

TO ALL GRADUATING STUDENTS "PSYCHIANA" MAJOR TEACHING

My dear friend and Fellow-Student:

You have finished the first "PSYCHIANA" Teaching. There has come into your life and consciousness an utterly new conception of God. You know that old theological traditions and myths have had their day, but are perfectly useless when it comes to actually manifesting the Power of the Spirit of God in your life, here and now.

I am happy to have had you for a student. I am very happy in this work. There can be no greater work than that of making Almighty God a living reality to men and women. I know that you want to continue your Studies with me. I know it will be hard to say "Good-bye". So, for those who wish to go farther into this Realm of the Spirit of God, I have good news. I have prepared another set of "PSYCHIANA" Lessons known as THE "PSYCHIANA" MAJOR TEACHING. There are 100 Lessons in all.

These Lessons come two a month as the others did, and the cost is the same. Immediately on receipt of your application for these Major Lessons, they will start coming to you. I won't say much about these Lessons other than call your attention to the fact that I have put into them the very best I have. They go deeper into the Spiritual Realm, in my opinion, than anything else I have ever written.

PLEASE USE THIS APPLICATION BLANK WHEN ORDERING THE "MAJOR LESSONS"
