

Dear Friend:

Your request for Dr. Robinson's Lecture received. It will be mailed to you in a few days. Before we send it, however, we want you to first read the enclosed statement of Dr. Robinson. It will help you to get the sequence better, as it tells why Dr. Robinson founded "PSYCHIANA".

The entire story, in a nutshell, is as follows:- Dr. Robinson, one of the keenest psychological minds this country has ever produced and one of the most capable and intense researchers of the spiritual realm, believes, after 40 years of study and research, that the message the Galilean Carpenter gave to this earth, 2000 years ago, HAS BEEN MISSED IN ITS ENTIRETY.

He believes that His message was of such stupendous import that, had it been believed as it was spoken, and as it was literally meant to be believed, all sin, suffering and poverty would have been banished from off the face of the earth hundreds and hundreds of years ago. He believes that the message he has to give to the world, if accepted--as it WILL BE accepted--will do the same things that the message of the Galilean Carpenter would have done, had they been accepted 2000 years ago.

This is a revolutionary attitude to take--but Dr. Robinson takes it. Very humbly he takes it--but he DOES take it. He wishes it distinctly understood that he believes that the spoken words of the Nazarene were misinterpreted in their entirety. He believes that his message, as it was given, and as it should have been understood, WENT A THOUSAND MILES OVER THE HEADS OF THE JEWS OF THAT DAY--AND IS STILL A THOUSAND MILES OVER THE HEADS OF THE PREACHERS TODAY ALSO. Some few of them he believes are catching a faint glimmer of the light--but the vast majority of them are so sunken in dogma and superstition, that they are utterly unable to even faintly comprehend the truths that Jesus came to proclaim. In other words, as Jesus said, "making the word of God of none effect THROUGH YOUR TRADITIONS."

Dr. Robinson, personally, does not believe that this Galilean Carpenter had any miraculous conception. However, this does not interfere with those who believe that he had--it makes no difference to the facts as taught by "PSYCHIANA". Neither does he believe that the Bible is the "divinely inspired word of God, absolutely infallible, and true from cover to cover." He DOES believe, however,

that the solution to the riddle of the universe is contained in the spoken words of the Carpenter of Galilee. But he believes that, as stated above, their entire meaning and import has been UTTERLY MISSED to date.

The New Psychology has been the only teaching from the time of Christ that has come anywhere near approaching the actual truth as Jesus came to proclaim it, and that, in itself, is a wonderful thing. But Dr. Robinson believes that the New Psychology, in teaching the "subconscious" and "universal" and several other different kinds of "minds", came ONE STEP SHORT OF REVEALING THE TRUTH AS IT ACTUALLY EXISTS. It was a wonderful step to take in the right direction, however, when it pointed out the fact that 90% of a man's mentality was "subconscious" or BEYOND HIS OWN CONTROL. It was probably the most revolutionary teaching this world has ever had since the time of the Nazarene. But it was NOT QUITE REVOLUTIONARY ENOUGH. It DID point the way for the actual discovery of the truth as Dr. Robinson believes that he has discovered it, but, dealing in terms of "mind" it left its students exactly where they started in--as far as tangible evidence and understanding is concerned. It gave them nothing solid on which to build.

"PSYCHIANA" goes a good deal farther than the New Psychology goes and claims that the powers and manifestations which certainly have been seen, ARE DUE IN THEIR ENTIRETY TO A FAR GREATER POWER THAN THAT OF ANY "SUBCONSCIOUS" or "UNIVERSAL" or "GOD" or "MASTER-MIND". It teaches that the source of the power behind these recent manifestations is NOT a power to be found "within" by any manner of means. Its origin is far removed from that source. "PSYCHIANA" teaches further, that it CANNOT POSSIBLY BE FOUND "within", and those who are so looking, with the expectation of finding it there are WASTING THEIR TIME.

It teaches further, that the terms "Subliminal mind", "cosmic consciousness", "over-soul", "god-mind", "god-consciousness", and the 73 other names given to this "unknown" power are all misnomers, and just as erroneous as is the theory that any such power DWELLS WITHIN YOU. It believes it to be an insult to the Maker of this universe, to claim that it is necessary to "sit in the silence" or "gaze at bright objects" in order to contact this power. It teaches further, that exercises prescribed to "carry over into the subconscious at the moment of going to sleep, or on awakening", are very far from the truth. It believes and teaches that the most dynamic power in the universe CAN BE USED AT ANY HOUR OF THE DAY OR NIGHT and without any such hours of "sitting" and "gazing."

We very humbly send this course of instruction out, knowing full well the comment it is causing and the antagonism which "orthodox christians" are showing. We cannot help it. The discovery is Dr. Robinson's own and he has started the message on its journey 'round the world, IN SPITE OF CRITICISM and IN SPITE OF OBSTACLES which have been thrown in his path. HE BELIEVES IT and in practicing it he has seen sickness and disease ABSOLUTELY VANISH before the same methods as used by Jesus.

The message goes out with a heart full of love to all and with the earnest hope that every soul may find the same power that Jesus taught about.

Cordially yours,

"PSYCHIANA"
