

# "PSYCHIANA"

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

## TO MY STUDENTS EVERYWHERE

I knew that sometime in the future, I should completely rewrite "PSYCHIANA." I also knew that when I did that, the new writings would be masterpieces for the Realm of the Spirit of God. They are. When I first gave to the world this Teaching, I was only an obscure drug clerk, and knew very little about anything. Certainly I had not the faintest suspicion how large the Movement would become so rapidly.

The new Lessons, which will be ready for mailing shortly, completely overshadow the old Lessons. They are much easier to understand, and, I think, have much more of the Power of the Spirit of God behind them. I know I'm a different man from what I was ten years ago. I've been through the testing-fires. I've been hurt many times by those who would kill this Movement if they could. I should hate to be one of those who so desperately have fought to stop this God-given message. Usually, when one tries that, he finds it has not been wise to attempt to interfere with the workings of the Spirit of God.

But to come back to these new Lessons. The whole system has been changed. No charge is made for the Lessons. Those who receive them are asked to donate a certain sum every month to the support of the Movement. How much is dependent entirely upon the Student. If much good is received from the Lessons, we shall expect much financial help. If no good is accomplished, we want the Student to order the Lessons stopped. These new Lessons are so beautiful tho', that we do not expect many cases like that.

Now for our old Students. You have received, and paid for, the old Lessons. I want you to have the new ones. There is no definite number of them. They come to you ONE EACH WEEK, indefinitely. You, in turn, agree to donate whatever you can donate to the operating expenses of this Movement. In one years time, you will receive 52 Lessons. If you would like to make us a donation of, say, ten dollars, I will enroll you for the new Teaching, and, as soon as off the press, one Lesson each week will come to you for one year. After that, you can donate whatever you care to donate every month. Please send us your order, and donation now, as we want every old Student to be receiving these New Lessons as soon as they are ready.

This Movement is on its way, and much will be heard about it in the future. This new conception of God is being accepted and used by thousands, and the results are sure. Please send for the new Lessons now. All that is necessary is that you order them for one year, enclosing the first year's donation. No form is necessary. Thank you.

Sincerely your friend and teacher,

*Frank B. Robinson*
