

# C. W. TENNEY

Assistant to Dr. Frank B. Robinson

Moscow, Idaho

My dear Friend:

Your post card signifying you would like to know more about the work of Frank B. Robinson has been received, and I thank you for your interest. I am sending you a 6,000 word Lecture which I should like to have you read carefully and with an open mind. Like all great spiritual leaders, Dr. Robinson speaks very plainly. It would be hard for this man to do otherwise. It takes a strong will, a heart full of love, and the Power of the Spirit of God to enable any man in this day and age to pioneer Spiritual Truth, and that is exactly what Dr. Robinson is doing.

In its first year, this Teaching went into sixty-seven different countries and the files in this office are literally teeming with letters which I wish you could see. Illnesses, sicknesses, diseases, have disappeared and many of them in a seemingly miraculous manner. Lives have been changed and many shouts of joy have gone up from Dr. Robinson's Students on seeing the Light which is God. Dr. Robinson has no intentions of trying to sell you anything. He doesn't want to sell you anything. He does want you to know what he is teaching and he wants you to study the same Lessons which have brought peace, happiness, and abundance to thousands throughout the civilized world.

If you would like this complete set of Lessons, we will be happy to send them to you. The actual cost of printing, assembling, mailing, and office overhead, is between four and five dollars. If you would like to pay that expense, we will send you a complete set of Dr. Robinson's Teaching, "PSYCHIANA." When you receive it be quiet and study it carefully because it seems that a very definite spiritual experience comes into the lives of those who study it. The Spirit of God is behind it and probably that is the reason.

All Dr. Robinson ask you to do is to pay the approximate cost of these Lessons, and if, when you have studied them all carefully, you feel the actual cost is too much, return them and we will send you your money back. If it should be that you cannot afford to pay even the actual cost of these Lessons, we shall be happy to send them to you, express collect, if you will promise to return them when you have studied them. We should much prefer to have you send in a five dollar bill because the preparation of these Lessons has actually been an expense and if you feel they are not worth it, just send them back and we will send you your five dollars back again.

Both Dr. Robinson and myself are making an honest, earnest attempt to familiarize the ministers of the United States with this Teaching which has accomplished more for God during the seven or eight years of its existence, than perhaps any other religious organization has accomplished in its entire history.

There is enclosed a blank which you may use and I suggest that you use it and actually learn something of the Teaching and the man behind it.

Cordially yours,

C. W. TENNEY
