Gentlemen:

In view of the fact that the University Library is bringing together a collection of the complete writings of all Idaho residents or those people who have had an influence beyond the borders of the state, we are writing to inquire if you would be good enough to contribute a complete set of the study lessons included in the new Psychiana, together with other pamphlets or books which were written by Dr. Robinson.

We will be grateful for any contribution you may see fit to make in this connection and we assure you that we would be happy to include in our Pacific Northwest collection all the writings or works of Dr. Robinson.

Sincerely yours,

Lee F. Zimmerman

Dear Mr. Zimmerman:

Thank you for your letter of May 23. We were very happy that you considered Dr. Robinson and his writings in your Pacific Northwest collection.

Please be informed that certain revision work is under way at the present time, and which we expect to be completed in the near future. At that time, we will send you a complete library of Dr. Robinson's writings. I trust this will be satisfactory with you, and if there is anything further we can do for you, please do not hesitate to call on us.

Sincerely yours,

Alfred B. Robinson
