

IF I OWED YOU MONEY

I'd Pay You If It Was the Last Thing I Did

Dr. Frank B. Robinson

In the operation of The Psychiana Movement, there come times when I borrow as high as a quarter of a million dollars from our Members for the express purpose of spreading these priceless truths of God. Never in the twenty years of this Movement, have I missed one interest check or principal check. And if I owed you a certain sum of money, no matter how small, you would get it EXACTLY WHEN I PROMISED TO PAY YOU.

Now you owe this Movement a certain sum of money. It is perhaps carelessness that it has not been paid. But if I were careless with the thousands of Members who loan money to this Movement, what do you think would happen? I just simply should lose my reputation for meeting every obligation when due.

I wonder if you wouldn't like to send me now, the sum you owe us? Wouldn't you like to do that? If you knew how it would help us you certainly would. Remember, we trusted you. We believe we can still trust you. This whole Movement has been built upon, and still rests upon the mutual trust between our Members and us. So won't you get your check in the mail now, and keep the payments coming in as they should? Thank you very much.
