WHAT'S AHEAD?

A lady Student in Seattle sent me a book not long ago, the title of which was "A candle in the dark" as I recall it. The book was written by a philosopher of note, and dealt with world conditions and the immediate future of civilization. In the note which accompanied this book, my friend stated---"you can look more deeply into the future events of the world than can this author, and I should like you to tell me what you feel lies ahead".

In the first place, no philosopher can intelligently write about present world conditions. The present sad state of civilization will take more than philosophy to correct. The view of the philosopher is valuable, but we have arrived a period in Time, when the pendulum of time is about to swing in another direction. Never before, so far as we know, has civilization faced what it is now facing. When this crisis is over, there will be no more civilization in the future such as we have enjoyed in the past. Whether it will be better or worse, is the question.

What is actually happening is that this world now stands facing a

period of such stypendous regeneration, that it staggers the minds of the few who, knowing what is to happen, are able to comprehend it. And even we cannot fully see and know what the immediate future holds, for it far surpasses the ##### imaginations of any human mind. We do know however, that the civilization ## of the future, which will be set up before this world war is ended, will be a civilization with the Spirit of God in control. And the Power of the Spirit of God, while existing from time immemorial to time immemorial, has not yet been either known or understood by anyone on the face of the earth.

The question arises naturally, at this point;;; "what about the churches?---are they not teaching the truths of God?". And the answer is most emphatically "No". I realize this will be a shock to them to learn this, but we are dealing with the realities of life. Here in the United States we mannot realize the inhuman tortures and the ghastly suffering of other human beings in other parts of the world. The horror of this war has not yet even faintly begun to dawn on many people. It is real. It is horrible. It is devilish. What this thing called civilization has accomplished in the past, is being wiped out. Everything the right-thinking man and woman holds dear, is about to go. And there exists no organization, religious or otherwise, which is capable of bringing to this world the only Power which can, and must be used, to bring in a civilization under which love, peace, justice will control human lives.

So then, this disastrous condition being real, the world is looking for

the man or the organization which can answer the question--"What's ahead#?". For the question must be answered. Men and women are wondering what the future holds. And the more they wonder, and the more they think on world conditions, the more desperate do they get. For on the horizon, are but few gleams of daylight, although daylight is the most real thing about this ghastly thing called "the crisis in Europe". The very blackness of the night is the surest evidence # of the coming dawn. And what a dawn. How very feebly those of us who have been called to take the lead in that dawn, realize the tremendous import of all it honds for the world. The question then, is very pertinent, in fact two questions arise both of which are equally pertinent, and I shall endeavor to answer both of those questions in this article. The first: -- WHY ARE THESE TERRIBLE CONDITIONS EXISTING? and the second: --- "WHAT'S AHEAD?".

Let us look at the first question. The conditions which are existing on the earth today are existing because of the one fact---the absence of knowledge of the Great Spirit---God. For it is a fact that such knowledge, until "Psychiana" came, had never been brought to the attention of the people. In spite of the fact that the world is riddled with systems of "religion", the fact still remains that GOD--the SPIRIT of GOD--Has never been taught to mankind by any of these existing systems of religion. I shall not spend time in this short article to go into that in detail, for the followers of "Psychiana" know full well my stand on that.

Go away back, as far as you can go into history, and you find there, one following the other, system after system of "religion". One god has followed another across the scroll of time, and in spite of them all, the world is as we now find it. Proof, sure proof is this that none of these religions have ever grapped the truths of God, or been able to bring those truths to the people. Had they been able to do this, the world would have been transformed a long time ago. But, not knowing the truth, they could not bring it.

From away back, when man was worshipping a "crucified god" called Bel--the procession has been complete. One after another. All crucified for the sins of the world. Isis, Osiris, Quetzalcoatl, Prometheus.Hesus, Quirinus, etc.etc.etc.on down to the time of the crucified god of the Christian religion, Jesus. Yet all have failed. And the reason they have failed is because none of the knew the truths of God. They were, instead of being true systems of religion, (of which there can be only one) pagan and heathen ideas of God, and this included the Christian religion also.

Now lets's look the matter squarely in the face, for the absolute and complete failue of the Christian religion along with the others is very evident. It needs no proving or disproving. It just simply has failed to reveal God to the world. That Power, which is God, can bring peace, joy, happiness universally any time It is given an opportunity to do so. That opportunity has never been given to It, regardless of the fact that all these systems of religion have told us that THEIR *ITS* individual conception of God is true, all others being "pagan" or "heathen".

So then, all systems of so-called "religion" having failed, and having brought this world to its present calamitous condition, the time has arrived when God, in Great Wisform and Compassion, has brought into the world picture, a NEW CONCEPTION OF THIS GREAT POWER. And while this new conception denies every fundamental of these many systems of religion, IN THIS NEW CONCEPTION OF GOD IS WRAPPED UP THE ANSWER TO THE PROBLEMS WHICH CONFRONT A SADLY BEFUDDLED AND DESPERATE WORLD TODAY. No amount of persecution can stop this new picture from being brought to the world. Not even the political power of the Roman Catholic church can do that. For, being grounded in the Power of the SPIRIT OF GOD, THIS NEW CONCEPTION OF GOD WILL BRING IN THE DAY THE WORLD HAS VERY VAINLY TRIED TO BRING IN UNDER EXISTING SYSTEMS OF RELIGION. Rather--theology. The reason this world is in the condition in which we find it, with every right, pure, noble sentiment banging in the balance, is because GOD--THE GREAT SPIRIT OF CREATIVE LIFE has never been brought to the world by any existing or pre-existing system of theology. They all THINK they are true. They all lift their hands in "holy" horror when some prophet of God speaks plainly, as I speak, and tells them their system of theology is "pagan", but the fact remains nevertheless, and they cannot escape it--they have ALL failed. And the Christian religion is in the same category as the rest of them. It will have to be changed considerably if this world is to have brought to it, through the Christian religion, the Power of the Spirit of God.

That, then, is the cause of world conditions--terrible indeed--today. There can be no other answer. Now the remedy. What is that?. What does lie ahead? Well more things lie in the immediate future than this world dreams of. The one great thing is that through "Psychiana", the Power of the Spirit of God is being brought into human lives. People talk about the "Horatio Alger" growth of this Movement, but they don't even faintly conceive of what the future growth will be. They do not recognize the fact that God has chosen this Movement through which the Power of the Spirit of God is to be brought to the world to its ultimate complete and permanent salvation. And by the word "salvation" I do not mean the "salvation" of the church which is supposed to come from "the foot of the cross" or anything on that order.

By "salvation" I mean the time and condition in which all men shall live in perfect union with the Spirit of God, fully and completely recognizing that Great Spirit. Certainly the Christian religion has not been able to do that. YET IT WILL BE DONE, AND IS BEING DONE THROUGH THE MOVEMENT GOD, IN INFINITE WIDSOM HAS CHOSEN TO DOF THIS STUPENDOUS WORK. That Movement is "Psychiana" and the world is beginning to recognize that fact.

No nation will bring either Hitler or Stalin to their kness. Neither will any combination of nations do that. It is not in the cards. Hitler will probably win over the Allies, and England and France, and the other powers which stand for all that we know to be good, noble, and pure, will meet defeat at the hands of the other forces. But --- wait a minute--those other forces will themselves go down to defeat at the very moment of their supposed triumph. For these ungodly forces will never rule this world. They think they will. They are mistaken. For at the peak of their success, they will be brought to their knees by the Power of the Spirit of God. Not through Jesus or anyone else coming down from the skies on the clouds of heaven, but through the growth of "Psychiana", which Movement will, in the next year, pull into the national limelight in an unpredicted manner. By the time Hitler and Stalin are ready to rule the world (this country excepted) the Power of the Spirit of God, which by that time will have become universally known, WILL STEP INTO THIS WORLD PICTURE, THROUGH THIS MOVEMENT, AND HITLER AND STALIN AND THE REST WILL BE STOPPED DEAD IN THEIR TRACKS BY THE POWER OF THE SPIRIT OF GOD.

I am not revealing now just what the technique will be. But I am revealing the fact that for the first time in the history of the world, THE SPIRIT OF GOD WITH ALL ITS POWER WILL BE FULLY AND COMPLETES LY KNOWN.

This will mean a complete upset inside the religious structure of the United States. Nothing any church organization possesses will be in that picture. Nothing it has ever taught will even be recognized as being of God, then. For while the differing churches have been ballyhooing about "the blood of Jesus", the "sacred heart" of Jesus, "the cross", the "atonement", the "Mass", and the "confession box", God Almighty, in Infinite Wisdom, has spoken to the heart of the leader of this Move, ent, and for ten years now the Power of the Spirit of God has been manifesting Itself in Human lives.

Be#loved---the story of Jesus Christ is not true. It is the greatest stumbling block in the path of finding God, this world has ever known. There is only one greater, and that is the story of Jeseus Chrishna, and that is only greater because it has more followers and is 1500 years older than Christianity. The two stories are the same.

It is recorded in more than one bible, that the "crucified god" of its particular system of religion, denounced the organization called the church, and we are told that Jesus made a whip and drove out of it those who had turned it into a den of thieves. I dont believe he would do that today. He would just simply ignore it completely. For nothing which has the slightest semblance of the Power of the Spirit of God is to found in any church in existence today.

常味希望并希望你好好,你我并你你你你你你你你你你你你你

These stories of "crucified gods" are older than Adam. They sprang into existence during a period of time in which the human mind was but dimly lighted by the candle of intelligence. They have been handed down from generation to generation until the present time, and the name and identity of the "crucified god" has been changed a score of times to fit the occasion.

Now the world faces a crisis. These false gods are shown up for what they really are----UNREAL AND UNTRUE. Under them, nothing but disaster has ever come to the world, and as soon as they are discarded, lock, stock, and barrel, this world will come to recognize the Power of the Invisible Spirit which is God, which Power has always existed but has never been brought ## to men because the churches, the very organizations which should have brought these truths to men, have been too busy fooling round with a "crucified god" of antiquity.

These are plain words. These are true words. They are written under

the direct guidance and inspiration of the Spirit of God in a little room in Seattle Wash at 605 Union Street. This whole thing called "the church", and I mean both Catholic and Protestant, is an abomination in the sight of God because, masquerading under the banner of God Almighty, it attempts to take the place of God by teaching and preaching a story of a "crucified god", the very fundamentals of which can be proven to have existed in pagan systems of religion, long before the "crucified god" it teaches was ever heard of. At no time did God Almighty ever come to this earth, ALL OF HIM, wrapped up in a human body, born of a vargin, crucified on a cross, and all the rest of that. GODIS, EVEN NOW AS I WRITE THIS, A LIVING SPIRIT OF LIVING POWER, JUST WAITING TO STEP INTO THIS TROUBLED WORLD PICTURE AND BRING PEACE TO IT. But God cannot do that as long as men and women are worshipping Jesus Christ, or Chrishna, or Quetzalcoatl, or any of the reast of the "cracified gods"---IN THE PLACE OF GOD.

God never was anything else than an Invisible Spirit. God can, certainly manifest in a human body. As a matter of fact it is the Spirit of God which gives you LIFE. But at no time did the Great God of this universe ever "suffer and die for the sins of the world on a cross". That's pagan mythology regardless of who the "crucified god" referred to may be.

"WHAT'S AHEAD?". The dropping of false gods and false systems of theology, and the ACTUAL FINDING OF THE TRUE SPIRIT OF THE ETERNAL GOD HERE AND NOW, RIGHT ON THE EARTH, WHERE GOD ALWAYS HAS BEEN. That, beloved, is what lies ahead. Terrible will be the suffering before this universal knowledge of God comes to the earth in all its beautiful fullness. Horrible will be the agonies man and the sons of men and women will suffer. For these anti-God forces will fight to the last ditch. They will not be defeated by force of arms. Only the Spirit of God. ON THIS EARTH can do that. That Spirit is only waiting till the shadows have grown a little darker. Then, piercing those shadows will come the glorious Light of the Spirit of God, and the illuminating Rays fron That Great Light, will bring man and God together, where they would have been a long time ago, had not man-made religious (?) organizations with their false gods taken the stage, and sold those false gods to the public as the Treu Living Spirit of god.

Great will be the condemnation on the heads of those good souls, who, in all honesty, have offer the world a stone, when it asked for an egg. It asked for a fish, and they gave it a scorpion. It asked for God-and they gave it the Virgin Mary and Jesus. Let those of us who know the Power and the ineffably sweet presence of the Spirit of God stay very close to each other these days. I cannot speak to you all except through this magazine. But support me, remember me in the Spirit, for I have a big work to do. I shall try, in this colossal task, to be true. I shall stand alone. And when the ptoper time comes, the Spirit of God will manifest its Power on the earth, stopping all wars forever, through this Movement.

Just a word of caution please---dont let the things of this life occupy your minds too much. Live the "secluded" life as I do. Keep close to the Spirit of God. Recognize that Great Father of all IN YOU. By doing that, God will lead you into eternal life and peace, BY HIS OWN SPIRIT, AND THAT'S THE ONLY WAY A SOUL EVER FOUND GOD. We invite inquiries from priests and ministers the world over. We want you to join with us. We want you to see the Light. We will help you if you will let us.
