
his people, and too he dont work
things perfect for us.

he goes around and pick
just as wee would pick flowers, you
would and also I would like to have
all purity flowers. We go left all of
the faded ones, so that what God
did, all of them that was after me
was what I would call no good people.
whi I heard it I asked God was that
my picture, and if so to let me know
by some sign and he showed me
a light. that same night. my

Dear Sir:

Thank you kindly for your news letter, which is news to me — and very sad news, too. Often I had thought to write Dr. Robinson on the very subject of "How a funeral service would be conducted by Psychiatrists"? I would greatly appreciate a copy of the funeral address ^{about which}.

There are many things I would like to talk with you personally — and had hoped to talk about with your father. I was deaf and blind — I have recovered — and am now normal again in the operated eye. (the left eye is still blind) and my hearing has returned. But, I presume you hear much about all these things from your students. And I wonder if I have really found the Power of God. Surely, not all the credit could be given to the doctor who did the operating.

Thank you in advance for copy of address. Best wishes for your future; and regrets for our great loss.

Sincerely

Dear Dr. Robinson:

Lessons 1, 2 and 3 have been received and I have been working as intelligently as I know how on them. I became so saturated with the affirmation in lesson 1 that it took me a few days to repeat affirmation 2 without starting with 1.

I have already benefited by lesson 1 in a very important sense. The three leading desires of my life are:

1. Freedom from worry.
2. Better health, particularly from arthritis in my fingers, one of which is bent too much for use on the typewriter, thus completely doing away with my typing rhythm.
3. A home once more instead of being cramped in an efficiency apartment.

I want you to know why I feel benefited by the first lesson. I have always worried about others and my most continuous worry, while unnecessary, has been the nights that my nephew has been out late. I can sleep better now and while I feel some concern I do not have the fear that has always caused my heart to pound, keeping me awake. This is most amazing in view of the fact that my nephew has his first automobile which ordinarily would add tons to my load - but it does not. I am so thankful for this. I do just as you direct when I go to bed. Most of the time I go to sleep even before I repeat my affirmation as many times as I would like. Only those who have had that type of fear can appreciate what relief from it means.

I have been delayed making a list of friends but am attaching a small list of specials. At this time I am starting a long list which will take a number of days. It will be compiled from the membership cards of a health club to which I belong and I hope also a list of students who have been attending health lectures during the past 2½ weeks and will not close until this week end.

The monthly bulletin received with lesson 3 is most wonderful - consoling, peaceful and everything that is good.

This is a hurried note, tho I would like to talk about some points in the lesson, which I hope to do another time.

Most sincerely,

Miss Martha Steele

Manifest #1 October 22, 1949

Dear Mr Robinson,
I have been a member of the Psychiana Religion for nearly three years, and I am happy to say that I have had wonderful results. I have interested a lot of people, some have sent in for their own lessons and some have been reading mine, until they can send in for their own. And they are all more than pleased. The Spirit of God in me leads me on, and I will interest people that some would think it would be impossible. There is Mr. and Mrs. Roy Ayling 542 Arow St. Lansing, that you have on your books as ~~member~~, was one of the first that I interested, and I am happy to say they are great workers for the Psychiana Religion, they have interested a great many also. And we are planning on having some meeting later on, and I am asking the Spirit of God to lead us on.

I have had wonderful results in healing, in fact I applied healing before I studied Psychiana, but the Spirit of God in me lead me to send and get the Psychiana lessons. Mr. Robinson it would be a long story to write and tell you how it all happened, but I will say this much, that know one ever told me anything about it, and I never even knew anyone that had studied them, I just sent. ~~that~~ Some day I hope to see you, so I can tell you just how the Spirit of God did it. And over all I try to follow my leads.

I was very sorry to hear of Dr Robinson passing on to the Great beyond, because the world will miss him so much. I have his picture in a frame, where I can look at it all the time. I want to tell you right here how the Spirit of God leads me. The day that Mr. Robinson passed on, I was the one that called that night, and the Operator told me, that he had passed away I think she said about noon. All that day something kept telling me to call him, and so I did and that is what I found out. And if I remember right that was on Tuesday night. And the Sunday before I was lying down with my eyes closed when I saw a Hospital, and I was going through it.

Mr Robinson I have a problem right now to ask you, The other night while I was lying down with my eyes closed, I saw a bright round ~~at~~ light, I would say about 10 inches across, and in the center of it was a round red light, I saw it two different times that night, could you tell me the meaning of it, I am very anxious to know. And at different times when I have been lying down with my eyes closed, I have seen, it seems like forms, but never been able to get it clear. Please answer this for me if you possible can.

May the Spirit of God direct you to follow your father's foot steps, in leading people to see

the right way in living.

May God bless you, and wife, and your dear
mother and sister.

May the Spirit of Infinite Peace be with
you always.

Kind Friend:

The enclosed names
of people I believe will
heed your call, are friends
I know to be seeking
spiritual food they cannot
find.

The Mrs. Wayne Miller is
my favorite Auntie. Her
husband has just been
sent home from Mayo
Brothers hospital & told
he has but 6 months
or less to live. I sent her

some of my lessons. But I do not feel that they took my invitation very seriously. She returned them saying they read some of it. But that they had just joined the Christian Church. And that they went most every Sunday. You will just have to use your own judgement about weather you think they would answer your call. I feel like your course of instructions could do so much for them. But they probably think I am just a fanatic trying to injere that they are sinners.

I have not sold my store yet, therefore I cannot do justice to my studies with you.

But I am getting a great deal of spiritual enlightenment and satisfaction for which I have been seeking many years. I hope to be able to not only absorb all these wonderful teaching for myself, but to help spread them in the future.

Thanks so much.
And may God's Power richly bless you in the future. Respectfully
Mrs. Muriel C. Stoppef.

Dear Dr. Robinson:-

I wish to say I am
deeply interested in your lessons.

The meaning is so clear and
with your photograph before me
I feel as though I were in a
class room.

Although I have received only
three lessons I have been greatly
benefited.

I shall tell you a little
about myself. My husband, son,
mother, father, two sisters and
my brother have all passed on
so I am left alone but I am
busy. I have a niece and am
thankful for her. This has all

been over a number of years. The
doctor said my deep sorrow (2)
effected my heart. It was so bad
& I could not walk one block
without having to stop several
times until the pain subsided,
before I could go on; the pain
was so intense but since I have
been studying your wonderful
lessons and follow your instruction
I have been helped wonderfully.

The other day when I walked
down the street I held my chest
out and my head up and
breathed deeply and repeated the
last affirmation (in fact I
repeated all of the affirmations
I have received)

I walked sixteen blocks
without a pain and have felt
just fine since then. I am so

deeply thankful to you and (3)
Psychiana.

When you wrote of your darling boy wanting you to see the bird's nest it made me think of my son. I had him nineteen wonderful years and we were wonderful companions. He had such a brilliant future, was sick only eight days with pneumonia, some things are hard to understand but I want you to know I am happier since studying these lessons. Thank you very much.

I shall go all the way with you in the lessons I shall receive.

I hope this letter has not bored you but I wanted you to know how appreciative I am.

I am looking forward to your
next lesson.

Dear Instructor:

I received your third lesson and was more than pleased with the benefit from it. In your first lesson it states in one paragraph, He will quicken your mortal body, that's true. While I'm going through my exercises in the evenings and at noon he quickens my body. I was surprised at first because nothing like that ever happen to me. You also said automatically I could heal the sick

and that is also true. This is
too good to be true, now get
this. I was at a show
Saturday night and on the
news reel they showed a fellow
that was stricken by Polio,
he was in some sort of tank
I felt real sorry for him. all
at once my body was quaken

healing myself, but I had to

Dear Friend;

I received the news of your Father's passing to a higher plane, in my Dec. "The Way". I received it in Jan. and was so heart-broken I shall never get over the loss.

I have been a member of Psychiana for almost 13 years, starting with the lessons when I was very ill. The Doctors did not know what the matter was.

Well, I saw the ad, "I talked with God", and was willing to try anything.

I can truthfully say, from the first lesson I could feel myself getting stronger; as each two weeks went by there was a big change taking place in me. In a few months I was able to do all my house work. The Dr. told me I had cured myself, that he had not.

In the past years I have got three sets of lessons, I read them over many times when any illness shows itself. I just go direct to God and it disappears.

I've not had a Dr. in 12 yrs. and I'm most 68 yrs. old.

Two years ago my sister had a cancer in the kidney and was in the Beverly, mass. Hospital. The Drs. said the xray showed it to be too far gone to operate. They said she would never come out of the hospital alive. They did not give her any medicine in the eight weeks she was there.

I used to go see her and stay all day. Well, in the third week she knew me enough to understand what I was saying, so I asked her if she believed the the Power of God could heal her.

She said, "yes," so I said, "The Power of God" has healed you". I put all my Faith in God that He would continue healing her.

Well, in eight weeks she was home and after three months was doing all her housework.

She goes every month to the Hospital for a checkup and they cannot find a trace of the cancer. The Drs. told her it was a Higher Power that cured her; and I know that the Power of God that I was

5

taught through Psychiana
did cure her.

Now, I believe that
your Father will be able
to do more for this troubled
world than He could have
done here. That is why
God took him.

I wish I might see you
some time and talk to
you. So many people
I know have had Health
wealth and Happiness
through the teachings of
Psychiana.

I would like to have
a picture you to keep beside
the one I have of your father,
which he sent me 12 yrs ago.

I hardly know what to say first. When there are so many wonderful things that I could talk about I must say that the God Law does work.

Since I have been studying with you I see things so different and speaking of strange.

My dear Friend:

Thank you for your good letter of recent date. We were happy to hear from you.

If you knew how many thousands of people write to us as you did, you would know that at long last the actual Truths of The Spirit of God are being made known to men and women on this earth. When it is understood that man is the highest creation of The Great Life-Spirit, the earth will be a paradise.

May The Spirit of Infinite Peace be with you always.

Dear friend on Teacher I
Guess you have wondered why
I have not written before now
since I am on my 8th lesson
I am indeed proud of study
with you it is a priceless gift
that has been my conviction
all my life but what I had I got
it from my study of the Christian
Bible alone until I had no one to
teach me and tell me about
the spirit of God within me
and how to use it you see
my husband is on a M.C.
Minister on our Religion on
word was so far apart until
life had become a burden

(2)

after i began studying with you. i thought i would wait on see if i could work it out alone but i was just about ready to call on you for help. But i am so thankful to God. That with your help through the power of God. i have finally convinced him and others and he has confessed that it is the Greatest Teaching the world ever knew. so i think we can travel along this journey to death. so you pray for me and i work on pray that i may do the work of him that sent me. and show me the understand to fully grasp the teaching that you have done me.

(3)

So i am patiently waiting
for my next Lesson.

So. i Remain Yours.

My dear Friend,

I have to write
and let you know how
happy I am, I have always
trusted God. So at last
I have received the
wealth he promised me.

It is so wonderful
to trust him in every
way. you are very wonderful
yourself to find him and
to want all the people
to find him and to
know him. "What could we
do without him?"

my life was a whole lot
like yours. even my own
people don't understand
me or my children or
husband for that matter
as for friends I have
very few. That doesn't
bother me now.

Keep the good
work up and God will
bless you more all the
time. Any thing I can
do for you let me
know at once I will do
any thing you ask me
I would like ^{to} nothing
but to talk to you.

and two night I will
talk to you and you will
talk to me. God does that
for us it is the happiest
years I have ever spent.

I thank you for every
thing. Dr. Robinson,

answer this if you please
right away. I know you
are very busy but you
will find the time to
write to me. God Bless
you a keep you always
in perfect health

I am going to see you
face to face soon.

Lots of Love to the dearest
friend I ever had.

1) True, 19, May 1949.

Dear Dr Robinson!

Thanks a lot for your wonderful lessons you have send me so far. They have been a wonderful Blessing to me. It has helped me a great deal and I would tell you I feel the spirit of the living God within me. I can now sleep without sleeping pills. Have been taking them for 5 years. Now for the first time I have not been taking them since the first week in April.

I/and I believe this was
about the time when I started
your lessons or shortly after
I took them. I agree fully
with all your statements.

I only wish the world would
have more Men like you.

I have a Deep Devotional feeling
for you. It seems to me that
you are so earnest and
sincere and I would say
a very fine Character. As you
are a Family Man I can
feel your Deep Devotion for
your fine Children.

3/ you did not speak of
your good wife but I hope
you have a fine understanding
wife also. I came to this
country in 1925 exactly

24 years ago as a young girl.
To a little town in Neb., I
had a grandaunt that send
me my tiket to come over
from Germany. I have light
blond hair blue eyes and a
little on the plump side.

Have a good husband 4 nice
Children 3 boys and one girl.

4.) But my Domestic Life has
not been too happy. I have had
4 major Operations and a nervous
Breakdown. And on top of that
now I'm afflicted with Arthritis
we had to work very hard
on the farm all of 20 years
if you know what I mean.
My health began to fail after
I had my second Chills
and kept on failing until I
completely broke down. On top
of all my health trouble
also had financial trouble
which we still have.

5 we have went ~~there~~ 7 years
of trouble in New. And lots
of sickness besides too. One of
my children the second Boy
had Infantile Paralysis / Polio
in 1937. But recovered completely
and he has no defects of
any kind. My oldest Boy
is 21 years and my youngest
was 16 years old, So far I
have had no trouble from
them. Have brought them up
in Church & Sunday School and
are good children. But my

6. / oldest Boy is causing
me a lot of anxiety &
worry. He is a Flyer.

Parasut jumper & Hunt flyer.

My husband was clear against
his flying from the start and
I did not approve either.

But I did not feel making
the boy doing farming which
he did not like to do. And
he has done very well. I'm
praying for him constantly.

But I feel that he is
risking his life to make
money and I don't believe

I / that God wont always
protect people that risk there
Lives for Money. Could you tell
me if Im right on this
or not. It Distubs me so much.
My husband is in Neb. farming
his farm again and I and
my Daughter are in Ill. So please
you have to understand that I
have to wait until my husband
sends me a check with I havent
had so far But as soon as I
recieve it will send you the
Money I owe you soon.

Thanks to you,

Mrs. Hattie Timmer Box 72

Dear Dr. Robinson:

Your friendly letters along with your literature, were in themselves a joy to receive. But your offer to send to me, the psychiatric lessons, regardless of my being unable to pay for them, is something I will not try to describe. Other than to say that through your kindness you have accomplished, in one stroke, what this penitentiary has failed to do for the past six years; and, would have continued to fail for the remaining three. You, sir, have with one stroke, turned me from an anti-socialist to a socialist. And that, is a fact, without any intent toward flattery. For, I can assure you, from my own experience, that it's a horrible feeling knowing there's a slow hatred building up within you, and, it's even more horrible knowing you can do nothing toward stopping it.

Yes, Dr. Robinson, I have much to be thankful to you for, and were I to thank you a thousand times over, I would always be a million short.

Sincerely yours,
Charles Tolajkowski 18907
